## DEFINITE PROMISE OF HIGHWAY HERE

### Minister of Public Works Says Skeena City Will be Reached in Two or Three Years From Now

Galloway Rapids Bridge Included in Plans For This Year;  
 Other Northern Ridings Seek Better  
 Consideration

(Special to The Daily News)

VICTORIA, March 14.—T. D. Pattullo secured from the minister of public works a statement in the legislature yesterday, that the road from Prince Rupert to Skeena City would be completed in two or three years and that he hoped to build the bridge and a portion of the road this year. Mr. Pattullo also made a plea for Queen Charlotte Islands, for which he contended the \$27,000 allocated to Prince Rupert riding would be inadequate. He finally obtained from the minister a statement that there would be an additional sum from the highway loan vote allocated to the road from Port Clements to Queen Charlotte City.

Vigorous pleas for more favorable consideration for the growing needs of northern constituencies were made by Messrs. T. D. Pattullo, H. F. Kergin and Dr. H. C. Wrinch, when public works and agricultural department estimates were before the legislature.

"If the minister of public works wishes to insult Atlin riding why does he not do it properly by leaving a blank for the Atlin appropriation?" commented Mr. Kergin. "The \$32,000 road vote presents only \$1,000 for every 2,000 square miles in the constituency. We are not beggars in Atlin, we don't ask for charity. This pittance would not even make a good tip at the Empress Hotel." He told the minister to take the money and use it to bolster up the finance minister's vanishing surplus.

Under the member's insistent pressure, Hon. N. S. Lougheed, finally said he hoped Atlin would be better satisfied with the portion of the \$8,000,000 highway loan bill appropriated to that district.

The minister also stated in response to requests from Dr. Wrinch that the \$50,000 maintenance vote for Skeena would be supplemented by funds from the loan bill for the permanent highway through the riding.

Mr. Pattullo took the government to task for reducing the votes for local fairs while increasing the appropriations for the big fairs in Vancouver, Victoria and New Westminster. He urged special consideration also for the Prince Rupert fair, held in the metropolis of the north under difficult conditions. This fair was doing great work for struggling agricultural industries in the north, he said, and was helping to draw attention to the vast natural resources of that part of the province. Despite his pleas the government refused to increase the grant.

(Canadian Press)  
 VICTORIA, March 14.—Road appropriations passed by the legislature yesterday include the following: Omineca, \$75,000; Cariboo and Port George, \$31,000 each.

### Japanese Woman Died Here Today

Late Mrs. Isa Deguchi Came From Port Essington About a Week Ago

The death occurred this morning in the Prince Rupert General Hospital of Mrs. Isa Deguchi, Japanese woman of Port Essington, who had been a patient in the institution for about a week's time. Deceased was 33 years of age.

Funeral arrangements are in the hands of the B. C. Undertakers and the funeral will take place on Sunday.

### POOR CROP ONLY HOPE

Might Tend to Remedy Present  
 Wheat Crisis, Hon. Frank  
 Oliver Tells Toronto  
 Club

TORONTO, March 14.—The only relief for the present crisis in the wheat market will be a bad harvest this year, Hon. Frank Oliver of Edmonton said in addressing the Empire Club here. He said that decreased production had been advocated as a means of increasing prices. This would mean that Canada would hand over the wheat business to her competitors.

Mr. Oliver hoped that the crisis would bring the people back to a realization that the law of supply and demand still exists.

### P. G. E. TO BE PEACE ROAD

Prince George Delegation Did Not  
 Obtain Much on Visit to  
 Victoria

Mayor Patterson and Alderman F. D. Taylor, president of the Prince George Agricultural and Industrial Association, two members of the delegation to Victoria, returned home on Friday evening, says the Prince George Citizen. Mayor Patterson did not appear to be greatly imbued with the enthusiasm indicated in the comment of Hon. F. P. Burden on the result of the delegation's mission. As a matter of fact, on the big matters taken up with the government, it is intimated the delegation will return home virtually empty handed. In approaching the government on any matter involving the spending of money the delegates sensed that Hon. W. C. Shelly, minister of finance, had thrown a scare into his colleagues with his latest budget and virtually put them on a financial ration for the ensuing year. Hon. F. P. Burden did all that a minister could do in arranging for speedy interviews with the premier and other members of his cabinet. They were uniformly sympathetic but this did not carry them very far along if there were contemplated expenditures in the offing. However, as an understanding was reached with the ministers on a number of matters of great importance to the city and on these the ministers have been committed and action can be called for at some later date when the necessity for retrenchment in expenditures is not so urgent as is represented at the present time.

The members of the delegation had a lengthy interview with Premier Toimie on P.G.E. railway matters. The premier did not give the delegation anything negotiable but he created a very favorable impression. He listened patiently to all the delegates had to say and gave them one very important assurance that so far as the present government is concerned it has never contemplated any other route into the Peace River district than through Prince George and the utilization of a portion at least of the located line of the P.G.E. from this point into the Peace River.

However, the delegation was informed, definitely nothing will be done this year either in the matter of completing the P.G.E. to Prince George or extending into the Peace River. Premier Toimie gave his reason for this. He said the government had entered into an agreement with the C.P.R. and C.N.R. managements for a comprehensive survey of the natural resources of the country to be served by the  
 (Continued on page four)

## NEW FUEL OIL TAX PROTESTED

Cavalryman Executes Daring Jump

Sergeant Frank York, United States cavalryman, executes a daring jump at Fort Myer, Virginia, which demonstrates not only the confidence the rider has in his horse but confidence of the man underneath.

## Impost Would be Extra Load to Already Heavy Burden, Cabinet Hears

Representatives of Big Pulp and Paper Concerns and  
 Railway and Steamship Companies Appear  
 Before Government

VICTORIA, March 14.—Representatives of the Powell River Pulp & Paper Co., the Pacific Mills, the British Columbia Pulp & Paper Co., the Canadian Pacific Railway, the Canadian National Railways, the Union Steamship Co. and owners of office and apartment buildings protested to the cabinet yesterday against the proposed increase in fuel oil tax. For the Canadian Pacific, it was pointed out that railways in British Columbia outside municipalities paid more in taxes directly to the province than in any other province of the Dominion. The new tax would mean a 42 per cent increase in company taxation. The Canadian National argued that it would increase its taxation by 46 per cent.

## CAN'T SHIP WHEAT NOW

Attitude of "Coal People" Said to  
 Have Prevented Business Be-  
 tween Canada and  
 Great Britain

REGINA, March 14.—The attitude taken by the "coal people" in Canada has forced the abandonment of a British government proposal which might have aided wheat shipments from Canada to Great Britain, A. J. McPhail, president of the Canadian Wheat Pool, said today in an address. The proposal was made by Rt. Hon. J. H. Thomas, Lord Privy Seal, but Mr. McPhail did not reveal what it was.

## NO MORE LICENCES

Canners Will Be Held Down Until  
 Fishing Improves, Howe Tells  
 Legislature

VICTORIA, March 14.—Moving the second reading of his bill establishing control over fish canneries, Hon. S. L. Howe, provincial commissioner of fisheries, told the legislature yesterday that no additional licences would be issued until an improvement in the fishing industry justified it. Seventy-five per cent of the plants now operating could be closed down and the annual catch could still be packed without difficulty by the remainder, he said.

## Joins Service Power Company At Falls River

PORT ESSINGTON, March 14.—Ernest Hargrave Pierce, son of Rev. and Mrs. William Henry Pierce, left on Monday on J. Donaldson's ferry boat for Falls River, where he will assume responsible duties in the employ of the Power Corporation of Canada. Mr. Pierce was formerly employed by the Pacific Mills at Ocean Falls on construction work there. He has been visiting with his parents during the winter months here.

## Plans Being Made To Build Light Railway To Carry Ore To Beach From Porcher Mine

Such encouraging results are being obtained at the Surf Point Mine on Porcher Island, about twenty miles from Prince Rupert, that preparations are being made to put in a light railway something over a mile in length to convey the ore to the beach where it is expected shipments will be made before very long.

There are now twenty men employed at the mine regularly on development work and when the railway is being built a good many more will be needed. There is a grade of something like six per cent from the mine to salt water.

This mine is being developed by Noah Timmins of Montreal.

### Prominent Doctor Dies of Injuries

HAMILTON, March 14.—Lieutenant-Colonel R. H. Ker M.D. of Montreal and Vancouver died suddenly in London, England, yesterday as a result of war disabilities. He was 52 years of age.

### INFANT DIES

The death occurred this morning at the home of the parents, Mr. and Mrs. Rudolph Paul Schiller, Fraser Street, of Frederick Paul Schiller, aged one year. Funeral arrangements are in the hands of the B. C. Undertakers and interment will take place on Monday.

### BABY DIED

The death occurred this morning in the Prince Rupert General Hospital of the infant child, aged one year and six months, of Mr. and Mrs. Harrison, Ninth Avenue. The body is in charge of the B. C. Undertakers.

**THE WISER COURSE**

It was undoubtedly the wiser course for the Provincial Government to abandon its attempt to regulate the number of boats engaged in the fisheries. Even if they had carried their point it would have been a source of continual agitation until abandoned. Now the B.C. Fisheries department can undertake to look after work which is legitimately theirs. In proposing the other legislation they were attempting to take from the Federal Government powers which were rightfully theirs.

**ATTACKS ON POOL**

As was to be expected, the attempt of the wheat pool to stem the falling price of wheat is bringing on them a good deal of adverse criticism. Here is what the Financial Post of Toronto has to say:

"Newspaper editors throughout Canada are receiving more wheat pool propaganda literature now than ever before. The pools seem to realize that they are backed into the corner of public opinion and have a great deal of explaining to do. The business interests of Canada are inclined to feel that the pool's policy of holding wheat, and its abandonment of its professed policy of orderly marketing (in brief, gambling in wheat instead of marketing it) is largely responsible for current business depression in Canada.

"In attempting to allay public dissatisfaction with their policies the pool has brought forward many statements that will not stand examination.

"A few days ago when wheat prices were around \$1.15 the wheat pool issued a statement that it had never held up wheat sales and would offer it for sale whenever there was a demand for it. Yet, when wheat was \$1.50 last fall the pools were boasting that, while there was a demand, they would hold for higher prices. They said at the time:

"With only 150,000,000 bushels of Canadian wheat available for blending purposes the probability is that there will not be any more than enough wheat to go around. Furthermore, the season in which Canada exports most freely is still two weeks away, and apart from the normal early harvest and rapid grain movement the situation is very nearly normal from an export point of view."

"Taking the pool's October statement at its face value it is apparent that it could have sold wheat at around \$1.50 but refused to do so. Its refusal helped to bring on the 'restriction of Canadian business' that it at that time professed a desire to prevent."

**NORTHERN B. C. NEWS**

**SMITHERS**

At a meeting of Smithers Assembly, Native Sons of Canada, on Tuesday night, it was reported that \$198 had been cleared as a result of the Dominion Day celebration here last year. This amount has been divided equally between the Native Sons and the Athletic Club.

The directors of the Smithers Hospital have found it necessary to reduce overhead charges, including salaries, at the institution.

The municipality of Smithers may hook up with a \$15,000 water main which the railway company plans running this year direct from Seymour Lake to the local shops. The council and Major M. A. Burbank, C.N.R. division engineer, conferred on the matter on Monday night. This would insure for Smithers an increased and permanent water supply, the need for which has long been felt here.

William (Curly) Ross sustained painful injuries at Charles Morris' ranch on Monday night when he was kicked by horses.

George E. Winkler on Wednesday night of this week completed an interesting series of lectures here under the auspices of the British Columbia Department of Mines.

J. J. McNeil, operator of the Telkwa Collieries, received an order last week for delivery of a carload of Telkwa coal to Ottawa for test purposes. The coal is being paid for by the government and is being given free transportation east by the Canadian National Railways. It was shipped this week.

The establishment of fire alarm stations in various parts of town is being considered by the village council which has decided to obtain estimates of costs.

A curfew bylaw is now in effect here. It makes it necessary for children to be off the streets by 9 p.m.

The Eagles' Lodge may organize an aerie in Smithers before long and in connection with it, Walter J. S. Laurie, provincial organizer, is expected here shortly.

Garfield Oulton, who has been acting as operator for the Canadian National Railways at various prairie points, has been spending the past week here visiting with his parents, Mr. and Mrs. Geo. Oulton.

**TERRACE**

Mr. and Mrs. Olaf Hanson, of Prince Rupert, have been spending a few days in town.

Joe Cook left here Sunday for Prince Rupert where his wife will join him next month, to reside there.

Pat Atkinson, after spending the past six months in Smithers, returned to Terrace on Tuesday.

Miss Irene Detinger underwent an operation in the Prince Rupert Hospital Wednesday morning.

H. Doll left for a brief business trip to Prince Rupert last Sunday, returning Wednesday.

**NEW HAZELTON**

Mrs. Hogan, who slipped on the ice recently and broke her hip, is reported to be making satisfactory progress toward recovery.

The Felix Bridge Club of Hazelton met on Monday night at the home of Mrs. A. D. Campbell. Prize winners were Mrs. Walton Sharpe, Mrs. S. J. Winsby and Mrs. R. S. Sargent.

John Creighton of Terrace, who shot himself accidentally in the hip recently, is making satisfactory progress toward recovery in the Hazelton Hospital.

F. Bruce of Cedarvale was a patient in the Hazelton Hospital for a day or so last week.

F. Wilson, a member of one of the C.N.R. engineering crews, was taken seriously ill near Pacific last week and is now a patient in the Hazelton Hospital.

Mr. and Mrs. Carl Poulson have taken the George Wall house in New Hazelton.

Mrs. O. Johnson of New Hazelton, who has not been well for some time, was taken to the Hazelton Hospital at the first of the week.

Mr. and Mrs. J. D. Boulding of Smithers spent a few days here at the end of last week and the first of this visiting with friends. Mr. Boulding formerly conducted an assay office here.

Considerable fur, fish and other articles were destroyed when Donald Grey's smokehouse adjoining his store at Hagwilget was destroyed by fire.

**Man in the Moon**

According to the best authority a self-respecting man will not borrow but if that were true of a woman how would we have enough bread and butter and sugar for supper?

Friction will cause fire. I wonder there are not more in Prince Rupert.

Counsel (for the defence)—Now what time was it when you were attacked?

Complainant (angrily)—I don't know; ask your client—he took my watch.

A couple of rival but friendly shopkeepers were talking things over.

"When does your opening sale close?" asked the first.

"When our closing sale opens," the second replied.

Six local people talked one day. And said they'd had some fun. They had a flier with some stocks And all the six had won.

Jake says he won also but he never tells about the other times.

He drew his savings from the bank Bought wheat and stocks at par And now he is a millionaire, And drives the latest car.

**Twenty Years Ago**

In Prince Rupert

March 14, 1910

There is already talk of selecting candidates for honors at the first municipal election here which, it is expected, will be held in May, now that the incorporation bill has passed.

Coast steamships companies are competing to get the business between here and Vancouver. A few days ago the steamer Princess Beatrice, just after she had left the dock in Vancouver, returned to pick up a Chinese steerage passenger.

The newly incorporated Prince Rupert Board of Trade has elected officers as follows: president, A. J. Morris; vice-president, G. R. Naden; secretary treasurer, M. M. Stephens; executive, T. D. Pattullo, J. A. Kirkpatrick, W. M. Law, J. F. Brandt, G. W. Morrow, Thomas Dunn, A. E. McMaster, F. H. Mobley, A. D. Stewart, J. G. Scott, F. G. Dawson, H. H. Clark, L. W. Patmore, W. E. Williams and A. W. Agnew.

**HEALTH PROBLEM IS SOLVED FOR MANY**

They Eat Kellogg's ALL-BRAN Daily

Constipation is the most common menace to health today. It is extremely dangerous in itself and is the source of many other complicating ailments. There is no permanent relief in pills and drugs. Many of them are dangerous.

Kellogg's ALL-BRAN is positively guaranteed to relieve and to prevent both temporary and recurring constipation. If it does not, money will be refunded.

Kellogg's ALL-BRAN is roughage. And roughage in food helps eliminate the possibility of constipation. Most modern foods do not contain roughage. Two tablespoons of Kellogg's ALL-BRAN daily is the proper amount. In recurring cases, ALL-BRAN should be eaten with each meal. It is an essential in any reducing diet. In addition, Kellogg's ALL-BRAN contains iron, the blood builder. It is the original ALL-BRAN, proved effective by millions and recommended by physicians.

Kellogg's ALL-BRAN has an appetizing flavor. Eat it with milk or cream, in cereals and fruit juices, in soups and in cooked foods. Your grocer has ALL-BRAN in the red-and-green package. Made by Kellogg in London, Ontario.

### Sport Chat

"A real boxing match will take place in Berlin Sport Palace," says the Berlin Illustrated News. "Frankie Genaro, flyweight champion, is the first professional boxer to defend his own title in Berlin. He is to fight in Berlin as bantamweight against the former amateur and professional flyweight champion of Germany, Harry Stein. The latter weighs a few pounds more but the American should be able to meet that because he belongs to the ranks of the most experienced champions of the ring. Genaro is now 30 years old and has been boxing for 15 years, having won the amateur championship at the Olympic Games in Antwerp in 1920. In 1923 he had already received the biggest title as amateur which he never lost. Meantime, he has been boxing for six weeks against the Frenchman, Pladner, whom he decidedly defeated. Genaro is travelling in Europe with his family.

At a meeting held recently by the executive of the Legion Athletic Club of Glace Bay, N.S., it was decided to secure the services of Captain Joseph Hopkins, of Cardiff, Wales, as coach of the rugby football team for the coming season. Captain Hopkins played for several years on the Cardiff rugby team, which won the championship of Wales for three consecutive years. He is well known as a football authority, his opinion being often sought by the leading sporting journals of the Old Country. The Legion Guards intend bringing several outside teams to Canada this year and are promoting a plan to bring a team from Wales. The Glace Bay club will also make an effort to have the Japanese rugby team, arriving at Vancouver October 2 to begin a Dominion tour, appear there, also.

### GROTTO IS WINNER

Took Scant Lead Over Elks in First Match Last Night of Billiard League Play-off

In the first session of the Billiard League team play-off last night for the city championship, Grotto, winner of the first half, took a lead of 27 points over the Elks, the aggregate score being 1129 to 1102. Several of the games were quite close and considerable interest was manifested in the play. The second and final session will be played on Tuesday night next, total points on the two events to decide the winner of the championship.

The individual scores last night were as follows: W. J. Nelson (Grotto), 220; C. P. Balagno (Elks), 250. Don Brown, 250; A. A. Eason, 189. George Waugh, 250; A. Donald, 163. James Andrews, 218; William Mitchell, 250. J. Hillman, 191; W. E. Willisroft, 250.

### HOOP PLAY WAS CLOSE

Players' Club and Three-Two Tie in Senior League; High School Beat Big Four

The first games of the two-game series to decide the city championship of the local basketball leagues were played last evening before a large crowd of spectators. Both games were very interesting and fast and the fans were highly excited during both. The teams were very evenly matched. The High School defeated Big Four in the Intermediate League by the narrow margin of six points, winning 30-24. The senior match resulted in a tie between the Players' Club and Three Two Taxi. This tie was not played off because the city championship is to be decided by the total points of the two-game series. The final games are to be played on next Tuesday evening.

The senior games was anybody's victory during the first half. Neither team was able to hold a lead more than a few minutes, each scoring alternately. The game was furious and fast with good combination played by both teams. The fans were loudly encouraging the teams and were always in doubt as to who would win. The first half ended with the score tied at 12 all.

The second half was even faster than the first with each team striving to obtain a lead. The defenses of both teams were unpenetrated for a few minutes and both teams relied on long shots. Three Two Taxi obtained a slight lead of 19-24. The Players' Club called time out and Frizzell replaced Heilbronner. Further attempts were made to score but without result, the play developing into a quick, snappy combination game. The Players' Club seemed to have a slight advantage in this form of play and was able to make the score 22-24. Three Two Taxi called time out. Dingwell and Wendle scored on fouls, making it 22-26. With only a minute to play, it looked as if Three Two Taxi would emerge the winners. The Players' Club staged a well played rally and Cross scored on Smith's pass. With only 15 seconds to play, Cross, jumping, tapped the ball to Mitchell who made a short dribble before shooting. The ball dropped through the hoop as the whistle sounded for full time, with the score 26-26. The many spectators are looking forward to the final game that is to be played on Tuesday evening next.

The individual scores were: Players Club—V. Meaghers, 3; A. Cross, 8; A. Mitchell, 12; Doug Frizzell, E. Smith, 2; H. Heilbronner, 1; total 26. Three Two Taxi—E. Ratchford, 8; E. Dingwell, 9; D. Gurvich, 2; B. Wendle, 3; S. Gurvich, 4; total, 26. Intermediate The intermediate game was well played and good combination was shown at times. Both teams were playing rather roughly but they were not able to take advantage of the free throws that were allowed. Out of a possible 23, only two points were scored. At half time the score was 12-12 but, during the second half, High School took the lead which they gradually increased until the end with the score 30-24 in their favor. Walter Johnstone was high scorer of the game with 12 points. The High School will have a slight advantage for the second game when Big Four will have to overcome their lead of six points to win the championship. The individual scores were: High School—W. Johnstone, 12; D. Morrison, 4; S. Styles, 10; R. Irvine, 10; Smithwaite, K. Nakamoto; total, 36. Big Four—E. Smith, 5; Jack McNulty, 10; A. Cross, 6; B. Stalker, 2; S. Currie, D. Stalker, 7; total 30. W. Plonmier made his initial appearance as a referee and handled the senior game very satisfactorily. W. Mitchell refereed the intermediate game. Sonny Hanson was scorekeeper and J. Smith, timekeeper.

### Women's Society Tea Successful

Affair Held Yesterday Afternoon By United Church Ladies at Home of Mrs. P. C. Miller

A successful tea and sale of home cooking was held yesterday afternoon at the home of Mrs. P. C. Miller, Eighth Avenue West, under the auspices of the Women's Missionary Society of First United Church. Mrs. Miller was general convener and others in charge were:

Tea Room—Mrs. G. V. Wilkinson, Mrs. George Beveridge, Mrs. James Krievsky and Mrs. Connery. Home Cooking—Mrs. D. Santebane and Mrs. J. S. Irvine. Mrs. T. J. Shenton was cashier. During the afternoon there was an enjoyable program which included vocal solos by Mrs. Forrest recitations by Mrs. Lord and piano selections by Mrs. Kielback.

### Labor Council Holds Meeting

Working Conditions at Falls River, Co-operative Store and Hospital Among Matters Discussed

The regular fortnightly meeting of the Prince Rupert Trades & Labor Council was held last night. There was a good attendance of delegates with Ald. S. D. Macdonald, the president, in the chair. Working conditions at Falls River where the Northern B. C. Power Co. is establishing a new power house were discussed and it was left to the president to go further into the matter and report back to the council.

Charles Lord, secretary of the Northern B. C. Salmon Fishermen's Association, told the council of a move that was being made to establish a co-operative store in Prince Rupert. Next Sunday there will be a meeting of representatives of various labor organizations to go further into the matter. Hospital matters were also given a general discussion. Officials of the Bakers' Union reported that progress was being made to sign up with the various bakeries of the city.

### PRINCE GEORGE

In the event of the road not being sold, Premier S. F. Tolmie gave the definite promise that the Pacific Great Eastern Railway would be completed into Prince George next year, according to Dr. R. W. Alward, president of the local Board of Trade, who was one of the members of a delegation which was sent from here to Victoria to interview the provincial government on matters affecting this place.

A dozen members of the local badminton club visited Quesnel last week-end. They were beaten badly by the Quesnel players, winning but one event out of eight.

The provincial government will be unable to give financial assistance to the building of a new fair building here for the time being at least, a delegation from here which visited Victoria recently was informed.

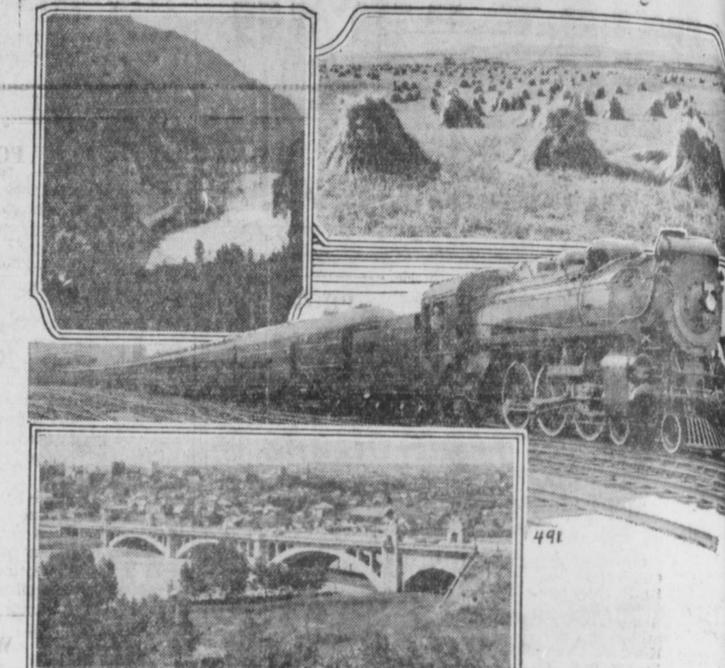

Weather here during the past week has been much milder, the lowest thermometer reading having been 24 above last Saturday.

### Across Canada and Back

A three week tour of Canada by Canadian Pacific train de luxe from Montreal and Toronto to Victoria and return by two routes touching at the major cities and beauty spots of the centre and west of Canada is again being brought to the attention of Canadians and others by an announcement recently issued by Dean Sinclair Laird of Macdonald College, who for the last six years has personally conducted these tours. The outward run takes in the northern shore of Lakes Huron and Superior to Port Arthur and passes thence through Winnipeg, Regina, Moose Jaw, Calgary, Banff, Windermere, Nelson, Penticton, Vancouver and Victoria. A hundred miles of this trip between Banff and Windermere is by automobile through some of the most magnificent scenery in the world. Return trip is also by Canadian Pacific Railway and takes in the famous mountain railway journey to Park Lake Louise and Banff, thence north to Edmonton and by Saskatoon to Winnipeg and Fort William. From the latter city by Great Lakes steamship to Port McNicoll which practically ends the trans-continental journey. Variety of scene and of means of transportation is thus assured. Numerous stops are made for sight-seeing in the many noted beauty spots, national parks, experimental farms, forestry stations, large centres of population and provincial capitals.

### Lief Erikson Ladies' Club Has Meeting

The monthly meeting of the Lief Erikson Ladies' Club was held yesterday afternoon at the home of Mrs. K. Lindseth, Eighth Avenue East, there being a large attendance. Members are working on fancy work for the annual bazaar. Singing was enjoyed and some interesting readings were heard. At the close of the proceedings, delicious refreshments were served.

### Local Items

Miss Erma Brooke, who has been in charge of Richmond's here, sailed last night on the Prince George for Victoria.

James Boyd, acting inspector fisheries for District No. 1, last night on the Prince George for a trip to Vancouver on official business.

### PACIFIC GREAT EASTERN TO BE PEACE RIVER ROAD.

(Continued from page one)

constructed portion of the P.G.E. as well as the extension of the railway into the Peace. For this reason he said he did not feel at liberty to do anything to alter the situation until the interests participating in the survey had every opportunity to consider the report. To the suggestion that the government should complete the railway as far as Prince George to ensure the adoption of the P.G.E. route into the Peace, the premier said he did not consider any such precaution necessary as there was not the slightest doubt in his mind but that the P.G.E. route will be adopted for the entrance into the Peace and that the extension will run from Prince George.

### Pointed Question

Premier Tolmie was asked pointedly what his government proposed to do in the event of the failure of the present prospect of making a sale of the P.G.E. His reply to this was the government had alternative proposals for the purchase of the railway and for its extension into the Peace. He was pressed further and asked what the policy of the government would be if the alternative proposals came to nothing. To this his reply was the question was travelling fast but he had no hesitation in assuring the delegation that in such an event it would be the policy of the government to complete the P.G.E. as far as Prince George.

Members of the delegation took advantage of the opportunity presented to impress the premier with the fact that the completion of the railway as far as Prince George would result in the development of one of the largest agricultural areas in the province. Premier Tolmie said he was in agreement with this view and intimated an attempt would be made to promote settlement in the area which should easily support a creamery. Premier Tolmie switched the conversation from the P.G.E. to the provincial highway through British Columbia and the Yukon to give Alaska motor connection with the United States. The premier is very much wedded to this project and was anxious to learn how it struck the members of the delegation. They gave the proposal their blessing provided the highway ran through Prince George. There appeared to be no doubt in Premier Tolmie's mind that the highway will pass through this city but it developed there was a difference of opinion between the premier and Hon. F. P. Burden as to what route the highway should follow from Prince George north. Premier Tolmie at present favors following the existing highway as far as Hazelton and going north from this along the old telegraph trail. Mr. Burden favors building the highway from Summit Lake to Finlay.

## ROAD FROM NEW FLOATS

### Preliminaries Have to Be Attended to Before Construction Can Start

While progress is being made with the preliminaries leading to the construction of the road leading from Sixth Avenue to the new fishermen's floats, down the east side of Hays Creek, it must of necessity be some time before it can be hoped that the work will be under way.

The proposed route follows much the same level and location as the foot walk running along Hays Creek on the side farthest from town. It then is planned to cross the railway tracks and turn to the northeast along the harbor side of the tracks. The engineer's estimate for the work is \$11,000.

The road is planned to be built over Canadian National Railway property, which it is presumed the railway will donate for the purpose as the company will benefit from it as much as the city. The Board of Railway Commissioners will also have to give consent to the railway crossing before anything can be done. When the consent of everybody has been secured and the question of how much the railway company will contribute toward it settled, the bylaw will be advertised and voted on by the people, before construction can be commenced.

In the meantime work on the floats is proceeding rapidly and very soon they will be ready for use.

## Halibut Fares Sold Yesterday

### Boats Gained Slightly By Refusing to Accept Morning Prices

Several halibut boats, which refused to take the prices offered in the morning on the Fish Exchange, delayed selling until yesterday afternoon and gained slightly higher bids by so doing. The afternoon sale was as follows:

- American**
  - Aleutian, 34,000, Atlin Fisheries for Ketchikan delivery, 8.5c and 5.5c.
  - Western, 30,000, Cold Storage, 8.5c and 5.5c.
  - Eclipse, 23,000, Royal Fish Co. for Ketchikan delivery, 8.5c and 5.5c.
  - Attu, 17,500, Atlin Fisheries for Ketchikan delivery, 8.6c and 5.5c.
  - Albatross, 34,000, Cold Storage, 8.5c and 5.5c.
- Canadian**
  - Clipper II, 2,500, Cold Storage, 8.5c and 5c.
  - Johanna, 6,000, held over until today.

### ISHBEL PAYS TRIBUTE

Miss Ishbel MacDonald, daughter of the British Prime Minister, has paid high tribute to the literary work of Mrs. D. Leslie, of Cape Breton who recently completed a poem entitled "Mount Ishbel," the peak of the Rocky Mountains named after Miss MacDonald. The poem was sent to Miss MacDonald at No. 10 Downing Street, London. She sent Mrs. Leslie a personal reply expressing her appreciation of the complimentary lines and requesting one of the book's poems Mrs. Leslie is completing.

## Delightful Shower Held at Terrace For Bride-Elect

TERRACE, March 14.—The Misses Anderson and Gladys Kenney were delightful hostesses at a miscellaneous shower, Monday evening, in honor of Miss Francis Beatrice Wilkinson, whose engagement to Charles Cauthers has recently been announced. Numerous gifts were showered upon her by her friends, about forty being present.

The Boy Scout room of the Legion Hall was prettily decorated in white, mauve and green for the occasion. The evening was very pleasantly spent in dancing and singing with refreshments served near midnight.

The wedding will take place shortly, after which they will reside at Kalum Lake, where Mr. Cauthers has logging interests.

## 1929 TRADE OF ALASKA

### Imports Showed Two Million Dollar Increase and Exports Similar Decrease

While imports showed an increase of \$2,018,890 over 1928, exports decreased \$2,738,245, bringing the total value of Alaska commerce for the year 1929 to \$106,718,396, or \$768,355 under the total reached during 1928, according to the annual report for 1929, released by United States Collector of Customs, J. C. McBride.

The total value of exports for the year 1929 was \$72,062,673, while imports totalled \$34,655,723. In 1928 the total of exports was \$74,549,913 and imports were \$32,636,833.

Records of figures in the customs office show that 1929 was an unusually high year, the fourth highest in history. The balance of trade in favor of Alaska in 1929, was \$37,406,950 as against \$42,213,085 in 1928.

### Gold Exports Larger

The total declared value of shipments of gold from Alaska mines in 1929 amounted to \$7,126,824, an increase of \$775,520 over the production of the preceding year, attributed to increased output by both lode and placer mines.

Favorable weather conditions such as a good supply of water and a long season materially assisted production. Practically all the larger dredges recently installed in the second and fourth divisions were active and during the year, most of them showed an increased output of gold. Mr. McBride said in his report. A pleasing increase is noted in the production of gold from lode mines and is attributed largely to the increased output from the mines of the Alaska Juneau Gold Mining Company.

Shipments of copper ore for 1929 amounted to \$8,710,567, an increase in value of \$1,928,912 over the preceding year. The quantity produced, however, shows a decrease of 1,386,527 pounds. The increase in value is accounted for by the fact that the selling price of copper in 1929 was considerably higher than in 1928.

### Fish Shipments Less

Detailed statistics show a decline in the total value of shipments of fish and fish products as a whole for 1929 from the year before. This is accounted for primarily in the canned salmon and herring industry, which suffered from a shorter run of these fish than for 1928.

Shipments of fresh and frozen halibut, however, showed a slight increase. There were 14,049,733 pounds of halibut shipped during the year at a value of \$1,909,213, or an increase of 854,865 pounds and \$222,812 in value for the year.

An increase was shown also in the value of shipments of fresh and frozen salmon, although a decrease is noted in the number of pounds shipped.

### Furs Pick Up

Furs and fur skins shipped from Alaska during the year amounted to \$5,226,422 or an increase of \$578,583. Among the live animals shipped were 1644 sheep, 788 blue fox and 729 mink.

Shipments of reindeer meat for the year amounted to 1,384,075 pounds, which is an increase of 65,622 pounds over 1928. The value of these shipments, however, shows a decline of \$12,528.

Importations of merchandise, gold and silver from the United States and Canada to Alaska for 1929 amounted to \$34,655,723, a noteworthy increase of \$2,018,890 over 1928. Despite a decrease in the total value of merchandise shipped from Alaska, there was a satisfactory balance of trade in favor of the Territory of \$37,406,950 for the year 1929.

W. H. Tobey, C.N.R. divisional superintendent returned to the city on yesterday afternoon's train from an inspection trip up the line.

## Rosy Cheeks for indoor days

Crisp cold air brings a touch of color to every one, but it soon passes unless good health keeps it there. Shredded Wheat is an ideal indoor-weather food. It contains the mineral salts that make healthy red blood and the bran that promotes regular habit even though exercise is restricted. Plenty of nourishment—and easily digested too. Eat Shredded Wheat every morning—a biscuit or two with hot milk for a delicious, vitalizing breakfast.

# SHREDDED WHEAT

WITH ALL THE BRAN OF THE WHOLE WHEAT
