C.N.R. DOCK AT VANCOUVER BURNS

New Structure Was to Have Been Taken Over From Contractors Tuesday For The Docking of New Victoria-Seattle Ships

Blaze Was Spectacular On Sunday Afternoon and Estimated Loss Was Quarter of Million Dollars; Will Be Rebuilt at Once

VANCOUVER, Aug. 11.—With an estimated loss of \$1,350,000, and only two days before it would have been turned over by the contractors to the government, the new Canadian National Railways dock at the foot of Main Street was destroyed by fire Sunday afternoon, one of the most spectacular conflagrations in the history of the waterfront.

The fire broke out a few minutes before four o'clock and in less than half an hour the entire dock was a mass of smouldering ruins.

No boats were at the pier at the time of the outbreak but the dock was to have been used by the new steamship Prince David in the new service commencing tomorrow.

The officials announced that practically the entire loss was covered by insurance.

The Ballantyne pier will be used temporarily as a terminal for the Canadian National Steamships in lieu of the structure burned yesterday. The fire will not interfere with the plans for the service.

"The pier will be rebuilt as soon as possible," Colonel T. A. Hiam said today. "It might have been worse." This was the attitude of Canadian National officials who expressed gratification that no boats were at the pier. Colonel Hiam visualized the plight the company would have been in if one of its new coastal boats had been berthed there without steam up and powerless to move.

It is regarded as possible an incendiary may have set the fire. Two men were seen running away by the watchman. It is also thought possible one of the men might have dropped a match and that they fled when the flames burst up.

Crazy Russian Killed Himself and Children

Placed All Together in Stump Hole and Discharged Stick of Dynamite

BURNABY, B.C., Aug. 11.—Placing his three children, whose ages ranged from two to seven years in a stump hole on the proposed provincial highway just off the Douglas road near here Sunday night, a Russian named Otto Zellard, blew them and himself to pieces with a charge of dynamite.

Zellard is said to have been of a queer nature. His wife left him several days ago because of alleged cruelties.

VICTIM OF HIT AND RUN

Recent Employee of Power Corporation Taken to Hospital Badly Injured

The victim apparently of a hit-and-run driver, Joe Shenord, recently employed by the Power Corporation of Canada, was taken to the local hospital Sunday morning about 4 a.m.

He was found at the corner of Eighth Avenue and Fulton Street in an unconscious state and was immediately taken to hospital where medical examination showed him to be badly injured. He has since recovered consciousness but can give no details of the accident as he knew nothing of what happened till he found himself in the local hospital. Police officials are continuing their investigations in their endeavor to locate the driver of the car responsible for the accident.

REMAND FOR FEW HOURS

New Prosecutor to Confer on Arrival and Take Up Cases

When the charge in connection with alleged election irregularities against Captain McLean, Chief Engineer Davis and Frank Morris came up on remand this morning in the local police court before Magistrate McClymont, application was again made by the prosecution for a further remand as the case cannot be proceeded with until after the official count by the returning officer for the recent election and the opening of the ballot boxes.

In order to meet the convenience of the accused and an adjournment was granted until this afternoon so that C. G. Beeston, who has been appointed special prosecutor and who is to arrive in town today from Vancouver, may be present. After this conference the case will again be considered before Magistrate McClymont and date of adjournment will be announced.

NEW PREMIER NOVA SCOTIA

Rhodes Steps Down In Order to Join Bennett Cabinet As Minister of Fisheries

HALIFAX, Aug. 11.—Premier E. N. Rhodes resigned today to take the portfolio of minister of fisheries in the Dominion cabinet.

Hon. Gordon S. Harrington, minister of public works and mines in Nova Scotia, has accepted an invitation from the Lieutenant Governor to form a government.

Miss America of 1930

Margaret Ek Dahl, Tampa, Fla., after being chosen Miss America of 1930, is seen as she arrived, recently, at New York

Clay Porter of Stewart Brings Another Mine Into the List of Shippers From That District

STEWART, Aug. 11.—That another shipping mine will soon be added to the list of producers in the Portland Canal district is the confident assertion of Clay Porter, prominent local mining man, and the property Mr. Porter refers to is none other than the old Mobile which now goes under the name of the Kenneth group and is situated at the head of the south fork of Glacier Creek, but a few miles from Stewart.

Mr. Porter is the man who located, financed and put the Porter-Idaho into production, finally disposing of control to the Premier Gold Mining Company. Of the Kenneth he says that he has never seen a better showing in his life, far outstripping that of the Porter-Idaho or Prosperity, and as the result of present development he is confident that the property will be on a shipping basis within a month.

In financial circumstances and at an age when most men would be thinking of taking things easily and letting the other fellow do the work, Mr. Porter went looking for new worlds to conquer. He is not the retiring kind. No man in the district is more competent to judge the value of a prospect or a partially developed mining property, and after he had thoroughly examined and sampled the Kenneth last summer, little time elapsed until he had secured the property. The Kenneth is owned by H. P. Gibson and Louis Legge, who bonded it to Mr. Porter last year, and the latter

Record Speed of Prince Henry

The steamer Prince Henry on her last trip southbound made a record for time between Prince Rupert and Vancouver.

The vessel averaged better than 22 knots on the journey, making no stops en route. The old time, allowing for calls at various coast ports, was 37 1/2 hours. With the advent of the Prince Henry, these calls have been cancelled, and a schedule from Prince Rupert to Vancouver of 24 hours has been adopted.

TRIP ENDS VANCOUVER

Plane In Which It Was Planned to Fly to Japan Fails to Get Off and Smashes

VANCOUVER, Aug. 11.—Bob Wark and Eddie Brown, who landed yesterday from Tacoma en route to Whitehorse on a proposed flight to Japan, damaged their plane today when attempting a landing at Ladner where they intended to use a longer runway for the takeoff than was available at Lulu Island temporary airport.

The plane overran the runway, smashing the landing gear and damaging the propeller. Wark was slightly hurt, suffering an injury to the knee.

Further plans for flights have been abandoned for this year at least, it was stated.

United Shows Are Coming For Fair

Secretary Vance has received word from the manager of the Canadian United Shows stating that they will be here for the fair which opens here September 2. This outfit includes a merry-go-round, and a number of sideshows and a brand new feature consisting of boxers and wrestlers who will take on all comers.

AFRIDIS STILL ATTACK

BIGGEST SALMON YEAR SINCE 1910

It is common knowledge that the run of salmon this season is a record. Other years there have been record runs of sockeye or pinks but this year there is a record run of each class and it is this combination of record runs that is responsible for the enormous quantity of fish. It is said to be easily the biggest year since 1910.

CAR FELL 400 FEET

Man and Woman Killed But Two Children Thrown Out and Escape

CRANBROOK, Aug. 11.—William Philpot, truck driver of Kimberly, and Mrs. Matilda Thomason, 27 years of age, were killed when the former's car in which they were climbing Sullivan Hill, skidded off the road in the rain Saturday night.

The car ropped 400 feet to the Canadian Pacific tracks.

Two children who were riding in the rumble seat were thrown out at the top of the hill and escaped injury.

Victoria May Take Over New Grain Elevator

VICTORIA, Aug. 11.—Following the failure of Panama Pacific Grain Terminals Ltd. to pay bond interest due to the amount of \$12,700 on July 2, the city council of Victoria served notice on the company. If the money is not received by the city within 30 days from receipt of notice the city can take possession of the terminal elevator equipment and other property of the company.

The city of Victoria guaranteed the bonds of the company to the extent of \$500,000 in 1927 and three semi-annual payments were met. Under the terms of agreement the company was to pay the city a fee of \$5000 a year and one-tenth per cent per bushel on all grain handled over 5,000,000 bushels a year until the city's liability is wiped out. The first annual payment of \$5000 was made by the company during 1929.

Field Meeting Health Insurance

VICTORIA, Aug. 11.—The final field meetings of the Royal Commission on state health insurance and maternity benefits will be held this month. All the commissioners will attend the sessions which will be held at Prince Rupert on August 16; at Smithers, August 19, and at Prince George on August 20.

Harvest Rates All Cancelled

The local labor bureau has been advised that all harvest rates to the prairies have been cancelled. This applies even to those harvesters who have engagements with farmers on the prairies.

Some gangs have been laid off from the work on the transmission line and there are quite a few men in town not employed.

Ten Thousand Raiders Are Beaten Off From City of Peshawar, India

SIMLA, India, Aug. 11.—Peshawar, the northwestern key to the city, remained today inviolate after efforts by 10,000 raiding Afridi tribesmen to capture it.

Although a mass attack by Afridis from beyond the Afghan border has never developed, British defenders, many of them native Indian troops, have beaten back tribesmen in several important sallies.

At least six Indian troops have been killed in an ambush but heavier loss has been inflicted on the raiders.

FISH SALES

Fish sales at the local exchange this morning were fairly heavy with Canadian boats landing 115,700 pounds and American boats 90,200 pounds. Prosperity A with 24,00 pounds was the high Canadian boat, getting 9.60 and 5c while Brothers, and Elken, two American boats each got 11.60 and 5c.

American
Helgeland, 32,000 pounds, at 8.50 and 4c to Cold Storage.
Levinathan, 18,000 pounds, at 8.90 and 4c to Royal Fish co.
Tacoma, 18,000 lbs., at 8.80 and 4c to Cold Storage.
Dawn, 3,500 lbs., at 11.50 and 5c to Booth Fisheries.
Brothers, 12,500 lbs., at 11.60 and 5c to Cold Storage.
Brothers, 12,500 lbs., at 11.60 and 5c to Cold Storage.
Elki, 6,200 lbs., at 11.60 and 5c to Cold Storage.

Canadian
Alken, 5,500 lbs., at 9.30 and 4c to Atlin Fisheries.
Teran, 7,700 lbs., at 9.60 and 4c to Pacific Fisheries.
Morris H., 15,000 lbs., at 9.50 and 4c to Cold Storage.
Vovenant, 23,000 lbs., at 9c and 4c to Pacific Fisheries.
Prosperity A., 24,000 lbs., at 9.60 and 5c to Booth Fisheries.
Nuba, 6,000 lbs., and 4c to Pacific Fisheries.
Mayflower, 7,500 lbs., at 9.50 and 4c to Cold Storage.
P. Doreen, 16,000 lbs., at 9c and 4c to Atlin Fisheries.
Melville, 11,000 lbs., at 9.10 and 4c to Booth Fisheries.

DIED FROM BAD HEART

Body of Henry Richardson Found in Seal Cove House

The body of Henry Richardson, old timer of Prince Rupert, was found in his house near Seal Cove School on Saturday evening.

He had been missed by the neighbors for a few days and some children discovered the body in his home. Apparently he had collapsed from heart failure as he had been passing the stove. Medical examination showed that death had occurred three or four days previously and was due to natural causes. No inquest will be held but the usual inquiry will be conducted.

The late Mr. Richardson had been lighthouse keeper at Ivory Island for a number of years but had retired four or five years ago. He had no relatives in town but has two sisters living in Glasgow. Funeral arrangements will be announced later.

MUCH LESS PROFITS OF B.C. LIQUOR

Prince Rupert Gets Only \$6,108 as Against Over Eight Thousand Last Distribution

VICTORIA, Aug. 11.—British Columbia's new system of liquor financing went into effect Saturday with the distribution of the fixed sum of \$500,000 in liquor profits to the municipalities on the basis of their total school attendance. The profits on liquor, Saturday were earned by the Liquor Board for the six months ending March 31.

The total profits for the period were not revealed, however, but the report will be presented to the legislature at its next session. The amounts mailed to the municipalities included the following:

Prince Rupert, \$6,108.
Prince George, \$2,397.
Quesnel, \$537.
Smithers, \$1,508.
Terrace, \$914.
Williams Lake, \$667.
Vanderhoof, \$502.

R-100 FLEW OVER OTTAWA

Passed Over Niagara Falls and Toronto, Flying Low Over Business Section

TORONTO, Aug. 11.—Central Ontario saw the R-100 this morning under a blue sky and in bright sunshine.

The dirigible which left St. Hubert Sunday evening and passed Ottawa, arrived over Toronto first at 5 o'clock, then after a visit to Niagara Falls at other places, arrived back here after 9 o'clock and flew low over the business section.

Shooting Case Near Edmonton

Man Shot Wife and Step-Daughter and Then Killed Himself

EDMONTON, Aug. 11.—Archie Green, a farmer living 10 miles west of Millet, southwest of here, shot his wife to death, shot his step-daughter Alice Townsend through the leg, then shot himself to death after setting fire to the house.

DAILY EDITION

Monday, August 11, 1930

MANUFACTURERS' POLICY

Apparently the manufacturers are intending to hold Premier Bennett right down to his promised policy of protection and are losing no time in placing their views before him. A despatch received at the week-end stated that a meeting of manufacturers was to be held this week to consider tariff questions with a view to collaboration with the new government.

There is no doubt that Mr. Bennett is pledged to a protective policy and has to carry it out. Everyone will look with keen interest at the result. With conditions at a rather low ebb following the speculation fever of a year ago there is bound to be some improvement no matter what government is in power. What we all wonder is whether the protective policy will make the country prosperous, keep the boys at home and improve the condition of the workingman.

HEALTH INSURANCE

Health insurance is to be inquired into here next Saturday evening. A provincial Royal Commission will be here for the purpose in the course of a tour of the province and anyone wishing to give evidence before it is invited to attend.

The subject is a very important one and deserves the serious attention of everyone. For the average workingman everything goes well until some member of the family loses his or her health. Then the stipend which was sufficient for ordinary times is not sufficient to pay the doctor, the hospital and other calls. In many cases it is the earner who loses his health and then the income is cut off and the family is in desperate straits.

Admitting that sickness is an abnormal condition and should not exist, the fact is that many people are sick and many others think they are sick, which is just as bad. Usually it is the innocent who suffer from the result of sickness and that is the chief reason why insurance is desirable. If it were only the sick person who suffered for his own failure to continue in good health, it would not be so bad and insurance might be unnecessary. Under our family life system it is absolutely necessary that the breadwinner shall continue to earn or the income stops. Insurance against sickness, including maternity handicaps, is just as necessary as insurance against unemployment. They are in the same category.

WATER POWER RESOURCES

The power projects now under development in Canada will necessitate the expenditure of more than one hundred million dollars a year during each of the next three years, says the Royal Bank report. Investment on this scale constitutes objective evidence of a substantial belief in the continued expansion of Canadian industries. This estimate of the future capital requirements of the electric power industry is from a recent publication of the Dominion Water Power and Reclamation Service of the Department of the Interior, and is based upon conservative estimates of the probable cost of the projects already undertaken. Expenditures of this type have a far reaching influence upon business. The wage payments for such construction serve to create new buying power. An even more important influence will be the expenditure resulting from the building of manufacturing plants to utilize the electric energy which will be generated by these new installations. Beyond these again, lie the wages which will be paid to the workers who will be employed in the new plants. It is the far-flung consequences of expenditures such as these that bring on those readjustments that herald the return of prosperity. Although there are other plans for important building projects, none will have a more intimate bearing upon the industrial development of Canada than those now contemplated by the power industry.

POOR CROP SOME PARTS OF PRAIRIE

Northern Parts of Provinces Especially Peace River Are Redeeming Sections

Review In Detail

Rust Followed Drought and Four Bushels to Acre Mentioned In Some Parts

WINNIPEG, Aug. 11.—Deterioration of crop prospects over those of the previous report is evident throughout practically all of Manitoba, Saskatchewan and South Central Alberta, due to high temperatures, hot winds and lack of rain. Wheat spikelets have not filled well and the berry will show evidence of shrinkage on practically all except early sown grains unless rain is received immediately to plump up later sowings. The rust damage from the Red River Valley west to range 14, west of the third meridian has wrought great havoc so that although rains become general it is impossible for later sown grains to have normally filled heads and plump full cheek berries, according to the weekly report of the C.N.R.

In Manitoba the weather during the early part of the week was conducive to the rapid spread of rust and many fields have a reddish tint which is quite apparent to the eye from a considerable distance. Even the macaroni wheats are, this year infected in some districts, as well as Marquis, Garnet and Reward, but considerable variation of infection is noted. All stands of grain have ripened fast and barley cutting is general while in districts south of Brandon all cutting is general. However, the harvest wave this year instead of flowing westward, will move northward from the international boundary and finish up in the Swan River Valley.

The drought has certainly reduced the average outrun from two to three bushels per acre during this week and late sown grains cannot escape reduction in yield and weight in outrun per measured bushel.

In Saskatchewan along the Lampman, Bienfait, Avonlea, Gravelbourg, Riverhurst, Central Butte Craik subdivisions the same story recorded above is told. Wheat cutting is general as the hot day brought crops to maturity before normal and outruns will vary from a minimum of four bushels while the best fields will yield 10 bushels per acre. Much of the crop is being cut by mowing machine and the combine thresher is a necessity in numerous districts to pick up grain the heads of which are practically growing out of the ground. The use of the combine will save every berry possible.

Pasture conditions are bad. The Qu Appelle subdivision has been infested with sawfly and some fields have been cut almost clean. Hail damage about 20% struck the Eston district and it is estimated 200,000 bushels were pounded into the ground. However, the standing crop in this territory is about average. The Conquest, White Bear, Rose town subdivisions reports crops are not suffering but moisture would help. Yields are expected to be average. A more pleasing story comes from the territory between Humboldt, Tisdale, Turtleford and North Battleford, as crops are excellent although east of Prince Albert a good rainfall would materially assist filling. Grain is showing signs of ripening too fast, cutting of coarse grains has commenced and all grain cutting will be general next week.

Better Conditions

The harvest wave in Saskatchewan is also flowing northward. The subdivisions of Unity, Viking, Camrose, Vegreville, Blackfoot and Athabasca in Alberta report weather ideal for growing crops, but grains are ripening fast and cutting will commence in about a week and will be general from the fifteenth to the thirtieth. No damage is reported from any source in the aforementioned territories and farmers are optimistic.

In South Central Alberta along the Drumheller, Oyen, Stettler, Three Hills subdivisions hot days were interspersed with showers and scattered hail. The average yield in these subdivisions will be around 17 bushels per acre, although threshing returns will show more at individual points.

Peace Looks Good

Ideal weather has visited the Peace River country. Days have been warm with a few local show-

ers. All grains are looking fine and prospects indicate a heavy yield.

Cattle receipts continue light and price reductions on all markets are recorded. Prices now are such that all people owning lightweight stocker cattle and who have feed and accommodation should by all means retain them in the home feed lot. The hog market remains fairly steady and there is a reasonable demand for lambs grading good to choice.

Xeno gas when electrified gives a greenish brown glow.

Terrace Board of Trade Meets

Number of Matters Dealt With and Speeches Made With Usk Visitors Present

TERRACE, Aug. 11.—The Terrace Board of Trade quarterly meeting was a great success last week. A large gathering was present including a contingent of about 15 from Usk. After routine business, several matters of importance in respect to

public works were discussed and it was decided to press the public works department to put two trucks to work at once on the Kalam Lake road to remedy its bad condition.

Assistance for grading the slough road to Braun's Island was also asked for, and the Dominion Telegrams were asked to open up emergency night telephone service between Usk and Terrace.

A strawberry and raspberry social followed. Mr. Riley occupying the chair. Songs were sung by Mr. Bell of Usk, Mr. Hepburn and others. Bert Wilson of Usk gave a very in-

teresting recitation, and several addresses were delivered amongst the speakers being Dr. Mills and Rev. E. A. McCarthy, Terrace and T. Meekin, Prince Rupert, Messrs. Gordon and Kenny of Terrace and Mr. Wilman of Usk.

The building of a sidewalk on the Cow Bay road is progressing under the City Works department. This will be greatly appreciated by pedestrians and motorists alike as the bridge there is narrow enough and the pedestrians feel they have little protection, especially if two cars are passing on the bridge.

Prince Rupert!

Mecca of all Northern B.C. during Fair Week September 2nd to 5th

Now that Prince Rupert is about to have a forward movement, two local institutions are well worthy of consideration and support as being important factors in that movement. They are:

The Annual Fall Fair The Prince Rupert Daily News

Out of town people are recommended to make their plans now to attend the Fall Fair which promises to be the biggest and best ever held in the city, and to enter their exhibits with Secretary Vance at once.

They are also recommended to see that their subscriptions to the Daily News are paid up so that they may keep in touch with all the forward movements, it is a daily record of the doings of the district and a support of all that is best for Northern and Central B. C.

High Lights in Program

Greenville Celebrated Native Band.

Prince Rupert Boys' Band.

Quby's eight famous fluffy white poodles which give a wonderful vaudeville act with two people.

A juggling and acrobatic dance act known as Adolphe and Cynthia.

Ken Ross the acrobat and equilibrist in clever exhibitions of his skill.

Bill Badely and his shows will be here. They are now touring the fairs in Alberta with Merry-go-round, boxers and wrestlers and eight other side shows and all will be here and the boxers and wrestlers will be willing to take on all comers.

BASEBALL GAMES WITH OUTSIDE TEAM.

"BUILD B. C. PAYROLLS"

Cows Need B. C. Comfort

Newspaper despatches Monday and Tuesday report heat so great in United States that popcorn popped on the stock and apples baked on the tree. What would heat of this sort do to cows? And what would the milk be like? Moderate temperature is a boon that helps create the perfect quality of Pacific Milk. Herds need it to give their best.

On the charge of intoxication Albert Espeland was fined \$25 this morning in the local police court.

An Alaska Northwest tour party number three under C. W. Brown of Chicago arrived on the Prince George from Skagway this morning and left by train for the east.

C. G. Beeston, special prosecutor appointed by the attorney-general in the alleged lection irregularities at Prince Rupert was a passenger on th Prince Charles this morning.

H. L. Shadwell and son were arrivals on the Prince Charles this morning and will continue through to Tliell, Queen Charlotte Islands, with Mrs. Shadwell who will join them here.

A musical program by the boat's orchestra from the Steamship Prince David was broadcast over KOMO Saturday night at Seattle and a talk given in regard to the steamer, stating that she is the fastest boat on the run.

Arthur Halleran, of the local teaching staff, who is at present engaged on fisheries recording work on the Naas was a visitor in town on Saturday, arriving on the Prince Rupert and returning to the north on the Union ss. Catala yesterday evening.

At the Salvation Army Citadel last evening the service took the special form of a farewell to Sister Eva Anderson who is leaving for her home in Saskatchewan. Sister Anderson, who has been residing here for the last two years, gave a talk and also sang a solo.

TELLS ABOUT ALASKA TRIP

Jarvis McLeod, Gives Interesting News of Visit in Griffith's Yacht

Jarvis H. McLeod, collector of customs at Prince Rupert, returned to the city on Saturday evening after a two weeks vacation spent in a cruise in northern waters. On board the palatial power yacht Suede III, belonging to Captain Jas. Griffiths of Seattle, Mr. McLeod visited Juneau, Petersburg, Wrangell, Ketchikan and Stewart.

The weather all the time was ideal for cruising and as they traded for cruising and as they traded to enjoy to the full the scenery. The Taku Glacier could not be approached as closely as usual owing to the large amount of drift ice even in the channel. Fish were plentiful and schools of whales and porpoises numerous.

At Juneau the British warship Dauntless, sister ship of the Despatch which recently visited Prince Rupert, was staying for a period of nine days and the Americans were doing their utmost to give the sailors a splendid time. Later the Dauntless was to go to Sitka for two days.

Interest in air travel is highly developed in Alaska and in Ketchikan there are three planes in constant operation. One of them, the Petersburg made a record trip of five hours 15 minutes from Seattle to Ketchikan, carrying six passengers. The planes are in general use being regularly used by cannery managers in visiting the canneries scattered along the coast and often by fishing parties to transport them to the lakes for fishing. The planes belong to the Alaska Washington Airways. According to talk, there is a plan under way to establish a base here in Prince Rupert by the Fairchild interests.

Overcome By Too Much Work At the Cannery

C. Senday, bookkeeper and accountant at the Claxton Cannery, was brought to town on Saturday afternoon on the Princess Mary in an unconscious condition. Mr. Senday was found in his office unconscious and it is thought that the strain of long hours of intensive work consequent on the big salmon run had proved too much for him. It was found impossible to bring him to at the cannery and it was not until the boat had almost docked here that he revived. He was attended to by Dr. L. W. Kergin and is now resting easily.

formed the Argentine Mining Syndicate to prospect and develop the claims. It is therefore the Argentine Syndicate, under Mr. Porter's direction, which is doing the present work on the property.

Previous Shipment

The Kenneth was formerly the Mobile, and under that name was developed in a manner in 1920 by the Mobile Mining Co., under the supervision of Roy L. Clothier with the late Geo. Taylor as consulting engineer. During this work considerable ore was extracted and a substantial shipment was made to Swansea, Wales, the result of which was said to be extremely satisfactory to the management, but figures are not available at this writing. The work done was said to be not in the best interests of the property, and last summer Mr. Porter made a thorough examination, had a survey made, and laid out the program of development which is now being followed.

An excellent showing was made last year by a short tunnel driven on one of the veins by the owners, two assays on 14 inches of ore giving respectively 987 ounces and 262 ounces in silver. A considerable amount of silver is visible in native form.

Subsequent work this year has exceeded all expectations and Mr. Porter is confident that he has another producer even better than the Porter-Idaho. When shipping starts the ore will necessarily have to be brought down by pack train, but for later developments the proximity of the Kenneth to the Dunwell tram and mill is considered an important factor.

New Service on Triangular Run Begins Tuesday

R. Creelman on Way to Coast From Winnipeg to Be Present

WINNIPEG, Aug. 11.—R. Creelman, passenger traffic manager for the Canadian National, left Winnipeg yesterday for Vancouver, to be present for the initial sailing, tomorrow of the new ss. Prince David, to Victoria and Seattle.

This service, according to Mr. Creelman, is being resumed after a lapse of a few years when the ships then in service were taken to meet the demand from Vancouver to Prince Rupert and Alaska. The new steamships which will sail daily for Victoria and Seattle, have the same magnificent appointments as the Prince Henry, the only difference being a change of color scheme in the public rooms. There is accommodation for 334 first class passengers, 70 third class and 1500 day passengers, and in addition, there is plenty of room for a large number of autos, said Mr. Creelman, who added that next spring this service will be augmented by the ss. Prince Robert.

Reports received by Mr. Creelman prior to his departure, are that large numbers of persons from the prairies, holidaying at the coast or on their way west, will make the first sailing. From Winnipeg, more than 20 persons were booked on the "Confederation" Sunday for Victoria, using the Prince Edward Tuesday from Vancouver.

ARMY WILL HOLD LARGE CONVENTION

Natives From All Over Coast to Meet in Prince Rupert This Year

It is announced from Salvation Army headquarters that the annual convention of Indian workers will take place this year for the first time in Prince Rupert on August 23, 24 and 25. It has been the custom previously to hold it at Port Essington but a change has been made this year. Prince Rupert has better accommodation for the meetings, is more central and will meet the needs of the Indians who in many cases would come to Prince Rupert in any case to do their buying for the winter.

There will be a large attendance from the Naas and the Skeena. Corps officers will be present from Prince George, Glen Vowell and Cedarvale while there will also present a large attendance from Ketchikan of both white and native members. It is expected that the musical side of the program will be a feature as many of the visitors are accomplished instrumentalists.

Retaliation on Maine Border

Enforcement of U.S. Immigration Laws Starts Merry War Near Vancouver

VANCEBORO, Me., Aug. 11—Barrajes of complaints that the border laws are being violated have been hurled back and forth around this vicinity lately with the result that the workers who have been crossing the line for their employment do not know just where they stand or when another exchange of ultimatums may force them to seek new employment.

The trouble started over road construction in New Brunswick, the gravel for which has been hauled from here. Several Canadians were working on this side of the line in the pits until complaints were made to the immigration authorities, who had no alternative except to send the Canadians back.

Complaints were then made in Canada that Americans were working in the woods there, peeling pulp-wood, guiding and unloading pulp-wood on the trestle of the Eastern Pulp Wood Company. The Canadian immigration officers retaliated and chased the Americans back to their own yard.

The next move was in form of a word to the Canadian customs that trucks working on the construction job were buying gasoline in the United States. That brought about the desired result and now all gas bought in this country must pay a duty of one per cent imperial gallon.

As several of the Canadian trucks are running on this side of the border without the proper Maine registration plates, it is understood that the next move is to have these drivers arrested for improper registration of their vehicles.

What form the Canadian reprisal is to take is yet to be ascertained.

WORLD SPORT WITH PEN AND CAMERA

ROWING AT CAN. HENLEY THIS WEEK

Oarsmen From Afar Expected to Compete in Championship Events, August 14 to 16

ST. CATHERINES, Aug. 11.—The forty-eighth annual regatta of the Canadian Association of Amateur Oarsmen will open on the Royal Canadian Henley course here on August 14, and continue for the succeeding two days.

This meet for deciding Canadian rowing championships is usually held during the last week in July, but has been set back two weeks because of the British Empire Games which are to be held in Hamilton the week following. The change in dates will permit Canadian crews to compete in the Empire games and giving an opportunity to competitors from outside points in the Empire to enter in the Canadian Henley championship events.

United States clubs are again expected to have entries in the chief events on the card. Last year most of the trophies were brought back to Canada by Canadian clubs.

Present Championships

The various championships are at present held as follows:

Senior Single—Jack Guest, Don Rowing Club, Toronto.

Junior Single—Gibson Shaw, Argonauts, Toronto.

Senior 140 pound Single—J. W. Reed, Argonauts, Toronto.

Senior Eight—Argonauts, Toronto.

Senior 140 Pound Eight—Leander Rowing Club, Hamilton.

Junior 150 Pound Eight—McGill Rowing Club, Montreal.

Junior 140 Pound Eight—Don Rowing Club, Toronto.

Senior 150 Pound Eight—Westside Rowing Club, Buffalo.

High School Four—Hamilton Collegiate Institute.

High School Eight—Lachine.

Quarter Mile Dash—John Durnan Don Rowing Club, Toronto.

Junior 150 Pound Four with Coxswain—Argonauts, Toronto.

Senior 140 Pound Four—Don R. C., Toronto.

Senior 150 Pound Four—Don R. C., Toronto.

Senior Doubles—Richardson and Mackay, Winnipeg R. C.

Senior Four—Penn. Athletic Club, Philadelphia.

140 Pound Four (Maiden)—McGill Rowing Club, Montreal.

Junior Double—Gibson and Geo. Shaw, Argonauts, Toronto.

Junior 150 Pound Four—Don R. C., Toronto.

Junior Four—Brockville Rowing Club.

Association Single—E. Bole, Winnipeg R. C.

CUBS NEAR LEAGUE TOP

Only One Game Behind As Result of Week-End Play

ST. LOUIS, Aug. 11.—Brooklyn Robins lost a lot of ground in their race for National League honors by losing two games here Sunday while the Cubs were winning two games from Boston at Chicago. As a result the Cubs are now only one game behind the league leading Robins.

In the American League, Washington gained a little ground on the leading Philadelphia Athletics by walloping Cleveland. The Philadelphia team was idle.

SATURDAY SCORES

National League
New York 10, Pittsburgh 6.
Philadelphia 1, Cincinnati 3.
Brooklyn 3, St. Louis 4.

American League
St. Louis 8, New York 9.
Chicago 2-0, Philadelphia 9-3.
Cleveland 13-4, Washington 7-2.
Detroit 3, Boston 0.

SUNDAY SCORES

National League
Brooklyn 2-0, St. Louis 3-4.
Boston 0-1, Chicago 6-11.
Philadelphia 18-4, Cincinnati 0-3.

American League
St. Louis 11, New York 14.
Detroit 4, Boston 2.
Cleveland 6, Washington 18.

Mrs. P. Morgan, Sturgeon Point, Ont., is seen here holding a 24-pound lunge caught in Sturgeon Lake, recently. The fish is 47 in. long and girth 19 in.

Sport Chat

Having renovated the fence around the tennis courts the Canadian National Railways Athletic Association are now engaged in putting their softball diamond into better shape. Bleachers have been already erected and a new surfacing is to be laid immediately. The fence around the bowling green is being constructed but there will be nothing further done to the green itself this year.

The interest in sport of Sir Henry Thornton, president of the Canadian National Railways is well known. While the Hon. R. B. Bennett is undoubtedly most famous in the parliamentary world that he has time for interest in athletics is shown by his acceptance of the office of patron of the Western Cricket Association. The annual meeting of which was held in Calgary last week.

That the appeal for support of the drive for funds for the erection of Y.M.C.A. gymnasium and swimming pool will be readily supported by sportsmen here goes without saying. The need of a well-equipped gymnasium is a common topic where local athletes foregather and they will surely throw all their energy and support into the scheme for the consummation of their hopes.

In this connection it is understood that the committee in charge of the football game between the Oldtimers and the Present timers are in favor of devoting the proceeds to the fund. That will be an additional incentive to the public to turn out in large numbers to the game. The encounter itself will be well worth seeing.

Billy Townsend, Vancouver star and lightweight boxing champion of Canada is matched with Joe Glick of New York next Monday evening. Billy's decisive win over Kid Brown of Philadelphia is bringing him nearer his ambition a match with the welterweight champion Young Jack Thompson.

It is unfortunate that Bill Tilden gave such an exhibition of temper in his recent defeat by Frank Shields at the annual tournament of the Meadow Club, New York. Shield is only 19 years old and was national junior title holder in 1927 and 1928. Tilden had already won the Southampton trophy twice and a third win would have made it his permanently. But surely that did not upset Big Bill's equilibrium.

It is regrettable that the Legion and the Athletic Club find themselves unable to field football

teams for the rest of the year. It seems that there is a lack of organization responsible for the lack of playing material. There are several young players in town even now who would be glad of a game. Of course if the committees are not prepared to take a chance with young players but regard it necessary to play only experienced players it is not possible to field full teams. Managing a team is no sinecure but there are compensations.

It is expected that a football game will be arranged between a local team and a team of Indians from Humpback Bay. The latter have been asking for a game for some time but now it looks as if their wishes will be met and the game will probably be arranged for next Saturday.

One result of the great distances between places in Canada and consequent lack of familiarity with the inhabitants of other provinces, is our comparative indifference to the successes of eastern athletes.

H. Cieman, who calls Toronto his home town, won the Canadian walking championship for 50,000 metres last Saturday from 35 competitors. As Cieman also holds the championship of the United States he has a record that we, even in B. C., ought to be proud of.

Another Canadian athlete did well when he finished second in the Boston Caledonian's annual 15-mile race. He is Johnny Miles of Hamilton, Ont. Clarence DeMar the 42-year old Boston athlete was fourth. DeMar has already won this race seven times.

MANY TOOK EXCURSION

The special day trip arranged by the Canadian National S.S. on the Prince William to the Skeena on Saturday proved a very popular innovation. There was a large passenger list and the opportunity to see the canneries in operation and the various lines of work in connection with net repairing was interesting to all.

On Sunday the trip up the Naas was enjoyed by upwards of eighty people. The Prince William left about 8 a.m. and the trip north was ideal. At Mill Bay cannery a stop was made and the cannery inspected. The return trip was made without incident and Prince Rupert harbor was again reached at 11 p.m.

Challenge Cup For Photography By Alpine Club

Miss Don Munday, of Vancouver, Was Winner of Trophy

WINNIPEG, August 11.—Mrs. Don Munday, Vancouver, captured the challenge cup for the best picture in classes A or B in the photographic competition held Saturday at Jasper National Park by the Alpine Club of Canada, now holding annual camp at Maligne Lake.

Mrs. Munday takes the special prize in class A for the best Canadian mountain landscape, and also the special prize in class B for the best picture of climbing, camping, animals or flowers.

Class C, best set of six pictures of the 1929 camp was won by the

Winnipeg section. The judges were W. S. Park and W. J. Oliver, of Calgary, both professional photographers, and F. N. Waterman of New York.

Latest arrivals at the camp are: A. A. McCoubrey, champion of the Winnipeg section of the club, well known for his climbs in the Purcell range of the Selkirk; Misses E. Creer, M. L. Davis and M. K. MacLeod; Lindley Crease, K. C. of Victoria; Wm. Innes, Royal Bank of Canada, Carstairs, Alta.; Beverly Jefferson, W. H. Cleveland and Frank W. McCulloch, of Evenston, Ill., U.S.A.

BASEBALL SCHEDULE

Aug. 12—Elks vs. Centrals.
Aug. 14—Centrals vs. S. O. C.
Aug. 19—S. O. C. vs. Elks.

PERCY WILLIAMS MADE HISTORY IN RUNNING SATURDAY

TORONTO, Aug. 11.—The mark of 10.3 seconds set by Percy Williams in the 100-metres race here Saturday is a tenth of a second faster than the recognized world mark, but a tenth of a second slower than the mark set by Eddie Tolan in Vancouver on Dominion Day.

Ray F. Sharpe, brother of Constable C. C. Sharpe of the local detachment of the Provincial Police, was a passenger on the ss. Prince Queen Charlotte Islands where he is engaged in the logging industry with the A. P. Allison Logging Co.

Take Part In Empire Games

TORONTO, Aug. 11.—Fifty of the Dominion champions here on Saturday, 50 athletes selected to represent Canada at British Empire Games which will be at Hamilton on Saturday, Aug. 16.

6 1/2 Billion Dollars

BACK of our Canadian homes is more wealth than the mind can conceive... a vast financial reserve which is destined to protect us and our loved ones from want and privation.

Perhaps you have seen the help that just one Life Insurance Policy for \$10,000 has brought to many a home in the day of trial. Multiply this one incident by 650,000... and you can picture the future work of Life Insurance now owned by Canadians. For six and a half billion dollars is the amount Life Insurance Companies have contracted to pay to living policyholders or their beneficiaries.

As an investor in Life Insurance, your savings aid enterprise in the financing of new buildings and other important projects throughout Canada. They help to provide employment for thousands of Canadians and thus contribute greatly to our national prosperity.

Six and a half billion dollars is a large sum of money... but it represents an average protection of only a little more than \$2,000 for each Canadian family... enough to yield an income of about two dollars a week! When you measure your own Life Insurance by the income it will provide you will learn if it is sufficient. Any Life Underwriter will gladly suggest a solution to your problem.

Induction of Rev. P. Kelly at Bella Cooola

BELLA COOLA, Aug. 11.—The Rev. Peter R. Kelly was duly inducted to the pastoral charge at Bella Cooola on Friday evening, August 1, in McKenzie United Church. Rev. Capt. R. C. Scott B.A., presided and conducted the devotional exercises. He called upon Rev. W. H. Gibson of Bella Bella Indian Mission to give the address to the minister. This was done in a very appropriate manner. Mr. Gibson's long period of experience gave weight and wisdom to his message.

Following this address the president of the B. C. Conference of the United Church, Rev. O. M. Sanford, gave an interesting and gracious message to the people outlining their duties, responsibilities and privileges in supporting the church in all its activities in order to make for the highest success.

After this interesting service a social hour was spent. Coffee and cake was served in the hotel and a program consisting of songs, music and addresses given. Rev. Peter Kelly thanked the people for the kindly reception given to himself and Mrs. Kelly.

On Saturday morning the services were continued in the Indian Church, Bella Cooola when the leading men of the Church were present. All were delighted to hear the words from the president, Rev. O. M. Sanford.

Rev. W. H. Gibson of Bella Bella, Rev. Capt. R. C. Scott of Ocean Falls gave interesting messages introducing their new minister, Mr. Kelly, who was pleased with the cordial reception given him by the people of the two congregations.

Twenty Years Ago in Prince Rupert

G. T. Williams who attempted to set fire to his rooming house some time ago was sentenced to ten years in New Westminster Penitentiary. A plea of insanity was not proven.

Police Magistrate Carss has returned to the city and resumed his duties in the local police court.

The Dominion Government steamer Quadra is carrying a gang and supplies for erecting a lighthouse on North Island and at the extreme northerly end of Graham Island and on Dixon Entrance.

Rev. A. M. Ross officiated at the wedding of Miss Edith Olive of Vancouver and George Rhodes Priestman, second engineer of the Distributor of this city.

T. S. Boggs is again taking over the B. C. Bakery.

The City of Seattle arrived in port with thirty-five tons of freight this morning.

BOY SCOUTS WERE HERE

Spent Sunday in City and Then Left For Terrace

The Anyox Troop of Boy Scouts with some of the local boys paraded to the First United Church last evening.

The Lesson was read by Scoutmaster P. C. Miller and later Scoutmaster Roland Gale of the Anyox troop gave a most interesting and practical talk on the Scout Law. Mr. Gale, who was introduced by Ald. P. H. Linzey who was in the pulpit in the absence of the pastor, Rev. A. Wilson, now on his way to England, thanked Mr. Linzey for his kind words of welcome and assured him that the boys had had nothing but the most generous treatment and unbounded hospitality since their arrival here. For many of the boys it was their first time out of Anyox and for nearly all the first time they had heard the "talkies" so that they felt quite civilized.

The Scout Law was not a mere theory but was practical and the living up to it developed the highest class of boyhood and later manhood. It called for trustworthiness and loyalty. The Jamboree held last year in England, attended by 55,000 Scouts from all over the world was a wonderful exemplification of the international value of the movement and all were loyal to their law. It was a movement to end war, to develop brotherhood. The Scout was a friend to all and to every other Scout. They were polite, a quality that was at a discount in these days of hurry and speed. They were humane, obedient, thrifty and clean in thought, word and deed. Critics were asked to remember that the Scouts were not perfect, they were boys first and Scouts afterwards.

Ald. Linzey felt the great possibilities and rare potentialities as he looked at the young men in front of him. He spoke on the text: "Wherefore take on to you the whole armor of God." The boys were at the age when they had to make a decision as to whether they would follow the road of self indulgence or the one of sacrifice, service and self surrender. The armor of God included the girdle of truth and the breastplate of righteousness. It provided protection from all sides. The hymns for the service were chosen by the Scouts and Mrs. A. Wilson presided at the organ.

Man in the Moon

Hullo folks! I've been making my fortune at fishing for the past week and just ran in at the week end to see if you were all asleep.

The other day
I wrote a verse
'Twas not so bad
But might be worse
To tell about
Miss Sally Snow
Who always said
"I told you so."

A friend who reads
Without being sore
Takes pen in hand
To write some more
Says how about
Miss Julia Plum
Who never uses
Chewing gum?

But there's a heroine
We all know
Wears dresses short
When long they grow.

Another man I know was going across to the Queen Charlotte Islands and the sea was very rough. Suddenly the ship struck a rock and the steward came running to tell him to get up as all were likely to be 'drowned. What was the surprise of the steward to hear the seasick passenger send up a cheer. But perhaps you were never seasick and don't know what he meant.

It was the day before yesterday I heard someone commiserating over the deplorable position of poor Mr. Bennett. One of the bystanders remarked: "Aye, but for the grace of God there too might have been Mr. Brady."

Jake says he understood Mr. Bennett was opposed to appointing envoys to foreign countries and now he makes himself minister of foreign affairs.

Jake also remarked that all the big gas bags were now out of the public eye except the R-100.

Anglicans at Terrace Give Pastor Welcome

Rev. E. A. McCarthy and Mrs. McCarthy Guests of Honor at Interesting Event

TERRACE, Aug. 11.—A very pleasant social evening and garden party was held at the home of Mr. and Mrs. G. Little on Thursday to give a cordial welcome to Rev. E. A. McCarthy, the new Anglican clergyman. Mr. Halliwell presided and briefly voiced the welcome of the church and congregation. Both Mr. and Mrs. McCarthy responded with telling speeches and the Rev. H. T. Allen of the United Church also joined in giving a warm hand to Mr. and Mrs. McCarthy.

Delightful solos were sung by Mrs. R de Kergommeaux, Rev. McCarthy and Rev. H. Allen, and Mrs. A. Attree gave a very welcome recitation.

WATERFRONT VERY BUSY

Some Congestion Saturday Evening Owing to Delay of Prince Henry

The waterfront and wharfs presented an animated and busy appearance on Saturday and Prince Rupert looked very much like a metropolis of shipping.

The C. N. R. Prince Henry was delayed with her load of 13,000 cases of cans for the canneries and was not cleared till 6 p.m. In the meantime the Prince John had docked and then the Prince Rupert arrived. The latter boat had to wait out in the harbor till the Henry pulled out. With the Prince William expected on her return trip from the Skeena and the dock accommodation already taxed to the limit.

At the same time the Pacific Coyle Navigation Company's tug Cape Scott with the distinctive log-barge Biscayne sailed down the harbor. She was bound for Powell River with a full cargo of spruce logs of approximately 700,000 feet loaded from the Big Bay Lumber Company. Later the tug Chieftain of the same company sailed with two empty scows for Union Bay.

At the government wharf the C. P. R. Princess Mary arrived at 2.30 from the Skeena where she had been delayed by heavy loading from the canneries and fog. She left at 4 p.m. At 3.30 p.m. the Princess Louise was in from the north with a large passenger list and left at 5 p.m. for Vancouver.

A large number of boats were in from the halibut banks and many salmon and fishpackers arrived owing to the close season over the weekend. Added to these were many local gasboats going to or from the Salt Lakes while an additional touch of color was added by a solitary canoe very noticeable on account of its bright red hull contracted with the white of its occupants.

District News

TERRACE

Thomas McMeekin, broker and commission agent, spent two days in town on business on his way to Vancouver via Prince George. He will meet Mrs. McMeekin in Vancouver for a holiday.

Mr. and Mrs. Henry and children of Smithers have returned to their home after a holiday at Lakelse Hot Springs. Mr. Henry is much improved in health.

The Spring Creek bridge work is being commenced under the supervision of John Pearson which will improve the Kalum Lake road.

E. T. Kenny left on Wednesday for Smithers where he will join another party motoring together over the Cariboo to Vancouver. He will also visit Victoria.

The Prince Rupert Boy Scouts, after two happy weeks at Lakelse Lake camp, have returned to their homes. They were given tests by Scoutmaster Miller and William Collison of Smithers.

Mrs. F. Nash, Jessie and Freddy, accompanied Mrs. Nash's sister to Prince Rupert and the Queen Charlotte Islands on Wednesday.

SALVAGING PLANE PARTS

Party Just Returned From Butedale Where Work Has Been Completed

The party that has been at Butedale dismantling the plane that crashed there recently returned to the city on the Union ss. Catala yesterday evening. The plane, a Simpson-Detroit monoplane on which a party of officials of the Canadian Fishing Company were passengers, was a complete wreck but the parts including the fuselage wings, and pontoons were brought through the bush after a road had been cleared and are now at the Butedale dock whence they will be taken to Vancouver on the Catala on her next southbound trip. Philip M. Ray, Lloyd's sub-agent here, has had charge of the salvage operations.
