PREMIER TALKS OF UNEMPLOYMENT

Declares Conditions in Canada Better Than States and Bennett Attempts to Exploit Situation

Government Has No Desire to Evade Responsibility and Will Assist Any Province That Asks For Help, He Promises

BRANDON, July 2:—Premier King last night opened his western campaign before a large audience here. As expected, the Premier devoted a considerable part of his speech to unemployment, the vital consideration in this part of Canada. He asserted that conditions were better in Canada than in the United States and cited figures in support of the declaration. He declared that Mr. Bennett, Conservative leader, was "eager to exploit the present situation for political advantage." The Premier attributed

such unemployment as existed to the partial failure of the wheat crop last year, curtailment of wheat exports with the inevitable contraction of purchasing power and the stock market failure.

The Premier insisted that there was no desire or effort on the part of the government to evade its proper responsibility in respect to unemployment. If any province would notify the Dominion government that the problem had become too great for it to meet, federal assistance would be given.

The proposal of Mr. Bennett to call a special session of Parliament to deal with unemployment was not a good one, the Premier declared. He said that such a session would cost \$2,000,000 and that the money could be better devoted to giving direct relief to the unemployed. The government had already announced its intention of holding a conference to canvass the whole matter and out of the conference it was hoped would grow "a practical conservative co-operative effort" to solve the unemployment problem.

With only a little more than two weeks to go, James Bremner is still leading in the Daily News campaign and is making a big bid for the first prize. Several of the candidates are a little dilatory in reporting. Every candidate should report regularly in order that the books of the contest may be kept in good order.

This is the time for active work. Very soon it will be too late.

DETAILS OF SHOOTING

Samuel Terpening, 57, Victim of Bullet From Brother's Gun in Hunting Fatality

Further particulars have been received at divisional headquarters of the provincial police here from Sergeant Greenwood of Pouce Coupe in connection with a shooting fatality there last Sunday when a man was shot in the bush by his brother. The dead man is Samuel Terpening, aged 57, and the man who did the shooting is George Ezekiel Terpening, aged 64. The latter is being held by the police on a manslaughter charge and on being held up for preliminary trial was remanded for eight days.

The two brothers were locating boundaries on their homestead near Tupper Creek and had decided to hunt a moose for food. They jumped a quarry and George proceeded to follow it while Samuel circled around. The former jumped the animal again but was unable to get a shot at it. A few minutes later he saw a movement in the bush and fired. He then discovered that it had been his brother, Samuel, at whom he had shot and that a bullet had entered his body four inches below the shoulder blade, coming out below the collar bone. Death is said to have been instantaneous. George carried the body of his brother into Pouce Coupe and reported the tragedy to the police.

PEACE RIVER IS DISCUSSED

Outlet to Pacific Coast is Mentioned on Vancouver Platforms and in Press

The Peace River outlet is again the subject of much discussion on the public platform and in the press of Vancouver.

Hon. Ian Mackenzie, Liberal candidate for Vancouver Centre in the forthcoming federal election, in the course of a campaign speech last week, said that Prince Rupert and Stewart would have their own outlet in time but that, if it was a feasible route, he believe there was a moral obligation to have the Pacific Great Eastern a factor in the solution of the question.

Farmers of the Peace River district do not relish the idea of an outlet to the coast through Stewart but rather a city which will provide a ready market for produce, Paul Suzor, French consul for Western Canada, said on his return to Vancouver after a tour of the Peace River.

A dispatch to the Vancouver Province from Prince George says that T. C. McNabb, chief engineer of the Canadian Pacific Railway, is now observing all possible passes in the northern territory and also the country lying between the Peace River and Stewart.

The Political Corner

Vol. 1. Wednesday, July 2, 1930 No. 18

Wanton Foolhardiness

Hon. R. B. Bennett, leader of the Conservative party, in his speech at Vancouver as reported in the "Province" of June 18th, called the Mackenzie King preferential tariff to Great Britain, "wanton foolhardiness" and "meaningless prodigality."

In face of the encomiums and praise heaped upon this Liberal fiscal policy by the newspapers and statesmen of the old land it sounds very strange to hear the above expressions of opinion from the Canadian Tory party, a party which has always laid claim to be the simple pure custodians of loyalty to that land.

Robbed by Mackenzie King of their divine right to wave the old flag at election time, it would almost appear as if they have determined to vent their spleen upon the innocent mother country.

How many Englishmen and Scotsmen in Canada today, knowing that Britain now purchases from us three times what we buy from her, believe it wanton foolhardiness to give a measure of preference to her without exacting something in return?

How many Canadians knowing that this balance of trade with England has always been overwhelmingly in our favor and realizing moreover our great indebtedness to the mother land, think it "wanton foolhardiness" and "meaningless prodigality" to extend to her a trade preference at a time when her industries are in such a bad way?

Mackenzie King had gone over there bargaining, it is very doubtful if he—in the face of their traditional free trade policy—could have convinced them of the wisdom of putting up tariff walls against other nations in order to give Canada a preference in return, but they have appreciated so much the spirit of his gift that they are now prepared to go a long way upon this road, and the economic conference this fall between the various units of the Empire will undoubtedly bring the mother country a step nearer to granting us this concession.

The Daily Express—Conservative—put the English reaction to our preferential tariff in a nutshell when it said:

"The Dunning budget constitutes the greatest advance in Imperial relations we have seen since the war."

Little opposition faced Mrs. Helen Willis Moody and partner, Miss E. Ryan, in capturing women's doubles crown in French tennis championships at Autiel, recently.

VANCOUVER, July 2.—Eddie Tolan, Michigan's "midnight express," defeated an all-star field in the one hundred metres invitation race on the Dominion Day international track and field meet here yesterday and, in doing so, set a new world's record for the event. Two world's marks were lowered at the meet while one was equalled and four Canadian records shattered.

In addition to Eddie Tolan's new world record for the 100 metre sprint, Lillian Palmer, Vancouver high school girl, ran 50 yards in 5 4-5 seconds to create a second world mark for the day.

Score of Seven to One in Exhibition Game—Lambie and Gurvich Pitch For Winners

HIBBARD HITS HOMER

In the feature attraction of the Dominion Day celebration on Acropolis Hill yesterday afternoon, Native Sons of Canada defeated the Elks in a well played baseball game, the final score being 7-1. The game was featured by airtight fielding by both sides. Hibbard, a new face on the line-up for the Sons, starred in the field and at bat. In the third inning he made a wonderful catch of Skimmer's foul in left field, turning a somersault after grabbing the ball. He collected two hits in four times at bat, one of them going through the left field fence for a home run.

Bill Lambie started on the mound for the winners and pitched a nice game for four innings, when he retired in favor of Dido Gurvich, who had the Elks baffled with his shoots until the final inning when they managed to score their lone run on two hits. Stan Moran went the full nine innings for the losers and was backed for nine safeties, which the native Sons bunched to good advantage.

Gomez, catcher for the winners, played a nice game, handling his pitchers well and catching the only man who tried to steal second on Monday.

The Sons took the lead in the second inning when four men crossed the plate on three walks and three singles. They scored one more in the fifth on two hits and an error and added two more the next inning, when Hibbard drove out his home run after Stalker had hit safely. Elks only counter came in the ninth when Moran singled and scored on Loblick's triple to left.

Terrace Beats Usk and Prince Rupert in Baseball

The annual picnic of the Canadian National Railways Employees' Association to Terrace yesterday proved a very successful and enjoyable outing. A special train, in charge of Conductor A. Berzer, left with the excursionists at 7.15 a.m. for the 96-mile trip to the interior and returned to town at 11:30 with the happy crowd. There were 460 persons leaving here on the train and, together with those picked up at waypoints, 485 arrived at Terrace.

At Terrace the visitors were greeted by the town band, under leadership of Walter Jordan, and there was a parade into town. A happy ceremony was the presentation to the visitors by Will Thompson of a key to the town. Then Terrace gave itself over to the entertainment of the picnickers.

Outstanding feature of the day's sport proceedings was the baseball competition for the cup put up by Ole Hanson which was won by Terrace players who beat Usk in the first game and vanquished Prince Rupert in the second. Immediately after the game, the cup was presented to its winners by Assistant Superintendent Clay of Smithers.

James Sturgeon's pipe band accompanied the excursion to Terrace.

Robert James, William Reid, Jack Mair, J. H. Horton and Jack Smith comprised the general committee in charge of the picnic. There were other sub-committees.

HAVE YOU TRIED A CLASSIFIED?

More and more people are turning to the classified columns of the Daily News to find what they want. Used cars, furniture for sale, lost and found, houses to rent or for sale, positions wanted. Pirates Ancient and Modern

The pirate of old preyed on legitimate commerce.

His black flag flying sinister in the breeze, he plundered honest merchantmen and despoiled them of the trade they had acquired through fair dealing and an equitable exchange of values.

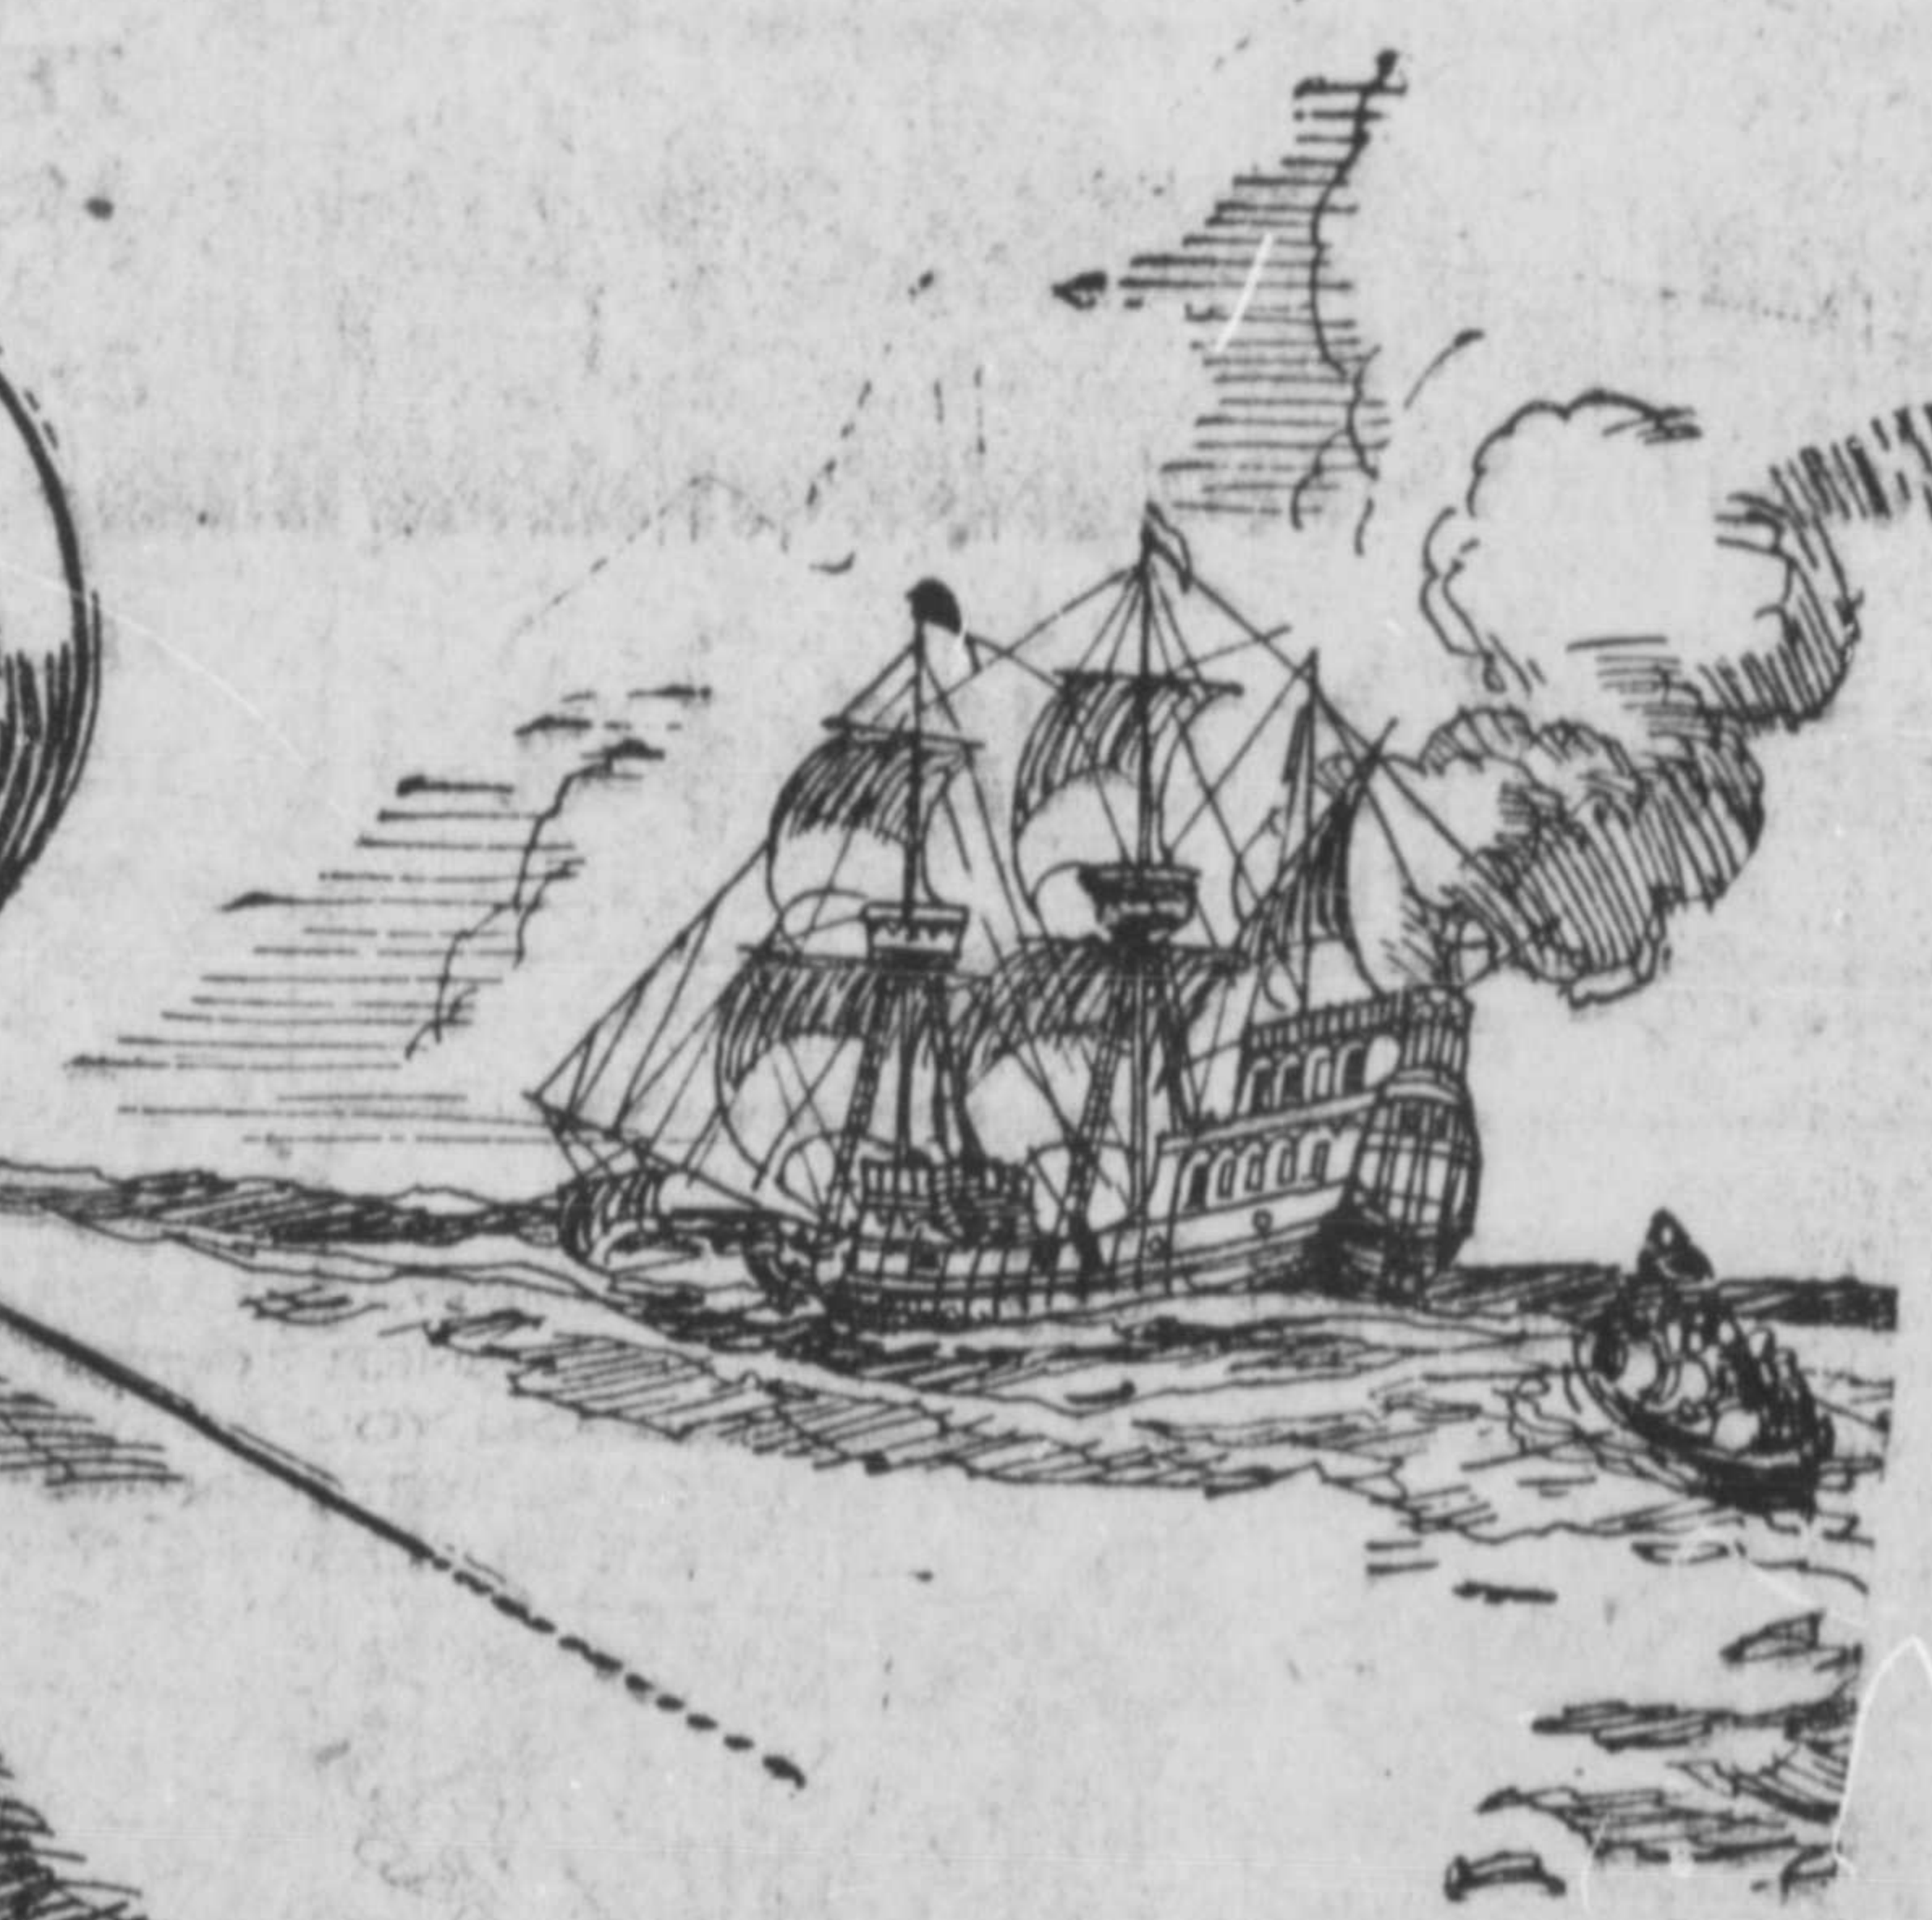

To-day the pirate of business flies the false colors of "Something Just as Good". An outlaw---he robs manufacturers of their well-merited trade and foists on the public goods of uncertain quality.

He works in the dark because he fears the light. Under the cover of substitution he proffers "something else" in lieu of branded advertised goods asked for. He dare not place his merchandise in the spotlight of advertising.

Advertising reveals the true character of goods. Manufacturers or merchants who trade-mark and advertise their products conduct their business in the open. They welcome inspection of their goods for they insist on the best of quality before the name goes on.

Nationally advertised goods are leaders in quality and value. For only goods of the highest standards of excellence can thrive under the searching scrutiny of advertising. Trade-marked goods *must* be as advertised, because every time a merchant or manufacturer advertises his products he places at stake the whole reputation of his business.

And daily newspapers are the outstanding medium through which the buying public are informed of the merits of these trustworthy products.

Pipe Major Cameron, veteran leader of the Winnipeg band, tied in the contest for premier honors in strathspeys and reels while Pipe Major Steve McKinnon of the Montreal C.N.R. band took first place for marching.

Mrs. Reed Made Speedy Flight

Was in Shelton, Wash., 800 Miles From Here, in 12 Hours

Mrs. William G. Reed, who came north last Tuesday aboard the racing yacht Buccaheer and received the tragic news immediately upon arrival here that her elder son had been murdered, leaving at dawn the next morning for the southern board Pilot Clayton Scott's Gulf Air Transport flying boat, reached Seattle before noon Wednesday on the plane which, after taking ten minutes to refuel, pushed off immediately for Vancouver, Wash., where the woman disembarked en route to her home at Shelton where the murder occurred. She was in Shelton in little more than 12 hours after leaving here.

ANNUAL RODEO JASPER PARK

Many Visitors From Continent Present at Resort Yesterday

JASPER PARK LODGE, July 2.—Visitors from Eastern Canada and the United States were present in large numbers for the annual rodeo which took place in Jasper yesterday on Dominion Day in which cowboys and guides from various parts of Western Canada competed in bucking contests, races and fancy riding exhibitions.

The display of horsemanship, under the auspices of the Jasper Horsemen's Association, was held this year in the new grounds below Whistler Mountain. Above a wide cottonwood flat, hillsides were terraced and stands erected to provide a vantage point for onlookers.

Sir Henry Thornton, president and chairman of the Canadian National Railways, and Hon. Charles Stewart, minister of the interior, assisted in the opening ceremonies.

Aerial Fishery Patrol Base Is at Swanson Bay

To institute the aerial fisheries patrol in District No. 2, Pilot W. N. Cumming arrived at Swanson Bay late last week with a Western Canada Airways flying boat. As was the case last year, Swanson Bay will again be made the base this season for the fishery patrol in the southern part of the district. The Western Canada Airways has a contract for 400 hours of flying on fishery patrol this summer.

GREAT FUN FOR DOUBLE

Miss Betty Sanford Smith Likes Movie Business

JASPER PARK LODGE, July 2.—"Moving picture artists are a happy people who go through the trials and sometimes the perils of their profession with good humor and zest," said Betty Sanford Smith of Toronto, who returned to Jasper Park Lodge from Mount Robson, where during four days she saw "the other side" of acting on the screen and found it to her liking.

Doubling for Lois Moran, star of "The Red Sky," sound movie being taken in Jasper Park and at Mount Robson by the Fox Film Company, Miss Sanford Smith, blonde and vivacious, entered intimately into the life of a film party on location. She rode with the Hargreaves Bros pack pony outfit, 18 miles from the Canadian National Railways to Berg Lake; saw a grizzly bear and goats on the mountain side and watched great masses of ice tumble off the Robson Glacier.

Former Local Operators For Arctic Ocean

Peter Davies, formerly wireless operator aboard the lighthouse tender Newington and for the past year or so a member of the staff of Digby Island wireless station, is about to leave for Vancouver where he will embark on the Hudson Bay Co.'s steamer Baychimo for Coronation Gulf on the Arctic Ocean where he will be stationed for the next two years.

Herbert Holt, a former member of the local wireless station staff and for the past few months located at Victoria, left Vancouver last Friday aboard the Royal Canadian Mounted Police patrol boat St. Roch on which he will spend the next year in the Arctic.

Winnipeg Naval Reservists Are At Esquimalt

VICTORIA, July 2.—Under command of Lieut. F. J. Kelly, a party of thirty-five Winnipeg boys, members of the Royal Canadian Naval Reserve, have just arrived here for three weeks' training at Esquimalt Naval Station. For many of the boys, it was the first sight of salt water.

FLOATS ARE IN USE NOW

Several Boats Are Already Tied Up at New Moorings Just East of Dry Dock

The new fishermen's floats just east of the dry dock are now in use and quite a few boats are already moored there. These fine floats are a real acquisition to the local waterfront facilities and a credit to their builders, John Currie & Son.

Full use, however, will not be made of the floats until a road has been built to connect them with the city. At present, there is no semblance of a road but it is understood that the city is taking the necessary steps with as little delay as possible toward having the road provided.

WHITE BEAR AT JASPER

Freak Bruin Was Taken at First For Mountain Goat

JASPER PARK LODGE, July 2.—A black bear that is completely white has been found a few miles beyond Jasper Park Lodge on the motor road above Maligne Canyon. The bear, apparently in excellent condition and preserving all the characteristics of the ordinary black bear, sighted crossing the road in a heavy spruce forest was taken at first for a ghost or a mountain goat by a party of riders.

R. H. Knight, superintendent of the park, stated that it is the first time in his experience that he has heard of such a freak. "A white bear," he said, "was reported to be somewhere within the park some time ago. It is a freak, but no action will be taken to capture it for a museum or zoo."

In the last Vancouver Sunday Province appears a picture of a group at the recent picnic at Vanderhoof in connection with the visit there of members of the British Columbia Dairymen's Association. A number of prominent people are to be seen in the picture.

BE SURE TO GET YOUR MONEY'S WORTH

IT'S your money. You've earned it. It will be spent. For fuel, clothes, furniture, food, all sorts of necessities . . . and if there's any left, for luxuries.

The way to make that hard-earned money go farthest is to purchase products of certain value. Products backed by well-known manufacturers. Products that are widely bought and used, that are carefully and painstakingly kept to high standards of quality, and that have been found over and over again to give full worth. Advertised products!

When you buy a suit of clothes, a pair of shoes, or a household necessity, that is advertised in this paper, you are buying a product whose maker is willing to talk about it, tell about it, put what he knows about it in print and sign his name to it. When you buy advertised merchandise by name, you get the utmost of purchasing value from every dollar. Read over the grocery lists that appear weekly in the Daily News and note the savings you will make by purchasing from these lists.

Because it doesn't pay to advertise poor products,
It does pay to buy those advertised.
