Twelve Million Pounds to Be Saved to Britain as Result of London Conference

LONDON, July 31:—The First Lord of the Admiralty announced yesterday that it had been decided by the government to reduce the naval expenditures by twelve million pounds.

Asked For Post Office Site When Reached the City

Sixteen years ago C. E. Walden of Los Angeles came through to Prince Rupert on the first observation car to cross through the Yellowhead Pass.

The Rotary Club luncheon today with James Lee presiding in the absence of President S. D. Johnson dealt with purely club matters, the new chairmen of committees having charge of four different groups.

It is said that the speakership of the House of Commons will go to either George Black of the Yukon or Hugh Guthrie of South Wellington.

A conference between Premier King and Premier-Elect Bennett lasting an hour was held yesterday. At the conclusion Mr. King said Mr. Bennett had informed him he would not be ready for some days to take over the government.

Mr. King said he and Bennett had a pleasant talk during the course of which they discussed some features of the campaign.

NEW GERMAN ZEPPELIN IS BEING BUILT

Finishing Touches Being Put to Faster and More Effective Flying Ship

FREDERICKSHAFEN, Germany, July 31:—The finishing touches are being put on the new Zeppelin D-O-E which is being built here and which is expected to be much faster and more effective than the Graf Zeppelin.

The new airship is expected to make her initial flight to New York about September 8. She will be in command of Chris Christiansen, who will have her out soon on her first trials.

Lumbermen Look to British Market For Sale of Their Wares As All Others Are Unreceptive Just Now

VICTORIA, July 31:—Urging that greater participation in British market by British Columbia lumber and asking that a delegation be sent to the Imperial Economic Conference in the fall to further this aim, a delegation representing the lumbermen of the province are waiting on Premier Tolmie today.

The lumbermen describe conditions in the province as exceedingly unfavorable at present. Prices are falling and the demand for lumber is shrinking.

Special Session of Legislature Expected to Be Called Soon to Deal With Unemployment Question

T. D. Pattullo Criticizes Expenditure of Huge Amounts Voted at Last Session—Asks For Watt Inquiry Soon

VANCOUVER, July 31:—It is reported here that the Tolmie Government is planning to call a special session of the Legislature for the purpose of dealing with the unemployment problem.

T. D. Pattullo, leader of the opposition, discussing this today here said: "The government appropriated \$27,000,000 for current expenditures and \$24,000,000 for capital purposes only six months ago at a regular session and it is astounding to learn that they are in financial distress so soon."

Mr. Pattullo also expressed the hope that Premier Tolmie would immediately appoint a commissioner to investigate the dismissal of Norman Watt, former government agent at Prince Rupert.

More Efforts Being Made to Win Wealth in Gold From Black Sands of Graham Island With New Apparatus

Two Operations Now In Progress in Charge of Douglas Willemar and R. G. Mellon, Respectively

Another big effort is being made this summer to extract the gold from the black sands of Queen Charlotte Islands. Two outfits are at work on the east coast of Graham Island in the neighborhood of Tow Hill.

The other effort is being made by an outfit in charge of R. G. Mellon who arrived at Prince Rupert this morning aboard the steamer Prince Charles.

Work has been done on these black sands almost every summer for 20 years. The gold is there but the difficulty is to separate it profitably.

PRICE OF WHEAT

There was another drop in the price of wheat yesterday and again the hopes of the farmers are dashed. Unfortunately for the whole country the world does not seem as eager to buy as Canadians are to sell. It really looks as if the Canadian farmer would have to consider more seriously the question of cost of production.

CHEAP GOODS HERE

Once again we feel constrained to comment upon the cheapness of goods in Prince Rupert. People who do not get good values possibly have not tried those houses that advertise their wares and are not afraid to quote prices.

We suggest that the goods offered this week are well worthy of investigation. This is the end of the month and usually at this time people have some money to spend and want to get the most they possibly can for it. Take this tip and try the advertised goods.

LENGTH OF PARLIAMENT

The House of Commons elected Monday is the seventh national legislature created since Confederation. The dates on which general elections have been held follow: 1867, 1872, 1874, 1878, 1882, 1887, 1891, 1896, 1900, 1904, 1908, 1911, 1917, 1921, 1925, 1926.

Canada's "short parliament" was that chosen in 1925, which lasted only one year. Its "long parliament" was that elected in 1911, which was not dissolved until 1917. The House elected in 1867, that of 1882, and that of 1891 each lived out its full five-year term. That of 1908 was dissolved after three years. The other 10 Houses have each carried on for four years.

Four years has thus been established in practice as the length of a parliamentary term, dissolutions occurring at that interval more often than at all other intervals together. The 16 Houses which have covered the period of 63 years have only failed by one year of averaging four years each.

Coolidge was strong and silent, but so is limburger cheese and people do not want much of it.

One never realizes how many dangerous maniacs there are in the world until he drives around the streets of Prince Rupert or out the new highway on a Sunday afternoon.

Its a wonderful world. Every few years we have an election and half the people do not know why they vote one way or the other.

Now that the election is a thing of the past, let us talk about the weather or the tourists or ourselves. It is more popular.

Its queer that now the elections are over an immense gas bag called the R-100 should be coming to Canada.

Jones was proudly conducting his friend Smith over the new house. It was really a comfortable dwelling and Smith duly admired its qualities.

"Yes," he said, "you've certainly got hold of a very nice house. But I see you haven't named it yet. What are you going to call it?"

"Littledown."
"Littledown? What on earth for? That's hardly suitable for a house in a town like yours."

"Oh, yes, it is. Littledown— and balance by instalments."

THE GLOW IN THE SKY

A small boy was watching a bright glow in the sky with the utmost delight.

"I am glad you admire the beauties of nature, my son," said an old gentleman. "Isn't it a lovely sunset?"

"That's not a sunset," replied the boy, with a grin. "That's our school on fire."

The Letter Box

USK MAKES PROTEST

Editor, Daily News:—
Herewith a little write-up concerning the Usk-Terrace Highway that the government is spending so much money on this season, and the benefit that it is to the residents of Usk and Terrace.

The highway between Usk and Terrace has been opened for the past three months so that cars and trucks can get through making the run of 12 or 13 miles in about one hour, which considering the bad hill and two miles of rough road from the ferry to Cole Creek, is very good. But after all there is no use having a road when you cannot get to drive on it except between the hours of 7 and 6 in daytime, and one would think that the government placing men to run the ferry would issue instructions that the ferryman must take the public over the river upon payment of the proper charge (whatever that is) and they must have a regulation charge but we people of Usk cannot find out just what it is, nor can we get any service from the ferryman. If we cross during working hours we must listen to all kinds of sarcasm, look at the scowls that are cast our way and get on and off the ferry at the best of our ability. If the landing is good it's all right, and if it is half a landing it's just the same.

If we start the engine in our car before the plank is put down we are told, "You will jolly well wait till I say you can get off this ferry." Then again, if we don't start the engine before the plank is down, we hear, "Are you going to park there all day." Now, dear Editor, would you call that being nice? Now I ask you.

If you make a trip over the river and have to walk up to the river bank, 30 or 40 yards, and you are coming right back, the ferry will not wait five minutes, but when you get back to the landing before it docks at the other side, it returns for you and makes another entry for a trip, which goes to prove that the ferryman is worked too hard and is imposed upon.

Why, I ask you, when we had a man in charge of the ferry, Mr. Sparkes, was he not allowed to remain? There was no criticism from him, always ready day or night to make a crossing. But the present man appears to be looking for trouble all the time and anything the public want, is contrary to his way of thinking.

Ball Team Disappointed

We have gone to considerable trouble, spent over \$200 to get a baseball team, make a ball grounds and get our equipment together this season, so that we could enjoy the odd Sunday motoring to Terrace for a day out, play a ball game, get beat as usual and return home, then get the odd dollar that the Terrace boys and girls want to spend, have them come over and enjoy a night's dancing with us, and believe me they sure know how to enjoy a dance at Usk and the good time we also have when they show up, a couple of their musicians always come along and help out with the musical end of it, making a real orchestra out of what we can produce ourselves. If you don't believe it just come to one of them or ask the Terrace boys and girls. But again, what's the use. Two dances we put on cars from Terrace laden with fair dancels and their boy friends arrived on the south side of the river, but that's as far as they could get. They listened to the music across the sea and then down-hearted returned to their home town, and why. Well I'll tell you. The ferryman was not in good humor, didn't need the money and wouldn't bring them over, even after being told that in the event of any of the Terrace people coming to a dance that didn't pay for crossing, that the baseball team, meaning yours truly, the secretary, would pay the bill if he would turn it in to the ball club. But no again, he doesn't need the money and cannot make the trips.

Saturday night, July 26, we had a rare time, a dance n'everything and the baseball club put it on, and again the Terrace crowd took a chance to attend and if it were not for A. A. Macdonald, one of our good friends and baseball supporters, I'm afraid they would have gone home again, and never to return to a dance at Usk. But Mr. Macdonald came through with the loan of an outboard motor boat and made six trips across the Skeena and brought 16 people over. Needless to say it netted the ball club 12 or 13 dollars for the dance gave a few of the Terracettes a foot bath including Johnnie the sax player, but they all had a good time nev-

ertheless, again the ferryman was at the ferry to see it didn't get lost, kept it padlocked and stood on the windswept deck to keep the public off. One very enthusiastic young man from out of town, felt he should take the ferry himself and we nearly had some fun, only thing was the ferryman was aged and the youngster had to be held off, but if he had been younger I'm afraid there would have been fireworks, insofar as he took hold of the younger man, which he had no right to. Of course this all goes to show you what a good time we all had, before and after. Then after the dance he, I mean Mr. Durham

very kindly got up (of course he had been previously paid for the trip) and took them all back across the river, but had he not done so, Mr. Macdonald hadn't run out of gas and his willing assistant was right on the job.
Do you for one minute think that any sound reasoning public or community is going to stand for this kind of treatment. Sure they are not.
Terrace Wins
The Terrace Baseball team came to Usk on Sunday and played a baseball game, winning as usual although they did not have their re-

gular lineup, some of their players being out of town. We also had one of our best players out of the game with a poisoned hand, therefore the weakened Terrace team made a better standing, the score being 8-7 in favor of Terrace. While the game was efficiently handled by Umpire McKenney, and of course we blamed him for losing the game, but I think he will do better next time. You see he called one badly and we had to kick about it. There may have been more bad ones but we didn't see them anyway he got by without much arguing. Too bad he does not play because I'm sure he

can razz an umpire pretty well himself.
The election returns will be in before you get this letter so I think that the people will know it was not written from a partisan standpoint of view, regardless of how the election turns out, as there will be some who might think such was the case.
Yours truly,
J. E. PANTER.

Doctors Study Cancer Growth

Cells Grown Artificially For First Time—Results Give Hope For New Attack on Disease

NEW YORK, July 31.—Growing cancer artificially and the new hope it offers were described by Dr. Francis Carter Wood, Director of Crocker Cancer Research Institute of Columbia University, just before he sailed to attend at Amsterdam the International Congress of Experimental Cytology. These men work with live cancer cells, one of the latest developments in cancer study, which began with learning how to graft cancer upon animals and raise it artificially. Now a start has been made at growing human cancer in glass tubes.

"We are starting," said Dr. Wood, "to do what Pasteur did when he showed the way to cultivation of bacteria artificially, a work upon which are based some of medicine's greatest advances. We know no cancer bacterium or germ, but we have, and can see with a microscope, the cancer cell. It causes cancer, and does so plainly by ability to grow much faster than a normal body cell. But for 3,000 years we have been compelled to work with dead cancer cells. Now for the first time we have them alive, and capable of producing cancer. We wish to know why they grow so fast, something we shall never know until we actually see them growing."

DAY FOR POTATOES

KNOCKOUT FOR HEENEY

Australian Heavyweight Goes Down Before Tuffy Griffiths at New York

NEW YORK, July 31.—Tuffy Griffiths of Sioux City, heavyweight, plastered a technical knockout over Tom Heeney, the New Zealand veteran, in the ninth of a 10-round bout here last night. Heeney was helpless and the referee halted the battle.

RULED OUT FOR CAUSE

The manager of a music hall was testing the abilities of a few candidates for stage honors, and this is how he let down one of the would-be funny men: "Your songs won't go for me. I don't allow any profanity in my theatre," said he. "But I don't use profanity," was the reply. "No," said the manager, "but the audience would."

Came a Crash In Edmonton

Smash of Two Cars Almost Proved Fatal to Number of Occupants

EDMONTON, July 31.—Passengers had a miraculous escape from death and two were severely injured when two heavy and expensive cars crashed head on into each other at 4 p.m. Sunday, two miles east of the Seba corner on the Jasper Highway.

Dr. J. S. Smith, well known local physician, had ribs fractured, while Miss Peggy Mooney, daughter of Dr. B. R. Mooney, of this city, had one leg broken and is now a patient in the Misericordia Hospital.

Mrs. Margaret Lindsay, believed to be the most seriously injured person in the crash, was riding with Dr. Smith. She is in the Misericordia.

Riding with Mr. Mooney in a Springfield, Mass., registered coupe, was Leroy Goldsworthy of the New York Rangers hockey team, who spends his holidays in Edmonton, his home town. He received internal injuries and a number of cuts and lacerations.

Three lady passengers riding with the doctor all received minor injuries, and are suffering from shock as a result of the crash.

Water Makes Crops

In the production of one bushel of wheat nature uses over thirty-one tons of water. This is but one of the very interesting facts disclosed in studies of soil moisture and crop production by experts of the Dominion Department of Agriculture.

Sale Starts Friday, Aug. 1, 10 p.m.

NOTICE TO THE PUBLIC

It is optional with Joseph, the Adjuster, to dispose of this magnificent stock in bulk or sell at retail in order to realize a sufficient amount of cash to satisfy the claims of the creditors owing to the desire of the B. C. CLOTHIERS, LTD., to remain in business. We will try and sell the stock at retail by offering the public unusual bargains. SALE Starts FRIDAY, AUGUST 1, at 10 a.m. FOR 14 DAYS ONLY.

THE CAUSE OF THIS SENSATIONAL SLAUGHTER

We bit off more than we can chew. We recently opened up with a "brand new" stock of nationally advertised brands of merchandise, and owing to the financial business depression throughout the country, forces us to raise a large amount of cash, in order to meet our past due bills, and bills about to become due. Hence this Terrific SACRIFICE.

Holiday Resorts

RAINBOW TROUT
Are plentiful this season in the Stuart Lake district, they take either fly or spoon. In this wide virgin country there are hundreds of miles of waterways in lake and stream with many pleasant bays and wooded sites, unexplored by white men. Now that really good accommodation is provided and modern camping equipment is obtainable, many are taking fishing trips.
Another important attraction there is a ride or hike to the top of Mount Pope, from which a wonderful picture is seen—100 miles of lake and woods in every direction.

Tommy Armour Beat Champion Golf Tournament

ANCASTER, Ont., July 31:—Tommy Armour of Detroit won the Canadian open golf championship yesterday in a 36-hole play-off with Leo Diegel, the champion, scoring 138 to 141 for Diegel.

SPORT CHAT

Centrals and Elks will meet tonight in a regular league fixture. The Central are determined to win this game and not throw it away as they did with their last meeting with the Antlered herd. The Elks admit they were lucky to win their last game with the hotelmen but think they won't need Dame Fortune to assist them tonight. However we shall see who is right tonight.

People are still talking about the recent bout in which Phil Scott, the veteran English heavy was knocked out in the second round by Young Stribling. Scott is no youngster and it is not certain that Stribling added much to his prestige by knocking him out. Stribling was the man that the late Tex Rickard picked for heavyweight champion but possibly it is because of the absence of Rickard that Stribling is not right at the front.

Primo Carnera, the Italian Giant is not likely to get a chance at the heavyweight championship and the big money on the present visit to United States. It is understood that he will be leaving the States soon for Mussolini's land. He was refused entry into Canada recently, being told that if he once crossed the border he would have to stay on this side.

PREPARING MEET GRADS

Local Girls Begin Practices and Expect to Be Ready By August 20

In preparation for the visit of the Edmonton Commercial "Grads," the world's basketball champions, on August 20, the local team commenced practicing last evening. The first work-out took place at the Exhibition Hall and the girls entered into the practice with snap and pep, which if kept up, will have the local team in fine form for the coming contest. Practices are to be continued on Mondays, Wednesdays and Fridays, until the visitors arrive on the morning's boat, August 20.

Following is the line-ups of the two teams:

Grads: Margaret Kinney, Elsie Bennie (Capt.), Gladys Fry, Mildred McComrack, Doris Neale, Mae Brown, Margaret MacBurney and Babe Belanger. Coach, J. Percy Page.

Prince Rupert: Julia Walters, Sue Boddie, Margaret Gilchrist, Catherine Irvine, Evelyn March, Ella Steen and Phyllis Harvey.

Hump Salmon Not Arrived at Islands As Yet

MASSETT, B.C., July 31:—Humpbacks have not shown up in anything like quantity yet and all the canneries on Massett Inlet are standing by waiting for the silver horde to show up. The Massett Cannery at Old Massett, John Dybhavn manager, is the first to operate this season and shipped out the first thousand cases of coho on the Prince Charles last night. This is a very gratifying start for the youngest and most up-to-date plant on the inlet.

The election went off very quietly and although such a time is naturally quite an event there seemed to be nothing unusual in the air.

Many Visit Tlell, Stay at Home Farm During Summer

James Denholme of Ocean Falls arrived this morning from Queen Charlotte Islands on the steamer Prince Charles. He plans to continue south tomorrow. Mrs. Denholme is remaining for another week or two at Tlell with her mother, Madam Rajout of Home Farm. She will spend a week with friends in Prince Rupert before returning to Ocean Falls.

Mr. Denholme says Home Farm has been very busy this summer, some 20 guests being there at one time. Just now there are not many left, only five or six remaining.

HOMERS IN BALL GAMES

Gehrig, Henrick and Wright Scored in Different Games Yesterday

PHILADELPHIA, July 31:—Brooklyn tightened her hold on first place in the National League by winning two games from the Phillies yesterday. Henrick and Wright hit homers in the second game. Chicago was idle yesterday.

In the American League the Yankees took two games from the Red Sox at Boston. Gehrig hit his thirty-second homer during the winner's six-run rally in the tenth inning of the first game.

At Washington President Hoover saw the Athletics increase their lead over the Senators. Yesterday's scores:

American League
Philadelphia 7, Washington 4.
St. Louis 3-6, Chicago 1-2.
Detroit 6, Cleveland 5.
New York 8-10, Boston 2-1.

National League
St. Louis 5, Pittsburg 6.
Boston 2, New York 5.
Brooklyn 9-9, Philadelphia 5-4.
