Heavy Mortal Toll in Gas Blast Wednesday In German Works

Explosion Results From Blast—49 of 193 in Mine Rescued and 81 Bodies So Far Taken Out

NEORODE, Germany, July 10.—One hundred and forty-four persons lost their lives yesterday in an explosion at the Wencleslaus mine when a large gas pocket was suddenly tapped during blasting operations. Forty-nine of the 193 workers in the mine were rescued. Eighty-one bodies have already been recovered and rescue workers are searching for the others. The Wencleslaus mine is one of the big coal producers of this country.

PREMIER IS HEARD

Kamloops Address Came in Clearly Here—Peace River Outlet Discussed

Last night the speech made by Right Hon. W. L. Mackenzie King at Kamloops was heard very plainly in Prince Rupert from radio station CNRV, Vancouver, and a number of local fans tuned in. Others would have done so had they known of the event.

Dealing with the Peace River outlet, Premier King said that, while the railways were asked to take action, the final decision would rest with the government. The railways were now securing information and, if they did not take joint action within the six months, the Premier promised that the government would do so and have the work under way within a year from the time of the last session.

Also the Premier said that if the unemployment situation should become acute and the work needed to provide employment, the government would probably start the work at an even earlier date.

FORMERLY MINISTER

Hon. Louis Belley, Once Postmaster General, Died at His Home in Quebec

QUEBEC, P.Q., July 10.—Hon. Louis deG. Belley, aged 67, who was Postmaster General from September to December 1921 under the Meighen administration, died here last night.

The late Louis deGonzague Belley B.A., K.C.B. was born February 3, 1863, at St. Alexis de Grande Baie, Chicoutimi County, and was a French-Canadian. He was educated at the College of Chicoutimi and at Laval University where he took his Bachelor of Arts degree. Then he took up the study of law and a distinguished career as a barrister followed. He was unsuccessful candidate for the House of Commons in the constituency of Chicoutimi-Saguenay in 1892 but succeeded in being elected there in 1896. In 1921 he entered the Meighen cabinet during its short regime but was defeated by Hon. P. F. Casgrain in the general election in Charlevoix-Saguenay that year by a vote of three to one. That was the end of his Parliamentary career.

The late Mr. Belley, who was a Roman Catholic, was married in 1889 to Lydia Guay. Besides his widow, he is survived by five sons and five daughters.

VANCOUVER WHEAT

VANCOUVER, July 10.—Wheat was quoted on the local Exchange today at 95c.

PRINCE HENRY SETS NEW SPEED RECORD FOR VANCOUVER RUN Word was received here today that the new C. N. R. steamer Prince Henry reached Vancouver exactly at 9 this morning after her maiden trip on the Alaskan run. The Prince Henry did the 500 miles from here to Vancouver at 20 1/2 knots in an even twenty-four which is said to be a new time record for the run. The former record was 26 hours made by the Prince George in 1918. The vessel sails from Vancouver at 10 o'clock tonight and will be here on Saturday morning on her next Alaska trip.

ALASKA SALMON

Good Fishing in Northern Waters Expected by Commissioner

JUNEAU, July 10.—Red salmon in Bristol Bay and pinks in Prince William Sound indicate that salmon fishing will be good in Alaska waters during the summer packing months, Henry O'Malley, United States commissioner of fisheries, said yesterday. He would make no predictions concerning the final pack this season and said that the appearance of Japanese fishermen in the Behring Sea should cause no alarm as long as they confined their operations to international waters.

IS KILLED BY STRAY BULLET

Lieut. A. J. Farrar of Victoria Victim of Unfortunate Accident at Camp Hughes Yesterday

WINNIPEG, July 10.—Lieut. A. J. Farrar, aged 22, who came here a short time ago from Victoria where his parents reside, was accidentally killed when struck in the head by a stray bullet at target practice at Camp Hughes yesterday.

MACKENZIE KING SPEAKS IN KAMLOOPS

A Clash Between Workers and Burma Police

A clash between striking dock-hands and military police in Rangoon, Burma, caused the police to open fire on the rioters. During the melee two were killed and several others were injured. Following an exchange of shots and considerable hand-to-hand fighting, the strikers were dispersed after several of the ringleaders had been arrested.

Compares Conditions In Canada With State of Australia Affairs

Points Out That One Government Is Taking Off Taxation While Another Increases It—Alex. Manson and Harry Perry Are Also Speakers

KAMLOOPS, July 10.—Conditions in Canada and those in Australia as indicated in the Australian budget were contrasted by Premier King in speaking here last night. It was the Prime Minister's fifth and last meeting in British Columbia and he had been reviewing the financial record of his government. He had, he said, been handed a news despatch on his train dealing with the Australian budget. The government of that Commonwealth had decided to make drastic increases in taxation in an endeavor to recover financial losses. It was faced with a deficit of approximately \$60,000,000. Much different was the story in Canada which last year had a surplus of between \$40,000,000 and \$50,000,000, said the Premier. Australia was putting on a sale tax just when Canada was taking one off. Australia was finding it necessary to increase taxation while, according to the Premier, Canada was reducing hers by a million dollars.

The meeting was large in spite of extremely hot weather and the Prime Minister was given an attentive hearing. He stressed the great importance of the Dunning budget, because, through its provisions with respect to British preference, Canada's wheat market in Great Britain might be assured.

A. M. Manson K.C., M.L.A. for Omineca, paid tribute to H. G. Perry, Liberal candidate in Cariboo, and Mr. Perry expressed appreciation for the reception that had been given the Premier and declared that there was a feeling throughout the riding that Cariboo would be returned to the Liberal fold on election day.

LABORITE ELECTED

Government Retains North Norfolk By Reduced Majority in English By-Election

NORWICH, England, July 10.—The Labor party retained North Norfolk seat in yesterday's by-election. Lady Noel Buxton was elected by the small majority of 179 over T. A. Cook, Conservative candidate.

In the last general election, Noel Buxton, who has now been raised to the peerage, was elected by a majority of 1800 over the Conservative in a three-cornered contest.

FLEET IS WELCOMED

Prince Rupert Is Filled With Jolly Yankee Gobs Enjoying Shore Leave Here

Hundreds of gobs from the six visiting American destroyers made a lively town of Prince Rupert last night and well into the morning, there was shore leave revelry along the downtown streets. Restaurants and refreshment places did a rushing business, many local citizens entering also into the spirit of the occasion. Prince Rupert is extending a hearty welcome to these jolly sailors.

During the evening, many local people visited the ocean dock to look over the trim warcraft about which there is always a certain fascination. Today is visitors' day aboard the destroyers and many people are going down this afternoon to inspect them.

Columns include Summary (American—3,000 pounds, 11.4c and 7c; Canadian—25,500 pounds, 10.6c and 6c and 10.9c and 6c), American (Eastern Point, 3,000, Cold Storage, 11.4c and 7c), Canadian (Convenant, 21,000, Cold Storage, 10.9c and 6c; Margallice, 4,500, Atlin, 10.6c and 6c).

BODY OF CAPTAIN GILLEN IS FOUND

VANCOUVER, July 10.—The body of Capt. W. H. Gillen, aged 55, who disappeared on June 3, a few days previous to the sailing of his ship Old Maid 2 for the Arctic, was found in Burrard Inlet yesterday. He is presumed to have met with an accident and fallen into the inlet.

Prominent Mining Engineer Inspects Interior Groups Cronin Mine Crew Increased

(By L. S. McGill, Manager, Smithers Chamber of Mines)

SMITHERS, July 10.—Henry Lee, mining engineer, who has managed the famous Bell Mine at Beaverdell for Duncan McIntosh and who formerly was in this district in charge of operations of the Federal Mining Company, has returned to the district to look over several prospects at the instance of E. M. Hoops of Telkwa. Among the properties under consideration by Mr. Lee for development are the Golden Eagle group of Topley, the Topley group of Matthew Sam, immediately adjoining, and the Glacier Gulch group, Hudson Bay Mountain. All of these are high grade silver-lead prospects but the Glacier Gulch group has a remarkably good gold-bismuth showing in addition.

Dr. J. Mackintosh of Ottawa paid a visit to the district and inspected development work done at Duthie mine since last October. This work has added very much to the value of that mine.

During the past two weeks development work on the Mayflower group, immediately adjoining the Duthie mine to the northeast, has definitely established the continuation of the vein of high grade ore opened up on the Canary claim of the Humming Bird group by Duthie Mines Ltd. last fall. This has now been well exposed in a big open cut some 1150 feet beyond the farthest Duthie workings and is of value not only to the Mayflower group but to Duthie Mines as well for it shows a continuation of the ore well beyond the upper limits of the Duthie ground. The showing has mineralization exceeding 15 feet in width but much of this will not make commercial ore. It gives a length of established ore in the main veins of Duthie Mines exceeding 6,000 feet and varying some 1900 feet in elevation from the lowest to the highest point.

Good results continue to be obtained in the development of the silver-copper showings on the Rainbow group, Babine Range, northeast of Smithers.

Tom Riley, Anthony MacDonald and crew came in this past week with some high grade from the Milk Creek showings known as the Grand View group, located by them a year ago. They have now returned to do further work on the claims,

GOV'T AID IS SOUGHT

Province Will Be Asked to Aid Establishment of Steel Plant on This Coast

VICTORIA, July 10.—The announcement in Toronto of a \$23,000,000 steel plant to be erected near Vancouver to use Texada Island iron ores will be followed by negotiations for provincial government assistance, it is understood here.

The Coast Range Steel Co. will apply to the province for imposition of steel bounties provided by existing legislation, it is expected.

ELECTS SPEEDY TRIAL

Robert Lawson and Dick Lattie, Port Essington Indians, elected for speedy trial on charges of jail breaking on appearing before Judge F. McB. Young in County Court this morning. The trial will proceed tomorrow afternoon.

The Political Corner

Vol. 1. Thursday, July 10, 1930 No. 25.

The Disabled War Veteran

"The Evening Empire" in a recent editorial tried to mislead its readers into believing that the Mackenzie King Government had not been fair in its treatment of the war veteran.

Let us see what the "Canadian Military Gazette" has to say about the subject, as reported in the "Financial Post" of June 26, 1930.

"Experience and investigation have borne fruit, and it is safe to say that now Canada stands easily first in all the countries of the world in her treatment of war sufferers. It would be idle to say that perfection has been attained. No doubt for years to come changes and modifications will be necessary, but a fine working basis has been established, and returned men will never again have the bitter feeling that the country, immersed in material things, has turned its face away from them.

"Let us take the case of the totally disabled pensioner with a wife and two children. Such a man draws:

- "In France, \$359.42.
"United Kingdom, \$803.47.
"South Africa, \$864.35.
"Australia, \$980.60.
"New Zealand, \$1,012.25.
"U. S. A., \$1,200.00.
"Canada, \$1,524.00.

"Thus we see that this country pays \$500.00 more than the next highest sister Dominion and \$324.00 more than the rich United States.

"In an earlier article we have already dealt with the splendid provision made for the burnt out man.
"Yes, Canada is nobly generous to her soldier heroes, and 'so worthy of them'."

And yet scurrilous newspapers and lying politicians have the nerve to say that the Mackenzie King Government has not "played the game" with the returned soldier.

**HECATE STRAITS LIGHTS**

It is particularly satisfactory to the port of Prince Rupert to think the counsels of Olof Hanson have prevailed at Ottawa and that the government there has at last come to a realization that lights are needed at Butterworth Rocks and Bonilla Island. These have been asked for many times but always refused in the past. Owing to lack of co-operation on the part of the sitting member the local board of trade and the shipping men of the port and district had been unable to convince the marine department that these aids to navigation were really needed. Apparently the officials of the marine department thought the local shipping men did not know what was best for them and they persuaded the member for Skeena that these shipping men did not know and commenced giving them a spurious substitute in the form of radio direction finding stations. These stations were welcomed but only as complementary to the other aids and not as substitutes.

It is understood that the new lights will be installed immediately and that in a very short time, as a result of the efforts of the Liberal candidate, the approaches to the port of Prince Rupert will be properly lighted and ready for deep sea business.

**INTENSE OPTIMISM**

It is many years since the Liberals of Skeena riding have been so intensely optimistic over the outcome of a federal election as they are today. Slight differences, which had developed in the past, have been eliminated and today the party is a unit in support of Olof Hanson, believing that to elect him would be in the best interests of Prince Rupert and the district of which it is the centre. From every district reports continue to arrive telling of a complete revulsion of feeling since the last federal contest. The people are coming to look on the ballot as a means of helping the district and by electing Hanson they feel they will be doing that.

**RAINS HELP GRAIN CROP**

**Prairie Situation Much Improved As Result of Precipitation**

**WINNIPEG, July 10:** — Good rains were general throughout the prairies of Western Canada during the past week, sufficient moisture was received to carry all crops over for the next two or three weeks and warmer weather is being welcomed in several districts, according to the weekly report of the department of agriculture, Canadian National Railways.

In Manitoba conditions have been most favorable. All grains are reported in good shape with wheat heading out, oats and barley eight to ten inches high and pastures generally excellent. Practically no serious damage is reported from any source. In the Neepawa subdivision crops which were hailed have, with the exception of the rye, then heading out, almost wholly recovered. In the Rosburn subdivision fall rye is all headed out and around two and one half feet high with a good color. On the whole, Manitoba farmers are quite optimistic and report prospects as good.

Heavy rains have been general throughout Saskatchewan during the week which has helped out all crops very considerably. Fields are in good condition where they have not been previously damaged by winds and drifting. Wheat is practically all in shot blade with a good deal headed out. Rye cutting should start in from 10 days to three weeks throughout the province. In the Prince Albert subdivision, generous rains have assured an ample supply of moisture and further precipitation is not required for at least two weeks. Crops in that area seem on the average to be as far advanced as in any previous year at this time. Slight damage from hail at isolated points is reported from the Cudworth subdivision. In the Rosetown district two good rains and some warm weather have made a big improvement in the growth of grain. No damage is reported from this subdivision and although some wheat is short, with favorable weather from now on yield will be better than at first anticipated.

**Southern Saskatchewan**

In Southern Saskatchewan, along the Lampman - Avonlea, Central Butte-Regina subdivisions grain is growing rapidly since this week's rain. Flax is in bloom with 90% of wheat now in shot blade and about one foot high. Rye is headed out and stands from 18 to 20 inches high. No serious damage is reported from any source during the period under review. Moisture has improved conditions considerably and it is expected there will be a fair crop.

As in the other two provinces, general rains have been received in Alberta and there appears to be plenty of moisture in the ground but in some districts crops haven't been able to overcome the damage incurred by heavy winds earlier in the season. Hot weather is required in many areas to bring the crops along. Along the Unity-Viking-Vegreville subdivisions prospects are generally good for at least an average crop. In the Camrose subdivision rains received and the subsiding winds have allowed some of the damaged grain to recover. Drumheller subdivision reports that many of the wind blown fields which were damaged have been reseeded and are coming along in good shape. Rains have practically eliminated any further damage from cutworms. Pastures are in good condition and generally speaking crop prospects are considerably improved as a result of moisture received during the past week.

Throughout the Peace River territory crops are almost universally in good shape. There has been an abundance of moisture but warm weather is now a necessity to bring the crops ahead.

M. Valentin, proprietor of the Valentin Dairy, returned to the city on the Prince Charles this morning after having made the round trip to Stewart, Anyox and Massett Inlet points.

There were 152 passengers aboard the steamer Princess Louise which was in port yesterday afternoon bound from Skagway to Vancouver. Only one passenger disembarked here from the vessel whose list consisted principally of tourists.

The regular monthly meeting of the board of school trustees was held last night in the city council chamber. Those present were: Mrs. T. M. Spencer, chairman; L. W. Waugh, W. R. McAfee, Earl Barrie and J. H. Thompson, trustees, and J. O. Williamson, secretary.

In the course of its meeting last night, the school board went through a large list of applications and selected two teachers to fill vacancies on the High School staff and in one of the public schools. The appointments will be announced after those selected have definitely accepted. They are being notified by wire.

The school board last night discussed suggestions from Miss E. A. Mercer, principal of Booth Memorial School, and D. H. Hartness, principal of King Edward High School, that intelligence tests be obtained at the opening of next term to be given respectively to beginners and pupils entering High School from the entrance classes. It was decided, on the suggestion of Trustee W. R. McAfee, that the views of the Education Department on the matter of intelligence tests be obtained before taking any definite action.

### Auto Mechanics' Weekly Holiday

The newly formed branch of the Mechanics and Automotive Trades Association of Canada wishes to inform the automobile owners of Prince Rupert that starting Saturday, July 12th of July, date of their first annual picnic and every Saturday thereafter the repair shops of this city (not including gas pump service) shall be closed from noon that day until Monday, 8 a.m.  
Prince Rupert mechanics are good fellows trying to contribute in making this city a still better place to live in and can appreciate a nice week-end rest.  
Therefore they ask the kind co-operation of automobile owners to enable them to carry this out.  
So help along and benefit by having your cars fixed during the week. Also do not try, please, to make them break their week-end and their rules. It would work hardships on them, and you could not feel good about it either.  
Thanks.

### LOCAL NINE WINS FROM U. S. NAVY

Baseball Game Last Night Was Featured By Heavy Hitting; Moran Stars at Bat

#### DOWNIE HITS HOMER

Second Game Billed For Tonight When Gobs Will Endeavor To Get Revenge

Local baseball fans were treated to one of the heaviest hitting games in recent years last night when the locals defeated the U. S. Navy team by a score of 12-9. In all there were 29 safe hits polled out, including a home run, triple and several two-base clouts. Stan Moran starred at the bat for the locals hitting safely four times in five trips to the plate while Downie cracked out three hits in five times up, one of them being a circuit drive to left field. For the visitors Waxmonski and Greer each hit safely three times in five times at bat, the former making a three-bagger and the latter a double.

"Shanghai" Burke, second baseman for the visitors, created a lot of fun with his peppy manner.

The Navy scored twice in the first inning and it looked as though the locals were in for a trimming. There was no more scoring until the third when with two men out Moran singled. Arseneau was safe on an error and then Downie hit the first ball pitched which bounced through the left field fence for a homer. The locals added four more in the fifth after two men were out on four hits, an error and a hit batsman. The Gobs started a rally in the seventh and came within one run of tying the score on an error and five safe hits. Ricket went in to pitch for them then and the locals went after him and scored four more runs of four hits and an error. The Navy kept on trying in the eighth and managed to score twice in that frame. Prince Rupert made one more in their half of the eighth and then the sailors managed to squeeze one more across in the ninth, to fall three short of tying the score.

Schmidt pitched a fair game for the six innings he was in the box but he ran into a lot of tough luck. Loblick struck out 13 batters in the eight innings he pitched but he was showing signs of weakening in the last three frames.

As there will be another game tonight between the same two teams, the league game, which was scheduled to take place, has been postponed.

### BABE RUTH SUSPENDED

Protested Too Vigorously to Umpire at Being Called on Third Strike

NEW YORK, July 10.—Babe Ruth received three days' suspension yesterday as a result of protesting vigorously to Umpire Brick Owens against being called on the third strike against Charley Ruffing. The Bambino was ordered from the field.

Ruth had been on the bench for several days nursing a sore finger.

### STATION BEAT ROUND HOUSE

Score of 12 to Nil in Last Night's Softball Game

In the opening game of the second half of the C. N. R. softball season last night the Station team gave the Round House a drubbing to the score of 12 to nil.

Raby, for the Round House, was not in his regular pitching form and was freely hit, while Styles, pitching for the Station, played stellar ball. For the Station team the hitting of Horton, Styles, Lawton and Summers was the outstanding feature of the game.

Round House—Bond, Raby, Tulloch, Sherk, Sinclair, Nelson, Wick, Ferguson and Armstrong.

Station—Horton, Styles, Unger, Summers, Lawton, Skattebol, Morrison, Skattebol and McIntosh.

Batteries—Round House, Raby and Tulloch; Station, Styles and Skattebol.

Umpire—J. Comadina.

Next game will be tomorrow evening between Dry Dock and Station.

### SPORT CHAT

With Washington Senators and Brooklyn Robins back in the lead again, interest continues keen in activities of the American and National Baseball Leagues. Philadelphia Athletics and Chicago Cubs, last year's champions, have been displaced just now but there are few baseball observers who do not believe that either one or both of them will yet finish up in first place in their respective leagues.

Babe Ruth has a sore finger and is not performing up to form for the New York Yankees on that account. There is a good deal of speculation whether the Yanks will end up in the first or second division but it ought to be fair betting that they will end up above the 500 mark.

The Giants are a more uncertain quantity. St. Louis Cardinals have been staging somewhat of a comeback the last week or so and may yet figure in the contest if they keep on going this way. So far the performances of the Pittsburgh Pirates in the National League and the Detroit Tigers in the American have been disappointing.

### SENATORS LOSE OUT

Ten Game Winning Streak of American League Leaders Broken Yesterday

BOSTON, July 10.—Boston Red Sox broke the winning streak of the Washington Senators yesterday by winning the second game of a double-header. Their defeat came after the Senators had won 10 straight games.

At New York, the Yankees had three big innings to double the score on the Philadelphia Athletics.

In the National League, Brooklyn Robins kept up their winning pace by taking two games from the Boston Braves. Bissonnette broke up the second game when he hit a homer with the bases loaded.

At Cincinnati, the champion Chicago Cubs dropped their fourth straight game to the Reds. Yesterday's scores:

National League	
Boston 0-4, Brooklyn 8-0,	
Chicago 3, Cincinnati 4,	
Pittsburg 6, St. Louis 7,	
New York 4, Philadelphia 5.	
American League	
St. Louis 5, Cleveland 9,	
Philadelphia 6, New York 12,	
Detroit 6, Chicago 1,	
Washington 5-1, Boston 2-5.	

### TENNIS IS EXCITING

McMordie and Brand Win Doubles in Long-Drawn Out Contest Last Night

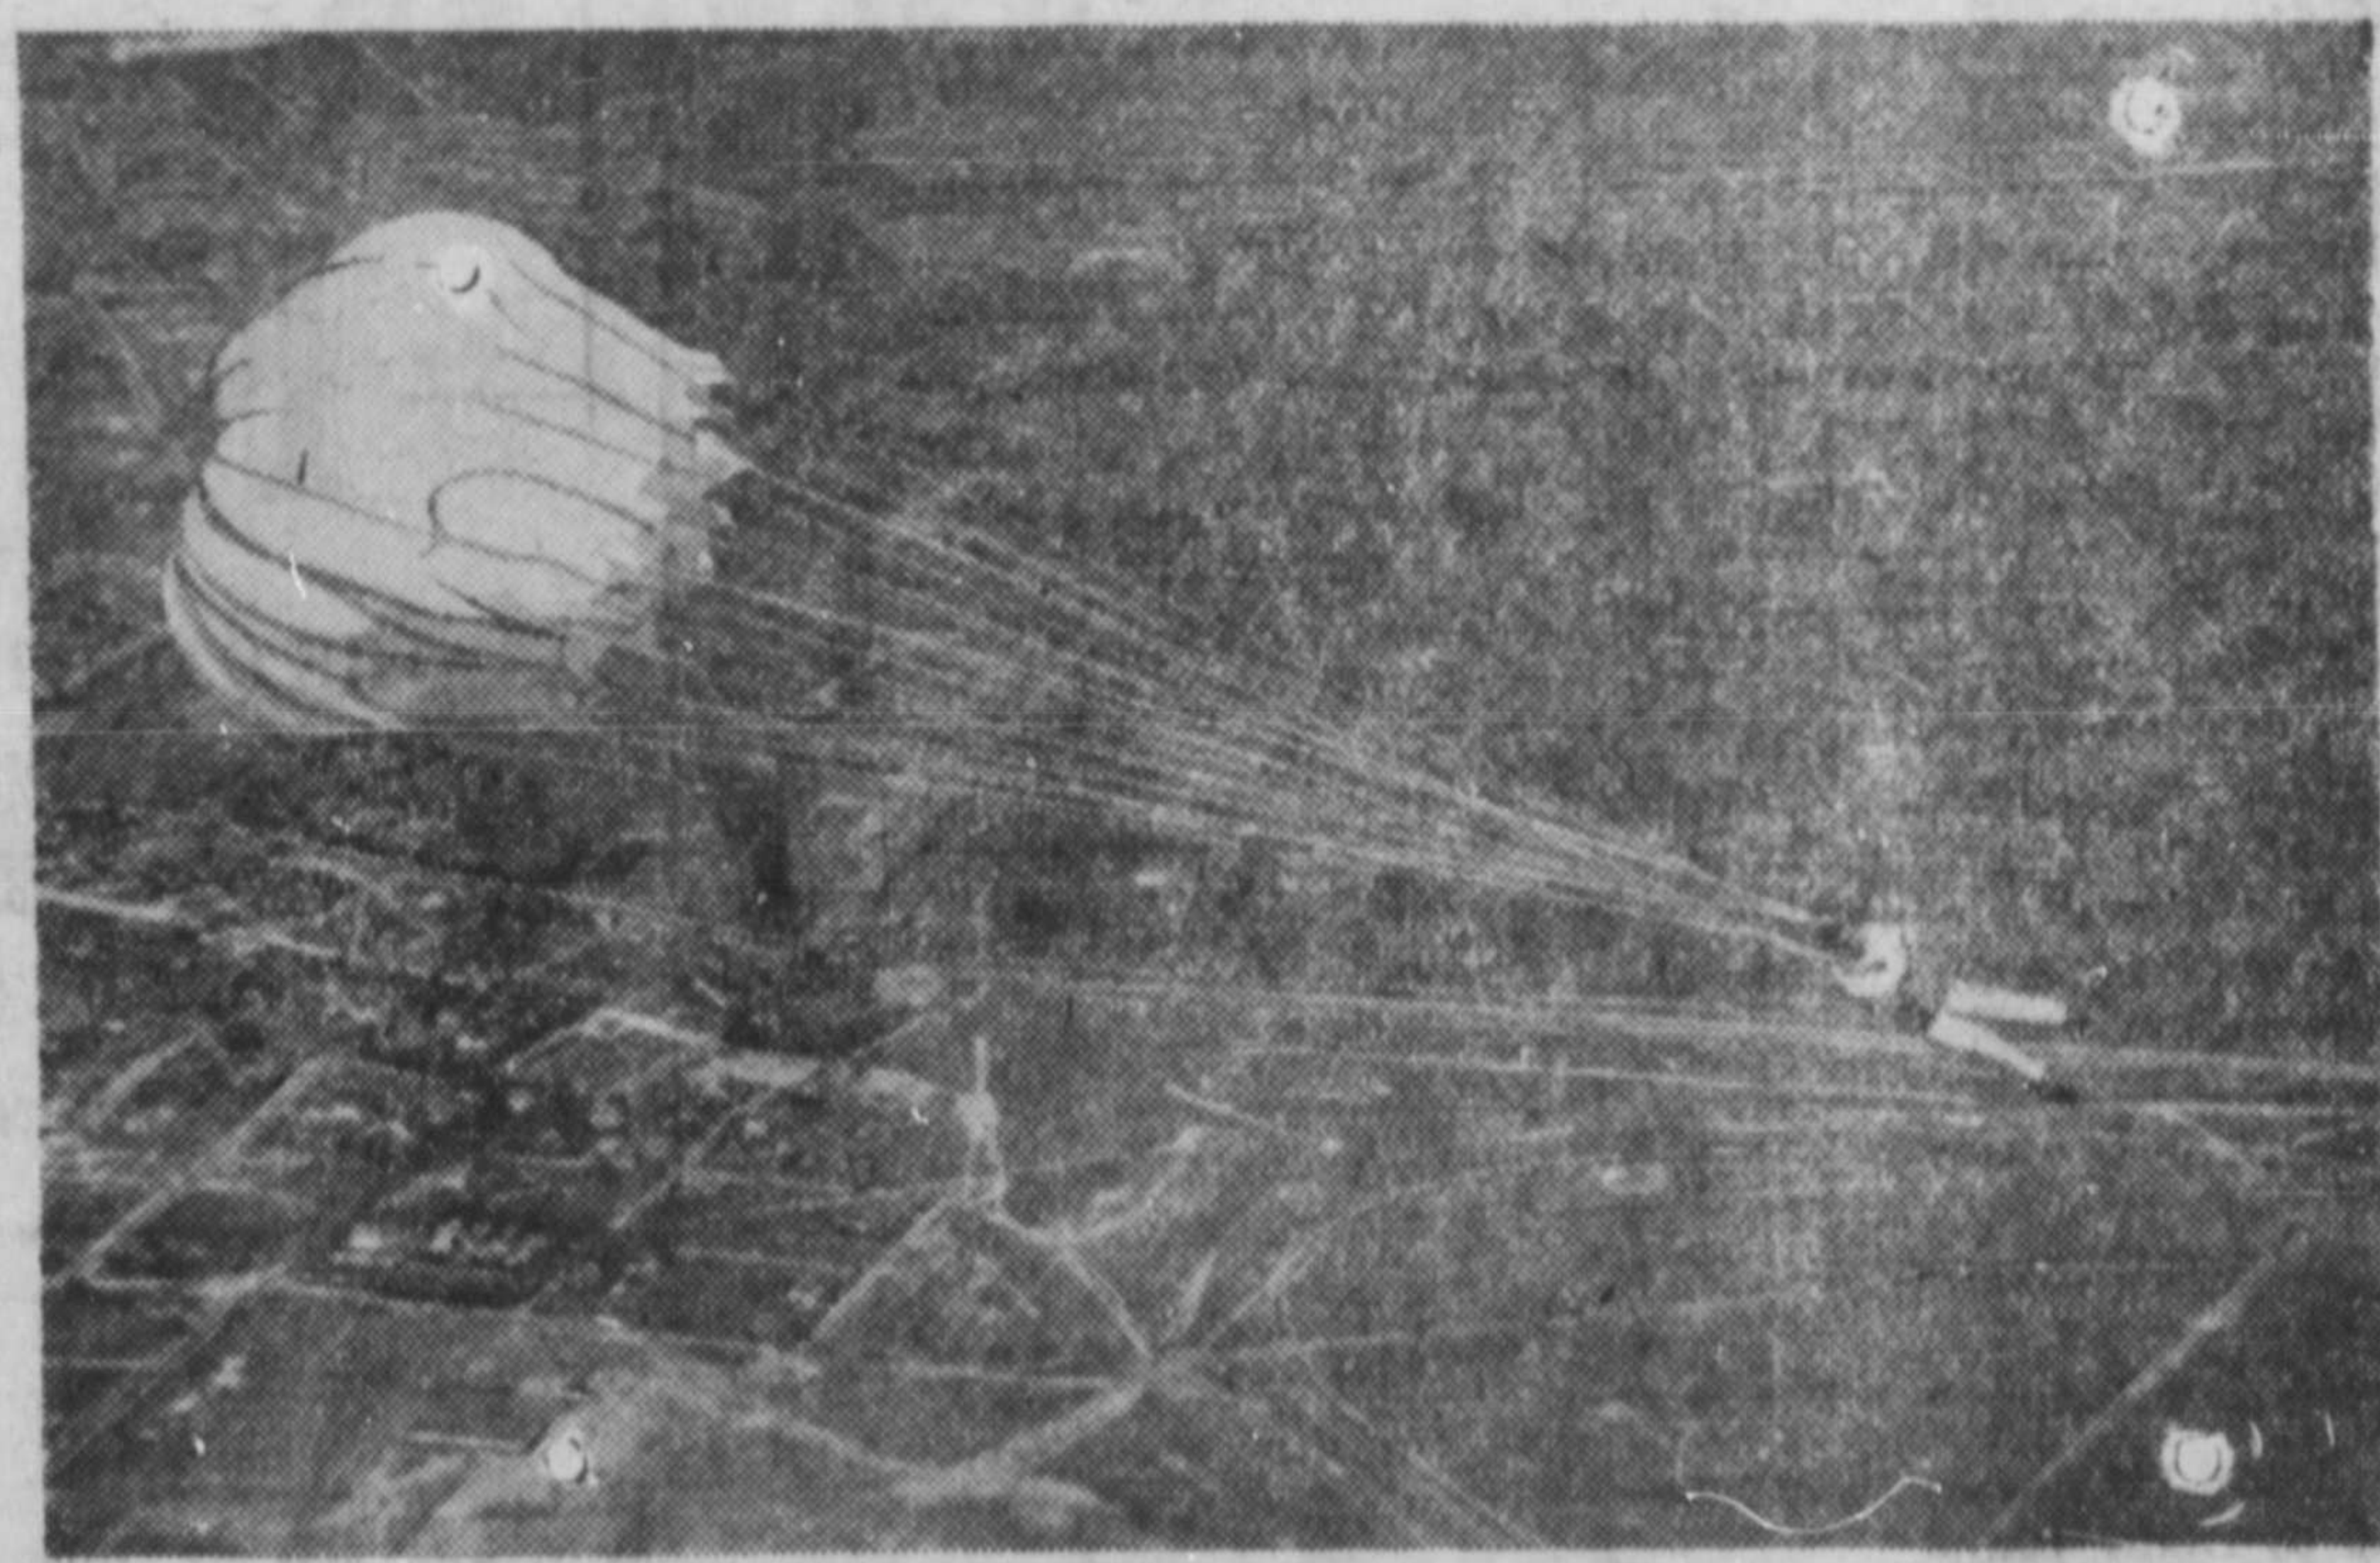

The men's doubles finals of the city tennis tournament were played last night and proved an exciting climax to the competition. Col. S. P. McMordie and A. C. Brand winning from W. L. Stamford and Alex Mitchell by taking the last three sets after having dropped the first two.

It took two and three-quarter hours to decide the winners, Stamford and Mitchell took the first two sets 6-4, 8-6 and McMordie and Brand, the last three by scores of 6-3, 6-2, 6-2.

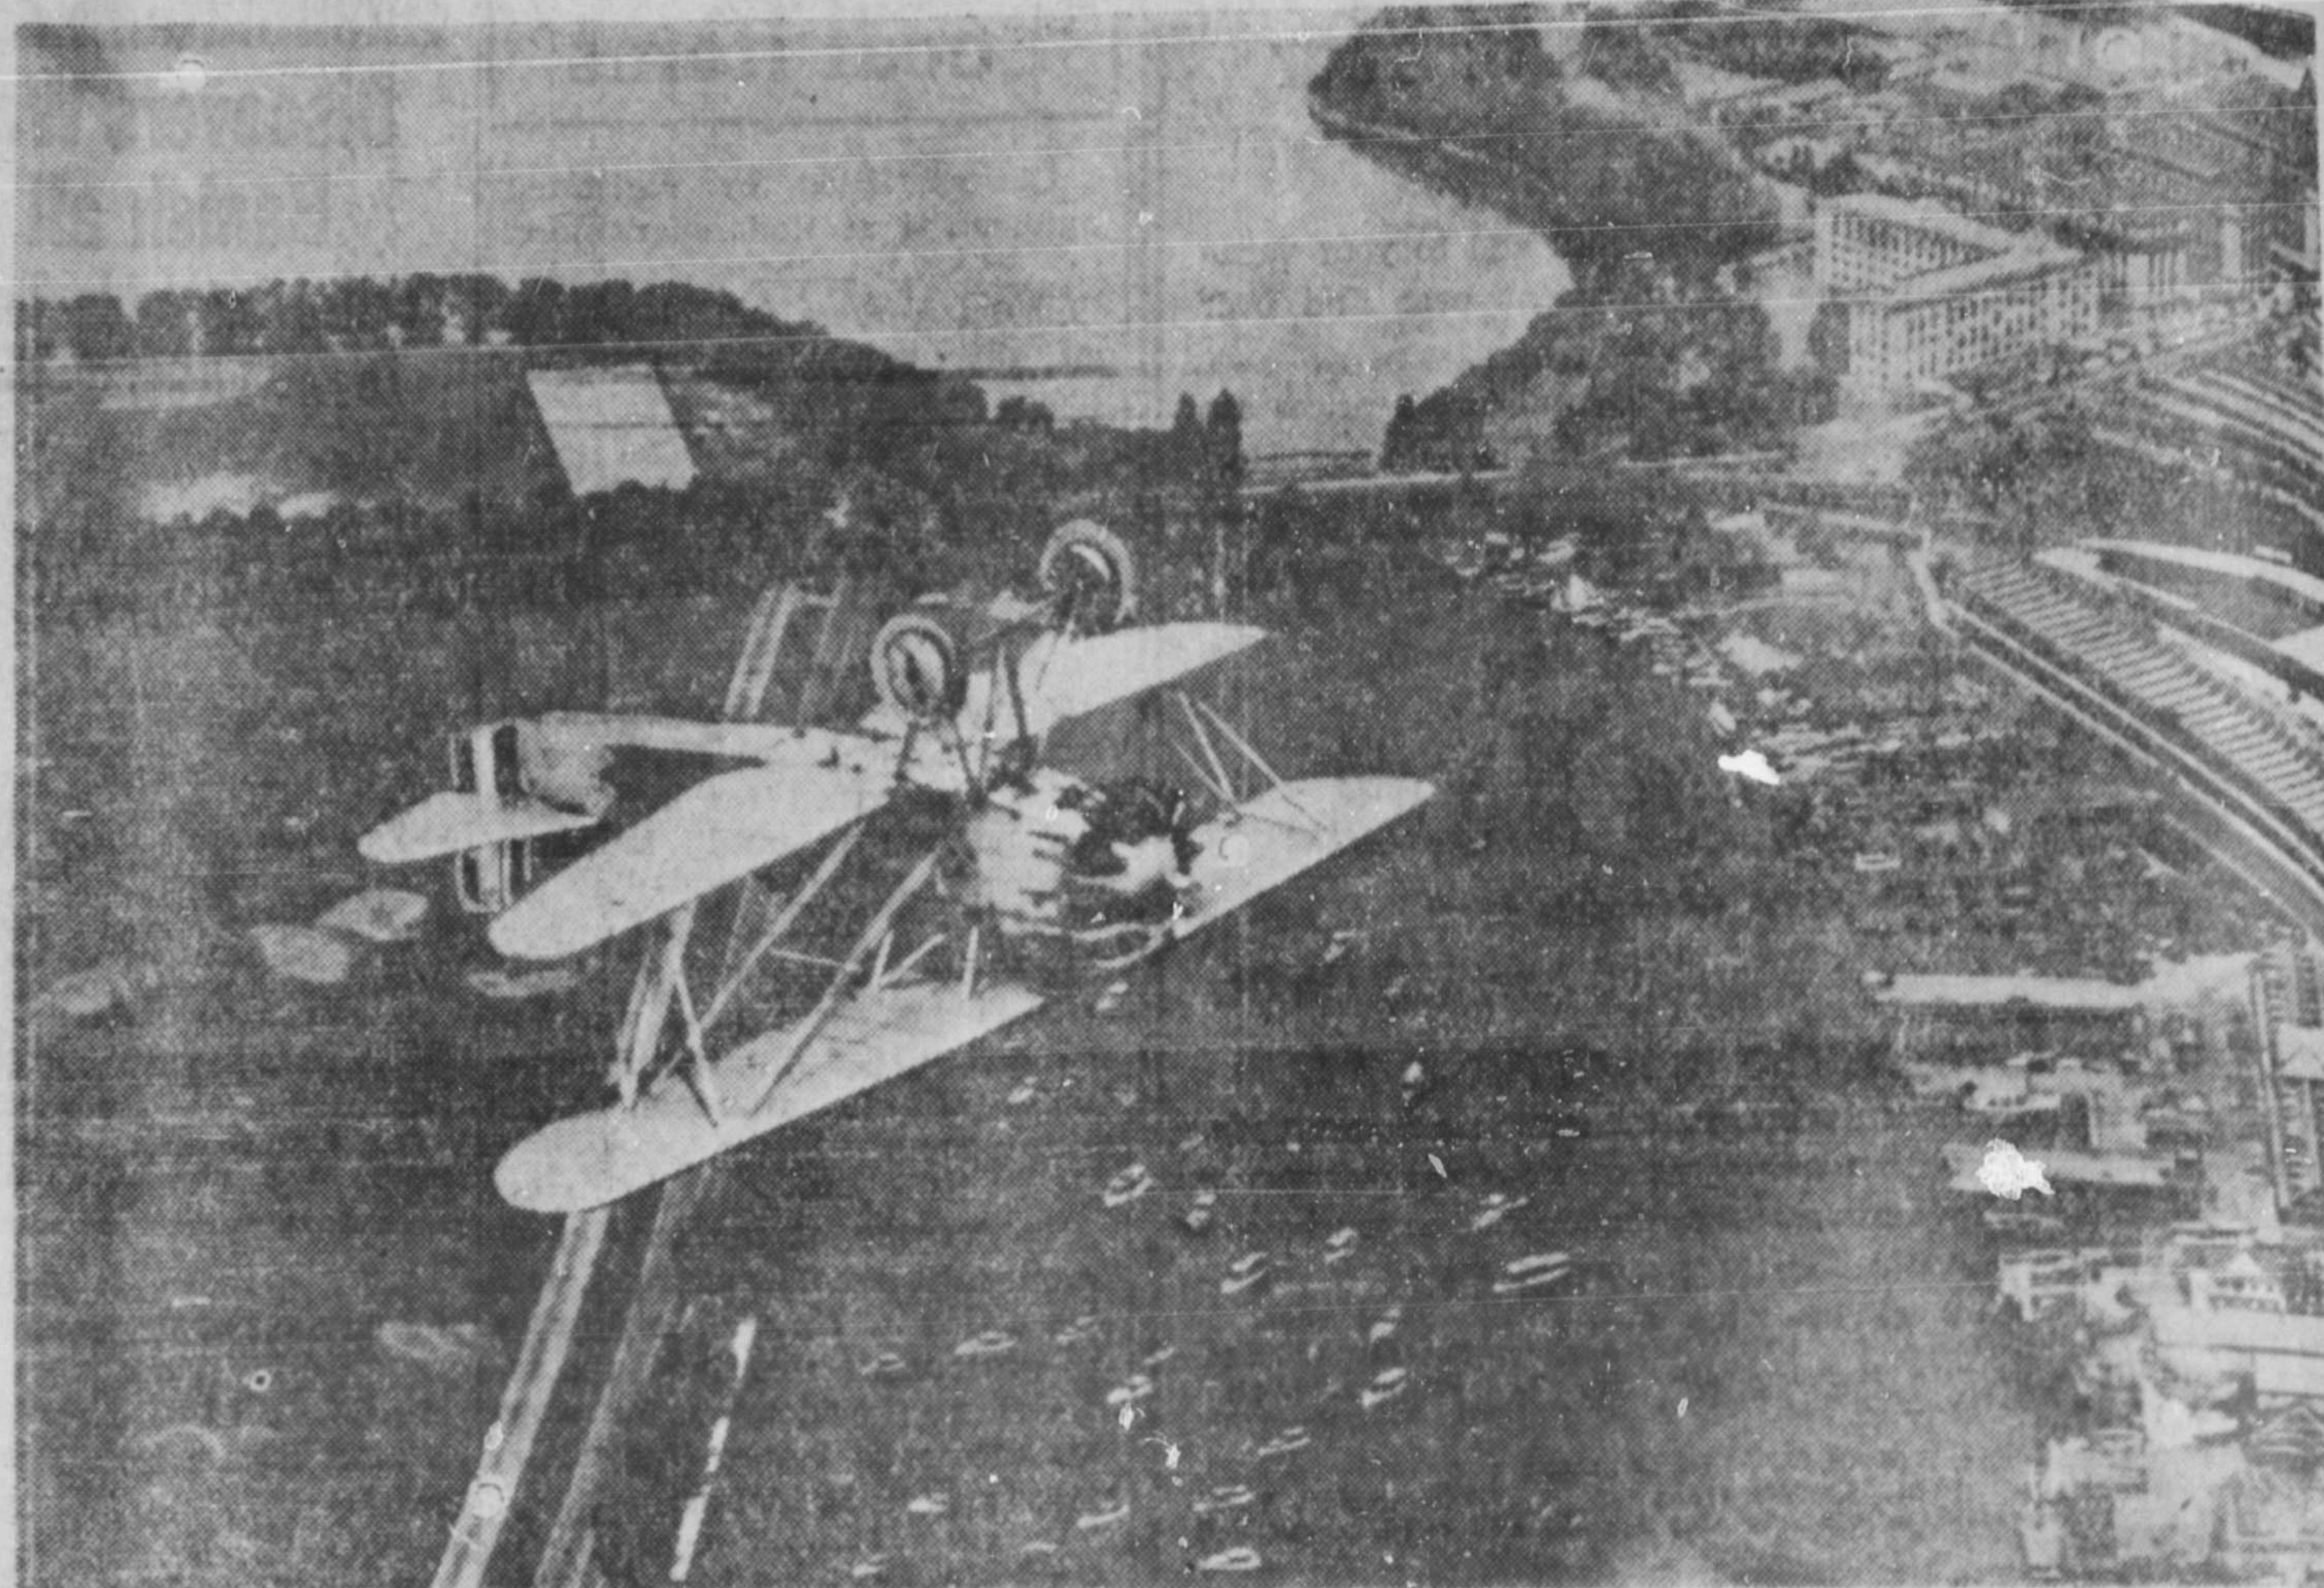

The playing of the men's doubles completed the city championship competition, all other events having been decided last week.

### AFGHANS REPULSED

British Machine Gunners Turned Back 1500 Revolting Tribesmen Near Peshawar

PESHAWAR, India, July 10.—British machine gunners, aided by friendly tribesmen, yesterday repulsed 1500 hostile Afghan tribesmen and silenced the field gun they had used in their attack.

The hostile tribesmen have become decidedly more active about the northwest frontier of the province border. British airmen flew over their camps on Sunday and dropped bombs.

#### THREE-CUSHION EXPERT

Johnny Layton has been champion of the three-cushion billiard world eight times in his twenty years of competition, never finishing below second in championship play during this period.

Eyes of Blue—true to you. Eyes of Green—love while you. What are YOUR eyes saying to-day? Your eyes have no voice, but they speak—they show mood and temper. They do more, they show your physical condition. Are they clear, bright, sparkling with health—or dull, with a yellowish tinge to the whites? This yellowish tinge is the signal of intestinal sluggishness, auto-intoxication and liver trouble. Don't neglect this warning of poor health!

## KEENNESS...VIGOR... HEALTH...ARE ITS INIMITABLE QUALITIES

1. The very foundation of "Canada Dry" is "Liquid Ginger"—which we make from selected Jamaica ginger root by a special process.
2. This process is exclusively controlled by us and, unlike any other method, retains for "Canada Dry" all of the original aroma, flavour and natural essence of the ginger root.
3. Therefore, this fine old ginger ale has a basic excellence which belongs exclusively to it and is the property of its makers.

THIS is the sportsman's beverage—"Canada Dry." It stimulates. It refreshes. It has the vigor of the game well played. And it has found favor the world over... in great hotels and clubs... on famous transatlantic liners... in countless homes throughout America. Order it today.

## SCHOOL REPORTS

Presented By Principals Hartness, Mercer and Mills at Board Meet Last Night

Only three of the city schools—King Edward High, Booth Memorial and Borden Street—presented reports for the month of June at the meeting of the school trustees last night, reports from Seal Cove and Westview Schools being lacking.

For the High School, Principal D. H. Hartness reported total attendance of 183, 75 being boys and 108 girls. The average attendance for the school was 98.7%. Examination results had shown a steady upward tendency throughout the year in the work of the pupils and the tone of the school had been good. The introduction of the four-year High School course next term might make another classroom necessary, Principal Hartness forecasted. For the Senior Matriculation class next year, only six pupils were so far offering. Mr. Hartness expressed regret that there would be a number of changes in the teaching staff next year through several teachers resigning.

Miss E. A. Mercer, principal, reported a total enrolment at Booth Memorial School of 452 consisting of 230 boys and 222 girls with average attendance of 95.36%. School savings for June had amounted to \$72.36. Forty-six pupils had been promoted to High School on recommendation and 13 were trying government examinations, 10 who had failed to be recommended and three who were competing for medals. Miss Mercer emphasized the need of additional playground space being provided at her school.

Miss S. A. Mills' report for Borden Street School showed total enrolment of 307, 143 boys and 164 girls. The average attendance for the school was 97.67%. Some readjustment of Grade IV might be necessary next term with a total of 47 pupils already in sight.

## TEACHERS RESIGNED

Six Have Already Relinquished Positions While Two Appointments Have Been Made

Six teachers have already officially tendered their resignations to the board from the local school staffs. Those resigning, the most of them to take positions elsewhere, are:

High School—Miss M. McLean, Miss M. B. Henderson, Mrs. St. Clair Johnstone.

Domestic Science Department—Miss Tracy Curry.  
Booth School—Miss B. A. Leitch, Miss Alva Garnett.

There may be other resignations

but they have not been officially tendered as yet.

Appointments already made by the board are as follows:

High School—Miss Grace Lawrence, Vancouver (Latin).  
Domestic Science Department—Miss Evelyn White, Winnipeg.

Over 100 applications have been made for positions on the local teaching staffs.
