INDIAN WOMAN LEADER IS ARRESTED

Mrs. Arjini Naidi, Successor to Gandhi, Taken Into Custody

Was Directing Salt Raid at Dharsana in Connection With Civil Disobedience Movement—Fresh Trouble Today

BOMBAY, May 21.—Mrs. Arjini Naidu, Hindu poetess, who succeeded Mahatma Gandhi and Abbas Tyabji as leader of the civil disobedience campaign, was arrested by British police this morning as she directed a raid on a government salt depot at Dharsana. One hundred of the woman's followers were injured in a clash with the police which followed and a number of additional arrests were made including that of the third son of Gandhi. At almost the same time three hundred and fifty police officers raided All India Congress headquarters here, arresting all workers who were found therein. Fourteen were injured. Ninety-five volunteers attempting to raid a salt depot at Wadala on the outskirts of Bombay were arrested when they refused to disperse and placed in an internment camp.

REV. GEORGE IRELAND IS UNDER ARREST

WEATHER IS QUEER

Manitoba Swelters Under Hot Sun Today While Alberta Has Blizzard

WINNIPEG, May 21.—The Weather Man played a practical joke on the prairies today. While Winnipeg sweltered under a hot sun and a temperature of 70, Edmonton citizens awoke to find a spring blizzard with four inches of snow driven by a 40-mile gale. From the Peace River to the south of Red Deer, the storm was general, dislocating telephone and telegraphic services.

Forecasts are that the cold weather will move eastward tonight and to Manitoba on Thursday.

No crop damage is expected in Alberta as the snow formed a protecting blanket.

Amy Johnson Tells of Trying Flight Across Java Sea With Tropical Storm Lashing Ocean

SURABAYA, Java, May 21.—When Miss Amy Johnson dropped in on the airdrome at Samarang she related, over a cup of tea to members of the British colony, her experiences in crossing the Java Sea.

Smiling cheerfully, she described the flight from Singapore as "dreadful, dreadful—I thought I would never make it." Heavy tropical storms made her change her direction and altitude and long distances were flown close to the bounding waves. "I really thought it was the end," she said. However, she succeeded in reaching the Java shoreline and followed the coastline to Tjomal where she was forced down.

Owing to delay in effecting repairs to her magneto, Miss Johnson was unable to resume her flight Australiawards today. She hopes to start tomorrow eastward bound along the Oceanic Island chain of which Java is a part to a spot which will permit her to take off for the 500-mile crossing of the Arafura Sea to the north coast of Australia. She expects that her first stop in Australia will be at Port Darwin.

Former Relief Officer and Two Cafe Men Are Charged With Grafting

New Developments in Vancouver Probe Cause Sensation; Mayor Malkin Responsible For Three Being Taken Into Custody

VANCOUVER, May 21.—Rev. George Ireland, dismissed relief officer; G. S. Wrinkle, proprietor of the Log Cabin Cafe, and F. F. Kennedy, owner of the Wonder Cafe, were taken into custody yesterday afternoon and released on \$10,000 bail bonds each. The decision to arrest the men was made yesterday morning by Mayor Malkin, charges being laid under a section of the Criminal Code dealing with municipal corruption. Ireland is charged with having received commissions from Wrinkle in connection with meal tickets sold the city while Kennedy is alleged to have made donations to Ireland and redeemed meal tickets for Clifton Maxwell at the rate of \$100 weekly. It is also stated that civil actions will be pressed against Ireland, Maxwell and Kennedy.

SUIT IS RECALLED

Sir William Gordon Cumming, Famous Scottish Sportsman Dies

FORREST, Scotland, May 21.—Sir William Gordon Cumming, aged 81, died here yesterday. His death recalls a famous lawsuit arising out of a bacquet game at a house party at Tranby Croft in 1890 which was attended by King Edward VII, then Prince of Wales. Sir Gordon was accused of cheating by the hosts, Mr. and Mrs. Wilson, and brought a civil action for slander at which the Prince of Wales testified, the defendants being acquitted.

NEW AMERICAN MINISTER FOR OTTAWA NAMED WASHINGTON, May 21.—Hanford MacNider of Iowa has been selected by President Hoover as the new minister to Canada and it is expected that the Canadian government will announce its formal acceptance shortly.

WELL KNOWN PROSPECTOR

After an illness lasting four months, the death took place at 1 p.m. yesterday at the Prince Rupert General Hospital of Thomas Clair, born near Edinburgh, Scotland, 73 years ago last April, a pioneer prospector and miner of the Kootenay country. Mr. Clair was part-owner in the famous "Cumberland" property, which was sold for a substantial sum, and with the proceeds of this sale, he went into the hotel and general store business at Sandon and Three Forks, mining towns near Slocan Lake.

On the death of his wife, he again took up prospecting, a calling in which he excelled, this time turning his attention to the Yukon Territory.

About 1910, while prospecting alone at the head of the White River, he suffered a severe accident from a premature powder explosion, which caused the loss of his right eye and severe injuries to his head and right leg. He owed his life on this occasion to the care and attention devoted to him by Dr. Cairns of the Canadian Geodetic Survey who found him lying dangerously ill and terribly injured and brought him several hundred miles to the coast for medical attention.

Mr. Clair came to Prince Rupert about six years ago and has been employed as watchman at various canneries as well as on grain ships at this port. His genial temperament, kind hearted and generous manner endeared him to all who knew him.

Deceased is survived by a son, whose present whereabouts is unknown, and a married daughter, now believed to be residing near Niagara Falls, Ont. The funeral will be held from the Catholic Church Thursday morning. Interment will take place at Fairview Cemetery. Deceased was a member of the Knights of Columbus. Members of the Knights of Columbus will act as pallbearers.

PLANS FOR BUILDING

Liquor Store to Be 35 Feet Frontage By 100 Feet Deep

Local contractors are now figuring on the plans for the erection of the new liquor store at the corner of Third Ave. and Second Street, opposite the Eagles' Hall. The building will cover the corner lot 35 feet by 100 feet deep and will be of concrete one storey high. The front part of the building will contain the offices and salesroom and in the back will be the warehouse.

\$35 PRIZES TO BE GIVEN

Display of Flowers to Be Special Feature of Exhibition This Year

The Fair Board, at its meeting last night, W. H. Sherman presiding, decided, on recommendation of the prize book committee, to have an innovation this year. They are offering prizes of \$20, \$10 and \$5 for the best display of flowers to be made on six feet length of table, artistic arrangement as well as quality of the flowers to count. As the tables are about six feet wide this will give each exhibitor about six feet square.

Should there be a number of entries it is thought this floral display will be one of the great features of the floral exhibit. Probably exhibits may come from Hazelton, where the Horticultural Society is a live institution and where it is claimed they grow better flowers than at any point on the railway. At any rate there should be keen rivalry between the different points and Prince Rupert will also expect to have a number of exhibits in this class.

MISS DYER IS HONORED

Hill Sixty Chapter, I.O.E. Holds Farewell Party For Departing Member

In honor of Miss Willa Dyer, who is leaving the city shortly for Seattle, a delightful farewell party was given last night by Hill Sixty Chapter, Imperial Order, Daughters of the Empire, at the home of Mrs. H. B. Rochester, Eleventh Street. The evening was spent in playing bridge and games and the prize-winners at bridge were Miss May Hartin and Miss Florence Smith.

The feature of the proceedings was the presentation to Miss Dyer of a beautiful beaded bag. The presentation was made on behalf of the chapter by Mrs. Rochester, regent, who voiced best wishes of the order for Miss Dyer's future happiness and prosperity, referred to the faithfulness with which the honored guest had worked for the order and mentioned the regret that all would feel at Miss Dyer's departure. Miss Dyer replied suitably. During the evening, delicious refreshments were served.

NEW PREMIER IS SWORN IN TODAY

CHARLOTTETOWN, P.E.I., May 21.—Hon. Walter Lea, minister of agriculture and provincial secretary-treasurer, was sworn in today as Premier of Prince Edward Island, succeeding Hon. A. C. Saunders, who was recently appointed to the Supreme Court bench.

VANCOUVER WHEAT

VANCOUVER, May 21.—Wheat was quoted on the local exchange today at \$1.07 1/2.

LIQUOR BILL HAS BEEN PUT THROUGH

OTTAWA, May 21.—The Senate, late yesterday, defeated an amendment which would have postponed the coming into force of the liquor clearance bill until it was proclaimed by order-in-council. The vote stood: yeas, 39; nays, 10. The bill was then given its third reading without a division.

PLANE PAYS VISIT HERE

Gorst Transport Co. Ship In Town Over Night With Ketchikan Party

The first airplane of the season to visit Prince Rupert was a Gorst Transport Co.'s (Seattle) Boeing flying boat which arrived at five minutes past ten last night from Ketchikan, with a party of four Ketchikan people on board, and left at 10 o'clock this morning on the return flight north after having tied up for the night at the Pacific Salvage Co. floats. The flight from Ketchikan here was made in one hour.

The plane, which is equipped with a 400 h.p. Wasp engine, just arrived at Ketchikan the night before last after having made a flight north from Seattle, mapping out an air route for a commercial service to Alaska which the Gorst company will establish this summer. The machine passed over the local harbor Monday evening bound north. Returning to Ketchikan from its trip here, the ship will resume its flight to Juneau. During the coming summer, it is likely it will make several stops here.

The plane was piloted by C. L. Scott, manager of the Gorst Transport Co., and Frank Wadman, chief mechanic for the company, was also on board. The passengers were: Mr. and Mrs. C. S. Connor jr., Mrs. J. Grigshe and O. D. Seel, all of Ketchikan.

MERCHANT MEETING

The Prince Rupert Retail Merchants' Association, at its regular monthly dinner meeting last night in the Commodore Cafe with the president, Bert Morgan, in the chair, dealt with a number of letters turned over to the association by the Fair Board in which Indians of the district claimed that they were not fairly treated by local merchants when they visited the city. A committee consisting of G. H. Munro, George Hill and William Lambie was named to take the matter up with the natives themselves.

The association decided to communicate with the Department of Indian Affairs protesting against the system of Dominion constables being paid half the fines imposed for certain convictions under the Indian Act.

It was decided by the meeting that stores of the city will be permitted to remain open until 10 o'clock Friday night, preceding Victoria Day and on Thursday afternoon of this week.

Letters from the Elks' Lodge and Prince Rupert Rowing & Yacht Club suggesting that the weekly half-holiday be changed from Thursday afternoon to some other afternoon in the week were read. The secretary was instructed to communicate with these organizations and point out that the weekly half-holiday is set by government statute and that the association has no power to change it.

D. C. McRae reported on the campaign for a new federal building which has resulted in a motion picture being sent to Ottawa. Mr. McRae acted as secretary at the meeting.

MARTYNOWICZ IS ACQUITTED

Foreigner Is Freed at Prince George on Charge of Having Explosives in His Possession

Mikola Martynowicz was acquitted by a jury at the Supreme Court Assizes in Prince George yesterday on a charge of having explosives under his control. Accused was arrested last fall on a train near Prince George. A valise containing nitro-glycerine and other explosives, which was taken off a train in Prince Rupert, was alleged to have been his but the crown failed to prove this. A second charge against Martynowicz of having counterfeit money in his possession was dropped.

HALF A DOLLAR DOES THE TRICK

For half a dollar it is possible to advertise almost anything up to 25 words in the classified column. If you have anything lying around the house that is in the way and is not likely to be of any further use, just telephone an advertisement to the Daily News for the classified column and then drop into the office when passing and pay for it. Two cents a word is the price and half a dollar the minimum. It's worth trying. There are nearly always buyers for anything you have if the price is right.

DAILY EDITION Wednesday, May 21, 1930.

PREMIER WAS RIGHT

Premier Mackenzie King was right when he refused to sanction the passing of money over from the Federal Government to be expended by provincial administrations. Each one has its own work to do as provided by the constitution and the work should not be relegated to others especially to those who have different views on how to spend it.

What is needed is not spasmodic relief but a system of unemployment insurance that will be operative all the time and will prevent conditions such as have been seen in the past. All governments of all countries are considering this matter now.

LADY SQUIRES ELECTED

Newfoundland has elected its first lady member in the person of Mrs. Squires, wife of Premier Squires. The election is doubly interesting because only a few years ago Lady Squires was a strong opponent of votes for women. The Womens Franchise League endeavored to secure the vote during the former administration of Sir Richard Squires, 1919-1923, but he opposed the bill, and, on his suggestion, it was not defeated, but given six months' hoist. Outside of the legislature, the activities of the Women's Franchise League met with no more vigorous opponent than the lady who is now exercising the privileges given to her sex by the succeeding administration of Hon. W. S. Munroe, 1924-1928. Women have often been reproached for the instability of their opinions, but we do not know why they cannot be allowed to change their minds for good causes, and this, no doubt, is the reason that Lady Squires was elected.

News of the Mines

AROUND PRINCE RUPERT

Premier Sixth Largest Gold Producer in Canada—
Report of B. C. Silver—Electro Magnetic
Surveys on Salmon River

Premier ranked as the sixth largest gold producer in Canada during 1929 according to official estimates compiled by S. J. Cook, chief of the mining, metallurgical and chemical branch of the Dominion Bureau of Statistics at Ottawa. Total gold production for the Dominion at 1,914,000 fine ounces valued at \$39,585,000 gained 1.2 per cent over the preceding year and Ontario was the principal producer of that metal, yielding alone 1,606,198 fine ounces. In the order of their output, the leading gold mines in

zone tested in the district and was found to be hundreds of feet wide, containing six veins from 20 to 40 feet wide and running through a number of properties in the district. The northern part of the Sebakwe and Bush Consolidated show large mineralization owing, probably, to a number of cross veins intercepting the ore zone. The large veins were found to be well mineralized but the actual values can only be ascertained by putting down a few diamond drill holes and assaying the cores. This survey demonstrated that the north and south quartz porphyry ore zones contain the values and that the large ore bodies occur near the intersections of the cross veins and, finally, that no one company in this district has a monopoly on the ore bodies.

Though apparently completely satisfied with all development work to date on the B. C. Silver and Sebakwe properties, directors of the Selukwe Gold Mining & Finance Co., in their annual report, give no inkling as to what policy will eventually be followed in putting these two mines on a producing basis. Rumors that the company had come to an agreement with the Premier Gold Mining Co. are shown to be unfounded as the directors merely reaffirm what has already been said in the Premier report: "No basis acceptable to the Selukwe Gold Mining & Finance Co. Ltd. has been found that would at the same time be beneficial to Premier." Of the Sebakwe property the company engineer reports: "Cross-cutting in a south-westerly direction on the sixth level encountered a strong silicified zone at 375 feet from the shaft. One sample here assayed \$11.30 over a width of five feet but mineralization was not persistent throughout the width of the zone exposed. Some commercial values were encountered for a distance of 25 feet in the southerly drift on the zone up to a point where a large fault was encountered. No silicification or mineralization was found beyond this fault. The face of this drift at roughly 150 feet from the main cross-cut is on the edge of the same broken and faulted country that was encountered on the fifth level. A considerable amount of drifting and cross-cutting was done on the north side of the 601-foot cross-cut but no favorable country was exposed. The zone encountered on this level is apparently the downward extension of the main ore body exposed on the fourth and fifth levels. All work at the mine was suspended on January 15 last pending developments on the B. C. Silver property." Regarding the B. C. Silver, the engineer's report says: "Vigorous development has been carried out on No. 6 level with encouraging results, five payable ore chutes having been encountered. A well mineralized zone was encountered in 676 cross-cut at 145 to 170 feet from the main 637 drift. A five-foot sample at 137 to 162 feet assayed \$25. This would appear to be the downward extension of the ore encountered on the third level."

Get the Ad. reading habit. It pays.

RELIGIOUS EDUCATION

Program of Big Convention in Toronto in June Provides for Broadening Out

TORONTO, May 20:—Development of the Sunday school movement into a great church program of Christian Religious education, is the objective stressed in the agenda of the Quadrennial Convention of the International Convention of Religious Education, to be held in Toronto June 23-29 next. The convention will celebrate the one-hundred and fiftieth anniversary of the Sunday school. The memory of Robert Raikes, founder of the movement, will be honored by the unveiling of a statue—a replica of that in the Embankment Gardens, in London, England. Delegates are expected from all parts of Canada and the United States, together with representative Religious Education leaders from Europe, Asia and other parts of the world.

Dealing with the features of the convention program the executive committee points out the gathering will also celebrate the nineteenth centennial of the great commission, "Go-Preach!"

"But the program will be definitely forward looking," the announcement goes on, "The Great Commission remains as yet unfulfilled, and the Sunday School, with all its noble achievements, must speedily give place to a great church program of Christian religious education." The vision of the conven-

tion will be the development of Robert Raikes' idea into a movement that will touch the lives of all ages of man, from the cradle to the evening of life.

Rev. Charles E. Raven, canon of Liverpool Cathedral and one of the King's chaplains, will address the convention at one of the evening sermons.

Prominent leaders from universities will speak on the main program, including Luther A. Weigle, Dean of Yale Divinity School; Theodore G. Soares, Professor of Religious Education, Chicago University, and George A. Coe, until his recent retirement, Professor of Religious education in Teachers College, Columbia University. Norman E. Richardson, of the Presbyterian Theological Seminary, Chicago, will take the leadership of adult work in the convention. H. Skelton Smith, of Yale Divinity School, will lead the study group in supervision and leadership training.

Among the prominent clergymen on the program will be Rev. Dr. Ernest F. Tittle, Evanston, Ill.; Rev. Dr. Lyon Harold Hough, Montreal, Can.; Rev. Dr. John McNeill, Toronto, Can.; Rev. Canon, H. J. Cody, Toronto; Rev. Dr. A. W. Beavon, Rochester, N.Y.; and Bishop E. D. Moulon, of the Methodist Episcopal Church, South.

Russell Colgate is president of the International Council and Robert W. Hopkins chairman of the executive committee.

Union freighter Chillkoot, with Capt. W. W. Mounce in command, will leave Vancouver tomorrow with a cargo of freight for this port and is due here early next week. The Chillkoot is relieving

Summer COLDS

Quick Relief from any Cold, Sore Throat, Headache or Other Pain

DON'T treat a "slight cold" lightly! The discomfort of a summer cold can easily develop into a dangerous illness if neglected. A tablet or two of Aspirin will check a cold as quickly as it came. And you will get immediate relief from the headache that goes with it. If there's a sore throat, too, crush 2 tablets in 4 tablepoons of water, and gargle. Those who have learned the true value of Aspirin are never without it in any season of the year. It's always ready to relieve headaches, neuritis, neuralgia, and a long list of aches and pains, and proven directions in each package. Aspirin does not depress the heart or upset the stomach. Druggists everywhere have it.

the freighter Chillkoot which is to be withdrawn from service at the end of the present voyage for annual overhaul.

"Last summer an electro-magnetic survey was made of a number of properties in the Salmon River district including the Premier, B. C. Silver, Sebakwe, Cobalt, Bush Consolidated and National Silver," writes O. B. Bush, well known Stewart mining man. "This survey shows a large mineralized zone on Premier ground southwest of the mill, this being an extension of the main Premier ore zone which will probably be fully prospected within the next few years. The ore zone was followed through the B. C. Silver and southern portion of Sebakwe and showed several fair-sized ore bodies on the foot and hanging wall sides of the ore zone. Two other quartz porphyry zones running parallel to and west of the Premier ore zone were tested, particularly the one furthest to the west which runs through the Cobalt. This latter proved to be the largest ore

WHY SUFFER FROM YOUR LIVER?

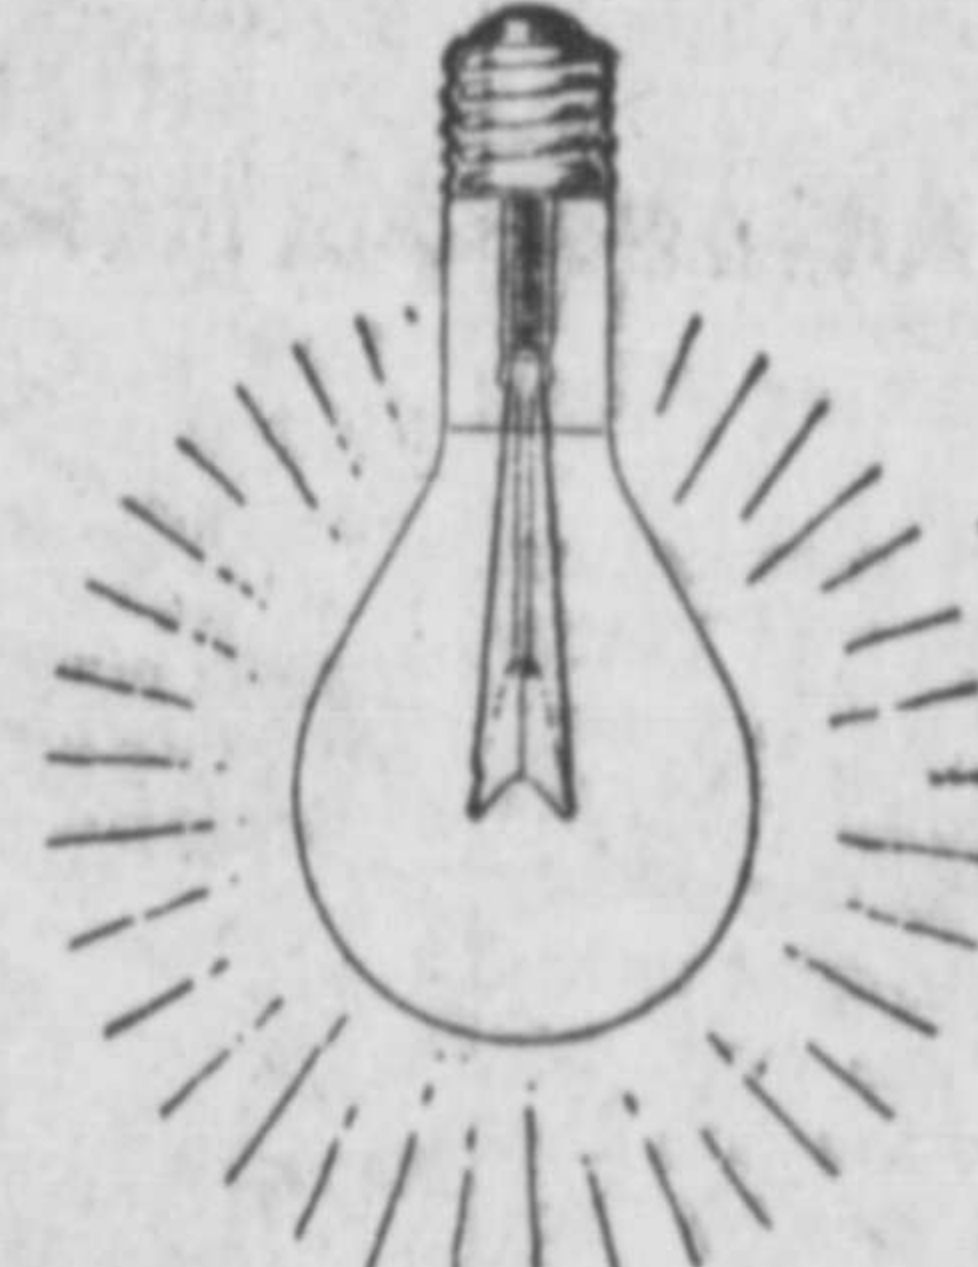

Why be handicapped with unsightly blotches on the face, eyes with yellow tinge and that tired and languid feeling? This indicates a torpid liver. Headache, Dizziness and Biliousness surely follow. You must stimulate your lazy liver, start the bile flowing with Carter's Little Liver Pills. They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps or pains, unpleasant after effect following, on the contrary a good tonic. All Druggists 25c and 75c red pkgs.

ILLUMINATION

MELLOW candle light... so kind to beauty, so unkind to the eyes! Yet candles were long considered to be the ultimate in illumination. The past century, however, brought us kerosene and the modern oil lamp, then illumination by gas. Surely these would remain supreme!

But this swift age of science finally harnessed electricity, and with an endless supply of power flowing continu-

ously in her rivers, Canada can become the best lighted country in the world.

The Northern Electric organization contributes to the better lighting of the Dominion by manufacturing in its plants many of the miles of wire and cable used to convey the current from power plant to electric bulb; and by distributing through its branches, a large quantity of electric lamps and fixtures of reputable make.

The Northern Electric Company manufactures the telephone and its accessories, wires and cables for the transmission of power, fire alarm systems, public address systems, talking motion picture equipment, and also distributes well-known brands of electrical household appliances of all kinds.

IT COSTS LESS TO OWN A

GENERAL ELECTRIC REFRIGERATOR

Of the hundreds of thousands of owners . . . not 1 has paid a cent for service

THIS is the amazing record of General Electric Refrigerators . . . a record of economy and efficiency made possible by an exclusive General Electric feature . . . the hermetically-sealed permanently-oiled mechanism on top. The mechanism of the General Electric Refrigerator is sealed airtight so that dust and moisture, rust and trouble are forever shut outside. That is why not one owner has ever spent a cent for service or repairs.

Operating costs are extremely small. The General Electric Refrigerator requires far less electric current because the heat of the motor is dissipated above the cabinet . . . there is no warm air circulating around the cabinet. Other superiorities of the General Electric Refrigerator are a freezing regulator that is accessible . . .

NEW "VEGETABLE PAN"
Here is a closed compartment in which you can keep vegetables fresh and greens crisp for days at a time. The porcelain enamel finish insures sanitation and makes cleaning easy.

right at your finger-tips. A snow-white porcelain-lined cabinet that will wear like steel . . . because it is all steel. And an incredible quietness of operation the day you buy and always.

We invite you to come in and inspect the new all-steel models and learn why the General Electric Refrigerator represents truly outstanding value.

BROOKLYN IS ON TOP

Robins Outslug Phillies—Cleveland Beats Chicago in Double-Header

PHILADELPHIA, May 21:—Brooklyn Robins took a tight grip on first place in the National League yesterday by out-slugging the Phillies on the home grounds of the latter. The winners made 18 hits.

Sisler's double with the bases full gave Boston Braves the victory over the New York Giants in the tenth inning at New York.

In the American League, Cleveland Indians won two games from the Chicago White Sox.

At Boston, Lou Gehrig hit his seventh homer of the season to help New York Yankees beat the Red Sox.

Yesterday's scores:

National League
Boston 4, New York 3.
Brooklyn 16, Philadelphia 9.
Pittsburg 5, Cincinnati 0.
Chicago 3, St. Louis 16.

American League
New York 7, Boston 4.
St. Louis 8, Detroit 2.
Cleveland 7-7, Chicago 3-5.

SUNNYSIDE IS WINNER

Defeated Cassiar Cannery 6 to 5 in Softball Last Night

Sunnyside and Cassiar Canneries locked horns in a fast game of softball last evening at Cassiar. Both teams were matched the game ending 6-5 in favor of Sunnyside. The winners were greatly strengthened by the coaching of two old-time players, Jimmy Slater and Don Main.

Batteries: Cassiar, R. Gurd and C. Wilkinson; Sunnyside, A. O'Brien and P. Bruce.

CENTRALS SCORE WIN OVER S.O.C.

Errors and Walks in Fifth Give Hotelmen Enough Runs to Win First Start

Centrals, new entry into the City Senior Baseball League, won their first start last night, when they nosed out the Sons of Canada by a 4-3 score. The Centrals played errorless ball and pulled Chenoski, their pitcher, out of many serious holes. Chenoski struck out eight men in the seven innings and allowed six hits. Eddie Smith was on the slab for the Sons of Canada and held the Hotelmen to four hits in the five and two-third innings he pitched, but he walked five men and hit one. Bill Lambie, who relieved him in the sixth, pitched to only one man and was credited with the loss although the winning run was scored on an error.

Howe, third baseman for the Native Sons, led the hitters for the evening with three hits in four times up, one of them being good for three bases. He made three errors, too, and two of them came in the sixth inning at bad times. Farquhar got two singles in three times up, and Vic Menzie made two hits in four trips to bat.

The Sons of Canada did all of their scoring in the fifth inning. Nelson, first man up was hit by a pitched ball. He scored on Howe's triple to right centre. Smith drew a base on balls. Lambie went out. Chenoski to Farquhar. Bill Mitchell tried to bunt twice but the ball rolled foul both times and then he fouled out to Farquhar. Menzie, next man up, hit a sharp single to left both runners scoring and he took second on the throw-in to the plate. Ratchford ended the inning by striking out.

The Centrals collected all of their runs in the sixth. Chenoski fouled out to Howe. Somerville hit one to Mitchell who threw low to first but Menzie could have got it if he had gone after it. Gavin, hit to Howe who had lots of time to get his man but he threw to second and both runners were safe. Morrison singled over short and filled the bases. Smith walked Barry, the next man up, and Somerville was forced in with the first run. Jim McNulty hit an infield fly to Mitchell, for two out. Smith walked another run in when Farquhar drew a base on balls. Bill Lambie went in to pitch. Morrison scored on a passed ball. George Mitchell hit a hot one at Howe who missed it and Barry scored the winning run. Bill Mitchell recovered the ball and caught Farquhar with a throw to Stalker at second.

During the game, Umpire Moran announced that there would be no game on Thursday owing to the double-header on Saturday against Ketchikan.

STATION WINNER

Got First Victory of Season in C. N. R. Softball League Last Night

Station defeated Round House by a score of 9 to 6 in the C.N.R. Softball League last night, thereby obtaining their first win of the season. The game was close all the way. For the station, B. Skattebol's shoestring catch of a low fly to centre was sensational while, for the Round House, the hitting of Teng was outstanding.

Round House: Cameron, 1b.; Tulloch, c.; Raby, p.; Sinclair, cf.; Ferguson, 2b.; Bond, ss.; Peterson, lf.; Teng, rf.; Kanaya, 3b.
Station: Horton, 3b.; Astoria, 2b.; Unger, lf.; Styles, 1b.; B. Skattebol, cf.; A. Skattebol, c.; Peters, ss.; Olson, rf.; Holtby, p.

Umpires were Comadina and McIntosh.

SCOUT WINS NEWMARKET

Half Brother of Kentucky Derby Winner Takes Old Country Race Honors Today

NEWMARKET, May 21:—Scout II, half brother of Gallant Fox, winner of the Kentucky Derby last Saturday, won the Newmarket Stakes today. The Aga Khan's Majeur was second and Seaver, third. Seven horses ran.

RIFLE ASS'N. HAS MEETING

R. W. Cameron Elected President—Season to Start June 1

At the annual meeting of the First Battalion North B. C. Regiment Rifle Association which was held in the Drill Hall last night, officers for 1936 were elected as follows:

Honorary President, Lt. Col. J. W. Nicholls.
President, R. W. Cameron.
Secretary Treasurer, W. Brass.
Executive—M. M. Lamb, R. Wilson, A. Palmer, A. Wylie, H. B. Eastman and C. McKeown.

Reports on activities during the 1929 season were presented, showing that it had been a successful year. It was decided to hold the first shoot of the season on the McNicholl Creek Ranges on June 1.

Boys and Girls ... get into the FLEET FOOT Athletic Club

Won't it be great to be the first in your crowd to get your membership button and engraved certificate, and to be enrolled as a member of the Fleet Foot Athletic Club!

Won't it be grand to have the postman bring you the Fleet Foot Sports Review every month ... addressed to you personally!

Won't it be swell to read this little Sports newspaper and to know more than anybody else about the great athletes and the big games.

You get all these things ... free ... when you join the Fleet Foot Athletic Club ... and that doesn't cost you anything either. Here's the way to join:

Naturally you'll be buying a pair of Fleet Foot Shoes about this time of the year. Ask the man at the Shoe Store for an application blank for the Fleet Foot Athletic Club. Fill it in and mail it to the Dominion Rubber Co. and in a few days along will come your membership button and engraved certificate and every month the postman will bring your Fleet Foot Sports Review.

The only requirement is that you buy a pair of genuine Fleet Foot Shoes. Be sure the name Fleet Foot is stamped on the shoe.

FLEET FOOT

A Product of DOMINION RUBBER COMPANY LIMITED

Man in the Moon

Prince Rupert people will be interested to note how the tourists are dressed this year.

"I wish you would sell that dog. Yesterday my daughter had to stop her singing lessons because your dog was howling all the time."

"Dogs are dogs and hogs are hogs," as Jake says. He declares there's plenty of hogs that will never be eaten as pork. They're too tough.

Three smart Ales encountered a chinwhiskered farmer. Thinking they would have some fun, they lined up and the first said while lifting his hat, "Good morning, Abraham."

Now that it seems likely there will be an election pretty soon. What about some free beer?

"Now, Johnny," said his Sunday school teacher, "what do you think a land flowing with milk and honey would be like?"

"Sticky," replied Johnny promptly.

Never mind being talked about. Even the weather soon regains its reputation when the sun begins to shine.

I spent an hour with the eagle bunch

I saw some youngsters spar And I never met a jollier crowd Than those same Eagles are.

Its better to lose your money than lose your nerve. You may get your money back but its hard to get your nerve once its gone.

People who do not mind their own business usually have no mind and no business.

WATER NOTICE

Use and Storage

Take notice that Northern British Columbia Power Company Limited whose address is Besser Block, Prince Rupert, B.C., will apply for a license to take and use 1,000 C.F.S. and to store 370,000 acre feet of water out of Meziadin Lake and Meziadin River, which flows southwesterly and drains into the Naas River about 15 miles above tidewater and 69 miles from Alyash, B.C.

The storage-dam will be located at about 8 chains above Govt. fish ladder in Lot No. 2450.

The capacity of the reservoir to be created is about 370,000 acre feet, and it will flood about 6,000 acres of land. The water will be diverted from the stream at a point near the storage dam and will be used for power purpose upon the lands described as Portland Canal Mining Division.

This notice was posted on the ground on the 31st day of March, 1930.

A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

The petition for approval of undertaking and an application for approval of the Schedule of Tolls will be heard in the office of the Board of Investigation at a date to be fixed, and any interested person may file an objection thereto in the office of the Comptroller or of the Water Recorder of the District.

Within a radius of 125 miles of the power site.

NORTHERN B.C. POWER CO. LTD. Applicant By Alexander Pirie, Agent.

The date of the first publication of this notice is April 11th, 1930.

TELEPHONES ARE NEEDED

J. C. Brady, M. P. Tells House of
Commons of This District's
Wants

"This vote affords me the opportunity to bring to the attention of the minister the grave importance of federal telephone communication in Northern British Columbia and particularly in the constituency of Skeena," said J. C. Brady, M. P. for Skeena, in the House of Commons at Ottawa, recently. "I may not have another opportunity to mention this fact, and as it is a very important subject I ask the indulgence of the committee at the present time. I have placed before the minister for his consideration three new lines which are absolutely essential. One is from Houston to the Owens Lake Mining and Developing property. Twenty-six miles of new road have been constructed by the provincial government and by the Owens Lake mining interests. The old telephone line went along the old road which led to Nadina; this road is not being used to-day. There is an urgent request for the construction of a new telephone line to meet the requirements of this large and important mine which employs over fifty men. I have given information, which the minister no doubt has, regarding the importance of this line, and I trust he will see to it that this matter will receive immediate consideration. "The next point I wish to bring to the attention of the minister is the fact that for three years I have been asking for the construction of a telephone line from Colleymount to North Francois Lake. In order to show the seriousness of the situation in that section of the country I will read part of a letter which should be of profound interest to the minister, and to the hon. members in this house. There is no telephone system in the whole district. There is a farmers' institute consisting of 27 farmers with their wives and children. These people have to travel 40 miles, when emergencies arise, in order to get in touch with a doctor. The letter I have in my hand has to deal with the conditions that exist in that section.

"Dear Sir: "Again we wish to call to your attention the vital subject of a telephone for Colleymount post office. We have been told by the forestry department of British Columbia that we could have a lookout station situated on Colley mountain, provided the Dominion government would give telephone connection to Colleymount and community. By so doing a vast amount of valuable timber may be saved from destruction by forest fires every year, and the residents be helped out of their great handicap. "To show what our people here are up against, I may refer to the very sad death of the three year old son of Mr. and Mrs. Lloyd Roberts which occurred here recently from spinal meningitis. Due to the lack of a telephone in our community it was necessary to take this very sick child to Burns Lake for treatment, a distance of forty miles. I am sure you will agree with us that when our institute has a membership of twenty-seven we feel entitled to a telephone. "It is the belief of the people in this community that had there been telephone communication immediate steps could have been taken to save the life of this child. The child died before medical assistance could reach Burns Lake. I wish to say to hon. gentlemen that I am sorry to hinder at this late hour the progress of the estimates, but this is a matter of such importance that I feel it is worthy of your special consideration, and now that you are in possession of the fact you will realize the importance of assisting these people. They are asking only for one of the essential things of life, telephone communication, and I cannot see why they should not receive it. The third line is between Bickle and Grassy Plains. I trust these matters will receive the sympathetic consideration of the minister and that steps will be taken to have these lines installed. Will the minister promise to give this his attention?" Minister of Public Works Elliott said that every request Mr. Brady had made would receive most sympathetic consideration.

To Hold Picnic

The entertainment committee of the Canadian Legion met last night and decided to hold the annual picnic at Digby Island on July 6. Present at the meeting were J. S. Wilson, chairman of the entertainment committee; J. Smith, president of the Legion, and J. A. Allen, R. T. Anderson, W. Wilson, J. Preece and H. B. Eastman.

Repairs Fair Building Roof

Two tenders were received last night by the Fair Board for the work of covering the roof of the Exhibition building but, as the cost of doing the work was high and the financial outlook somewhat doubtful, the tenders were referred to the building and grounds committee for consideration with instructions to again examine the roof and see if it could be repaired and if the cost would not exceed \$50 to proceed with the patching and allow the arger work to stand over until another year.

For every horsepower of water power installed in the United States two and one-half horsepower of steam power are being installed.
