BENNETT FEATURED

His Reply to Thomas Gets Prominent Position in London Newspapers

LONDON, Dec. 3.—The statement of Premier R. B. Bennett of Canada, criticizing Rt. Hon. J. H. Thomas, Secretary for the Dominions, obtained a leading position in the most of the morning newspapers of London with the exception of the Daily Herald.

The News-Chronicle said that Mr. Thomas was shown the statement and remarked: "Oh, I did not know anything about that. I shall be interested to study the statement but until then I can make no comment."

Mr. Thomas yesterday, however, said he did not propose to make a reply.

The Daily Telegraph declares that Mr. Thomas and his cabinet colleagues should consider gravely and immediately the question of his personal position as a member of the cabinet.

Deputy Minister Of Fisheries Is Visitor to City

W. A. Found, deputy minister of fisheries, Ottawa, arrived in the city on the Prince George this morning from Vancouver, being here to meet the fishermen of the district and hear their views on problems affecting the fishing industry.

Mr. Found expects to be able to sail tomorrow night on the Prince George on his return to Vancouver.

Mrs. Holland and family of Port Essington wish to thank their many friends for the kind expressions of sympathy shown them in their recent bereavement.

BRITISH GOVT IS LOOKING INTO SALE OF CANADIAN WHEAT

LONDON, Dec. 3.—The British government has already initiated an enquiry and will immediately investigate all methods by which the sale of Canadian wheat in Great Britain can be accomplished on a reciprocal basis, said Hon. J. H. Thomas, secretary for the Dominions, in reply to a question in the House of Commons yesterday.

VANCOUVER WHEAT VANCOUVER, Dec. 3.—Wheat was quoted on the local exchange today at 60 1/2c.

RAILWAY IN PEACE

Early Completion of Dawson Creek Line Depends on Weather

EDMONTON, Dec. 3.—The opening of the Northern Alberta Railway extension from Hythe to Dawson Creek, B.C., by the end of December if weather conditions permit, is expected by John Callaghan, general manager, who has returned here from an inspection trip in the north country.

The 15-mile extension on the Peace River, from Fairview to Hines Creek, will likely be opened for service this week.

Track laying and ballasting have been completed on the Fairview-Hines Creek line and all that remains to be done is surfacing. The official inspection of the Railway Commission will take place soon and on recommendation of the inspector, the company will be given authority to place the line in operation for passenger and freight services.

About 200 men are working on the Hythe-Dawson Creek extension, on which a number of bridges are to be built. Given good weather, the line will be completed into the Dawson Creek terminal by the end of the year.

To Prevent Duplication

There was a somewhat lengthy meeting of the city council last night, for the prime purpose of trying to prevent overlapping of the activities of the provincial and city work and thus see that all unemployed, so far as possible, get an even break.

The council also decided to ask employers to, as far as possible, give consideration to the married men in their employ when reducing their staffs or putting men on part time. While there is no intention to seem to be interfering with the business of others the suggestion is made that all employers in the city may do something to help out the present crisis.

Message of President To American Congress Is Not Very Cheerful

Sites Unemployment and Drought Relief as Major Problems Facing Country—Increase of Taxation May Be Necessary

WASHINGTON, Dec. 3.—President Hoover set unemployment and drought relief at the top of the program he recommended yesterday in his message to Congress. To accelerate federal construction in the next six months he requested an emergency appropriation of up to \$150,000,000. He estimated that this year's deficit would reach \$180,000,000.

The president said: "I cannot emphasize too strongly the absolute necessity to defer any other plans for an increase in government expenditures." A surplus of only \$30,000,000 is in sight for 1932, the president warned. Even with a discontinuance of the one per cent tax reduction on incomes, rigid economy was declared necessary to avoid an increase in taxes.

Vancouver Man Well Pleased With Country After Trip of Two Months

John Hockin of Vancouver has returned to his home after a two months' trip through the Peace River country. He says: "It's the place of opportunity for those who understand pioneer towns and new lands and all it needs is a coast outlet. I saw great crops and some fine cattle. Much of the land is covered with light poplar not too hard to clear and in some places there are heavier woods. Prairie chicken, rabbits, moose, grouse and fish are plentiful. "It's a great country." As an earnest of his faith in it he staked himself a homestead while up there.

CONGRATULATIONS

In the special number of the Daily News yesterday we had the pleasure of passing on to the people of Prince Rupert the congratulations of Premier Tolmie and Acting Premier Sir George Perley as well as the member for the district, T. D. Pattullo.

The message of Premier Tolmie was a very striking one. We repeat a part of it here for the encouragement of local people:

"This and all other recent developments all indicate a very high confidence in the place which Prince Rupert is destined to occupy as a gateway to the great northern area of British Columbia."

The Premier of British Columbia and the Acting Prime Minister of Canada made no mistake in passing on the message through this paper. Practically every person in the northern section of the province is having an opportunity to read their words through the 5,500 copies that were distributed.

SCOTTISH COAL STRIKE

All strikes are unfortunate but sometimes strikes are necessary. So wars are always unfortunate but sometimes they have been necessary. The present Scottish strike comes at a time when the country is in the throes of depression. While it is likely to bring little gain to the strikers, it is probable it may hasten the end of the present Labor administration. If the men find themselves losing they will blame the government, even though the government may be helpless to do anything.

With the development of the idea of peace between nations comes also a growing feeling that industrial peace is also very desirable. Labor leaders are not as keen for strikes as they were at one time and the men refuse to be roused by inflammatory Red orators as they were a few years ago. They are learning to think out these things for themselves.

There will be strikes for some time but the probability is they will not be as frequent as in the past, although at a time like this no one can well predict how a strike will spread. If the men feel themselves losing they usually call on their allied unions to come to their rescue and there is the danger.

IN THE LETTER BOX

ANOTHER ON SOCIALISM

Editor, Daily News:—

I would appreciate the opportunity of commenting, through the columns of your valuable paper, upon the editorial "Socialism Discussed," appearing in your issue of November 25. I feel very strongly that such a wholesale condemnation of the human race as is voiced by Benjamin de Casseres should never pass unchallenged, nor yet such criticism of socialism.

"Socialism," says Casseres, "conceives man to be naturally honest, benevolent, peace-loving and ultimately perfectable." But Casseres does not think so and would have us believe that history proves man to be a most diabolical creature, the committing acts of viciousness of which not even the animals are capable.

The lowliest amongst us will surely feel the sincerest pity for this man Casseres, whose thinking has resulted in the tragic destruction of faith in his fellow-man. The history of the remarkable growth of Christianity alone renders Casseres' statements absurd and without a shred of foundation in fact. There is nothing surer than that man is essentially "honest, bene-

volent, peace-loving and ultimately perfectable."

As to socialism, it must and will supplant the present social order by reason of its unshakable belief in the natural goodness of mankind. The largest part of the evil in the world today is undoubtedly a direct result of the capitalist system, which exists entirely for private profit and not for service.

The natural craving in man for something more than worldly wealth is inevitably leading us towards a new order of things, where unemployment, poverty, lust, grief and even sickness will be unknown.

It is a significant fact that many men of outstanding ability and position in the world are turning, or have already turned, towards socialism as the solution of our ills. They have learned that all the wealth available cannot purchase peace for the soul of man.

The change to the new order, so far from being a long way off, is probably very near and will be summated as quietly and speedily as most other momentous reforms in the world's history have been. People are so apt to overlook the simplicity of these things in their desire to find some very complicated remedy.

Yours truly,
"FAITH"

CHRISTMAS

will be different this year
if you do this

THE WAY to make your Christmas shopping easy is to look at the advertisements in the daily newspapers. You will find in them a host of helpful suggestions.

Instead of tramping aimlessly from—shop to shop — and from counter to counter — inspecting thousands of articles displayed for the holiday trade, turn to the advertising columns of your favourite newspaper and be guided by the most direct route to the desired purchase.

Wasted time and wearied steps are thus eliminated and your shopping is done to much greater advantage.

You are puzzled about what to give Father or Mother; it is hard to decide what to buy for seven-year old Betty; you find it difficult to select a present for the best friend and the older folks. No matter what your gift problems, and we all have the same problems at Christmas time, the advertisements in the daily newspapers will help you solve them. Reading the Christmas sales messages in your daily newspaper will save you time, energy and money. Read them every day.

Turn to them now and benefit by the assistance which retailers and manufacturers offer to solve all the puzzles that arise out of your Christmas shopping. The best and choicest wares of all the world are available in the shops today.

CHANGES IN EDUCATION

Inspector H. C. Fraser Speaker Before Teachers' Association Last Night

The regular monthly meeting of the Prince Rupert Teachers' Association was held last evening in the Booth Memorial School with H. C. Fraser, inspector of schools, the speaker of the evening.

Taking as his subject "The Aims of the Department of Education of British Columbia as Expressed by the Recent Changes in Curricula," Mr. Fraser gave a very interesting and valuable talk with many suggestions of a practicable nature.

The changes were generally along the lines suggested by the report of the survey of education carried out through the province a few years ago. Of these the first was the Junior High School. The results of the experiment recorded to date, were decidedly satisfactory though, owing to cost and few large centres of population able to bear the expense, there were few outside the largest cities. Ocean Falls had adopted the plan to some extent. As an attempt to bridge the more or less actual gap between the elementary and the high schools it was fulfilling its objective and also gave the pupils the undoubted advantage of trying out different lines of study in time to leave them and still be able to complete the chosen course at an early age.

The adoption of the four-year High School course was considered and Mr. Fraser emphasized the point that the change was made at the often expressed request and generally felt desire of the great majority of parents in the province. Teachers from a professional standpoint and knowing the strain the three-year course put on the majority of students were in favor of the change and yet the adoption of it by the Department of Education had aroused considerable opposition. This was due no doubt, to lack of complete information on the part of the objectors and the threat of heavy additional expense. The objection to change, a more or less natural prejudice, was a real factor in the opposition though they would be slow to admit this. The advantages from the point of view of the pupils were very real and evident. And the relief from excessive homework gave the pupils who were taking the study of music, engaging in general reading and other extra-curricular activities time for these essential and cultural requirements.

"The changes in the sociological studies was the next point discussed by Mr. Fraser. The overemphasis in the past on the importance of the chronological succession of events was responsible for the change. History should be directed towards the study of past systems to enable people to interpret the present system. Some facts were necessary but they were but a means towards the understanding of events and not the end in themselves. History should be a live story of live people and should make such a demand on the interest of the child that there would grow up in him a keen desire to learn more of the growth of the people of the world from a sociological point of view.

National Spirit

The need for being familiar with the history of the growth of this province is recognized by all. In this connection the "Romance of the History of British Columbia" was a particularly attractive and valuable volume. "How Canada was Found" was another valuable book along similar lines.

The aim of the Minister of Education in putting such emphasis on the creation of a national spirit was well directed and his suggestions of genuine value and a worthwhile contribution to the advancement of the study of history in British Columbia.

A very hearty vote of thanks was accorded Mr. Fraser for his address. Following adjournment refreshments were served.

Prior to Mr. Fraser's talk a regular business session was held. Plans for the annual social to be held in

The Boy Scouts are working hard repairing toys which have been given them to try and make glad the hearts of some little children this Christmas time. The Scouts are appealing to friends for more toys, dolls, games, etc. They have just received addresses of 5 children (twenty families) who are needing toys, etc. The postage on the parcels will be heavy and they are asking those friends who have no family to help pay the postage.

Boxes are being placed in some stores, thanks to the kindness of the owners, for contributions or donations.

Al Falconer Starts Removal of Cottonwood Stand Near Illiance River

Logging operations were commenced this week by Al Falconer on the flats near the Illiance River at Alice Arm. The timber logged will be cottonwood and will be shipped to the Lamateo Co.'s veneer mill at New Westminster where it will be manufactured into veneer. There is quite a stand of cottonwood near the Illiance River and a small crew will be employed during the next two months. The logs will be hauled from the woods to the water by caterpillar tractor.

Oddfellows' Card Party and Dance

Enjoyable and Well Attended Affair Held Last Evening in Metropole Hall

A very successful whist and bridge party and dance was held last night by the Oddfellows' Lodge in the Metropole Hall. The affair was largely attended and enjoyable.

Prize-winners at cards were: Bridge—Ladies first, Mrs. Anna Ross; second, Mrs. Moore; men's first F. A. Rogers; second A. R. Phillips.

Whist—Ladies' first, Miss Davies; second, Mrs. J. Watson; men's first, S. Hammond; second, J. Hanson.

After cards, delicious refreshments were served and dancing followed with music by the Oddfellows' orchestra.

The committee in charge of the affair consisted of J. E. Jack, master of ceremonies, M. McArthur and J. L. McIntosh. A. Blackhall presided at the door.

Twenty Years Ago

In Prince Rupert

December 2, 1910

Several of the leading citizens of the Queen Charlotte Islands have arrived in the city on the steamer Prince Albert to air grievances against the provincial government in regard to alleged coal land grabbing on the Islands. Some even go so far as to charge that the government is in league with the coal stakers. William Manson, M.L.A., will be interviewed.

In spite of the disrupted condition of the streets owing to grading operations, the city council is doing everything possible to render access to building easy in the event of fire breaking out.

Preparatory to the forthcoming poll on local option, the fight between prohibitionists and moderationists in Prince Rupert is gaining momentum. Many meetings are being held and considerable feeling has developed.

HOSPITAL SERVICES FOR MONTH ARRANGED

Rev. C. E. Motte, secretary of the Prince Rupert Ministerial Association, has made the following arrangements for Sunday services in the Prince Rupert General Hospital this month: December 7, Rupert East United Church; December 14, St. Paul's Lutheran Church; December 21, First United Church; December 28, Salvation Army. There was no meeting of the Ministerial Association yesterday owing to lack of a quorum.

GRIDDERS GO EAST

Regina Rough Riders and Winnipeg Native Sons Leave For Toronto

WINNIPEG, Dec. 3.—The Western Canadian "Rugby Special" will pull out of Winnipeg tonight over Canadian National lines, carrying with it the hopes of the prairies for Dominion championships in both junior and senior grid circles.

In two special cars "The National" will carry the Regina Rough Riders, five times Western Canada senior champions, and the Native Sons of Canada, who will bear Winnipeg's junior banner on eastern soil for the first time.

Led by their famous coach, Al Ritchie, in his equally famous con-skin coat, the Regina sod scufflers left their prairie citadel last night and are spending today at the Fort Garry Hotel here before they continue their journey into the stronghold of the Balmy Beachers, whom they meet in Toronto Saturday.

The Rough Riders are conceded a better chance this year than ever before and the entire west will be pulling for the victory that will place the west on the grid map at last.

Native Sons have what is probably the finest junior grid machine ever turned out of Winnipeg and their followers are confident they will duplicate the feat of the Regina Pats who turned back St. Thomas, champions of the east two years ago. The Canucks will meet either Toronto Argos or Hamilton Collegiate Grads, who play off today.

In the Winnipeg party will be 18 players and four officials of the club—R. J. Bryans, manager, Norman Patterson, vice-president, Fred Bryans, secretary, and "Scotty" Caldwell, coach. Another player, Ted Morris, star half-back of the squad, will be picked up in the east where he has been transferred by his firm since the last game here.

The natives are taking no unnecessary chances and included in their equipment will be 10 five-gallon bottles of Winnipeg water which has been already loaded on their car.

SPORT CHAT

The Elks' Lodge has arranged an interesting card of boxing bouts for its smoker tomorrow evening.

The list of events is as follows:

Marvin Rowe vs. Dynamite Eckert, flyweights.

Benny Wendie vs. Pat Clancon, junior welterweights.

Nina Gurvich vs. G. Holm, welterweights.

Dido Gurvich vs. A. Lee, light heavyweights.

Bill Stone will also defend last year's title in barrel bouts.

Eert Morgan will be master of ceremonies and Roi Barnes, referee.

The irresistible appeal of miniature golf seemed to gain an argument in its favor in Montreal recently when fire broke out in the fourth story of a building, the ground floor of which is entirely devoted to a diminutive thirty-six hole golf course.

While flames raged and firemen were sealing the walls to pour tons of water on the blaze, the players engaged in their game of Tom Thumb did not even flick an eyelid and kept on with the arduous task of avoiding hazards. An amused crowd peered at them through large windows, finding the sight a lot more entertaining than a mere fire.

HAWKS' WIN SPREE OFF

Chicago Checked By Montreal in National Hockey League Match Last Evening

MONTREAL, Dec. 3.—The Montreal Maroons checked the Chicago Black Hawks' winning streak last night in the feature game of the National Hockey League. Smith scored from Stewart in the second period and Gallagher made a solo rush to score in the third. The Black Hawks' score was made by March in the first period.

At Philadelphia, the Montreal Canadiens defeated the Quakers in a hard fought game. Joliat and Morenz scored on solos in the third period.

At Boston, the Bruins made second place in the American Division of the National League by defeating Toronto Maple Leafs three to two. Thompson, Bruin goalie, spoiled many of Clancy's chances. The Bruins scored one in each period, Oliver, Chapman and Barry being the scorers. Conacher scored in the first and again in the third for the Maple Leafs.

ALICE ARM

The Esperanza mine will resume operations early next spring, it is announced. Seattle capitalists, headed by Harry Bowyer, have reached an agreement with the Esperanza Mining Co. whereby they will acquire a large block of stock and assume control of operations. Mr. Bowyer will be in charge and he will be in Alice Arm shortly to complete a survey of the lower claims. It is planned to commence mining operations as early as possible next spring. A compressor will be installed and development undertaken on a much larger scale than in the past.

Many contributions are being made here toward the fund for the relief of dependants of victims of the recent disaster at the Bonanza mine at Anyox.

STEWART

A daughter was born in the Stewart General Hospital last Thursday to Mr. and Mrs. E. D. Haddon of Hyder.

A very successful whist drive and dance was held here last Wednesday night in aid of the Stewart General Hospital, about \$100 being realized as a result of the affair. Prize winners were Mr. and Mrs. J. Campbell, Mrs. Lee, L. S. Davidson and Jack Grey.

After over two weeks battling with the elements, telegraph wires to Stewart are working again. Oscar Landry, district superintendent, Government Telegraphs, Prince Rupert, was a visitor here last week on official business.

Charles R. Gilbert, Terrace fire insurance adjuster, was a visitor here last week on official business.

W. Gray of the Hyder Lumber Co. left last week for a trip to Vancouver, Seattle and elsewhere in the south.

Mrs. Dabo left last week for a trip to Vancouver.

Jack Anderson, road superintendent for Atlin district, spent a few days here last week on official duties.

Mrs. M. Evans, accompanied by her son, Boyd Evans, left last week for Vancouver.

J. A. Morris, Prince Rupert broker, has been spending a few days in town on business.

A. Erskine Smith of Premier held the winning ticket in a drawing which was conducted for Charles Duke's ranch on the Queen Charlotte Islands.

BURNS LAKE

District visitors in town during the past week have included: Kurt Unger, Francois Lake; George Buchanan, Danskin; Anselm Keller, Francois Lake; and F. R. Keefe of Francois Lake.

W. Muirhead has returned to his duties on the staff of the Royal Bank of Canada here after spending a holiday in Vancouver. Now Herman Brunell has left for his annual vacation.

A. E. Parlow, district forester, Prince Rupert, was a visitor in this district last week on official duties.

Unemployment relief work started in Burns Lake last week and several men are now at work on improvements to the parks grounds.

J. H. Hadland of Oona River is visiting at the home of O. H. Hamre for a week or so. Mr. Hadland and his family were former residents of the Danskin district.

Miss Doris Fletcher and Miss Thelma Petersen are announced as class leaders in examinations in the local high school.

The local United Church celebrated the ninth anniversary of its establishment with suitable special services last Sunday.

Dr. Morrison, dentist, has been a visitor in Burns Lake recently on professional business.

PRINCE GEORGE

In the course of an official visit to various interior corps of the Salvation Army, Commandant William Kerr of Prince Rupert spent a week in Prince George.

A. J. Jank has been appointed game warden for the Finlay River district. He will make his headquarters in the forestry cabin at Finlay Forks.

There are three hundred registered in the city of Prince George as being unemployed. The number is understood to include quite a number of men with wives and families. The city council has decided that, in relief work, married men will get the first call. The dole may be resorted to for single men.

Before proceeding from Victoria to London where he will take over the duties of agent general for British Columbia, Hon. F. P. Burden paid a flying visit to his former home here recently.

Miss Helen Hornsby has arrived in the city to take up residence with her father, W. L. Hornsby, and sister, Miss Ruth Hornsby.

The Prince George Choral Society, which was recently reorganized, has resumed practices for the winter.

Mrs. Gordon Wood read a paper on candy and gave a demonstration at a meeting of the local Women's Institute on Tuesday.

Mr. and Mrs. William Prest and family arrived here this week from Wetaskiwin, Alta. Mr. Prest succeeds F. A. MacCallum as manager of the local branch of the Bank of Montreal.

The local Elks' Lodge held its annual charity dance in the Ritts-Kifer Hall Thursday night. There was a large attendance and the affair was both successful and enjoyable.

Dr. R. W. Alward and Alex McB. Young are being prominently mentioned as aspirants for the Conservative nomination to contest Fort George riding at the forthcoming provincial by-election. In connection with the Liberal nomination, the name of W. A. Watson of Pouce Coupe is most frequently heard.

George Boyce got the largest deer of the season in this district last Sunday while hunting about ten miles up the Nechako River from here.

Fort George riding has been allotted \$40,000 under the government's unemployment relief scheme. This sum will be divided equally between the local area and the Peace River section of the riding.

Weather has been generally fair here with flurries of snow and lower temperatures, the minimum thermometer reading for the past week having been 18 above zero.

VANDERHOOF

The Vanderhoof and District Board of Trade is suggesting to the provincial department of agriculture that the government make brood sows available to the farmers of the central interior on the deferred payment plan with a down payment of 25%.

The Sunshine Fund is being organized here to provide Christmas Cheer for needy folk in town and district.

NEWS OF THE MINES AROUND PRINCE RUPERT

Annual Report on Toric—Granby Co. Closes Down Copper Mountain—Topley Asks Ore Testing Plant

The annual report of H. R. Budd, president of the Toric Mines Co. Ltd., states that, owing to the very serious drop in the price of silver, all work on the property was stopped last spring. In accordance with the agreement with Britannia Mining & Smelting Co. Ltd., a new company, Torbrit Mining Co. Ltd., was formed in which Britannia holds 75 per cent of the stock and Toric 25 per cent. Development work carried on by Britannia until operations were suspended had been very encouraging, stated the report, adding that from all the work accomplished it is calculated that there is indicated tonnage of approximately 500,000 tons of ore which may be won from the mine. Insufficient work has been done to arrive at an exact assay but it is indicated that it may run from 13 to 17 ounces in silver per ton. Until such time as the price of silver increases to a point where operation can be carried on at a profit, no further development or other work on the property will be done. In the meantime, a caretaker has been left in charge. The balance sheet of September 30, 1930, shows cash on hand of \$134.04. Other assets are 750,000 shares of Torbrit Mining Co. at \$1 each, administrative and general expenses, \$3,607.40, and discount and commission on sale of shares, \$78,606.21.

In attendance. The list of recommendations was placed before the meeting for discussion.

Announcement has been made of the completion of the purchase of the Tiger mine at Alice Arm by the Utility Mines No. 1 Ltd. Under the agreement of sale, a cash payment of \$60,000 was made and 200,000 shares of stock were given. The Climax and Rose Marie groups of claims are included in the area.

The Topley District Mining Association is asking for support or advice on a resolution passed by that body requesting the government of British Columbia to co-operate with the Canadian National Railways in establishing a complete assay and analytical laboratory at a convenient point on the Canadian National Railways that will best serve the interior mining district. Following is a portion of the resolution passed: "It is certainly apparent that the methods employed in this No. 2 mining division have not been successful in bringing into production mining in the division. The chief reason is that the prospector and the small mining developer have not had the proper chance to find out what is in the showing that the discoverer is working on. In all refractory, compound or soluble ores it is entirely impossible to know the contents of such ores except by chemical analysis and assay and to have the proper results from these methods they should be easily accessible to the operator in the field and at a cost that will meet his ability to avail himself of the services and get returns on his samples in the shortest time possible. This association, therefore, petitions the minister of mines to co-operate with the Canadian National Railways to the end that a complete assaying plant that can treat all classes of ores with complete assays and analyses be established in the most convenient and easily accessible location on the line of the C. N. R. in No. 2 mining division of British Columbia to be operated on the policy of service at as near cost as possible and give proper service to this division, giving complete analyses and surveys on all or every kind of rock or liquid submitted for its services.

The Granby Consolidated Mining, Smelting & Power Co. has temporarily suspended operations as from November 15 at the Copper Mountain mine and Allenby mill near Pentiction in the southern interior. It is understood that the property will remain closed until there is a distinct improvement in copper prices. The decision throws some 600 men out of work and temporarily halts a payroll of \$1,000,000 per year, all of which is a serious blow to the community concerned.

The Prosperity Mine at Stewart, in which Premier Gold Mining Co. holds a 76% interest, earned a net profit of \$12,211.61 in September, states an official report, or at a rate of \$8.06 per ton. In spite of the very low silver prices which have prevailed, the statement shows that Prosperity has made a net profit of \$171,901.11 in the 11 months it has been in operation. The gross smelter value of production in the 11 months was \$462,077.26. Production cost amounted to \$289,552.36 and miscellaneous costs of \$1,217.79, leaving net profit of \$171,901.11.

The mines committee of the Stewart Board of Trade has drawn up several recommendations for improvements in the Mineral Act of the province of British Columbia. A meeting was held in the Moose Hall at Stewart with prospectors and many other interested persons
