EIGHTEENTH AMENDMENT IS INVALID, U.S. JUDGE FINDS

United States Dry Law Attacked in Principle In New Jersey Finding

Liquor Enactment Must Be Based on Constitutional Conventions and Not On Act of State Legislatures, It Is Declared By Judge

NEWARK, New Jersey, Dec. 17.—Federal Judge William Clark ruled yesterday that the adoption of the Eighteenth Amendment was invalid. The decision bases on the broad principle that such an amendment could be ratified only by constitutional conventions and not by state legislatures. The immediate effect of the decision would be in New Jersey that any arrests made for retail of intoxicants would have to be made under the State Enforcement Act pending appeal of the decision.

TO BRING OUT BODY

Pilot Wasson With Guide and Police Officer Hop Off From Whitehorse

WHITEHORSE, Y.T., Dec. 17.—Pilot E. L. Wasson, Joe Walsh and Sergeant Leopold of the Royal Canadian Mounted Police left here yesterday for the upper Liard River to bring out the body of Capt. E. J. A. Burke, who died of starvation on October 20 after becoming lost on an aerial trip.

The three men will land on a lake ten miles from Burke's rough temporary grave and will have to mush in and carry the remains back out to the plane.

The body will be brought here for an inquest and will then be delivered to the widow at Atlin where it is expected interment will be made.

THREE DIE IN WRECK

Train On Manitoba Branch Line Left Rails and Plunged Into Ditch

WINNIPEG, Dec. 17.—Three men were killed yesterday when a Canadian Pacific passenger train derailed near Killaly, Saskatchewan. The dead, members of the train crew, were trapped in the wreckage when the four car train turned over in a ditch.

The cause of the wreck is not yet determined.

The dead are: Henry Stevenson, engineer; John Kenney, fireman; Mail Clerk Lemon, all of Brandon. Several persons were slightly injured.

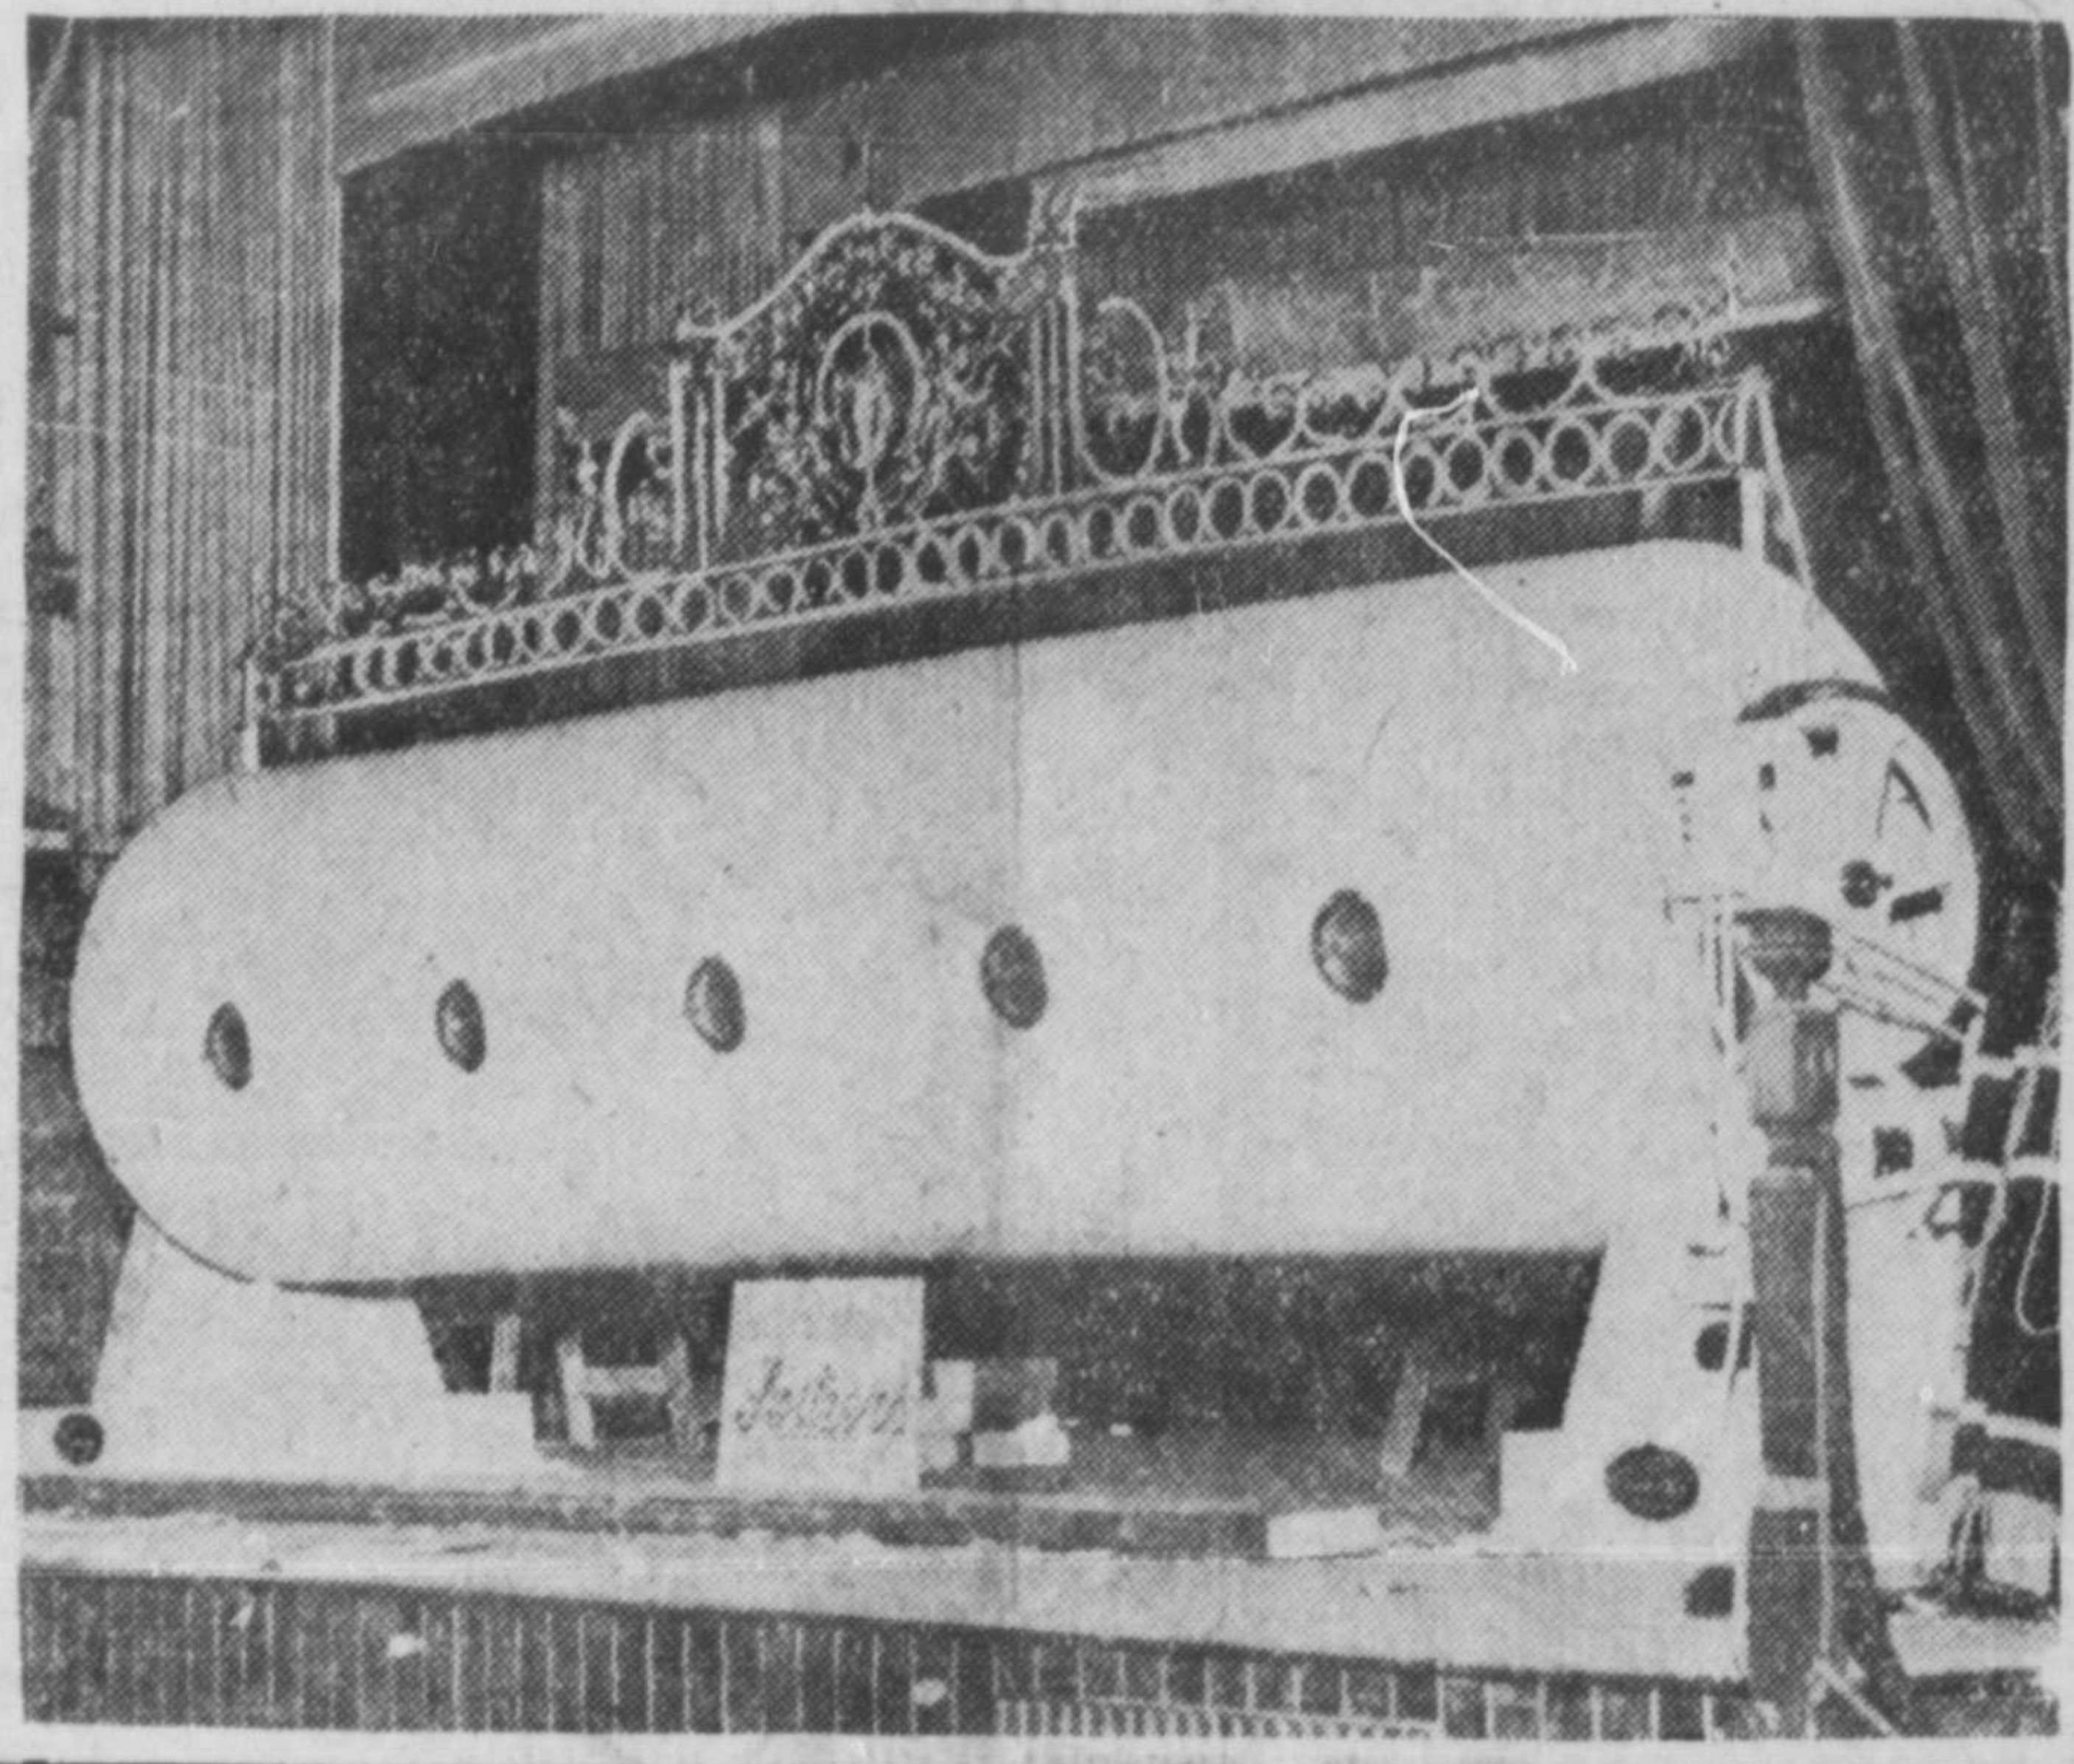

GOV'T NEAR DEFEATED

Margin of Six Votes Saved British Labor Government in Division Today

LONDON, Dec. 17.—The Labor government escaped defeat by only six votes in the House of Commons tonight. The vote was 244 to 238 against a House of Lords amendment to the Continence Bill proposed that the Dye-stuffs Act be prolonged for another year.

B. E. Valde of the engineering department of the Canadian National Railways and Mrs. Valde left on today's train for Winnipeg where they will spend the Christmas and New Year vacation.

POWER CO. IS BLAMED

Onus For Present Radio Interference Placed at Door of New Electrical System

After a full discussion of the condition as affects radio reception in the city at present, the Prince Rupert Radio Association, at a meeting last night in the City Hall, came to the conclusion that there was every indication that the interference prevailing just now is due to the new power system of the Northern B. C. Power Co. A committee consisting of F. E. Wernig, R. T. J. Rose, F. W. Wesch, F. E. Batt and William Thain was delegated to interview the Northern B. C. Power Co. in regard to the matter. If no action is obtained, the matter will be carried on to the city council as well as Victoria and Ottawa.

It was decided to have the annual meeting of the association on the second Friday in January.

D. C. McRae, president of the association, was in the chair at last night's meeting and there were between forty and fifty members present. J. J. Little, general manager of the Northern B. C. Power Co., had intended being present but could not make it.

CHILD DIES LAST NIGHT

Ten Year Old Daughter of Mr. and Mrs. Nathan Shaw of Kitkatla Passes Away

Annie Rhoda Shaw, ten year old daughter of Mr. and Mrs. Nathan Shaw of Kitkatla, died last night at the home back of the Prince Rupert Hotel on Wayne Place where the family is residing. Funeral arrangements are in the hands of the B. C. Undertakers.

DECISION RESERVED

After hearing argument of counsel this morning, Magistrate McClymont in city police court reserved until Friday his decision in the case of Alex McKinnon, who is charged with manslaughter in connection with the death of William Hanson, a city laborer, who lost his life as a result of a car accused was driving upset.

ITALIAN PLANES ON ATLANTIC HOP

CARTAGENA, Spain, Dec. 16.—Twelve Italian seaplanes on a flight from Orbetello, Italy, to Rio de Janeiro, South America, arrived here this afternoon after the first leg on their flight. Piloting the first of the planes was General Italo Balbo, Italian air minister and leader of the expedition which in many ways represents the most ambitious trans-Atlantic adventure ever attempted. Fifty-three other men comprised the officers and crew of the Fascist air armada.

BOSTON IS NEAR TOP

Bruins Continue Hockey Victories; Beattie Makes Debut

BOSTON, Dec. 17.—The Detroit Falcons, who have yet to win a hockey game on Boston ice, bowed to the Bruins last night and enabled the victors to gain great headway in their drive for top position in the American division of the National Hockey League. Beattie, who last season played with Vancouver, made his Major League debut with Boston, scored one goal and assisted in another.

At New York, the Americans scored an easy victory over the lowly Philadelphia team and advanced to second place in the Canadian section.

Ottawa sank deeper into the cellar of the Canadian section by dropping a decision to the Black Hawks at Chicago.

Last night's scores: Chicago 4, Ottawa 2. Boston 3, Detroit 2. New York Americans 3, Philadelphia 0.

Miss Charlotte Black, R.N., formerly lady superintendent of the Prince Rupert General Hospital, is now identified with the Royal Columbian Hospital at New Westminster as instructress of nurses. Since leaving here about six or seven years ago, Miss Black was for some time instructress of nurses at the Toronto Western Hospital, Toronto.

Royal Birthday Cake Is Sent Out

All Residents of Glamis Get Piece From Duchess of York

LONDON, Dec. 17.—The Duchess of York has surprised every inhabitant of Glamis, Scotland, by sending to each home a piece of Princess Margaret Rose's christening cake. The numerous boxes, each bearing the inscription "H. R. H. Princess Margaret Rose of York's christening cake," were delivered by post, and the local postman had an exceptionally heavy task visiting every house in the village and every tenant and employee on the estate. The gift is being proudly treasured by every recipient.

When the Duchess attended a matinee in aid of the funds of the Princes of Wales Builders' Fund of Tox at the Theatre Royal, Haymarket, it was her first public appearance since the birth of Princess Margaret Rose. Next to her sat Sir James Barrie, whose play "What Every Woman Knows" was presented at the matinee.

AUSTRALIA PACT PLAN

Agreement Reached With Canada In Tentative Treaty

OTTAWA, Dec. 17.—A tentative trade agreement has been reached between Hon. H. H. Stevens, minister of trade and commerce for Canada, and Minister of Markets Moloney of Australia. The agreement will be laid before the cabinet today and, if approved, further details will be made public.

AUSTRALIA ENDS RIOTS

Sporadic "Reds" Outbreaks Lead Commonwealth to Consider Extent of Movement

SYDNEY, Dec. 17.—Recent sporadic outbreaks of rioting and disturbances fomented by Communists in different parts of the Commonwealth have led to an examination of the extent to which the Communists have spread in Australia. A writer of the Sydney Sun declares sympathizers with Communism, owing to unemployment and sectional bitterness, number at least 2,000 in Port Melbourne, where that number of votes were cast for the Communist candidate at the last elections. The police in Adelaide say there are hundreds of men in the port, who, while not avowed Communists, would follow any course that promised excitement and a new shuffle of the cards.

Sydney is the headquarters of the party. Five Known Reds are on the Sydney Trades and Labor Council. Thousands are to be found on the waterfront. Brisbane is fairly strong, and, apart from the Communist Party of Australia itself, there are a round dozen of organizations, under various names, always changing, which are really Communist in their aims and are governed by the party machine from Moscow.

It is estimated by those who are most familiar with the personnel and methods of the Communist Party of Australia that its strength has increased almost 100% in the last year, an increase due to "favorable" social conditions—unhappiness, unemployment, poverty—and as these are spreading, so Communist opportunities for mischief are enlarging. What money comes from Russia to pay for the elaborate organization, the teachers, the speakers, the builders of sedition, is not known with certainty.

The Australian authorities act with a firm hand when Communist disturbances occur. A typical example was at Melbourne recently when numerous raids were carried out and prison terms imposed. Melbourne police are determined to arrest every Communist possible. Loaded batons and cartridges and much Russian propaganda was seized there. Communists were taken to the city jail in cartloads.

The police allege that at the present time Communists are mixing with the unemployed and inciting them to violence. Communists were conspicuous in a big parade of unemployed in Melbourne and their conduct was offensive. Women communists leaped on the running boards of motorcars and male Communists walked slowly before street cars, all their acts being with the object of arousing disturbances.

SEARCH IS INSTITUTED

Donated Schooner and Volunteer Crew Leave Today In Quest For Missing Fishermen

The Canadian Fish & Cold Storage Co. has donated its fishing schooner Grier Starrett for a two-day search for Pete Laporte Jr. and Henry Rudland, who have been missing since last Friday afternoon when they were blown seawards from Lucy Island in a small dory while codfishing.

The Grier Starrett left for Chatham Sound this morning manned by Capt. Fred Walters, in command, Hugh Miller, Jack Johnson, O. K. Olsen, E. Dahl, Oscar Edwards and John Berg, all members of the Deep Sea Fishermen's Union who have donated their services for the search work. Peter Laporte, stepfather of one of the missing men, also went out.

Two days will be spent searching around Dundas and Stephens Islands and adjacent waters and islands. If this search is unsuccessful in finding the two men alive, it will be pretty certain that they drowned.

SCHOLAR PRAISED

Harold Brown Conveys Congratulations to Rhodes Scholar

"I had the privilege of being a member of the Rhodes Scholarship selection committee this year and I would like to say how gratified we were to have before us the splendid record of Dr. Fred Kergin Jr., of Prince Rupert," said Harold Brown, general manager of the Union Steamship Co., who was here yesterday.

"It must be a matter of great pride to his father and mother, to know that his selection for the scholarship was unanimous and the committee felt that the promise of his future career is exceptionally brilliant. I would like to take this opportunity of congratulating Dr. Kergin sr., and of wishing his son every conceivable success."

HARD ON WHEAT POOL

The Financial News is rather hard on the Wheat Pool. It says in the latest number:

"The Wheat Pool, as constituted under the regime of Messrs. McPhail and McIvor, has reached the end of its road. It has lost the confidence of Canadian business and the respect of the grain trade. It has lost much of its one-time glamor for those farmers who expected it to lead them into the millenium. It may carry on a successful and highly useful business functioning strictly as a commercial organization, as the United Grain Growers and other preceding farmers' organizations have done. But fanaticism and blind theory will have to be replaced by practical business methods. Banks will not back outright gambling and there is a limit to the gullibility of governments.

"It will never be possible to reckon what Canada has lost through the experiment of its grain trade in 'orderly marketing,' and in holding to catch a peak price. But high though the price of this lesson may be, it doubtless has been well learned and the recuperative power of a country young, rich and undeveloped as is Canada will be demonstrated in the coming four or five years."

STEWART'S INDISCRETION

Recently some police court cases at Stewart were reported in the Daily News and some Stewart resident takes exception to the report.

It must be remembered that when anything like a mining discovery or development of any kind takes place in the neighborhood, Stewart gets the credit, often even when it is as far away from the town as the Premier Mine or the Big Missouri. So, when anything not so desirable happens, the town must expect to bear the onus.

When a clean-up took place not long ago in Prince Rupert, the Daily News told about it and it did the same for Stewart. While we all like to hear of pleasant happenings, we must be prepared to also hear of the unpleasant sometimes. Hyder, B.C. is always looked on here as a part of Stewart, although it is undoubtedly outside the village. If a mineral strike took place there, Stewart people would be broadcasting the news that another mining strike had taken place at Stewart.

While we are willing to admit that all newspapers make mistakes, we claim that the critics of newspapers are more often wrong than are those they criticize.

OPERETTA
COLORFUL

Lovely Entertainment Staged By Booth School Pupils Last Evening

In the staging last night of the operetta, "The Enchanted Palace," pupils of Booth Memorial School, ranging in age from six to fifteen years, presented one of the most delightful juvenile entertainments that has ever been offered in the city. It was a lovely Christmas program, indeed, and may be heartily recommended to all. The entertainment will be repeated tonight in the auditorium of Booth Memorial School.

Under the evidently painstaking direction of the teaching staff, the youngsters in the cast carry off their parts with perfection. There are singing, dancing and recitative sequences as well as many bright and tuneful choruses. Some brilliant results have been achieved in the costuming of the children. The program lasts for about two hours and is excellently sustained throughout.

Opening the program is a pretty little prologue in which about twenty-five children of Grades I and II take part. A playground scene is depicted. The children, wistfully wishing for fairies to appear, fall asleep and are visited by the fairies. This prologue was arranged by the teaching staff and was very effective.

There are two acts and the second act contains two scenes. Tastefully arranged and appropriate stage scenery is in keeping with the rest of the entertainment. "The Enchanted Palace" is a new version of the age-old and ever-delightful tale "The Sleeping Beauty." Princess Crystal is threatened with early death, the gift of the Fairy of Darkness. The Fairy of Life averts this tragedy by casting the spell of sleep over the palace for a hundred years. At the end of this time Prince Charming arrives to awaken the Princess and all the palace to life and joy again. The statement that all have been asleep for a hundred years is hardly believed but proof is forthcoming. The Prince and Princess seem satisfied and all live happy ever after.

Douglas Christison fills regally the role of King. Frances Lisney is indeed a stately Queen. Margaret McLeod makes a winsome Princess and Beatrice Berner is indeed a handsome and dashing Prince. Daphne Hemmell, Betty Wood and Eileen Hamblin take the roles of fairies and are very demure. Other of the chief roles are taken by Beryl Birch, Lillian Hanson, Ruthana Wood, Lillian Jones, Helen McNaughton and Asta Dybhavn, each of whom do very creditably in their parts.

Delightful piano solos were played at the opening and closing and during the intermissions by Marybelle Stiles and Ruth Nelson.

The complete cast is as follows:

- King—Douglas Christison.
- Queen—Frances Lisney.
- Prince—Beatrice Berner.
- Princess—Margaret McLeod.
- Chancellor—Beryl Birch.
- Wise Man—Asta Dybhavn.
- Jester—Ruthana Wood.
- Poet—Lillian Hanson.
- Chief Maiden—Lillian Jones.
- Chief Courtier—Helen McNaughton.

Courtiers—Inger Murvold, Vivian Wrathall, Hilda Hansen, Rita Strondahl, Venetia Feero, Hadi Suehiro, Betty Ellison, Marguerite Menzies, Isobel MacDonald, Linda Field, Lillian Davies, Edna Strand, Ethel Moorehouse, Mary Bremner, Thelma Hedstrom, Dorothy Grimble, Grace Allen, Margaret Prestory, Irene Calbreath, Robert Kelsey.

Fairy of Life—Daphne Hemmell.

Fairy of Darkness—Eileen Hamblin.

Fairy of the Palace—Betty Wood.

Fairy Guardians of the Princess—Clara Wikdal, Amaranth Bury, Alice Gomez, Jean Sunberg, Edith Ferguson, Norma Archie, Bessie Smith, Micky Casey, Adele Mus-sallem, Ellen May Bell, Marjorie Cook, Velma Thurber, Dorothy Wilkie, Jean Watt, Irene Giske, June Gomez, Annie Stengel, Gwyneth Walker, Phyllis Hamblin, Eleanor Sievert, Gertrude Garlick.

Jester Troop—Arthur Davey, Stanley Wardroper, Rupert Fulton, Terry Grimble, Harley Lear, Russell Cameron, Harold Ponder, Robert Elkins, Robert Gibson, Martin Erickson.

Cast of Prologue—Norma Walters, John Wilson, Patsy Nicholls, Beatrice Rudderham, Ina Robertson, Magnhild Storseth, Jean Mc-Crimmon, Betty Bremner, Elsie Murvold, Thelma Brown, Laura

RETROSPECTION

CANADA is advancing towards greater wealth, denser population and wider influence. In this great principle we place absolute confidence.

There are at least two vital factors assisting this growth: one, her immense water power and electric resources; the other, the development of the telephone. In addition, there is rising to prime importance the transmission of sound by radio and by the talking pictures and public address systems.

The Northern Electric Company is engaged in the manufacture of most of the telephones and telephone accessories used in the Dominion, a considerable part of the machinery used in the transmission of sound by radio and its allied systems, and also much of the material used for transmitting electric current.

We are grateful thus to be employed in assisting the upbuilding of this great Dominion.

DO YOU KNOW

That there are in Canada over a million and a quarter telephones, over 400,000 radio sets, over three hundred Northern Electric talking picture installations and many public address systems are installed in the leading hotels and in public meeting places, such as auditoriums, stadiums, rinks, churches, etc.?

At the opening, Miss E. A. Mercer, principal of Booth Memorial School, spoke briefly. She voiced her appreciation at such a large audience being present and thanked the parents for their co-operation. She mentioned that there were many children who did not appear in the cast but who had helped greatly. Before closing, Miss Mercer wished all those in attendance a Merry Christmas.

COURT AND THE PRESS

When a rather unsavory case came before him at the assizes, this week, the Chief Justice took the unusual course of clearing his court, says the Province editorially. The public, the press, even the members of the legal profession, save those actually engaged in the case, were excluded, and the accused was left alone with his counsel, the judge, the jury and the officers immediately attached to the court. So far as can be remembered, the action of the chief justice was unprecedented in British Columbia.

Under the common law, the presiding officer of a court has the power to exclude the general public from his court-room when he

deems such exclusion necessary or expedient, and the Criminal Code gives a judge specific powers of exclusion when presiding over such cases as the one in point. So, the chief justice was possibly within the letter of his rights in excluding the public and even the press. Just under what authority he excluded all the carriers, who are as much officers of the court as he himself is, we do not profess to know. That is a matter for the legal profession to deal with.

Regarding the press, however, there is something more to be said. There was a time when the press was excluded from meetings of Parliament. Later it was tolerated. Then it established its right to be present, and, in every legislative chamber there is accommodation for the press. Under the letter of the law, it is true, the press is still a stranger in Parliament, and any member is entitled to note the presence of strangers and to demand their exclusion. But no one ever does. The presence of the press is regarded as a guarantee that the proceedings will be open and above board—that nothing will be done subversive of public rights and liberties.

It is much the same in the courts of law. The press is there not out of mere curiosity, but as the representative and tribune of the people. It has not, as the old Roman tribunes had, the right of veto. But it has the right to report, to ventilate, to make fair comment. If, in its reports or its comment, it oversteps the boundaries of decency or fairness, action can be taken against it under the law. It can be disciplined, as

any citizen can. Under our democratic system of government, it can not be muzzled, and, if our system is to continue, it must not be muzzled.

The presence of the press in a court of law as in a legislature, is a guarantee that all is open and above board, that the liberties and rights of the public are safe. Its presence is necessary for the protection of the judge, the jury and the officers of the court. Publicity—free and open publicity—is the best antiseptic we have against the disease to which the body politic is subject, and judges, politicians and others will make no mistake if they leave matters of publicity to the newspapermen who are accustomed to deal with them. These will not overstep the bounds. It is an affront to the press to have it suggested, as exclusion from a court-room suggests, that it doesn't know its own business.

INTERCOAST EXCURSION

Prince Robert to Make Cruise From Halifax to Vancouver

VANCOUVER, Dec. 17.—Plans for a special excursion from Halifax to Vancouver via the Panama Canal with stops at the British West Indies early next summer have been announced by A. H. Allan, assistant general manager, Canadian National Steamships. This cruise will be made on the third of the new steamships constructed for the

company during the year—SS. Prince Robert. The cruise will leave the Atlantic Coast seaport about the end of April, 1931.

SS. Prince Robert arrived in Halifax a few days ago after a good trip across the Atlantic. Weather conditions were not the best and a thorough test was given the new ship.

Prince Robert will shortly assist in the heavy winter travel to the British West Indies and on March 2 will sail from Halifax on a 49-day cruise to South America. This cruise is sponsored by the Canadian Chamber of Commerce and the Canadian Manufacturers' Association and will be made up of Canadian business men interested in further developing Canadian trade with South America.

A lengthy stop will be made at Buenos Aires where the party will have an opportunity to visit the British Empire Fair which is to be opened by H. R. H. the Prince of Wales.

SS. Prince Robert will be the first Canadian passenger ship to sail from a Canadian port to South America.

The Canadian government will have a large show building at this fair at which the many exhibits of the Canadian manufacturers will be shown. Many other ports of call in South America will be made to afford the visitors every opportunity of becoming familiar with the trade possibilities of Latin America.

The party will return to Halifax on April 20. Shortly after this date the Prince Robert will start her cruise to Vancouver where she will later enter the tri-city service between Vancouver, Victoria and Seattle.

Harry Neidchen, with a good-sized passenger list, arrived in port at 11 o'clock this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox, Stewart and Ketchikan whence she will return here Friday morning and sail that evening for Vancouver via Ocean Falls, Powell River and Alert Bay.

John R. Morgan, head of the Morgan Logging Co. and the Billmor Spruce Mills Ltd., came in on yesterday afternoon's train from Billmor mill to meet his brother, B. E. Morgan, who was expected back this morning on the Prince George or next week from a trip to Minneapolis. Mr. Morgan, who plans on spending the winter at Billmor, says there is no foundation for rumors that have been circulating here that the mill is to be sold.

J. E. Blackaller of the ferry and barge department of the Canadian National Railways arrived in the city on the Prince George this morning from Vancouver. He is here to take over the new car barge which has just been completed at the local dry dock for service between Port Mann and Vancouver Island.

Nervous Woman Nearly Drives Husband Away

"I was very nervous and so cross with my husband I nearly drove him away. Vinol has changed this and we are happy again."—Mrs. V. Dues.

Doctors have long known the value of mineral elements iron, calcium with cod liver peptone, as contained in Vinol. Nervous, easily tired people are surprised how Vinol gives new strength, sound sleep and a BIG appetite. Gives you more PEP to enjoy life! Vinol tastes delicious.—Ormes Ltd., Drugs.

The "MARRIAGE" of THE WHITE HORSE

"WHITE HORSE" is Real Old Scotch. First matured and then blended, it is again matured and reblended, so that the whisky becomes properly married. This marrying of "WHITE HORSE" is a very lengthy process and the result is a right noble spirit of subtle and distinctive aroma and bouquet, soft, smooth and very pleasing to the palate, without a trace of kick or bite. As a heart tonic and digestive "WHITE HORSE" stands supreme.

BANTING IS DESERVING

Royal College of Surgeons Gives Canadian First Honorary Fellowship

LONDON, Dec. 17.—In connection with the conferring of the Honorary Fellowship of the Royal College of Surgeons of England on Dr. F. G. Banting, surgeon and physician, Toronto, discoverer of insulin, and Professor of the Banting Best Chair of Research, University of Toronto, by the Council of the Royal College recently, The Times editorially makes favorable comment and says Dr. Banting is the first member of the College ever thus honored. He has been a member of the Royal College for several years.

"The honor," says The Times "is signal; no other member of the College has even before received it, but the discoverer of insulin certainly deserved no less at the hands of British surgeons. His work, as Lord Moynihan points out, has a direct bearing on the practice of surgery. It was made possible in the first instance by the achievements of Lister. In its essence it is an application of physiological knowledge to the needs of clinical practice, and therefore represents that synthesis of effort which is the foundation of the science of medicine. Lord Moynihan, who has recently returned from Canada, refers to the lustre which Dr. Banting's work has shed on medical research in that land.

The discovery of an effective treatment of diabetes is certainly the most important contribution to therapeutics which has so far been made by any of the British Dominions. It stands, and will stand, as an inspiration and an example to the hundreds of eager young workers who, in Canada, in Australia, in New Zealand, in South Africa, and in other parts of the Empire, are dedicating their lives to the prevention and cure of disease."

SPORT CHAT

Statistics of race track betting in Canada for 1930 issued by the Department of Agriculture at Ottawa show a marked decline in total amounts wagered at race tracks during the 332 days' racing season. Decreases in figures amount to \$17,573,699, or 17 per cent., as compared with 1929. The decline in betting was more marked in Quebec than in other sections of Canada. For the six tracks which form the Quebec circuit this year decreases amount to 24 per cent.; for the eight tracks in the Ontario circuit the decline was only 15 per cent.; the five tracks from the British Columbia circuit showed a decrease of 17 per cent.; and in the prairie provinces the decline amounted to 15 per cent. Gate receipts at practically all the race track meetings showed an appreciable falling off. The decrease in attendance corresponds very closely to the amount of decreases in betting. The total gate receipts for 1930 were \$1,338,408.84 as compared with \$1,535,467.69 in 1929, a decrease of 13 per cent. Racing associations retained from the pari-mutuel pools a total of \$2,657,059.25 while the total amount paid in prize money to winning horses was \$1,722,095. In other words, approximately 43 1/2 per cent of the total receipts from gate money in the pari-mutuel percentages was paid out by the racing associations as prize money.

Toilers Will Make Strong Bid For Basketball Crown

WINNIPEG, Dec. 17.—Winnipeg's tireless Toilers, who have been Manitoba basketball champions farther back than most of the team members care to recall, are on the trail of another title. The Toilers, who have not had a Dominion year, are out to annex the honors year, are out to annex the honors now held by the brilliant Adanacs of New Westminster, B.C.

In their first two games this season, in a fairly tough league, Toilers have piled up 79 points against 21 for their opponents, Westbrook and Dodgers. The teams' scorers so far, giving an indication of the likely line-up in the play-offs, follow: Walkey, 26; Mitchell, 14; Silverthorne, 12; Woolley, 1; Carrick, 7; Thorogood, 5; Wilson, 4; Brown, 2; Phillips, 0.

Whist Innovation Was Interesting

New Kind of Party Staged at Moose Club Last Night and Proved Very Enjoyable

Ladies and gentlemen had a delightful time playing knockout whist and progressive whist at the Moose Club last night. As each couple was eliminated in knockout whist, they started playing progressive. The innovation proved interesting and enjoyable and it is now planned to have more events of the kind.

In the final at knockout whist, W. J. Seaymour and Neils Gunderson were the winners over Mrs. Ole Stegavig and Mrs. Richard Giske.

In progressive whist, the prize winners were: ladies' first, Mrs. Funnell; second, Mrs. Wolfshlegel; men's first, Joe Garon; second, J. Letourneau.

There were 22 tables of cards, Gilla Royer was master of ceremonies.

After card playing, there was a mock auction with Jack Preece as the auctioneer.

There was then a musical program to which Misses Nellie and Molly Lawrence contributed with violin and piano duets, William Beaumont with cello solos and Mr. and Mrs. J. A. Teng with vocal duets. Mrs. J. S. Black was accompanist.

WHOLESALE PRICES DOWN

OTTAWA, Dec. 17.—There have been declines in the wholesale prices of commodities throughout most of the leading countries of the world during the year ending September 1930, as follows:

Man in the Moon

If I were a bear
I would hug you, dear,
And you'd like the hug,
On that I'm clear.

This morning I met an optimist. He said he thought we should soon strike bottom and then conditions would begin to improve. He said: "Wheat is a pretty good barometer of business. Just now most of the farmers are getting about forty cents a bushel and it is going down at the rate of about a dollar a day. At that rate it seems evident we shall strike bottom in about forty days."

Shed just one tear for Mary, dear,
Death held for her no terrors,
She lived an old maid,
She died an old maid,
No runs, no hits, no errors.

"Well, of all the nerve," she said, as she slapped his face, "Don't ever try to kiss me again."
"All right," he replied, meekly, "If that's how you feel about it, get off my lap."

Inez—How is Bill getting on with his golf?
Dot—Oh, quite well. The children are allowed to watch him now.

The class was studying magnetism. "Robert," asked the professor, "how many natural magnets are there?"

"Two sir," was the surprising answer.
"And will you please name them?"
"Blondes and brunettes, sir."

SITUATION IN SILVER

There has been no over-production of silver, declared Senator Key Pittman of Nevada over the radio recently. The government statistics show that the world production of silver in recent years is as follows:

Year	Ounces
1921	171,580,712
1922	209,323,662
1923	246,275,858
1924	239,580,209
1925	245,280,193
1926	253,806,386
1927	251,396,555
1928	254,000,000
1929	261,000,000
1930 approximately	225,000,000

based upon current monthly reports to date. The figures speak for themselves. There has been but a slight normal annual increase in silver production, and this small normal percentage of increase is noted at a time when the demands for trade and commerce were the highest throughout the world. It will also be noted that there has been a material reduction in the production of silver during each month of 1930, without resulting in any increase in the market price of this product.

Production Is Uniform
The amazing uniformity of the annual production of silver throughout the world militates against any theory that an over-production of silver could possibly have brought about the depression. There was a time when certain financiers and economists imagined that there was an unlimited amount of silver somewhere that might be mined and dumped upon the world, but the world's annual production for 30 years proves the fallacy of any such presumption.

Shop Today and Shop at Home

Prince Rupert merchants are offering some great values for Christmas this year. Many of them have dropped their prices to keep pace with the reductions made in the great centres of population.

This is a good time to buy. Get the shopping done before Christmas is too near and the stores are crowded with eager men and women anxious to grab for anything.

Most Prince Rupert people are not affected by the hard times. Many are better off today than they were last year because their money goes farther. They can buy more if they wish for their salaries remain the same.

Friends need remembering just the same this year as in the past. Some of them need it more.

Those who are able to do so would do well to shop mornings because at that time the merchants and their assistants have time to attend to your wants.

Read the Daily News advertisements, for they will help you in your selection.

SMITHERS

W. E. Henry won an artistically decorated cake which was donated by Mrs. H. M. Mathews and raffled for the benefit of the Smithers Hospital. Mrs. J. B. Judge was the winner of four pounds of home made candy.

As a Christmas treat for the children, the local Elks' Lodge has arranged with W. J. O'Neill to put on a free show for the kiddies.

Mrs. Charles Barrett of Barrett Lake had the distinction of winning third prize for timothy seed at the recent International Stock and Grain Show at Chicago.

A son was born in the Smithers Hospital a week last Sunday to Mr. and Mrs. Cecil Ebert of Smithers.

A new roof covering has been put on the Smithers Curling Club's rink and other improvements are being made in preparation for an active season.

S. S. Phillips, district agriculturalist, is enjoying a vacation in Vancouver and Victoria. He expects to return to Smithers in about a month's time.

To assist in boosting the Christmas Cheer fund, the Canadian Legion has organized a dice card with turkeys as the main prizes. Turkey winners so far have been Robert Elliott, Neil McIntosh and J. A. Finerty.

Miss K. Soren R.N., a graduate of the Vernon Jubilee Hospital, has arrived here to join the staff of the Smithers Hospital.

Boys' and girls' basketball teams of Smithers visited Telkwa recently and won both games, the girls, however, being forced into an overtime period before they emerged victorious.

ter here from Terrace recently, was guest of honor at a bridge party sponsored by Mrs. N. P. Moran, J. N. Carr and Mrs. Charles Reid.

The American Consulate at Prince Rupert is seeking to learn the whereabouts of Nort Wakeford who was in this district in 1916.

BURNS LAKE

In order to give this town a 24-hour power service, the A. M. Ruddy Electric Co. has just installed two new units in the recently erected power house and the switch connecting up the new plant was thrown in by the chairman of the board of village commissioners. The new plant will be able to supply all the present needs here while a considerable surplus will be available for further growth and power demands.

The provincial government is now making provision to take care of direct relief in the unorganized districts. Constable Oland of the provincial police is receiving applications for relief here.

The Lakes District Young People's Association has been formed here with officers as follows: president, Nohr Hauer; vice-president, A. W. Allen; secretary, Rowley Spillman; treasurer, John Gerow.

PRINCE GEORGE

Great interest was taken in the preliminary trial here last week of Karl Fredericks on a charge of murdering his two companions, Herman Peters and Max Westphal, at Trembleur Lake last summer. The courtroom was crowded throughout the trial.

Relief work in Prince George is costing something in excess of \$200 per day. The gravelling and road work is nearing completion and, with a view to keeping a maximum number at work, the work of cutting down Connaught Hill is about to start.

The annual report of the secretary of the British Columbia Fair Association shows the Prince George fair standing tenth in a list of thirteen.

The city council, at its last meeting, expressed itself as being in favor of a community hall project in Prince George. It is likely that a \$20,000 bylaw will be submitted to the taxpayers at the civic election next month.

Telephones in Prince George after Tuesday will be automatic on lifting the receiver instead of having to crank the bell to call central.

The Prince George Conservative Association, at its annual meeting last week, elected officers as follows: president, A. F. Green; vice-president, H. Bradshaw; secretary, O. N. Haydon; treasurer, A. P. Anderson; executive, Dr. R. W. Alward, L. C. Gunn, S. J. Watson, Levi Graham, A. McB. Young and A. E. Sibley.

The Isle Pierre Conservative Association has elected officers as follows for the year: president, A. M. Dore; vice-president, R. Clifford; secretary, treasurer, H. Fanshaw; executive, D. Gunn, F. Clifford, C. Boyd, C. Harper, Mrs. Fanshaw and Mrs. Dore.

The Prince George Conservative Association tendered a complimentary banquet to Mr. and Mrs. F. P. Burden on Friday evening prior to their departure for London, England.

C. M. Sillers arrived here last week from Eastern Canada, being here to enter the service of McCullagh, the jeweler.

VANDERHOOF

The Vanderhoof and District Board of Trade, at a meeting last week, went on record as being strongly opposed to any change being made in the boundaries of Omineca electoral riding. This is the answer of the board to a mooted proposal of the government to wipe out Omineca riding in order to give a seat to the Peace River country.

The Fort Fraser and Fraser Lake District Board of Trade has elected officers for the coming year as follows: G. S. Belsham, president; M.

M. Connelly, first vice-president; M. G. Hartman, second vice-president; H. W. Smale, secretary-treasurer.

The formal opening of the New Canadian Legion Hall in Vanderhoof took place last night. Practically the whole town attended and one of the important features of the proceedings was a large dance.

Ward has been received here of the recent hold-up on a lonely road near Regina of Clarence Lamb, formerly of Vanderhoof. Mr. Lamb was robbed of \$6 under threat of death.

David Irving sr. is taking a carload of Vanderhoof district stock to Vancouver for the Nechako Valley Farmers' Institute.

Rev. Rural Dean William V. Sweetnam of Endako preached in Holy Trinity Church here on Sunday morning last. In the evening he preached at Christ Church at Chillco.

Good progress is being made with the construction of the new police court and residence for the local constable on Burrard Avenue here. John McInnis is the contractor. Within the course of the next few weeks the job will be completed.

Miss Velma Clark of Vanderhoof was successful in a pharmaceutical competition open to all students of pharmacy in the province. It was an essay contest. Miss Clark is in practice with Robert J. Steen here.

Roman Catholic Church services were conducted here on Sunday last by Rev. Father E. Allard.

Rev. B. S. Prockter of Vanderhoof conducted Anglican Church services at Fraser Lake and Endako on Sunday last.
