Good Work of College in Practical Fields Described-Hinchcliffe Hoped Wealthy Men Would Come to Aid

VICTORIA, March :- Elimination of the government grant for scientific research in the University of British Columbia was declared by Dr. H. C. Wrinch, Liberal member for Skeena, in the legisuature yesterday, as shabby recognition of the work of the university which had saved the province millions of dollars. He described three practical accomplishments of the university, namely, improved process for the treatment of ore, discoveries in the field of poultry diseases, and scientific tests of creamery butter to eliminate bad taste or-o ganisms.

Hon. Joshua Hinchcliffe, minis- \* ter of education, said: "We intro- \* MR. BRADY HAS duced the research grant last year 4 in the hope that some of the wealthy men of the province would follow the lead but they have not & dy, M.P., as saying in debate & done so."

# TO TOUR

Americans and Canadians Will Drive to Hazelton on Proposed Alaska Road Route

Premier S. F. Tolmie for members of the press of the United Fishermen Moved States-particularly in the westto accompany an automobile caravan that will drive north to Hazelton this summer on the proposed route of the Alaska-Yukon-Pacific Highway. Leaving Seattle on June 12 and Vancouver the day following, the entire party plans to reach Hazelton, a distance of 1000 miles, on the longest day of the year-June 21.

Twenty-eight Americans, other on Deadman's island against the than newspapermen, and 12 Ca- proposal of the board to remove to them was not allowed by the board nadians have been invited make the tour to demonstrate the at a meeting in Stanley park pafeasibility of the proposed high- villion. French Government Is Given Confidence Vete By Margin of 53

PARIS, March 6:-Financial policies which had caused its embarrassment and defeat two weeks ago now modified, Premier Andre Tardieu seems to be firmly in the saddle again, for the time bein; at least. Yesterday he received a vote of confidence in the Chamber of Deputies by a majority of 53.

With the government's crisis here now terminated, French delegates will return to London to resume negotiations in the naval disarmament conference.

## Sport Chat

With the Elks all but conceded the honors, they and the Canadian Legion will meet tonight in the final fixture of the second half of the Billiard League season. Next week the players will rest up and the week after the play-off between the Grotto, winners of the first half of the season, and the Elks will take place to decide the city championship. Each team will have a home game, total points on the two matches to decide the winner. After conclusion of the team final, the annual city individual championship competition will be played. Following are line-ups for tonight's match:

Col. S. P. McMordie (Canadian Legion) vs. C. P. Balagno (Elks). Marcus Andrews vs. A. A. Easson A. Murray vs. A. Donald.

J. W. Scott vs. William Mitchell. G. P. Tinker vs. W. E. Williscroft.

As forecasted by our local friend, Barney Doran, an old chum of the former champion, a few weeks ago, Jack Dempsey, former heavyweight king, definitely announces his return to the ring in the effort to keep the crown in United States should the German, Maxie Schmeling, defeat Jack Sharkey when they meet next June. We also learn is in excellent shape, much better than many might suppose, despite his absence of several years from his condition, however, the return to the game of Dempsey will give a filip and an interest to the heavyweight situation that it has not kings may come and heavy kings may go but, as a drawing card there are none today to rival the Manassa Mauler and it looks like, there may be none for some time The wonder of the age and probably the best heavyweight in the history of the game is he with all apologies to Bob Fitzimons, Jim Corbett and such like.

But there are other opinion about Jack. Reddy Mason, who managed the late Harry Grel while he held the middleweigh championship of the world, was asked recently what he thought of Jack Demosey as a fighter. "Dempsey was the most over-rated heavy weight champion I ever saw," Ma son replied. "Greb would have outpointed him in 10 rounds as easily as Tunney did. You have to give Tunney credit for sizing up Demp sey correctly as far back as 1925. remember one day during the world series in Pittsburgh that year hear Following are retail prices current ing Tunney say that he could beat Jack if the chance ever presented itself, and he did."

#### SIX SAVORY SAUCES FROM ONE RECIPE

What variety varied sauces can give to foods -- how delectable the most ordinary vegetable, the most familiar fish becomes when masked by a by smooth, rich, well-seasoned mary 13 lake

Below I give a basic recipe for white sauce, from which you can devise any | to use; being evaporated to double richsauces. To make a cheese sauce add a degree; and because it is whole milk, it third of a cup of grated cheese to a cup | saves on butter and cream. of this white sauce. Pimiento sauce is made by adding 3 tablespoonfuls of chopped pimiento to a cup of sauce; egg sauce by including a chopped hard cooked egg, a tablespoonful of chopped parsley and a quarter-teaspoonful of celery salt; curry sauce by the addition of a teaspoonful of curry powder. A very satisfactory a la Newburg sauce is achieved by including a half-tablespoon of Worcestershire sauce or 3 tablespoons of sherry flavouring and 2 hard cooked eggs, mashed fine, to each cup of white sauce. And another delicious sauce is made by dicing a half of green pepper and three slices of broiled bacon and stirring them into the sauce.

To show the adaptability of this sauce to meats as well as fish and vegetables, I suggest that you try the recipe in patty shells. Serves 6. for Ham, Luncheon Style, which I give below. Its goodness is largely due to the Carnation White Sauce, and the goodness of the sauce is emphatically traceable to the principal ingredient-Carnation Milk.

This milk makes richer, smoother sauces

Sauces made with Carnation Milk 10 minutes, stir occasionally.

are richer because Carnation is doubly rich in cream-broken up into finest particles to distribute it uniformly all through the milk. Also smoother because

these smaller cream particles

give a finer texture. Yet Carnation Milk is not expensive

Carnation milk is the best milk from selected herds; packaged, fresh from the dairy farms, with nothing added to it and nothing taken out except about half the water; and sterilized for safekeeping. You can keep it in quantity; it is less wasteful than ordinary milk; and most convenient. Write for free Cook Book to Carnation Co., Limited, 134 Abbott Street, Vancouver, B.C.

Carnation Ham, Luncheon Style-1 cup boiled ham, diced, 2 cups peas, 2 tbsp. pimiento, diced, 2 hard cooked eggs, diced, 2 cups Carnation White Sauce\*, salt and pepper. Add ham, peas, pimiento and eggs to white sauce. Season with salt and pepper. Heat thoroughly and serve on toast points or

\*Carnation White Sauce-11 tbsp. butter, 11 tbsp. flour, 1 tsp. salt, few grains pepper, ½ cup Carnation Milk, d cup water. Melt butter in top of double boiler; add flour and seasonings; mix thoroughly. Add Carnation diluted with water; stir constantly until smooth and thick. Cook over hot water

# Gillette announces a NEW BLADE... a NEW RAZOR

No more "razor pull"...

No more wiping...

with this new blade of

processed steel

Gillette changed the shaving habits of the world by creating a safety razor with double-edged replaceable blade — ar. improvement so far-reaching that it has maintained leadership for more than a quarter of a century without essential change.

Today Gillette offers another great contribution to man's shaving comfort — a New Gillette Blade and a New Gillette Razor (patents pending).

The New Gillette Blade can be used in your present Gillette Razor. But the New Gillette Razor has so many points of superiority that any man who has tried it once will gladly discard the faithful instrument of the past.

Used together, the New Gillette Blade and the New Gillette Razor abolish forever two unpleasant factors in shaving—"razor pull," and the tedious drying of razor parts. These are only two of the advantages of the new razor and the new blade. Read the other advantages summed up under "Quick Facts."

Back of these great improvements lies a fascinating story of research.

More than twenty-seven thousand men were interviewed. Tens of thousands of used razors were examined, and this conclusion was reached:

#### Cause of "razor pull" found

In almost every case when a man complains that his razor "pulls," an expert examination shows that the razor has been nicked by being dropped on the wash stand or floor.

Why should a little nick—even a microscopic nick — spoil your shave? Here is the reason:

The parts of a Gillette Razor are

## QUICK FACTS

- 1. New blade can be used in your old Gillette
- 2. New processed steel; new
- 3. Cut-out corners of blade pre-
- 4. To clean, turn guard at right angles . . . then re-tighten
- 5. New shape guard channel gives full shaving clearance
- 6. New shape guard teeth meet skin smoothly, naturally

7. No projecting posts to dull

- 8. Reinforced razor corners pre-
- 9. Square blade ends safer to handle
- 10. Shaves easier around mouth, nose, ears
- 11. New blades same price as old
- 12. New razor, 24K. gold-plated, with one new blade, in case, \$1.00

machined to a fine precision. The slightest dent at one of the corners causes an unequal tension on the blade, throwing it out of perfect alignment. The blade may even crack under the unequal tension.

#### Gillette finds the answer

We could not keep men from dropping their razors. But we could offset the harmful effect. To do so required a change in both the razor and the blade. In the razor we reinforced all four corners of the cap with sturdy lugs made to withstand nearly any kind of abuse.

The blade was treated even more ingeniously. All four corners were cut out; when the cap and guard of the razor clamp together, the

blade is not held at the corners.

Even if you drop the New Gillette,
you probably will not dent it.

Even if you dent it, you do not,
cannot spoil your shave.

#### 

How many tedious minutes you have had to waste in unscrewing your razor, washing it off, and carefully wiping it dry! How many towels have been cut! Now the nuisance of unscrewing your razor, washing it off, carefully wiping it dry - and risking a cut towel - all this is abolished forever; the new processed blade resists rust. A single twist of the fingers turns the new razor guard at right angles. Then re-tighten. Hold the razor under hot running water. Shake thoroughly. Lay on the shelf. That's all.

#### Shaves closer in corners

The ends of the blade are square—the old blades were rounded. A square end is much easier and safer to handle with wet fingers... no fishing down the drain pipe for a slippery blade. But even more important, the ends of the blade are much more nearly flush with the ends of the razor cap and guard... much easier now to

reach those tough little corners around the mouth, the ears, the nose.

## Notice the longer bent-back

You'll see, too, that the teeth of the New Gillette are a bit longer—tounded a little farther back. A little improvement? Yes. But notice how smoothly the new razor slides over your skin.

The old posts that stuck through the blade and so often stubbed the edges are gone, too. Now the razor guard turns at right angles for easy rinsing. No taking apart for cleaning.

#### Blade edge is clear but protected

Still another improvement. The guard of the New Gillette has the famous channel beneath the blade edge. This channel allows the blade to meet the beard full and clear, yet with perfect safety. Until now this feature has been available only in Gillette Razors selling at \$5.00 to \$75.00.

And the price is only \$1.00 The New Gillette Razor, with all its improvements, is now offered to you, 24K. gold-plated and packed in a neat case with one new blade, for only \$1.00. And the new blades of steel especially processed to resist rust, come to you at the same price as the old . . . \$1.00 for ten, 50c for five.

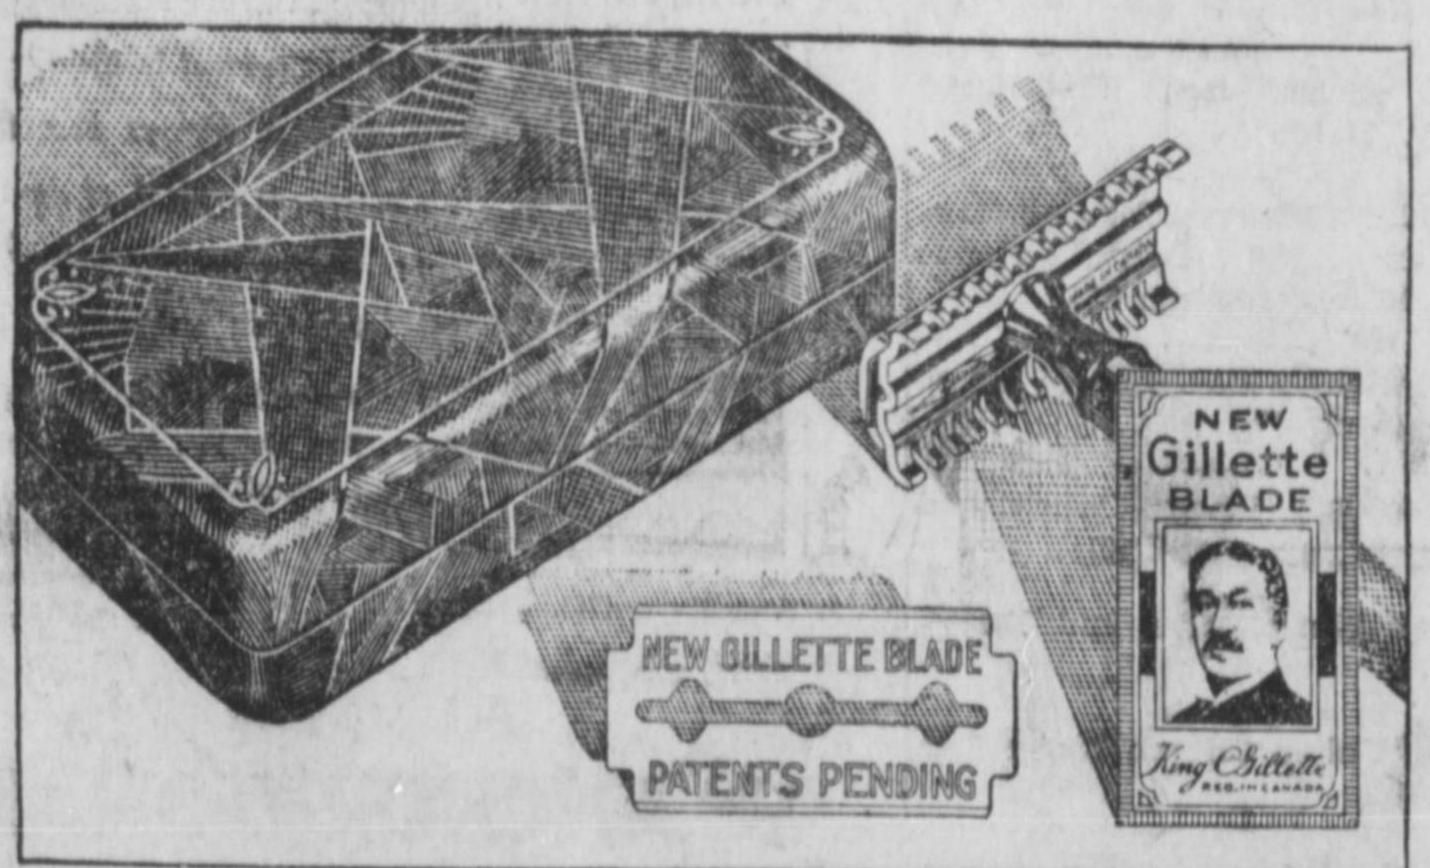

To men who want the greatest bargain in shaving comfort that \$1.00 has ever bought, we say, see your dealer today!

OF CANADA, LIMITED,

#### Man in the Moon

Just lend me your little hammer And let me knock the town. I like to boost for other things, But keep Prince Rupert down. Yes, lend me a real good hammer And let me pound away; For a hammer is the tool I love To knock while here I stay.

Jake says the only thing that interests him is the city mill rate. He thinks it ought to come down to scalp treatments. about twenty.

Of all the things I hate The worst is the old mill rate, It makes me squirm and fret. yes, it makes me hot, you bet.

The provincial budget makes us squirm but it will be as nothing to the city budget when it comes down.

Jake has been wondering what was the significance of the engineers' union donating a set of pipes to Alderman Black just at a time when he was setting out on his aldermanic career. He thinks it may be to foster pipe dreams to while away the long and tedious hours when the alderman is away from home supposed to be attending council or committee meetings.

Ay, give me a good old meerchaum, Or let me smoke my briar, For the man would not like to smoke,

Is related to a liar. For a smoke to an alderman, Is like opium to a Chink,

It's balm to his weary troubled mind, And prevents him trying to think.

#### Twenty Years Ago In Prince Rupert

March 6, 1910

A waterworks system costing over \$100,000 is planned for this city soon after incorporation.

A. J. Prudhomme, who has the contract, started construction this week of the new school on Seventh Avenue East. He expects to have the eight-room structure completed by August 1.

Edward Hansen was found dead under suspicious circumstances on For Stewart and Anyoxthe north end of Kaien Island. An inquest will be held by Coroner J. H. McMullin.

## Shakespeare's Glory Rightfully

Poet of Illegitimate Birth Victim of Literary Fraud, Californian Finds

SACRAMENTO, Mch. 6-After a year of investigation in England,, J. Edward Morgan, until recently proprictor of a printshop in Oakland, has arrived at the conclusion that glory rightfully due Francis Bacon has been thrown to William Shake- Wisak Aivazoff in speare by English scholastic circles because of royal politics and a prudish antipathy for a man of illegitimate birth.

Morgan, it was announced recent- Associated With H. J. F. Turney ly in Stratford-on-Avon, the home of Shakespeare, is returning to the United States with what he believes is conclusive proof that Bacon has The Vulcan Engineering Works gantic literary fraud.

himself, Morgan has for years been consideration of \$500,000 the Vulinterested in the theory of the Ba- can Iron Works Ltd. The comconian authorship of the plays at- pany specializes in construction tributed to the Bard of Avon, and of boilers and tanks as well as his culminating investigation of the other work. speculation led him to sell his printshop to obtain funds.

Morgan has obtained enlarged New American photographs of the bindings and pages of the original folios, and asserts that in the very decorations, pictures and letterings of the script Bacon wrote his name many times Maddock of Tacoma Here With

His son, Walter Morgan, of Sacramento, chief of the division of research and statistics of the State Department of Education in Cali- port today after its maiden trip to fornia, said that his father believes the fishing grounds. This is the Bacon's illegitimate birth was the Maddock which has a catch of 15,cause of his denial of literary recog- 000 pounds.
