DOUKHOBORS TRY TO BOMB SCHOOLS

TWO MEN FEARED DROWNED OFF LUCY ISLAND FRIDAY

Attempts Made on Two Premises in Gd. Forks District Central B. C.

Inflammable Material and Explosives Found In Two Institutions of Learning at Week-End

NELSON, Dec. 15.—Attempts to bomb and burn two Doukhobor schools in the Grand Forks district were made over the week-end. In Outlook school a burning candle to which was attached an oil-soaked rope and other inflammable material was discovered under the steps in the basement. In Fruitova school was found an improvised bomb of nitro-glycerine and dynamite. The fuse had died out before reaching the explosives.

OVER TWO THOUSAND MAY VOTE

Tabulation of List For Next Month's Election Now Completed

There are a total of 2061 persons on the municipal voters' list for next month's civic election, it is announced. This number includes householders, licence holders and all who are in any way qualified to vote.

ARE CAST INTO SEA

One Victoria Man Drowns and Another Is Saved

VICTORIA, Dec. 15.—After clinging to a spar for two and a half hours Saturday night, J. Wilkinson was rescued a mile and a half off shore but his companion, Joseph Wright, was drowned. The body is not recovered.

The two men were employed by the Canadian Explosives Co. and left Sidney in an outboard motor-boat for James Island where they are employed. The boat struck an obstacle and overturned. Cries for help were heard ashore but darkness hampered the rescue work.

Wilkinson was in a state of collapse when he was taken out of the water. Wright had disappeared altogether.

FINANCIER HAS PASSED

VANCOUVER, Dec. 15.—Homer N. Galer, president of the British Columbia Securities Ltd., who was prominent in Vancouver financial and business circles for more than thirty years, died yesterday. He was 66 years of age and was born at Dunham, Quebec.

Mr. Galer was educated at Dunham and Boston and was engaged in banking for a while at Cowansville, Quebec. He came west and was in business for some time at Coleman, Alta., where he became mayor. He came to British Columbia in 1899.

Companies on the directorates of which Mr. Galer was a member included the British American Trust Co., the International Coal & Coke Co., and the Royal Collieries Co. Ltd. The late Mr. Galer was single and made his home at the Hotel Vancouver. He was a member of the Masonic craft and was a keen horseman and motorist.

SEARCH FOR ENGLISHMAN

John Noel Patch Bennett May Be Same Man Who Was Here In November

Provincial police have been requested to organize a search for John Noel Patch Bennett, reported to be a wealthy Englishman, and who was last seen on October 15, when he set out on foot from Grant Prairie district for Prince George. He intended walking via Pine Pass, and announced that he would probably visit Vancouver.

The disappearance was brought to the attention of the police by the Imperial Bank of Canada, which has been requested to find Bennett by Lloyd's Bank, London. The bank has offered to pay all expenses of a search party.

Instructions in the matter are being awaited by the Vancouver detachment from headquarters in Victoria.

It is believed that this may be the same man who was in Prince Rupert on November 9 and claimed that he had hiked here from the Peace River country only the name given for him was A. Woods. This man went south by boat on the evening of November 9 and, while here, attended a service in the Presbyterian Church. He said that he had been looking over land in the Peace River country with a view to having members of his family come out from England to settle.

The missing man was 25 years of age and his height was five feet, nine inches, or five feet ten inches. He was well built and had a fair complexion and round face. A typical English youth, when last seen he was wearing a white jersey with khaki riding breeches.

SHIP FIRE; TEN LOST

Excursionists From Miami Beach Were Observing Ocean From Glass Bottom of Craft

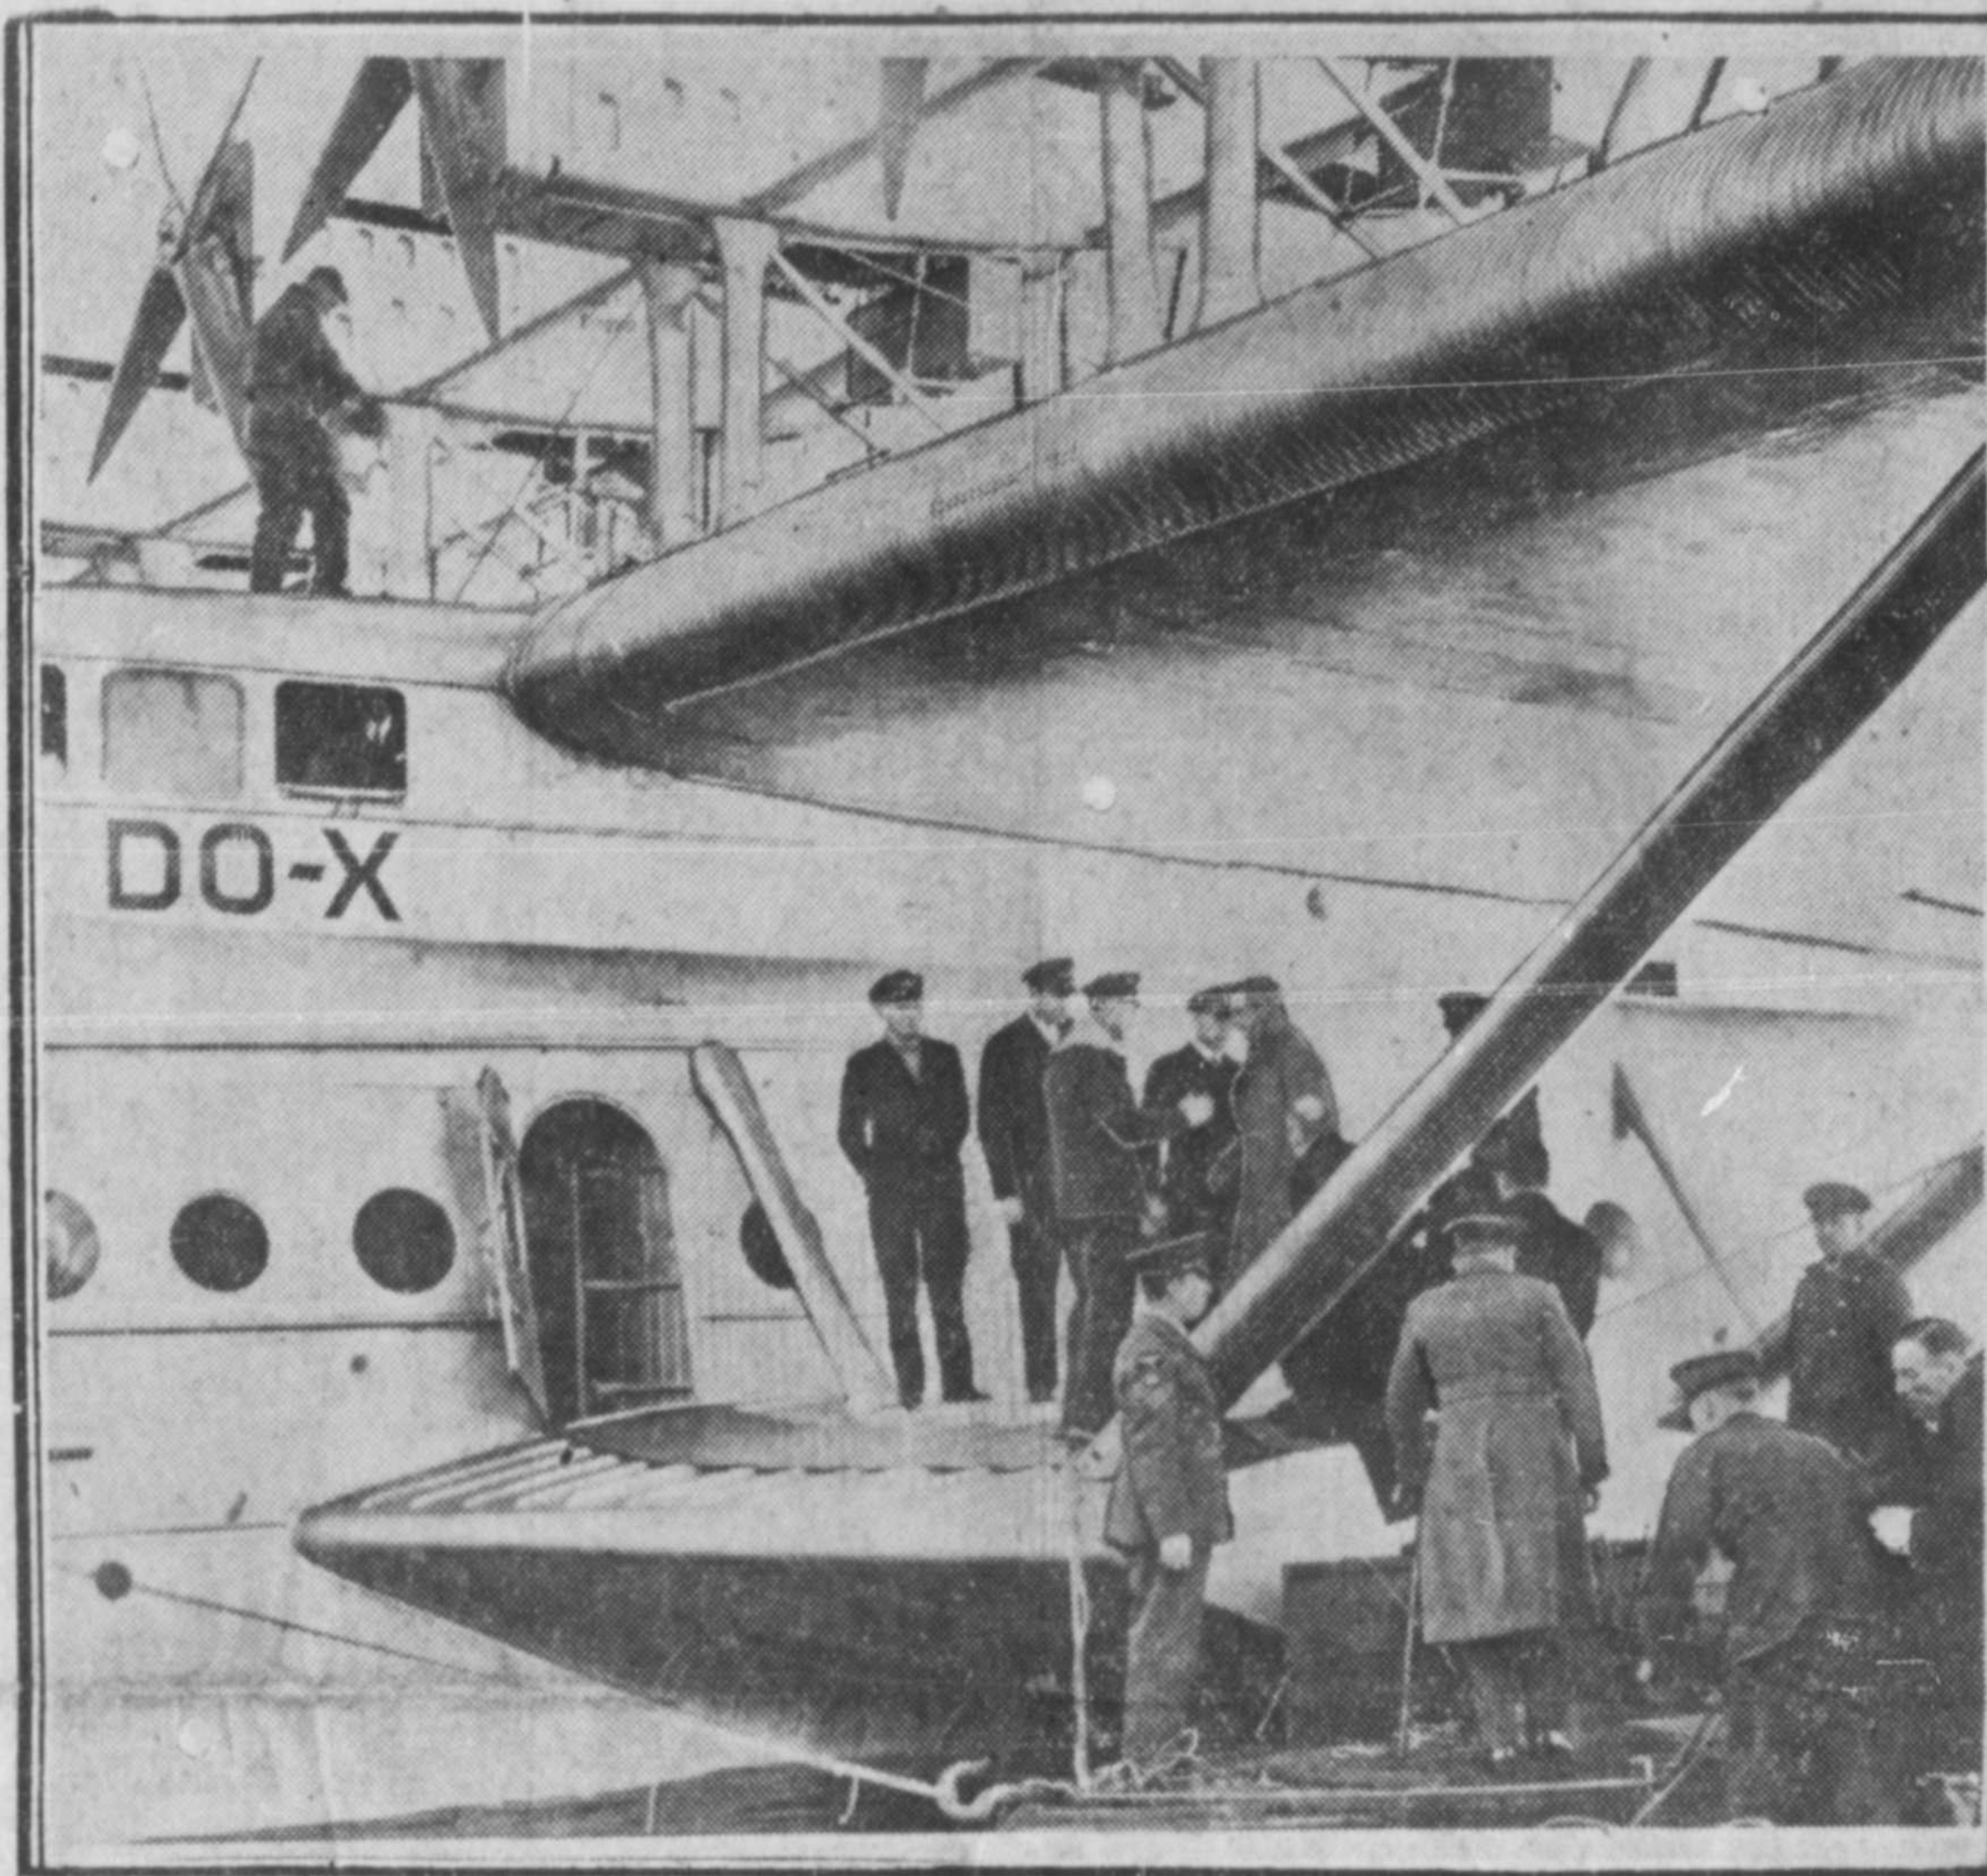

MIAMI BEACH, Fla., Dec. 15.—Explosion and fire aboard the Sunday excursion boat Eureka II forced 135 persons to leap into the surging Atlantic. Only 125 persons were rescued by other craft. Three bodies have been recovered and seven persons are still missing.

The excursionists had been observing marine life through the glass bottom of the craft.

VANCOUVER WHEAT

VANCOUVER, Dec. 15.—Wheat was quoted at 84c. on the local Exchange today.

Prince of Wales Going On Board Dornier DO-X

Prince of Wales is here shown as he boarded giant German plane, Dornier DO-X, as she arrived at Calshot, England, recently. On inspection of air-liner, Prince took controls on special flight.

MAY HAVE ELECTION

Peace River District Is Talking of Opposing Conservative Nominée In Fort George

PRINCE GEORGE, Dec. 15.—The Peace River district may take an active part in the forthcoming provincial by-election to fill the seat vacated by Hon. F. P. Burden and it is quite probable that the area may nominate a candidate of its own. This move seems more likely in view of the decision of Liberals to place no candidate officially in the field.

Dr. W. S. Watson of Pouce Coupe one of the most popular men in the British Columbia Peace River district, is being groomed by the Peace River people as their own candidate.

If he ran, Dr. Watson would, no doubt, receive general support from all those opposed to the Talmie government including the Liberals. Any reasonable measure of support in the southern part of the riding would be sufficient to ensure his election, it is claimed.

So far candidates for Fort George riding have always been selected from the southern part of the constituency. The vote in the Peace River area however, is now almost equal to that of the Prince George area.

The Conservative party will nominate its candidate on Wednesday night of this week. Dr. R. W. Alward seems to be the favorite for the nomination although a certain group is supporting Alex McE. Young.

LAPOINTE IS DOING WELL

BALTIMORE, Dec. 15.—The condition of Hon. Ernest Lapointe, former Canadian minister of justice, who was operated on here Saturday for appendicitis, continues to be satisfactory.

GOOD JOB OFFERING

Coast Boatbuilding Yards Competing for New Steamer Construction

Tenders are being sought from all shipyards on this coast, including the local dry dock, for the construction of a complete new steamer, 200 feet long, twin screw and of steel construction, for the hydrographic survey department of the federal government.

It is one of the finest jobs that have been offered British Columbia boat builders for a long time and it is expected that there will be keen competition to get the work.

SEARCH DELAY IS PROTESTED

Atlin People Want to Know Why No Early Steps Were Taken to Rescue Lost Flyers

ATLIN, Dec. 15.—Citizens of Atlin are demanding a thorough investigation into alleged delay in sending in search planes to look for the late Capt. E. J. A. Burke and his companions. It is pointed out that Government Agent W. W. Wright wired outside as early as October 17 with the suggestion that an aerial search be made. No search was instituted until Pilot Frank Dorbrand chanced to arrive here on October 25 while engaged in other business.

An inquest will be held either here or at Whitehorse as soon as Burke's body is brought out. It is likely police officers will accompany Pilot Everett Wasson when he flies back to the Liard River to bring in the body.

PLANE WAS NOME BOUND

Machine Passed Hazelton on Saturday But, After Couple of Hours Out, Returned South

Government Telegraphs reported that an airplane, equipped with wheels and bound from Minnesota to Nome, passed over Hazelton early Saturday afternoon northbound and, after a couple of hours returned and proceeded eastward without stopping. It is presumed that the plane may have run into thick weather north of Hazelton, making it advisable to turn back.

The wires went down in the storms over the week-end and no further particulars could be received as to the identity of the plane and where it alighted.

It is considered very reckless for a plane to be flying into the snowy north with wheels at this time of year.

WEATHERS BAD GALE

Skill of Capt. Thomas and Seaworthiness of His Ship Are Attested to

SKIDEGATE, Dec. 15.—Coming down from Massett to Skidegate last week, Capt. William Thomas of the steamer Prince William encountered one of the worst storms that has ever been experienced on the Queen Charlotte Islands. The skipper, however, came through the tempest safely, demonstrating his own skill as a navigator and the seaworthiness of his trim little command.

BIRTH NOTICE

A daughter was born to Mr. and Mrs. Lionel Holby, Dunsuir St., at the Prince Rupert General Hospital, Sunday, December 14.

Pete Laporte Jr. of This City and Henry Rudland Are Victims

Believed to Have Lost Their Lives In Swamping of Dinghy In Rough Sea After Their Gasboat Had Sunk

Pete Laporte, aged 21, son of Mr. and Mrs. Peter Laporte of this city, and Henry Rudland, aged 50, well known native of Metlakatla and brother of Reg Rudland of this city, are believed to have lost their lives in a swamping dory off Lucy Island, some fifteen or twenty miles west of Prince Rupert in Chatham Sound, in a heavy gale that suddenly sprung up early last Friday evening. News of the supposed tragedy was brought to the city on Saturday evening by Capt. Joe Peterson of the lighthouse tender Birnie. Capt. Peterson was himself informed of the affair on Saturday when he called at Lucy Island. He spent some time that day searching for the two men but was unsuccessful. He then returned to the city and reported the matter to the provincial police who have now taken charge of the investigation.

According to the lighthouse keeper at Lucy Island who informed the Birnie, young Laporte and Rudland were engaged in cod fishing with the gasboat Wolf, belonging to Rudland. They had considerable gear out when the sudden squall came up at about 4:30. The gasboat sank as the two men were in the small dinghy. According to the light-keeper, who viewed the incident from a distance of about 500 yards but was unable to help, the small boat was blown seawards and that was the last he was able to see.

The gale continued into the night and it is feared that the dinghy was swamped and Laporte and Rudland drowned. In view of the condition of the weather, it is hardly considered possible that the two men could have had the luck to be cast up on one of the outside islands before their boat perished. The failure of the Birnie to sight anything during her search on Saturday also leads to misgivings.

A heavy gale is blowing today and it is impossible to use any small boats for searching. With their own boat out of port on other work, the police are intending to carry out further search with other boats as soon as weather permits.

Laporte and Rudland are reported by the lighthouse keeper to have drifted in the direction of Dundas Island. He watched the small boat go out until it became dark. Meantime, the wind was getting stronger and sea rougher.

Despite rough weather, such police officers as were available and a number of fishermen went out yesterday in the halibut boat White Hope and scoured the Dundas Islands but were unable to find any trace of the two men.

The mast of the sunken gasboat may be seen at low water 500 yards off Lucy Island, it is stated. Laporte and Rudland were trying to get from the dory to the gasboat when they were blown to sea. Later the gasboat sank. They had been fishing from the dory.

FORMER ANYOX MAN DIES IN VANCOUVER

The death occurred in Vancouver on Monday of last week of James Leishman McQuarrie, who formerly lived at Anyox where he in the employ of the Granby Co. Deceased, who is survived by his widow, two children and his parents, was 35 years of age. He was a member of Enoch Lodge A. F. & A. M. at Anyox.

CAR BARGE NOW READY

Tug From South Is Awaited to Pick Up Craft For Vancouver Island Service

The local dry dock is awaiting word from the south of the departure of the tug for this port to pick up and deliver south the new car barge built at the local yard for service between Port Mann and Vancouver Island. The barge is now ractically ready and is awaiting its convoy south.

Would Place Fur Bearers on Queen Charlotte Islands

SKIDEGATE, Dec. 15.—The British Columbia Game Board is liberating more elk on the Queen Charlotte Islands. People of the islands appreciate this but believe that the government would be doing more in the interests of the settlers if they liberated mink, beaver and muskrat as the Queen Charlottes are well adapted for these animals.

NEW LIQUOR STORE OPEN

Government Liquor Vendor William Millar and his staff opened up for business today in the new liquor store building at the corner of Third Avenue and Second Street. The stock had been moved over the week-end from the old rented premises on Fraser Street.

The scaffolding was taken down this morning and the contractors, E. E. Shockley & Co., were cleaning up a little outside work today. A good job has apparently been done on the new building.

Appointment of Captain Gillatt Recommended

SKIDEGATE, Dec. 15.—Among several recommendations made at a recent meeting of the Queen Charlotte City Conservative Association was one that Capt. J. B. Gillatt of Sandspit be appointed fisheries inspector for the Queen Charlotte Islands.

The appointment of Capt. J. B. Gillatt would be very popular as he is well known and highly esteemed by all people of the Islands. He has a host of friends both among Liberals and Conservatives.

DAILY EDITION

Monday, Dec. 15, 1930

FORT GEORGE DID WELL

Fort George Liberals did well not to contest the seat against the Conservative nominee, whoever he may be, at this by-election. Nothing would be gained by a contest as the government already has a sufficiently large majority to carry on without depending on it. The Christmas season is one of peace and good will whereas elections always engender ill-will. That is one of the difficulties of our system, caused by the fact that the party in power has the distribution of patronage.

THAT SPECIAL NUMBER

The Daily News has received innumerable compliments on the special number it published on the occasion of the opening of the new power plant. It was the biggest effort yet made in the city but far short of what we would like it to have been. All we can say is that we did our best under the circumstances but that we are looking to do still greater things as the city grows and the merchants become better able to support such an effort.

"We've got to start to Save!"

How often the words are uttered—how often the wish fails to harden into a definite resolve for lack of a workable plan.

Life assurance instils regular and systematic habits of thrift into those who lack the will-power to save. It is a constant brake on families that spend too freely. It establishes a permanent plan of orderly economy, the need of which heads of households often realize but are unable to enforce.

A Sun Life of Canada Endowment Policy provides a practical plan for utilizing small regular savings to confer a double boon—present protection for the home and family and a permanent and profitable investment of unsurpassed security.

The Sun Life of Canada has an appropriate plan to cover every need.

VANCOUVER COMMENTS

Star Newspaper Refers to Power Development Here and Praises Special of Daily News

By a curious coincidence Vancouver and Prince Rupert have seen the formal opening of two great power plants within a few weeks of each other and the inhabitants of both cities have reason to congratulate themselves and each other upon this consummation, says the Vancouver Star, editorially.

The great works of the B. C. Electric at Ruskin develop 47,000 horsepower and will be capable later of four times that power as occasion requires. The Northern B. C. Power Company Ltd., of Prince Rupert, develops 32,000 horsepower and is

prepared to provide any amount of power that may be demanded up to 100,000 horsepower.

A number of the Prince Rupert paper, the Daily News, just to hand, is a special one and is full of interesting details, pictures and photographs of people connected with this most important local undertaking and the proceedings associated with the opening ceremonies.

Electric power is being generated at Falls River and brought to the city by cable, a distance of over 40 miles, crossing the Skeena River by means of steel towers, and the company has commenced to provide ornamental street lighting.

Prince Rupert—which, it may be added, offers industrial sites free of cost, subject to the approval of the ratepayers, and which, as The Star pointed out the other day, has the smallest debt of any municipality in British Columbia, is to be congratulated upon having seen this great enterprise brought to a successful conclusion. It has been achieved at a cost of \$2,000,000.

Man in the Moon

It is less easy to find your way around Prince Rupert than it was a few years ago. In the old days most roads led to Easy Street.

Friend—Whom does your little son look like?

Happy Father—His eyes are mine, the nose is my wife's, and his voice, I think he got from our auto horn.

Some people object to the damp. They do not have to buy coal or they would know that when it is not damp it is usually colder.

It sounds poetic to "pour oil on troubled waters" but practical to "pour oil into the furnace tank."

"What is your reason for wishing to marry my daughter, young man?"

"I have no reason, sir, I am in love."

DEPARTMENT OF TRADE AND COMMERCE
OTTAWA, CANADA

December 13th, 1930.

To Canadian Consumers,
Everywhere in Canada.

More for Your Money, and of Better Quality!

When it comes to buying, we are all alike in one respect. We want to get the most we can, the best we can, for our money!

If our dollar has regularly been getting us 20 pounds of sugar, we are naturally pleased when, some day, it gets us 21 pounds. And if, on trying it at home, we find that at 21 pounds for a dollar we are actually getting a better quality of sugar than we formerly got at 20 pounds for a dollar, we're doubly pleased.

Now while it may not do that exact thing, that's the sort of thing that the "Produced-in-Canada" movement will do for everyone of us if we will give it our whole-hearted support. Let me explain.

Incidental to the operation of every manufacturing plant there are certain expenses that are commonly spoken of as fixed charges. Included in that category are such things as taxes, insurance, heat, light, superintendence, administration, depreciation, and interest on capital invested. Expenses such as these run along with little or no variation, month after month and year after year, whether the plant is operating full time at full capacity, or only part time at partial capacity.

Now let us suppose for purposes of illustration that these expenses amount to \$25,000 a year, and that operating at full capacity, the plant is capable of producing each year 100,000 of whatever article it is making. If it really does operate at full capacity, the cost of each individual article will have been increased only 25 cents because of these fixed charges. But if the plant only operates at half capacity, that \$25,000 of fixed charges, spread over 50,000 articles, will advance the cost of each article 50 cents.

From this simple illustration you can easily see why it is to our advantage, as consumers, to favour Canadian plants in our buying so that they will always be able to operate at full capacity. The lower their production cost per unit, the more cheaply they will be able to sell to us!

But that is only half the story.

After a plant has been operating for some years at half capacity its reserves, if not exhausted, are at least so reduced that it cannot afford to replace old machinery with new as one means of keeping abreast of the times. If half capacity means half time, as it often does, it cannot hold the best of its skilled workers; they leave to go where they can obtain steady work, and the plant must get along as best it can with labour that is less efficient. And confronted with the necessity of cutting expenses to the bone, it must forego all kinds of experimentation and research, with the result that the quality of its product shows no improvement, if it does not actually deteriorate.

But let that plant be kept at full capacity, as the result of Canadian consumers preferring its products to imported products, and it will always be on the alert to see that it has the last word in new equipment, it will always be able to retain in its service the highest class of skilled labour, and it will always be able to afford the expense of laboratories for testing and research, as a means of discovering new ways to improve quality or to reduce costs.

In previous messages I have tried to make it clear why, by adhering to the "Produced-in-Canada" policy, we all stand to benefit indirectly in many ways. But let us not overlook the direct benefits it is certain to bring us, eventually if not immediately, by stretching every dollar we spend so that it will buy us a bigger quantity, in a better quality!

Very sincerely yours,

A. H. Stevens

Minister of Trade and Commerce.

Wonderful out-of-doors scene of sport and great open spaces in the snow-clad Canadian Rockies.

WOLVES ARE ABUNDANT

Pitt Island and Other Places Down Coast Overrun With Deer Killers, Hunters Report

Terrace High School Beaten

Winning Streak Ended When Town Team Won 21 to 24

BURNS LAKE HOOP CLUB

Basketball Players are Organized For Winter In Interior Town

Reporting that Pitt Island is virtually overrun with wolves who are running the deer to the very tops of the mountains and are threatening them with extinction, a large hunting party returned to the city on the halibut boat Cape Spear yesterday afternoon from a hunting trip down the coast. Members of this party declare that, for the welfare of the deer, it is essential that the killing of wolves should be encouraged by raising the bounty. This party, seven strong, although away 12 days, only saw five deer and were unable to shoot any.

Jim Zarelli was the hero of this party. He shot a wolf at a distance of about 35 feet no farther than 150 yards from the shore of Pitt Island. It was one of a pack such as are running on the island now. The wolves are very bold and the lowlands are overrun with them. Jim Zarelli also shot a mountain goat, knocking it over a cliff of 300 or 400 feet. It could not be retrieved. Other

TERRACE, Dec. 15.—The High School had its string of victories stopped last Friday night when it was downed by the Town by a score of 27 to 24. The game was very interesting, the score wavering back and forth all through the game.

In a very interesting game the Dumbells were able to outpoint Dubs by a score of 12 to 8, this too, being a very even game.

The junior boys and intermediate girls also played very good games. Referees were D. McCulloch, F. Thomas and D. Little.

The games were followed by a short dance until midnight.

members of the party got geese and ducks.

The party consisted of Harold Ness, skipper of the boat, Jim Zarelli, Jack Keefe, E. C. Hopen, Bert Johnson, Ben Wicks and Jonas Thompson. Douglas Channel, Kitimaat, Pitt Island, Gardner Canal and Hartley Bay were among the places visited. The weather was very bad throughout the 12 days.

BURNS LAKE, Dec. 15.—Young men of Burns Lake have decided to organize a basketball club for the forthcoming winter. It is planned to form a league consisting of teams along this portion of the main line of the Canadian National Railways. The officers of the local club are: President, Rev. E. S. Fleming, Vice-President, Harold Marshall, Secretary-Treasurer, Rupert Conlon.

Hockey Scores

SATURDAY SCORES
National League
Canadiens 1, New York Americans 1.
Boston 7, Toronto 3.
Detroit 3, Philadelphia 2.

George Rorle returned to the city on yesterday afternoon's train from a brief business trip to Terrace.

FINE SHOW BY GOALIE

Johnny Roach Made 62 Saves to Help Rangers Beat Detroit Last Night

NEW YORK, Dec. 15.—Johnny Roach, goalie for the New York Rangers, turned back Detroit last night in the National Hockey League, the Rangers winning to regain a tie for third place in the American division. Roach was credited with 62 saves, half of them in the second period.

At Chicago, before the largest crowd of the hockey season, Montreal scored its second consecutive victory over the Black Hawks. More than fifteen thousand persons saw the game.

Last night's scores:
Detroit 0, New York Rangers 3.
Montreal Maroons 2, Chicago 0.

EVIDENCE IS HEARD

Magistrate Reserves Decision In Case of Alex McKinnon, Charged With Manslaughter

After hearing the evidence which was largely similar to that taken at the inquest last week, Magistrate McClymont in city police court this morning reserved until next Monday his decision in the case of Alex McKinnon, charged with manslaughter in connection with the death of William Hanson a week ago last Saturday. McKinnon was the driver of a city car which turned over Tenth Avenue and Bacon Street, Hanson dying from injuries sustained in the crash.

E. F. Jones, city solicitor, prosecuted, and A. M. Manson K.C. appeared in defence of McKinnon.

Shop Today and Shop at Home

Prince Rupert merchants are offering some great values for Christmas this year. Many of them have dropped their prices to keep pace with the reductions made in the great centres of population.

This is a good time to buy. Get the shopping done before Christmas is too near and the stores are crowded with eager men and women anxious to grab for anything.

Most Prince Rupert people are not affected by the hard times. Many are better off today than they were last year because their money goes farther. They can buy more if they wish for their salaries remain the same.

Friends need remembering just the same this year as in the past. Some of them need it more.

Those who are able to do so would do well to shop mornings because at that time the merchants and their assistants have time to attend to your wants.

Read the Daily News advertisements, for they will help you in your selection.

PRINCE RUPERT DAILY NEWS

Hampers For Christmas Are To Be Sent Out

Already fourteen hampers have been arranged for needy families in the city and there will be several outside, according to a report made by the Salvation Army for their Christmas hamper distribution. Doubtless more yet will be required.

In addition there will be the big Christmas dinner for Christmas day when all unemployed will be made welcome as well as others who have nowhere else to go. It is expected to be the biggest dinner ever given by the Army here.

Donations to the fund are acknowledged as follows:

Previously acknowledged \$87.50
Experimental Station staff 7.75
Wellwisher 2.00
G. A. Woodland 10.00
Mr. and Mrs. A. Y. Wilson Remo, B. C. 5.00

Miss Virginia Johnson of Prince George, who is visiting in Vancouver, was guest of honor last Tuesday afternoon at a tea given in the dining room of the Hudson's Bay Co. store with Mr. and Mrs. St. John Mildmay as hosts.

LOCAL ITEMS

Ed. Valpy, who has been on a trip to Vancouver, returned to the city on the Catala last evening.

E. N. Walker, sound engineer for the Northern Electric Co., arrived in the city on the Catala yesterday afternoon from Vancouver, being here in connection with the equipment at the Capitol Theatre.

Corp. J. H. Smith of divisional headquarters of the provincial police, who has been spending the past week in Prince George on official duties, returned to the city on yesterday afternoon's train.

ACTING GOVERNMENT AGENT AT ANYOX IS NAMED IN GAZETTE

Elmer Ross Oatman, public works clerk at Anyox, has been temporarily appointed as government agent, mining recorder, registrar of voters and member of the hospital board at Anyox. Mr. Oatman has been already acting temporarily in these capacities since the transfer of Hubert D. Campbell to Kelowna as government agent.

COMMITTED FOR TRIAL

Karl Fredericks Will Face Prince George Jury Next Spring on Charge of Murder

After a two and a half day preliminary trial at Prince George, Karl Fredericks was committed for trial by Stipendiary Magistrate Milburn on the charge of murdering Herman Peters and Max Westphal, his two companions, in a camp at Trembleur Lake last summer.

When asked if he had anything to say, Fredericks asked that he be taken to the scene of the crime and that an expert in ammunition and rifles be engaged to determine how the two men were shot.

Fredericks has been taken to Okalla prison where he will await jury trial at the next session of the Supreme Court Assizes in Prince George in the spring.

Union steamer Catala, Capt. A. E. Dickson, arrived in port at 5 o'clock yesterday afternoon from the south and sailed at 8 p.m. for Anyox. Stewart and other northern points whence she will return southbound tomorrow. The vessel brought north a fair-sized passenger list.

BLAST IN ARCADIA

Damage Amounting to \$800,000 Done In Los Angeles

LOS ANGELES, Dec. 15.—Fashionable Milbu Beach, Arcadia of film stars and wealthy business and professional folk, was shaken by a mysterious blast and ravaged by fire early this morning.

Eighteen residences as well as many expensive automobiles and house furnishings were destroyed with an estimated loss of \$800,000.

DEMERS'

THIRD AVENUE PRINCE RUPERT

TRIBUTE IS PAID

Mrs. E. H. Simpson Honored By Native People of Massett

MASSETT, B.C., Dec. 15.—A ceremony without parallel in the history of the Haidas since early missionary days took place here recently. The entire population of Massett joined in presenting a handsomely illuminated address to Mrs. E. H. Simpson, wife of the late Captain E. H. Simpson, for many years manager of the Langara cannery at Massett.

The ceremony was made the occasion for a deeply felt and general tribute to Mrs. Simpson. Since her arrival on the Queen Charlottes, Mrs. Simpson has held an unusual place in the hearts of the native people, and on this night, young and old tried, in the words of Henry Edenshaw, chief councillor of the village, "to repay in part Mrs. Simpson's help and sympathy over many years."

After a short selection by the Massett Band, ably conducted by George Price, Mr. Edenshaw presented Mrs. Simpson with the address which read in part:

"It is now more than nine years since you came among us. You and Mr. Simpson had the vision to see the possibilities in the natural resources of our islands. The development of the crab, clam and salmon canning industries has meant a great deal to the people of Massett Reserve.

"At Naden Harbor you worked with us and taught our women how to can crabs. At Tow Hill you taught us the clam canning work and you were our supervisor in the salmon cannery at Massett.

"In all of these places and at all times we have felt that you were our friend. You were patient with us and always kind. Your way of smoothing out our little difficulties will always be remembered. Although you no longer have your helpmate, we hope that you will continue to take an active part in the industry which you have helped to build up.

"We, the Massett Indians, present this address as a token of our ap-

preciation of your interest in our welfare."

Native Tribute

After the presentation Henry White and Robert Ridley, who had long been associated with Mrs. Simpson in the canning industry, rose and, speaking in their own language, paid tribute to the good work done by Mrs. Simpson in their midst and of the many times when they had been personally helped by her advice and sympathy. Alfred Adams gave a short interpretation for the whites present of the speeches and added himself his own hope and belief that "Mrs. Simpson would be able to continue her work for years to come."

Not since the time of Collison and Harrison, first missionaries to the islands, has a white person been so honored by the entire village.

A few days after the presentation a memorial service was held in the Massett Church to the memory of the late Capt. Simpson, who died suddenly last summer in the midst of the fishing season. A bronze tablet, engraved in memory of Capt. Simpson, was presented by the people of Massett, to be hung in perpetuity on the wall of the church.

Rev. J. G. Gillett, who had known the deceased for many years, spoke of how he had built up an industry among them, and always favored the native people in employment, and of how much his financial help had meant to the natives.

Rev. R. Graham conducted the service. The Massett choir rendered several hymns with Mrs. Mary Stanley as soloist. During the service several church members came forward and in simple and dignified terms spoke of "their deep sense of loss now that their great and good friend had gone."

Has Soft Spot For Central B.C.

New Westminster Lady Would Do Much For It If She Were Winner of Big Sweepstake

The Vancouver Province conducted a contest recently for ideas of what people would do with the sum of \$409,000 if they should win that amount in a sweepstake as A. P. Dawe had done. The writer of the letter which got third prize must have had a soft spot in her heart for Central British Columbia. Florence E. A. Cunliffe of New Westminster wrote as follows:

"The sum of \$409,500 would mean to me the realization of an ideal. For after a course in agriculture at the University, I would buy about twenty sections of land in Central British Columbia. Three well-wooded sections would be set aside as a timber reserve. On one centrally-located section would be the school, church, store, postoffice, recreation hall and grounds and hospital. Capable people would be engaged to run these. On another section would be an experimental farm. The rest of the land, divided into quarter section farms, would be settled by families who for one reason or another were 'up against it.' I would also try to establish a pulp mill, as his would put to use much valuable subwood and would enable the settlers to make ready money while clearing their land."

W. H. Tobey, C.N.R. divisional superintendent, returned to the city on yesterday afternoon's train from a brief trip to the interior in official duties.

Social Evening By Railway Mechanics

Enjoyable Affair Held Friday Night In C. N. R. A. Rooms

International Association of Machinists' Lodge No. 207, held a very enjoyable social evening on Friday last in the C. N. R. A. Rooms. During the evening, court whist was played. The successful winners of the turkeys presented for first prize, were Miss Hilda Bond and Chas. McKeown. Second prize for ladies' was won by Miss K. Peterson and second prize for gentlemen by Jas. Durran. After cards, delicious refreshments were served followed by dancing. The orchestra was led by Jack Bond Jr. Jack Campbell, president of Lodge No. 207, welcomed the guests in an appropriate address. Committee in charge consisted of Raymond SHERK, Jas. Simpson, Hugh Douglas, Jas. Durran and F. A. Rogers.

Sons of Norway Cinderella Dance

About Eighty Persons Attended Enjoyable Affair on Saturday In Metropole Hall

An enjoyable Cinderella dance was held Saturday night in the Metropole Hall by the Sons of Norway. There were about eighty persons present and some \$50 was realized as a result of the affair.

Fine music was played by the Premier Orchestra. Raul Jensen and John Storseth presided at the door.

THE STUDIO LOWBOY

New Studio Lowboy offered at only

\$159

COMPLETE With Tubes

In response to the demand for a compact but efficient radio set, General Electric now presents the Studio Lowboy. This modern receiving set is equipped with tuned radio frequency circuits and uses seven tubes... four of which are Screen-Grid. Here is a high degree of sensitivity and selectivity over the entire tuning range. In actual tests, the new General Electric Studio Lowboy has proved the equal of far more expensive sets. It is exceptionally powerful and will bring in distant stations clearly and with volume. Its rich natural tone is vividly true to the original. Back of the General Electric Radio is an investment of twenty million dollars in radio research and development. Once you see the beautiful Studio Lowboy and listen to its masterful reproduction, you will realize that here is where luxury performance meets economy in price. The nearest dealer will arrange terms to suit your convenience.
