## Aviator Greeted With Message at Vancouver Returns from North

Officially Notified That He Is Permanently Out of Flying For Reason of "Repeated Infractions of Air Regulations"

VANCOUVER, Nov. 18.—Pilot W. A. Joerss, on his arrival here yesterday afternoon from Prince Rupert in the Air Land Manufacturing Co.'s seaplane "City of Prince George," of which he was pilot during the past summer in the Prince George district, was handed a letter permanently cancelling his flying licence for "repeated infractions of air regulations." His suspension was dated November 8, the day he left Vancouver en route to Atlin to take charge of the search for Capt. E. J. A. Burke. Joerss, who was then under temporary suspension as a pilot, said he would ask for an inquiry.

## ADVENTURE IS PLANNED

Kingsford-Smith to Attempt Another Trans-Pacific Crossing, His Brother Says

OAKLAND, Nov. 18.—Wing Commander Charles Kingsford-Smith plans another trans-Pacific flight, this time from San Francisco Bay to Tokyo, in a new Southern Cross, his brother, R. H. Kingsford-Smith, Oakland shipping executive, states. Commander Kingsford-Smith revealed his plans in a letter, his brother said.

The new ship will have a cruising range of 6,000 miles.

## Lowest Birth Rate Record in London

Environment of Children Much Better Than Previously

LONDON, Nov. 18.—London's latest birth rate return is the lowest on record, but there is a "vast improvement in general intelligence," according to the Medical Officer of Health of the London County Council. The environment of the child today, he adds, is incomparably better than at the time of Dickens. There are about 30,000 basement dwellings in London which are considered unfit for human habitation. Not all of these are separately occupied, and they are housing 100,000 people.

## GETS TWO MONTHS

M. G. Docherty, who pleaded guilty last week to a charge of theft of money from rooms in a downtown hotel, was sentenced to two months' imprisonment by Judge F. McB. Young in County Court yesterday afternoon.

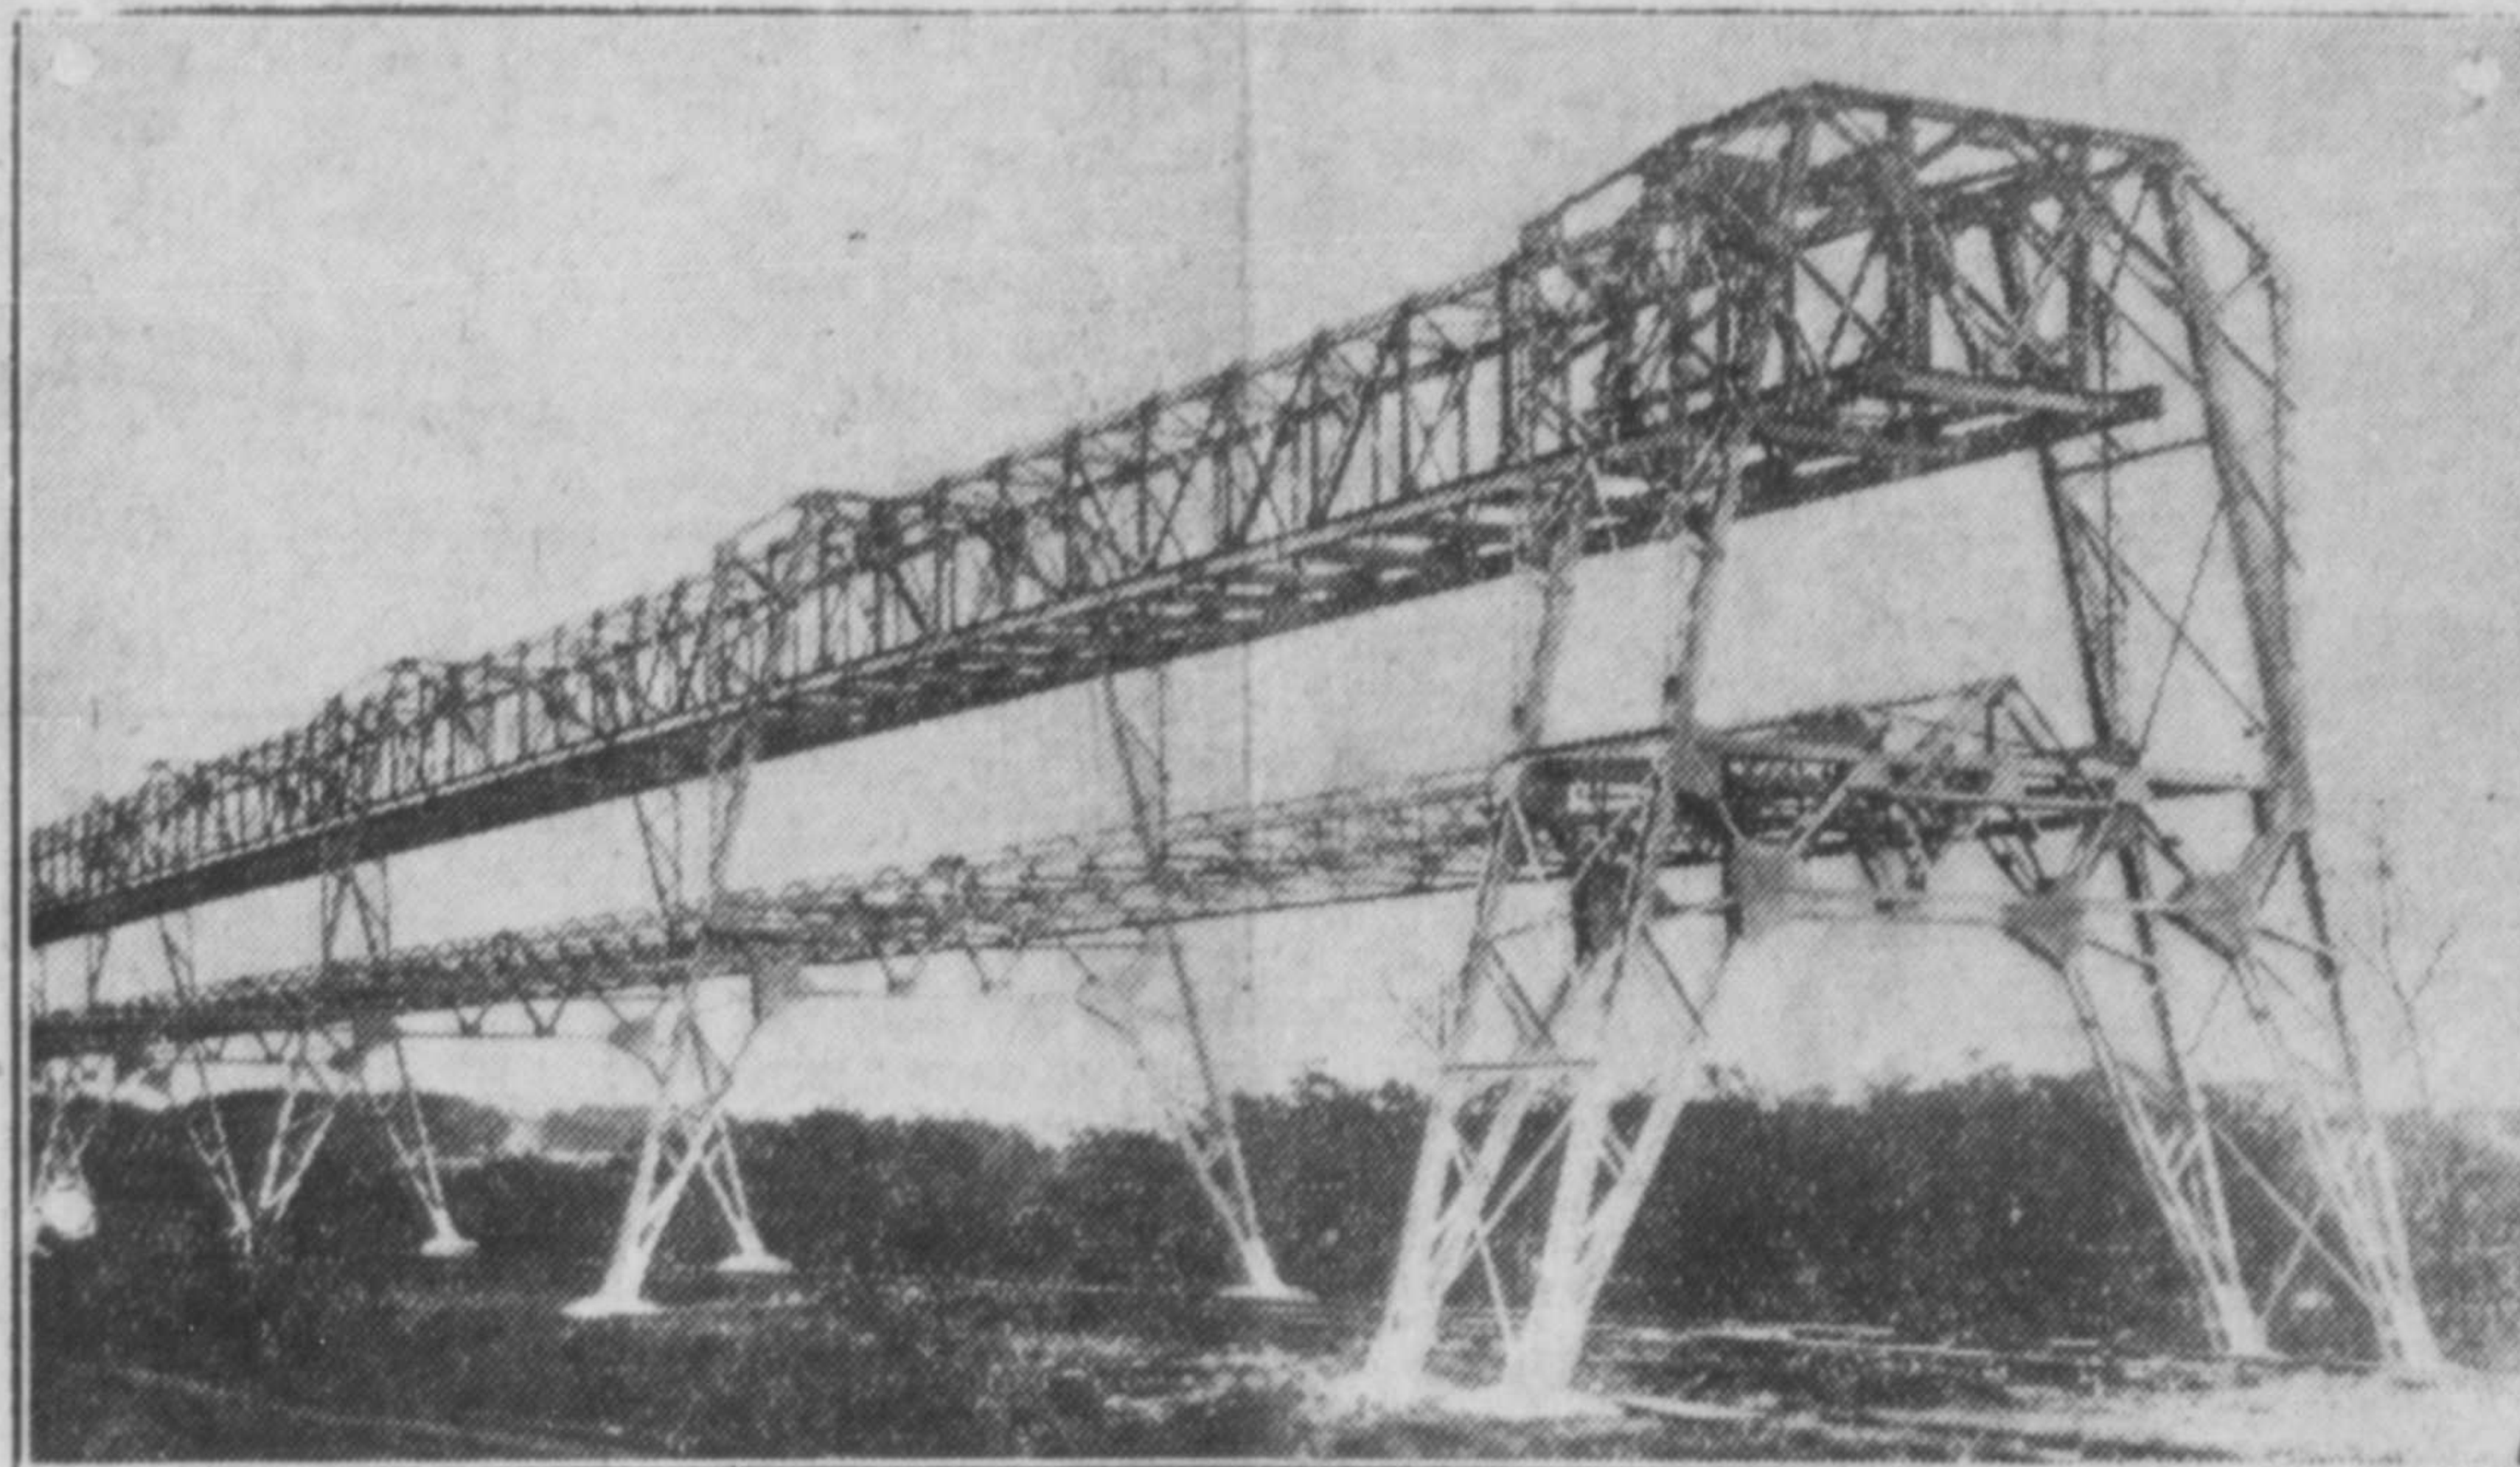

## Dominion Government Is Asked To Set Minimum Wheat Price; Seventy Cents Is Mentioned

OTTAWA, Nov. 18.—The premiers of the three prairie provinces have asked the Dominion government to fix a guaranteed minimum price for wheat. The reply to this as well as other suggestions was that they must await the return of Premier Bennett from Europe.

It is understood that the view taken by the Dominion ministers was that the proposal would practically mean that the federal government would have to go into the wheat business.

Sir George Perley, acting premier, stated that, following the discussion, he thought that the arrangement effected between the banks and the western premiers yesterday had improved the situation materially.

## Something New In Transportation

A remarkable new system of transportation being tried out near Glasgow, Scotland, when this "rail plane" is being demonstrated to the public. It is said to be able to make 150 miles an hour.

## NEW CLUE REPORTED

Government Flyers Today Investigating Possibility of Renahan Crashing Near Inverness

Flight Lieutenant Phinney and Flying Officer Dunlap were in the air for an hour this morning on the Renahan search and looked over the mountain back of Inverness but spotted nothing. A very bad storm was, apparently, brewing and bumps described by Flight Lieutenant Phinney as being "colossal" were experienced. No near approach could be made to the mountain without losing control of the machine.

Another interesting report was received last night from Staff Sergeant Alex McNeill, provincial police, by Flight Lieutenant Phinney, in charge of the Royal Canadian Air Force search out of here for Pilot Robin Renahan and two companions, to the effect that a plane had been seen by Skeena River cannery men on the evening of October 28 to round the north end of Smith Island and fly in the direction of a mountain back of Inverness which is said from a distance to present an appearance similar to the mountain back of Prince Rupert. Two or three days later, the same men went out on a hunting trip and saw, they stated, a wisp of smoke from the side of this mountain. The strong odor of gasoline was also perceived by them, they stated.

Flight Lieutenant Phinney and Flying Officer Dunlap left this morning about 10 o'clock to ascertain if any trace might be found around the mountain referred to of Renahan's plane or the missing party. If they had been safe there, they would certainly have been able to come out soon to human habitation close by. The likelihood, of course, is that, if the plane did strike a mountain, all on board would be killed in the crash.

In addition to this locality, Flight Lieutenant Phinney and Flying Officer Dunlap intended today, if weather threatening snow permitted, to continue a search which was started by them yesterday of the southern tip of the Alaska peninsula.

Yesterday, the government flyers were in the air for upwards of four hours. They made another thorough reconnaissance of Grenville Channel on either side from Salmon River and Baker Inlet northward. Dundas Island was again subjected to an inspection yesterday and the flyers crossed Dixon's entrance and (Continued on Page 4)

## ROMANTIC KING DIES

Hussein of Hedjaz Expired Today In Exile on Island of Cyprus

BAGDAD, Iraq, Nov. 18.—Former King Hussein of Hedjaz, one of the most romantic figures in the Arab revolt against Turkey in which Lawrence of Arabia played so prominent a part in Great War days, died today in exile on the Island of Cyprus.

## RE-OPEN QUESTION

Local Gymnasium Project May Link Up With Y. M. C. A. After All

Following a conference of the central committee last evening with A. S. McAlister of Toronto, railway secretary of the Young Men's Christian Association, it is possible that the final decision in regard to whether the local gymnasium project shall be carried out in connection with the Y. M. C. A. or independently may be re-opened. After hearing a lengthy talk by Mr. McAlister in which he made a number of Y. M. C. A. matters more clear, the committee engaged in a general discussion, the upshot of which was to refer the whole question back to the parent organization for further instructions.

## CROWN IS APPEALING

Sentences in Solloway-Mills Cases Not Satisfactory to Ontario Attorney-General

OTTAWA, Nov. 18.—An appeal against sentences imposed upon J. W. C. Solloway and Harvey Mills will be made by the attorney-general's department of Ontario, it is learned on good authority. It is understood that the department will file the necessary papers at Osgoode Hall some day this week.

## CASE DISMISSED

A charge against Fred Saranovich of being in possession of a stolen boat was dismissed by Judge F. McB. Young in County Court this morning.

## IS STILL CONFIDENT

Mrs. Pat Renahan Hopeful That Husband and Father May Be Restored

VANCOUVER, Nov. 18.—Although her husband has not been heard from since three weeks ago today, Mrs. Robin Renahan, wife of the Alaska-Washington Airways aviator, who is missing somewhere between Prince Rupert and Ketchikan, is still bravely hoping that the search now being made will ultimately result in success in finding Renahan and his companions alive. She has implicit confidence that Ansel Eckmann, close friend of Renahan, who is in direct charge of the search, will be able to locate her husband.

Mrs. Renahan has a little family of three—two girls, one eight and one six, and a bonny baby boy, born on St. Patrick's Day last. The youngsters, although hardly old enough to share their mother's great anxiety, are nevertheless a great comfort under trying circumstances which, as time passes, are becoming increasingly fraught with the sense of tragedy.

## BROKERAGE SUSPENDED

Branson, Brown & Co. of Vancouver Discontinue Stock Department; Continue Other Lines

VICTORIA, Nov. 18.—Announcement was made last night by C. L. H. Branson of Branson, Brown & Co., Ltd. that, owing to lack of interest in the stock market at the present time, the company had decided to discontinue the stock brokerage department of their business. The real estate, insurance and bond departments will be continued.

The directors are satisfied as to the solvency of the company. They will take stock and ascertain the position of affairs in the stock brokerage department before taking further action.

## VANCOUVER WHEAT

VANCOUVER, Nov. 18.—Wheat was quoted on the local exchange today at 56½c.

## Failure of Dominion's Premier at London is Seen by Chas. Stewart

Has Created Unfavorable Impression For Canada In Minds of British People, Former Minister Asserts

WINNIPEG, Nov. 18.—"Not only has Premier R. B. Bennett failed to secure for Canada an increased movement of grain into the British market but he has further, if press despatches are to be believed, created an unfavorable impression in the minds of the British people," declared Hon. Charles Stewart, minister of the interior in the late Mackenzie King government, here last night. Commenting on Premier Bennett's activities at the Imperial Conference, Mr. Stewart stated that he was of the opinion that he had "done the Canadian grain trade a great deal of harm."

## FERGUSON FOR COMMISSIONER

TORONTO, Nov. 18.—The Globe today in a despatch from Ottawa says: "The appointment of Hon. Howard Ferguson, Premier of Ontario, as High Commissioner for Canada in the United Kingdom is likely to be announced officially in the near future."

## BIG DROP IN WHEAT

Near Panic on Winnipeg Exchange Today When Prices Crashed Again

WINNIPEG, Nov. 18.—In a crash unequalled since the collapse more than a year ago, wheat values today were swept down to 55c or 8½c below the previous close. The market rallied near the close to record net losses of 4½c to 5½c for the day.

The collapse created a near panic and, for half an hour, bedlam reigned. Following the mid session, bids were of sufficient volume to take the slack out of the market and good recovery was made with the market holding fairly steady.

## FISH SALES

Summary  
 American — 89,000 pounds, 7.1c and 4c to 10.1c and 5c.  
 Canadian — 23,000 pounds, 8.1c and 5c to 8.3c and 6c.  
 American  
 Trinity, 50,000, refused 7c and 4c, left for Seattle.  
 Omaney, 22,000, Pacific, 7.1c and 4c.  
 Leviathan, 6,000, refused 8c and 4c, left for Seattle.  
 Yukon, 14,000, and Oceanic, 7,000, Atlin, 10c and 4c.  
 Arrow, 17,000, Booth, 9.7c and 4c.  
 Baltic, 4,000, Royal, 10.1c and 5c.  
 Addington, 19,000, Cold Storage, 9.2c and 4c.  
 Marmot, 6,000, Atlin, 10c and 4c.

## CANADIAN

White Hope, 5,000, Pacific, 8.3c and 6c.  
 Eric Roy, 5,500, and W.T., 7,500, Cold Storage, 8.2c and 6c.  
 Embra, 5,000, Atlin, 8.1c and 5c.

The fire department had a call at 10.30 this morning to the home of Andrew McDonald, 1840 Fifth Avenue East. There was no damage.

## WENT OVER DIGBY ID.

Pilot Renahan Was Evidently Near Safety in Prince Rupert on Night of October 28

Flight Lieutenant Phinney, in charge of the Canadian government seaplanes which are based here in the search for Pilot Robin Renahan and party, was informed today that a Swedish settler on Digby Island had heard a plane passing over Digby Island late on the evening of October 28 bound in the direction of Stephens Island. This would indicate that Renahan might have decided to attempt to make Ketchikan that night after being nearly safe in Prince Rupert.

The Canadian search planes are held in port this afternoon on account of impending storm and poor visibility.

## MUST HAVE NEW MOTOR

Pilot Ansel Eckmann to Drop Temporarily Out of Search For Renahan

Pilot Ansel Eckmann of the Alaska-Washington Airways, who has been conducting a search out of Ketchikan for Robin Renahan and party, plans to fly to Seattle tomorrow for installation of a new engine in his Lockheed-Vega plane. He will return north to resume the search just as soon as the installation can be completed.

In a message today to Flight Lieutenant Phinney, who is in charge of the Canadian search planes based here, Eckmann stated that he had been out for three hours this morning on the search. Engine trouble forced him to land twice during the morning and, finally, snow forced him back to Ketchikan for the day.

With Pilot Eckmann temporarily out of the search, and until the United States Navy planes arrive, the Canadian planes based here will work further north toward Ketchikan although they will retain the base here, possibly, however, using Ketchikan for refuelling purposes.

## FUNERAL AT ALICE ARM

ALICE ARM, Nov. 18.—The funeral took place here on Saturday of Lee O'Connor, who was one of the victims of the bunkhouse disaster in Anyox last week. The service took place in Falconer's Hall with Rev. J. S. Brayfield officiating. Interment followed in the local cemetery. The wife and children of the late Mr. O'Connor reside here.

DAILY EDITION

Tuesday, Nov. 18, 1930

CHRISTMAS IS CLOSE

It's not very long now before Christmas will be here and everybody will be looking around for presents for their relatives and close friends.

This is the time to make a list of those who must have gifts and after it has been properly revised and pruned a start should be made with the purchases.

While the most valuable presents are those made by the donors because they reflect a real desire to give pleasure, only a few can receive those very personal treasures. The majority of the gifts must be purchased and the amount of care given to the purchases will to a large extent reflect the interest taken by the donors in the persons receiving them. Time is required and it is always a good plan to begin shopping early.

NEW ROAD PROPOSAL

With very little knowledge of the new Alaska road proposal it is almost impossible to comment on it. All that can be said at present is to draw attention to the fact that the governments have for years been trying to dispose of the P.G.E. and cannot find a purchaser, yet here are people running after the privilege of spending their money in this north country, which evidently they must consider valuable.

Yesterday we quoted from the Victoria Conservative paper to show that practically no money had yet been spent in extensions to the original railroad west of the Rocky Mountains while immense sums have been expended on the prairies, yet it is claimed the road does not pay. How could it? Intelligent development of the north is what is needed and evidently some people think large returns could be secured as a result of the expenditures.

INDIA'S POSITION

Evidently India is intending to make herself felt in the councils of the Empire. The despatch published exclusively in this paper yesterday dealing with the India Conference in London indicates the general trend of what is being demanded. They are asking for full dominion status and we are inclined to think they will get it very soon. If they do not they are likely to get independence instead.

These are days when the world is moving rapidly. What seemed impossible yesterday becomes an actuality today. We are learning to sweep away old barriers and grapple with hard facts without reference to precedent.

AN EXCELLENT PICTURE

Last night at the Capitol Theatre there was an unusual picture. It was "Song O' My Heart," featuring John MacCormack. For those who are a little tired of the jazz pictures that are so popular with picture makers and who at the same time enjoy wonderful music, we strongly recommend this. The singing sees MacCormack at his best, and the little Irish tale woven around the great singer is an exceedingly pretty one and well played. Very few more pleasing talkies have appeared in Prince Rupert.

PRINCE GEORGE

The city of Prince George is negotiating with the provincial government with a view to securing \$10,000 from the governments under the unemployment relief scheme.

The marriage was solemnized quietly by Rev. Peter Connal here on Sunday of Miss Mabel Hilda Pike, daughter of Mr. and Mrs. William Pike of Smithers, and Thomas Arthur Simpson, also of Smithers. The ceremony was performed at the home of Mr. and Mrs. Clifford Barrett. The couple left for Smithers where they will reside.

In the recent field crop competitions held in the Pineview district, E. Pearson won first prize for Garnet wheat and A. Haggitt first prize for Banner oats.

An Armistice Day service was conducted in the local Canadian Legion Hall on Tuesday by Rev. T. V. L'Estrange of St. Michael's Anglican Church and Rev. Peter Connal of Knox United Church. The service was preceded by a

parade in which returned men, Boy Scouts under the direction of William Monroe and Girl Guides under the leadership of Miss C. Irwin participated. The Last Post was sounded by W. L. Hornsby.

The Prince George Dramatic Society presented the three-act farce "Anne's Little Affair" delightfully on Wednesday evening in the Princess Theatre under the capable direction of George Oliver. Members of the cast were Miss Pearl McInnes, Mrs. Louis Blair, Mrs. Julian P. Myers, Mrs. Creswell and Miss Myrtle Creswell, J. H. McClinton, E. Davis, E. J. Newman, W. J. Peckham, J. P. Myers, W. D. G. Harper, Mrs. E. J. Craswell, Mrs. R. S. Edwards, E. J. Flower and Miss M. Geiger.

Hugh McDonald, employed as a blacksmith at Bend, lost his home by fire last week when he mistook a can of gasoline for kerosene. Mrs. McDonald and four children, one an infant, escaped although two of the little daughters had to come to hospital here for treatment for their burns.

A successful dance was held last night in the South Fort George Community Hall in aid of the children's Christmas tree fund.

NORTHERN B. C. NEWS

SMITHERS

First prize winners in the seed show held here last week were as follows: Banner oats, J. E. Johnson, Evelyn; victory oats, A. McMillan, Evelyn; garnet wheat, John Bostrom, Grassy Plains; reward wheat, James Owens, Evelyn; marquis wheat, J. E. Johnson, Evelyn; six-rowed barley, G. P. Wright, Quick; field peas, D. Huber, Smithers; timothy seed, Mr. Charles Barrett, Barrett Lake; flax, Miss Dora Huber, Smithers; seed potatoes, James Owens, Evelyn; ten bushels of seed oats, A. McMillan, Evelyn; seed judging competition, E. Norman Bree, Telkwa.

Armistice night was celebrated here on Tuesday with a large and successful dance, people from all parts of the district being in attendance. J. A. Finnerty was in general charge.

For almost three weeks now there have been almost incessant rains in the Bulkley Valley. There being no frost in the ground as yet, the moisture has penetrated to considerable depth, assuring plenty of moisture for next spring's farming operations. Meanwhile, on account of the rains, the roads of the valley are in rather bad shape for travelling.

A new four-room dwelling is being built near the corner of Queen and Alfred Streets by T. Jenkinson for Frank H. Taylor.

A deficit of \$150 on the year's operations was reported at the annual meeting last week of the Smithers Hall Co. A new board of directors has been elected. S. H. Hoskins has rendered his resignation as secretary and a successor will be appointed as soon as possible.

The marriage took place here quietly on Tuesday afternoon of Miss Ellen C. Christianson of Houston and John Albert Stout. The ceremony was performed by Rev. William McKenzie. Miss Mary Ryan of Terrace acted as bridesmaid.

BURNS LAKE

The settlement of Ootsa Lake has seen more business and activity during the past season than has been known in the history of the place. The operations of the Consolidated Mining & Smelting Co. in the district have had a good deal to do with the activity. Norman Schreiber is taking a prominent part in the transportation facilities of the district.

Heavy winds were experienced in this district last Monday and telegraph and telephone lines all went down.

People from all parts of the district attended the masquerade ball held by the Canadian Legion here last Monday night. Prize-winners for costumes included Mrs. L. Scherck, Ted Greenwood, Mrs. C. Oland, H. Hefflick, A. M. Ruddy and H. J. Jewell, J. J. McKenna and Percy Kaler.

VANDERHOOF

The Vanderhoof and District Teachers' Association, at its convention which was held here recently, elected officers for the ensuing year as follows: president, Fred G. Cook; secretary, Miss Evelyn Smedley; executive, Miss Margaret McVicar, Miss Betty Lamb and Miss Joyce Goodridge.

According to a survey made by C. C. Kelley, district agriculturalist, there are 20,398 acres of agricultural land owned in Vanderhoof district with a total of 4,848 acres under cultivation.

During a trip east, Mervill Averill was successful in getting fine specimens of moose and cariboo in the Guildford district east of Prince George. During his stay at Guildford, he was the guest of Mr. and Mrs. L. Woods.

The provincial government is having a standard equipment shed built on its property south of the railway tracks. The shed will be used to house all government machinery.

V. Schelderup has completed a re-survey of Township 12 near here. The settlers on that area are very pleased that the work has been carried out.

STEWART

A travelling library has been secured from the provincial government by the local Canadian Legion. W. S. Orr will be in charge of it.

The list of unemployed in this district, which is being kept by the local Board of Trade, already numbers 122.

The Christian Science Society of Prince Rupert is endeavoring to sell fifty shares in the Stewart Land Co. here.

The firm of Gardiner-Johnson & Co., which has the contract for widening the Salmon River road between Seven Mile and Eleven Mile, has closed down work for the season. It is hoped to resume the work early in the spring, possibly by the middle of April. The work started two months ago and good progress was made since then.

Armistice Day was brought to a conclusion last Tuesday evening with a largely attended dance. In the morning there were appropriate services at the local cenotaph with Rev. Father E. M. Leray O.M.I., chaplain of the Canadian Legion, in charge.

Bill Turgoose won a \$5 gold piece and the pee wee golf championship of Stewart last Thursday night when he defeated Sam McNeil in the final. Turgoose turned in a card of 42 for the 18 holes while McNeil took six strokes more. The Portland Canal Power Co.,

which controls a valuable hydro-electric power site on Davis River, 12 miles south of Hyder, commenced surveying this week for a power transmission line from Hyder to Stewart and up the Bear River valley. Surveys will also be made for a possible branch line up the Marmot River.

The Woman's Auxillary to St. Mark's Church held a very successful bazaar last Friday afternoon. The proceedings came to a close with a large whist drive and dance in the evening.

The last whist drive and dance held by the Canadian Legion here was an unqualified success. There were 16 tables and prize winners were Mrs. Kirkpatrick, Mrs. Lee, Ted Richardson and Bill Tooth.

The Stewart Liberal Conservative Association, at its recent annual meeting, elected officers as follows for the coming year: president, H. W. M. Rolston; vice-president, H. A. Stewart; secretary, Mrs. J. V. Clegg; executive, H. D. Rochford, W. S. Orr, J. Scott, J. Murdoch, W. D. Smith, George Matheson, J. Rennie, Mrs. D. Bennett and J. O. Lyon.

G. A. Woodland, agent for the Imperial Oil Co., at Prince Rupert paid a brief visit here last week on company business.

Mrs. M. Michelizza left last week for Vancouver where she will spend the winter.

H. L. Batten M.E., after having spent a week at the B. C. Silver mine, left last week on his return to Vancouver.

NEW HAZELTON

Advices have been received that Skeena riding is to receive \$10,000 for unemployment relief work during the coming winter, this sum being exclusive of any sums that have been allotted to incorporated municipalities such as Terrace and Smithers.

Miss M. McLean, school teacher at Hazelton, spent the Thanksgiving holiday at her home in Prince Rupert.

R. J. Morrison and Albert Arnold were visitors in Prince Rupert at the end of last week.

An Indian from Skeena Crossing got a cougar at Stony Creek last week. It was a large animal measuring nine feet from tip to tip. It is said that there are a lot of cougars in that district and that they are playing havoc with the game. The same Indian plans on capturing more of them.

The annual value of Fish & Fish Products of British Columbia is about \$23,000,000. Of this amount about \$11,000,000 is produced in Prince Rupert District.

KEEPS THE BATHROOM

Spotless

Dissolve a tablespoonful of Gillett's Lye in a gallon of cold water and you have a solution that will save you hours of cleaning time in the bathroom, for it is equally efficient for washing floors, tiling, sinks, the bathtub or closet-bowl . . . and when cleaned with Gillett's Lye each is thoroughly disinfected with the one operation.

GILLETT'S Pure Flake LYE has dozens of other daily household uses. Send for our new Free booklet explaining how it will help you with all your cleaning.

DEPARTMENT OF TRADE AND COMMERCE  
OTTAWA, CANADA

November 15th, 1930.

To Government Departments, Municipal Councils,  
Public Utility Commissions, School Boards, etc.,  
Everywhere in Canada.

Keep Tax Collections Circulating at Home!

A certain Canadian municipality that shall be nameless is now spending large sums of money on improvements of one kind or another, for the express purpose of providing work for its unemployed. Only a year ago that same municipality refused to sanction the use of Canadian stone for an important building it was putting up on the ground that imported stone was cheaper.

The incident is typical of that peculiar situation that all public bodies are occasionally confronted with, where duty calls in two different directions at the same time. In this case there was the urge to specify a Canadian material because of the additional work it would provide for Canadian artisans; on the other hand there was the urge to remain faithful to a trust, and to buy for the tax-payers in the cheapest market. And the die was cast in favour of the tax-payers!

But was it a worth-while victory for the tax-payers? If that same municipality were to be confronted with the same problem to-day, would it decide it in the same way? I venture to think not! For every dollar it saved itself last year by refusing to give Canadian labour first call, it is spending hundreds of dollars this year to create jobs for Canada's unemployed!

One cannot help wondering whether most of the emergency construction programme, now in full swing across Canada, could not have been obviated if those responsible for the letting of public contracts in the past few years had shown less concern about saving the tax-payers a few dollars on the purchase of materials, and more concern about keeping the collections from those tax-payers circulating in Canada. In the calendar year 1929 alone, the construction expenditures in Canada for hospitals, schools, public buildings, bridges, dams, wharves, sewers, water mains, road building and street paving aggregated \$145,000,000. How much of that was spent outside of Canada, for imported materials, it is hard to say. But even if it were only 10 percent, it would have meant a sum equal to almost three-quarters of the appropriation which the Dominion Government voted two months ago for emergency undertakings to relieve unemployment!

With the lessons of the past fresh in our minds, and with to-day's grim reminder of what our neglect of an important responsibility is costing us, surely the time is opportune to suggest that you pass a resolution calling for the insertion, in all future contracts, of a clause stipulating that nothing but Canadian materials shall be used, provided that permission to use imported materials may be granted where sufficient cause is shown.

Many municipalities have long made a practice of stipulating that for such labour as may have to be employed directly on the job, local labour shall be given first call. That is only as it should be. But if it is desirable to employ local labour directly on the job itself, isn't it equally desirable to give as much indirect employment to local labour as possible by using materials that have been produced locally? And if the necessary materials are not procurable in the locality, isn't it then desirable, from the standpoint of developing the home market, to procure them from the nearest point in Canada where they are to be had in the quality, in the quantity, and within the time desired?

I am not suggesting that you should deprive yourselves of the advantage of foreign competition in the purchase of materials. Foreign competition must be allowed to play its part, if only to protect you in the enjoyment of fair prices. But I do suggest that other things being equal, or nearly equal, you see to it that Canadian materials always receive the preference.

And if you are in any doubt as to whether your ratepayers would approve such action, just spend an hour some day tinging up those who opinions you would value!

Very sincerely yours,

A. A. Stevens  
Minister of Trade and Commerce.

Dr. Wood's

Norway Pine Syrup

Bad Cold On Her Chest Had To Stay In Bed

Mrs. J. C. Winters, Janow, Man, writes: "I have every reason to praise Dr. Wood's Norway Pine Syrup as it has done me a world of good. I had a very bad cold on my chest, and had to stay in bed two weeks, and could hardly speak on account of coughing so much. I tried every medicine and liniment I could think of, but I got no relief. My husband read about Dr. Wood's Norway Pine Syrup so I decided to try it. I took only one bottle and I am ready to recommend it to anyone with a cold."

Local Items

Glasses fitted by registered optometrist at Heilbronner's store.

Billiards tonight, Canadian Legion vs. Elks.

Ladies are specially invited to attend the boxing match Friday night.

At Curzon's Men's Wear Shop they are preparing the Christmas Goods tables for business next week.

The value of Materials used annually in the Fish Canning & Curing Establishments of Canada is about \$20,000,000.

Boxing! Friday night, Empress Social Club Arena—Mel Cowie, Featherweight Cham. of Western Canada vs. Billy Baines, Ketchikan.

Full information from R. F. McNAUGHTON, D.P.A., Prince Rupert, B.C.

Experience, The Great Teacher

Mussolini, an outstanding character in the world, credits experience for all of his success. He worked as a stone mason, and he also served in the war as a private.

"A wealthy man in San Francisco has built a restaurant and is feeding two thousand of the unemployed daily. He has had experience. He was poor once and knew the pangs of hunger. Isn't it too bad that other millionaires have not had his experience. If they had, everyone would be eating regularly."

We have had 20 years' experience in handling coal. During that period we have settled for you the question of which is the best coal. We have picked out what we feel sure is the best coal on the Pacific Coast—Nanaimo-Wellington. In addition to that we are handling Lakeside smokeless.

Let us give you the value of our experience. ALBERT & McCAFFERY, LIMITED. Phones 116 and 117.

Dinnerware, china, crockery, glassware. Heilbronner's Store.

St. Andrews Dance, November 23, Moose Hall.

Curzon's lines of Men's Underwear are well assorted.

The per capita consumption of fish in Canada is low. Help build it up.

This afternoon's train, due from the east at 3:30, was reported this morning to be on time.

Curzon's Men's Wear appreciate the new sidewalk being built along their storefront. We welcome progress.

Moose Whist Drive and Dance, Friday, Nov. 21. Cash prizes.

Billy Baines works out at 7:30 tonight at Empress Social Club Arena. Public cordially invited to attend.

Union steamer Catala, Capt. Jas. Findlay, returned to port at 9:50 this morning from Anxox, Stewart and other northern points and will sail at 3:30 this afternoon for Vancouver.

About 85,000 persons are employed in the Fishing Industry of Canada.

W. F. Trant, Post Office Inspector, who has been visiting various parts of the north on official duties, is a passenger aboard the Catala this afternoon going through from Stewart to Vancouver.

Don't forget the boys and girls. Our lines of stockings for them are unexcelled at Curzon's.

T. J. Shenton, inspector of mines, returned to the city on the Catala this morning from Anxox where he investigated the circumstances of a recent landslide which demolished the bunkhouse of the Bonanza mine and caused the death of six men.

There are the usual requests for clothing from the Salvation Army. It is announced by Commandant William Kerr. Any old clothes, particularly men's, will be gladly received by Army officers from those who may have them to give.

"Business as Usual," at Curzon's while the new pavement is being built on 2nd Avenue.

Misses Muriel and Mildred Johnston, local High School students, whose father, Clarence P. Johnston, was killed in the bunkhouse disaster at Anxox last week, sailed last night on the Prince William for Queen Charlotte City where an uncle, W. H. Fairbairn, resides.

There are already about ten men attending the night school in English which is being conducted by Commandant William Kerr, of the Salvation Army. With the halibut season closing, more men are expected to take advantage of the opportunities to receive the instruction.

Father Charlie, O.M.I., of Anxox and Father Leray, O.M.I., of Stewart arrived in the city on the Catala this morning from the north. The former will pay a brief visit to the city and the latter will proceed tomorrow to Terrace where he will conduct monthly services in the Roman Catholic Church.

Magic's unvarying quality ensures uniformly good baking results

You never have to experiment with Magic Baking Powder because its leavening quality never varies.

Every spoonful from every tin is identical. 3 out of every 4 Canadian women, who bake at home, say they use Magic because it gives consistently better baking results. If you use Magic Baking Powder, it will ensure better baking results for you too.

\*This fact was revealed in a recent Dominion-wide investigation.

TRY THIS RECIPE FOR GRAHAM MUFFINS

- 2 tablespoons butter 3 teaspoons Magic Baking Powder 1 cup sugar 2 cups Graham flour 2 eggs 1 cup white flour 1 1/2 cups milk A pinch of salt.

Cream butter and sugar, beat in eggs, then sift flour, baking powder and salt, and add to first mixture alternately with milk. Put in well-buttered muffin pans and bake in hot oven.

STANDARD BRANDS LIMITED GILLETT PRODUCTS TORONTO MONTREAL WINNIPEG and branches in all the principal Canadian cities

If you bake at home, send for the New Magic Cook Book. It contains over 200 tested recipes and will save you time with your baking.

Look for this mark on every tin. It is our guarantee that Magic Baking Powder does not contain alum or any harmful ingredient.

Curzon's realize the need for warm blankets and have a nice stock of them ready for you.

The annual total value of Canada's Fisheries is about \$50,000,000.

We have splendid lines of Men's Wear of every description at Curzon's. Socks, Gloves, Neckwear, etc.

Fred Brown of Anxox is a visitor in the city, having arrived from the north on the Catala this morning.

All seats for Boxing match Friday night are reserved and on sale at Empress Social Club. Phone 592 for reservations.

Fish is Healthy Food. Eat more Fish, and support Home Industry.

E. J. Smith of G. W. Nickerson Co. Ltd. returned to the city on the Catala this morning after having made the round trip to Anxox and Stewart on company business.

When you want real warmth in your home order Nanaimo-Wellington Coal. The coal that made Nanaimo a city. Albert & McCaffery. Phone 116 and 117.

Union freighter Chilliwack, Capt. W. W. Mounce, arrived in port at 5 o'clock this morning from Stewart and, after loading a parcel of freight here, sailed at noon for Vancouver via waypoints.

The story of a two-month sojourn on Graham Island, Queen Charlottes, was related by R. A. Cumming before over 100 members of the Vancouver Natural History Society in Vancouver last week. Mr. Cumming's subject was "An Orthologist's Trip to the Queen Charlotte Islands."

## FIGURES IN SPORT

### J. E. WIDENER, TURF MAN

Joseph E. Widener, internationally known American turfman, is also a prominent collector of rare art treasures, his father, P. A. B. Widener, street railway promoter and capitalist, having given him a big start in the latter line. He also inherited from his parent the bulk of an estate the vastness of which has never been made known. The only business Widener has ever engaged in has been the management of his estate. Of course, he didn't have to work and that's why the horse racing was taken up because he had to have something to interest himself in besides the big money and the old stuff both of which are tiresome because there is so much of it.

Because his attention to racing as a sport and the princely way in which he maintains his own stables and devotes his time to breeding and racing, both in the United States and abroad, Mr. Widener has become one of the foremost racing owners in the world. He is the principal owner of the Belmont track in New York and is a prominent official of other jockey and horse clubs. He also maintains extensive stud farms in Kentucky and France and his horses race on all the noted tracks and most of the famous stake races on both sides of the Atlantic. A list of Mr. Widener's horses which have borne his colors at various races reads like a glimpse into the Stud Book. Earl Sands, greatest jockey of his time, was in Widener's employ at one time and carried his colors to many a victory.

Mr. Widener was born on August 19, 1872, in Philadelphia and was educated at private schools, the Universities of Pennsylvania and Harvard and abroad. He is a widower and has a son and a daughter. He is a director of the Baltimore and Ohio and Reading railroads, numerous other corporations and a trustee of the University of Pennsylvania.

Charley Gelbert, shortstop of St. Louis Cardinals, and his fiancée, Miss Mabel Hafey, Chambersburgh, Pa., school teacher, at his home at Ambler, Pa.

## SEASON OPENED

Vancouver Lions and Seattle Eskimos Battled to Hockey Draw Last Night

VANCOUVER, Nov. 18.—Vancouver Lions, last season's Pacific Coast Hockey League champions, and the revamped Seattle Eskimos battled through 70 minutes of scoreless hockey in the season's opener here last night.

It was typical early season hockey, flashy in spots but mostly ragged with close checking keeping the puck away from the vicinity of opposing nets.

## SPORT CHAT

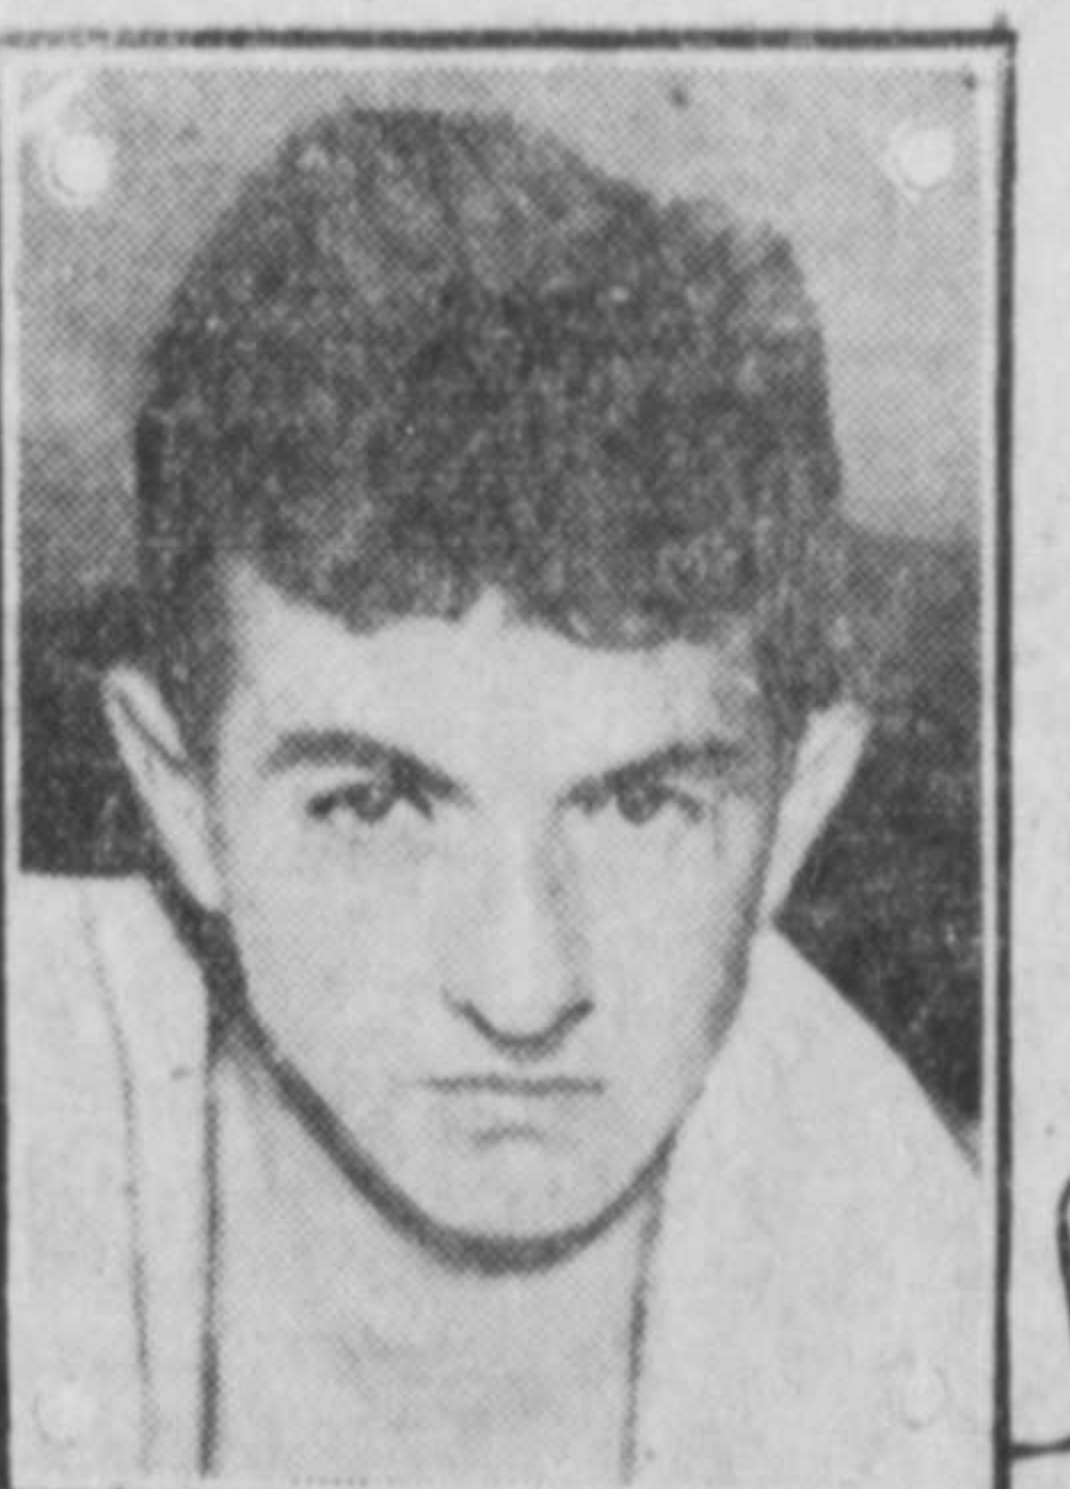

Canadian Legion and Elks will meet in the Billiard League this evening with line-ups as follows: M. Andrews (Canadian Legion) vs. C. P. Balagno (Elks). A. Murray vs. M. E. Young. G. P. Tinker vs. W. E. Williscroft. F. Zieman vs. J. Smith. A. Macdonald vs. W. Mitchell. Spares—C. L. Youngman and W. Murray.

A fine card of preliminaries has been lined up in connection with the boxing card on Friday evening of this week at the Empress Social Club when Mel Cowie of Winnipeg, Western Canada featherweight champion, will meet Billy Baines, tough Alaskan from Ketchikan, in a six-round argument. The prelims will be as follows: Marvin Rowe vs. Kid Eckert, three rounds. Johnny Roma vs. Rupert Fong, four rounds.

Dan Healy vs. Dan Bagon, four rounds. Pat Clanton vs. Art Brown, four rounds. Pete Holm vs. Babe Dutton, five rounds. Mel Cowie worked out in public last evening and made a big impression. Baines will work out in public tonight.

It is a matter for regret that basketball may lapse in Prince Rupert this winter because so few supporters of the sport have taken the interest to turn out and attend the annual meeting which has already been called twice. Certainly the retiring executive is not due for criticism if it takes the fact that only three persons attended the last called meeting as a signal that there is no desire for basketball in Prince Rupert this winter. Just the same, there does seem in some quarters to be a desire for the sport. It is to be hoped that at least one more attempt will be made from unofficial, if not official, quarters to get the sport going after all.

The committee that was called upon recently at Vanderhoof to secure a rink committee to undertake the management of the skating rink there during the coming winter held a meeting on Wednesday evening when a committee composed of S. E. Daly, A. A. Hutchinson, J. W. H. Day and Harry V. Taylor was formed, and action will soon be taken to get the preliminary work under way. It is hoped that there will be some definite information concerning the coming season in the course of a week or two. The committee appointed is a live one, and there is reason to believe that an excellent skating season is ahead for Vanderhoof.

Clarence "Red" Terhune, who two years ago gained notoriety by stowing away on the "Graf Zeppelin," has now turned to boxing and makes his debut in St. Louis, Mo., shortly.

## CARD PARTY LAST NIGHT

Enjoyable Affair Held By Adair Carss Chapter I.O.D.E. at Home of Mrs. Orchard McLeod

A very enjoyable bridge and whist party was held last night by Adair Carss Chapter, Imperial Order, Daughters of the Empire, at the home of Mrs. D. Orchard McLeod. The first prize in bridge was won by Mrs. D. C. Stuart and the first prize in whist by Mrs. J. E. Jack.

In the raffle of a cushion, Miss Sarah Campbell was the winner with No. 113.

Mrs. McLeod, Mrs. C. G. Barber and Mrs. J. A. Teng were in charge of refreshments.

## Royal Purple Bridge-Whist

Fortnightly Series Was Continued With Match Last Night—Mrs. O. A. Johnson and C. R. Biggart High

In the fortnightly card series of the Ladies of the Royal Purple last evening, Mrs. O. A. Johnson was high in bridge with Mrs. Martin Miller low. C. R. Biggart was high in whist play and A. K. Nelson low. The committee consisted of Mrs. Bert Morgan, Mrs. Martin Miller and Mrs. F. M. Crosby. Mrs. F. Clapp was cashier.

## LOCAL ITEMS

Mrs. W. R. Orchard and child, who have been visiting at Port Simpson, returned to the city on the Catala this morning.

Sam Ceell, Indian, is appearing before Magistrate McClymont in police court this afternoon on a charge of having liquor in his possession.

The current issue of the B. C. Gazette contains announcement of the incorporation under the Societies Act of the Christian Society of Prince Rupert.

S. W. Barclay, inspector of forest service for the Forest Branch with headquarters in Victoria, is a visitor in the city on official business, having arrived from the interior on Sunday.

Frank Kelly arrived in the city on the Catala this morning from Anyox and will proceed by train tomorrow morning to St. John, N.B., where he will embark for Liverpool to pay a visit to his native home in England.

## Twenty Years Ago

In future anyone employed as a skilled carpenter on work for the city of Prince Rupert will be paid at the rate of 62½¢ per hour, the city council has decided.

The Board of Trade, at its regular monthly meeting tonight, will receive a report from the council of the board relative to the power to be derived from the tides at Zensard Rapids.

A bad leak was discovered this morning in the hull of the steamer Henriette. She will be taken across the harbor and beached so the leak may be cemented until she can proceed to Vancouver to go into dry dock for permanent repairs.

## NEW CLUE REPORTED

covered Duke and Mary Islands in Alaska.

A snow storm moving down from Alaska decided Phinney and Dunlap to return southward yesterday afternoon and on the way they flew over Wales Island and Tsimpsian Peninsula. Nothing was found to substantiate a report which had been heard yesterday that canvas had been found in the woods on Tsimpsian Peninsula back of Georgetown.

Pilot Ansel Eckmann, continuing his search from Ketchikan, reported last night that, during the day, he had completely covered the waters around Revilla Giedo Island on which Ketchikan is situated, paying particular attention to Behm Channel, on the eastern side of the large island. Eckmann was also around Duke and Mary Islands yesterday.

## CONTROLLING OF BIRTHS

BOMBAY, INDIA, Nov. 18.—The government of Mysore has given official approval to the proposals of its senior state surgeon that four birth-control clinics be established. Dr. Subba Rao, senior surgeon, said a large number of women with whom his professional duties brought him into contact were so debilitated, whether on account of their own bodily ill-health or on account of frequent child-bearing that maternity in their cases was inadvisable in the interests of both the women themselves, and of their progeny.

He proposed in the first place the women medical officers at the Victoria Hospital and the Maternity Hospital at Bangalore and the Krishnarajendra Hospital and the Vani Vilas Hospital at Mysore should be authorized to enlighten women desirous of receiving information on the subject for bona fide reasons and also to teach the necessary technique. In the next place he suggested that contraceptive appliances should be kept in stock at these institutions, to be supplied at cost price to women who wished to purchase them; and finally he proposed that Dr. C. V. Natarajan, who has made a special study of contraception in America should be asked to co-operate with the women medical officers by giving them such advice as they need for the development of clinics.

It was made clear in the proposals that the women medical officers would give advice on the subject only to married women who needed it from consideration of health or for economic reasons.

## JUNEAU COLD STORAGE PAYS \$10,000 BONDS

JUNEAU, Nov. 18.—The Juneau Cold Storage Company, Incorporated, has just taken up \$10,000 of its outstanding 7 per cent. bonds that became due November 1, and has made an interest payment on all bonds of \$2,275.

All but \$1,000 of the bonds redeemed are held in Juneau. That means that \$9,000 on the principal of the bonds and most of the interest money distributed will be paid out here.

This is the third payment of bonds by the Juneau Cold Storage Company since its organization. Two previous payments were for \$10,000 and \$5,000 each. Including the \$2,275 interest that has now been paid this company has paid \$16,875 in interest, mostly to Juneau residents, since the Juneau Cold Storage Company was financed and bonds issued in the amount of \$75,000. There still is outstanding \$55,000 in bonds. The \$36,875, principal and interest, that has been paid is all from profits of the company. The \$20,000 principal paid represents permanent debt reduction.

## RAILWAY LINE BLOCKED

ALICE ARM, Nov. 18.—As a result of last week's storm the Dolly Varden railway track is almost hopelessly blocked with fallen trees and land slides. At the entrance to the canyon at five-mile a huge rock weighing sixty or seventy tons crashed from above, carrying the track into the river. The storm also took the telegraph lines down but now up again.

## Rolla Woman Is Victim of Rifle

Nineteen Year Old Bride Believed to Have Taken Own Life During Night

ROLLA, Nov. 18.—Mrs. Rees' doct died here from a rifle wound. Death was almost instantaneous, the bullet passing through her body below the right lung. Mr. Endicott says that he awakened in the night and heard his wife walking around the house, thought by the sounds he believed that she was getting something out of the cupboard as he heard rattling, but he did not pay attention to this and dozed off. Sleep again only to be awakened a moment or two later by a shot. Rushing out to the bedroom he found Mrs. Endicott on the floor by the kitchen with a rifle by her side. She died a few moments later.

Mr. and Mrs. Endicott were married last fall. Mrs. Endicott was Joe Carmichael of Taylor, B.C., had lived in the country for 25 years. She was 19 years of age. Her parents, Mr. and Mrs. Carmichael live at Fort St. John.

### Man in the Moon

This is a time when very few people are feeling fed up with their jobs.

These are the days when Jake says he "just loves" to lie in bed in the morning when he hears the other people hurrying to work.

When I am late for breakfast, Leave no sad toast for me Or oatmeal hardened in the dish, Or cold and dreary tea.

Lady—Doesn't that little boy swear terribly?  
Urchin—Yes'm, he sure does. He doesn't put any expression into it at all.

Tourist—But what makes these western prairies so flat?  
Native—Well, stranger, we think it must be because the sun sets on 'em every evening.

Jake says what he dislikes about the Prince Rupert newspapers is that it takes more than one to start the fire.

The editor intimates that just a few words from him will sometimes cause quite a blaze.

In British Columbia there are about 25,000 men engaged in the Fishing Industry.

## NEWS OF THE MINES

AROUND PRINCE RUPERT

### Woodbine Winze Full of Water—Progress Report On B. C. Silver—Premier Called No Investment

With the winze taking water faster than present equipment can handle it, the Woodbine mine has been forced to discontinue work at this point. The water rose to within eight feet of the top of the winze in two days. It was unfortunate that this should have happened because, at the time of flooding, the winze had been developed to a depth of 34 feet with ore coming in. A sample taken at this point gave \$2.40 in gold and six ounces of silver. While this assay is not large, it is indicative of the near approach to the ore disclosed by a drill hole from No. 2 level. Assays obtained from the cores of this hole gave \$3.50 to \$20.80 in gold and \$2 in silver. Meantime, work will be carried on in No. 2 level with the object of getting under the ore exposed in a short cross-cut 50 feet above this level. This cross-cut is in 25 feet with ore still in the face. Assays obtained here ran \$4 in gold and \$2.61 silver and 80c in gold and \$7.40 in silver. Water rights are being applied for and a preliminary survey is under way for the location of the site for a proposed tunnel at a lower level which will give 500 feet of backs, adequate drainage and eliminate the excessive cost of sinking operations.

### Shrine Club Dinner Dance

Delightful Affair Held Last Night In Commodore Cafe With Fifty Persons In Attendance

The regular monthly meeting of the Prince Rupert Shrine Club took the form of a delightful dinner dance last night in the Commodore Cafe, wives of the members being guests of honor for the occasion. John Dybhavn, president of the club, was chairman of the proceedings and S. C. Thomson was master of ceremonies. Excellent music was furnished by the Premier Orchestra. In addition to dancing, a few stunts added to the enjoyability of the entertainment. About fifty persons were in attendance.

### NIGHT SCHOOL IN LARGE WAY

Many Departments Being Conducted at Anyox During Present Winter

The Anyox Night School Classes are off to a good start. At present thirteen classes are conducted, which are as follows: Mechanical Drawing—R. O. Cutler. Electrical Class—T. L. Mitchell. Dressmaking—Mrs. K. O. Peterson. Bookkeeping and Shorthand—Mr. H. B. Porteous. Navigation Class—Capt. Johnstone. English—S. H. Bartmann. English, Beach—D. J. Hartley. English, Mine (four classes)—A. D. Ritchie, J. M. Bass, F. M. Carter. Orchestra—E. R. Oatman. Band—J. H. Varnes. Capt. Johnston's Navigation Class is well supported and all the English Classes are very large.

Answering a recent inquiry from one of its subscribers, Financial News said of Premier: "Premier Gold stock cannot be regarded as an investment owing to the fact that ore is in sight for only a few years' operations. As a speculation, however, Premier stock offers attractions owing to its strong treasury position and the aggressive policy now being followed in seeking new properties. It should not be forgotten that Premier holds 38% interest in B. C. Silver and that this company has blocked out substantial ore reserves."

### Baptist Fireside Club Meeting

Proceedings Last Night Very Enjoyable to All

An enjoyable evening was spent by all who were present at the Baptist Fireside Club meeting last night. Hymns were sung and Scripture was read by Miss Catherine Watson. Miss Beulah McKinley and Miss Olive Munro sang a duet. Then followed several impromptu debates in which everyone took part.

There is about \$35,000,000 invested in Cold Storage Canning & Curing Plants for Fish in Canada. Of this about \$20,000,000 is invested in British Columbia, and about \$12,000,000 in Prince Rupert District.

## TO OPERATE IN CASSIAR

Sluicing to Be Commenced Next Spring on Dease Creek By F. H. Bryant

Returning to Wrangell on the last trip of the Hazel B. No. 3 after five months spent in directing development work for the Cassiar Hydraulic Mines, Ltd., F. H. Bryant reports that the six-mile ditch for conveying water to the claims on Dease Creek is nearing completion, and that sluicing with three monitors will begin early next spring. The gas shovel operated until November 1, with two men finishing 4,000 feet of ditch at Lyon's Gulch. The ditch is seven feet wide and two feet deep. About 3,000 feet of it is flume. Bryant estimates from 10 to 15 years of sluicing on the claims owned by the company.

The property under development consists of two leases and two creek claims, comprising 3,500 feet of Dease Creek, about three miles from the lake. Early in the summer Bryant took advantage of the snow freshets to wash off part of the face of a high bench which he believes to be the old channel of the creek. The cleanup from this piping was 1200 in paystreak gold.

Old Workings Revealed

The sluicing also revealed seven tunnels, one of which was almost 200 feet in depth, timbered throughout, evidence that the oldtimers had found pay under the mass of gravel in the early days. Sluicing proved that gold is pretty fairly distributed throughout the gravel, coarse gold being found well up toward the surface. One paystreak was found 70 feet above bedrock, according to Bryant.

He estimates that the oldtime placer miner handled a yard and a half a day with pick, shovel and wheelbarrow. The Cassiar mines, operating 24 hours a day with three monitors, expect to move 2,000 yards a day.

"I would like to have my crew on the ground by May 1," said Bryant "in order to take advantage of the
