LABOR GOVERNMENT IS SUSTAINED

WASSON CONFIRMS REPORT BURKE PLANE BEING UNHURT

Passage of Baldwin Resolution Would Have Meant Resignation Of Labor Government; Hot Talk

LONDON, Nov. 28.—Had the resolution of Rt. Hon. Stanley Baldwin, Conservative leader, censuring the MacDonald Government for its work and actions at the recent Imperial Conference been approved instead of defeated by the House of Commons, the Labor Government would have resigned. Mr. Baldwin's motion was: "That the House censure the government for its failure to formulate any effective proposals for the extension of Empire trade and its refusal to consider offers made by the Dominions." Mr. Baldwin declared that the offer of Hon. R. B. Bennett, Conservative Premier, had been sidetracked and that nothing had emerged from the month's discussions. Tempers of the members rose high at times during the debate.

LEAVE FOR VANCOUVER

Air Force Planes, After Over Two Weeks On Renahan Search, Ordered to Headquarters

The two Air Force planes hopped off at 12:20 noon today for Vancouver. If weather or visibility should make it necessary, they may land at Alert Bay for the night. Five hours is needed for the trip to Vancouver. To Alert Bay, three hours is necessary. The flyers received favorable weather reports from Alert Bay before hopping off.

SMALL VOTE UP TO NOON

Ratepayers of Prince Rupert Being Polled Today On Bylaws In Aid of Unemployment

Not very much interest was being taken this morning in the polling on the Section Five Main Sewer and Eleventh Avenue Rough Grading bylaws covering work that is planned to help out the unemployment situation in the city this winter. Up to 11 o'clock, only 31 votes had been cast. It was expected, however, that the ratepayers would turn out in larger numbers this afternoon. The only danger that is felt for the failure of the bylaws to pass is that there may be apathy on the part of those in favor of their passage in turning out to vote. Those opposed to the bylaws, on the other hand, are pretty sure to vote. A three-fifths margin is required to pass the bylaws. The polls opened at 8 o'clock this morning and will close at 8 o'clock this evening. City Solicitor E. F. Jones is in charge of the poll as returning officer. Deputy returning officers are W. D. Vance and William Robb.

BUCKS AND ESKS DRAW

Absence of Unpopular Offside Rule Made For Hot Pacific Coast League Hockey Match

PORTLAND, Nov. 28.—Playing without the unpopular offside rule, Portland Buckaroos and Seattle Eskimos fought through three regular periods and an overtime period to a scoreless tie in the Coast League hockey game last night.

Old Timer Of Province Dies

William Fear of Nanaimo, Who Passed Yesterday, Had Been In B.C. For Forty Years

VANCOUVER, Nov. 28.—A resident of British Columbia for forty years, William Fear of Nanaimo, died here yesterday at St. Paul's Hospital. He was 61 years of age.

Owing to illness, absence from town and other reasons, there was not a large turnout of members of the Gyro Club at the Fisheries Experimental Station last night. Those present, however, spent an interesting hour or so being shown around the laboratories and inspecting the work that is in progress there.

MILLION DOLLARS OF WORK

Big Outlay Provided For In Province Under Federal Relief Plan

VICTORIA, Nov. 28.—Fifty-nine municipalities and districts have completed agreements with the government under the federal unemployment relief plan. The total cost of work authorized to date is \$1,457,496, the municipalities paying half and the federal and provincial governments, one-quarter each. An agreement was signed yesterday whereby the city of Prince George receives \$10,000.

VOTE OF CENSURE BEATEN IN HOUSE

LONDON, Nov. 28.—The Labor Government of Premier Ramsay MacDonald triumphed by a majority of 65 last night when a vote of censure on its conduct at the Imperial Conference negotiations, moved by Rt. Hon. Stanley Baldwin, Conservative leader, was defeated, the division being 299 to 234.

Honored On 25th Wedding Anniversary

Mr. and Mrs. George Ekerman were the guests of honor at a surprise party last evening, when a number of friends gathered at the home of Mr. and Mrs. N. Mussallem to celebrate their twenty-fifth wedding anniversary.

The first part of the evening was spent in playing bridge. Mrs. Green carried off the ladies' first prize and P. De Long was winner of men's first.

During the evening a mock wedding was witnessed by the many friends. Mrs. Ekerman entered on the arm of Mr. Mussallem. Mrs. H. Stein was bridesmaid, and Trevor Williams acted as best man. P. D. Rice performed the ceremony after which Sam Jabour, with suitable words, presented Mr. and Mrs. Ekerman with a beautiful silver tea set, testifying to the high esteem in which they are held by their many friends.

Mr. and Mrs. Ekerman responded suitably, after which dancing was enjoyed by all. Later, dainty refreshments were served. Mrs. T. Spencer and Mrs. F. D. Rice poured. The happy proceedings came to a close shortly after midnight.

NEW STREET LIGHTS TO GO ON MONDAY

Due to a misunderstanding, it was announced yesterday that formal turning on of the new street lighting system would take place yesterday. Instead this ceremony will take place next Monday evening in connection with the rest of formalities of opening the new Falls River hydro-electric plant of the Northern B. C. Power Co. A summary of the opening proceedings next Monday appears elsewhere in this paper today.

FIRE TAKES THREE LIVES

PEMBROKE, Nov. 28.—Mrs. Joseph Patenaude, aged 26, and her two young daughters lost their lives in a fire which destroyed their home on Canoe Lake in Algonquin Park, 100 miles west of here yesterday.

JOINS ADVERTISING AGENCY APPOINTED VICE-PRESIDENT

BERTRAM R. BROOKER One of the most outstanding advertising and business writers in Canada a contributor of special articles to magazines on business subjects, who joined J. J. Gibbons Limited Advertising Agency as chief of Markets and Research Department. Mr. Brooker's addition to the Research Department of J. J. Gibbons Limited will be an asset to this advertising Agency.

GILBERT M. MURRAY whose appointment as Vice-president of J. J. Gibbons Limited, Advertising Agency, is announced from Toronto. Mr. Murray was for many years Secretary of Canadian Manufacturers Association, a position that gave him a deep insight into all kinds of business problems. Mr. Murray has charge of the extensive system of branches in the Gibbons organization.

NEW WELL COMES IN

VANCOUVER, Nov. 28.—Home Oil No. 6 well in the Turner Valley entered commercial production when a strong flow of crude oil from Home sands came in Wednesday morning, it is officially stated.

WELL KNOWN MINING MAN HAS PASSED

VANCOUVER, Nov. 28.—Hugh M. Mackenzie, well known mining man and Yukoner, who died on Wednesday, was buried today. He was born in Nova Scotia.

SANCTION IS GIVEN

TORONTO, Nov. 28.—A caucus of the Ontario Conservative party yesterday gave Premier G. Howard Ferguson full sanction in any action he may take in connection with the post of Canadian High Commissioner in London.

PREMIER FERGUSON HIGH COMMISSIONER

OTTAWA, Nov. 28.—Premier George Howard Ferguson of Ontario was appointed Canadian High Commissioner in London at a special meeting of the cabinet this afternoon. Premier Ferguson has already accepted the appointment.

Program In Connection With New Power Opening On Monday Next Is Officially Announced

Invitations and programs have been issued in connection with formalities attending the opening next Monday of the new hydro-electric power plant at Falls River of the Power Corporation of Canada. Details of the day's program are as follows:

- 9 a.m.—Leave C. N. R. Station.
9:45 a.m.—Arrive Haysport.
10 a.m.—Leave Haysport.
12 noon—Arrive Falls River.
12 to 1—Lunch tendered visitors.
Welcome to Falls River by J. J. Little, general manager, Northern B. C. Power Co.
Reply, Mayor C. H. Orme and Lt. Col. S. P. McMor-die, D. S. O.
Remarks, H. E. Pawson, assistant commercial manager, Power Corporation of Canada.
Official starting of plant, Mayor C. H. Orme.
4 p.m.—Leave Falls River.
6 p.m.—Arrive Haysport.
7:30 p.m.—Arrive C. N. R. Station.
Switching on of new ornamental street lighting system, Mrs. C. H. Orme.

Abandoned Plane May Reveal Route Taken by Men in Deserting Ship

Rescue Pilot Confident That Trio, Who Have Been Missing For Month and a Half, Are Safe Somewhere In Liard River Country

WHITEHORSE, Nov. 28.—An interview here yesterday with Pilot Everett L. Wasson clears up a number of disputed points in connection with the results of the search for Capt. E. J. A. Burke and his two companions, Emil Kading, mechanic, and Bob Martin, prospector, and at the same time makes the outlook for the safety of the three men, who have been missing since October while on a flight from Liard Post to Atlin, very bright indeed. Wasson was able to find out last Monday, when he located Burke's plane but did not land at it, that the machine did not crash in landing and is undamaged. He is confident that Burke and his two companions are alive and safe somewhere. Wasson left Whitehorse yesterday morning to land on the lake nearby Burke's plane whence he will rush to the stranded machine. On the way he was to land at Teslin Lake and Wolf Lake to see if the natives at those settlements have any news of Burke. Wasson is accompanied by Joe Walsh, well known northern guide and frontiersman. They have a good outfit and are prepared to camp for an indefinite period although they expect to return here in the neighborhood of four days. They expect to find a message in Burke's plane indicating the direction the party took on abandoning the ship. The Junkers plane is in a very narrow part of the Liard River with high banks and hills on both sides. Wasson stated. He (Wasson) said he could have landed there but he was doubtful as to whether he could have got out again with a full load. He believes that Burke's plane can be easily flown out after it is equipped with skis and excess weight removed. Wasson circled over the plane several times and could see that it was apparently in perfect condition. He then took elevation and scouted around to locate the nearest suitable landing place which is the ice surface of a small lake about fifteen miles from the Burke machine. Wasson could not see any sign of life at Burke's plane. Neither was there any sign of timber being cut which indicates that the party could not have remained with the plane but, perhaps, owing to cold weather, left at once, possibly for some Indian village nearby.

HAWKS WIN FROM N. Y.

Rangers Victims of Chicago's Triumphant March—Bruins Down Ottawa Senators

NEW YORK, Nov. 28.—The Chicago Black Hawks continued their unbeaten record in the National Hockey League last night when they defeated the New York Rangers. The Chicago squad completely outplayed New York for the first two periods and eased up only a trifle in the final frame. Gotselg, Somers, Adams and Wentworth scored. At Boston, the Bruins hit their winning stride again by downing Ottawa. The Senators took the lead on Pettinger's goal in the second period and Clapper and Olliver scored for the Bruins in the final period to win the match.

The Montreal Canadiens lost another game, dropping one to Detroit. When the Montreal team was short two men in the final period, Lewis broke through for two goals to break a one-goal deadlock. Moranz scored later for the Canadiens.

Last night's scores: Chicago 4, New York Rangers 0. Boston 2, Ottawa 1. Detroit 3, Canadiens 2.

IS NAMED MANAGER

John I. McFarland Receives Important Appointment From Canadian Wheat Pool

WINNIPEG, Nov. 28.—John I. McFarland, prominent grainman of Calgary, has been appointed general manager of the Canadian Co-operative Wheat Producers Ltd., it was announced today by A. J. MacPhail, president of the Canadian Wheat Pool.

VANCOUVER WHEAT

VANCOUVER, Nov. 28.—Wheat was quoted on the local exchange today at 60 1/2c.

BY-ELECTION DATE SET FOR JANUARY 7

VICTORIA, Nov. 28.—The date for the Port-George by-election has been fixed for January 7. It was announced following a cabinet meeting yesterday. December 19 will be nomination day. The by-election is being held for the purpose of selecting a member of the Legislature to succeed Hon. F. P. Burden, new agent-general in London.

MRS. RIX RETURNS TO RUPERT TODAY

Mrs. G. A. Rix, who has been absent from the city for a year, visiting in England and Eastern Canada, returned to the city on the Princess Mary this afternoon, travelling west via Vancouver. Bishop and Mrs. Rix will take up residence for the next two or three months in the home of Mr. and Mrs. Wallace C. Orchard, Musgrave Place. Mr. and Mrs. Orchard leave shortly for a trip to Vancouver. Mrs. Orchard to be away for several months.

THE WEATHER

Langara Island—Overcast, showery, south wind, calm. Dead Tree Point—Part cloudy, calm; barometer, 30.08; temperature, 42; sea smooth.

Constable Rivett R. C. M. P. arrived in the city from Hazelton on yesterday afternoon's train and sailed last night on the Prince George for Vancouver, having prisoners in his custody.

Avoid cold weather ills

DANGEROUS DAYS are here—uncertain weather, cold, wet, raw. For these days, Ovaltine is a wonderful "ounce of prevention". Make it your daily beverage and avoid cold weather ailments.

Ovaltine is a source of that superb vitality which enables you to resist successfully both minor ills and epidemic infections.

Nature's three best tonic foods, ripe barley malt, fresh eggs and creamy milk, are scientifically concentrated in Ovaltine. Mildly flavoured with finest cocoa. You will like it.

OVALTINE

TONIC FOOD BEVERAGE
Builds-up Brain, Nerve and Body

At all good stores, in 50c, 75c, \$1.25 and special \$4.50 family size tins; also served at soda fountains.

WARNING—Ovaltine, the original and supreme tonic food beverage, is widely imitated. Refuse these substitutes. In Ovaltine, science has created a perfectly balanced food—made by an exclusive process which cannot be duplicated.

QUESTION OF TITLES

The question of titles is again coming before the federal parliament and there is a possibility that the ban which has existed for a number of years may be lifted.

It was thought that this matter was settled. One of the difficulties of our elastic constitution is that it makes for vacillation. We decide a point today and then someone with money or influence gets busy, undermines the whole system and gets it changed back.

In Canada we have a few Knights and one or two Noble Lords as well as a Baronet or two. Let us be content. Why introduce the hallmark of snobbery into this country again? Many of Britain's best men have refused titles and surely Canada's best men should be satisfied with the honor which comes from work well done.

If titles really meant anything, we should have no particular objection. But we know that they have no meaning, even in England. A person may be a duke or a marquis and yet be an imbecile and he may be a statesman who, like Gladstone, has given his whole life work to his country, yet died a plain "Mister." The lower grade titles often hide the greatest men but only a few of those with high titles ever achieve real greatness.

In a democratic country like Canada we should be content to avoid these political honors. Their introduction would be just one more reason, although a rather trivial one, for ending the present system altogether, a subject which our Red brethren talk about so much and which will come if the present system is abused by those who have the power.

Buy Health of your grocer

Your grocer has Health to sell—the kind of Health that comes from light, nourishing, easily digested foods. You will find it in every package of Shredded Wheat. Eat it every day with milk or cream and you will be healthy and strong, ready for every test of mental and physical endurance. All the body-building elements in the whole wheat grain—nothing added, nothing taken away—and so easily digested. It's delicious with fruits.

REPLY TO BENJAMIN DE CASSERES ON SOCIALISM

Sourdough Bay,

Editor, Daily News:—
I wish to make a comment relative to an editorial appearing in the Daily News of Tuesday, Nov. 25. The editorial referred to is captioned "Socialism Discussed."

I do not know whether Benjamin de Casseres is a professional apologist for the capitalistic system or not, but the quotations selected by the writer of the editorial, taken from "The Thinker" disclose typical fallacies, and sophistry, which comprise the ideology of the capitalistic apologist.

Not being concerned with individuals, but rather with the ideas advocated, I would remark, that the apparent faulty logic of the socialist system, as presumably disclosed in the statement—"the reasoning starts with the wrong hypothesis"—has no reality outside the minds of the objectors.

To form a hasty and erroneous conception of socialism, to subject it to a devastating criticism, and then to lead up to the implication that at least for the present, socialism is impossible, is no contribution to the subject under discussion, and merely results in the destruction of one's own ideas, under the assumption that socialism is being disposed of.

In reality such mental activity and verbosity, is simply an endeavor to sustain an already disintegrating system, viz. capitalism.

Socialism has no more to do with human nature as of its bases, than has capitalism, and no socialist of any standing ever—"conceived man to be naturally honest, benevolent"—and the rest of the bovarystic conceptions.

Scientific Philosophy

Socialism is a scientific philosophy, a heterogeneous system of thought, leading up to a generalization, as a result of the scientific study of human beings as a natural phenomenon (in contradistinction to the supernatural or superstitious conception of man) and comprises improvements on the present social organizations of humans, for the distinct equitable satisfaction of the biological needs of all humans, to wit, production for use.

There is one socialism only, as for instance there is one astronomy, but there are divers opinions in socialism as there are in astronomy. The scientific socialism was established, or placed on a scientific basis by Marx and Engels in the latter half of the Nineteenth Century.

Marx, in social science occupies the same place as Darwin in biology, and the whole host of capitalist apologists have had no more success in their criticism of socialism, than Doctors Rieley, Sunda, McPherson and kindred imperial wizards, in the lands of the free and the brave, in their futile attempt to disprove the theory of evolution.

Socialism is scientific, because scientific methods are being resorted to in the study of the material, usually recognized as science, and such familiar names as biology, history, economics and sociology, denote the fields of specialized study, from whence the material is being drawn.

It is philosophy, because it research into the domain of the relationship of man to man as individuals, and as groups, tracing the same to the underlying economic conditions, with the ideological superstructure thereof, which leads to the final generalization as to man's actual position in the universe, and ascertaining the purpose of life.

For fear of being too long-winded, I will refrain from dwelling on de-

(Continued on page five.)

St. Andrews' Address Given

Dean Gibson Speaker Last Night at Meeting of Anglican Young People

The Anglican Young People's Association had its weekly meeting in the Cathedral Hall last evening instead of tonight. After a brief business session, Dean Gibson gave the young people an interesting address on St. Andrew. Refreshments were served under the direction of Miss Joyce Collison and Ronald Allen.

Today is St. Andrew's Day so Dean Gibson's subject was appropriate to the occasion.

Badly Smashed Finger Safely and Quickly Healed

Best For Stopping Pain and Blood-Poisoning

A cut or sore place neglected, may, within a few hours, set up serious inflammation, festering, or blood-poison.

Keep Zam-Buk at ways handy. This reliable antiseptic healer promptly applied to any flesh wound or sore stops dangerous infection from dirt and bad germs. There are powerful herbal extracts in Zam-Buk Ointment which end pain, thoroughly disinfect the tissues and quickly grow new skin.

D. P. McKee

For its ever-readiness and absolute reliability Zam-Buk is aptly spoken of as "a surgery in a two-inch box." Never be without a box.

NEVER KNOWN IT TO FAIL

"I have used many different kinds of salves and ointments, but Zam-Buk is by far the best of the lot. It never fails to heal. When I badly smashed my finger between two rocks it was split right across and the nail crushed to bits. I straightway applied some Zam-Buk. This soon stopped all festering and blood-poison dangers and quickly healed with new skin. I sure will recommend Zam-Buk to all my friends and neighbors."—David P. McKee, Sunny Dale P.O., Alberta.

"I cut my hand badly with a saw, and finally turned to blood-poisoning. I applied dressings of Zam-Buk which soon ended the pain, drew out the pus and finally healed the cut. It should be kept handy by everyone in case of emergency."—R. H. McCure, Ballinacree, Ont.

IF YOU SUFFER from any superficial wound or sore, inflamed, or blotchy skin, dry or weeping eczema, salt rheum, psoriasis, impetigo, pimples, scalp troubles, ulcers, or piles, you will find Zam-Buk quickly soothing and healing. It is the handiest and best first-aid for cuts, bruises, burns, scalds, etc.—Zam-Buk Ointment 50c. box, Zam-Buk Medical Soap 25c. cake.

A Guaranteed Investment

100% SAFETY

Keep Your Money in British Columbia

WHY ARE OVER 13,000,000 people in the United States and Canada using BUILDING AND LOAN ASSOCIATIONS in building up their future independence?

BECAUSE for over a century Building and Loan Associations have proved absolutely safe and have been able to pay a larger rate of interest than any other form of security with safety.

Anyone disputing the security of Building and Loan Associations is either right and the Encyclopaedia Britannica is wrong or vice versa. **WE BELIEVE THE ENCYCLOPAEDIA BRITANNICA**; for your reference look up the Encyclopaedia Britannica in your own home or in your library.

As the word "Sterling" guarantees the quality of silverware, so has the phrase "Building and Loan" been synonymous with safety of principal as well as a good return on the funds invested.

BUILDING AND LOAN ASSOCIATIONS

are operating under the very strict Savings and Loan Associations Act of British Columbia; this Act is enacted in every State of the United States and nearly every Province of Canada, British Columbia, having one of the strictest Acts for the protection of Public Money that ever was enacted;

Building and loan makes employment for the workers. It creates a market for building material and so stimulates trade. It furnishes people additional housing, which is needed in community growth. It advances and elevates the character of the city by increasing the size and bettering its quality. Everybody is bettered and nobody is injured.

TIME TRIED AND TESTED

Tested By Wars, Panics, Depressions, Business Changes and Stock Market Crashes

These Associations have never varied but have gained steadily from year to year in Public Confidence and support. The far flung rock of Gibraltar has nothing on the Stability of our Building and Loan Associations and they are really just getting started on their journey of undisputed service to the family life of the Nation. What they will attain in the second century of their phenomenal growth, now rapidly approaching, is something for seers and sages to estimate.

Growth of These Associations For Last 20 Year

Year No.	No. of Ass'ns	Total Mb'ship	Total Assets
1909	5,713	2,016,651	\$ 856,332,179
1914	6,616	3,103,905	1,357,707,900
1919	7,788	4,289,326	2,126,620,390
1924	11,844	8,554,352	4,765,937,197
1929	12,340	12,000,000	8,606,000,000

During the last ten years Building and Loan assisted the Home Owners to the extent of financing 4,211,000 homes; the value of these homes is \$14,847,000,000.00.

Just imagine a city of homes, not flats or apartments, approximately three times as big as Greater New York and you begin to get some idea what Building and Loan Associations have accomplished during the past decade.

Assets Exceed Half Million Dollars

Non-Speculative Investment — First Mortgage Security ONLY

INTERMOUNTAIN BUILDING AND LOAN ASSOCIATION OF CANADA

HEAD OFFICE: VANCOUVER, B.C.

During 1929 alone every 1 1/4 seconds Building Loans assets increased \$100.00 and a new account was opened with these Associations every eighteen seconds during the same period.

Probably never in history have so many billions of dollars been invested in any one form of security for so many years, with such a satisfactory interest return and with such an unparalleled record of safety of principal as in Building and Loan shares. The perpetuating of that excellent record is a prime concern with the Building and Loan executives.

OUR LOANS—THE STANDARD OF SECURITY

All funds are secured by conservative first mortgages on not more than 50% of the valuation of the property on improved City Real Estate, principally on modern homes in British Columbia; all loans are repayable monthly, hence the margin of security increases much more rapidly than any possible depreciation in the value of the property; this is the safest known type of loan; the standard of security.

Stability Increased Through Distribution

Not one loan on a single property, but many hundreds of conservative loans on as many properties secure the Association's funds. This increases the stability and security through distribution.

ADEQUATE PROPERTY INSURANCE

All loans are fully safeguarded by adequate fire insurance coverage, which is secured, in each case, upon the advice of expert Insurance Counsel.

COMPLETE SURETY BOND PROTECTION

The honest handling of cash items is fully assured by every agent and officer of the Company being bonded by one of the strongest Surety Companies in Canada. In addition the Company is protected by an Alteration or Forgery Bond. This protects the Association's documents from being altered or forged by any dishonest persons.

EFFICIENT ACCOUNTING SYSTEM

The most modern system of accounting—entirely machine work is used—Each morning the offices have available a complete statement in detail, showing the resources, liabilities, earnings and expenses of the Association at the close of the previous day's business. Constant touch with every phase of the business is thus maintained.

7% GUARANTEED by our Systematic Savings plans. Why speculate when you can have 7% with safety.

THE INTERMOUNTAIN BUILDING AND LOAN ASSOCIATION

is an ALL CANADIAN INSTITUTION, directed by Vancouver Businessmen and is the largest and oldest Building and Loan Association operating under the Savings and Loan Act of British Columbia.

The Directors are well known business men in financial and commercial affairs of the Province of British Columbia.

TRIED ALL KINDS OF LAXATIVES

Kellogg's ALL-BRAN Gave Only Permanent Relief

As everybody knows, the market is flooded with cathartics, pills and patent compounds for the relief of constipation. At best, whatever results are obtained are temporary.

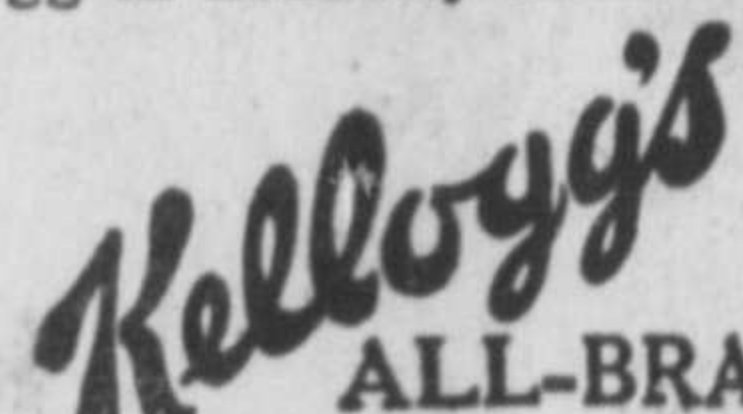

Mr. P. M. Fisher (address on request) has something to say on this subject which will be interesting to all constipation sufferers. He says:

"For many years I suffered from constipation and used, for relief, all kinds of laxatives. After a few days' treatment, I would only find my condition the same as before and at times worse."

"Some time ago I started to use Kellogg's ALL-BRAN regularly, once a day as directed. Since doing this, I have found that I do not need any other medicine to procure the desired result, and it keeps me in a very healthy condition."

Kellogg's ALL-BRAN is positively guaranteed to relieve both temporary and recurring constipation or the purchase price will be refunded.

In addition, it adds needed iron to the diet. You will like its delicious flavor. There are many delightful ways to eat it. Your grocer has Kellogg's ALL-BRAN. Served everywhere. Made by Kellogg in London, Ontario.

REASON FOR DEPRESSION

The best authority in the world, places the cause of the business depression and unemployed condition on the following six reasons:

- First: Over production.
Second: Price control of commodities.
Third: Fall in the price of silver metal.

Fourth: Bad distribution of the world's stock of monetary gold

Fifth: Political unrest.

Sixth: Speculation.

In addition to the reasons given, the authority states that economy is necessary, not economy whereby those that have money will hoard it, but a reasonable economy in all matters of living.

We do not consider ourselves capable of criticizing the reasons given for present conditions, but we do feel able to show you a way of economy. A large amount of money can be saved during the next three months by using—

Contracted Bad Cold Believed Getting Pneumonia

Miss Marguerite Croft, R.N., Chester Basin, N.S., writes:—"Last winter I contracted a very bad cold. Nothing I tried gave me any relief from the severe pains in my chest, and I believed I was getting pneumonia. My father told me one night he had a new cough medicine for me to try. Before I had taken a half bottle of Dr. Wood's Norway Pine Syrup the pain was greatly relieved. I took two bottles and my cold had disappeared."

Price 35c a bottle; large family size 65c.; at all druggists and dealers; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

Orange Ladies Card Party and Dance Success

The Metropole Hall was the scene last night of a very successful whist and bridge party and dance

by the Ladies' Orange Benevolent Association. There were 22 tables of cards and prize-winners were:

Whist—Men's first H. B. Eastman; men's second, Mrs. McDonald; ladies' first (Mrs. R. Long); second, Miss Betty Eastman.

Bridge—Men's first, J. Armstrong; second, Mrs. Brown; ladies' first, Mrs. C. J. Dawes; second, Miss Betty Letts.

After cards, delicious refreshments were served and dancing followed with music by the Premier Orchestra.

The committee responsible for the success of the affair consisted of Mrs. Robert Murray, general convenor, Mrs. H. B. Eastman, Mrs. V. E. Denning, Mrs. McDonald, and Mrs. Duncan.

St. Peter's Tea and Sale Success

The Sunday School teachers of St. Peter's Anglican Church, Seal Cove, held a very successful tea and sale of home cooking yesterday afternoon in aid of the Christmas fund. Many visitors called dur-

ing the afternoon and the final result was very satisfactory. Mrs. J. E. Boddie, Mrs. B. Blance and Mrs. W. B. Skinner were in charge of the tea and Misses and Ida Boddie and Thelma were assisted in serving Mrs. Murray and Mrs. McPhail were in charge of the home cooking sale. The proceeds of the tea were used for the purchase of the Christmas fund.

LOCAL NEWS

A charge against E. Hopon of keeping liquor for sale was dismissed by Magistrate McClymont in city police court this morning.

Corp. J. H. Smith of divisional headquarters of the provincial police here returned to the city on yesterday afternoon's train from Prince George where he spent the past week on official duties.

Charles H. Sawle, publisher of the Omineca Herald, New Hazelton, is paying a brief visit to the city. He

arrived from the interior on yesterday afternoon's train and will return to New Hazelton tomorrow morning.

George Keep of the investigation department of the Canadian National Railways arrived in the city from Prince George yesterday afternoon's train and will return tomorrow morning to the interior.

J. I. Boullianne of the construction department of the Power Corporation of Canada returned to the city on yesterday afternoon's train after a trip of inspection to Falls River. Mr. Boullianne's work is almost completed and he will soon be leaving the city, accompanied by his wife and family.

The members of the Rotary Club following their luncheon yesterday in the Commodore Cafe adjourned to the Fisheries Experimental Station where the various processes of experiments and other work were explained by members of the staff under Acting Director H. N. Brocklesby.

Whist League Games Played

Prince Rupert Fraternal Whist League results last night: Grotto Ramblers 4, Dry Dock 5, Wanderers 3, Six Musketeers 6, Moose 6, I. O. O. F. 3, Grotto 3, Lelf Erikson 6, Canadian Legion 7, Seal Cove 2. On account of Elks' smoker next week's games will be played on Wednesday instead of Thursday.

REPLY TO BENJAMIN DE CASSERES ON SOCIALISM

(continued from page 1)

Capitalism

Capitalism is an historical and progressive epoch in the course of human life, distinguishable from the preceding ones, by the apparent free wage labor, and the production and distribution of the necessities of life for the exclusive purpose of profit.

Capitalism, as a system has its own philosophy, which is not scientific (as the apology under discussion discloses) and has been evolved for the purpose of justifying the capitalistic mode of production, under which, exploitation of man by man has continued from the time of the evolution of private property in the means of production, till the present day.

Capitalism came into existence when economic conditions were ripe for its appearance (the conditions which were evolved during the feudal times) and capitalism would naturally go out of use, if not artificially prolonged, when conditions develop pre-requisite to the establishment of socialism.

While I am not in the position to predict the time when this change will occur, it is obvious that a certain degree of socialization in the productive and distributing industries, will have to be reached, ere the transformation becomes inevitable.

Yours for Socialism,
MIKE ANDERSON.

It is more or less known that human behavior is reaction to the stimuli of environment, and when socialism is under discussion, this factor, perhaps unconsciously and unscientifically, is associated with the conception of the superiority of socialistic ethics over those of capitalism.

Sees Improvement

The correct inference to be deduced from this is, that under the influence of a morally higher motive, namely production for use, human morals and general behavior is bound to improve.

Here the sophistry of the capitalistic philosophy reveals itself in an unscientific inference, consisting in the perversion of the above factors, and an erroneous conclusion that, socialism is based on, or conditioned by, a higher type of human nature than exists at present.

As stated before, the evolution of socialism from capitalism is regulated by the presence of ripe economic conditions, while now I may add, that like Darwin, with his methodical selection, Marx makes allowance for human interference, with the otherwise natural conditions, emanating from the factors involved. This human interference may act both ways. It may retard the progress of humanity, as per the apologists for capitalism, though perhaps not realizing it, or it may accelerate the rate of progress, as organized labor in the industrial and political field, is striving to do.

aged

that's one secret of good flavor

These beers are very highly recommended as an aid to digestion because they are properly brewed and aged. They have a beneficial place in daily routine, especially in the life of the working man, because good beer is invigorating and strength replacing. Owing to the great percentage of extracts, together with the low alcohol content, these beers are an aid to digestion and healthful stimulants.

NEW GOODS MUST SELL BELOW COST

Goods Ordered Some Time Ago Come to Montreal Importers and Will Go Regardless of Cost

"They all must go regardless of cost." These were the words of J. B. Miller of the Montreal Importers this morning when telling of some goods that have arrived after being ordered some time ago.

"In this shipment there is a lot of very fine samples of men's ladies and children's sweaters; a big line of English made rain coats; and large assortment of men's, ladies, and children's shoes and house slippers. I don't want them and the people of Prince Rupert can get them practically at their own price," declared Mr. Miller, in viewing the packing cases just opened.

"Tell the people of Prince Rupert I must go out of business. The doctor has ordered it, but before retiring I must sell out this large stock of fine goods. Ask them to drop in and take a look and be convinced."
