PEACE RIVER OUTLET IS DISCUSSED

Railways Will Be Given One Year More To Find Suitable Route and Government Will Then Step In

ON BEHALF OF INDIANS

Hon. R. B. Bennett Makes Plea For Their Betterment—Thinks Farming Should Be Encouraged

OTTAWA, May 29.—Canada's wards of the nation, some 165,000 Indians, are steadily deteriorating in morale. This statement was made last night by Hon. R. B. Bennett, Conservative leader, during discussion of the estimates of the Department of Indian Affairs.

An improvement could be brought about by encouraging the aborigines in their agricultural pursuits, Mr. Bennett observed and he believed that better results should be obtained from the money now being expended by the department.

FREIGHTER REFLOATED

Seattle Steamer Oduna Suffered Little Damage in Stranding in Prince William Sound

SEATTLE, May 29.—Only slightly damaged as a result of her grounding near Point Wells in Prince William Sound, Alaska, earlier in the week, the Alaska freighter Oduna was refloated yesterday, according to word received here. The vessel proceeded to Drier Bay under her own steam.

ECONOMICS OF EMPIRE

Chamber of Commerce Congress Calls Upon Governments to Formulate Policy

LONDON, May 29.—The Congress of Empire Chambers of Commerce yesterday adopted a resolution calling upon the governments of the Empire to make a concerted effort to formulate an economic policy for the Empire.

COAL BILL IS PASSED

Steel and Iron Bounty Measure Passes Without Registered Vote

OTTAWA, May 29.—The government bill providing for the payment of a bounty of 49 1/2c per ton on bituminous coal mined in Canada and converted into coke for smelting in Canada for iron and steel manufacture passed the House of Commons yesterday. There was no registered vote on the third and final reading.

DUNNING BUDGET FINALLY PASSED

OTTAWA, May 29.—Final approval of the Dunning budget was recorded by the House of Commons yesterday when an act amending the customs tariff and incorporating in its changes proposed in the budget received its third reading.

Premier King Makes Important Statement in House of Commons Regarding Western Railway

Brady Interrogates Prime Minister For His Opinion

Beatty and Thornton Agree Outlet Should Be Found and Hope to Do So Within Six Months

OTTAWA, May 29.—"It is highly desirable that both the Canadian National Railways and the Canadian Pacific Railway should undertake a joint survey of an outlet to the Pacific Coast. If that is not done within a year, then the present administration, if returned to power, will take steps to have such work begun." So Premier King declared in the House of Commons last night. J. C. Brady, M. P. for Skeena, had asked the Premier if he believed the opinion of the two presidents referred to would lead to a complete solution of the outlet to the Pacific. "I said it is desirable that the work should be done as a joint undertaking. Unless some start is made in a year, the administration will find a way to have a start made," the Premier replied.

The Premier, in his statement, said that he had had a recent interview with E. W. Beatty, C. P. R. president, and that Hon. T. A. Crerar, minister of railways, had seen Sir Henry Thornton, C. N. R. president. Both had agreed that it should be possible for some outlet to be discovered and they agreed also to try, if possible, to do so within six months. It was this opinion that Mr. Brady had reference to.

Amy Johnson Had Bad Crash In Landing at Brisbane; Machine Is Damaged But She Is Unhurt

BRISBANE, Queensland, May 29.—Amy Johnson cracked up her plane at Eagle Farm airdrome this afternoon but was not injured. The plane was carried by cross winds over the edge of the airdrome, hit a fence and turned turtle. Miss Johnson was thrown clear of the machine, receiving only a shaking up. The propeller of the plane was snapped off and both wings were crumpled. The machine will be repaired to enable Miss Johnson to continue the flight to Sydney. A large crowd cheered vociferously as Miss Johnson was driven to the hangar.

Previously at Toowoomba, 5,000 people greeted the youthful aviator and presented her with a purse of £100 sterling. Three planes, piloted by women, escorted her from Toowoomba to Brisbane. Thousands crashed through the police lines, shouting and horrified when they saw the accident. When they saw her get up uninjured their screams turned to cheers.

FISH SALES

Funeral Service for the late Mrs. D. Cavaller will be held at the Annunciation Church on Sunday, June 1st at 2.30 p.m. Requiem High Mass will be celebrated on Saturday, May 31 at 9 o'clock.

CENSURE UPON THOMAS FAILS

LONDON, May 29.—The Labor government last night defeated a Conservative motion to reduce the salary of Rt. Hon. J. H. Thomas, Lord Privy Seal and unofficial minister of unemployment, by a margin of 270 to 241 or by a majority of 29.

COMMITTAL IS DEFERRED

George Ireland to Be Sent Up on Corruption Charge—Restauranteur Pleads Guilty

MAXWELL SENTENCED

VANCOUVER, May 29.—Clifford Maxwell, on a charge of theft of \$2300 worth of city shattels—relief office meal tickets which he redeemed for his own use—was sentenced to 18 months' imprisonment with hard labor by Magistrate Henry Shaw in police court today. Last night, Maxwell made restitution to the city of the sum involved.

G. S. Wrinkle, proprietor of the Log Cabin Cafe, on a corruption charge, was fined \$750 with alternative of six months' imprisonment. George Ireland was formally committed for trial.

VANCOUVER, May 29.—On completion of the preliminary hearing yesterday of George D. Ireland, former city relief officer, charged with accepting five per cent commission on \$50,000 worth of meal tickets during the past five years and accepting money gifts, Magistrate Henry Shaw deferred committal to the higher court until today.

G. S. Wrinkle, proprietor of the Log Cabin Cafe, pleaded guilty to paying five per cent commission to Ireland and was remanded for sentence.

F. F. Kennedy, proprietor of the Wonder Lunch, charged with receiving stolen goods in the form of meal tickets and making money gifts to Ireland, was remanded until June 4 for hearing.

INDEPENDENT FROM STATES

Britain's Turn to Make Declaration, Former Secretary For Dominions Says

LONDON, May 29.—"It is time we had a declaration of independence from the United States," Rt. Hon. L. M. C. S. Amery, former secretary for the Dominions, used these words last night in a strong plea which he voiced before a banquet of the Empire Chambers of Commerce on behalf of the development of Empire markets.

Senate Approves Halibut Treaty

OTTAWA, May 29.—The Senate yesterday approved the new treaty with the United States for the protection of the halibut fisheries of the Pacific Coast.

PLAN TRIP FOR BAND

Local Boys Anxious to Try Skill at Vancouver Exhibition

The Prince Rupert Boys' Band is anxious to prove its ability by entering a contest in connection with the Vancouver Exhibition on August 7, it was announced this morning by Thomas Wilson, bandmaster. It is planned that the band shall leave here on August 2, travel by rail to Vancouver with visits en route at Prince George, Jasper Park and Kamloops and return to the city by boat.

The test piece from Gounod's "Faust," arranged by M. L. Lake, is expected this week and the band will then get down to steady rehearsals.

The boys of the band, the committee and the boys' parents are making every effort to raise the funds necessary to cover transportation on the proposed trip, Mr. Wilson states.

DIED FROM OIL BURNS

Miss Mildred Actrell, Vancouver Spinster, Succumbs to Effects of Accident

VANCOUVER, May 29.—Miss Mildred Actrell, aged 55, died in hospital here today from burns she suffered when a bottle of coal oil upset on a stove and set fire to her clothing in a room on West Georgia Street.

Young Kitkatla Man Passes Away

Heber Robinson Died Last Evening in Prince Rupert General Hospital at Age of 30

The death occurred at 6:30 last evening in the Prince Rupert General Hospital of Heber Robinson, 30 year old native of Kitkatla. Deceased is survived by a widow as well as by his mother, both of whom reside at Kitkatla.

After a brief service at noon today at the chapel of Hayner Bros., undertakers, with Rev. Canon W. F. Rushbrook officiating, the remains were sent to Kitkatla where burial will be made.

Speculation Rife at Ottawa As to Election Date; August 11 Is Likely Day For Polling

OTTAWA, May 29.—Premier King announced today that the government does not intend to proceed with bills of a contentious nature. There were seven bills on the order paper, he said, of which possibly three or four might be said to be contentious. Non-contentious bills, however, would be proceeded with, he announced. Then there remains but the voting the supply and the road will be clear for prorogation or dissolution of Parliament, preparatory to a general election.

There is still uncertainty as to whether or not the business of the House will be sufficiently advanced to permit of holding the election on July 28. In order to make that date possible, Parliament must be prorogued by tomorrow at the latest. Some sections of the House are convinced that it is impossible to conclude by this time and express the view that August 11 is more likely as the election date.

MUCH IN AGED PENSIONS

British Columbia Has Received \$2,049,000 to Date Return Declares

No Less Than 42,553 Persons in Dominion Are Now Receiving Benefits of Paternal Legislation

OTTAWA, May 29.—The Dominion government contributed a total of \$3,771,000 to the provinces of Canada in aid of old age pensions up to the end of the last fiscal year, according to a return tabled yesterday in the House of Commons. Of this amount, \$2,049,000 was paid to British Columbia. In the Dominion there are a total of 42,553 persons now receiving pensions, the return stated.

Mining Development Goes Hand In Hand With Civilization, Is Engineer's Statement to Club

Down from the earliest annals of history in the stone age to the present day which the speaker chose to designate as "the age of multifarious minerals," mining development and progress of civilization had gone hand in hand, Dr. J. T. Mandy, resident mining engineer, declared yesterday in addressing the Prince Rupert Gyro Club at luncheon. Further, Dr. Mandy said, it was becoming increasingly apparent that no country could be great without a flourishing and a prosperous mining industry. Dr. Mandy's subject was "Mining in Relation to Civilization" and he spoke most interestingly.

The mining industry of necessity Dr. Mandy said, was a pioneer business. It had been so since the first. It had its permanent effect, however, in the fact that, where mining industries were established other industries were bound to come, and, long after the mines might be worked out and cease activities, the others continued permanently.

From early history, Dr. Mandy said, much of the exploration of the world had been inspired by mineral resources that were known to exist in the new lands. The Romans had come to Britain not because it was their desire to conquer that country but to get tin and the iron which was known to exist there. Lief Erickson in the eleventh century had crossed from Iceland to America to encounter the coal cliffs on the coast of New Brunswick. Christopher Columbus had come across the Atlantic not so much to discover a new land but to find a shorter route to the mines of Japan and the gold and silver of the Indies. Mexico and Peru had occupied the early limelight because of their mineral wealth.

Rebekah Lodge Tea and Sale

In Every Day Life
Accounting for the relation of mineral development to the progress of civilization, Dr. Mandy alluded to the great part minerals played in every day life. Minerals were used in the production of every day implements, in the food that people ate and in remedies for illness. In fact minerals were indispensable today and more and more uses were being found for them. Thus it had been from the Stone Age when man employed minerals in the flint he used to kindle the fire to warm himself and in his crude, primitive tools. Then there was the Bronze Age and the Steel Age and today "the age of multifarious minerals."

The prospector, the speaker said, was inspired in his search for minerals not so much with visions of great wealth but to attain the satisfaction of discovery. (Continued on Page Four)

WEST LOOKS BETTER NOW

Expansion of Outdoor Activities Improves Industrial and Financial Situation

WINNIPEG, May 29.—Expansion of outdoor activities has improved the industrial and business situation in Western Canada, in the opinion of A. E. Warren, vice-president, Canadian National Railways, who returned today from the west. Seasonal influences, such as agricultural conditions affecting new crops and the proceeding of construction contracts, have been an immediate stimulus to general business according to Mr. Warren who predicts restoration of normal conditions will be accomplished in a short time.

While the 1929 crops have passed for the greater part out of the producers' hands, Canadian National grain movements in the past few days have been of great volume, Mr. Warren added.

Affair Being Held This Afternoon at Home of Mrs. W. A. McLean

At the home of Mrs. W. A. McLean, 320 Fifth Avenue West, the rooms of which are decorated with pink flowers and green foliage and the tea tables with similar effect, Centennial Rebekah Lodge is holding a tea and sale of home cooking this afternoon.

**PEACE RIVER DECLARATION**

Premier Mackenzie King definitely committed the government to the Peace River outlet proposal in a statement published today. The first minister makes a clear cut declaration in regard to the government policy, the first that has been made.

While we regret that the Premier did not declare that his government would take immediate action, there is excuse for the delay because the railways have not yet secured all the data necessary to enable them to lay their plans. For one thing, the outlet has not been chosen and this cannot be done without mature consideration.

Everything seems to be working out in the way Prince Rupert would like. The matter of outlet is being left to railway experts for decision and under these circumstances Prince Rupert must await the decision and take her chance on the outcome. In any event it is satisfactory to know that the Peace Railway, if it goes south, must cross the tracks of the Canadian National and Prince Rupert is bound to get a share of the business. We think, however, there is a possibility that the two railways may decide to make Prince Rupert the terminus of their main line.

Prince Rupert people will undoubtedly favor the admission of the C. P. R. to equal privileges at Prince Rupert so that both railways may be able to do business here and beat out all rivals in the Oriental trade for the benefit of Canada.

**HOME BUILDING**

Prince Rupert needs something to give an impetus to home building. One of the obstacles is the matter of financing. W. J. Alder, who is spending a few days in the city, has interested himself in this business considerably and he says that during a recent tour through California he found every town, large or small, had its home building company. The concerns are co-operative, being financed by local citizens and loans are made only to members. These members may become shareholders by buying their shares outright or by monthly instalments.

A person wishing to borrow \$2000 would buy 20 shares, paying for them a dollar a share per month or \$20 a month. As soon as the company has sufficient money for a loan this would be made on the security of the house and lot and also on the security of the shares, and when the shares were paid up as well as the interest on the loan the shares and loan would be both cancelled. If the loan is made at six per cent the interest charge on \$2,000 would be \$10 a month, making a total charge against the house of \$30 a month, a little less than ordinary rental.

To undertake building in this way the person would have to own a lot or lots and worth say, \$1,000. He would also need to have \$1000 in cash. That would enable the erection of a \$4,000 house.

The plan seems to be an interesting one and it may be possible for Prince Rupert to organize such an institution in order to encourage building. It is worthy of consideration.

Dr. L. W. Kergin, who is engaged in medical postgraduate work in important Eastern centres, will start about the middle of next month from Toronto to drive West, accompanied by Mrs. Kergin and family who have been spending the past year in the East.

At 3 o'clock yesterday afternoon the fire department had a call to the residence of F. W. Grimble, 452 Eighth Avenue East, where hot ashes being dumped had set fire to the side of the house. Slight damage was done to the foundation wall.

J. D. McNiven, deputy minister of labor, and Adam Bell, members of the Minimum Wage Board, after their session here yesterday, left on today's train for Prince George where the next hearing will be held. From Prince George, they will go to Kamloops and other points in the southern interior.

J. W. Moorehouse, who sustained a serious accident last week on the local waterfront which necessitated the amputation of his right leg above the knee, is making splendid progress toward recovery in the Prince Rupert General Hospital. Healing is so rapid that in a few days the stitches will be removed and Mr. Moorehouse will be able to sit up.

**Was Constipated, Bilious, Tired. Now Well, New Woman**

"Was always constipated, bilious, tired, out of sorts. Since taking 'Fruit-a-lives' feel like new woman, perfect health. Constipation all gone." — Muriel McHenry, Montreal.  
Hosts of men and women write years-old constipation and liver trouble ended overnight with "Fruit-a-lives". Biliousness, indigestion, heartburn, gas, cramps like magic. Kidney and bladder ills, pain in back, faint away quick. Nerves quiet, sound sleep, no out. Rheumatism, neuralgia, neuritis, sick headaches decamp in hurry. Complexion clears. Ten of nature's greatest remedies combined in handy tablet. Marvelous discovery by famous Canadian doctor. Speedy results amaze all. Quit being sick, tired, weak. Get "Fruit-a-lives" from druggist today.

**SPEAKER TO TOC H**

Orville Denstedt Gave Interesting Address on "Use of Gases in Warfare"

ToC H heard an interesting lecture at the weekly meeting last night by O. Denstedt of the Fisheries Experimental Station, his subject being "The Use of Gases in Warfare." After clearly describing the various gases used and the needs used to combat them, the speaker pointed out the fact that, up to the present, no international agreement had been arrived at to prevent the use of gases in the future.

It was decided at the meeting that the group hold its second anniversary banquet at the Commodore Cafe on June 11. A good program has been arranged, to be followed by a dance.

**Peace Committee Met Last Night**

There was a meeting of the Peace River committee in the city council chamber last evening, Alderman Collart presiding, at which the whole question of Peace River publicity was discussed and especially the possibility of securing moving pictures of the port of Prince Rupert for advertising purposes.

No definite action was taken but was left for Alderman Pillsbury to interview the C.N.R. publicity department in regard to the matter. Some correspondence was also dealt with.

T. J. Shenton, inspector of mines left on the Prince George yesterday afternoon for a trip to Stewart on official duties.

Mrs. William Keith left on today's train for Montreal and New York in which cities she will visit before proceeding to her home in Belfast, Ireland. Since last fall Mrs. Keith has been visiting here the guest of Mrs. William Beveridge, Third Avenue West.

Postmaster J. R. Morison points out that, as far as may be possible, it is desirable that mail destined to go East on baggage car mail days—Tuesdays, Thursdays and Fridays—should be deposited in the Post Office instead of in

the small pillar box at the railway platform where there has developed considerable congestion. Mr. Morison points out, in this regard, that the mail going out by baggage car does not close at the Post Office until 12 noon.

Capt. L. M. Hatfield, transferred from Sydney, Australia, to Halifax Nova Scotia, as marine superintendent of Canadian National Steamships, left here for the East on today's train after a brief visit in the city.

FOR SALE—Three roomed cabin at Salt Lakes. Apply Mrs. D. H. Macdonald, Fire Hall. 126

# HIGH WINS IN SOCCER

Defeated Booth Four to Nil in Junior Football Last Night

High School won over Booth last evening 4-0 in a Junior League football game that was splendidly fought from beginning to end.

At the start High was superior and Fisher scored with a shot that Suehiro should have saved. Later Wingham added a second with a fine drive. Booth then had more of the game till half time but was unable to beat Stinech who was well protected by Smith and Nakamoto.

The second half was stubbornly contested all the way. High got two more goals through Wingham from a penalty and Kanaya in a scramble round the goal mouth. Booth attacked and Stinech was called on repeatedly, saving well from Ward-rop and Ivarson.

High School got revenge for its last defeat by the Booth boys. Wingham was the best of the forwards with Bacon and Kanaya next. At centre half, Nakamoto played a sterling game and Greer also showed to advantage. Of the backs, Smith was the better with Katsuyama always safe. Stinech was a capable and competent goalkeeper.

Suehiro kept a fine goal apart from the first goal. Walters was a tower of strength in defence with Gomez also doing well. Cross played a clever game in defence and made some neat runs, too. Davies and Nakamoto were two good wing halves. Crompt, Christison and Wardroper were the best forwards. Blake, though injured, played an extremely plucky game and Ivarson showed up well towards the end.

High School—Stinech; Smith, Katsuyama; Bartlett, K. Nakamoto, Greer; Kanaya, Palmer, Wingham, Fisher, Bacon.

Booth—Suehiro; Walters, Gomez; T. Nakamoto, Cross, Davies, Wardroper, Ivarson, Christison, Blake, Referee—J. Campbell.

Linesmen—W. Murray and D. H. Hartness.

# OTTO VON PORAT HAS BIG VICTORY OVER JACK GAGNON

CHICAGO, May 29.—Otto von Porat bounded back as the outstanding candidate for the heavyweight title last night when he knocked out Jack Gagnon after six slashing rounds. He felled the Boston gob six times before putting him out.

**FOOTBALL LINE-UP**  
The Prince Rupert Athletic Club will field the following team in tomorrow night's Gilhuly Cup football game against the Regiment: S. Gurvich; Styles and Murray; Hill, Tasker and Mitchell; Woodside, McKay, Dickens, Chenoski and Frizzell; spares, Bussanich and Payne.

# RAIN STOPS BALL GAMES

Only Three Matches Played Yesterday in Big Leagues

NEW YORK, May 29.—After three postponements, Boston and Philadelphia hooked up in a National League series yesterday, the Braves winning by superior pitching and batting. Berger secured his eleventh homer of the season.

Chicago Cubs scored four runs in the opening inning to defeat Cincinnati Reds.

Rain stopped other league games. In the American League, airtight pitching enabled St. Louis Browns to defeat Detroit Tigers.

All other games in this league were also postponed because of rain. Yesterday's scores:

National League	
Philadelphia 1, Boston 5.	
Cincinnati 5, Chicago 6.	

American League	
Detroit 2, St. Louis 4.	

# MINING DEVELOPMENT GOES HAND IN HAND WITH CIVILIZATION IS ENGINEER'S STATEMENT TO CLUB.

(Continued from page one)

satisfaction of discovery and fulfill the desire of progress.

Great Britain, Dr. Mandy declared, owed its greatness in large measure to mineral development. Canada, with her great resources of metals, some now being worked and others untouched, was destined to play an increasingly great part in the advancement and progress of the Empire. British Columbia was one of the principal sources of mineral wealth in Canada and Prince Rupert, situated as it was in the middle of the great northern mineral fields, had a great future in store through the development of those minerals and would not always be dependent upon the one industry of fishing.

At the conclusion of his address, Dr. Mandy was heartily thanked by President C. A. Kirkendall.

Other items on the luncheon program included acceptable vocal solos by Mrs. William Cruikshank, accompanied by Mrs. M. H. Blott, and fine piano solos by Mrs. G. C. Arseneau.

There was a large attendance of members and guests, the latter including, besides the speakers and artists, Capt. J. H. Hatfield of Halifax, G. F. Johnston of Sydney, Australia, Dr. C. H. Hankinson, K. McCanell and I. Cuthbert, Prince Rupert, and C. J. Quantic and J. S. McMillan, Vancouver.

The luncheon raffle was won by M. H. Blott.

**VANCOUVER WHEAT**  
VANCOUVER, May 29:—Wheat was quoted on the local exchange today at \$1.10 1/4.

# SPORT CHAT

Herman Loblick and Bill Lambie, who distinguished themselves in the Victoria Day series against Ketchikan last week, will be on the opposing mounds tonight when Elks and Native Sons of Canada battle in the Senior Baseball League. So far in the series, Elks have won one game and lost one. The Canucks, beaten twice so far, will endeavor to register their first win of the season and, if Lambie goes the way he did last Saturday, their chances should be good. Following will be the line-ups:

Elks—A. Mitchell, c.; Loblick, p.; Stephens, 1b.; Budinich, 2b.; Moran, ss.; Harold, 3b.; Arseneau, lf.; Skinner, cf.; Gosse, rf.; S. Gurvich, spare.

Native Sons of Canada—Nelson, c.; Lambie, p.; V. Menzie, 1b.; E. Smith, 2b.; W. Mitchell, ss.; Wendle, 3b.; Howe, lf.; Stalker, cf.; Frizzell, rf.; Ratchford, spare.

In the history of British football, no name is more famous than that of the Glasgow Rangers, whose visit to Canada this year makes an epoch in the game's proud history. The Rangers were joint champions with Dumbarton in the foundation season of the Scottish League. Since that time the Rangers have won the championship on 17 occasions. The Rangers hold a unique record so far as British football is concerned in obtaining maximum points in the league of 1898-99. In the season of 1920-21 the Rangers played 42 league games and were only once defeated.

During the past season the Rangers achieved the unique distinction of a dual championship, viz: the winning of the Scottish League, a feat which is a sign of consistency, and also winning the Scottish Cup which indicates that the Rangers are great money players and can rise to every occasion. It was thought that the Rangers had reached the pinnacle of fame in winning both the Scottish League championship and the Scottish Cup in 1927-28. They almost repeated this feat last year, 1928-29 when they again won the Scottish League championship but were defeated in the final for the Scottish Cup with a team that was weakened by the loss of the famous Andrew Cunningham. In the season just ended they have again achieved the ultimate by winning both the Scottish League championship and also the Scottish Cup after two stirring games with Partick Thistles. In these two final games played only four days apart there were about 100,000 spectators at each game.

The Glasgow Rangers Club are carrying a party of 20 on the present tour, including their entire cup winning team and the most capable of their substitutes. The players are under the personal direction of William Struth, the manager of the Club, who will have with him the regular club trainer. The team combines experience and youth and the Rangers Club can be relied upon to treat the soccer lovers and also the uninitiated in America to a first class exhibition as to how soccer is played in the British Isles and will give people here some understanding as to why this game is so popular in Europe.

# District News STEWART

C. M. Adam has formed a new company here called the Bear River State Lines. The company will shortly institute a twice daily car service from Stewart to American Creek.

Dr. H. O. Simpson of Rolla in the Peace River country had a letter before the Stewart Board of Trade at its meeting last week seeking information regarding this place. He intimated that a number of people in Rolla were interested in Stewart and were thinking of coming here.

# ALICE ARM

James Peacock, Matt Storey and Neil Forbes of Alice Arm have reached the Taku River mining field and say that they like the looks of the country.

Ole Evindsen is making preparations for a busy summer at the Alice Arm. Extensive improvements

# Buy a Six of Course

but be Sure

# it's a Super-Six

The Essex Challenger is a Super-Six. By its patented principle the ability of the 6-cylinder type is freed to the limit. It is responsible for a performance and smoothness that belong exclusively to the Essex Challenger. That is why we say—and more buyers every day are saying—"not just a Six, but a Super-Six."

# ESSEX Challenger Gives Sparkling Performance

Essex performance comes from its completely balanced motor and power line. This balance of aluminum pistons, crankshaft, clutch and flywheel, coupled with the Lancheater Balancer gives more power and smoothness at all speeds.

# Roadability and Safety

Longer wheelbase, larger tires and patented spring suspension make Essex the most roadable of cars. High speed with safety is possible because of the positive action of four-wheel brakes.

Interior appointments carry the same motif as fenders and lamps.

"By purchasing a Hudson or Essex automobile you will receive benefit of the recent reduction in Canadian Sales Tax."

# Prince Rupert Auto Co.,—Prince Rupert, B.C.

A. Brindamour—Fraser Lake, B.C.  
Adelard Brindamour—Smithers, B.C.

Upholstery is of finest quality. There is a graceful three-spoke steering wheel, and the instrument panel holds starter, electric fuel and oil level gauge as well as motometer.

This is the finest, best performing Essex value ever built. It holds scores of records established during continent-wide Challenger Week. See it and drive it. You will need no other proof that this is not just a six, but a Super-Six.

**\$885 For the Coupe**

Seven other models just as attractively priced. Wide color choice at no extra cost.

which have been made include the rebuilding of balconies, installation of a complete new water system, and renovation of the interior. The dining room has also been reopened.

Empire Day was fittingly celebrated here this year, the main sports feature being a baseball game between Alice Arm and Anyox. In the evening there was a big dance for which music was furnished by an Anyox orchestra.

# BASEBALL SCHEDULE

Following is a revised Senior League baseball schedule for the first half of the present season:  
May 29—Elks vs. S. O. C.  
June 3—S. O. C. vs. Centrals.  
June 5—Centrals vs. Elks.  
June 10—S. O. C. vs. Elks.  
June 12—Centrals vs. S. O. C.  
June 17—Elks vs. Centrals.  
June 19—Elks vs. S. O. C.  
June 24—S. O. C. vs. Centrals  
June 26—Centrals vs. Elks.  
July 8—S. O. C. vs. Elks.  
July 10—Centrals vs. S. O. C.  
July 15—Elks vs. Centrals.

# SOFTBALL SCHEDULE

May 30—Roundhouse vs. Offices.  
June 3—Offices vs. Station.  
June 6—Dry Dock vs. Roundhouse.

Performance proves superiority—dependable performance under the most rigorous conditions demonstrates how COYLE Batteries "stand up." Super constructed of finest materials, COYLE Batteries will give you longer and better service. Call in today and we'll be glad to show you this better battery.

HINTS FOR GARDENERS

"I would have a garden too if I owned my own place," is a very common remark at this time of the year, but like many other opinions it will not hold water when it comes to the testing point.

Instead of shrubbery at the back of the garden or screening the house foundation, fences or garage, tall, quickly growing annuals, cosmos, marigolds, dahlias, zinnias, sunflowers, castor oil beans, four o'clocks and similar plants will be used.

Along the front use small edging material like alyssum, lobelia, ageratum, dwarf nasturtiums and dwarf marigolds. With a little extra quick-ly available fertilizer, such as nitrate of soda, a little attention to cultivation and watering and a little forethought in selecting varieties, one can have a bloom all summer and a garden from July on that will make a very fair rival of the more expensive permanent affair that has been in process of development for five years!

DEPARTMENT OF PUBLIC WORKS. NOTICE TO PUBLIC CARRIERS.

NOTICE is hereby given that by Proclamation of the Lieutenant-Governor made the 7th day of May, 1930, Part V. of the "Highway Act" came into force on the 15th day of May, 1930, and after the said last-mentioned date no person shall carry on upon a highway in any unorganized district or on any arterial or primary highway within a Municipality, by means of a public vehicle, the business of a public carrier of freight, or of passengers, or of passengers and freight, unless he is the holder of a public carrier's licence therefor or is exempted under the terms of Part V. of the "Highway Act" or regulations made thereunder.

WATER NOTICE

Use and Storage. Take notice that Northern British Columbia Power Company Limited whose address is Besner Block, Prince Rupert, B.C., will apply for a license to take and use the 1,900 C.F.S. and 50 acre 370,000 acre feet of water out of Meridian Lake and Meridian River, which flows south-easterly and drains into the Naas River about 115 miles above tidewater and 69 miles from Allynan, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

Saws repaired SIMONDS SAWS Old saws repaired and sharpened to give good work. Complete stock on hand of new circular and band saws.

**WAGES FOR DRUGGISTS**

Chief Topic of Discussion at Minimum Wage Board Meeting Here

Employee licentiates of pharmacy in Prince Rupert work such long hours that their pay averages only 57c. per hour or half a cent less than common labor is paid here. It was brought out last night at the meeting of the provincial Minimum Wage Board at the Court House, Mack Munro appeared before the board to tell of working conditions for druggists here. His suggestion was that conditions could best be remedied by reducing the hours of work and closing shops earlier.

The board was also here to investigate working conditions for warehousemen, janitors and elevator men. There were none of these lines of work personally represented but Ald. S. D. Macdonald, president of the Trades & Labor Council, made a brief report of working conditions for warehousemen here.

J. D. McNiven, deputy minister of labor, presided over the hearing, a second member of the board being present in the person of Adam Bell of Revelstoke. Spectators present included mainly members of the Trades & Labor Council.

Mr. McNiven, in opening, briefly explained the object of the board's present investigations. As for the pharmacists, the request to investigate their working conditions, including rates of wages and hours

of labor, had been made by the pharmacists themselves.

Ald. Macdonald said that the visit of the board here was appreciated. There was a representative present from the druggists and he (Ald. Macdonald) had certain information to present in connection with the warehousemen.

**First Witness**

Mack Munro, the first witness, said that he received \$150 per month and worked on the average 65 hours a week. Alternate evenings and every third Sunday he had to work with half-a-day off a week, when possible, and two weeks' holidays a year with pay. In the store in which he was employed (Orme's) there were three graduate pharmacists—the proprietor and two employees. Each had equal shifts.

The whole trouble was, Mr. Munro thought, that druggists had to work too long for the money they received. He thought drug stores should be able to close at 6 or 7 o'clock in the evening, having one of the pharmacist staff on call if necessary to fill prescription work in an evening as in the whole day. This was because people, knowing the drug stores were open, went to see the doctor in the evening after work. If they knew the drug stores were not open in the evenings, they would find time in the day to consult the doctor and secure their prescriptions. With the present long working hours, a graduate pharmacist only averaged 57c. per hour in pay.

Mr. McNiven stated that a discussion had arisen in Vancouver as to what the effect would be if the minimum wage for pharmacists was placed say at \$1 an hour.

It had been felt that the staff of licentiate pharmacists would be cut, that they would be engaged only in prescription work and that cheaper people would be engaged to wait on store. There was no doubt that the druggist was now receiving far less wages than his profession, and the time he had to put in to learn it, warranted. That working hours were too long was the general complaint.

**Are Underpaid**

Ald. Macdonald, pointing out that common labor in this city received 57 1/2 c. per hour, thought that druggists were underpaid, considering the hours they worked.

Mr. Munro thought that, if a minimum wage were set, something should be done to assure that the graduate pharmacist employee would receive at least six or seven hours' work a day. Otherwise, the employer might only engage him for an hour or so a day during the rush hours and he would be even worse off.

Mr. Bell pointed out that the Board had no jurisdiction to make any such stipulation.

Ald. Macdonald saw organization of druggists as a means of rectifying the situation. By organization, the trouble of long hours might be remedied and a minimum wage agreed upon.

Ald. Brown also thought that the solution lay with the men themselves through organization.

In the course of discussion, it came out that there were at present 428 licentiates of pharmacy in the province. Two employee pharmacists to three employer pharmacists, as in Prince Rupert, was a high average of employees compared with the rest of the province.

Ald. Black thought that the tendency, by setting minimum wages, was to keep the wages down.

Ald. Macdonald believed in the minimum wage principle and he believed it was functioning well, particularly where the craftsmen were well organized. Through not being organized, the druggists might suffer through the imposition of a minimum wage.

Mr. McNiven by no means agreed that the provision of a minimum wage had a tendency to keep wages down. He quoted a number of figures to show that it was, rather, the tendency of employers to reward good service and pay above the minimum wage.

Ald. Macdonald said that things were different here. They had to be constantly on the alert to assure that minimum wages were being complied with. On the whole however, Ald. Macdonald agreed

On motion of Ald. T. D. Pattullo, the city council decided to hold a contest in connection with the choosing of a crest for the city. A prize of \$10 is to be offered.

Tightening up by the Dominion government of immigration regulations may, it is feared, seriously affect the supply of labor for Grand Trunk Pacific Railway construction here.

with Mr. McNiven, the setting of minimum wages had had a wonderful effect.

**Warehousemen**

Ald. Macdonald said that, since none were present, it might be assumed that warehousemen were satisfied with conditions under which they worked here. He gave the scale of wages followed by one warehouse (Malkin's) here. They started boys of 17 or so at \$80 per month. The wage then jumped to \$125 and, with increasing experience, to \$135 and \$155.

This was a good deal better than the average, Mr. McNiven said.

There was a brief discussion as to janitors in the course of which it was stated that in Vancouver janitors received from \$30 to \$150 per month. It was a poorly paid line of work, Mr. McNiven said, but janitors were unwilling to come before the board with their case and, although the board might be willing to help them, there was little under the circumstances that could be done for them.

**SUMMER'S SAFER NOW FOR BOTTLE-FED BABIES**

Summer brings its wealth of health-radiating sunshine, but it also brings a danger that casts a cloud over the heart of many a mother of a tiny bottle-fed baby.

For summer is the danger time for milk. Even in the cities where the milk supply is closely watched by the health authorities, many babies suffer from intestinal infections that come from bacteria in the milk. The best home refrigeration, the most careful home pasteurization, are often powerless to insure the perfect purity of the baby's food.

**Science finds a germ-free milk**

But now this problem, so important to countless mothers, has been solved by the discovery that there is a germ-free milk which is, at the same time, equal from every nutritional standpoint to the best bottled milk.

This is unsweetened evaporated milk, which, as you probably know, is pure whole milk with part of the natural water removed, with nothing added, and with its purity absolutely insured by sterilization in air-tight cans. There can be no disease-carrying bacteria in this milk. An unopened can of it will keep its purity indefinitely in the hottest weather, without ice.

The food value of this milk has been approved by some of America's greatest authorities on baby feeding. Unsweetened evaporated milk contains all the elements that make milk a perfect food. It contains all the vitamins that any milk is depended on to supply, and the only supplements required are those now prescribed with

by Mary Blake

milk in any form, such as orange juice and cod-liver oil.

**Much easier to digest**

Another reason why unsweetened evaporated milk is in such favour is that it is more digestible. Because of the heat treatment that it receives it forms very fine, soft curds, almost exactly like those of mother's milk. And its butterfat globules are broken up into such microscopically tiny ones, by a process called "homogenization" that the baby's stomach assimilates them easily.

"Mothers who use unsweetened evaporated milk are delighted, not only because their babies do so well on it, but because the feedings are so easy to prepare. This milk is already sterilized. It is simply mixed cold and poured into bottles—with no tedious pasteurizing, no straining, no tricky filling of hot bottles with hot milk, no slow cooling off afterward.

In buying evaporated milk for baby feeding it is important to choose a brand that is known to stand for highest quality—such as Carnation Milk, the well-known milk "from contented cows". The unusual care which protects this milk all the way from dairy farm to grocery is the mother's guarantee that her baby's milk is surrounded by every scientific safeguard.

The Carnation Baby-Feeding Chart will tell you more about this good milk, and your own physician will prescribe the correct formula for your baby. To obtain chart and Carnation Cook Book, address Carnation Co., Limited, 134 Abbott Street, Vancouver, B.C.

**And remember**

Baby's milk is always safe if it is Carnation Milk. It is free from all bacteria, high in food value, and more digestible than milk in any other form.
