## United States Government Not to Withdraw Injunction

Order returnable on Saturday when it will either be dismissed or Court will order strike to be called off by leaders

(Special to The News via G. T. P. Telegraphs.)  
WASHINGTON, November 6.—Organized Labor's proposal ending the coal strike through the withdrawal of the injunction proceedings against officials of the United Mine Workers of America was bluntly rejected today by the Department of Justice. The Government's answer to the union suggestions advanced Samuel Gompers was given by Attorney General Adams, who declared the strike in itself was a violation of the law and that long as it continued the only place to fight it out was in court. The leader was visibly disturbed by this refusal. He agreed with the operators on one important point, that the statement of Government position swept away all hope of an immediate settlement of the strike, involving more than 400,000 coal miners in 28 states. The restraining order issued by Federal Judge Anderson at Annapolis last week was made returnable Saturday. Counsel for the miners will go into court that day and ask for a dismissal of all the proceedings. The court will either grant the plea of miners or issue an important injunction carrying with it a restraining order to John Lewis, acting president of the miners' organization, to call off the strike.  
CHICAGO, Nov. 6.—The beginning of the curtailment of the road service and a pinch in adequate supplies of soft coal in several states marked the fifth day of the miners' strike.

## WAR VETERANS HELD MEETING

Government Appointments of the District to be Investigated; Smoking Concert Soon.  
The regular semi-monthly meeting of the Great War Veterans Association was held in association office last night. President Simon Duff was in the chair and there was a good attendance. Green was appointed a delegate to attend meetings of the Veterans and Labor Council and A. Halland will be the G. W. V. A. representative to the Central Labor Council. A committee was appointed to investigate the circumstances attending the alleged importation of battle workmen to the local district. It was suggested that there were many returned soldiers in Vancouver who would be able to fill these positions. A committee was appointed to investigate all government appointments in the district since an allegation is made that there are two postmasters in this district of German birth and anti-war sympathies. An announcement was made that a smoking concert will be given on November 11 to celebrate the anniversary of the signing of armistice. Returned men desiring to take commercial courses are asked to communicate with the secretary so that they may be enrolled.

## TIED FOR FIRST

Heilbronner and Father Cocola Winners in Clock Guessing Contest.  
The clock concerned in the clock guessing contest did not stop till this morning. It ran for 57 minutes and 39 seconds. The closest guesses to this time were 50 minutes and 50 seconds, and 58 hours, 58 minutes and 58 seconds. Two made the guess, namely, Max Heilbronner and Father Cocola, the latter was the guess of Harry Smith. Mr. Heilbronner and Father Cocola being the closest, the decision will be made by toss. The clock was loaned by J. C. Undertakers. Phone 41.

## FUNERAL OF LATE MRS. FRED GARTON

Large Number Paid Last Respects to Deceased Lady.  
The funeral of the late Mrs. Fred Garton took place yesterday afternoon at 2.30. The service was conducted at the Presbyterian Church by the Rev. Dr. H. R. Grant who gave a very quiet but inspiring address over the body. Harry Harvey and Miss L. Stevens played very feeling music for the occasion. There was a large attendance of mourners, many of whom joined in the long procession which followed the body to the grave. The grave was beautifully decorated with the many floral tributes that were presented as last respects to the deceased lady. The chief mourners were the husband, Fred Garton, the daughter, Jewel, and the son, Morris, who accompanied the body home from San Francisco, where the death occurred. The pallbearers, who were all friends and neighbors of the family, were as follows: Malcolm McLeod, Geo. H. Munro, Geo. Ambrose, J. Nelson, H. Cameron, and A. W. McLean.

## STOOD ON HIS HEAD AND WAVED HIS FEET

Demented Chinaman and Tall Man Cause Merriment in Police Court Cells.  
Considerable merriment was caused at the police station yesterday afternoon when the second tallest man in B. C. again was incarcerated. He had again been imbibing the strong essence of lemons and was in a somewhat hilarious condition. His condition was such that he could not agree with anyone and was letting the world know about it. He was brought to the jail to dampen his high spirits. It happened that across the jail chamber from his cell was another cell containing an Oriental whose mind has become considerably deranged. When the tall man was brought in, the Chinaman was voicing his Celestial ejaculations and at the same time was standing on his head in the cell with his bare feet waving through the prison bars. The elongated one naturally took offence at this conduct so close to him and started a conversation. This conversation was said to be very amusing and the police officials were almost prostrated with mirth at the repastee. Even Constable Paddy Logan, generally so austere and serious, was forced into uncontrollable laughter.

## WOODEN SCHOONERS FOR B. C. SHIPYARDS

VICTORIA, Nov. 6.—It is reported here that the Dominion Government is making plans to place contracts for fifty wooden schooners with British Columbia shipyards.

## GOMPERS CONDEMNS PROHIBITION AS THE CAUSE OF TROUBLE

(Special by G. T. P. Telegraphs.)  
NEW YORK, Nov. 5.—Samuel Gompers condemned national prohibition last night in no mean words. He declared that the rights of the working man would be invaded by such rulings. If personal liberty is taken away from the common working person he will become dissatisfied and useless and a menace to a nation. Gompers stated that it was his opinion that national prohibition probably was a parent of Bolshevism in Russia. National prohibition would mean risking national safety in the United States.

## DEMPSEY TO FIGHT JOE BECKETT NEXT MARCH AT ORLEANS

(Special via G. T. P. Telegraphs.)  
MOBILE, ALA., Nov. 5.—Jack Dempsey, heavyweight champion, signed an agreement to fight Joe Beckett, the English heavyweight champion, in New Orleans on March 17, next. The bout is conditional on Beckett's winning his forthcoming bout with Georges Carpentier, the French champion. The match is for 20 rounds and Dempsey will receive \$125,000 as his share.

## Gauge of Battle on Soldier Expenditure

Hon. J. A. Calder says Government Will Resign if Defeated on Policy They Will Propose in Connection with Report

(Special to The News via G. T. P. Telegraphs.)  
OTTAWA, November 6.—Major Andrews, member for Centre Winnipeg, seconded by H. A. Mackie, East Edmonton, moved an amendment to the motion made by Hon. J. A. Calder for the adoption of the report of the special committee of the House of Commons which dealt with the soldiers' protest and the general question of re-establishment. The amendment calls for the substitution of the G. W. V. A. plan of re-establishment for that proposed by the special committee. The G. W. V. A. plan, according to the War Veterans' calculations, call for an approximate expenditure of \$200,000,000, whereas the committee report recommends an outlay of \$50,000,000. Mr. Calder spent the whole afternoon explaining in detail the report of the committee. He made it clear to the House that final responsibility in the matter rests with Parliament and intimated that if the Government policy, which would be made clear in connection with the consideration of the report, is not approved, a new administration would have to succeed the present government. Mr. Calder laid emphasis on the heavy financial commitments of the country and closed with an appreciative reference to the view point of the returned soldiers. The debate was then adjourned.

## DOCTOR SLAPPED COLONEL CANED

Military and Medical Professions at Variance in House of Commons Leads to Trouble.

(Special via G. T. P. Telegraphs.)  
OTTAWA, Nov. 6.—Excitement was caused in the corridors of Parliament shortly after six o'clock by an altercation between Col. J. A. Currie and Dr. Cowan of Regina. According to the story of eye-witnesses, Col. Currie slapped Dr. Cowan's face and the Regina member promptly belabored Currie over the head with a cane. J. A. Robb, chief Liberal whip, intervened and separated the two members.

## EFFORT TO UNITE EMPLOYMENT OFFICES

(Special via G. T. P. Telegraphs.)  
VANCOUVER, Nov. 5.—There is a move on foot to have all Government employment agencies now here operated from the Soldiers' Civil Reconstruction offices under the direction of the unit commander in British Columbia and to complete the scheme it has been mooted that the provincial authorities would be asked to come into line and unite their employment offices with the soldier organizations.

## JELICOE EXPECTED TO ARRIVE SATURDAY

(Special via G. T. P. Telegraphs.)  
VICTORIA, Nov. 6.—A wireless message received from Admiral Jellicoe aboard the warship New Zealand announces that he expects to be here on Saturday.

## IMMENSE SUM IN PULP CO. JUDGMENT

TORONTO, Nov. 5.—Judgment for \$6,990,000 is awarded the province of Ontario against the Thorold Pulp Co. to compensate for excess power used during a twenty year lease.

John Dybhavn is on a two weeks' business trip to Chicago. He left Prince Rupert on Monday morning's eastbound train.

## Victory Loan Two Thirds Subscribed

Chairman Wood Urges Great Efforts in Order to make it Complete Success; Campaign Half Finished.

(Special to The News via G. T. P. Telegraphs.)  
TORONTO, November 6.—F. R. Wood, chairman of the Dominion executive of the Victory Loan, made the following comments on the success of the campaign up to last evening: "The campaign is now practically half finished. The success to date has been due in large measure to the fact that investors who have so far purchased bonds have bought more than they did in previous loans. The fact that experienced investors, large and small, have subscribed early and have taken more bonds than ever before indicates that they recognize the attractiveness of the Victory Loan as an investment as well as appreciate the patriotic necessity of cleaning up our obligations and maintaining Canada's prosperity. "The total subscriptions reported so far aggregate \$208,000,000. It must be remembered, however, that this amount includes a very large proportion of the big subscriptions available and in order to make a success of the loan it will be necessary, as in previous years, that the medium and smaller subscribers shall come forward in great numbers. "The rate on interest carried by the bonds, namely, 5 1/2%, is the same as on the loans issued in the dark days of the war, all of which loans are selling at substantial premiums. As a matter of fact this new loan is particularly attractive from the standpoint of the small investor and one of the gratifying features of the campaign has been the readiness with which the employees of industries have taken the loan where they had the experience of buying previous loans. This is Canada's final financial war effort and it is not only good business but good patriotism for every Canadian to become the owner of a Victory Bond. Let every man and woman in Canada buy bonds to the limit of their ability and prospective savings of the next ten months."

## COUNTY COURT CASES DOWN FOR HEARING

Mah Kee to be Tried Tomorrow Before Judge Young.

County Court sittings commenced before Judge Young in the Provincial Court House yesterday afternoon. One criminal case and four civil actions were on the list. Mah Kee, the Chinaman committed by Magistrate McMordeie on a charge of obtaining money by false pretences, came up for election. Mah chose speedy trial before the judge. His case will come up for hearing tomorrow. The civil action of Ada G. McRae vs. Solomon Mussallem, re promissory note, will be arranged for. Date will also be set for the case of J. Fred Smith vs. Mrs. D. Rutten, sale of stove. The action of the Georgetown Sawmill Co vs. P. Laporte over the price of lumber is set for Monday for hearing. The case of Y. Matsuquvo vs. M. M. Stephens is a new one. It is a sequel of the recent action in the assizes over the seizure of a Japanese fish boat. The plaintiff is claiming payment for effects on the boat in question. The case of M. E. Allen charged with obtaining money on bad checks will also be heard at the present sitting of the County Court although the date is not yet definitely arranged. The sitting continues today.

## WANT COAL RELEASED

(Special by G. T. P. Telegraphs.)  
TORONTO, Nov. 5.—With 100,000 tons of soft coal destined for Canada held at the United States border, Canadian officials are using every effort to have shipments released by the American authorities.

## WHISKEY WAS SEIZED ON DOCK YESTERDAY

Seven Bottles Wrapped in Socks Found in Suitcase by Constable Leek.

As a result of Constable George Leek's visit to the boat on its arrival yesterday morning a man named Fred McDonald this morning paid fifty dollars for having liquor in his possession. The constable noticed a man with a heavy suitcase passing it into a taxi so he immediately inspected the contents. On opening up the suitcase he found seven bottles of whiskey wrapped in seven socks. He took these as well as their owner to the station.

H. Moore, the tall man, was up for being drunk. When drinking he gets very boisterous and wants to chase people. He confessed to having drunk a bottle of extract. He was remanded till tomorrow morning.

## M'PHEE STILL LEADS IN PRIZE CONTEST

Miss Kenny Second, With George Walsh Running Third.

Gathering up points is proving to be the most interesting occupation for the contestants in the Daily News Circulation Contest. Some of the competitors are running neck and neck and all are working hard to maintain their lead.

Although a late starter in the competition, Joe McPhee by consistent work, has secured first place, with Miss Nora Kenny a good second. There is not a real day's work between these two competitors for the first prize, however, and Miss Kenny will doubtless reduce Joe's lead before the end of the competition.

George Walsh, of Seal Cove, is in line for the third prize meantime, with Bert Kelly crowding him for position. There is very little difference between these last two contestants, and their position varies every day. These are the four leaders meantime in the contest. There are several others who have entered for the prizes offered, who are working hard, and may be possible winners eventually. They are enthusiastic and working hard, and will be giving the leaders of today a run for their money.

D. W. Cameron and J. P. Hawkinson were passengers for Alice Arm on the Prince George last night.

Possibilities of Thought Exchange.

The article on Thought Exchange by Archbishop Du Vernet published in yesterday's News was the subject of a good deal of comment last evening. It is a subject of general interest and one to which most people have given some attention.

Possibly some day mental telepathy will have been developed to such an extent that it will replace the telephone or telegraph. It is quite as reasonable to think that people might communicate with each other without an instrument of any kind as with the wireless sending and receiving units.

Imagine what it would mean if our wives knew all we were thinking about and if the husbands knew where and with whom their wives were associating and what they were talking and thinking about.

Much of the evil is the result of secrecy. It is that barrier between mind and mind that gives opportunity for duplicity, with all that the word implies.

It has been suggested that the coming of the millennium means the coming of the time when we shall find it possible to communicate by exchange of thoughts rather than by exchange of words.

Shall We Fly to Vancouver Soon?

The Aerial League of Canada sees an opportunity to establish an air service between this city and Vancouver, presumably calling at points en route.

Only recently the matter of an air service was suggested by J. F. Maguire but the committee of the Board to whom it was referred after inquiry, came to the conclusion that it was not at present feasible, and the subject was dropped.

## SUMMARY OF WORK OF LANDS DEPARTMENT

Interim Report Issued at Victoria Showing Large Amount of Useful Work.

VICTORIA, Nov. 6.—While it may not be construed as anything more than an interim report and not intended as a document for presentation to the Legislature, a brief statistical summary dealing with the administration of the various branches of the Provincial Department of Lands affords information of general interest. In authorizing an abridged reference for publication the Hon. T. D. Pattullo emphasizes the fact that by reason of the somewhat ambitious nature of a number of policies adopted by this department, time has been required to elapse in order to provide their tangible justification.

### Company Failures.

It is pointed out that not a little difficulty presented itself before an effective method of handling the peculiar conditions of the dry belt could be evolved with promise of success. Boom day land companies which had become possessors of large areas of irrigable lands had failed in their obligations. The sale of land at high prices with "water delivered" had netted them fine profits, while the fruit grower reaped his own particular crop of water difficulties by reason of failure on the part of the water companies to carry out their part of the bargain. The only solution, therefore, deemed capable of relieving increasingly serious conditions was direct assistance to the producer.

### The Conservation Fund.

One result of that decision was an amendment to the Water Act providing a Conservation Fund of \$2,000,000 to be drawn upon at the rate of \$500,000 per annum if circumstances demanded that amount of annual assistance. By extending statutory authority for the formation of water users' communities to take over and operate irrigation works under a policy of Government assistance, it became obvious that nothing short of such a course would meet the case. Hence, in the report referred to it is shown that assistance has been rendered in the case of Peachland to the extent of \$12,000; Naramata, \$35,000; Scotty Creek, \$13,000, and Rutland, \$3,000. In these districts the community has organized itself and existing works are being repaired and renewed under expert supervision.

### Province Gets Money Back.

Of the larger concerns, for instance, it is pointed out that \$44,000 has been loaned to the White Valley Irrigation and Power Company because its service is essential to the water users of the community, while the company itself was not in a position to finance the necessary repairs incident to that service. Similarly in the case of the Kelowna Irrigation Company, \$20,000 has been loaned from the Conservation Fund under like conditions, while as security for the Province's investment in both cases the Government holds it as a first charge against the whole of the property of the company as well as the revenue of the undertaking itself. It will thus be seen that although the outlays involved are not inconsiderable, the capital is amply secured and the investment made revenue producing from the commencement.

Applications Coming In. And as tribute to the success of

the scheme it is observed that there are twenty applications for assistance now being dealt with according to their merit and relative importance. From this section of the report, therefore, it will be seen that the Department is following out a policy tantamount to Government ownership and Government control rolled into one. Involved legal positions, however, necessarily impose limitations and until a number of cases are shaken down to a more practical level Government acquisition on a wholesale scale would be had business for the province and of no effective benefit to the individual water user. It is noted, by the way, that thorough investigations are being carried out in respect of all interests involved.

### Aeroplane Spruce.

Another interesting phase of the Department's work is that dealing with the effects of the Aeroplane Spruce Cutting Act—a measure passed by the Legislature for the purpose of removing all obstacles to rapid recovery of a commodity urgently needed by the Royal Air Force. The figures themselves are eloquent of the success accomplished. From the time the Order-in-Council passed the Provincial Executive in January of last year—and the legislation passed a couple of months later, was merely of a confirmatory nature—until the end of October, just eight months afterwards, 26,124,000 feet of spruce and 9,224,000 feet of fir had been cut and shipped. In other words, this amount represented sufficient timber to build 20,000 aeroplanes.

### Forest Revenue.

Nor is the least interesting part of the Minister's interim summary that section dealing with comparative forest revenue for the last four years ending September 30 of this year. It is shown, for instance, that for the year, 1911 the total figure stood at \$1,851,000. This grew in 1917 to \$2,094,000; in 1918 to \$2,472,000 and for the year which closed on September 30 last, the figures reached \$2,735,000. While to the general administration of the Department—whose normal cost of administration, it should be remarked, has not increased—is ascribed some of the more favorable (continued on Page Four.)

We sell **Frisbie Engines** Complete and ready to install.

Frisbie Motors give long, uninterrupted service with practically no repairs except occasional grinding of valves. Valves in cages; accessible in a few seconds. An "all muscle" construction throughout, every part designed for hard work. Overhead valves, opening directly into combustion chambers. No pockets or crevices to gather carbon, and waste fuel. This type of construction effects a gain of

**15 to 20 per cent. more power** than is possible with L or T-Head designs. Intake and exhaust manifolds are cast integral with the cylinder; miles ahead of the old, leaky, bolted-on manifolds. Large valves insure full charge on the intake and a complete, clean exhaust.

**1 to 6 CYLINDERS—5 to 75 HORSEPOWER**  
Frisbie Motors are made in following sizes: 1-cyl., 5 and 7 H.P.; 2-cyl., 10 and 15 H.P.; 3-cyl., 15 and 25 H.P.; 4-cyl., 30 and 40 H.P.; 6-cyl., 50 and 75 H.P.—Bore and Stroke, 4 3/4" x 6" and 6" x 6". For work or play, the Frisbie will measure up to your hardest tests.

Norman Ross broke the world's swimming record for speed at Honolulu on Saturday when he swam 1,000 yards in 12 minutes and 44.6 seconds. He also broke the American record by swimming 880 yards in 11 minutes and 12.4 seconds.

A meeting of the rules committee of the American and National baseball leagues is to be held in the near future. There are many new rules and reforms to old ones to be discussed. Among changes that are advocated by high-up baseball authorities is the elimination of artificial means of pitching, particularly the spitball and the shineball. The claim is made that this form of ball is detrimental to the game and is unnecessary. The law covering runners from third base to home on sacrifice flies is also to be brought up. When the 1920 season opens there should be a number of improvements in the national game.

A very exciting and evenly-matched series of games is hoped for by officials of the Pacific Coast Hockey Association this season. Now all the players have been selected for the various teams it is seen that the aggregations all have good men. In a few weeks the boys will begin to get in training for the season which opens shortly after Christmas.

Willie Hoppe is indeed a veteran billiard player. He has defended his world champion billiardist title in seven tournaments and countless matches and today is as strong as ever. He does not yet show signs of weakening after being champion for over fifteen years. He has only been defeated twice in that time, once each by Ora Morningstar and Jake Schaeffer. He originally won the title in Paris from the French champion, Vignaux, fifteen years ago.

Soccer football promises to have its greatest season in the United States this year. Football is a game that has never assumed the popularity in America that it has always enjoyed in England. It now looks as if it had come to stay in the country and may perhaps rival baseball as a national pastime. There are three reasons advanced for the growing popularity of the game in the states—the first is that the American boys while overseas learned to play the game and understand it more thoroughly from their British comrades in war, second, the Americans in recent engagements with continental teams have made wonderful showing, and third, the game is now under clean and energetic management in the states which it has never been before.

showing, the Minister observes that advantage accrued by the amendments to war relief legislation in such cases as those not affecting soldiers.

Moreover, co-operation has been the keynote of the Forest Branch and mention is made of the fact that the Department keeps in the closest touch with the related industries as a whole. Joint committees of representatives of lumber industry and forestry officials have been formed and meet regularly to discuss scaling, log export, market extension and so on.

#### Timber Royalties.

Illuminating, too, are the figures quoted for revenue from timber royalties. In 1915 the revenue reached the sum of \$440,000; in 1918, \$831,000 was the amount. As an instance of revenue from Crown timber sales, the summer of 1915 represented a cut of 55,000,000 feet with a revenue of \$87,564. This summer the cut increased to 108,000,000 feet, but the revenue leapt to \$271,407. In other words, three times the revenue from twice the quantity of timber is the essence of the comparison noted.

### Victory Loan 1919 Is Bridge Between War and Peace.

Agricultural and Industrial Prosperity of Canada Depends on Success of the Loan.

Why is it necessary to have another Victory Loan? Have you heard this story? Or have you asked it? The Victory Loan of this year stands out as the bridge between war and peace. The war is over. Our boys won that. The reconstruction period is dawning and we at home must win that.

Much of the money that Canada is making for will be needed to clean up the war debt. The expenses of mobilization were heavy, and there is still much of it unpaid. Now that the men are back, let it not be said that we repudiated the debt for bringing them back.

The sick and wounded soldiers still in hospitals are expecting that Canada will care for them and their dependents until they have been returned to health and strength. The hospital services must be maintained at full strength as long as there are returned men needing attention.

Many men through disability are unable to return to their pre-war occupations. The Department of Soldiers' Civil Re-establishment is doing a fine work in training returned soldiers in trades and professions so they can earn a living at, and following up the training and seeing that they obtain remunerative employment.

The maintaining of this much of reconstructive service calls for much funds, and the Victory Loan is used to pay for it as well as other purposes.

Soldiers' Land Settlement Act, enough money is lent to returned soldiers to enable them to buy and stock a farm. This money is repaid at a low rate of interest. The soldier is thus given a chance to re-instate himself in civil life and production is given a boost.

The total amount of the forthcoming loan, \$24,000,000 has been authorized to finance these soldiers' returns.

Provisions to the disabled and dependents of our glorious dead, as well as the authorized gratuities will be paid from items on the expense sheet. These are some of the obligations of the returned soldier who is now in health.

The maintaining of Canada's prosperity is an important reason why the Victory Loan should be a smashing success. The money is needed to meet the credits to overseas countries so that they may continue their relations with us.

If Canada does not give these credits other countries will, and then Canada will lose the great overseas trade that has been the mainstay of our agricultural and industrial life for so long.

Investment Victory Bonds are being sold. Paying 5 1/2 per cent, sell above par on the open market, guaranteed by the Dominion.

What further reason can you have for hesitating? The Victory Loan ought to be oversubscribed, all right-thinking citizens will do their utmost to see that such a result is obtained.

CARE FOR WOUNDED Soldiers From Victory Loan Will Be Used to Re-establish Soldiers.

Our soldiers in France faced perils more than those of shell and gas and machine-gun fire. There was the danger of tuberculosis. Up to August 3,909 soldiers suffering from disease had been returned to Canada. These were placed in sanitariums under the direction of the Department of Soldiers' Civil Re-establishment, and they are one of the departments of that branch that lead to the maintenance, and come under the head of capital war output.

These men and some 20,000 others, disabled or ill, will be looked after with money raised through the Victory Loan 1919. It is the sacred duty of Canadians that the money forthcoming.

Your dollar may be the last straw that sweeps the Victory Loan over the top. Would you take the chance of making it a failure?

Send your money that your pay envelope may be always filled, as will follow the success of the Victory Loan.

Victory Bonds are the fodder that keeps the machinery of Canada's industrial world running at full speed. Spirilla Corsetiere. Phone Black 257.

## BIG TIME AT CHURCH BAZAAR

Catholic Ladies Make Great Success of Two-day Event, Concluding Last Night.

Crowned with success far greater than the fondest expectations or hopes of the committees in charge, the annual Catholic Ladies Bazaar was brought to a close last night. Due to the energetic work of the ladies of the congregation and the excellent organization, it is quite probable that when all returns and accounting have been made that the profits will clear the \$1,500 mark. Both days of the fair all the booths were kept rushing all the time and last night everything offered for sale was sold at least once. The few remaining articles left at midnight last night were sold off by auction. So many of the ladies gave their entire time and energy to the affair that it would be almost impossible to name them all. The names of those in charge of the different sections were given yesterday. Father McGrath was present from the very first opening of the doors on Tuesday till late last night and gave his assistance in every way possible by announcing results and keeping the organization in hand. Before going home last night he stated that the affair had been an unqualified success, both financially and socially, and had eclipsed any such function ever held in this city. On behalf of himself and the church he wished to extend hearty thanks to all who had helped so much in promoting its success.

**Dance in Evening.** At ten o'clock last night the bazaar itself was practically concluded so a dance was started to finish up the event fittingly. The floor was cleared and the many dancers present commenced to enjoy the popular amusement. The floor was crowded and dancing was kept up until 2 o'clock in the morning. A buffet supper was served through the entire evening and the counter was kept occupied all the time. A new musical aggregation supplied delightful music for the dance free of expense for the affair and its premier appearance was hailed with much praise. The new orchestra consists of Miss Crux, pianist; Mill Lillian King, violinist, and Will Edmunds, banjo. Mr. Edmunds, hitherto, has not been known widely as a banjoist but last night he made a name for himself in the manner he handled the darktown music dispenser. The hearty thanks of the management of the bazaar was extended to the orchestra for the unselfish way in which they provided the music for the occasion.

**Prize Winners.** A large list of articles were donated for raffle and this was a large source of revenue to the finances of the bazaar. Practically all supplies and requirements of the function were donated in some way or other, making the receipts almost clear profits. The following is the list of raffle winners:—Wool sweater donated by A Friend, won by Geo. Shaw; plant, Mr. Van Gestel, won by S. J. Howe; ham, P. Burns & Co., Ltd.; Martin O'Reilly; tea pot,

Geo. D. Tite, Mrs. F. W. Harg; girl's dress, Mrs. D. H. McDonald, Mrs. A. Guttstein; fruit cake, La Casse Bakery, J. B. Roerig; \$5 in cash, A Friend, John Capet; corset cover, A Friend, Helen Harrison; chair, W. G. Barrie, Alice Jacobsen; cupid doll, J. G. Gavigan, Father Rivet; box of cigars, Alice Moncouer, S. J. Howe; sack of flour, Third Ave. Cash Market, James Petrie; Gillette razor, Mr. Brown, J. L. Mullen; centre piece, Mrs. P. Meuse, Ted Rovik; linen gown, Mrs. Gratten, Mrs. Parsons; electric iron, Parkin & Ward, Mrs. D. H. McDonald; cut glass bowl, Mrs. J. Meagher, Mrs. H. D. Robinson; cut glass dish, Mrs. J. Bulger, H. D. Johnson; umbrella, A. Guttstein, M. Burke; ham, F. W. Moersch, Mrs. W. Armshaw; box of apples, A Friend, J. L. Mullen; necklace, Max Heilbronner, J. C. Morrison; box candy, A Friend, Thos. Trotter; cake, Prince Rupert Bakery, M. P. McCaffery; wool jacket, Mrs. J. Fred Ritchie, P. Mazzi; box apples, Munro Bros., Mrs. J. Fred Ritchie; pail of lard, Dick Moore, Mrs. McLaughlin; ton of coal, M. P. McCaffery, O. Besner; \$10 cash, Olier Besner, Mrs. A. S. Lewis; silk night gown, Mrs. J. Keefe, Mrs. A. Guttstein; luncheon set, Sisters of St. Joseph E. C. Gibbons; sofa pillow, St. Joseph's Convent, Jas. Neville; side of bacon, donated by P. Burns & Co., Ltd., won by Mrs. Harry Mobley.

The guessing contest on how long the 24-hour clock would run was probably the best advertised feature of the bazaar. This was due to the canvassing for the sale tickets carried on by the four young ladies. The prize of \$50 to the lady who sold the most tickets was won by Miss Patricia Meagher. The following is the result of the ticket selling campaign: Miss Patricia Meagher... 559 Miss Norah Kenny... 420 Miss Inez Ross... 150 Miss Margaret Allen... 145 It was impossible to announce the winner of the guessing contest last night as at midnight the clock was still ticking merrily in the vault of the Royal Bank of Canada, thus dashing the hopes of those who had figured on winning the prize by guessing in the neighborhood of 24 hours. The result of the contest will be announced today.

**VAUDEVILLE AT THE WESTHOLME THEATRE**

Large Crowd Out to Applaud the Varied Turns of Visiting Artists.

The Westholme Theatre was crowded last night for the big vaudeville show. There were a number of varied turns, each of which was applauded, and those attending voted it a complete success.

Vaudeville makes a strong appeal to the crowd. It is always popular. When it is as varied as that of last night and the prices are right, as they were on that occasion, the house is bound to be filled. There were two shows, the performance being continuous from 7:15 until 11.

The vaudeville will be repeated tonight and it is expected that the house will be once more packed to the doors.

### NOTED CIVILIAN AND MILITARY PERSONS ARRIVE IN U. S.

SIR GEORGE CROYDEN MARKS - MRS. L. WARD

The steamship Orduna arrived in New York the other day with 184 civilian and military passengers, including many notable persons.

One of the most prominent on board and also one of the most outspoken in his denunciation of the delay in the ratification of the treaty by Congress was Sir Croyden Marks, a Member of Parliament.

Lady Lethbridge, wife of Captain Sir C. W. Lethbridge, of the Horse Guards, was one of the passengers.

According to Mrs. L. Ward, an American woman resident in England, and who has been prominent in both England and the United States as an advocate of a closer understanding of the two nations, the Irish have not "played the game fairly" during the war because of the hatred of England that sur-

**SAVE YOUR SIGHT**

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ill, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
