## MEETING IS

Larger Attendance Hoped For Tomorrow at Second Gathering on Post Office Question

In the hope that there will be better attendance in response to the second call, another public meeting is being set for tomorrow night in order to launch the movement for a new federal building in Prince Rupert and a street mail delivery. For a number of reasons, there was not a very large attendance at the meeting called last evening so it was considered advisable to adjourn to Thursday and, in the meantime, have the second gathering adequately advertised. D. C. McRae was elected chairman for last night's meeting and H. F.

Glassey, secretary. Government Agent C. L. Monroe, in making the suggestion that the meeting adjourn, stated that last night's gathering could hardly be called a representative enough one to deal with a question of such importance.

Ald. W. M. Brown thought there should be at least 100 persons in attendance if the citizens were really Rupert" is the slogan heading the decide definitely whether to repair serious in their desire for a new Post Office building.
