### Real Progress Toward Goal of SALMON DEPLETION ALL "BUNK" Naval Disarmament is Result of Important Conference in London

Sessions Will Be Wound Up Monday or Tuesday When Tri-Partite Treaty Will Be Signed By Five Nations

LONDON, April 11:-The French delegation last night officially announced that a plenary session of the naval disarmament conference would be held on Monday or Tuesday at which the parley would be wound up. They stated that a treaty would be completed and signed in from two to three weeks. The treaty is expected to consist of three parts:

First, to include the various agreements reached by all five powers and to be signed by all.

Second, containing clauses upon which Great Britain, United States and Japan have agreed.

Third, a statement of questions which have been held over for action either by the League of Nations or through the usual diplomatic channels.

Complete agreement between Great Britain, Japan and United States was reached yesterday.

The dispute between France and Italy concerning parity will be left over for future negotiation.

### DUTY ON HALIBUT

Two-Cent and Not Five-Cent Rate to Be Adopted By United States

WASHINGTON, April 11:-The halibut fisheries of Canada will gain some cheer from the action today of a joint committee of the Senate and House in striking from the Hawley-Smoot tariff bill the extreme rate of five cents on frozen halibut and agreeing to let it come into the United States at two cents a pound. The Canadian export trade in halibut is valued at \$500,000 annually.

The committee went further and approved the minor reductions made by the Senate in rates on cod. haddock, hake, pollock and cusk.

### SETTLERS FOR PEACE

But Rather Increasing

GRANDE PRAIRIE, April 11: -Once more surpassing previous records of land filings in the Peace River country, the returns from the Dominion lands offices at both Peace River and Grande Prairie show that the rush of settlement is by no means abating, but that each year is witnessing an increasing practical interest in the agricultural possibilities of the Peace River country.

Total filings at the Peace River land office for the year ending March 31 were 3,058 homesteads and 147 soldier grants, a total of 3,205 quarter sections taken up for settlement, an increase of 181 over the previous 12 months.

Filings at Grande Prairie for the year ending March 31 were 2293 homesteads and 124 soldier grants, or a total of 2,417 quarter sections, an increase of 21 over the previous year, but falling behind Peace River by 788 less entries. The total for the two sections of the district was 5,622 quarter sections taken up for actual settlement.

### Records of Packs and Spawning Conditions Show Fish Numerous

So Says Major J. A. Motherwell, Chief Inspector in Address to Rotarians—Even Sockeye Are Holding Their Own

"Any talk of depletion of the salmon, with the exception of the Fraser River, is all bunk," declared Major J. A. Motherwell, chief inspector of fisheries, in an address delivered at the luncheon of the Rotary Club vesterday afternoon at the Commodore Cafe. "This is clearly shown from the packs put up during the past 15 years and also from the present condition of the spawning grounds where fish were reported last year to be very numerous with every prospect of a good seeding." Individual seasons were no criterion, the speaker said. Only

by averaging long periods could any NO DATE proper idea be gained of the results of the conservation methods now employed. Taking five-year periods the packs were as follows:

DVERTISEMENTS pay you to read them. They pay you in time. From the advertisements in this newspaper you can learn where to get what you want. instead of searching around. You can know the merits of each article offered for sale.

They pay you in money. Advertisements help you to get full value for your dollars. Goods which are consistently advertised are of consistently high quality for their prices.

They pay you in satisfaction. Manufacturers and merchants will not undertake an advertising campaign until they are sure their product is right. It would be ruinous to advertise an unworthy product, for that would simply call added attention to its deficiencies.

They pay you in information. Advertisements tell of new products, of new designs, new materials, better workmanship. Well-informed people always read the advertisements to keep posted.

Last year the total salmon pack 92c was 1,400,750 cases.

The major outlined some of the 321 measures which had been enforced to protect the pack, one of which was to induce the canners to get together and reduce the amount of day, April 17.

An encouraging feature was the improvement of the Fraser River. It was hoped that the treaty would be ratified. When this was completed an effort would be made to arrive at an agreement with the On United States in regard to the Naas

One cause of injury to the fish was the building of power dams in a number of important rivers.

A great question arises. What shall she feed her children? She knows they must have milkbut in what form? The answer, as found by thousands of happy mothers, is Nestlé's Evaporated

And here's the Reason! Nestlé's Evaporated Milk is just the best of fresh cow's milk with part of the water removedthen sealed and sterilized in air-tight containers. Add water again and you have absolutely pure, safe milk-but more readily digestible than ordinary milk because the large fat globules of the milk have been broken up into small ones of the same size as in Mother's milk. Also, the curds which form in the stomach when Nestlé's Evaporated Milk is used are soft and flaky and therefore easily digestible.

Use Nestle's Evaporated Milk for Your Baby. Use it in coffee-in cocoa-in tea. Use it in all cooking and as a beverage by diluting with one to two parts water.

Headaches, Listlessness, Bad Breath, Backaches, Indigestion -Stop Them with Kellogg's ALL-BRAN

must conquer constipation! Stop it at once before its poisons get in their deadly work.

Nearly 90% of all sickness has its origin in irregular elimination. If you neglect the symptoms-constant fatigue, bad breath, headaches and coated tongue-you may be laying yourself open to permanent ill-health.

There's a natural, easy way to free yourself from this terrible scourge, once and forever. By eating regularly a delicious cereal -Kellogg's ALL-BRAN. Physicians recommend ALL-BRAN because its action is different from pills and drugs. Ordinary cathartics give only temporary relief, and are often habit-forming.

ALL-BRAN acts naturally, gently. Its roughage sweeps the system clean of poisonous wastes and impurities.

And ALL-BRAN is a great aid to health in other ways. It contains

This is a serious matter. You abundant iron which enriches the blood, builds strength and the glowing color of health. With milk or cream-or in fruit juices-it brings important vitamins to the diet.

> You'll find the flavor of ALL-BRAN delightful. A crisp, readyto-eat cereal, with a nut-like flavor.

> Kellogg's ALL-BRAN is guaranteed to keep you free from both temperary and recurring constipation if you eat it according to directions on every package.

> Ignoring constipation is like playing with dynamite. Start serving Kellogg's ALL-BRAN now. Sold by all grocers in the red-andgreen package. It is served in restaurants, hotels and dining-cars. Ask for it by name.
