One Body Found in Coalmont Mine Where Explosion Occurred

Body Was Burned Almost Beyond Recognition-Gas So Bad It Killed Canary in Mine This Morning

COALMONT, B.C., Aug. 15:-Burned almost beyond recognition, the body of Harry Edwards, one of the victims of the Blakeburn mine explosion was recovered by rescuers this morning at the end of the main tunnel of the mine on the 1500 foot level. Death was due to concussion! caused by the explosion which took place Wednesday evening. He was a driver and near him was found the body of his horse which had also been killed in a similar manner and was also burned. Edward's body was the third to mbe recovered leaving 45 as yet not

Bella Coola District Closed For been entombed more than 42 hours. Week-Pinks at Massett

The run of salmon continues to this morning a thousand feet nearbe heavy. Sockeye are falling off very rapidly boats averaging no the department of mines, Victoria, more than twenty fish apiece but is of the opinion that this is proof the run of pinks is still holding up, that all the men are dead.

Fish have begun to reach Mas- Rescue work never ceases for a sett according to reports this moment. The dead tired miners morning though not in very large numbers yet. sume work.

The Bella Coola district will be closed for a week for all fishing after this week-end. The continto two miles from the pithead and uance of the dry weather through it is believed some time must elapse out this district will likely result in other areas in the neighborhood of small streams being closed for a period. The extension of close areas in the mouths of the smaller B. C. Ministers rivers of recent years is undoubtedly one of the contributory factors to this year's big run. With these small streams drying up partly owing to lack of rainfall it Minister of Education Tours Scotis altogether likely that the department will extend the closed areas at the mouths and in the vicinity of these creeks to preserve! the fish that are now finding it Hon. F. P. Burden, the provincial impossible to ascend them. Large Amount of Cash Being Paid Out to Fishermen This Week and Next In District

At the Rotary luncheon yesterday Fred Mathers, local representative of the B. C. Packers, mentioned the large amount of money distributed to the fishermen this year in the district. He said he estimated the earnings of the fishermen on the Skeena would amount to \$1,000,000 and labor employed there would be paid \$200,000. On the Naas River the fishermen would draw down \$70,000 and labor \$45,000, making a total of something like \$1,300,000. While some of this was already spent there would be at least half a million dollars paid out in cash at the close of the season, some at the end of this week and the remainder at the end of next.

Arrangements were made for him by the Agent General's office to C.P.R. SELS meet the chief engineers and the ments of the British railways and the Port of London Authority. On

PROFITS ON LIQUORARE DISCUSSED

D. Pattullo Elucidates Question of Payment to Municipalities Under Present Law

ig on the recent distribution of uor profits, T. D. Pattullo, memr for Prince Rupert and leader of ? Liberal opposition in the legis-

Public announcement is made hat \$500,000 in liquor profits has een distributed among the munius is more than the municipalities ould have received prior to the reent amendments to the act.

"The intention of the announcement is obviously to create the imreceive more under the present act than under the former law.

"The present act limits the Municipality to a percentage of the profits but in any case it is not to exceed one million dollars in any year. If the profit earned is less than a million dollars the government has no legal authority to pay over the full amount of a million dollars but only such amount as is received from the profits and in no case to exceed a million dollars, no matter how large a profit may be made in future. Even if it rose to ten million dollars, the municipalities would receive no larger an amount than a million

"I reiterate that the statute as it now stands limits the amount to be distributed to a percentage of the cularly the water system and varprofits, in no case to exceed a million dollars. If the million dollars is not earned, it cannot legally be paid over to the municipalities but only such portion of it as is earned."

No General Debt

Saanich Reduced Tax Rate Two Mills Yet Has Area of 35,000 Acres

VICTORIA, Aug. 15:- "General Observations Relative to Saanich" was the subject of an adress by R. R. F. Sewell, municipal clerk of touched upon various questions of interest in the municipality, parti-

lous phases of general taxation. "As far as I am aware," Mr. Sewell stated, "Saanich is the only municipality in the province which has reduced its tax rate by as much as gasoline was found among the emtwo mills. In addition, Saanich has bers of the fire. It had apparently no general debt rate whatsoever. been in the bedroom of Mrs. Thiel, The entire Saanich debt is revenue an invalid, who had not moved producing. The waterworks pay for from her bed for months. their own upkeep and the schools. Mr. Thiel is 74 years of age. are self-supporting."

He went on to describe briefly the physical aspects of the munici-pality which has an area of over ONLYFARM 35,000 acres and 30 miles of waterfront. It was incorporated in 1906 at which time its revenue from taxes was a mere \$19,000. This rose to over \$200,000 after the war and has since receded to \$195,000 in 1927. Other forms of revenue, including profits from the sale of debentures, government grants, liquor profits, etc., raised the total revenue to \$972,000 last year.

There were 260 miles of roads in Saanich, he said, and 190 miles of these were "good, usable roads." ance of immigration from the con-The municipality had been greatly tinent of Europe was announced aided by the arterial highway plan today as the policy of the governby which the east and west Saanich ment by Hon. DAILY EDITION

OFF TO GOOD START

The Gymnasium Fund is off to a good start. The Gyro business and community effort is an invaluable asset. Club has given an excellent lead and the mayor has led off nobly as a private citizen interested in the welfare of the young people of the city. Doubtless this lead will be fol- basketball champions, the Edmonton Grads, will be here lowed by others when the occasion requires. There is a large sum of money needed. Fifty thousand dollars is an ambitious amount but much depends upon the attitude of the people and the enthusiasm displayed. We strongly commend the project to the earnest consideration of all. of the Fair Week including the Indian football games. At It is one well worthy of support. What we need above present football has suffered a temporary eclipse though everything is a place for the young people to take their recreation on the dull days of winter.

THE RIGHT TO VOTE

In connection with the criticisms of officers or members of the crew of the steamship Prince George voting at the the game" individually and collectively. election in Prince Rupert, the following extract from the election law might apply in that case:

"For the purpose of his qualification as a voter, everyone is entitled to be treated as a resident at his home even

during the time he is absent therefrom for any temporary purpose, though if he has no real home or if, in spite of his having one, he makes his headquarters elsewhere for any substantial length of time, he is entitled to be treated as a resident at the place where his temporary headquarters are.

The home nort of the steamer Prince George is Prince Rupert and the vessel spends as much time here as in Vancouver, possibly more, therefore it is contended that the officers and crew have a perfect right to vote in Prince Rupert.

Whatever view the courts may take on the question, there is evidently a good reason for the men voting in the city and for those who identified the men as people who should vote in the city. Also there is good reason to believe that some of them voted for Hanson and some for Brady. children left today for Prince Those who loosely talk of "crookedness" and use other si- George where she will holiday for milar expressions should be careful how they bandy words the next two weeks. over something about which they are not well informed.

It's all right to make money but don't make a mess of life in doing so.

BOOM IN SPORT

One of the best things that can happen to a community Friday, August 15, 1930 from many points of view is a live interest in sport. A pert. people accustomed to "playing the game" in any line of sport acquire a broad education. They learn to take the knocks incidental to sport, the defeats with a grin and the victories with modesty. This applied to and interpreted in

There is therefore every reason to be gratified at the present state of affairs in Prince Rupert. The world's next Wednesday. There will be interesting boxing contests this coming week. During the Fair Week we shall have the Vancouver V. A. C. baseball team. In addition to these there are the Labor Day sports and then the sports with the re-opening of the schools there will be a revival ing a net the Prince William, Capt. of interest.

All of this is a healthy sign and it is certain that all fol- cluded in her cargo were 8,000 lowers of sports no matter what theirfavorite form is, will boxes of salmon. rally to these contests and support them by their attendance thereat and boost things generally. SUGGESTIONS WELCOMED

Open Session of State Health Insurance and Maternity Benefits Commission to Be Held In Prince Rupert

The Provincial "oyal Commission on State Health Insurance and Maternity Benefits proposals is to hold an open meeting at the Prince Rupert Court House Saturday evening, August 16, to hear any representations that may be made by residents of the northern areas touching matters within the scope of the Commission's investigation. The Commissioners invite the attendance of all interested in the subjects of the inquiry and will be glad to hear as witnesses individual citizens or representatives of public or semi-public bodies, industrial organizations, fraternal orders, trades unions, social or hospital workers, medical men, etc., who may be able to offer-constructive suggestions as to the possible economical operation of public health insurance or maternity benefits in British Columbia, or give any new reasons for or against state health insurance proposals as they now are fairly well understood in this province. Copies of the Commis-'sion's Progress Report presented at the last session of the legislature are available upon request from the secretary at Victoria.

Last Inning Rally After Two Were Out Gives Hotelmen Close Game-Score 3-2

Going into the last half of the seventh with the score tied, Centrals managed to force over the winning run after two men were out, to defeat the Elks 3-2. It was a closely contested game all the way and a tough one for Loblick to lose as he struck out 14 batters and up to the last inning had held the winners to two singles, neither of which helped them get the two runs ning when Arseneau and Loblick and Lambie. both collected two-baggers. He was in trouble in the sixth but got out of a bad hole nicely.

Elmer Smith, who has been playing softball all summer for the Dry Dock, did the receiving for the Centrals. He turned in a fine performance.

A fair sized crowd of fans was in attendance and witnessed one of

the liveliest contests of the season. Elks scored one run in the first inning after two men were out. Arseneau doubled to left and then scored when Loblick followed with

another to the same place. Loblick struck out the first five batters to face him. In the second with two out, he walked Farguhar. He stole second and scored when Moore drove one to Budinich who tossed the ball to Stephens. The first baseman caught the ball all right but lost his balance and the runner was safe.

Moran went to first in place of Stephens who was allowed to warm the bench for the rest of the game.

In the fifth Centrals went into the lead. Stone was thrown out at first. Harold booted Gavin's roller along the third base line and he was safe. Eury drove one to Loblick who threw to second to cut off Gavin but George Mitchell dropped the ball and both men were safe. Downie came to bat and the pitcher and catcher went into a huddle. It appeared as though they were trying to walk Downie purposely but he drove one out to left which Arseneau caught but Gavin scored from third on the play.

In the sixth the Elks tied the score. With one out Loblick hit through short. He stole second and went to third on Alex Mitchell's hit to right. Budinich drove one to Farguhar who threw home to catch Loblick, but he was safe, Mitchell going to third. Skinner was hit on the finger when he attempted to bat the ball and allowed to take first. He started the steal second with the bases full and was caught at first for the third out.

In the last half of the seventh Dido Gurvich went in a pinch hitter for Smith. He struck out and Stone the next man up did likewise. Gavin hit the first pitched ball to left for a single. He went down to second. Bury had two strikes and one ball on him, when he drove one of Loblick's fast ones away over Arseneau's head to drive in Gavin with the winning run.

As a result of last night's contest, Elks are now reposing in the cellar position with the Sons of Canada still having a substantial margin at the top of the heap.

Syncro-Mesh Transmission

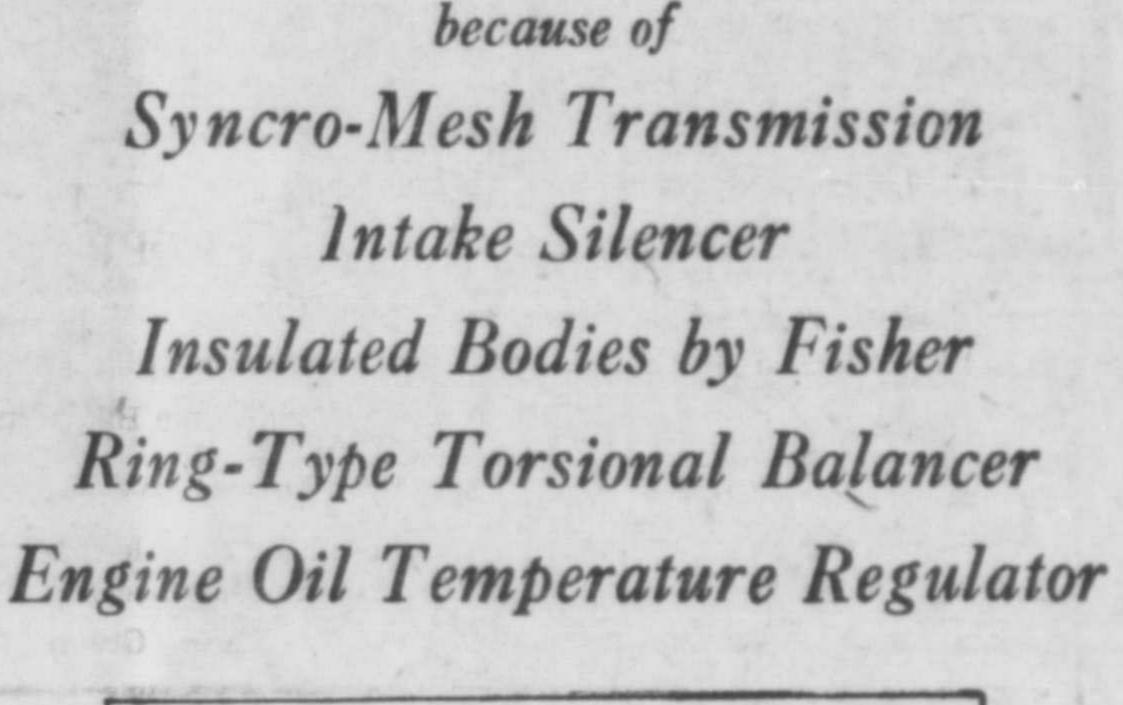

Noiseless gear change, made possible through the Syncro-Mesh Transmission, is an advanced and costly feature characteristic of McLaughlin-Buick's 22 year engineering supremacy, that is carried to new heights by the introduction of the Straight Eight.

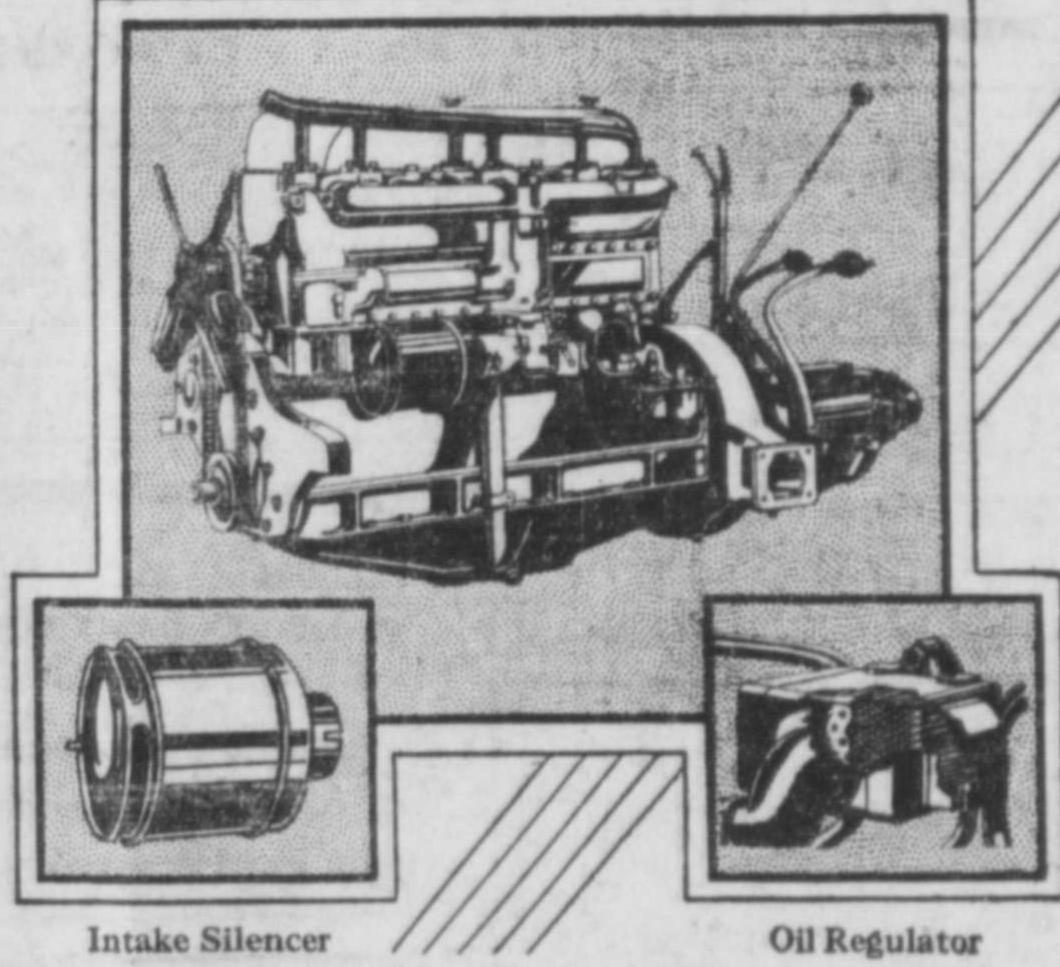

You may go from first, to second, to third, at a flick of your finger . . . and then back to second again if your driving calls for it.

Your comfort and pleasure in driving will be enhanced by this sound and proven feature. You will find a new convenience in car-control made possible by this Syncro-Mesh Transmission.

It is found on the longer wheelbase models, while McLaughlin-Buick's fine standard transmission is used in the series of lowest price.

Now almost everyone can own a McLaughlin-Buick, for the 8-50 series lists as low as \$1290 at factory; and G.M.A.C., General Motors' own deferred payment plan, makes // easier the purchase of any model you desire.

Silent Straight Eight Motor

Many engineering advancements contribute to the ability of the McLaughlin-Buick Straight Eight motor to maintain high speeds with quietness that removes all sense of

/ The McLaughlin-Buick Oil Temperature // Regulator contributes to permanent silence /// by solving the problem of proper engine lubrication under all conditions. A simple device, it has no moving parts and requires no attention. In cold weather it warms the oil quickly, thus assuring efficient engine performance promptly. It also prevents the oil in the engine from becoming overheated and losing its lubricating quality.

Among other notable features are the Intake Silencer, that effectively blankets acceleration noises; and the Ring-Type Torsional Balancer that smoothes out engine operation.

Insulated Bodies by Fisher

In its Fisher Bodies too, the new Mc-Laughlin-Buick Straight Eight exemplifies the silence of a shadow, for they are completely insulated, like a fine home, against cold, heat and noise.

Improvements in body construction and strength are as advanced in principle as McLaughlin-Buick's many mechanical features. The chassis has been strengthened doubly without increasing its weight. Motor and body have then been designed as a unit with this reinforced frame. A train-like sureness and roadability, with consequent riding ease and safety, result.

Although unchanged in general appearance from the lines which have proved so popular, the bodies incorporate numerous refinements. Exteriors are finished in the latest and most pleasing colors . . . while interiors set a new standard of beauty and luxury.

The General Motors Owner Service Policy, the most complete in the automotive industry, assures the unqualified and lasting satisfaction of every owner of a 1931 McLaughlin-Buick Eight.

McLaughlin-Buick

The mile race for Labor Day is expected to bring out some new runners. So far Bob Irvine has had little difficulty in winning this event. He has been training steadily and while many consider his short stride a handicap yet no one has so far been able to beat him even with a longer stride. Bill Vance has had his eye on this distance race for some time and is steadily improving as a runner.

Day are getting the special atten- white men. Now that really good action of the committee too. At sev- commodation is provided and modern eral of the picnics this year in the camping equipment is obtainable, many married ladies' and ladies' events some discussion has arisen regard- is a ride or hike to the top of Mount Pope, from which a wonderful picture ing the right of some of the well is seen-100 miles of lake and woods in known girl sprinters from town every direction. competing. Events are arranged for these fleet runners and it seems to Douglas Lodge, Fort St James, B.C. out of place for them to compete also in the races that are presumably set aside for the ladies who are not engaged in running, other than that endless run of the day's common round. The events on Labor Day will be so arranged that there will be no criticism and the younger athletes will get their fair share of the races while those not so young will get a fair showing too.

The Track and Field Association are anxious that athletes who intend competing in the events that count towards the Hanson Trophy get their entries into the committee by August 28. Points will be awarded only to those who attend to this and points for the winners of the events on the Labor Day Committee's program will only be counted towards the Hanson Trophy if the competitors have advised the Track and Field executive. The events themselves are under the Labor Day committee, of course, and are open to any, but those who are trying for the Hanson Trophy must also notify the Field and Track committee o the Athletic Club, the secretary of which is Doug Frizzell.

The French athletic championships in Paris recently resulted in a win for Auvergne in the 100 metres in 10 3-5 seconds. This is much slower than Percy Williams' time One must be careful to note that in England the 100 yards is usually the distance in the shout i sprint ic whereas in the Olympic games the distance is 100 metres.

After winning the 100 yards at Hemsworth on a Saturday recently S. E. Englehart the English champion sprinter dashed away by motor Stage & Taxi Service to Selby where he ran and won the 220 yards in 22 2-5 seconds by in-

Cricket authorities in England have already selected the players to make a tour in South Africa this winter. There will be 15 in the party mests at 2 p.m. which will leave England on October 17. Chapman, who has captained the test team in England this year will be the captain and the team will be a strong combination with many present and probable test players. South Africa put up a good fight in England last year and are very keen and attractive play-

Newcastle United, the first division football team of the English League and one that was nearly demoted to the second division last year lost a sum of \$80,000 on the last two years' operations. Everton Five years guarantee. ham lost \$50,000 in the same year.

Sheffield Wednesday, winners of the First Division football league championship, and Arsenal, winners of the English Cup last year, will play for the Charity Shield at Stamford Bridge on October 8.

Engelhart, the English 100 yards champion who will run at Hamilton, scored an easy win at the Hemsworth Collieries Club's sports recently, winning by two yards in 9.9 seconds.

The Edmonton Grads over a period of 15 years and with a constantly changing personnel have travelled more than 60,000 miles in defence of their various titles. During that time they have played 340 games and have been successful on 333 occasions. This includes the present run of 85 successive victor-

This marvellous record caused Dr. James Naismith, the inventor of basketball to say: "I am thoroughly convinced in my own mind that the Emonton Grads have the finest team that ever stepped on a basketball court."

Do you Look for a "Bite" in Whisky?

Many cheap and inferior whiskies are noted for their "kick" or "bite." A "bite" is the result of adding raw spirit to the blend. Actually a whisky with "bite" is usually much less mature than a whisky with none.

is acquired after many years in the wood. When maturity and properly "married" White Horse i ready for the world's approval. A more mellow, generous and delightful spirit than White Horse is not obtainable.
