Standing As Result of Contest Is 31 Conservatives and 17 Liberals—Grits Gain Six Seats

ST. JOHN, June 20:-The Conservative government of Premier J. B. M. Baxter was victorious in the general election in New Brunswick yesterday but its majority in the legislature will be smaller than when it appealed to the people. Whereas the standing at dissolution was government 35, and Liberals, 11, wth two seats vacant, the election gave the government 31 seats and the Liberals, 17. Wendell P. Jones, Opposition leader, was defeated as were also Speaker J. L. O'Brien and Hon. Lewis Smith, minister of agriculture.

The Political Corner

Conservative Party Favors Vancouver

The Conservative Party, as a party, has always treated the claims of Prince Rupert with intolerance, at times, amounting almost to contempt. No doubt the reason for this is because the Grand Trunk Pacific was a Liberal Party project and the city of Prince Rupert being its terminal was identified in interest with the railway project.

One has only to read the debates in Hansard at the time the elevator vote was under discussion to see the animus of the leaders of the Tory Party against this Port. Messrs. Meighen, Manion and Drayton, three of their party leaders, referred contemptuously to the claims of Prince Rupert, Sir Henry Drayton going so far as to ask why Prince Rupert should be allowed by the Government to enter into competition with Vancouver in the grain export trade. His exact words were: "What earthly use is there in this Government turning round and mak-"ing competition between their own terminals, Vancouver on the one "side and Prince Rupert on the other? You have no grain in the latter "district you have to go East of that for your grain."

All of which means just one thing, namely, that Prince Rupert is not entitled in the minds of the Tory leaders to a share of the grain trade from the East and naturally it follows to no share in the Peace River grain trade. This should all be diverted to Vancouver. Why, forsooth, should Prince Rupert dare to enter into competition with Van-

couver for a share of this Eastern grain business? The farmers along the Canadian National will note with interest what Drayton says about there being no grain in this district.

This was the attitude of the Tory leaders a few years ago. Has the Ethiopian changed his skin or the leopard its spots?

What will happen to us if the Mackenzie King Government is beaten and the Tolmie Government backed by the Tory City of Vancouver demands that the Canadian National take over the P.G.E. in order to divert the Peace River trade to Vancouver?

Mr. Brady could not then avert the catastrophe.

This is to advise the people of Prince Rupert and Northern B. C. that we have taken on the agency for the Singer Sewing Machine. will be identical with every other Singer agency throughout Canada. For nearly a century the great Singer organization has devoted itself to the solution of women's sewing problems in every country in the world. Out of this daily contact with thousands of home sewers Singers experts have developed a constant succession of improvements in the machines themselves, numerous ingenious. easy-to-use attachments and many short cut methods which save time and enable every home to do more of its own sewing than you ever dreamed would be possible. The charming effects seen on the most expensive clothes may be successfully attained at home by Singer methods. They are not difficult or complicated. Dresses, the children's clothes, cushions draperies may all be made by the Singer methods which are supplied free with every machine. This can all be done at a fraction of

the cost of the ready made article. A Singer sewing machine is not an expense but the most profitable 'nvestment any home can make. Sold on easy monthly payments. You will have saved the cost long before it is paid for. Call, phone or write and we will be pleased to shew you how easy it is to own a Singer. He said it was designed not to duplicate the work already being done but rather to co-operate with the churches, schools and city, the latter especially in their playground work.

It was explained that in the smaller centres it was customary for boys and girls to use the same building. In Ontario there were number of examples of this.

The organization was managed by a board of directors and in small centre like this the general secretary would have to be also physical director with charge of the gymnasium and games. Mr. Mc-Alister urged that in constructing their plant the swimming pool should be the best and the gymnasium large enough for games. They would be well advised to erect a building that was adequate in every way. They might have class rooms or club rooms, a rotunda and some places liked to instal bowling alleys and have a billiard room. The latter ran into money.

A number of questions were asked and answered. W. H. Tobey read the minutes of a meeting of the Rotary impossible yet to give an estimate game, 1:55. of the cost of any building as so much depended on local condit-

# Unanswerable Argument In the Superiority of Flo-glaze Paint

We ask you the pertinent question: Were you satisfied with the Paint you purchased last? We invite you to try the Flo-Glaze line of Paints. They are self-levelling, leaving no brush marks for dirt or dust to lodge, and the natural rains keep your house clean. Flo-Glaze is the highest standard of Paint obtainable and has 25% greater covering capacity, and the price is no higher than any other of the standard brands. There is a Flo-Glaze Interior Paint, Varnish or Enamel product for every purpose around your home. Listen in with your Radio every Tuesday evening between 6 and 6:45 o'clock and hear more particulars regarding the Flo-Glaze family of Paints, Varnishes and Enamels, or telephone Flo-Glaze Headquarters and your enquiries will be gladly answered and color cards forwarded on request.

S. McAlister, Railroad Secretary, Guest at Luncheon Yesterday

It is not the aim of the Y. M. C. A. to duplicate the work of any other organizations but to cater definitely to the physical and social activities of the young people, stated A. S. McAlister, railroad secretary of the national council of the Y. M. C. A. in Canada, who was the guest of honor at a luncheon of the Rotary and Gyro Clubs yesterday afternoon at the Commodore Cafe. There were present also representatives of several other organizations in the city.

Mr. McAlister gave an interesting address on the work of the Y. M. C. A. which he described as purely undenominational in character. Orand could devote their energies to GOOD WORK interests of young men. Often the Y. M. C. A. became headquarters for the various sports and social activities in a city. He suggested that n Prince Rupert it might be thought that they should devote their energies to carrying on a gymnasium and swimming pool with various offices connected therewith or they might have reading rooms and other activities, particularly Queen Charlotte City hospital has bowling alleys and billiard rooms, been filled to overflowing during Dances could be held if desired. SKIDEGATE, June 20:-Officials of the fisheries department have prohibited settlers at Sandspit from catching blueback salmon at Copper Bay for their own use. The settlers bitterly resent the order when the department in the past has allowed thousands of cohoes to be caught in Tlell River for commercial purposes in spite of the protests of the fishermen.
