# U.S. SENATE PASSES LUMBER TARIFF

## Duty to be Placed on Various Softwoods as Well as Ties, Poles

New Impost Decided Upon By Margin of One Vote; Rough Lumber From Canada May Still Go Across Line

WASHINGTON, March 21.—By a margin of one vote, the Senate yesterday placed a tariff of \$1.50 per thousand board feet on softwood lumber which is now on the free list. The duty would apply to the lumber of fir, spruce, pine, hemlock and larch as well as on railroad ties and telephone poles of all woods. Exemption is provided for Canadian planks and boards when in the rough or not further manufactured than planed or dressed on one side. This was a reciprocal step as Canada permits such United States lumber to enter Canada free.

## BRUINS WIN TIGHT GAME

Were Successful Over Montreal Last Night in First of Hockey Finals—Senators and Rangers Draw

MONTREAL, March 21.—Three gruelling overtime periods were required here last night ere Boston Bruins, starting their defence of the world's hockey title, were able to eke out a victory over Montreal by a score of two to one. Each side scored in the second regular period. At Ottawa, the Senators and New York Rangers placed an hour of bruising hockey which terminated in a one all tie.

The overtime lasted for 45 minutes in the Montreal-Boston game.

## Salaries of Radio Entertainers Drop

Are Now But Slightly Above Those of Stage Performers

SAN FRANCISCO, March 21.—Salaries for radio entertainers are sliding down the scale on the Pacific coast. They are now only slightly above the stage.

Crooning blues singers, once unusually popular on the air, have felt the slash more than other artists. They are being put on weekly salaries netting much less than when on an appearance on a program basis.

Guest artists have felt the effect of retrenchment with a downward trend in payment for a single performance. The pay, however, is higher than the stage. Musicians in radio studios and theatre pits receive equal pay.

## Dominion's Oldest Man Is Celebrating 108th Anniversary

PETERBORO, Ont., March 21.—Purported to be the oldest living man in Canada, James Hendley, former trapper of Burleigh township, is today celebrating in hospital the one-hundred-and-eightieth anniversary of his birth. "Jimmie" Hendley, as he is known in the district, who is suffering from a heart ailment, possesses records to show he was born in Gaspé, Que., in 1822.

### AGREEMENT SIGNED

OTTAWA, March 21.—An agreement for the return of its natural resources to the province of Saskatchewan was signed here yesterday by provincial and Dominion representatives.

## WELL KNOWN SHIPPER DIES

Frank Waterhouse Passes in Seattle At Age of 63

SEATTLE, March 21.—Frank Waterhouse, aged 63, well known in shipping circles of the Pacific Coast, died here yesterday. He was formerly located in Vancouver but moved here several years ago. The Frank Waterhouse line of freighters in British Columbia is named for him.

## Conference On Taxation Soon

Representatives of Dominion and Provinces to Get Together

VICTORIA, March 21.—A conference between the various provinces and the Dominion for the purpose of discussing taxation in general, will be called at an early date, Attorney General R. H. Pooley announced yesterday.

# LABOR GOVERNMENT WINS HOUSE VOTE

## SENTENCED TO DEATH

Vancouver Youth Convicted of Murdering Chinaman Last November

VANCOUVER, March 21.—Albert Wisser, aged 20, last night was found guilty by a jury at the Supreme Court Assizes of having murdered Jow Chew Way, a Chinese vegetable truck driver in North Vancouver last November and was sentenced to hang on June 13.

The jury, which was out for five hours to consider its verdict, made a strong recommendation for mercy which will be considered by the Department of Justice and which may result in commutation of the death sentence.

Wisser and Charles McCraight, the latter 18 years of age, were charged with holding up the Chinaman with intent to rob him. During the scuffle, the victim received a blow which caused his death. McCraight is to be tried separately.

## Students Broke So Fire in Fraternity House Burns On

ANN ARBOR, Mich., March 21.—When fire broke out in the University of Michigan Pi Kappa Alpha fraternity house, damage of \$1,000 resulted, because no one had a nickel to insert in the pay telephone for a fire department call. A freshman sent to a frat house across the street to use a telephone borrowed a nickel and returned to the house to call the firemen.

## Inauguration Of Forest Planting Commemorated

CLOVERDALE, March 21.—Commemorating the inauguration of the first forest plantation in British Columbia on commercial lines, an interesting ceremony was held in the Green Timbers area, where the Provincial Government is establishing a tree nursery that will eventually include 40 acres.

The government was represented by Michael Manson, M.L.A. for Mackenzie; George A. Walkem, M.L.A. for Vancouver, and J. W. Berry, M.L.A. for Delta.

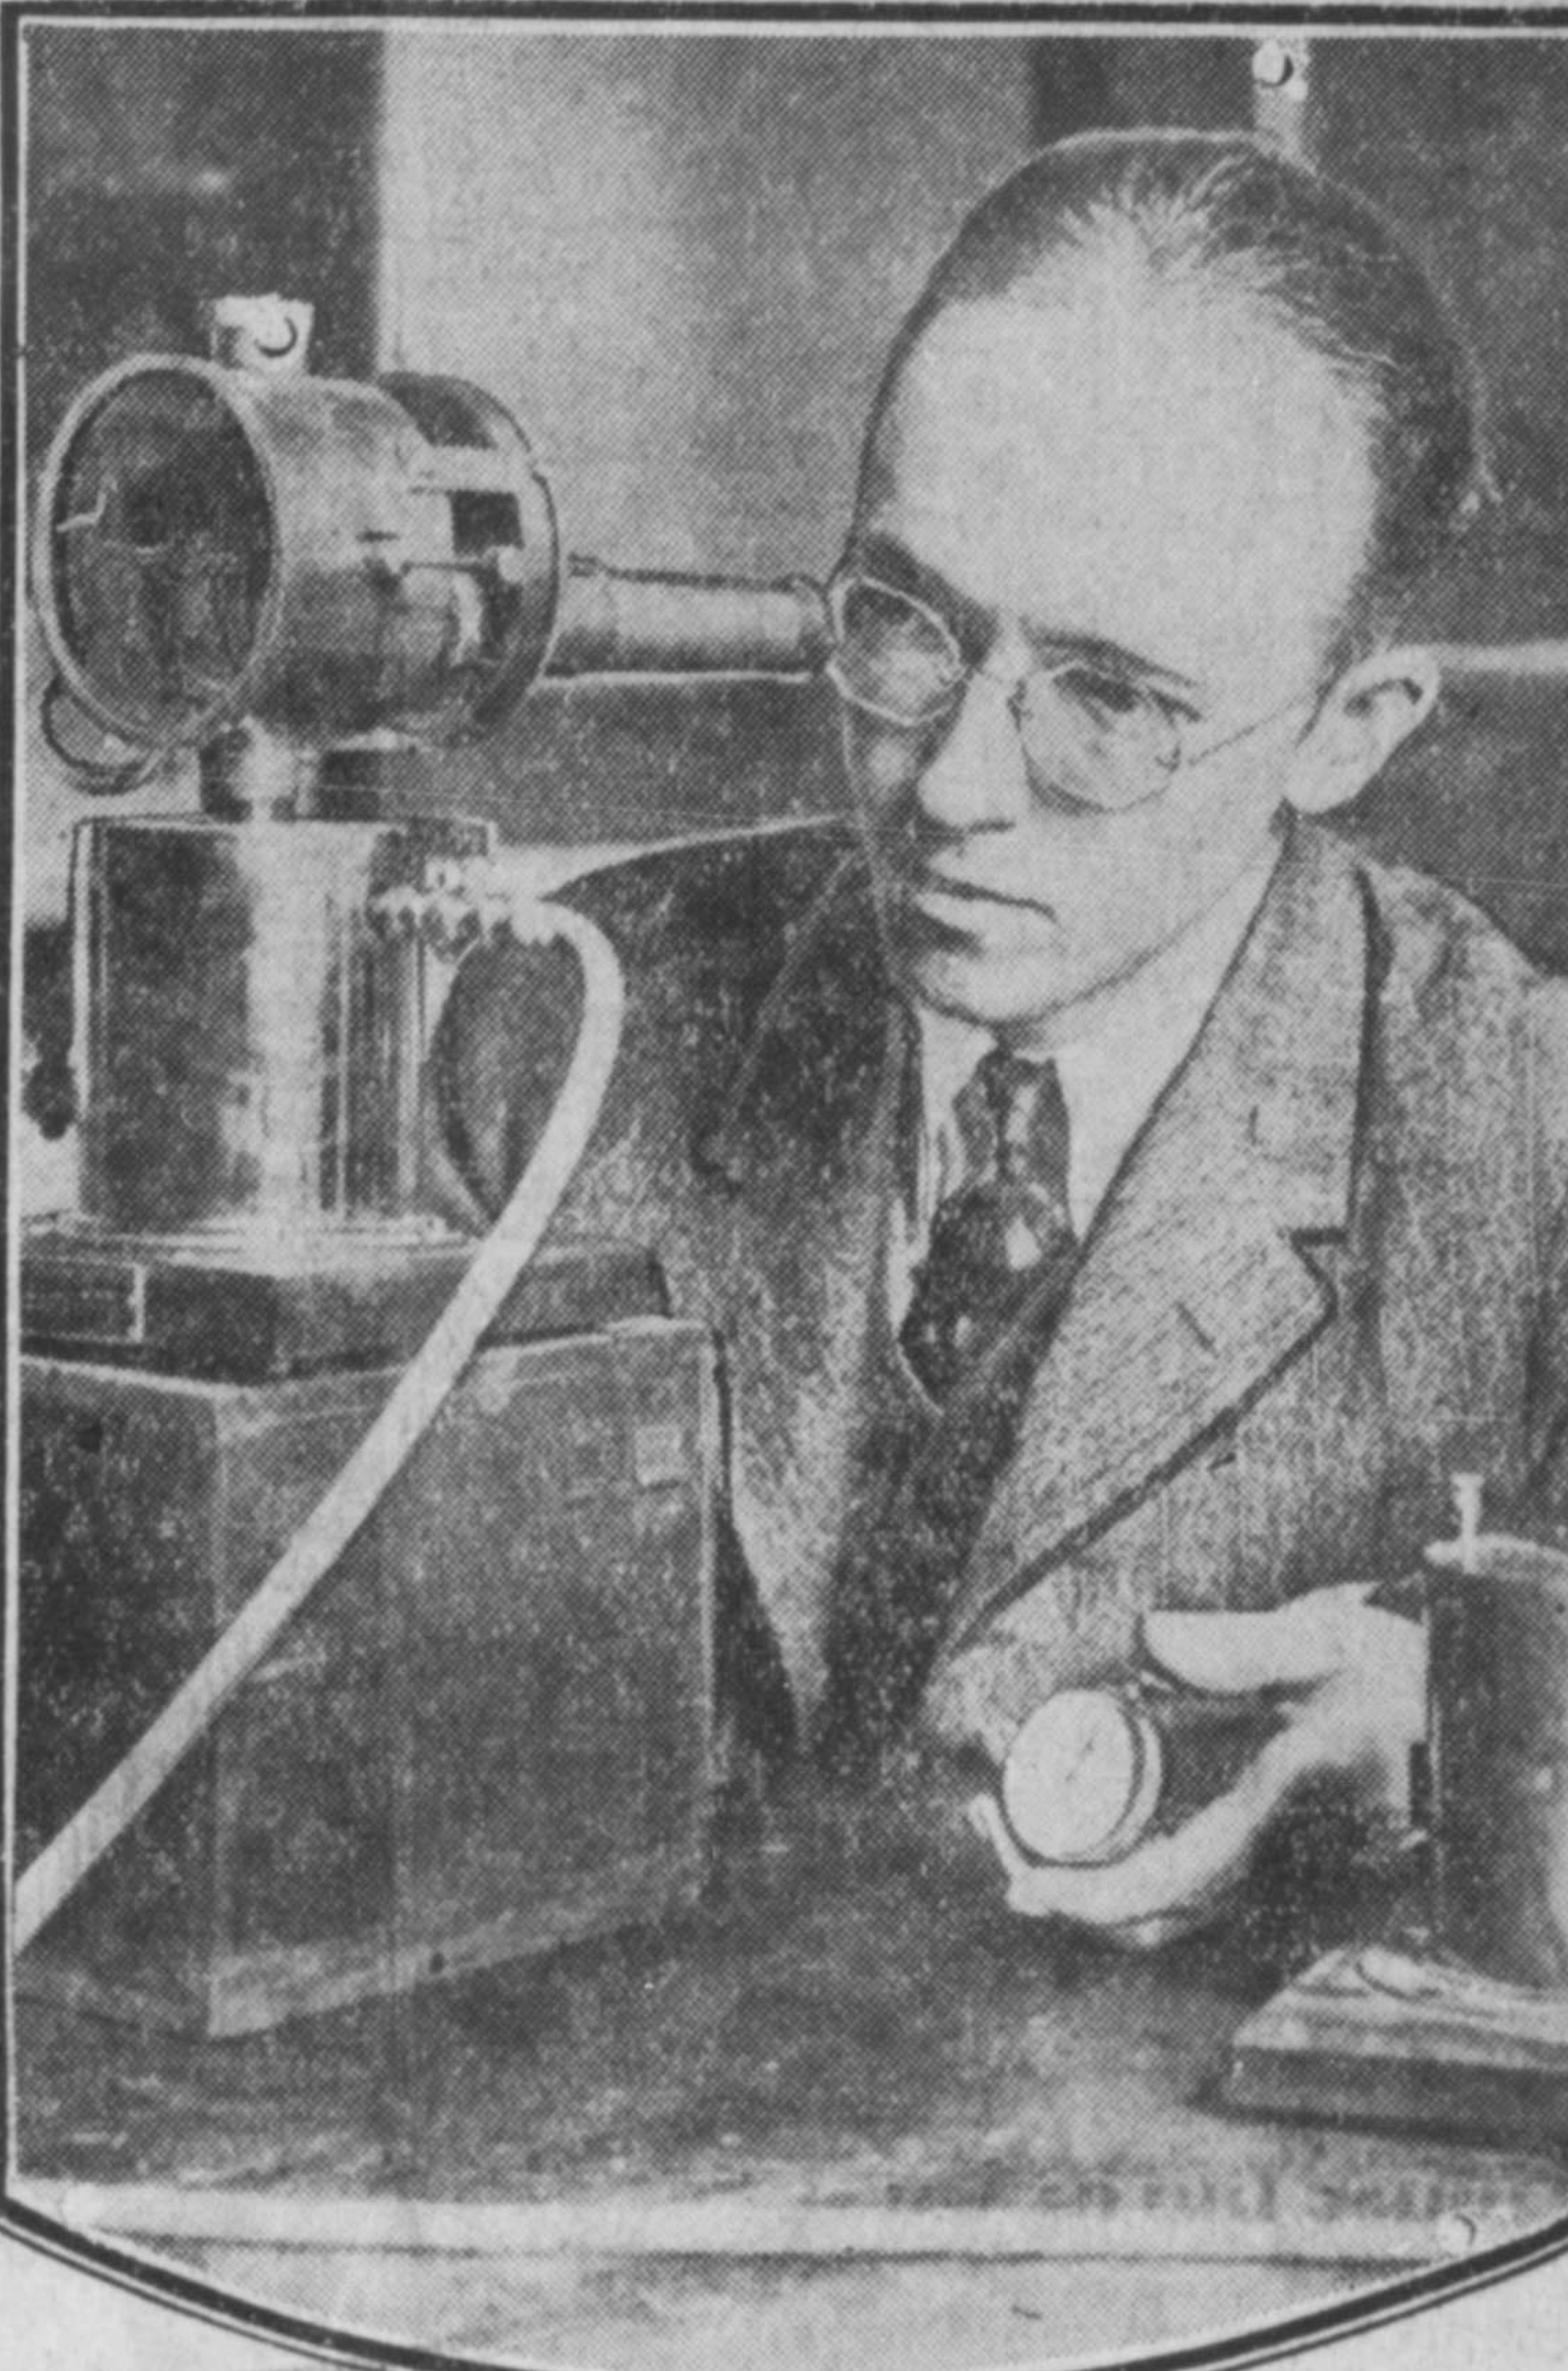

### LECTURER DUE MONDAY

Dr. Mandy, district mining engineer, has received word from George E. Winkler, mining engineer, stating that he will arrive in Prince Rupert Monday afternoon and will give the first of the series of lectures on mineralogy in the city council chamber that same afternoon and another in the evening.

## SPRINGS RUN AGAIN AFTER EARTHQUAKE ON Q. C. ISLANDS

SKIDEGATE, March 21.—Hot springs on Hot Springs Island, near here, which dried up after the severe earthquake shocks in May last year, are now running again. At midnight on Thursday of last week, several heavy tremors were felt on the islands.

## \$2,000,000,000 Worth of Radium

Prof. James A. Hestman, Emory University, Atlanta, Ga., declares an untold quantity of radium lies locked in granite of Stone Mountain, Georgia, worth, roundly speaking, some \$2,000,000,000.

## ROAD VOTE IS COMING

Continuation of Local Highway to Be Provided For Under Big Loan Bill

VICTORIA, March 21.—Outlining the purposes of his \$8,000,000 special road loan, Hon. N. S. Loughheed, minister of public works, in the legislature yesterday revealed his program by districts.

In Prince Rupert district, extension of the Skeena River Highway from Galloway Rapids towards the Skeena River is planned. On the Queen Charlotte Islands, it is proposed to improve the main roads as well as settle roads.

## McIntosh Red Is Most Popular of Canadian Apples

"Apples is apples," but not when you know them. In a recent survey the Fruit Branch of the Dominion Department of Agriculture secured some interesting information on this subject. The Dominion favorite is McIntosh, the survey shows. Then in order come the Northern Spy, Gravenstein, the Delicious and the Baldwin. By provinces, Ontario prefers its "Spy," Nova Scotia and New Brunswick their "Gravenstein," while Quebec, Manitoba, Saskatchewan, Alberta and British Columbia all vote "McIntosh" first. Other popular varieties are, Greening, Snow, Fameuse, Duchess, Bow Sweet, Winesap, Wagener, Jonathan and Wealthy.

VANCOUVER, March 21.—Wheat was quoted on the local Exchange today at \$1.10-1-8.

## MURDOCK SENATOR

Former Minister of Labor is Elected to Red Chamber

OTTAWA, March 21.—Hon. James Murdock, former minister of labor, has been appointed to the Senate to fill another of Ontario's vacancies.

Mr. Murdock was first elected to Parliament for one of the Toronto seats in the general election of 1922 and was called to the cabinet of Premier King as minister of labor. In the next general election, however, he lost his seat and, not seeking another, dropped out of the cabinet. He has always been a prominent figure in the ranks of organized labor through his connection with the International Brotherhood of Railroad Trainmen, having originally been a conductor on the Canadian Pacific Railway.

He is 58 years of age, was born in England, came to Canada at an early age and has lived for the most part of his life in Ontario. His home is in South Toronto.

## WHITE MEN GIVEN JOBS OF CHINESE

VICTORIA, March 21.—Chinese miners at the Cumberland collieries are being replaced by idle white miners from Nanaimo, Hon. W. A. McKenzie, minister of mines, disclosed in the legislature yesterday. The minister read a letter from Col. Charles Villiers, general manager of the Canadian Collieries (Dunsmuir) Ltd., stating that 41 Chinese had been already displaced in this manner.

## Coal Bill is Passed Despite Opposition of Solid Tory Group

Liberals Refrain From Voting on Grounds That Hostile Action at This Time Might Affect Naval Conference

LONDON, March 21.—An amendment to the Coal Mine Bill which proposed to omit from the bill the sub-section providing for fixing of maximum prices for all classes of coal in all districts was defeated in the House of Commons yesterday, the government winning on the division by a majority of 45. The Liberals did not vote, Rt. Hon. David Lloyd-George, their leader, announcing that they had decided to take no further part in moving or supporting amendments in the committee stage of the Coal Bill. The reason he gave was that action of a hostile character by the Liberals at this time would affect critically the state of the naval conference.

## FUEL OIL TAX DOWN

All Users, No Matter How Small the Quantity, Will Have to Make Returns to Government

VICTORIA, March 21.—Every person consuming fuel oil in British Columbia, no matter how small the quantity, must make a return to the government showing the amount he has consumed. The government will then tax the consumer direct at a rate of half a cent per gallon in a manner similar to the collection of the income tax. Such was the announcement in the legislature yesterday of Hon. W. C. Shelly, minister of finance, in introducing the new fuel oil tax. Liberals have intimated that they will vigorously oppose the passage of the measure.

### EDUCATIONAL DANGER

Speaking before the teachers of Halifax, N.S., recently Mrs. Beatrice Ensor, chairman of the New Educational Fellowship Society of Halifax, contended that the entire educational system of the world was too mechanical and the danger of standardizing our education presented grave difficulties. Dr. H. F. Munro, superintendent of Education in Nova Scotia agreed with Mrs. Ensor's statement and said he would be pleased to abolish the whole system of examination in preference of a better system.

### GOOD OLD ADAGE

Mrs. Tabetha Newell, of Clarke's Harbor, N.S., recently celebrated her 88th birthday. Mrs. Newell dates the adage early to bed and early to rise has kept her in good health throughout her life. She still rises every morning at 6 and helps with the work around the house.

## HOCKEY SCORES

COAST LEAGUE  
Victoria nil; Portland 8.

Evidence in the case of Oscar Hanson, charged with keeping liquor for sale, was heard by Magistrate McClymont in city police court this morning and the case adjourned until tomorrow morning for argument.

## WILL SPONSOR PRINCE ROBERT

Mrs. J. L. Ralston Consents to Officialize at Launching of Third New C.N.R. Boat

LONDON, March 21.—Mrs. J. L. Ralston, wife of the minister of national defence for Canada, has agreed to act as sponsor for the "Prince Robert," of the Canadian National Steamships, which will be launched at Birkenhead on the afternoon of April 3.

Mrs. Ralston came to London with Col. Ralston K.C., C.M.G., D.S.O., who is representing Canada at the Naval Conference and it is quite fitting that, while on a mission to reduce naval armaments, there should be a launching of a Canadian vessel to operate in peaceful international trade.

The "Prince Robert" is the third of the three vessels designed for service on the British Columbia coast and is the eighth vessel built for the Canadian National Steamships at the yards of Cammell Laird & Co. Two vessels previously launched, Prince Henry and Prince David, are now being fitted and will be in commission for the coming tourist season.

## Island Kingdom Has Evolved New Coinage System

LUNDY ISLAND, Bristol Channel, March 21.—A new system of coinage and postage stamps has been established on this tiny "island kingdom" where 40 people make a living by farming, fishing and horse breeding.

The island, which is three miles long, half a mile wide, and comprises 1,150 acres, is owned by a London business man, Martin Coles Harman, who has just made the innovation of pennies and stamps.

The coins are legal tender on the island. On one side appears a bust of the owner of the island. On the other is the head of a puffin, a sea-bird which is native to the island.

W. H. M. Johnston of Vancouver, industrial agent of the Canadian National Railways, sailed by the "Prince George" last night on his return south after having made the round trip north on the vessel.

### HINCHCLIFFE SCHOOL TAX

Any opposition we may have expressed in the past to the proposed Hinchcliffe school tax must be withdrawn in face of the bill which has been submitted to the legislature and which possibly may be passed today. The proposal has been so changed that it seems at first glance and without knowing the details, as if it should be passed without opposition. It is quite right that those places which evade the school tax through closing down their schools or through manipulating to be kept out of a school district, should have to pay their share. Education is something for all whether they have children or not.

### WORK ON HIGHWAY

All Prince Rupert people will be pleased to find preparations being made for the work on the highway. Last year we were all much disappointed that nothing was done in the way of actual construction. Now there is a noticeable and pleasing change in the attitude of the Victoria Government toward Prince Rupert and we hope it will continue. If in the fall we are able to drive to Cloyah or Prudhomme Lakes we shall feel that the Government is really in earnest in this matter. What we need is the highway and we shall give all credit that is coming to anyone who builds it.

### WORK OF DR. ROBERTSON

The death of Dr. J. W. Robertson of Toronto removed from Canadian life an outstanding figure. He it was who carried out the scheme of Sir William Macdonald for the fostering of technical training in the Dominion including the introduction of domestic science and manual training into the public schools. He was a member of the conservation commission and later became a very prominent Red Cross worker. He attended the Peace Conference at Versailles with Sir Robert Borden as a special representative and in Paris was appointed Canadian director of food supplies, with membership in the food section of the supreme economic council.

Dr. Robertson in 1919, at the request of the Duke of Devonshire, then governor-general, accepted the office of Chief Commissioner of the Boy Scouts Association of Canada, and this, together with his manifold activities in connection with the Red Cross, engaged much of his time in later years. It was earlier in his career that he had been mainly responsible for establishing in Canada the Victorian Order of Nurses.

The difficulty with men today is they are always in a hurry. They think they can do in ten years what it would take Nature tens of thousands of years to accomplish.

## DISTRIBUTORS WANTED

We want active distributors, to whom will be given exclusive territory rights, to handle the Charles Gurd complete line of beverages.

Eastern Canada knows the high quality of Gurd's Ginger Ales, Ginger Beer and other beverages—knows them through three generations of appreciative customers. The West Indies, South America, India—these hot countries import Gurd's refreshing Dry Ginger Ale in large quantities.

We now wish to distribute Gurd's across Canada. We need distributors who will put the same enthusiasm into selling our products as we put into their manufacture.

## BACTERIA INCREASE VERY FAST

Minute Creature That Causes Yellowness in Halibut Doubles Its Number Every 20 Minutes

The discoloration of halibut was the subject of an interesting address given yesterday by Don Finn, director of the Fisheries Experimental Station at the luncheon of the Prince Rupert Rotary Club. Halibut which are perfectly white when caught are often landed in a yellow condition thus causing great loss to fish dealers and fishermen, and for two years the experimental station has been experimenting and investigating with a view to improving the condition.

Mr. Finn said that at the station they had isolated the bacteria which seemed responsible for the yellowness. It had been named *Pseudomonas fluorescens*. This bacteria flourished at a temperature just above freezing and the number were doubled every 20 minutes. An attempt had been made to control it by sterilizing the ice and the vessels but this had been found unworkable. Now they were adopting other methods and were expecting results. Any method used had to be one that would not affect the fish or the vessels.

It was generally admitted that if the bacteria could be controlled, the industry and the fishermen would be saved huge sums of money and they were still working to that end.

## EIGHT ELK SAFE HERE

Novel Visitors in City En Route to Queen Charlotte Islands

Having withstood the long train trip well and in good condition, eight elk from Wainwright National Park, Sask., arrived here in a special baggage car attached to yesterday afternoon's train from the east and tomorrow night will be taken on the steamer Prince John to the Queen Charlotte Islands where they will be liberated under a plan of the Provincial Game Board to stock the islands with their kind. Each elk came in a separate crate and were in charge on the train trip of D. W. Davison who will take them on to the islands, accompanied by Game Warden Ed. Martin of this city. They will be transferred from the car to the boat tomorrow afternoon. Meantime, the car is being kept locked so they may not be disturbed by curious people who would, no doubt, like to see them.

Of the eight animals, two are males and six females, the latter being all in calf which they will deliver not long after their arrival on the islands. They were picked up wild from the national park and are three and four years old except one which is two years old. The males are shed of their antlers at this time of the year. They will be liberated either at Skidegate or Queen Charlotte City after which they will again be real animals of the wild.

During the train trip they were foddered with green feed and prairie wool. Mr. Davison reports that, despite their strange surroundings, all had good appetites with the exception of one which had to be given an appetizer of salt.

While on the islands, Game Warden Martin will interview as many of the white and native population as possible for the purpose of seeking their co-operation in seeing that the animals are carefully preserved. If the elk and deer thrive and multiply, hunting of them may be permitted in some future year.

## Asks Transfer From Simpson

Rev. Manley F. Eby Seeks Change in United Church Ministry; Skidegate Pastor Returning to College

Rev. Manley F. Eby, who has been United Church minister at Port Simpson for several years, has asked for a change of field and will probably be transferred at the forthcoming annual conference.

Rev. J. H. Matthews of Skidegate will return to Union College to resume his studies.

## ARE MOVING LOG OUTFIT

J. R. Morgan Co. Start Operations at Cumshewa Inlet—Loaded Out One Million Feet of Spruce

The J. R. Morgan Logging Co., which has been operating for several months at Queen Charlotte City, is now moving its equipment to Cumshewa Inlet, Moresby Island, and will start operations there at once.

The log-carrying barge Pacific Forester left Queen Charlotte City last week in tow of the tug Lorne after having loaded one million feet of spruce logs at the Morgan camp for delivery to the mainland.

## Miss Wilkinson Is Bride at Terrace

United in Marriage to C. L. Cauthers at Pretty Ceremony on Wednesday Afternoon

TERRACE, March 21.—A pretty wedding was held in the home of J. Fagon on Wednesday afternoon at 4 o'clock, when Miss Frances Beatrice Wilkinson was married to C. L. Cauthers. The bride, who was given in marriage by her father, was gown in silver lace, wearing silver kid shoes and the conventional white veil. The bridesmaid, Miss Gladys Kenney, wore a pink georgette dress with silver lace trimming. The groom was supported by Le Roy Thomas. Rev. A. W. Robinson officiated at the ceremony.

After the wedding a buffet lunch was served. Out of town guests included Miss Maile Leggat, Smithers; Charles Wilkinson, Sockeye; Mrs. A. Y. Wilson, Remo.

Progressive merchants advertise.

## A Pleasant Interlude..... In a Woman's Day

TIRED with shopping?—stop at a soda fountain to sip a glass of Ovaltine. It is wonderfully refreshing. At home, when wearied with household tasks, take a moment to enjoy a cup of this delightful food beverage. It will soothe your nerves, re-invigorate your body and rebuild your worn brain cells.

Ovaltine supplies the nutrition of fresh eggs, creamy milk and ripe barley malt, correctly proportioned, and in easily digested form. It is a perfect food as well as a pleasant, wholesome beverage. Doctors throughout the world recommend it.

## Local Items

Dentist, Dr. J. R. Gosse, Phone  
686.

Mrs. Jack Zarelli, who arrived  
in the city a few weeks ago from  
San Francisco, sailed last night  
on the Prince George for Vancou-  
ver where she will take up future  
residence.

P. M. Docker of the Forest  
Branch service, who has been on  
a trip to the Queen Charlotte  
Islands on official duties, sailed  
last night on the Prince George  
for Ocean Falls.

Alex McB. Young of Prince  
George arrived in the city on yester-  
day afternoon's train from  
Prince George and will sail Sunday  
night on the Camosun for a trip to  
Anyon on legal business. Mean-  
time, he is the guest of his parents,  
Judge and Mrs. F. McB. Young,  
Fourth Avenue East.

Mr. and Mrs. E. Davidson and  
little daughter will sail on the  
Princess Norah Sunday afternoon  
for Vancouver where they will em-  
bark aboard a Dutch motorship  
and travel via the Panama Canal  
for a trip to Mr. Davidson's native  
home in Scotland. They expect to  
be away for six months.

Dr. L. W. Kergin will sail on the  
Prince Charles Sunday night for  
Vancouver en route to Chicago, New  
York and Rochester, Minn., to take  
up post-graduate work. On his re-  
turn to the city in July, he will be  
accompanied by Mrs. Kergin and  
family, who have been spending  
the past year in Toronto.

In answer to questions asked  
in the legislature last week by J.  
M. Mitchell, Conservative member  
for Kamloops, Hon. W. C. Shelly,  
minister of finance, stated that  
A. M. Manson, then attorney-gen-  
eral, had charged the government  
with the sum of \$333 for expenses  
on a trip to Clinton and Hazel-  
ton in the summer of 1926. Much  
of this was taken up in gasoline  
and oil purchased during the trip.

Hon. N. S. Loughheed, minister  
of public works, in answer to  
questions by A. M. Manson, M.L.A.,  
for Kamloops, stated in the leg-  
islature last week that a Bowser  
invisible type of pump had been  
purchased at Vanderhoof since  
August 20, 1928, from J. M. John-  
ston of Vanderhoof. The pump  
had been in use in the district  
for eight years before being pur-  
chased by the department. It  
would cost \$475 today at Vander-  
hoof to purchase a similar type  
of pump.

## MIST-LIKE DROPS

WHEN cod-liver oil is emul-  
sified it is broken up into  
myriads of mist-like drops quite  
as Nature provides the butter-fat  
in milk. That is why

## SCOTT'S EMULSION

more than fifty years ago won  
world-wide recognition as cod-  
liver oil in a form that people  
could take and enjoy.

When you need cod-  
liver oil, take Scott's  
Emulsion. It's easy to  
take—digests readily.

G. A. Woodland, local agent for  
the Imperial Oil Co., returned to  
the city on yesterday afternoon's  
train from a brief business trip to  
the interior.

G. A. Woodland, local agent for  
the Imperial Oil Co., sailed last  
night on the Prince George for a  
brief trip to Ocean Falls on com-  
pany business.

District Game Warden T. Van  
Dyk, with headquarters in Prince  
George, arrived in the city from  
the interior on yesterday after-  
noon's train and will return to  
Prince George tomorrow morning.

W. G. McMorris, managing di-  
rector of the Kitsault-Eagle Gold  
Mines Ltd., who has been on a  
trip to Skidegate Inlet where his  
company has acquired the well  
known Southeastern mine, sailed  
last night by the Prince George  
on his return to Vancouver.

Replying to questions asked by  
H. F. Kergin, M.L.A., for Atlin,  
Hon. N. S. Loughheed, minister of  
public works, stated in the leg-  
islature last week that \$16,332.17  
had been authorized by the de-  
partment for expenditure on Bear  
River protection below Bear River  
bridge at Stewart. Of this but  
\$11,379.50 had been actually spent  
weather conditions having caused  
a temporary suspension of the  
work.

## GOLDBLOOM IS ON THE JOB

Back From Hospital Paying High-  
est Prices For Furs Again

W. Goldbloom, the fur buyer,  
arrived back from the hospital  
this week following a brief stay  
there for medical treatment. He  
announces that he is again back  
at the store and is paying the  
highest prices in the whole north-  
ern district for furs. He would  
like those who have furs to get  
his prices first.

Mr. Goldbloom is much pleased  
at the treatment he received in  
the hospital. He says that the im-  
proved system of handling pa-  
tients is excellent.

Billard finals tonight. Elks vs  
Grotto.

The final basketball games Ex-  
hibition tonight. First game 7:30

F. Boulter will sail on the Car-  
dena tonight for a trip to Van-  
couver.

Miss Edna Unger sailed last  
night on the Prince George for  
Vancouver where she expects to  
locate.

William Bell of the C.N.R. com-  
missary department returned to  
the city on yesterday afternoon's  
train from a brief trip to the in-  
terior.

Mr. and Mrs. Gordon Jolliffe of  
Queen Charlotte City are paying  
a brief visit to the city, having  
arrived from the Islands on the  
Prince John yesterday.

Jack Hilditch arrived in the city  
on yesterday afternoon's train  
from Hazelton where, for the past  
year or so, he had been in the em-  
ploy of the Hudson Bay Co.

F. T. Fitch of the local Customs  
House staff sailed last night on  
the Prince George for Ocean  
Falls where he will be for the  
next few weeks on relief duty.

R. G. Cunningham, well known  
pioneer resident of Port Essing-  
ton, has been spending the win-  
ter in California and is expected  
to return to the district before  
long. Recently he was in San  
Francisco.

F. W. Hart, who has been a pa-  
tient in the Prince Rupert Gen-  
eral Hospital for the past couple  
of weeks, sailed last night on the  
Prince George for Vancouver  
where he will further recuperate  
from his recent illness.

John L. Barge, well known pio-  
neer resident of Queen Charlotte  
City, sailed last night on the  
Prince George for Vancouver. Mr.  
Barge has disposed of his interests  
on the Queen Charlotte Islands  
and expects to locate in the south.

R. M. Reid, accountant at the  
Langara Fishing & Packing Co.'s  
cannery at Massett, who arrived  
from the Islands on the Prince  
John yesterday, sailed last night  
on the Prince George for a visit  
to his home at Everett, Washing-  
ton.

W. F. Binns, accountant of  
Balmoral Cannery, arrived in the  
city on the Princess Royal this  
afternoon from Vancouver, where  
he spent the winter, being on his  
way back to the cannery prepara-  
tory to the forthcoming season's  
operations.

On suggestion of Dr. L. E. Bor-  
den, M.L.A., for Nelson, the leg-  
islature is considering setting Ar-  
mistice Day, November 11, as the  
permanent national day commem-  
orating the glorious deeds and  
sacrifices overseas of the Cana-  
dian Expeditionary Forces and  
thanksgiving.

Mrs. Ole Solbreken was brought  
to the city on yesterday after-  
noon's train from Terrace to enter  
the Prince Rupert General Hos-  
pital for treatment. She was ac-  
companied to the city by Mrs. N.  
Sherwood and was removed from  
the train to the hospital in the  
ambulance.

**PILES**

## BOOSTS FOR YUKON ROAD

Capt. Geo. Black and J. C. Brady  
Heard in Highway Debate  
at Ottawa

"I am sure the government are very much in favor of encouraging tourist traffic in Canada, and I think no better contribution could be made along this line than a reasonable grant for the continuation of that highway," said Capt. George Black, M.P. for Yukon, in speaking last week of the proposed Alaska-Yukon highway, in the course of the debate in the House of Commons at Ottawa on federal aid to the provinces in highway construction. "The road, has been built through British Columbia almost to the northern boundary; it is already constructed through Yukon territory and a comparatively small grant would be sufficient to put the highway in shape for tourist traffic. This project is being seriously considered by the government of British Columbia, and in this connection I should like to read to the house the words of the premier of that province, as they appear in a despatch from Ottawa under date of September 9:

"A grand plan for an international highway extending from the border of Mexico away up through British Columbia to the Yukon and Alaska was discussed at an interview here today between Premier Tolmie of British Columbia and Hon. Charles Stewart, minister of the interior. The provincial government is favorable to the plan, but it is of great magnitude, and federal aid will be necessary.

"It is understood that Mr. Stewart was prepared to have the Dominion build the Yukon part of it

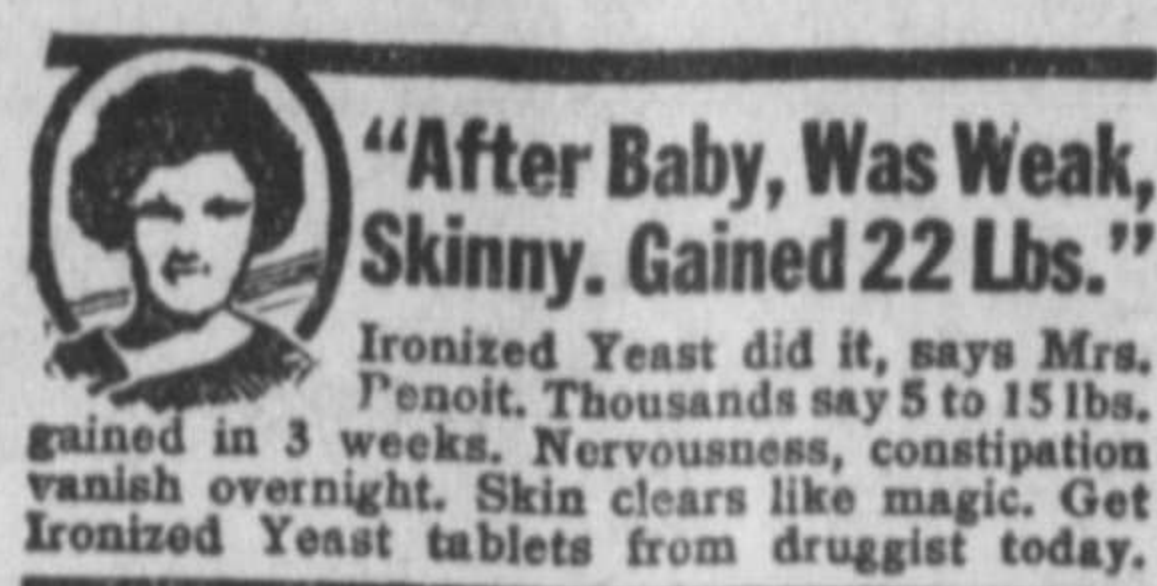

"That is very good news. But did not commit himself on the other."

"I presume that would be the section through British Columbia."

"There are some 460 miles of new road in British Columbia, and about 125 miles in the Yukon required to carry out the scheme."

"New construction in the Yukon will not total 125 miles, but a great many improvements will be necessary to the present roads to make them suitable for tourist traffic."

"Premier Tolmie explained that the highway would run from Tia Juana, Mexico, up the whole Pacific coast to the international boundary of British Columbia, connecting there with the roadway to Hazelton, B.C., and afterwards going on to connect with the Yukon and Al-

aska systems. "It would give United States people," he said, "an opportunity of visiting Alaska by road through the richest scenery in the world. It would give Canadians access to the Yukon without going through the United States."

"The matter has gone even further on the other side of the line; already a bill has been passed by the United States Senate and House of Representatives appropriating \$25,000 for this purpose."

Mr. Brady Speaks

"I should like to give one or two reasons why the government should not hesitate to support this resolution," said J. C. Brady, M.P. for Skeena, in the same debate. "The history of our roads is one of the most fascinating and instructive stories in Canada's development. The provinces of Ontario and Quebec, the cities of Montreal, Toronto, Kingston, and the ancient city of Quebec, primarily owe their great development to the roads that were inaugurated in the early years of Canada's history."

"The point I want to emphasize, Mr. Speaker, is that we are asking for something which we believe will result in the better development of Canada as a whole. When the Canada Highways Act was in operation, \$80,000 was granted each province over a five-year period, and the balance was distributed in proportion to population. Since that money was spent British Columbia—which to my mind presents the greatest road problem of any of our provinces—is being forced to develop, for the interest of the Dominion government as much as for the province, this immense undertaking. I should like you, Mr. Speaker, to picture for one moment the situation of the city that the minister of the interior (Mr. Stewart) said, he hoped would very soon be linked up with our transcontinental highway. I refer to Prince Rupert. Do you know, sir, that today we have not a road linking up that city with any other city or town in Canada? Only 90 miles of road construction from the port of Prince Rupert would bring us in touch with our Canadian highway and enable the people of that city to travel to Vancouver or Eastern Canada. Now, what, would that road cost? I believe it will be a costly undertaking, but it is going to open up one of the finest scenic sections, not merely of British Columbia but of any part of the Dominion. I refer to that wonderful stretch of river and mountain scenery between Prince Rupert and Terrace, a distance of 90 miles."

"Is it possible we do not know that in the last 10 years public opinion in Canada has changed with regard to our highways? Changed conditions bring about a new set of facts that we must face squarely. What are these facts? We are in a great machine age, the most marvellous period of development in any past era. We demand these highways for our own national development. It is not a mere petty local demand; we are making the demand looking at Canada as a whole. True, we have our railways, but they can do for the development of the country exactly what they are intended to do and nothing more. They are intended for transportation purposes, for colonization purposes, and as great avenues for the transportation of freight and passengers. But, sir, what about our roads? Roads today are part of our modern civilization. They are for the use, not of the wealthy alone but of all the people; and if we do not get a sufficient program of road building put into effect, I want to tell you that you to a great extent are stopping the natural progress and development of the very country that is willing to return to you far more than you can give it."

"Nothing would more substantially conduce to the development of a real Canadian spirit, a real national spirit, than for this government to build across Canada a road that would enable a Canadian to travel in his own country from Vancouver or Prince Rupert to Halifax. If that were done I am convinced that by this investment we would get back not a threefold but a fourfold return for the small amount of money required to build up something which would appeal to all Canadians, develop a pride in ourselves, and in a few years increase our wealth by millions of dollars."

## SILVER CUP TAKEN OVER

Active Mining Operations to Be Resumed Soon on Interior Property

The Silver Cup mine and mill near Hazelton has been sold by the Silver Cup (Hazelton) Mining Co. Ltd., to the Omineca Mining & Milling Co. Ltd. and the purchasing company proposes to commence active mining operations immediately. The new company has also undertaken to pay off the debts of the Silver Cup, most of these, indeed, having already been liquidated. As soon as the ore blocked out is mined, the owners plan to reopen the mill, the concentrates to be hauled to the railway at Hazelton in motor trucks. Thomas B. Lewis, formerly with the Federal Mining & Smelting Co., will be superintendent in charge.

Several prominent Vancouver men are identified with the directorate of the new company including Alvin Harvey, Louis M. Diether, J. Edward Sears and John Duns-muir.

The Silver Cup is regarded favorably in mining circles and is fully equipped with a modern power, lighting and milling plant. The former owners had hardly completed the mill before it had to be shut down on account of financial difficulties although, in the short time it operated, over \$35,000 was received for concentrates shipped to Trail smelter.

## Four Miles Of Road Built In 1929 Up Naas

In answer to questions by H. F. Kergin, M.L.A. for Atlin, Hon. N. S. Lougheed, minister of public works, stated in the legislature last week that \$12,130.71 had been expended during 1929 on the Alyanash-Gwin-ha road up the Naas Valley, this being the cost of building four miles of road across laval beds. One tractor, costing \$4,913, and one dump wagon, costing \$395, had been purchased for the work in addition to other equipment available in the district. The cost of placing the equipment on the work from the point of delivery from the shipper had been \$349.45.

## Fred Kergin Off To Bermuda Now

Word has been received from Toronto that Fred Kergin has so far recovered from his recent serious illness as to be able to leave the hospital. Upon the advice of his physicians, he is leaving for Bermuda to recuperate. His sister, Miss Margaret Kergin, is accompanying him.

Announce their genuine  
**STOCK ALE**  
is now fully matured  
and is on sale at all  
Government Liquor Stores

Important

Keep in a moderate temperature.  
Stand bottle upright for at least 24 hours before using. Pour carefully.

This ale is of the famous  
Bass type - of excellent  
flavor and quality - a mild  
ale with a fine hop aroma
