

Possibilities of Prince Rupert As the Location For a Pulp and Paper Legislative Library Set Forth

There is not a place on the American coast so advantageously situated as is the neighborhood of Prince Rupert for a pulp and paper mill, according to M. P. McCaffery of this city. Mr. McCaffery was raised in a mill town and has kept in close touch with the operations of paper mills ever since. Only a short time ago he had occasion to make a thorough survey of the possibilities of the district in this respect and as a result of that survey and of the reports made by others, he feels very confident that what he says is correct and he gives his reasons as follows:

Prince Rupert is located in the centre of the greatest pulpwood area in British Columbia. In the Naas River area alone the forestry report states that there is nine billion feet of pulp timber. At Kitimaat Arm, 100 miles south, there is a large area, and over the whole of the irregular coast country there is pulpwood which would be available for a mill.

Because of this ready availability, pulpwood can be produced in this district cheaper than in any other part of British Columbia.

The huge country between Prince Rupert and Prince George could be drawn on for pulpwood if necessary and the cutting of this would help to bring prosperity to the people of the interior just as is done in Eastern Canada, where much of the pulpwood is shipped by rail across into the United States.

The supply of pulp timber is so large that there need never be any fear of running short.

At the point where rail and water meet is the logical place for big industries and such a place is Prince Rupert. Porpoise Harbor has a site that has been looked upon with favor and there are other sites available. A plant could well be established on Kaian Island.

Mr. McCaffery says he has for the past ten years discussed this matter with people who have been experts or who know something about some phase of the business and he has not yet had one person dispute the fact that the situation is ideal for the purpose. The difficulty is that millions of dollars are required to build and operate such a plant and there is always difficulty in getting it started.

Mr. McCaffery says he knows that many interested people have looked over the field and all agree with what he says. Even now the matter is being seriously considered and the question of finance is the only thing standing in the way. Formerly there was the lack of power to cope with, but now that power in quantity is being provided by the Northern B. C. Power Company, and will be available in a few months, he thinks he sees the consummation of such a project likely in the very near future.

PARLEY BREAKING DOWN

Negotiations Between France and Britain on Security Pact Failure

One Report Is that Complete Deadlock Has Developed;
May Adjourn Conference For Six Months

LONDON, March 29:—Naval circles heard persistent reports today that negotiations between the French and British delegates at the disarmament conference to work out a scheme for a suggested security pact had met with failure so far. One report had it that a complete deadlock had been reached. The opinion is gaining strength that the conference may have to be adjourned for six months in the hope that, in the meantime, some accord may be reached between the contending elements.

Origin and Characteristics Of Great Coast Batholith Subject Of Very Interesting Discourse

George E. Winkler, at his prospecting lectures yesterday, gave a most instructive discourse on the Coast Batholith. It was explained as a matter of pronounced theory or logic that the western coast land, with its network of inlets and rivers and islands, was at one time a continental shelf with perhaps fewer of its elevations above the water. There followed a period during which volcanoes or vents belched forth with greater or lesser regularity and intensity great quantities of material. This activity of intrusive bodies may have been accompanied by some measure of folding. Anyway, subsequent to the happenings mentioned and through additional ages, a tremendous intrusion took place extending for many hundreds of miles in a north-westward and south-eastward direction and for perhaps less than a hundred miles laterally. This great ridge is what is now known as the Coast Batholith. It appears to be steep at the eastern side but irregular and more gradually sloping on the westward side. This great batholith may have taken ages to form.

SEARCH FOR BODIES FAILS

Dragging Operations Unsuccessful
In Efforts to Find Bodies of
Four Men in Estall River

Unsuccessful so far in the search for the bodies of Michael J. Waterman and Larry Ward of Vancouver; Ernest H. Pierce of Port Essington, and W. Nilson of Prince Rupert, construction employees of the Power Corporation of Canada, who lost their lives by drowning at noon last Wednesday when a skiff in which they were crossing Falls River near its confluence with the Estall River capsized, police officers returned to the city last evening aboard the police boat P. M. L. 8. They made a diligent search with grappling irons and other equipment for two days in waters nearby the scene of the tragedy, but failed to recover any of the bodies.

While it is now considered improbable that the bodies may be found at all, a further search may be instituted by the police in a few days' time.

STOLE OFF DEAD MAN

Paul White to Stand Trial at Valdez For Theft of Furs

CORDOVA, March 29:—Charged with stealing furs from the cabin of Charles Wallen, trapper, whom he found frozen to death on the trail near Chitina, Paul White was taken to Valdez yesterday to stand trial.

Is Re-elected Mission Head

VANCOUVER, March 29:—Mrs. C. A. Wickens of Vancouver was yesterday re-elected president of the British Columbia Conference of the United Church Women's Missionary Society.

M. P. McCaffery

Who boosts strongly for pulp mill establishment here.

Appropriations Total \$730,000 For Work To Be Done In Province

Half of Requirements on This Coast Already Met Including Votes For Fraser River and Island

OTTAWA, March 29:—The House of Commons in committee of supply yesterday dealt with estimates of the public works department. Votes were put through for about half of the requirements in the province of British Columbia. Appropriations totalling \$730,000 for harbors and rivers of British Columbia were considered and votes for the Fraser River and other works on Vancouver Island passed.

SITUATION IN LONDON

Consultative Pact Between United States and France is Opposed at Washington

LONDON, March 29:—It is stated here that the United States delegates have agreed to a consultative pact with France.

WASHINGTON, March 29:—There is some consternation here over the rumored agreement of the United States delegates to a consultative pact with France as it is feared that even this might involve this country in the political problems of Europe.

In a speech in New York, Senator Kellogg expressed the view that if a five-power treaty were impossible it was hoped to form a three-power treaty involving Great Britain, Japan and United States which would save all the countries concerned a huge sum in war vessels and would tend towards the continuation of the peace of the world.

Select Officers of Anyox Community League For 1930

ANYOX, March 29:—The councillors of the Anyox Community League have re-elected R. J. A. Menning as president while vice-presidents are Frank Dresser and Fordyce Clark. Committee chairmen are: entertainment, L. Dresser; sports, Norton Youngs; housing, Dougal McDougall; membership, Joseph Shields; personal service, H. A. Gourlay; arts and crafts, J. A. D. Stewart; library and forum, Fordyce Clark.

Thomas Reid Is Candidate

Is Liberal Choice to Contest New Westminster Riding in Federal Election

NEW WESTMINSTER, March 29:—At a convention here last night, Thomas Reid was unanimously selected Liberal candidate for New Westminster riding in the next general federal election. The seat is now held by W. G. McQuarrie, Conservative.

IRELAND IN LIMELIGHT

De Valera May Not Be President Following Resignation of Cosgrove

LONDON, March 29:—It is not at all sure that Eamonn de Valera will be the next president of the Irish Free State. It is understood that President Cosgrove may again be a candidate and quite possibly may be chosen once more. Then there is P. J. O'Connell, leader of the Labor group, who is said to be an aspirant.

At the present time de Valera is in the United States and that is against his chances because men on the spot have the advantage of personal contact. English people are watching the situation with interest but not with alarm.

IRISH IS DISMISSED

Charges of Perjury and Conspiracy in Connection With Will Administration Fail to Stand

WINNIPEG, March 29:—Two charges of perjury and one of conspiracy against William A. Irish in connection with the administration of the \$2,000,000 will of the late Alexander Macdonald were dismissed in police court here yesterday by Magistrate Graham.

Stewart Pioneer Buried in South

Roman Catholic Funeral Rites on Monday For Late William La Rose

Requiem mass for the repose of the soul of William La Rose, aged 64, a pioneer mining man of the Yukon and also of Stewart, who died recently at the latter place, was celebrated in Holy Rosary Cathedral Vancouver on Monday of this week by Rev. Father A. W. McKenzie O.M.I. Deceased, who was an employee of the Yukon & White Pass Route for many years, is survived by a widow, Annie La Rose. Interment took place in Ocean View Burial Park, Vancouver.

The Board of Trade, City Council and Trades and Labor Council have received letters from the secretary of the Retail Merchants' Association asking that they appoint delegates to attend a meeting Tuesday evening to draw up plans for bringing the need of a new federal building forcibly to the attention of the authorities at Ottawa.

FIREMAN IS KILLED

Fatal Accident Yesterday Afternoon on Kettle Valley Railway

VANCOUVER, March 29:—Robert Harwick, fireman, Merritt, was fatally injured and Engineer M. J. McLellan and Trainman R. McLeod, both of Penticon, were slightly injured yesterday afternoon when a big rock fell in the path of a westbound freight train out of Brookmere, 53 miles east of Hope on the Kettle Valley Railway, derailing the engine.

Jimmy McLarnin Beats Thompson

Won Close Decision in Ten-Round Bout at New York Last Night

NEW YORK, March 29:—Jimmy McLarnin of Vancouver won a close decision in a ten-round bout here last night over Jack Thompson, Oakland negro.

Attack Against Naval Conference By Hearst Papers

NEW YORK, March 29:—Hysterical attacks are being made by all the Hearst newspapers against the London conference on disarmament. Today identical editorials appearing in all the Hearst chain, urge Premier Macdonald to send the United States delegates home.

DEETH WAS WINNER OF ANYOX BOUT

Decided Billy Bagshaw of Prince Rupert Last Night—Chenoski and Barclay Draw

Henry Deeth, 139 pounds, was given a decision over Billy Bagshaw, 133 pounds, of this city in a spectacular and furious six-round bout at a Community League smoker in Anyox last night. It is likely that a return match between these two boys will be staged soon.

Pete Chenoski, Prince Rupert, and Kid Barclay, Anyox, 120-pounders, battled to a draw.

C. P. R. steamer Princess Norah, Capt. Thomas Cliff, arrived in port at 10:30 this morning from Vancouver and sailed a couple of hours later for Skagway and other Alaska points. The vessel had a passenger list of 60 going north.

IRELAND TO THE FORE

Ireland is likely to be to the front again in the news of the day for some time to come. If de Valera is chosen as president, as seems probable, the question of taking the oath of allegiance may come up and fireworks are likely to be seen over the Emerald Isle. It is to be hoped that the Irish people will take the more moderate view and choose some other person.

MUST MAKE PREPARATIONS

Preparations must be made to see that the big yacht race from Seattle to Prince Rupert is given such prominence as it deserves. The Prince Rupert Yacht Club is to be congratulated on being instrumental in securing this event and citizens will doubtless be ready to back them up and see that the visitors are given a royal welcome.

While this event is backed by the Yacht Club, it is so important that it should become somewhat of a civic event. The whole city should enter into it and co-operate with the club officials.

Prince Rupert will get much publicity in the United States from the race. There should be at least a civic banquet and possibly a grand ball as a welcome to the men and women who will be here.

THE PULP AND PAPER SITUATION

For several years past the advantages of Prince Rupert as a location for a pulp and paper mill have been recognized. Following the death of the owner of the Emerson Lumber mill here, plans were made for forming a company to undertake the work and since that there have been several groups of financiers look over the ground. Even today there is said to be more than one group taking a keen interest in the situation but always the financing is the difficulty. It takes many millions to install and operate a pulp and paper mill and the owners of millions are very wary about investing in a new project.

One of the difficulties confronting such an industry in the past has now been overcome. A plentiful supply of power is being provided by the Northern B. C. Power Company and they are ready to supply more as necessity arises. That cuts the original expense of the proposition almost in half and makes it much easier than formerly to finance the industry.

It seems certain that if one group of financiers does not undertake the work, some other will before long. We commend to readers of this paper the interview with M. P. McCaffery published on the front page and suggest that marked copies of the paper be sent by them to anyone they think may be interested.

OTHER INDUSTRIES

There are many other industries that may well be started in Prince Rupert. Investigations have been made recently into the possibilities of a Rayon mill here. Then there is flour milling and many other industries that may quite naturally follow the provision of power here. We must build up step by step, for that is the way of new cities. The great thing is to have such industries as can be successful, for one success, such as the Big Bay Lumber mill at Seal Cove, is a great incentive to others.

Sour Stomach
Sweetened instantly

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain de-

parts. You are happy again in five minutes. Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

BIG SALE OF CEDAR

Timber Auction at Terrace Amounted to Million and a Half Feet; Good Prices Paid

The largest cedar sale by the government ever held in the province was conducted by District Forester R. E. Allen at Terrace, last week when a total of 1,500,000 feet of cedar poles and piling were disposed of. There were nine sales offered and prices paid were very satisfactory. R. J. Coleman obtained two sales for which he paid 2 3/4c, 1 3/4c and 1 5/8c; the Hanson Timber & Lumber Co., two sales at 1 1/4c and 1 1/2c; C. L. M. Giggey, two sales at 1 3/4c and 2 1/4c; George Little, one sale at 1 1/2c and 1 3/4c, and Herman Frickman, two sales at 1 1/4c, 1 1/2c and 1 3/4c. The bidding in most of cases was quite spirited.

The timber is all located in the Kitsumkalum Valley and it is understood to be the intention of the purchasers to start operations at once in taking it out.

G. A. Woodland, local agent for the Imperial Oil Co., sailed this morning on the Princess Norah for a trip to Juneau on company business.

DDD for skin disorders

An active fluid that washes into the sick tissues. Clear, stainless, its soothing elements penetrate. Itching stops on the instant—eruptions disappear. The treatment has no rival.

IT'S BETTER BECAUSE IT'S CANADIAN

7,750 MEN
a day are scrapping their old razors
for the New Gillette

New Razor—no pulling

The New Gillette Razor, gold-plated, in beautiful case, complete with New Gillette Blade \$1.00

ONE hundred and ten million men have used a Gillette Razor for years and maintained that it was the most efficient shaving instrument ever made. They were right.

Yet these men are scrapping their old Gillette Razors by the scores of thousands today. And again they are right.

In designing this new blade and razor, Gillette engineers interviewed 27,000 men, examined tens of thousands of used razors.

They found the cause of "razor pull"—found it in nicked and dented corners resulting from dropping the razor. These dents were enough to throw the blade out of alignment, to spoil a perfect shave.

What Gillette engineers did was to reinforce each corner of the new razor cap with heavy metal lugs. Then they cut out all four corners of the blade so that it is not held at these corners when cap and guard clamp together. Now even if you should happen to drop the new Gillette no harm is done; the blade maintains its perfect alignment and "pulling" is prevented.

The new blade is made of special processed steel to resist rust. When finished shaving, simply turn blade and guard at right angles, hold under hot running water—shake thoroughly, and leave on the shelf to dry. A great time and towel saver.

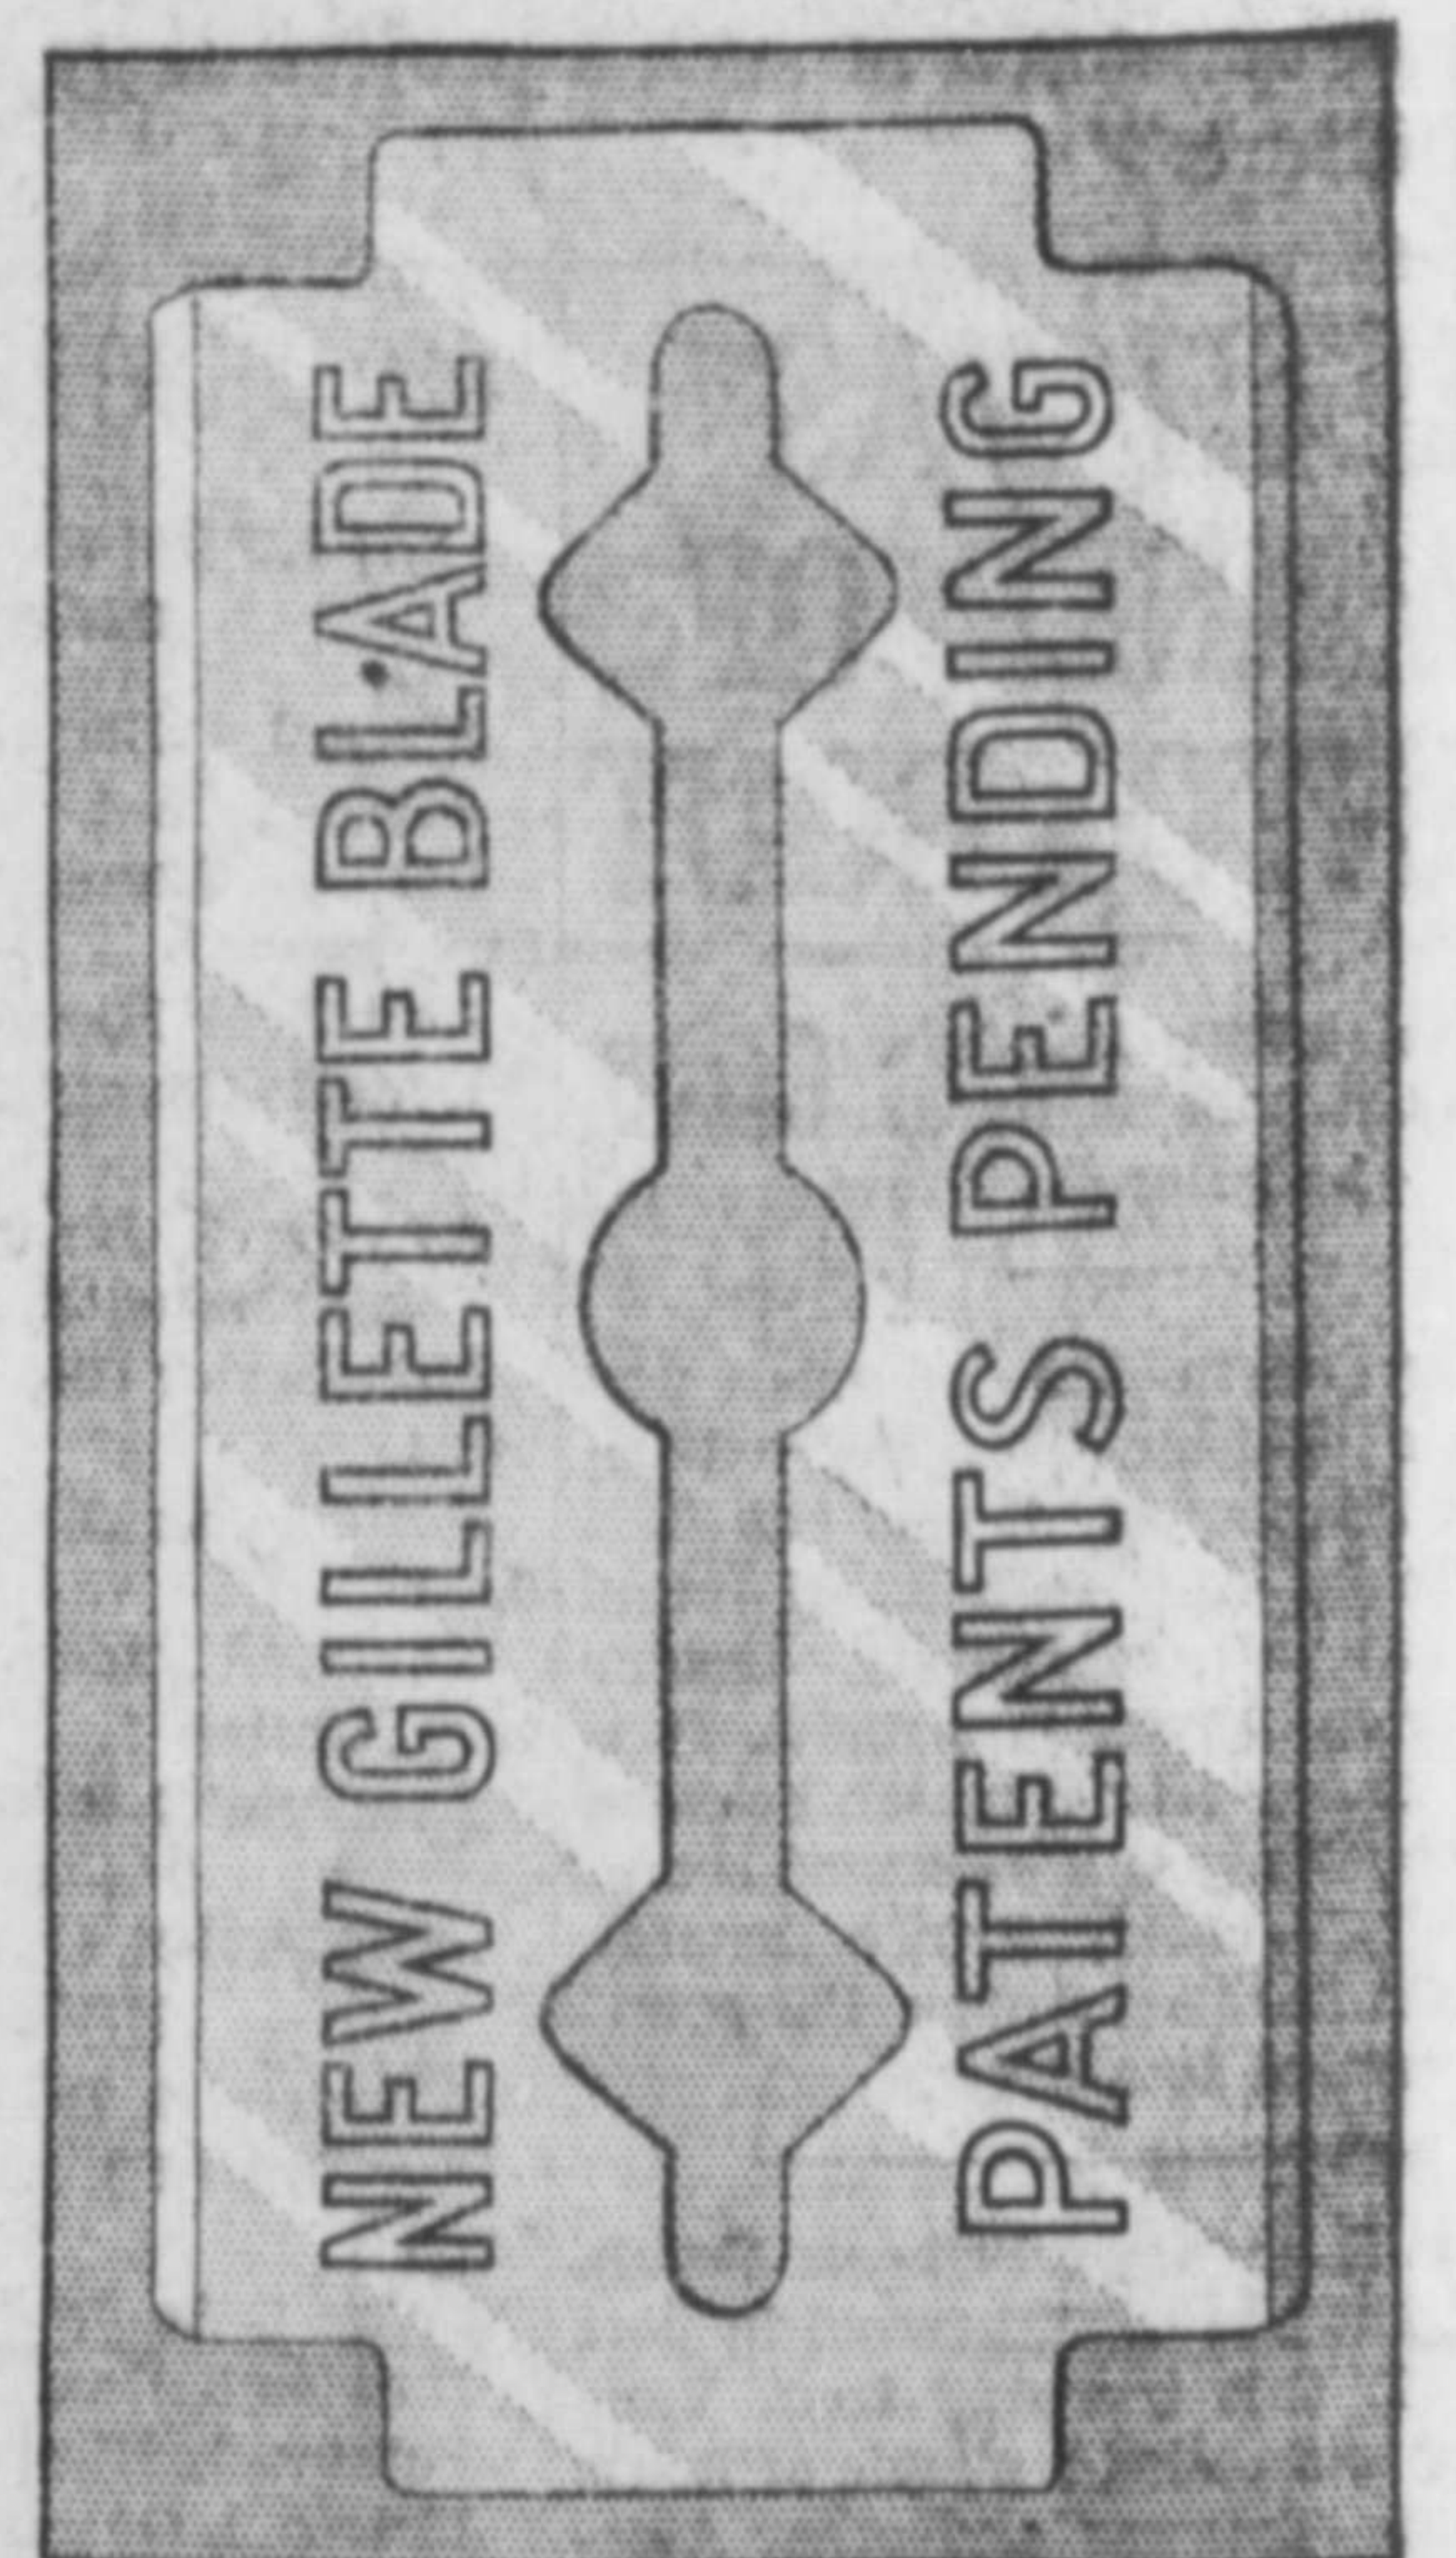

At almost every store you can get the New Gillette Razor, 24K, gold-plated, supplied with one new blade and packed in a good-looking case, for only one dollar; also the New Gillette Blade in the new green packet which costs one dollar for ten, and fifty cents for the package of five.

Don't wait any longer to enjoy the most comfortable shave you've ever had in your life. Stop at your dealer's today.

QUICK FACTS

1. New blade can be used in your old Gillette
2. New processed steel; new blade resists rust
3. Cut-out corners of blade prevent "razor pull"
4. To clean, turn guard at right angles . . . then re-tighten . . . rinse . . . shake dry
5. New shape guard channel gives full shaving clearance
6. New shape guard teeth meet skin smoothly, naturally
7. No projecting posts to dull blade edges
8. Reinforced razor corners prevent damage if dropped
9. Square blade ends safer to handle
10. Shaves easier around mouth, nose, ears
11. New blades same price as old
12. New razor, gold-plated, with one new blade, in case, \$1.00

Needless Pain!

The man who wouldn't drive his motorcar half a mile when it's out of order, will often drive his brain all day with a head that's throbbing.

Such punishment isn't very good for one's nerves! It's unwise, and it's unnecessary. For a tablet or two of Aspirin will relieve a headache every time. So, remember this accepted antidote for pain, and spare yourself a lot of needless suffering. Read the proven directions and you'll discover many valuable uses for these tablets. For headaches; to check colds. To ease a sore throat and reduce the infection. For relieving neuralgic, neuritic, rheumatic pain.

It is not. Some folks still wonder if it really does relieve pain. That's settled! For millions of men and women have found it does. To cure the cause of any pain you must consult your doctor; but you may always turn to Aspirin for immediate relief.

People used to wonder if Aspirin might be harmful. The doctors answered that question years ago.

PRINCE RUPERT STEAM BATHS

Dear Sir and Madam:

WHY HESITATE?

Steam baths and massage promote health and happiness.

Personal cleanliness produces a charming personality. Massage induces the natural health to go with it.

Why Not Enjoy Both?

The Prince Rupert Steam Baths offer you both at very reasonable rates. And we feel sure that one trial will convince you.

Your patronage is solicited, and inspection is invited. May we expect you? Respectfully,
Prince Rupert Steam Baths.

Hours
Ladies 2 p.m. to 5 p.m. daily.

Sleepless Nerves

WHEN YOU CAN'T SLEEP, IT'S THE NERVES

In reviewing many thousands of cases in which Dr. Chase's Nerve Food was used with marked success, most patients mentioned sleeplessness as their greatest trouble.

You may be nervous, excitable, irritable and experience discomfort from indigestion and headaches, but the principal symptom is sleeplessness.

The treatment indicated is Dr. Chase's Nerve Food for by its use you feed the starved nerves back to health and vigor. This method of treatment is restorative and reconstructive and therefore of lasting benefit.

Dr. Chase's Nerve Food

It soothes the tired, excited nerves, restores nervous energy and makes you feel well and look well.

ESPERANZA MEETING

The postponed annual general meeting of the shareholders of the Esperanza Mines Ltd. was held in the city last night, and Norman Fraser, Robert Blaine, D. B. McDougall, Robert Gordon and Angus Macdonald were elected as directors for the coming year.

The new directors will hold a meeting shortly to name their officers and plan future activities on the Alice Arm property.

True dyes are easiest to use!

Dresses, drapes or lingerie look new when they're re-dyed with Diamond Dyes. No spotting or streaking; never a trace of that re-dyed look. Just rich, even, bright colors that hold amazingly through wear and washing. Diamond dyes are the highest quality dyes you can buy because they're so rich in pure aniline. That's what makes them so easy to use. That's why they've been famous for 50 years. 15 cent packages—all dealers.

Diamond Dyes

Highest Quality for 50 Years

Check dandruff!

You, too, can say goodbye to hair-worries, if you'll learn this simple method of caring for the hair. It is known to hundreds of stage and screen stars; used by thousands of women and girls, who haven't time for laborious methods.

Sprinkle a little Danderine on your brush tonight. Then as you brush your hair you'll feel the soothing, toning effects.

For over 30 years, specialists have recommended Danderine; to dissolve the crust of dandruff; stop falling hair; tone the scalp, encourage the hair to grow long, silky and abundant.

The first application gives your hair new life and lustre; makes it softer; easier to manage; holds it like you arrange it. Evidence beyond doubt proves the benefits of its regular use.

DISPLAY BY GIRL GUIDES

Proceedings of Much Interest in Cathedral Hall Last Night

The First Company of Girl Guides gave its annual display last evening in the Cathedral Hall, the affair proving of much interest throughout to the large audience assembled to witness the proceedings. With Very Rev. James B. Gibson, Dean of St. Andrew's, presiding, the program consisted of dancing, marches, exercises, signalling, bandaging, campfire songs and selections by Prof. Pryce's orchestra.

During the evening, Mrs. R. L. McIntosh, president of the Girl Guides, presented service stars, badges and silver medals to their winners. Mrs. Chis Perry presented colors.

Capt. N. Rogers was in charge of the Guides, assisted by Lieut. N. Brewerton, while Miss Eileen Gibson was in charge of the Brownies. Mrs. A. J. Squire was pianist for the Guides and Guide J. McLean, for the Brownies.

Mrs. J. Watt trained Guides of Rupert East United Church and Mr. Watt played the violin for their dance.

The color party consisted of Misses M. Anderson, bearer, E. Brewerton and D. Bush.

Boy Scouts were in charge of the door.

Presentations

Stars and badges were presented as follows:

One Year Service Stars—Patrol Leader L. Brooksbank, Patrol Leader K. Kellback, Patrol Leader E. Miller, Patrol Second A. Katch, Patrol Second F. Lisney, Patrol Second B. Capstick, Patrol Second M. Anderson, Guide J. Johnson, Guide L. Ponder, Guide E. Brewerton, Guide M. Mussalem.

Second Class Badges—Patrol Leader L. Brooksbank, Patrol Second A. Katch, Guide Jean McLean, Guide M. Mussalem, Guide E. Brewerton, Guide J. Johnson, Patrol Leader Edith Miller, Patrol Leader Nancy Howard and Patrol Second Frances Lizney.

First Class Badges—Captain N. Rogers.

Silver Medals—Patrol Leader L. Brooksbank, Guide Jean McLean and Guide E. Brewerton.

Honorable Mention—Patrol Leader Edith Miller, Guide Aubrey Parkin.

Proficiency Badges—Needlewoman: Guide A. Katch, Guide E. Brewerton, Guide M. Mussalem, Guide J. Johnson, Lieutenant M. Brewerton, Patrol Leader K. Kellback; Clerk: Lieutenant M. Brewerton.

The Program

The program was as follows: Company dance by Guides.

Enrollment ceremony, J. Johnson and L. Ponder taking part as recruits.

Presentation of Service Stars and Badges.

Orchestra.

Exercises by Guides.

Dance by Brownies (Miss Gibson in charge).

Signalling by Patrol Leaders.

Relay races.

Orchestra.

Dance, "St' Rber de Coverley," by Guides.

Bandaging by Patrol Seconds, recruits acting as patients.

Dance by Brownies.

Orchestra.

Fancy marching by Guides.

Eighty-one Reel by Guides of Rupert East United Church, trained by Mrs. J. Watt.

Camp Fire Songs, led by Mrs. C. Motte.

March Past of 40 Guides.

Presentation of Colors by Mrs. Chris Perry.

Judges in the competition were Miss Myfanwy Campbell and Scout Masters Alex Rix and Ben Ferguson.

HOTEL AT STEWART

Suggestion is Made That C. N. R. Should Establish Hostelry at Northern Port

STEWART, March 29—While no definite resolution has been passed by the board, it has been suggested that the Stewart Board of Trade should urge upon the Canadian National Railways the advisability of establishing a modern and up-to-date hotel here. This as well as a number of other matters of local import will be taken up with Col. T. A. Hiam, assistant to the vice-president of the C.N.R., who is expected to pay a visit to Stewart in about a month's time.

What you expect you get with Anheuser-Busch Budweiser Barley-Malt Syrup

LIGHT OR DARK RICH IN BODY NOT BITTER

LOCAL ITEMS

Joseph Anthony Moran, for drunkenness, was fined \$25, with option of thirty days' imprisonment, by Magistrate McClymont in city police court this morning.

R. F. McNaughton, C.N.R. district passenger agent, returned to the city on the Prince Charles this afternoon from a ten-day trip to Vancouver on official business.

George McAfee, manager of the Big Bay Lumber Co., returned to the city on the Prince Charles this afternoon from a brief trip to Ocean Falls on company business.

F. W. Hart, who has been spending a few weeks at Harrison Hot Springs convalescing from his recent illness, returned to the city on the Prince Charles this afternoon.

Carl Johnson, who has been critically ill for several weeks in the Prince Rupert General Hospital with pneumonia, is now reported to be making good progress toward recovery.

J. E. Peking, mining contractor at Mayo, Y.T., who has been on a trip to Vancouver and elsewhere in the south, was a passenger aboard the Princess Norah this morning returning north.

William Ross, Port Simpson Indian, was fined \$15 and costs, with option of fourteen days' imprisonment, by Magistrate McClymont in city police court this morning for drunkenness.

Alfred Johnson of this city has been arrested in the south and charged with failing to support his wife and children. He is being brought here and is expected to arrive early in the week.

Dr. and Mrs. H. C. Wrinch arrived in the city on the Prince Charles this afternoon from Victoria, where Dr. Wrinch has been attending the session of the legislature, and proceeded by train to Hazelton.

Harry Calderwood, skipper of the Digby Island ferry boat Rhona, returned to the city on the Prince Charles after a holiday visit in Vancouver and Victoria. Mrs. Calderwood and child are remaining in the south for a while longer.

Mr. and Mrs. Reg Kelsey, who have been on a honeymoon trip to Vancouver and elsewhere in the south following their recent marriage, returned to the city on the Prince Charles this afternoon. Mrs. Kelsey was formerly Miss Alice Allen.

At the meeting of the Peace River Outlet committee Thursday evening it was reported that 73 names turned in by W. J. McKinley had not been published as having purchased buttons. The money was accounted for and the names had been sent in but through an oversight had not been published.

The annual forty-eight hour devotion service commenced in the Church of the Annunciation here last evening with Father Godfrey officiating. There was a large congregation for the opening service which consisted of prayers and sermon. Father Godfrey is again officiating today and Father Hammond will take two masses tomorrow.

Get the Ad. reading habit. It pays.

ISSUING LICENCES

Fees and Other Particulars Announced By Provincial Government

VICTORIA, March 29:—Licence fees which British Columbia fish processing plants must pay under the provincial government's new fishery policy were announced today by Hon. S. L. Howe, commissioner of fisheries, as follows:

- Salmon canneries, \$1500.
- Salmon dry salteries, \$1500.
- Pilchard reduction plants, \$500.
- Herring dry salteries, \$500.
- Pilchard canneries, \$100.
- Herring canneries, \$100.
- Whale reduction plants, \$500.

Mr. Howe announced that he was issuing licences to all plants that were in existence and which were operated or licenced in 1923 or 1924 but no others. Plants receiving licences include:

- North Queen Charlotte Islands—Masset, Langara, Watun River, Ferguson Bay, Shannon Bay.
- Naas River—Wales Island, Mill Bay, Naas Harbor, Arrandale.
- Skeena River—Tucks Inlet, Sunnyside, Balmoral, Cunningham's, Claxton, Dominion, Oceanic, Port Edward, Inverness, North Pacific, Skeena Commercial, British American, Haysport, Carlisle, Caspar, Humpback Bay.

- South Queen Charlotte Islands—Skidegate, Queen Charlotte, Pacofi, Huston Inlet, Jedway, Rose Harbor.

ALEX YOUNG VISITS ELKS

Deputy Grand Exalted Ruler Received With Special Social Affair Last Night

The local Elks' Lodge was favored with a visit last night by Alex McE. Young of Prince George, deputy grand exalted ruler, there being a large attendance of members out for the occasion, with Exalted Ruler Fred Stephens in the chair.

After the lodge meeting, dancing was enjoyed with Ladies of the Royal Purple and lady friends of the Elks as guests. Music was by Charles P. Balagno's orchestra and George Mitchell was master of ceremonies. Refreshments were served.

The committee responsible for the success of the dance comprised George Mitchell, William Lambie and Mike Budinich.

Miss Marybelle Stiles Hostess

Has Thirty Young Guests at Delightfully Arranged Birthday Party

Miss Marybelle Stiles is celebrating her eleventh birthday by entertaining 30 of her young friends with a delightful party at the home of her parents, Mr. and Mrs. H. B. Stiles, Hays Cove Circle. There is an attractive decorative scheme in pink and mauve and many novelties have been arranged for the enjoyment of the young guests.

THE WEATHER

Prince Rupert—Foggy, calm; temperature, 45.

Children CRY for it

It may be the little stomach; it may be the bowels are sluggish. No matter what coats a child's tongue, its a safe and sensible precaution to give a few drops of Castoria. This gentle regulation of the little system soon sets things to rights. A pure vegetable preparation that can't harm a wee infant, but brings quick comfort—even when it is colic, diarrhea, or similar disturbance.

And don't forsake Castoria as the child grows older. If you want to raise boys and girls with strong systems that will ward off constipation, stick to good old Castoria; and give nothing stronger when there's any irregularity except on the advice of a doctor. Castoria is sold in every drugstore, and the genuine always bears Chas. H. Fletcher's signature on the wrapper.

ORIGIN AND CHARACTERISTICS OF GREAT COAST BATHOLITH SUBJECT OF VERY INTERESTING DISCOURSE

(Continued from page one)

demonstration. The first pictures were of maps showing the tremendous area of his district. Following this came a vivid picture based upon logic more than theory. It was a cross-section, as it were, revealing the underlying batholithic ridge, the eroded exposures, the undulations, the folds, the inclusions or roof-pendants, etc.

He then, as his address continued, gave his attention to more local areas of the batholith as it appears in the vicinity of Taku River and the new mining camp of Tulsequah. There were many points of interest revealed. A succession of slides showed the position of the chief discoveries, the problems of transportation, etc.

A vote of thanks was passed to the doctor for his address, also to the schools for the use of their lantern slides, also to J. S. Wilson who kindly operated the machine for the speakers.

Mr. Winkler continues his address this afternoon and evening. There has been splendid attendance throughout.

Afternoon Lecture

The lecturer's discussion in the afternoon was on the subject of the mode widely known and more generally sought of the rarer metals. Mention was made of those gold-bearing veins in which the deposits, with or without pronounced segregation and which were formed at great depth and under conditions of high temperature and products, as it were, and from which the pegmatites and quartz veins are crystallized, were made. The auriferous deep-seated gold-quartz veins have a characteristic appearance and are recognizable at sight to the experienced eye. Associated sulphides of other metals in these deep veins were also mentioned.

The speaker passed on to the concentration of minerals not easily soluble, residual deposits below which the less oxidized gangue of the veins or other carriers give us a lower percentage of gold. This is the rather common and more shallow deposits.

Passing reference was made to the great gold producing areas and mines of the world. It was also mentioned that the distribution of gold in the world's crust is widespread but as a rule in sparing quantity, that gold is in fact a commodity but the world authorities have pegged its value, fine gold now being fixed (pegged) at \$27.67 per oz. In the Pre-Cambrian rocks of Eastern Canada and in the many contact areas and pendant areas near the massive intrusion of the deeper rocks (batholiths), Mr. Winkler declared are to be found good fields for the prospector.

Reference was then made at some length to the metal silver. Here it was shown how demonization of the metal in some countries has a great effect on the demand and supply. It was further shown that the work of debasing the metal for coinage and the mixing with it of cheaper metals to discourage melting down of coinage as happened during the World War has had an effect. Then, too, it was noted that even for home consumption the silverware acquiring habit changes.

However, in some countries the masses choose silver as their hoard and simply bury it in the ground or otherwise hide it so that they have

District News PRINCE GEORGE

The Canadian Utilities Limited has made an offer for the local electric light and power plant. The company proposes to assume the net debt on the system, guarantee the city an annual revenue of \$7,000 and have exemption from taxation. There is no assurance of further development of the system. The offer is not being seriously considered by the council.

The Prince George Curling Club, at its annual banquet meeting on Tuesday night when 110 persons were in attendance and trophies of the past season were presented to their respective winners, elected officers for the coming year as follows: president, William Coop; vice-president, C. C. Wright; secretary-treasurer, Thomson Ogg; executive, J. C. Pidgeon, Dr. Carl Ewart, W. G. D. Harper, Cyril Dupre, F. A. MacCallum, C. Wiseden and F. A. Matheson.

The city council has decided to add another man to the local fire department force at a wage of \$125 per month. Arthur Gillingwater will probably be appointed.

SMITHERS

The Smithers Electric Ltd., at its annual meeting last week, elected directors for the year as follows: N. P. Moran, W. J. O'Neill, E. Hann, James Porteous, George Orchard, J. G. Stephens and L. S. McGill. The company had a good year in 1929 and was able to declare a dividend of twenty per cent.

E. Hann was appointed village fire chief by the town commissioners at a meeting last week.

The Home Oil Co. is about to start removing its oil tank from its present location to a point further removed from the railway tracks.

Mrs. P. G. Russell entertained members of the Badminton Club at tea on Tuesday afternoon.

Mr. and Mrs. James Buchan have taken up residence in their new home on First Avenue, this house having been occupied until recently by Mr. and Mrs. K. G. Houghton.

NEW HAZELTON

W. S. Harris now has the camps and tunnel at the Rocher de Boule property ready for operation and in a few days the tramline will also be ready.

Dr. and Mrs. H. C. Wrinch are expected home tomorrow via Prince Rupert from Victoria where Dr. Wrinch has been attending session of the legislature.

The Hazelton Conservative Association, at its annual meeting last week, elected officers for the year as follows: honorary president, Hon. R. B. Bennett; honorary vice-presidents, Hon. Dr. S. F. Tolmie and J. C. Brady, M.P.; president, R. S. Sargent; vice-president, Mrs. A. D. Chappell; secretary-treasurer, William Larmer; executive, C. W. Dawson, A. D. Chappell, Peter Neilson and Mat Myros.

TERRACE

Miss Gillett, of the Ridley Home, Prince Rupert, left here after visiting a few days with Mrs. Will Robinson.

H. C. Fraser, inspector of schools was in town from Friday to Tuesday on official business. He expects to be back here again shortly after May 24.

F. W. Crawford, of Smithers, arrived in town Sunday to replace Mr. Washburn, ditcher operator.

J. C. Fraser, relief agent from Smithers, is relieving A. McLeod, C.N.R. agent, for two weeks.

W. Jordan left Tuesday for Prince Rupert.

Mrs. H. L. Frank, Kalum Crossing, was a delightful hostess on Thursday evening, at a party given

Double-Breasted Suits — and Distinction

Although the single-breasted suit is always in vogue, many well-dressed men include a double-breasted suit in their wardrobe because of the dignified, well-set-up appearance it lends the wearer.

Fashion-Craft have achieved a reputation for superlatively tailored double-breasted clothes in that they are distinctive, individual and correct.

Interest In Yacht Race—Bingo Still Unsolved—Halibut Arrivals

Keen interest is being taken in the forthcoming cruiser race from Seattle to Prince Rupert and the special dispatch on same published yesterday in the Daily News commanded a good deal of attention not only in local marine circles but generally. The Prince Rupert Rowing & Yacht Club is already making great preparations for the event and is sparing no expense in the matter. A number of ladies are expected to come north on the various boats and they, as well as the men, will be suitably entertained.

Incidentally, the principal prize will be a handsome cup which is being put up by the local club, having been ordered from John Bulger at a cost of \$120.

The Dominion fisheries department has issued orders that no herring may be shipped from this district to Alaska for halibut bait unless it is duly packed and boxed which provision makes the export pretty well impossible. Alaska herring buyers would have contracted for several thousand tons of bait could delivery have been made from here.

Meantime, fishing for herring continues at Pearl Harbor and most of the seiners are selling the product fresh direct to the fleet here.

Finishing Prince William

The local dry dock is now winding up the long job of reconditioning the Prince William, formerly the Greek steamer Aktion, which is to be used in local service out of this port to the Naas and Skeena Rivers and the Queen Charlotte Islands. Steam pipes, the arrival of which had been awaited for some time, came recently and are now being installed. The Prince William promises to be quite an attractive little vessel when the work now under way is completed.

Pile driving for the dolphins to be used for the mooring of the new fishermen's floats, immediately east of the dry dock, is now well under way. Soon a start will be made on the actual floats themselves. Given better weather than has been prevailing generally during the past few weeks, the contractors, John Currie & Son, will be in a position to make more appreciable progress from this on.

Bingo Still Submerged

After having spent a week on the west coast of Banks Island awaiting suitable weather in order to proceed with the salvaging of the halibut boat Bingo, which sank at the first of last week, the Pacific Salvage Co.'s power tug Pachena, Capt. Charlie Larkin, returned to port on Wednesday night. Up to that time, the weather had been too dirty to permit of the job being undertaken. However, the Pachena went out again on Thursday morning, taking a diver, Harry Kohrt, with her and it was hoped that the salvage might be accomplished within the course of the next few days. The Bingo is now lying in about seven fathoms of water, having drifted something like a quarter of a mile along the bottom since she went down.

The Royal Fish Co.'s service boat Delphinium has been chartered for a month or so by the Pacific Salvage Co. and this week delivered a boom of some 225,000 feet of logs from the Billmor Spruce Mills Ltd. mill at Porpoise Harbor to Brown's mill on the Ecstall River. The Delphinium left at midnight Wednesday and returned to port yesterday. The logs were sold by Billmor because there is no immediate intention of opening of the new mill at Porpoise Harbor for operation.

Princess On Islands

Pacific Salvage Co.'s power tug Salvage Princess, Capt. Frank Tyler, is still at the Queen Charlotte Islands whence she went nearly two weeks ago to be engaged in connection with the moving of the J. R. Morgan logging camp from Queen Charlotte City to Cumshewa

Inset. Bad weather on the islands caused a tie-up of eight days in the moving operations.

The Red Boy made a trip to Falls River this week with a scowload of cement and a scowload of lumber to be used by the Power Corporation of Canada in its power house construction work.

The oolachan run at Fishery Bay on the Naas River is now pretty well over and deliveries of the fish here have practically ceased. All the requirements of local packing houses in the way of candle-fish were adequately filled.

Halibut Landings

The halibut business of the past week at Prince Rupert was featured by the lightness of American landings which totalled only 150,000 pounds as compared with 161,000 pounds of Canadian fish, making the total landings for the week only 312,000 pounds. Up to March 28, since the opening of the season, a grand total of 1,656,200 pounds had been landed at Prince Rupert including 603,400 pounds Canadian fish and 1,052,800 pounds of American.

The lightness of landings was compensated for to some extent in the high prices that were paid for the fish. The high Canadian price of the week was 17.4c and 6c which the Signal was paid for 9,000 pounds and the low, 14c and 6c received by the D.S.T. for 5,400 pounds. The top American price
