WATT ENQUIRY CONCLUDES TODAY

CANADIAN PREMIER GIVES TRANSATLANTIC AIR ADDRESS

Commissioner Refuses To Admit Evidence of Other Government Agents About Coroner's Fees

Mr. Justice W. A. Macdonald Rules This Matter Irrelevant—Will Give His Finding As Soon As Possible, He Announces

VICTORIA, Oct. 16.—Evidence given at the inquiry into the dismissal of Norman A. Watt as government agent at Prince Rupert had shown clearly that he had no knowledge of the practice followed by other government agents in regard to coroners' fees, Mr. Justice W. A. Macdonald, the commissioner, ruled today and, on these grounds, he declined to admit the statutory declarations on the point from six other government agents. C. H. Locke K.C., government counsel, appeared before the commissioner today with the declarations. A. M. Manson K.C., counsel for Watt, was not present, having taken the stand that the new evidence sought was not relevant.

GOOD TIMES PEACE RIVER

Good Crop and Railway Building Operations Combine to Put People in Fine Spirits

With 45 bushels of wheat to the acre, the railway rushing track-laying into Pouce Coupe and the hope of an outlet to the Pacific Coast in the near future, the people of the Peace River district are "feeling good," according to reports.

The Northern Alberta Railway extension from Hythe is all graded as far as Pouce Coupe and steel is being laid now; the bridges are built and by spring the new line will be in operation.

Exploration parties are going in to Fort St. John, looking for land settlement prospects. Outlet to the Pacific Coast is a constant topic everywhere.

WINNIPEG ROBBERIES

Ten Thousand Dollars Taken From Transcona Bank—\$2500 From Malting Company

WINNIPEG, Oct. 16.—Masked with handkerchiefs, three bandits held up the Bank of Toronto branch at Transcona near Winnipeg today and escaped with from \$10,000 to \$12,000.

The gunmen forced three bank employees and four customers into a vault where they locked them up. Yesterday two bandits held up the office of the Canadian Malting Co. Ltd. and escaped with \$2,500, also forcing employees into a vault.

DUNNING IS TO MANAGE HOTEL

MONTREAL, Oct. 16.—Hon. G. A. Dunning, former federal minister of finance, has accepted the position of vice-president and general manager of "Lucerne in Quebec," a new all-year pleasure resort hotel on the Ottawa River, according to announcement made by E. W. Beatty, K.C., president of the organization.

AVIATOR IS KILLED

Flyer Accompanying Naval Treaty Signature Across Continent Loses Life

CHEYENNE, Wyoming, Oct. 16.—Lieut. William Cardwell, United States army flyer, escorting the document embodying Japan's acceptance of the London Naval Treaty from Victoria, B.C., to New York, was killed yesterday near Lookout, Wyoming, the victim of an early snowstorm. The body was found in his wrecked machine today.

In the meantime, Caldwell's companion, Lieut. Irving Woodring, in another pursuit plane, carrying the treaty document, got safely through and is expected to reach New York tonight.

The document goes forward to London on the Leviathan on Sunday.

Trade Delegation Is Off to Orient

VANCOUVER, Oct. 16.—The Canadian Chamber of Commerce trade delegation to Japan and China sailed from here today for the Orient on the steamer Empress of Russia.

WAS PIONEER BUSINESSMAN IN VANCOUVER

VANCOUVER, Oct. 16.—George Valentine Fraser, aged 74, pioneer businessman, is dead here. He had been retired for many years and resided on Nelson Street.

MANSON SPEAKER

Former Attorney General Gives Good Address to Young People

P. T. Meeting

Prizes and Diplomas Presented At Meeting

The regular monthly meeting of the Prince Rupert Parent-Teachers' Association was held last evening in the Booth Memorial School. Mrs. R. Blance presided over a large attendance of parents, pupils and teachers.

Letters were read from the principals of the Booth Memorial, Borden Street and Seal Cove Schools acknowledging donations of money for sport equipment and library funds.

The treasurer, Mrs. H. B. Eastman, reported that there was a balance of \$91.56 in the bank. Receipts from the June sale of home cooking and tea amounted to \$78.10.

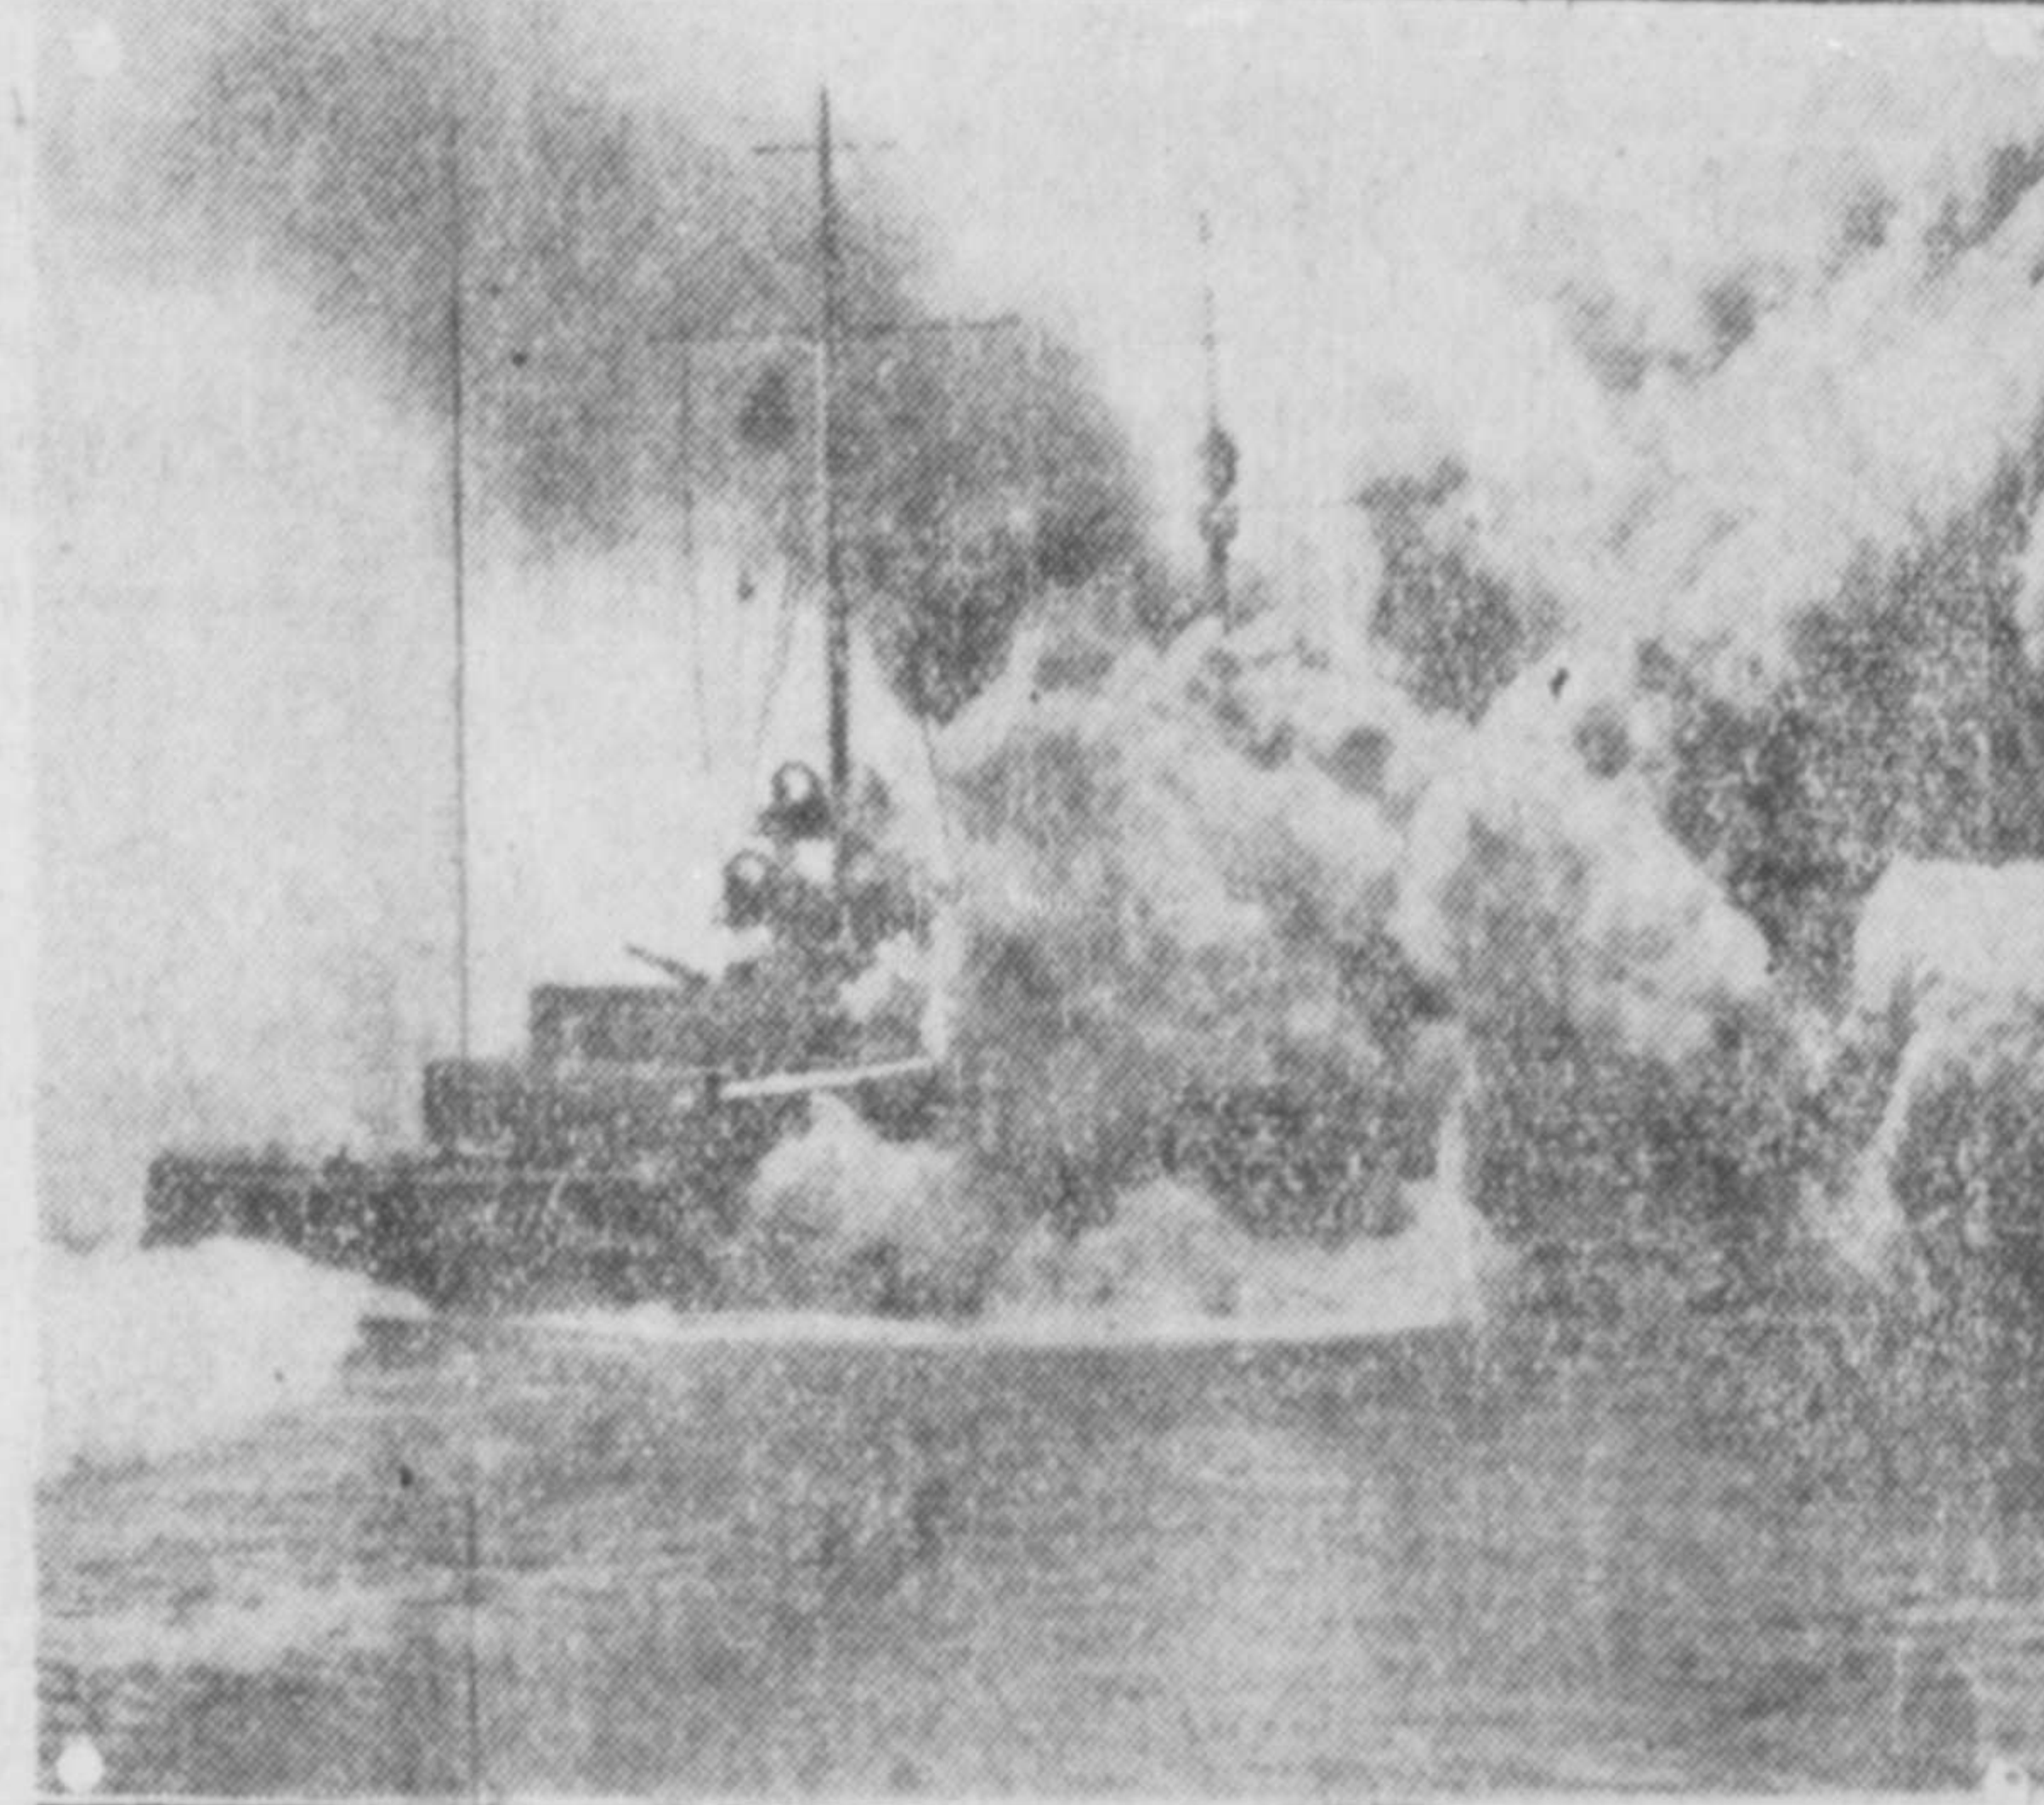

The chief business of the evening was the presentation of bursaries, book prizes and High School entrance diplomas to the graduating classes of the Borden Street and Booth Memorial Schools.

Prior to the presentation, A. M. Manson K.C., M.L.A., addressed the young graduates. Mr. Manson stated that, although he had visited the Booth Memorial School when the building had been constructed, this was the first public gathering he had attended since the school was opened and that, although he had been absent from the city for many years, yet he recognized in the faces of many of the children before him the sons and daughters of his friends of the early days. He told the young students of the great hopes and expectations of those men and women who had first come to the city and how those hopes and expectations had suffered many disappointments. Great friends of the city like Hays and Laurier had passed away and Prince Rupert was left to plod a long, weary course alone. The boys and girls before him would probably not have to pass through such bitter disappointments but would witness a steady and substantial growth until Prince Rupert became a city of the first importance. With only one other large gateway into Canada on the long British Columbia coast, with great potentialities in and adjacent to the city, with an immense and rich country behind it, and with the people of Canada coming closer and closer into contact with the dense populations of the Orient, who were more and more adopting civilization and demanding Canadian products, it was reasonable to expect a great increase of trade through this city and that ultimately it should become great and prosperous.

The boys and girls now entering High School were standing on the threshold and could look forward with confidence and prepare themselves to play a part in the development of the city.

Turkey's Only Warship

Fuz, Turkey's only warship, going full speed ahead, with her 10-inch gun firing during recent first manoeuvres in the Black Sea. The ship was former German cruiser Goeben.

TARIFFS ESPOUSED

Stanley Baldwin Makes Effort to Rally Discordant Elements in His Party

LONDON, Oct. 16.—Rt. Hon. Stanley Baldwin, Conservative leader, in an open letter to Rt. Hon. Neville Chamberlain, chairman of the Conservative party, last night urged the immediate application of "an emergency tariff on manufactured goods which would preserve the home market."

Experienced politicians accepted the letter as an effort by Mr. Baldwin to rally discontented elements in his party under one standard and to build a platform upon which Conservatives might fight the coming general election.

DUKE IS OFF TO CORONATION

Duke of Gloucester to Represent King George at Crowning of Ethiopian Emperor

LONDON, Oct. 16.—A cheery and affectionate "Good luck and Good Bye" from the Prince of Wales today sped the Duke of Gloucester on his way to Abyssinia where he is to represent King George at the coronation of Ras Afari as Emperor of Ethiopia. The Duke is taking presents from the King to the Emperor including golden swords with jewel-encrusted hilts.

SASKATCHEWAN IS HAVING BAD STORM

WINNIPEG, Oct. 16.—A wild gale is howling over the prairies. Snowdrifts as high as houses in many places dot the countryside in Saskatchewan. In some of the cities traffic is paralyzed. Manitoba and Alberta are only on the fringe of the storm's fury. The tempest is continuing.

B. C. GETS \$900,000

Agreement For Relief Money Is Signed by Premier S. F. Tolmie

VICTORIA, Oct. 16.—Premier Tolmie last night signed an agreement with the federal government whereby the sum of \$900,000 of Dominion funds is made available to the province for unemployment relief.

The Premier also announced that his government was making an immediate start on relief plans and for that purpose the government had appropriated \$500,000 by special warrant to finance the inauguration of work under the federal government's unemployment scheme.

NOTICE

Pursuant to the Municipal Elections Act all persons desiring to be entered on the Voters' List for the forthcoming Municipal Election as Household or Holders of Trade Licenses must register their names with the City Clerk during the month of October on a statutory form to be supplied by the City Clerk. The City Clerk's Office will be open from 9 a.m. until 5 p.m., each and every day during the month of October with the exception of Saturday, when it will be open from 9 a.m. until 12.30 p.m. E. F. JONES, City Clerk

Bennett Is Hopeful As to Conference Outcome Expresses Warning

Fears That If Canadian Offer Is Rejected, Opportunity For Closer Empire Economic Relationship May Not Come Again

LONDON, Oct. 16.—To numberless thousands, Premier R. B. Bennett last night gave a message of hope and confidence in a trans-Atlantic broadcast to the citizens of Canada. It was a message which had its note of warning. The Canadian Premier was confident that a great plan of economic co-operation could be made effective and he thought the dark days of anxiety were passed. Canada, said Mr. Bennett, believed that it was in her own interests and the interests of the Empire that closer Empire trade relations should be established.

Canada, he said, had suggested in the present Imperial Conference a plan by which this might be brought about. Then the Premier added: "I shall not refer to the reception our proposal has received. In the near future it will be either accepted or rejected. We can only await the decision. It will be a momentous one for I believe and believe in it. I consider it my duty to say that if this opportunity for closer economic relationship is not seized, it may not come again. This I need not tell you is in no sense intended as a threat. It is rather a prediction which, unhappily, I believe to be true."

Then the Premier added: "I shall not refer to the reception our proposal has received. In the near future it will be either accepted or rejected. We can only await the decision. It will be a momentous one for I believe and believe in it. I consider it my duty to say that if this opportunity for closer economic relationship is not seized, it may not come again. This I need not tell you is in no sense intended as a threat. It is rather a prediction which, unhappily, I believe to be true."

NEW RECORD IS SET UP

Mrs. Keith Miller of England Makes Fastest Flight For Woman Across Continent

LOS ANGELES, Oct. 16.—Mrs. Keith Miller, British woman flyer, captured the women's transcontinental air record today, landing here from Valley Stream, N.Y., in elapsed time of 25 hours and 44 minutes or four hours and 43 minutes under the mark set last week by Miss Laura Ingalls, St. Louis aviatrix.

Chief of Motive Power Is Visitor

C. E. Brooks of Montreal Arrives Today In Course of Western Inspection Tour

C. E. Brooks, chief of motive power, Canadian National Railways, arrived in the city on this afternoon's train from the east in the course of a western inspection tour and will sail tonight on the Prince George for Vancouver. Mr. Brooks is accompanied on the trip by A. H. Eager, general superintendent of motive power, Winnipeg, and D. R. Whyan, Mr. Eager's secretary.

It was Mr. Brooks who devised the new oil-electric engine which is proving such a success in the east.

Bandits Capture \$2,000 In Hold Up At Montreal

MONTREAL, Oct. 16.—Two men held up the Caisse Populaire Ste. Cécile, a savings bank, today and got away with \$2,000.

RACING BY AIRPLANE

England Focuses Its Attention Upon Kingsford-Smith and Lieut. Hill

LONDON, Oct. 16.—England focussed its attention today upon Wing Commander Charles Kingsford-Smith and the young lieutenant of the British Air Force, C. W. Hill, who are flying to Australia.

Although Hill left Croydon four days ahead of Kingsford-Smith, the latter today had gained so much that he was probably not more than a thousand miles behind his rival when he flew into Singapore, Straits Settlements.

Hill had reached Batavia, Java, and proceeded. Hill is two days ahead of Bert Hinkler's time while Smith is five days ahead of Hinkler.

SHOT AFTER CAR CRASH

Tragedy Follows Automobile Collision in Hull—Prominent Athlete Is Victim

OTTAWA, Oct. 16.—As a climax to an argument over a car crash, W. Bert Marshall, prominent young Ottawa athlete, was shot and killed in Hull last night.

Police say that Marshall alighted from a car in which he was a passenger after another automobile had crashed into it. Following some words, Marshall was shot by one of the two occupants of the other machine. He died almost immediately. The slayer escaped.

Vancouver Wheat

VANCOUVER, Oct. 16.—Wheat was quoted on the local exchange today at 69c.

DAILY EDITION Thursday, October 16, 1930

PROSPERITY ALL YEAR

This is prosperity week and it is passing very rapidly. Very soon it will be gone and by most of us will be forgotten. However, the wise will learn a lesson from it and will cultivate the prosperity habit all the year round.

BUY CANADIAN GOODS

Some anonymous reader of this paper claims that we have not always been in favor of buying Canadian goods, but they are wrong. At different times this paper has advocated it.

What the interested reader is thinking of is the opposition put up to the protectionist policy of Premier Bennett at the time of the last election. Experience has shown that when duties are raised prices go up and already local merchants have been notified that some of their goods will be advanced in price after the New Year as a result of the new tariff. That is why objection is taken to the higher tariff. We object to paying higher prices which are borne largely by the wage earners of the country.

But just now Premier Bennett is in power with a strong majority and is pledged to higher tariff. He has begun well by carrying out his promises in that regard at the earliest possible moment and we are content to await the issue. If prices are not advanced on Canadian goods as a result of protection, we shall be satisfied, but if it is found that the manufacturers of the country take advantage of the situation to raise prices and gouge more money from the workers, we shall object very strenuously. Possibly we were wrong in our opposition to the tariff. Time will tell. It is useless to discuss the theory when we have before us a practical example that will soon prove the theory.

We do not like fighting elections all the year round. It is several months since Mr. Bennett was elected and we had almost forgotten that there was a contest. Just now he is Canada's premier and we are ready to support him as far as possible. Why hark back?

WHAT IS COMING?

Premier Tolmie suggests that something large will happen soon in connection with the development of the Peace River country. What will interest everyone is to hear what that big development is to be. Some think it will be the building of the western outlet by the big companies, work that is sure to be done soon, but also there is a suggestion of a private company taking a hand in the work.

Naturally Prince Rupert favors the older companies and would like to see the two big railway companies unite in making a joint outlet at one point, which would become in a short time a real port, connected by liners with the Orient and with Europe. If the thought waves of the people of Prince Rupert have any influence, that is what will undoubtedly be done. We think it will be done anyway.

The best preparation for the next war is to keep the stork working overtime.

News of the Mines

AROUND PRINCE RUPERT
Prosperity Mine Nets \$150,000 So Far This Year;
Troy Group Looking Good; Favorable Progress on Unicorn Property

During the month of August, the last month which is reported, the Prosperity mine in the Portland Canal district, which is under operation by the Premier Gold Mining Co. Ltd., made a net profit of \$40,687.67. Smelter shipments grossed \$57,782.54 from 171,823 ounces of silver. During the first eight months of this year, the Prosperity has made over \$150,000 in net profits. The lowest assay reported from August shipments showed 45.30 ounces of silver to the ton and the amounts climbed gradually from that figure to 96.43 ounces. Prosperity is taking its place as one of the most profitable mines ever developed in the west.

P. E. Peterson, well known B.C. mining engineer and consulting engineer for the Silver Crest Mines Ltd., is now in the service of the Soviet government in Russia, being located in Russian Armenia between the Black and Caspian Seas where he is supervising the construction of a 1,000-ton mill. He has lost 28 pounds in weight since he went there.

Work on the Troy group at Stewart, which is now closed down for the winter, was largely confined during the past summer to the porphyry zone southwest of the contact. This zone is 500 feet wide and has been traced from the foot of Salmon River glacier to Mount Dillworth, a distance of 6,000 feet. The zone is intensely mineralized in places. An assay from a grab sample gave 0.32 ounces in gold (\$6.40), and 53.90 ounces in silver (\$28.95). An assay taken from the same zone last year, 300 feet from this last mentioned sample, gave 0.32 ounces gold (\$6.40); 60.88 ounces silver (\$33.49); 0.56 per cent copper and 27.3 per cent lead, a total value of \$80.81. This season's work consisted largely of open cutting and general prospecting. On the north side of the contact, No. 5 or Goat Creek vein was traced for several hundred feet. The exact width was not determined but several veinlets showed for a width of over ten feet. The property consists of two groups of eight claims owned by Charles Lake and Neil McDonald. Considerable work has been done on the property. On Troy No. 3 fifty feet of tunnelling has been done, on Troy No. 2 fifteen feet as well as forty or fifty open cuts over the property.

Work on the Marietta group near Chikamin Glacier in the Portland Canal district has developed into an interesting stage under the direction of Walker Havens of San Francisco. A tunnel driven through a spur of the glacier to uncover the intersection of several important veins is nearing its objective and speculation is rife among the prospectors of the section as to what will be revealed when the vein contacts are reached. Float gold ore of free milling type running many thousands of dollars to the ton was found on the property during the past year or two and it is believed that the source of the rich ore may lie under the glacial mass through which the ice tunnel is being driven. This vein has been sustained to some extent by the recent discovery of pieces of similar ore in the tunnel as drifting advanced. Work will be continued on the property as long as snow conditions permit.

An interesting situation is developing on the Unicorn Mining Co.'s property in the upper Salmon valley which is being developed under the direction of John Hovland. The property dovetails into the northern end of the Big Missouri and the southern claims cover a considerable portion of the porphyry zone on which Big Missouri is working. Development on these two properties can be said to be at least geologically related and what may apply to the one may very well apply to the other. The portal of No. 3 tunnel of the Unicorn is just north of Big Missouri boundary and at an elevation just under 3200 feet. The tunnel is now in some 330 feet and at a point some 170 feet from the portal the porphyry zone coming through from the Big Missouri was first encountered. At 300 feet considerable sulphides were encountered, including a vein of from two to two and a half feet wide which shows considerable free gold apparently in an exactly similar gangue and occurrence as the free gold in the same zone on the Big Missouri. Winter camps, capable of accommodating a small crew of some eight men, are being prepared and it is the intention to operate throughout the coming winter. The winter operating program calls for the extension of No. 3 tunnel to its objective, the A vein, at a point about three hundred feet beyond the present face at a depth of about 150 feet below the lowest outcrop which is in the bed of a creek. This A vein, which has a width of roughly fifty feet on the surface has been traced by open cuts and trenches for some 600 feet. Besides having a very interesting gold content, an exceptionally fine showing of galena is exposed. Between the A vein and the present face of the tunnel, two other but smaller veins were seen. These are named the E and F veins. They parallel themselves as well as A vein. Both, as well, are said to carry interesting values and, like A vein, will be cut at depth by extension of No. 3 tunnel. The discovery of the two and a half foot vein in the tunnel, in which free gold has been encountered, has greatly added to the interest of the property in so far as its intersection at depth with E, F and A veins may disclose a considerable concentration of ore. This would add materially to the value of the property and be a deciding factor in its future.

As development work proceeds on the Tidewater Molybdenum property near Alice Arm, prospects of it becoming a producer of considerable proportions continue to improve. The main drift is being pushed ahead with a full face of ore and the ore body has been shown by crosscuts to be over eight feet wide. It is one of a series of ore bodies that will be developed. Angus McLeod, superintendent, is pleased at the persistency of the ore body in the drift. The trail from the beach to the mine is now being improved and, as soon as this is done, a compressor plant will be installed.

Describing recent stakings in the Stikine River district in the annual report of the minister of mines, Dr. J. T. Mandy, resident mining engineer for this district, mentions the Jackson group of claims at Jackson's Landing owned by Frank Jackson. The showing warrants systematic exploration and the area, particularly the lower elevations, should be further prospected, the engineer declares. Other stakings of last year in the Stikine River district were 13 claims near the head of Limpoke Creek for Barrington Bros., a new discovery on Four Mile Creek by A. Skelhorn's prospectors, and eight claims staked by W. B. George on Tsetogamus Creek in the Klappan River area.

A Davidson, who has been developing the Summit group in the upper Kitsault country in the Alice Arm district, has located a new body of ore on that property. Open cuts have shown that it is at least eight feet wide and further work is expected to show an even greater width. The ore carries silver, lead and zinc.

RAILWAY OFFICIAL WAS HERE

Cliff Rogers, Seattle official of the Yukon & White Pass Route, was a passenger aboard the Princess Louise yesterday afternoon returning south after a trip to Skagway and elsewhere in the north on company business.

At the conclusion of last night's hospital board meeting, members of the house committee adjourned to the nurses' home where Miss Jean Harrison, lady superintendent, pointed out certain repairs to furniture which are necessary.

T. M. Haney, who has been stationed at Tulsequah as Canadian customs officer during the past summer, arrived in the city from the north on the Princess Louise yesterday afternoon. He will be attached to the local customs staff for the winter.

The hospital board at its meeting last evening, on motion of G. P. Tinker, and G. V. Wilkinson, voted to Miss Harrison, lady superintendent, the usual sum of \$50 with which to provide Christmas comforts for patients in the hospital during the forthcoming festive season.

H. W. Birch, managing secretary, pointed out to the hospital board at its meeting last night that the latch on the door of the main entrance was not functioning properly. He suggested that a spring be installed to ensure that the door stays closed. The matter was referred to the house committee.

Miss Jean Harrison, lady superintendent, informed the hospital board at its meeting last night that at least three dozen new blinds were needed for the institution, particularly on that side of the building facing the prevailing winds. The matter was left in the hands of the house committee with power to act.

TENDERS ASKED

Tenders will be received by the undersigned for the purchase of Lot 17, Block 5, Section 7, with building thereon, up to 4 p.m., October 23, 1930. Envelope to be marked "Tender For Lot."

D. J. MATHESON,
City Treasurer

Sport News

SPORT CHAT

Frankie Neel of this city took a four-round decision from Wing Hay, Victoria Chinaman, on a recent boxing card at the Variety Theatre in Victoria. The Chinaman was game and for a round or so held his own while Neel was not seen to advantage until towards the third round. Then the local boy went for his man in fine style with a regular bombardment of lefts and an occasional right and so far weakened Wing that he had him fairly at his mercy. Neel was fighting on a card in the headline event of which Jumbo Davies, who performed here last summer, decided Johnny McDonald of Vancouver in 10 rounds.

The Stewart Winter Sports Club, which proved such a success last year in organizing the young people of that district in sports and other activities, has been reorganized with officers as follows: president, Hector Stewart; vice-president, Duncan Cameron; secretary-treasurer, Miss Betty Jack; executive, Miss Evelyn Blanton, Miss Rita McLean, W. S. Orr and W. D. Smith. Under the auspices of the club, basketball will start in Stewart on October 22 and will be played on every succeeding Wednesday evening.

GOOD CARD OF BOXING

Empress Social Club Has Fine Opener For Series of Winter Smokers

A fine boxing card was put on at the Empress Club last night for the first of a series of pugilistic smokers it is planned to hold there during the coming winter. There was a fair sized crowd of fans and all were well satisfied with the show. Had it not been for a number of other events on, there would have been a much bigger crowd.

In the main event, Pete Holm and Cyclone Docherty, a pair of writers, put on a lively bout which ended in a draw. It was to six rounds.

Chuck Brown got the decision over Art Brown whom he all but knocked out. This event was five rounds.

Pete Chenoid and Johnny Roma did five rounds to a fair enough draw.

Don Kennedy got the decision from Rupert Fong in five rounds.

Johnny McLeod and Herbie Morgan fought three fast rounds to a draw.

In the curtain raising exhibition, Marvin Rowe and Vernon Rowe sparred for three rounds and deserved a shower of silver.

Andrew Wall failed to appear in his heavyweight bout against Dan Healy.

Douglas Frizzell was referee for all bouts and Max Heilbronner was timekeeper.

Glengose Needs Rigging Repairs So Cannot Run Against Thebaud Today

GLOUCESTER, Oct. 16:—The Glengose-Thebaud race was postponed again today owing to the necessity of repairs to the Blue-nose's rigging.

COLLART OPENS MOOSE BAZAAR

Acting Mayor Officiating Today at Big Annual Affair—Will Continue For Next Two Days

The annual bazaar of the Moose Lodge and the Women of Mooseheart Legion was opened at 3 o'clock this afternoon in the Moose Hall by Acting Mayor Theod. Collart. The affair will be in progress for the next two days and gives promise of being a great success. There are many articles for sale and the tea room will, of course, be popular. The running entertainment includes a three hole peewee golf course and wheels and games.

Mrs. Charles Edwards is general convener and other ladies in charge include:

- Sewing—Mrs. H. Skattebol and Mrs. Anker Wick.
 - Raffles—Mrs. P. Wingham and Mrs. C. M. Nickerson.
 - White Elephant—Mrs. A. Ohnesorg and Mrs. Einar Larsen.
 - Home Cooking—Mrs. Sam Hougan and Mrs. A. Dickens.
 - Candy—Miss Thora Peterson and Mrs. Richard Long.
 - Tea Room—Mrs. Percy Cameron, Mrs. R. Giske and Mrs. A. Nelson.
 - Wheels—Mrs. D. C. Schubert.
- Many members of the men's organization are assisting. Tonight there will be a musical program and tomorrow night a dance and the grand drawing.

NORTHERN B. C. NEWS

PRINCE GEORGE

Rev. S. T. Gilbrath, for several years pastor of Knox Church here, has accepted a call from St. Aidan's Church, Victoria, to Zion United Church in Armstrong.

A regular meeting of Northern B. C. League was held here last Monday evening.

The annual rum sale at Kamloops was held last Thursday. There was a good deal of stock from this district at the sale.

John MacMillan, teller in the local branch of the Royal Bank of Canada, has been notified of his transfer to the New Westminster branch.

The Junior Catholic League held a well attended and enjoyable dance last Friday night in the ballroom of the Prince George Hotel.

Work has commenced on a new concrete power house, 15 by 23 feet, on the railway yard here, replacing an old one which was put up following the fire in the yard last winter.

The Prince George Badminton Club has elected officers for the season as follows: president, E. J. Newell; vice-president, Mrs. C. Irwin; secretary, H. V. Little; executive, J. Chapman, A. T. Warder and

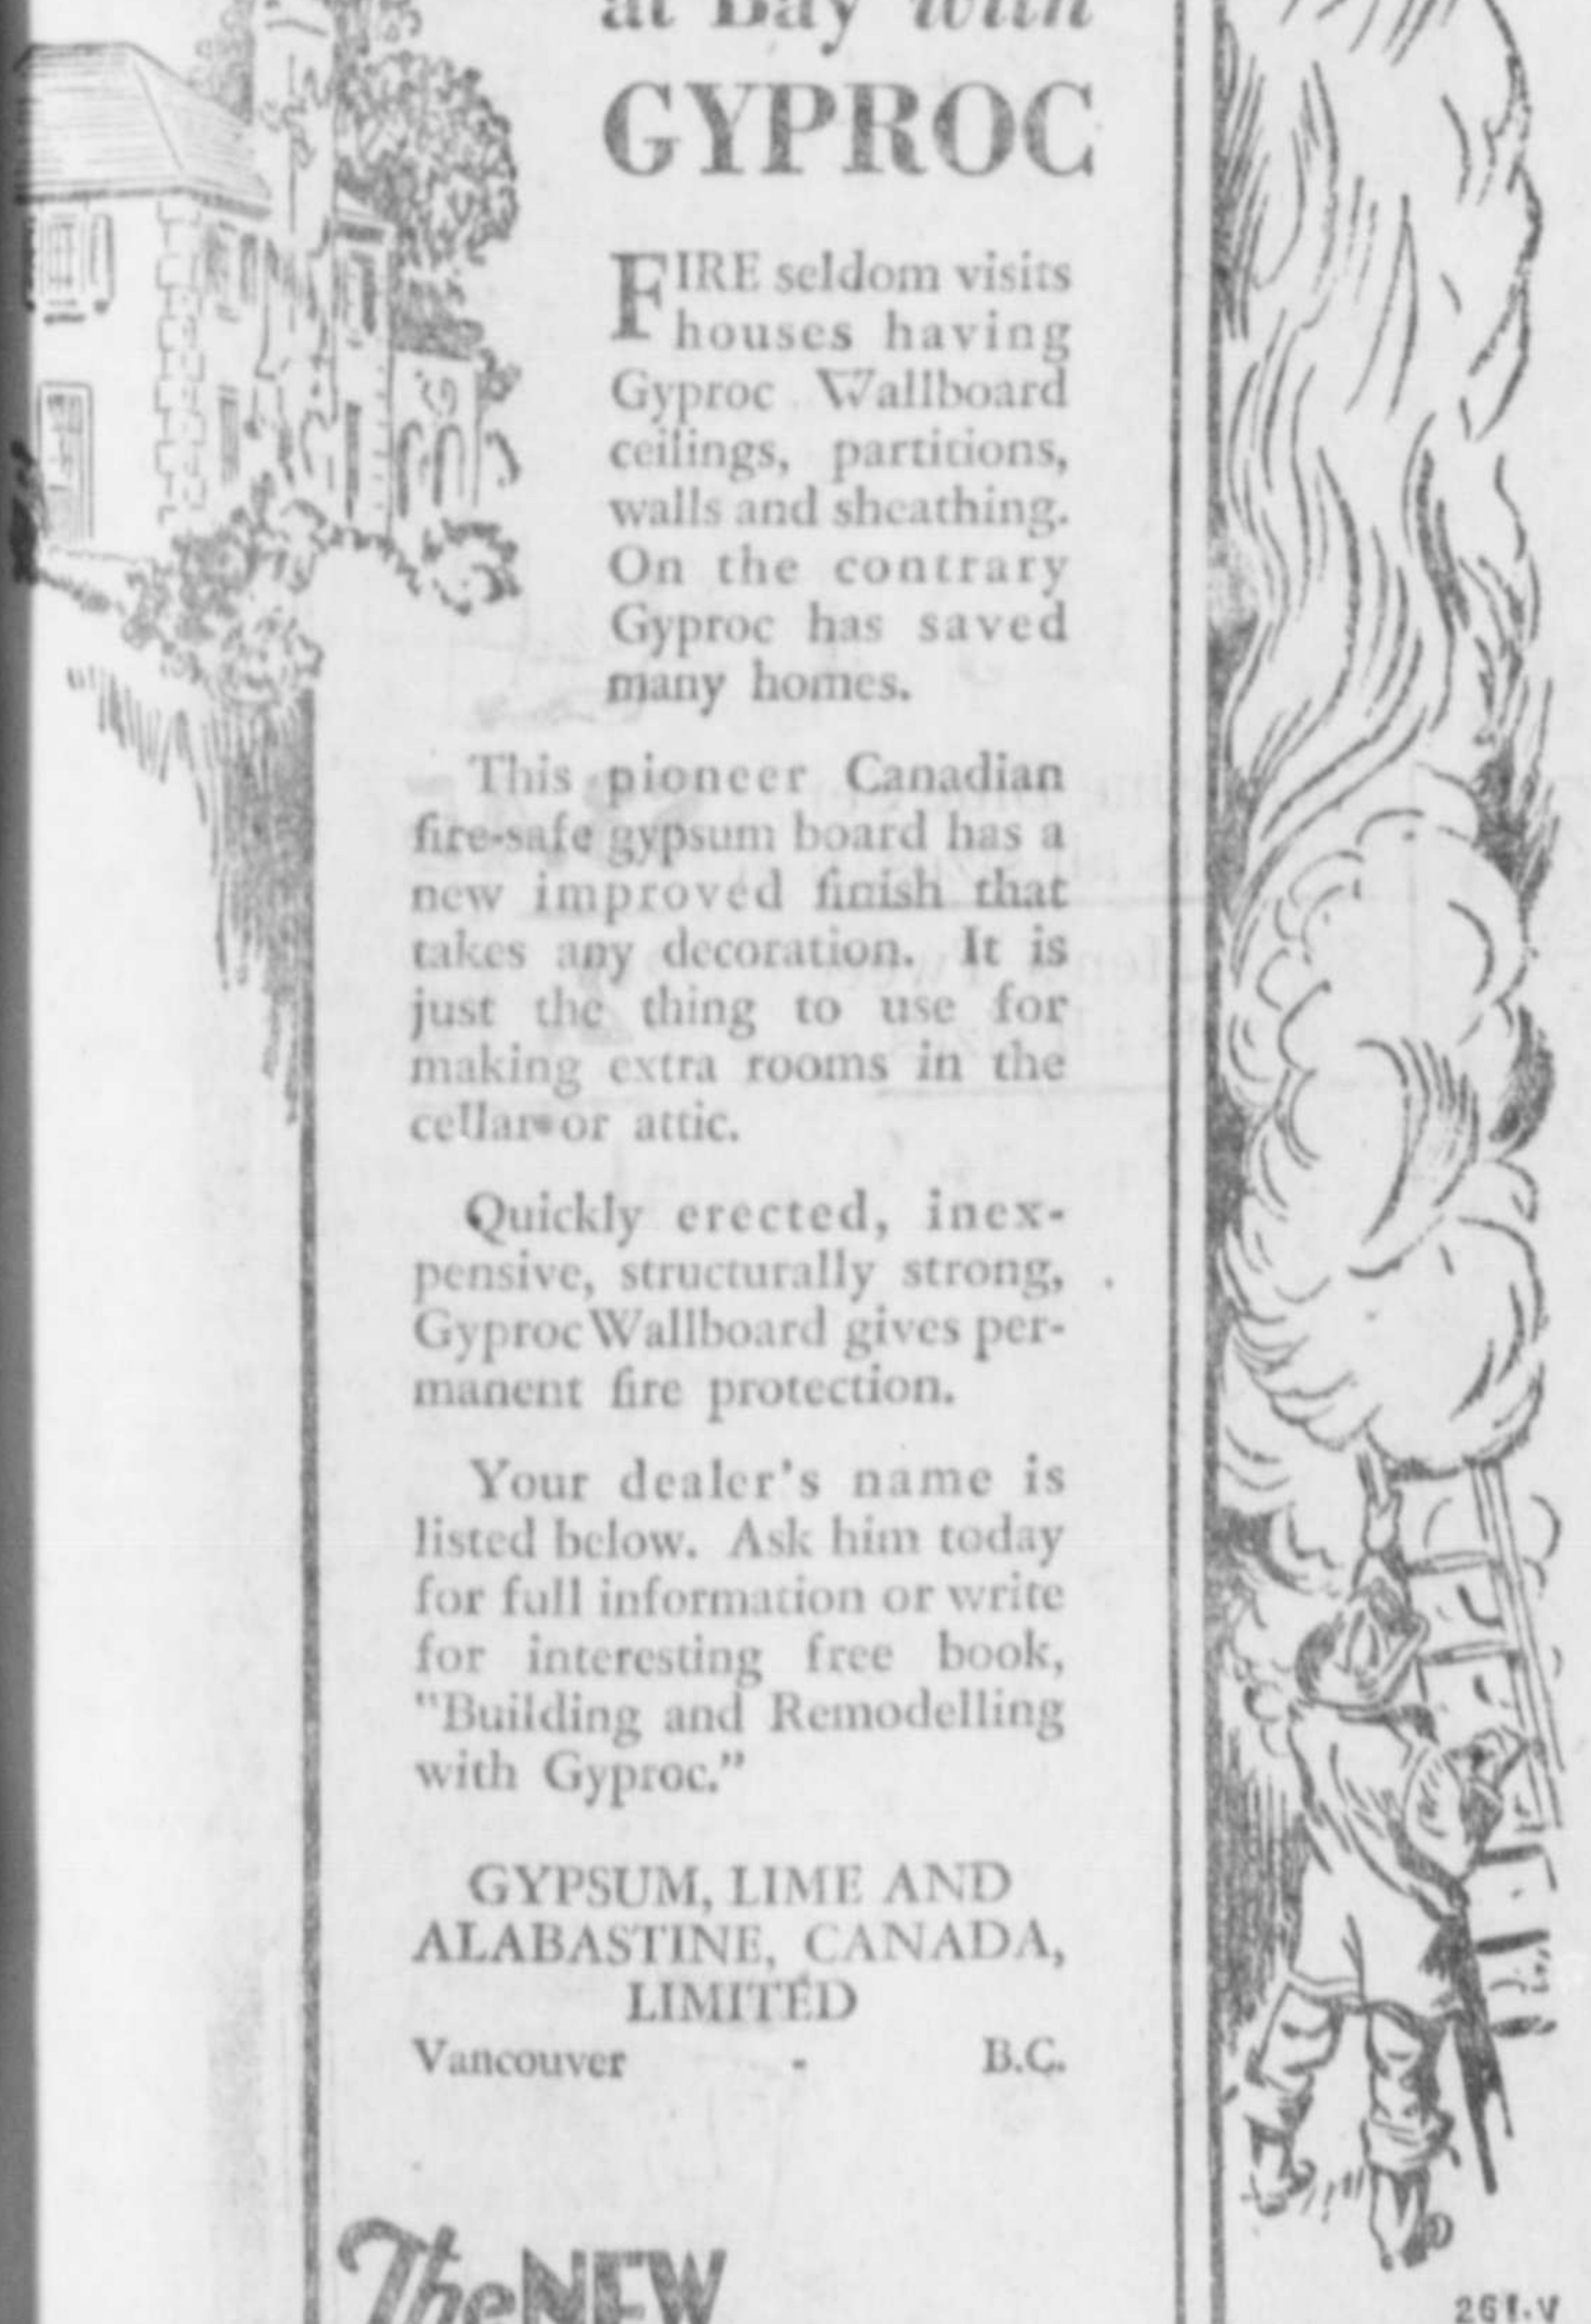

Make dresses bright as new!

DIAMOND DYES are easy to use; they smooth and evenly, make dresses, drapes, lingerie look NEW. They are a trace of that re-dyed look which Diamond Dyes are used. Just use even, new colors that hold their own through the hardest wear and washing.

Diamond Dyes owe their superiority to the abundance of pure anilines they contain. Cost more to make? Surely, but you pay no more for them. All colors—15c.

D. V. Smith. Play begins this evening in Ritts-Kifer Hall.

As part of the relief work program, the Canadian National Railways are to lay 90 miles of 100-pound steel on the line between Red Pass Junction and Vancouver.

Word was received in the city last week that the Grand Jury had returned no bill in the case of Walter P. Gregg, a former resident of Prince George, who was charged with manslaughter in connection with a motor accident.

BURNSLAKE

The wedding of Miss Mathilda McCormick R.N. and Louis Watson took place at Topley last Tuesday, Rev. E. S. Fleming officiating. The bride for several months has been in charge of the Burns Lake Hospital and the groom is a rancher at Topley, where the couple will reside.

Miss Scott R.N. who has been visiting with Mrs. Robert Lowe, returned to Vancouver last week.

VANDERHOOF

At the home of Mr. and Mrs. Ernest Smedley last week, a Young People's Society was formed, an interesting program being drawn up for the winter months. Officers were elected as follows: president, Rev. B. C. Prockler; vice-president, Miss Velma Clark; secretary, Kenneth Johnson; treasurer, Miss Mary Skelton; executive, Miss Florence Patterson and Andrew Plamie; committee of social committee, Miss Emma Silver; devotional committee, Miss Elsie Smedley; intellectual, Mrs. Clarence Smedley; athletic, Miss Patterson and Mr. Johnson.

A basketball game was played last Saturday afternoon between Chilco and Vanderhoof school teams.

The new Canadian Legion memorial hall on Burrard Avenue is now assuming an imposing appearance and the general framework is now being rapidly constructed.

The first practice of the Vanderhoof Choral Society was held last night. It is planned to put on a recital next month.

Miss Myrtle Mitchell has returned from a vacation trip to Smithers and Vancouver and is now back in the office of the Dominion Government Telegraphs.

Following the recent fire, the Vanderhoof detachment of the

Royal Canadian Mounted Police has taken rooms in the E. C. McGeachy building until such time as they have permanent quarters for their barracks.

The local branch of the Forestry Service has taken the Ferland building at the corner of Stewart and Lampitt Avenue for office headquarters.

Rev. Father E. Allard O. M. I. conducted Mass in the local Roman Catholic Church on Sunday morning.

COUNCIL PASSES NUMBER BYLAWS

Special Meeting Last Night Gives Final Touch to Sidewalk Routine

The city council held a special meeting last night, Acting Mayor Collart presiding, for the purpose of reconsidering and finally passing several bylaws which were passed through their earlier stages on Monday night. This will enable the engineer to proceed with as many

of the sidewalks downtown as it is found that finances will permit. There was also a brief general discussion of the question of unemployment.

Bridge Party In Aid of Crippled Children's Home

A bridge in aid of the Crippled Children's Hospital was held last evening at the home of Mr. and Mrs. F. D. Rice, Federal Block, by the

local branch of the Crippled Children's Guild. It was a striking success, the sum of \$40.50 being realized.

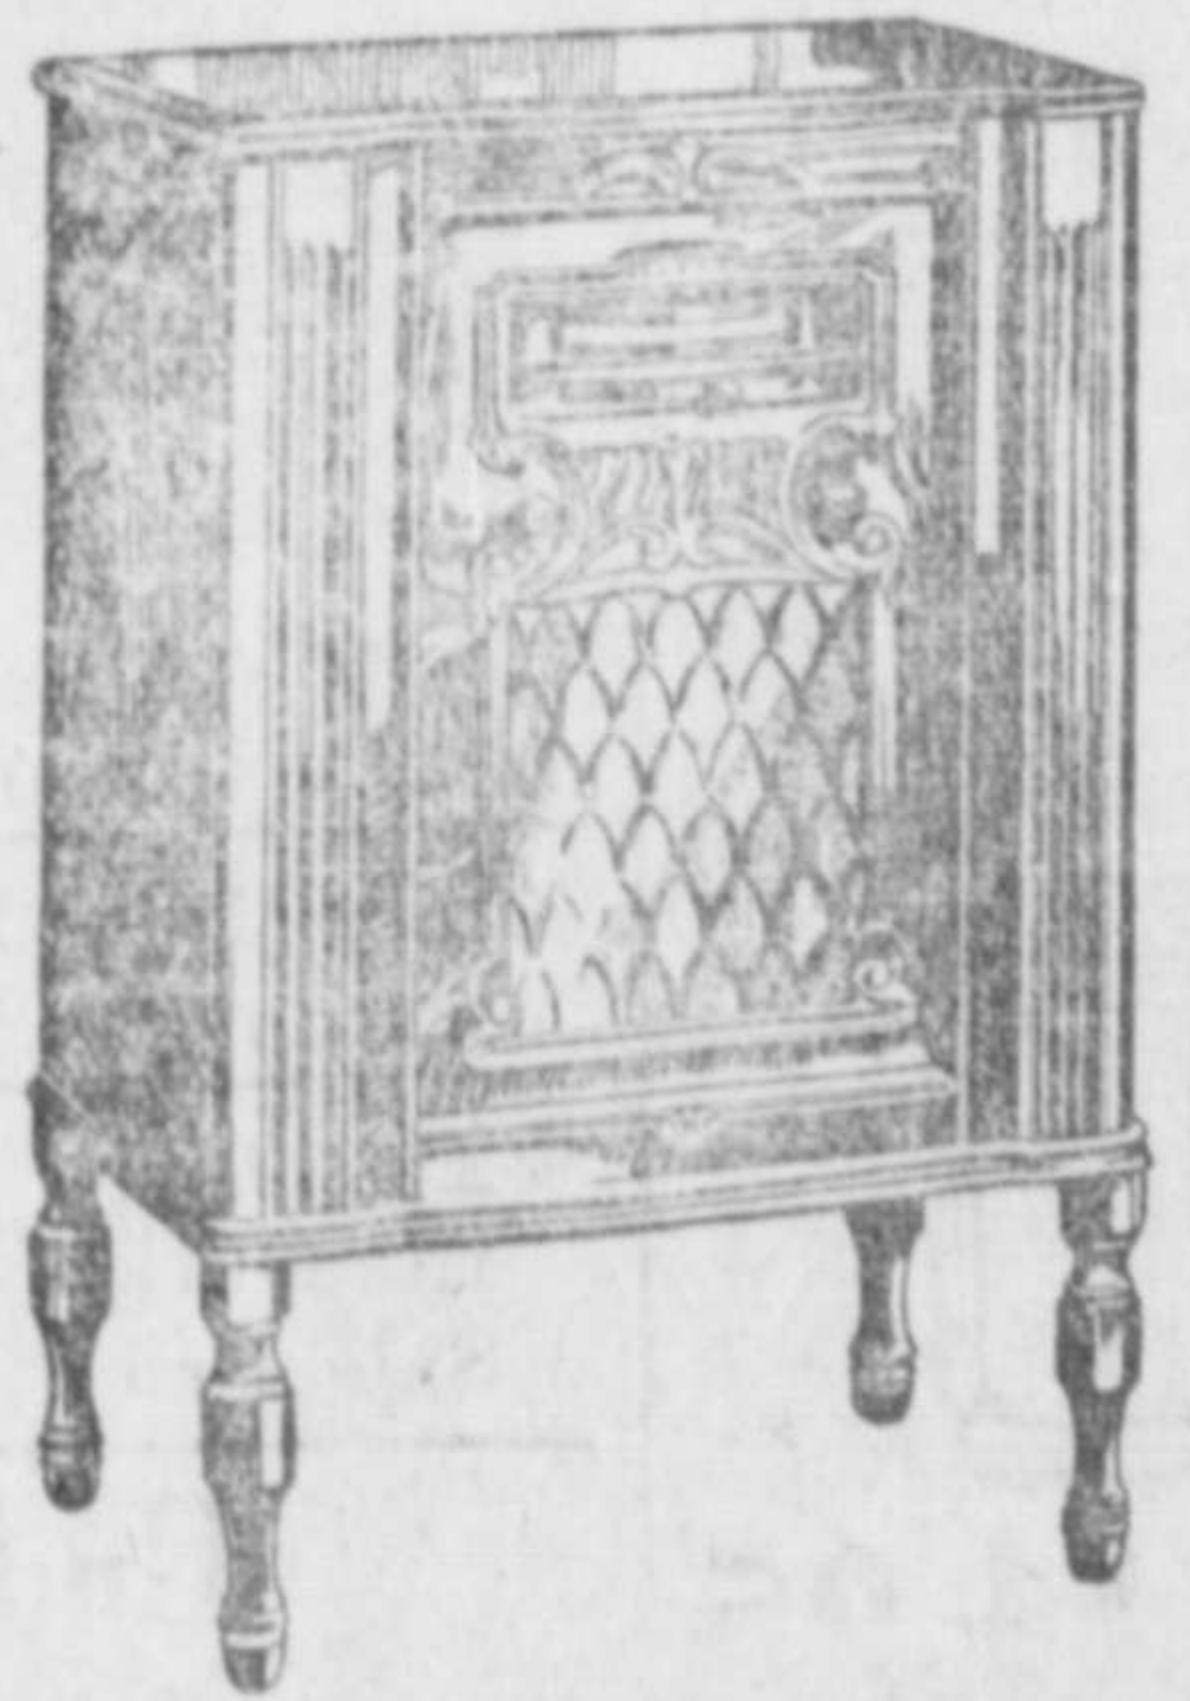

After bridge a delicious supper was served at which Mrs. E. Lipsett and Mrs. M. A. Burbank poured.

Following the supper the prizes were given. Mrs. Harry Kennedy won ladies' first and Mrs. Hyde, ladies' consolation. Men's first was won by A. E. Parlow and men's consolation by T. W. Brown. Mrs. A. R. Nichols won the bean-guessing contest.

LOCAL ITEMS

Helgar Johnson, who got drunk last night and could not tell his name till this morning, was fined \$25, with option of thirty days' imprisonment, by Magistrate McClymont in city police court today.

An interesting talk on India was given at the weekly luncheon of the Rotary Club today by E. N. Walker of the Northern Electric Co. at the Capitol Theatre. President S. D. Johnston was in the chair.

Miss Frederica de Lagima of Bryn Mawr, Pennsylvania, who has been on a trip to Alaska, disembarked from the steamer Princess Louise here yesterday afternoon from the north. She will proceed East from here by the next train.

Judging of the store window dressing contest held in connection with the observance of Canadian Prosperity Week in Prince Rupert will take place this afternoon. The judges are one commercial traveler from Montreal and two from Vancouver.

Sergeant W. J. Service, new chief of the city detachment of the provincial police here, returned to the city on today's train from a brief trip to his former home in Prince George. He was accompanied by Mrs. Service and family who will take up residence here.

There were 163 passengers the last big passenger movement of the season from the north, going through to Vancouver aboard the steamer Princess Louise which was in port yesterday afternoon southbound from Skagway. Eleven passengers disembarked here from the vessel.

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held in the hospital last night. President James H. Thompson was in the chair and others present were: G. V. Wilkinson, R. E. Benson, Ald. S. D. Macdonald, Frank Dibb and G. P. Tinker, directors; Miss Jean Harrison, lady superintendent, and H. W. Birch, managing secretary.

Twenty Years Ago

In Prince Rupert

October 15, 1919

The Ladies' Auxiliary of the Prince Rupert General Hospital held its first social affair last night. It took the form of a highly successful dance in the McIntyre Hall, some 150 persons being in attendance. The committee responsible for the success of the dance consisted of Mrs. Alex Manson, Mrs. Fred Stark and Mrs. C. H. Sawie. Music was by Gray's Orchestra.

The case of the Prince Rupert Sheet Metal Works vs. Artand & Fawner, in connection with the installation of heating in the Knox Hotel, is continuing in County Court before Judge F. McE. Young. Appearing as counsel are L. W. Patmore and C. V. Bennett.

The New Vogue in Rings

Social usage has decreed the revival of the interchange of rings between engaged couples.

The modern woman gives her husband-to-be a ring set with the stone of the month in which the engagement was made, or a signet ring engraved with the date.

We have suitable rings at prices from—

\$10 to \$25

MILK that's doubly rich

ABOUT 87 1/2% of natural cow's milk is water. Only 12 1/2% is solid substance which is food. In making St. Charles Milk, 60% of the water of cow's milk is removed. That makes St. Charles Milk more than twice as rich as ordinary milk. And every drop contains all the food elements of milk. Wherever you need milk St. Charles will better fill the need. Sold in two handy sizes by all grocers.

The Borden Co. Limited, Dept. A, Home (Arctic) Bldg., Vancouver

Was Constipated, Bilious, Tired. Now Well, New Woman

Years of Misery Ended by "FRUIT-A-TIVES"

"I was always constipated, bilious, tired, out of sorts. Since taking 'Fruit-a-tives' I feel like new woman. Perfect health. Constipation all gone." — Muriel Melendry, Montreal.

Hosts of men and women write year after year of constipation and liver trouble ended overnight with "Fruit-a-tives." Biliousness, indigestion, heartburn, gas vanish like magic. Kidney and bladder ills, pain in back face away quick. Nerves quiet, sound sleep ensues. Rheumatism, neuralgia, neuritic sick headaches disappear in hurry. Complexion clears. Ten of nature's greatest remedies combined in handy tablet. Marvelous discovery by famous Canadian doctor. 6-week results amaze all. Quit being sick, tired, weak. Get "Fruit-a-tives" from druggist today.

MANSON SPEAKER

(Continued from page one)

ment of their city even greater than that played by the early settlers. To be worthy to play this part they must at the outset remember that graduation to High School meant more work and perhaps less play. This was natural for growth in manhood and womanhood, and it was right that they should learn to work harder, to think along more serious lines and to do more for themselves and others. The most important thing in the lives of parents was that their boys and girls should grow into worth while men and women, that they should graduate into men and women of splendid character.

Importance of Church

The speaker now warned the students of the many pitfalls of life into which it was easy to fall. It was important that they should start right and that they should make good friendships. In this respect, Mr. Manson emphasized the vital importance of being associated with the life of the church and Sunday School. Throughout their lives they should never be ashamed of their connection with their church. The church and Sunday School would give them noble ideals, good company and pure contacts, and would steer them clear of the pitfalls of life; and when they graduated from High School and entered the rough and tumble of life their church connection would stand and make their men and women of strong character. It was more important to have character than wealth. Wealth was transitory but clean living and good character would last for ever and they would impart it to those who came after them. That was the most important thing in life. At school they should play the game in the British way and be good sports. Mr. Manson concluded by expressing the hope that they would all be successful in life, that many would rank high in professional and commercial life and that the schools would give to Canada splendid men and women fully equipped and ready to play a great part in the development of our country.

Presentations Made

The following special awards were then presented:

Queen Mary Chapter I.O.D.E.—Library of \$25 won by Dorothy O'Neill, Larden Street School.

Canadian History—first prize book) Dorothy O'Neill, Borden Street School; second prize book) Charica Woods, Borden Street School.

Hill 60 Chapter, I.O.D.E.—Bursary of \$25 won by Marion Ryan, Booth Memorial School.

Adair Cars Chapter, I.O.D.E.—first prize, Canadian History book, \$10, Adelia Thurber, Booth Memorial School.

Mrs. C. E. Cullin presented the bursary on behalf of the Queen Mary Chapter, and Mrs. J. A. Teng, on behalf of Adair Cars Chapter. The bursary from Hill 60 Chapter was sent by mail.

M. Manson presented High School Entrance Diplomas to the successful members of the graduating classes.

During the evening Mrs. Jarvis McLeod sang two vocal solos, accompanied by Mrs. C. E. Cullin, and Miss Ruth Gillis, a talented young pianist, rendered a pianoforte solo.

Miss E. A. Mercer moved a vote of thanks to the speaker and to those who made the meeting so enjoyable. The meeting closed by the singing of the National Anthem after which refreshments were served in the rooms of the Home Economics Department.

The Letter Box

DESTRUCTION OF SEA LIONS

Editor, Daily News:

In the "Letter Box" of your paper C. P. Smith brought to view the destruction and cost of feeding "Sea Lions." He was very conservative in his estimates when he spoke of conditions near Prince Rupert. There are hundreds of such rookeries as were mentioned.

I would like to add a little more and yet be conservative. Rookeries at Cape St. James and Triangle Island have over 5,000 Sea Lions each. Smaller ones at Tian Point, Renald Sound, Big Bay, Dancer Rocks, Soudner Point, about 2,000 each. Suppose we take in all the rookeries in Alaska, British Columbia and on down the Washington, Oregon coast, which are costing at least \$3,000,000 to feed Sea Lions.

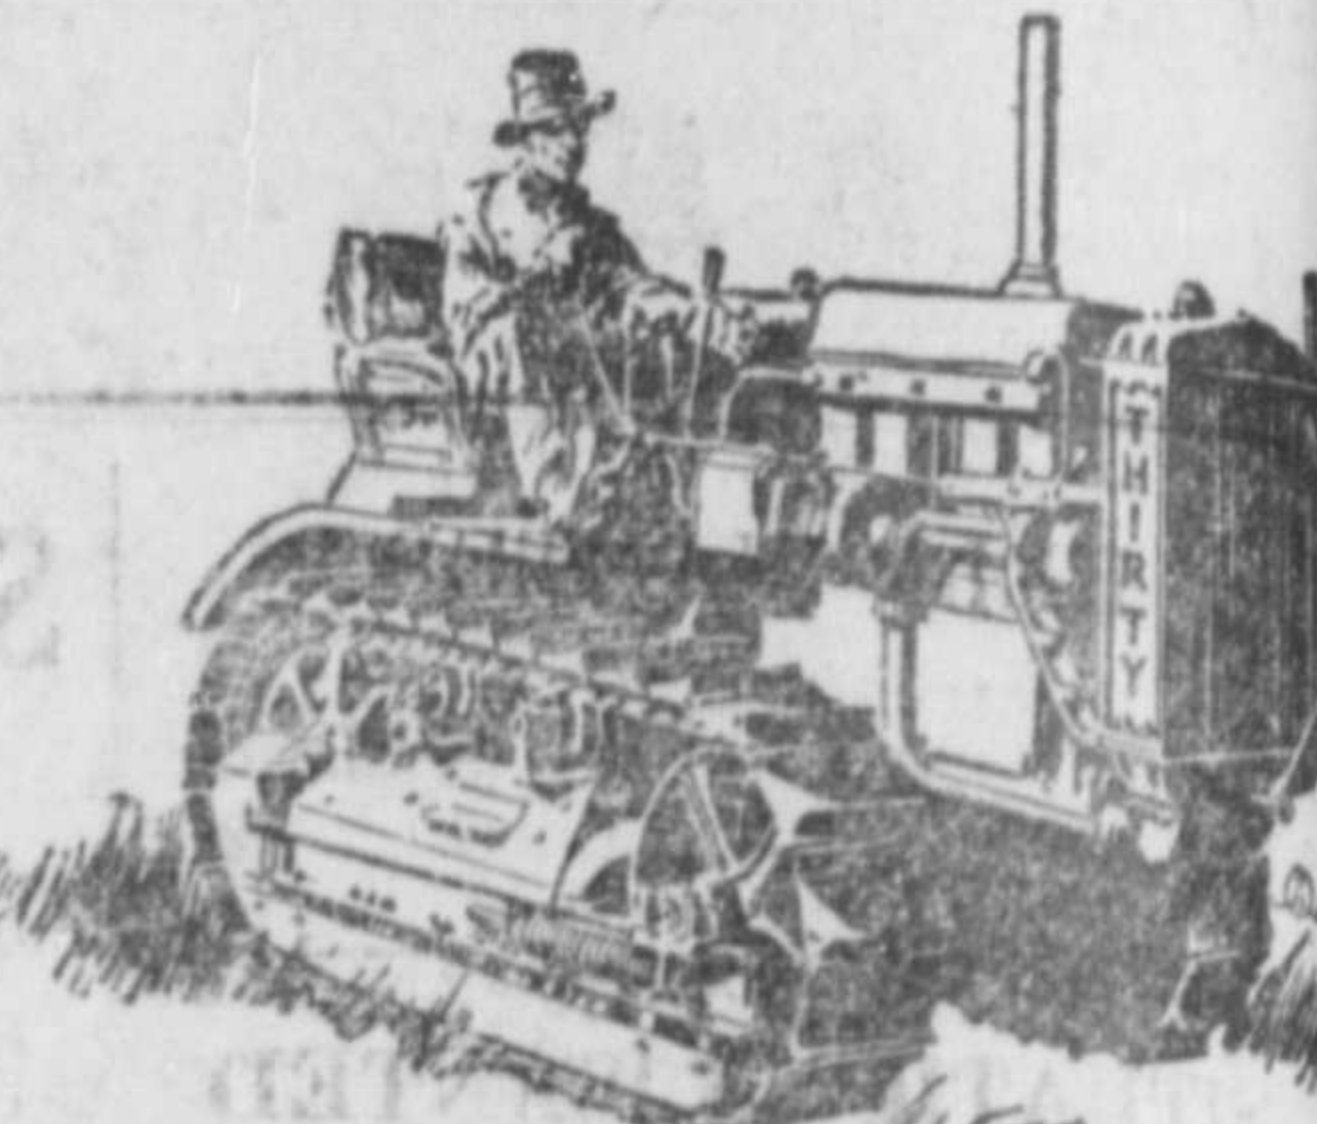

"Sentimentalist" took a dig, saying he was here many years and Sea Lions have not interfered with his livelihood. Is he a fisherman? Sentiment is also for children but not much further. Our halibut industry is getting into such a condition if something is not done soon, it will be necessary to close it for a period of years.

Let the Sea Lions multiply and grow fat, while our fishing boats are tied up going rotten, that would be fine sentiment.

Sea Lions eat salmon also, and fishermen suffer by the loss of many dollars each year to wear by fish taken off their lines. To say that \$1,000,000 more could be added to the industry and it be kept up in a healthy condition

CATERPILLAR

No Job Says "No" to "Caterpillar" Power

Just watch the chain grow taught as the "Caterpillar" says "On a job" to deep cut tools, heavy machinery, gigantic logs or anything that needs moving in less time and at lower cost. It's no theory. It's the track-type tractor with the wiggly trade mark. It's the high power—it's a fact! Thousands of "Caterpillars" the world over are proving it every day.

Seeing is believing—get your copy of the latest picture booklet, will open your eyes!

1000 STATION ST. VANCOUVER

Representatives: Vancouver, Nelson, Kelowna, Prince George

It would be a boost to British Columbia, more than \$10,000,000 worth of sentiment, could be made. Fishermen's associations have asked and over again that the Department of Fisheries destroy these marauders. Sentiment for the fishermen and those that depend upon it.

Interesting Convention

Miss Harrison Tells Hospital Board of Recent Gathering in Vancouver

Presenting her report for the month at last night's meeting of the hospital board, Miss Jean Harrison R.N., lady superintendent, referred to the recent hospital convention in Vancouver which she had attended. The convention, in which three western hospital associations had joined, was extremely interesting and a great success, Miss Harrison stated. She was appreciative of the opportunity the board had given her of being in attendance. A printed report on the whole proceedings of the convention would be shortly forthcoming. Reporting on conditions in the hospital, Miss Harrison stated that things were rather quiet at present. A class of five new student nurses had entered this month.

Power Increased At Prince George

New Unit Capable of Generating 375 Kilowatts Is to Be Installed

PRINCE GEORGE, Oct. 16.—The city of Prince George is entering into an arrangement with the Canadian National Railways here to apply them with electric power. With the installation of the new unit in the power station, the plant will be capable of generating 375 kilowatts, which would be ample to provide the railway company and save a margin over the peak load of last year. The new arrangement is expected to increase the earnings of the city plant by \$1250.

Improvements At Hospital

Fracture Table Is Being Secured and Improvements in Lighting of Operating Room Proposed

On recommendation of the house committee, the hospital board decided last night to purchase a fracture table for the institution at a cost of \$386. In speaking to the recommendation, Ald. S. D. Macdonald, who presented the report of the house committee in the absence of Ald. W. M. Brown, the chairman, stated that the fracture table was a long outstanding necessity in the equipment of the hospital. Miss Jean Harrison, lady superintendent, described some of the many uses which could be made of this item of equipment. It was valuable in treating all forms of fractures and made it easier both for patient and doctor. A patient had had to leave the hospital here recently and go to Vancouver for further treatment because there was no fracture table here.

J. H. Thompson, chairman of the board, stated that it had been decided that a fracture table would be of more value in the hospital than a quartz lamp which had been talked about.

After G. P. Tinker, chairman of the finance committee, and H. W. Birch, managing secretary, had both stated that hospital finances could stand the expenditure, it was decided to purchase the fracture table.

Ald. Macdonald also reported on a project for installation of new lighting in the operating room. The new system, it was estimated, would cost about \$445. This matter was referred to the house committee to get figures and will be brought up again at next month's meeting.

A suggestion from Frank Dibb that considerable savings might be effected by replacing old electric light bulbs which had outlived their usefulness with new ones was referred to the house committee.

Hospital Finances

Receipts of the Prince Rupert General Hospital for the month of September amounted to \$6,402.95 while disbursements totalled \$6,658.37, leaving a deficit of \$255.42. It was reported to the hospital board at its meeting last night by G. P. Tinker, chairman of the finance committee. There had been a total of 1880 hospital days during the month at a cost of \$3 per day. A donation of \$2.50 from an anonymous giver was announced.

Harry Schofield, district passenger agent, British Columbia Coast Steamship Services, was a passenger aboard the Princess Louise yesterday afternoon returning to Vancouver after having made the round trip to Skagway on the vessel.
