LEAD PROCESSION

The president of the Bank of Montreal in an article published elsewhere in this paper today declares that when the turn comes Canada will be found leading the procession in the return to prosperity. He considers this view justified because of the manner in which this country has been weathering the storm.

Sir Charles Gordon says the return to prosperity will probably be slow but there are grounds for believing that the bottom of the depression is at hand, although there is the possibility of a seasonal slowing down during the early winter months.

Activities In Looting, Burning and Killing Greatly Increasing According to Reports Reaching Hankow

HANKOW, China, Dec. 10:-China's latest scourge, communism, today appeared to be gaining momentum despite all efforts of the government to curb the menace.

Despatches received today from northeast Hupeh Province, where Sunday's advices said 20,000 Reds virtually annihilated a similar number of provincial troops, stated that communist activities were increasing greatly throughout that area.

The advices received indicate that communism is spreading rapidly into southeast Honan Province where bandits are reported to be conducting a reign of terror.

Despatches describe the orgies of killing, looting and burning in Honan. The message stated that the Reds, furious against the Kuominang, publicly boiled in a pot of oil its representatives in an obscure village. Many tax officials in Honan were reported to have been executed.

Mr. McDonell of the Usk Welfare Union welcomed the visitors and handed over the meeting to E. T. Kenney, president of the Terrace Board of Trade.

The meeting plunged at once into the consideration of public affairs at Usk. Capt. Willman at first objected to sending any resolutions forward to Victoria on the ground that the governmen paid no attention whatever to them but later withdrew his opposition to that

Mr. McDonell suggested that road work recently carried out in the district had been badly handled owing to the lack of equipment. He moved that the minister of works be written to with regard to this and the facts pointed out. This was

agreed to. Mr. McNichol objected to the public works department appointthe building of trails for "bohunks, trappers and foreigners."

VICTORIA EVERGREEN PLAYGROUND

Offictoria, Canada's evergreen playground, offers a striking contrast to the rest of the Dominion during the winter months, for while all other parts of the country are blanketed in snow, summer never really loses its domination there. The climate is so mild that all kinds of sports, usually subject to seasonal limitations elsewhere in Canada A are all-the-year-round recreation, and the beautiful setting of Vancouver Island never loses its charm. Victoria is essentially beautiful, as the accompanying pictures show: (1) The Empress Hotel, the Canadian Pacific Railway's imposing hostelry, headquarters of all social and sporting events and Mecca of thousands who wish to escape the rigors of the prairie winter. DO YOU SUFFER FROM **CONSTIPATION**

Countless remedies are advertised for constipation. Many relieve for the moment but they are habit forming and must be continued. Others contain calomel and dangerous mineral drugs, which remain in the system, settle in the joints and cause aches and pains. Some are harsh purgatives which cramp and gripe

and leave a depressed after effect. Avoid lubricating oils which only grease the intestines and encourage nature's machinery to become lazy. A purely vegetable laxative such as Carter's Little Liver Pills, gently touches the liver, bile starts to flow, the bowels move gently, the intestines are thoroughly cleansed and constipation poisons pass away. The stomach, liver and bowels are now active and the system enjoys a real tonic effect. All druggists 25c and 75c red pkgs.

United Church Young People

Varied Entertainment Enjoyed at Meeting Last Night

The Young People's Society of the First United Church held its first regular meeting in the parlors of the church last evening with about thirty young people present.

After the regular business of the evening, the literary committee put on a short Christmas scene. The room was in darkness but for a bon-fire which was lighted on the platform and at which Bruce Stevens sat, dressed as an Arab. He gave a Christmas reading and during the course of it a few of the members sang Christmas Carols from behind the scene.

Following this golf, played on a nine-hole course made by the athletic committee, was enjoyed and volley ball and table tennis were also played.

The meeting came to a close at 10:30 with the serving of doughnuts and coffee.
