## British Are to Make Peace With Bolsheviks of Russia

Premier Lloyd George has Long Favored such a Course; New Proposals Brought to England from Lenine By Colonel Malone.

(Special to The News via G. T. P. Telegraphs.)

LONDON, Nov. 12.—Premier Lloyd George stated yesterday that the Government contemplated making peace with the Bolsheviks. This topic now overshadows every other here.

It is generally understood that Lloyd George has long favored such a course but has been overborne by his colleagues in the cabinet.

The inner history behind the Premier's announcement is interesting. Three weeks ago Kolchak's personal representative arrived in London, afterwards visiting Paris with the assurance that the White Armies had the Russian situation entirely in hand. He said that they had reconciled all the differences between the generals and were delaying the capture of Petrograd only in order to accomplish it with the least possible bloodshed. The White Army leaders had arranged for the summary trial of the Bolshevik leaders.

The British and French authorities apparently fully accepted these statements although many with an intimate knowledge of Russian developments ridiculed them. Kolchak's defeat and retirement completely altered the situation. Simultaneously Colonel Malone arrived with Lenine's new peace proposals.

The Soviet ask for an answer by November 15, intimating that otherwise it will transfer the offer to the Central Powers.

## COLONEL PECK HEARS OF NEED OF THIS PORT

Meets the Council of the Board of Trade and Discusses with Them Matters of Vital Interest.

Yesterday afternoon at 5, Col. Peck met the council of the Board of Trade for the purpose of talking over the needs of the port. M. P. McCaffery presided and D. G. Stewart read a memorandum outlining some of the most important improvements required. Mr. Stewart told of the need of a boat plying between this port and the canneries on the Skeena and Naas and also giving a direct service to the smaller mining camps and mill centres, and large enough if necessary to cross to Queen Charlotte Islands. Merchants here, he said, had been unable to make delivery of their goods to the various industrial plants. As a result the business was going to Vancouver when it should be coming here.

**Mail Centre.**  
The mail, the memorandum stated, should come here instead of to Vancouver, and naturally the mail subsidy must cover delivery at the post office here instead of at any other point. Mention was made of the fact that the Tilamook at present carried salmon to this port from the Alaskan canneries but this service was quite inadequate. Instead of handling 250,000 cases here it should be possible to handle a million cases.

In order to properly undertake the salmon distributing, more dockage facilities are required. This is understood is being planned by the railway company, but it is important that immediate action be taken.

Ocean dockage was touched upon and the advantages of this port for oriental trade was outlined.

A daily train service was spoken of as one of the prime needs of the port. Tourist trade was already assuming large proportions but without transportation facilities

## 100 BOTTLES RYE WHISKY

Seizure Made by Chief Minty and Inspector Dunbar.

Last evening on the arrival of the train, Chief Minty of the Provincial Police Department, and Inspector Dunbar of the G. T. P. police department, seized three boxes of express which on examination proved to contain over a hundred bottles of good Canadian rye whisky. The boxes had apparently been put on the rail a Prince George, and were consigned to one "Miller" at Port Edward, where the train did not stop. The value of the goods, at Government vendor's prices, is over \$500.

## REACHES GOOD FIGURE

(Special via G. T. P. Telegraphs.)  
TORONTO, Nov. 12.—With four more days to go, the grand total of the Victory Loan at midnight last night amounted then to \$379,114,700.

this could not be developed to any extent.

## Will Back up City.

Colonel Peck dealt with each request in detail. He stated that he was prepared to back up the city in its demands on the Government and suggested that a delegation go to the capital to once more lay before the people there the needs of this place. The Colonel said that he had great faith in the future of Prince Rupert and he hoped to see Oriental traffic coming this way and the business of the north centering at this port.

Colonel Peck further mentioned the matter of fish docks. He was recommending that the sum of \$100,000 be expended on them, \$25,000 each year for four years. This should make permanent provision for the industry.

In connection with the centering of the marine and fisheries departments here, the member said that his understanding was that the marine station here was to be the centre for the northern district, altogether distinct from Victoria. The fisheries district was more difficult to deal with but he would push the claims of this district.

President McCaffery thanked Colonel Peck on behalf of the Board of Trade for his assurances of support in matters so vitally affecting the business life of the city.

W. J. Leary, stipendiary magistrate, and one of the earliest settlers on Queen Charlotte Islands arrived from Skidegate yesterday on the Prince John and will be in town for a few days. He says that things are looking up at the Islands. A number of returned soldiers are purchasing improved places near Skidegate and bringing in stock and sheep.

## A Sudden Slump in Speculative Stocks

Some Industrials Dropped Fifty Points since Strong Opening Yesterday Morning; Railway and Steel only Firm Securities.

(Special to The News via G. T. P. Telegraphs.)

NEW ORK, November 12.—The stock market continued to decline today. It opened from one to four per cent. lower with speculative issues very weak. General Motors showing a total decline from yesterday's opening of over 50 points.

Yesterday the towering speculative structure in the stock market created by professional interests toppled when rail loans rose to 25 per cent., the maximum since December 20, 1917. Losses of from five to almost forty points were sustained by many leaders in the recent rise, especially steels, equipments, motors and oils. Numerous other industrials which accompanied the October boom, also crumbled in yesterday's convulsive movement. Almost the only stocks to escape drastic liquidation were United States Steel and high grade railway shares, where the reactions were nominal.

The reactions followed an opening advance yesterday of from two to six points, based on the end of the coal strike.

**Panic Develops.**  
NEW YORK, Nov. 12.—(3 p.m.)—At 2:30 o'clock today on the Stock Exchange, the volume of trading was so heavy that the tickers were twenty minutes behind the market trading. Shortly before two o'clock call money reached thirty per cent. Brokers reported that it was almost impossible to borrow money at any price, and as a consequence, stocks were being thrown overboard without respect for values. At 2 o'clock the sales had then totalled a million and a quarter shares. General Motors show a decline of 65 points. Other stocks show declines from last night's close of 30 to 30 points. The stock market is completely demoralized.

## Riots in Centralia On Armistice Day

Members of I.W.W. Fired on Parade Killing Three Soldiers and Fatally Wounding two; Man Lynched.

(Special to The News via G. T. P. Telegraphs.)

CENTRALIA, WASH., November 12.—Three former soldiers, members of the American Legion, were killed, two other service men wounded, probably fatally, and several soldiers less seriously, when a party, said to be members of the I. W. W., fired on the Armistice Day parade as it passed the I. W. W. hall. A man, said to have been one of those who fired on the marchers, is believed to have been lynched. Eight members of the I. W. W. are in jail guarded from the mob of several hundred friends of the men who were shot down.

The shots came from the roofs of buildings as the parade reached Lower Avenue, which is Centralia's main street, and Second Avenue. The parade of veterans broke up quickly while the uniformed marchers made a dash to raid the I. W. W. hall. The service men soon stripped the hall of all furniture and documents and arrested six men. These were thrown into jail and were guarded by former soldiers to prevent their escape and at the same time protect them from lynching. The mob seeking the prisoners was fought back by the returned men.

CENTRALIA, Nov. 12. (Noon). State troops are patrolling the city. The citizens today planned to drive all radicals from Centralia, where they have been increasing for some time. It was the headquarters for Lewis County, Industrial Workers operating from here into the logging camps.

## NAVAL BASE FOR B. C. COAST

Admiral Jellicoe Inspecting Sites For Possible Base for British Pacific Squadron.

## DECEASED VICTORIA'S CANADIAN CLUB LAST NIGHT

(Special via G. T. P. Telegraphs.)

VICTORIA, November 12.—The cruiser New Zealand with Admiral Jellicoe on board left Victoria this morning for Vancouver. It is understood that the Admiral will proceed as far north as Seymour Narrows in the Canadian Government Patrol steamer inspecting points suggested as possible naval bases. One of his staff is at present inspecting Alberni Canal for that purpose.

It is understood that Admiral Jellicoe will leave Vancouver on the 19th for eastern Canada.

Before the Canadian Club here last evening, the Admiral emphasized the necessity of maintaining the fleet not only in British waters, but also in those adjacent. The dominions must see to it that the overseas naval forces are never again depleted as they were just prior to the outbreak of war. He said that the British Columbians were quite justified in their anxieties during the early months of the war and had inadequate protection with von Spee's squadron standing off the coast.

## LIQUOR CASES IN LOCAL POLICE COURT

Joseph Hayden was in the police court this morning charged with having liquor in his possession other than in a private dwelling. He was remanded till to-morrow morning to enable him to obtain counsel.

Ed. Gamble was charged with being drunk and disorderly. On the request of Chief Vickers the case was also adjourned till to-morrow morning.

Mah Sang Sing, the Chinese who was arrested getting off the Prince George last Thursday evening with liquor in his possession, was given the \$50.50 penalty. On being called on Friday morning the accused did not appear and he nearly lost his bail. However, subsequently, he was able to prove with a doctor's certificate that he was sick on that occasion so bail was refunded this morning.

Miners' Attorneys are Prepared to Appeal Decision of Government Department to Higher Court.

(Special via G. T. P. Telegraphs.)

INDIANAPOLIS, Nov. 12.—Although the coal strike has been called off, court action in the strike case has not been called off by any means. The miners' attorneys are preparing their writ of error with the view of appealing the case to the United States Circuit Court of Appeal. They expect to file their petition within the next two or three days.

The attorneys stated that they expected to carry the case to the highest tribunal of the country if the Government is upheld in all the lower courts.

## Is Jewelry a Luxury

Much of a jeweler's stock, such as watches, clocks, rings, chains, etc., can be called a necessity nowadays.

It is necessary to keep up to date. Presents of jewelry give real pleasure, and who will say that a little pleasure is not needed by most of us?

Often a person would rather have the pleasure a gift brings than twice the money it costs.

We show a splendid selection of gifts this season.

## CORPORAL ROSS PRESENTED WITH A DECORATION

D.C.M. Pinned On Local Man By Member For District At Smoker

The smoking concert at the Great War Veterans' rooms last night was a pronounced success. The object of the gathering was to celebrate the signing of the Armistice, yesterday being the first anniversary of the great event. President Simon Duhally acquitted himself in the chair and kept the programme going in fine style.

During the first part of the programme, the soldier member for the district, Col. C. W. Peck, V.C., was present. He presented the Distinguished Conduct Medal to Corporal Tommy Ross, of the 10th Infantry Battalion. This was probably the biggest feature of the evening and the Colonel expressed the pleasure he felt at being called upon to present a decoration which, to his mind, was the second highest honor for bravery that could be won on the field of battle. Colonel Peck considered it an honor to have been able to serve in the same division with the honored soldier. He mentioned that the 10th and the 16th battalions were the first Canadian battalions to be hurled against the Huns in a hand to hand conflict in the great war. He again congratulated Corporal Ross on the signal bravery which was requisite to the winning of the D.C.M.

After the presentation a delightful programme was given by members and friends while the audience indulged in the smokes that were amply provided for all. "Doe" Clapperton sang an appropriate song, "Admiral's Broom," while J. C. Brady, in his own inimitable style, gave recitations both grave and gay. Frank Moore delighted with a number of humorous songs for which he has gained such popularity. Harry Harvey, with violin solos and songs, Bill Murray, Bob Robertson, Jimmy Kelly, with songs, and Ed. Ross, with a xylophone solo contributed to the programme and were received with due acclaim. W. Vaughan Davies was at the piano, which means that the accompaniments were all that could be desired.

### BLACK CASE HEARD IN POLICE COURT

Defendant Declares He was Absolutely Innocent of Having Liquor in Possession.

Peter Black appeared in the Police Court this morning charged with having liquor in his possession other than in a private dwelling. Constable McGlinchy, who made the arrest, was the first witness to give evidence in the case. He told of going into the diningroom of the Central Hotel in the course of his rounds on Monday about dinner time. He discovered some persons at a table drinking the "Pure Quill" and immediately laid his charge.

Peter Black, appearing in his own defence, said that he was just sitting down for supper on that evening when a friend came in with a bottle, which was claimed to have been obtained on prescription. He offered him a drink, out of pure kindness, on the event of the Armistice anniversary. Mr. Black said that as far as he was concerned he was absolutely innocent. He could not help if somebody came into his hotel with whiskey. It was common practice for persons to bring liquor into hotel premises. If a hotel keeper threw a man out because he had liquor he might as well go out of business.

The evidence of Constable McGlinchy and Mr. Black is all there is on the case which was adjourned till tomorrow morning when the finding will be given.

### BAPTISTS HOLD CELEBRATION

Canon Rix Lectures on Democracy of British Government and People

Over seventy members of the Baptist congregation and their friends gathered at the Church Hall last evening to celebrate Armistice Day. Rev. J. B. Rowell presided and gave a short address on Patriotism. Rev. Canon Rix gave an eloquent discourse on "The Democracy of the British Government and People" which was very much appreciated.

Vocal numbers were given by Mrs. McMillan, Miss Edmands, and Mr. Lancaster with Miss Way at the piano. There was also a violin solo by Mrs. R. B. Lindsay. At the close refreshments were served, the occasion resembling one of the old-time home parties.

At Monday night's city council meeting, Ald. Perry gave notice that he would move an amendment to the city building bylaw No. 476, which reads as follows: "Fences between lots shall in no case be more than 6 feet in height above the grade of the highest lot, unless constructed of wire netting with not less than a 2-in. mesh." Ald. Perry maintained that there might be difficulty as to what the interpretation of the grade might be. It could be either the street grade or the natural contour grade. He will move an amendment clearing this matter up next week.

## ORIENTAL TRADE IMPORTANT SAYS CAPT JOHNSON

Prince Rupert Will Be Really On The Map Once Trans-Pacific Business Established.

"When Prince Rupert has Oriental Shipping to and from the Orient she will be really on the map," said Capt. Johnson at the meeting of the Council of the Board of Trade yesterday afternoon. He was discussing the necessity of building ocean docks here and developing Oriental trade.

Capt. Johnson spoke of the faith he had in this city and of its advantages as a shipping port. That three hundred miles gain in going to the Orient was very important, the route was already well lighted or would be as soon as the Triple Island lighthouse was completed and everyone knew the harbor was incomparable.

Capt. Johnson also spoke of the value of bunker coal and what a great thing it would be for Prince Rupert to have a good supply come here from the Groundhog. He thought if plenty of bunker coal was added to the present advantages it would be impossible to keep shipping away from here.

## "LEST WE FORGET" AT WESTHOLME TONIGHT

Great Production Starring Rita Jolivet in Eight-Act Picture.

"Lest We Forget" with beautiful Rita Jolivet as star, is an eight act special production de luxe.

This magnificent production gives in immortal form America's reason for making war; on the Hun. It shows graphically the sinking of that great ship, the Lusitania, resulting in a wholesale slaughter of the innocents. The presence of Charles Frohman on that ill-fated journey has now become a matter of history. By his side was Rita Jolivet, who has given to the world not only his last immortal words, but also the present mighty photodrama of which she is the star. About the sinking of the Lusitania has been woven a noble story, showing conditions of the period both in America and in war-torn Europe, and an exquisite romance gives a tender human note to this great spectacle, the most powerful photographic document of the war.

## BIG NEW SERIAL AT EMPRESS THEATRE

A big new serial starts tonight at the Empress Theatre, "The Iron Test." The opening scene has to do with a big circus coming to town and is said to be very spectacular and a first rate film in every respect. Everyone should see the opening picture. The regular feature at this picture house is Montague Love in "The Cross Bearer." It is a strong plot and is a drama that will appeal.

VICTORIA, Nov. 11.—Hundreds availed themselves of the opportunity to pace the decks of the famous battle cruiser New Zealand, on which Admiral Jellicoe is making his tour. The big cruiser took an active part in the war and spent a long time in the Eastern Mediterranean, where she figured in some famous engagements in the blockade of the Dardanelles.

# The Young Man's Opportunity

*"If you want to know if you are a success, ask yourself this question—'Can you save money?' If you can, you are a success. If you can't, drop out."*

That's plain talk, but it's true.

That's something for the young man of Canada to think over. If you are not saving money—you are not getting anywhere.

You are lifting your feet and putting them down on the same spot day after day, marking time.

No man ever succeeded that way.

Take a grip on yourself and cut out those careless, useless expenditures you make day after day.

Victory Bonds are your opportunity.

Buy a "big block" of Victory Bonds.

Buy them on easy terms -- under the instalment plan.

Grit your teeth—and pay for them! You can do it.

And think what this money saved may mean to you later in life. It may mean an interest in some business; it may mean the making of a home. It will mean that you can avail yourself of some investment opportunity that will ensure your financial or business success. The possession of some "ready money" has often been the foundation of a fortune.

Begin saving to-day.
