PRINCE RUPERT-ALBERTA ROAD CONSTRUCTION SOUGHT

Important Resolution Is Passed By Boards Of Trade Convention

Road Into Peace River Country Is Also Sought—Standardization of Silver Urged—Was Successful Meeting

Of fourteen resolutions which were endorsed at the annual convention last week in Prince George of the Associated Boards of Trade of British Columbia possibly the one of most interest to Prince Rupert was that which urged the provincial government to borrow the money necessary to the speedy and diligent prosecution of highway construction from Prince Rupert to the Alberta boundary it is stated by G. P. Tinker, president of the Prince Rupert Chamber of Commerce, who returned to the city from Smithers seeking the standardization of silver values and urging that the federal government should have the silver situation brought up at the forthcoming Imperial Conference.

Rebellion In Argentine Is Spreading Out

BUENOS AIRES, Sept. 8.—The Army and Navy rebellion on Sunday spread successfully to a number of the provinces. The military junta here has named new governors for all provinces. The revolution on Saturday overthrew the government of President Irigoyen and established a new regime headed by General Jose Uriburu. About twenty were killed and more than one hundred wounded in fighting Saturday. It is the first revolution in the Argentine in forty years.

Memorial Window For Mrs. Craig

A beautiful stained window representative of "Faith" was dedicated after the reading of the lesson at St. Andrew's Cathedral yesterday morning by Very Rev. James B. Gibson, dean of the Cathedral, to the glory of God and to the memory of the late Mrs. Nelle Nye Craig. The window had been erected by the widower.

VANCOUVER WHEAT

VANCOUVER, Sept. 8.—Wheat was quoted on the local exchange today at 80 3/4c.

Speech From Throne Opening Session of Parliament Today Is Masterpiece of Brevity

OTTAWA, Sept. 8.—Brevity characterized the speech from the Throne delivered by the Governor General in opening Parliament this afternoon. Exceptional economic conditions and unemployment were given as the reasons for summoning Parliament. The speech makes specific mention of only two measures which are to be presented. There are to be amendments to the Customs Act and to the customs tariff and the view is expressed that these "will do much to meet unusual conditions which now prevail." There are only three paragraphs in the speech and four sentences. It is the first session since the recent general election when Hon. R. B. Bennett and the Conservatives were returned to power.

DIED HERE ON SUNDAY

Mrs. James Redpath Passed Away Yesterday Following Lengthy Illness

After a lengthy illness from which it had been realized lately that recovery could not be hoped for, Mrs. Margaret Galloway Redpath, wife of James Redpath, of this city died yesterday morning at 9:30 in the Prince Rupert General Hospital. The late Mrs. Redpath, who had lived here for two and a half years, was 54 years of age and was born near Edinburgh, Scotland. She is survived by three daughters—Mrs. Forest, who lives in the Old Country, and Misses Jean and Reta Redpath, who are resident here—and one son, John Redpath of this city. Mrs. Joseph Brown of this city is a sister of deceased. There are a large number of other relatives in the Old Land.

While she had not been a resident of the city for long, and had never been in very strong health, the late Mrs. Redpath became endeared to and respected by all with whom she came in contact. Her death will be mourned and sincere sympathy will go out to the bereaved family.

The funeral will take place tomorrow afternoon, interment in Fairview Cemetery following a service in the chapel of the B. C. Undertakers at which Rev. Dr. A. Gordon Macpherson of First Presbyterian Church will officiate.

WEDDED HERE LAST EVENING

Miss Bernice Clay of Anyox Becomes Bride of Alexander McLean of Smithers

At the home of the bride's brother and sister-in-law, Mr. and Mrs. Homer Clay, 221 Fourth Avenue East, an interesting wedding took place at 5:30 last evening when Miss Bernice Alma Clay R.N., daughter of Mr. and Mrs. Charles H. Clay of Anyox, was united in marriage to Alexander McLean, son of the late John McLean and Mrs. McLean of Smithers. The ceremony was performed quietly by Very Rev. James B. Gibson, dean of St. Andrew's Anglican Cathedral, in the presence of relatives and immediate friends of the contracting couple. Miss Caroline Smith was bridesmaid and Duncan McLean, brother of the groom, acted as best man.

Following the ceremony, a wedding supper was served at the Commodore Cafe where all present tendered their hearty congratulations and best wishes to the happy couple. Later Mr. and Mrs. McLean sailed on the steamer Prince Rupert for a three weeks' honeymoon trip to Vancouver, Victoria, Seattle and elsewhere in the south after which they will return north to take up residence in Smithers.

Mrs. McLean's home is in Anyox and she graduated from the Prince Rupert General Hospital training school for nurses three years ago. She had since been on the nursing staff of the Smithers Hospital. Mr. McLean has lived for years at Smithers and is an ex-service man. He was formerly in the service of the Canadian National Railways but is now manager of the Canadian Legion Club at Smithers. The couple, who are well known and popular with many friends, will be the recipients of general good wishes.

CARD OF THANKS

The family of the late Capt. E. H. Simpson desire to thank their many friends for the kind expressions of sympathy shown in their recent bereavement.

REMAINS OF THIRD MEMBER OF ANDREE EXPEDITION FOUND

STOCKHOLM, Sept. 8.—The discovery of a human skeleton believed to be that of Knur Frankel, third member of Andree's north polar expedition of 1897, has been found among the remains of Andree's camp on White Island, it was reported on Sunday by the whaler Isbkoer.

CONGRESS MEETING

REGINA, Sept. 8.—When delegates to the forty-sixth annual meeting of the Trades and Labor Congress of Canada assembled here today they were presented with 111 resolutions from various local unions and associations. The resolutions cover subjects ranging from tariffs to Communists and from moving pictures to fire fighting, and relate to unemployment, old age pensions, hours of work, cost of living, minimum wages and sale of beer and wine.

Declares Peace River Pass Is Prepared By Nature For Highway Compared With Any Other Route

Pine Pass Has Swamps, Sliding Banks and Snows and River Only a Creek Compared With Mighty Peace, Writer Says

(By Alwin Holland, in Peace River Block News)

A visitor from the south or east could not fail to note this year, the freshness of the countryside and the widespread abundant harvest in the Peace River area. Surprise might be expressed by one unaware of the problems of pioneers that a land so rich and promising should suffer such a dearth of roads. Especially marked in the British Columbia Peace is the absence of a highway linking it to the rest of the province.

To understand the problem it should be known that the Peace, in all its magnificent thousand-mile length, lies mainly east and west. A resident naturally considers highway in this alignment. In the plateau region natural strategic points are but vaguely marked, and there is no single location, however important, that can claim more than a fractional share of this territory and its traffic. Nearer the mountains, in the vicinity of Hudson Hope, farm and mining interests approach the river; and from here westward, past its mighty canyon, following the water-levels of the Upper Peace, along firm benches of gravel and rock, is the road, prepared by nature, awaiting completion as a Peace River outlet.

This wonderful pass, unique on the two continents for the character of its mountain traverse, emerges from the range at Finlay Forks. There, within a few miles, converge the valleys of six large rivers, the Parsnip, Manson, Omineca, Finlay, Ospika and Wicked. It would be safe to say that the prospects for mining and lumbering in this vast territory rival those of farming beyond the pass. It also would be safe to predict that very soon many eyes throughout the continent will be turning toward this point.

From here the exigencies of mining may be safely trusted to connect our highways. A traveler meets the artery extending from Fort St. James toward Manson, and enters the lake country of the Central Interior. Of this, Stuart Lake is now the tourist centre, as the Fort was

BIG SERIES OCTOBER 1

Date Is Set By Judge Landis In Conference With Representatives of Six Clubs

CHICAGO, Sept. 8.—The World Series will open this year on October 1 at the home city of the club which wins the American League pennant which will probably be Philadelphia. This was decided at a meeting called today by Judge Landis, commissioner of organized baseball, with representatives from Philadelphia and Washington of the American League and Chicago, St. Louis, Brooklyn and New York of the National.

BLACK IS SPEAKER

OTTAWA, Sept. 8.—Capt. George Black, M. P. for the Yukon, as expected, was elected Speaker of the House of Commons today. The nomination was moved by Premier R. B. Bennett and seconded by Hon. Hugh Guthrie.

Important New Means Voice Communication Forecast by Official

Experiments Being Conducted With Radio Talking From Here and Vancouver Has Already Been Got In Touch With

Experiments already made indicate that wireless telephony between Prince Rupert and Vancouver is well within the bounds of possibility and will probably develop into a dependable system as useful to Prince Rupert as it is today to Powell River, according to C. H. McLean, transmission and protection engineer for the B. C. Telephone Company, who is in the city today on the yacht Belmont, doing experimental work. Yesterday when not far from the city he talked with G. H. Halse, chairman of the board of directors, and this afternoon Mayor Orme and several other local citizens are going out on the Belmont to make some further tests.

Telling of the work they were doing, Mr. McLean this morning said they were using a short wave of about 50 metres in the day time but a change had to be made at night as conditions changed. It was largely a matter of adjustment and experiment. So far as they could tell now the system would be feasible. They would probably move their southern station north to possibly Port Hardy and from there they thought they could be in constant communication with Prince Rupert. Just now they were making experiments and working out a system.

On the way north they stopped at Butedale and put Manager Grafstrom in touch with Robert Payne of the Canadian Fishing Co., with excellent results. They talked just as easily as by the ordinary city phone. Mr. McLean said the cost of a cable system would be so great as to be out of the question for a long time to come but the radiophone seemed quite feasible. The Belmont arrived last night shortly before midnight and this morning made some tests around the harbor. Accompanying Mr. McLean is H. A. Robinson representing the equipment manufacturers and G. Valentine, assistant engineer and a skipper-engineer and cook.

ABATTOIR KEPT BUSY

Large Quantities of Fine Beef Cattle Now Commencing to Arrive From Bulkley Valley

Considerable quantities of live cattle are commencing to move in again to P. Burns Co. Ltd. abattoir here and a big business is looked forward to this fall. Yesterday two carloads of beef cattle arrived, one being from Burns Lake and the other from Vanderhoof. The condition of the cattle this year is excellent, R. E. Moore, local manager of P. Burns Ltd., stated this morning and the business is developing more and more.

NO SIGN OF CANOE

Although it was originally reported due for yesterday, there was no sign up to noon today of the Arctic to Tropics canoe, with party of three men on board, which left Ketchikan last Thursday. It was believed that choppy weather yesterday on Chatham Sound might have delayed the party of adventurers.

SHORTAGE OF SPUDS

Production This Year Is Still Now High Enough Despite Increased Acreage

TORONTO, Sept. 8.—A Dominion wide survey into potato crops conditions indicates that the country this year is faced with a shortage despite an increased acreage in many sections. The estimated shortage is, however, not serious.

WIRELESS TELEPHONY EXPERIMENT BOAT IS HERE TO MAKE TESTS

To carry out tests of wireless telephony possibilities between here and Vancouver and Victoria, the B. C. Telephone Co.'s radio telephone experimental boat Belmont, specially equipped for this work, arrived in port Saturday night from Ocean Falls where experiments were successfully carried out last week. The Belmont will make tests from various points in this locality. The Belmont is a well known boat in the north, having formerly been used by the Belmont-Surf Inlet Co. in running between here and the mines on the west coast of Princess Royal Island.

Best Made Basket, Native Coloring—Selina Wright, Kitkatla, Mrs. Andrew Brown, Massett.
Best Made Collection Cedar Bark

V. A. C. TOOK TWO GAMES AT WEEK-END

Richardson Pitched For Locals On Saturday But Lost Poor Game By Score of 11-3

Fine Game Sunday

Lambie and Straight in Pitcher's Duel With Prince Rupert Only Getting Three Hits

V. A. C.'s took both week-end games from Prince Rupert in the Fair Week series here by scores of 11-3 and 2-0. By virtue of their victories, the boys from down south took four out of the five games played here, the only game they lost going 11 innings.

On Saturday afternoon, Bill Richardson, who opposed Lambie in Thursday's contest, went on the mound for the locals, and although he was touched for 10 safeties, his support was terrible, eight errors being chalked up against his teammates. Coleman Hall started the game for the visitors and with the score five to two in his favor, retired at the end of the third, and Lewis finished the game, never being in serious trouble. Downie, catching for Prince Rupert, got a foul tip off Perkins' bat in the second inning, that cut his finger badly and he played second thereafter. Alex Mitchell going behind the plate.

Between one of the innings of the game, Hal Straight and Earl Lewis pulled off one of Nick Altrock's stunts. With two bats for oars, Hal rowed around the infield, while Earl fished with a real fishing line. In taking a drink out of a bottle, the boat upset and Hal managed to swim to the sidelines with his pitching mate. Artificial respiration was needed to bring Lewis back to life, which he did with a big splash.

Sunday's Game

Bill Lambie was on the mound in Sunday's encounter, facing Harold Straight, southpaw. Lambie pitched a fine game, allowing only seven hits and most of them were of the scratch variety. Straight held the locals to three bingles, two of which were rather lucky.

The game was featured by three double plays by the visitors, Papke, second baseman, being the pivot man in each case. Every time the Prince Rupert team looked a bit dangerous, it seemed they would just naturally hit into a double. W. Mitchell and George Arsenneau were the only local players to reach second.

V. A. C. scored their first run in the fifth. Lewis, first man up hit a single between first and second. He went to second when Lambie tossed out Perkins at first and to third, when Cole went out, Lambie to W. Mitchell. On a passed ball he came home, Nelson throwing just a second too soon for Lambie to catch him at the plate. It was a tough break for Straight, who was at bat, struck out.

The game continued with the score one to nil until the last inning when V. A. C. scored their second counter. Cross singled and stole second. Jacobsen struck out. Hall whiffed the ozone too. Cross scored when Lewis singled past second. Lewis went to second on a crooked throw by Lambie to catch him off first. Perkins was hit by a pitched ball. Cole rolled one down to Harold at third who missed it, the bases being filled. Straight hit a fly to left field, Arsenneau making a fine catch.

CAPTURED HIAM CUP

Stewart Beats Premier 3 to 2 In Final Baseball Game of Season

STEWART, Sept. 8:—Playing bang-up ball in real big league style, Stewart and Premier climaxed a more or less uninteresting baseball season last Monday night with one of the finest exhibitions seen on the local diamond for many a day. The game was the final of the Hiam Cup series, both teams were tied in point of games won, and with the stage all set for anything to happen both teams took the field determined to win. And Stewart won—the score of 3-2 was the closest recorded since the series began two months ago.

It was a pitcher's battle all the way, McNeil for Stewart and Bruce for Premier uncooking their whole bottle of tricks to keep the fans on their toes for the whole seven innings, and both were accorded air-tight support by their team-mates. As an indication of the brand of pitching, Bruce fanned 10 men in the seven innings and McNeil made nine whiff the air; neither allowed any free passes on balls; and only five safeties were hung up. Bruce being nicked for two and McNeil for three. Of the three errors marked in the scorer's book, two were made by Stewart players and one by Premier.

By virtue of their win last Monday, Stewart retains possession of the Hiam Cup which was presented some years ago by T. A. Hiam for annual competition between Stewart, Hyder (Alaska) and Premier teams. This year Hyder was unable to compete.

The game on Monday night was played for the most part in brilliant sunshine and a large crowd turned out to see the rival teams perform.

SEND-OFF FOR BASEBALLERS

The Vancouver Athletic Club baseball team, after its five-game baseball series here with the locals, sailed last night by the steamer Prince Rupert on its return to Vancouver. A large crowd was on hand to see the Vancouver boys off and a great ovation was accorded them as they sailed. During their stay in the city, the Vancouver players made a large number of friends all of whom are hoping that they may come back again next year.

Lewis, McKissock; sacrifice hit, Cole; first base on balls off Hall (3), Richardson (2); struck out by Hall (2), Lewis (9), Richardson (11); two runs, one hit off Hall in three innings, one run, five hits off Lewis in six innings; winning pitcher, Hall; wild pitch, Hall (1), Lewis (1); left on bases, P. R. (11), V. A. C. (6); double play Cross to Jacobsen; time of game 2:20; umpires, Stephens & Menzies.

BASEBALL BANQUET

Vancouver Players Entertained and Orme Cup Presented to Sons of Canada

A baseball banquet was held in the Commodore Cafe Saturday evening for the dual purpose of entertaining the members of the Vancouver Athletic Club squad, who came here to play at the Fair, and of presenting to the Sons of Canada the Orme Cup emblematic of city diamond championship which the Canucks captured by coming out on top both in the first and second halves of the season.

Ald. G. W. Rudderham, president of the Prince Rupert Baseball Association, was in the chair. There was a large attendance—both of Vancouver and Prince Rupert baseball players and fans.

The Orme Cup was presented by Mayor Orme, its donor, to Will Mitchell, captain of the Sons, who spoke suitably. H. R. Love, manager of the Sons of Canada team, made a few remarks appropriate to the occasion.

In a general discussion which followed, the advisability of encouraging the formation next year of a junior or intermediate baseball league was stressed. The pleasure it had been for Prince Rupert to see the Vancouver team in action here this season was also mentioned, all speakers expressing the hope that the bringing here of a Vancouver team each fall could be made an annual event. By doing so, it was felt that the game here would be greatly encouraged.

Among the speakers were Coleman Hall, captain of the V. A. C.'s, Howard Frizzell, F. Stephens, Harold Straight, Earl Lewis and Jack Cole (Vancouver), Andy Donald and Stan Moran.

A vote of thanks was passed to Andy Donald and Stan Moran for their enterprise in having been instrumental in bringing the Vancouver team here for the series last week.

Two planes called here yesterday afternoon. About 1:30 a Washington Alaska Airways seaplane, piloted by E. A. Meyring, arrived from Ketchikan to take home a number of people from that city who had been attending the Exhibition here while at 5 p.m. a Western Canada Airways flying boat, piloted by W. N. Cumming, arrived in the course of fishery patrol duty.

Big League Scores

BABE RUTH'S HOME RUN RECORD BEING

SMASHED IN MINORS
BALTIMORE, Sept. 8:—Joe Hauser, first baseman of the Baltimore Orioles, International League, yesterday drove out his sixtieth homer of the season and equalled the world record which was created in 1927 by Babe Ruth. With the season still almost a month to go, it is expected Hauser will far exceed the record.

OLE BERG AND CHARLES ANDERSON, for drunkenness, were each fined \$5, with option of thirty days imprisonment, by Magistrate McElymont in city police court this morning. Having already had one or more such offences against him Oscar Bye, was sentenced to thirty days imprisonment, without option of fine, for intoxication.

YOUNG WIFE STRENGTHENED

After Taking Lydia E. Pinkham's Vegetable Compound

Bancroft, Ontario—"When I first took Lydia E. Pinkham's Vegetable Compound I had been married about a year and my strength was leaving me on account of my condition. I was only 19 and it was my first child. My mother told me I needed something to steady my nerves and a girl chum told me to take the Vegetable Compound. I am so thankful I did because it strengthened my whole system and now I feel perfectly well and have a sweet little baby boy."—Miss J. B. STALKER, Bancroft, Ontario.

Mr. and Mrs. William Clapperton, who have been on a trip to Smithers, returned to the city on Saturday's train.

Having been taken ill, Arnold Evans, regular purser of the steamer Prince Rupert, is ashore in Vancouver this trip and G. C. Foote, until recently assistant purser of the Prince Henry, is relieving him on the Rupert.

Y. Katata, for having unsealed liquor in his possession, was fined \$50, with option of 30 days' imprisonment, by Magistrate McClymont in city police court this morning. Willis Bell and Patrick Derman were each fined \$25, with 30 days' option for drunkenness.

Theodore Wernicke, son of L. Wernicke, Keno Hill mine manager; William Gordon, son of W. Gordon, Whitehorse steamship official, and Albert Taylor, son of Isaac Taylor, Whitehorse merchant were passengers aboard the Princess Charlotte Saturday afternoon bound for Vancouver to resume Universities studies after having spent the summer vacation in the north.

With a capacity list of passengers which took up all her accommodation, C. N. R. steamer Prince Charles, Capt. B. O. Jones, arrived in port at 4:40 yesterday afternoon from Massett Inlet, sailing in the evening for Vancouver. The passenger list included the crews of Watun River and Shannon Bay canneries which are now closed for the season. All but a few of those on board went through to Vancouver.

HUNGRY FOR NEWS

millions in Canada eagerly reach for their favorite daily newspaper!

"I am the daily newspaper and because I carry the news of the world I am in urgent demand everywhere.

"Every day millions await my appearance, that they may be informed of what is going on.

"A few hours ago I was nothing but blank white paper---lifeless and inert.

"Then the world's news was flashed to me---across continents, under the seas and through the air. And now through the magic of the printing press I am vibrant with life and action for the world's activities are recorded on my pages.

"Practically every family in Canada has made me one of their number.

"Daily they welcome me.

"Daily they consult my pages for news of the world of events as well as that of merchandise.

"Because I am their tried and trusted friend they have confidence in the sales messages I bring them. They buy the goods advertised in my columns.

"To business men seeking to promote sales I offer an intimate daily contact---founded on firmly established goodwill---with practically every family in the Dominion.

"No other vehicle of advertising enjoys such a cordial reception in Canadian homes.

"No other affords advertisers as quick and powerful a means of creating sales.

SERVICES RESUMED

Rev. C. E. Motte Makes Strong Appeal to Rupert East United Church Congregation to Strengthen Itself

Services in Rupert East United Church were resumed for the winter last evening by the pastor, Rev. Charles E. Motte, who delivered a stirring sermon, taking as his subject "The Parable of the Pounds." He declared that the churches had been organized to give effect to the Lord's teaching in this parable.

Reviewing the work of the United Church of Canada at home and abroad, Mr. Motte declared that missionaries, doctors and nurses in the service of the church were today carrying on work at 4369 stations in Canada and at 986 stations in Africa, India, China, Korea and Trinidad. One million boys and girls were receiving religious training in Sunday Schools. Rescue homes were being operated at Vancouver, Calgary, Winnipeg, Toronto, Montreal and in the Maritimes.

The field for the church's work, Mr. Motte pointed out, was the world but he laid emphasis on Christ's commission to begin in Jerusalem. The origin of the home base in church work was of utmost importance and all depended upon its success. Rupert East, in point of numbers, might be likened to Jerusalem, the pastor declared. He outlined the work that was planned for the coming winter and made a strong appeal for strengthening every branch of the church's work. The sermon was well received.

WATER STOPPAGE

There was a one-day stoppage at the week-end of the water supply to the Canadian National Railway shops at Prince Rupert owing to logged pipes. Repairs, however, have now been made and the water is being pumped normally out of the Fraser River again.

EASY! QUICK! GLYCERIN MIX FOR CONSTIPATION

Simple glycerin, buckthorn bark, saline, etc., as mixed in Adlerka, relieves constipation in TWO hours! Most medicines act on only lower bowel, but Adlerka act on BOTH upper and lower bowel, removing poisons you never thought were in your system. Just ONE spoonful relieves GAS, sour stomach and sick headache. Let Adlerka give stomach and bowels a REAL cleaning and see how good you feel!—Ormes, Limited, Druggists.

FRESH PASTEURIZED MILK AND CREAM DAILY

Early Delivery Throughout the City

DIZZINESS

Caused by Blood pressure

Doctor ordered Kruschen

Five years ago this month I had a serious attack of blood pressure, and my medical man ordered me to take Kruschen Salts daily. Evidently I am a stubborn subject, because I use every morning a small teaspoonful and a half in a glass of hot water, and this acts splendidly and keeps my head right. If I don't have the action mentioned, I feel cold, stupid and liable to fall from dizziness. Therefore I can't do without my Kruschen on any account. Some time ago I tried some other salts which were cheaper, but they pained me so much that I had to stop them. There is no pain with Kruschen. I have told hundreds of my little wonder-working bottle."—(E. C. Ferguson.)

Dizziness is a symptom of a deeper-seated disorder. It is one of Nature's danger signals—her urgent warning of an impure blood-stream which, if not attended to in time, may wreck the entire health with some dangerous, indeed lifelong, disease. The six salts in Kruschen keep the blood-stream pure and vigorous by ensuring the complete elimination of poisonous waste matter from the system every day.

Declares Peace River Pass Is Prepared By Nature For Highway Compared With Any Other Route.

(Continued from page one)

Vancouver and the south, by way of the Fraser River, Prince George and Vanderhoof.

And it has been suggested—very uncertainly, we hope—that we shall renounce this heritage of wealth of beauty, that a tourist from Grande Prairie or Pouce Coupe or beyond should skirt the edge of our wheat fields, and deprived of even a glimpse of the glories of the Peace, like a hunted thing should rush into the swamps, the sliding banks and the snows of the Pine Pass. A certain engineer, returning from our district with a mass of hastily-collected information, has granted a widely published interview. His ethics we pass over; we question statement and inference.

First let us consider the purpose of a highway. It cannot take the grain trade from a railway. It can market meats and dairy products; but our prospective home market for these lies west and not south. It will promote the speedy, and, we hope, the enjoyable, movement of people, chiefly tourists, into and through this district, with resulting natural human benefits.

With this in view, the slightly greater mileage by the Peace Pass constitutes an asset, since each mile of the way has scenic or development value. It is misleading, however, to regard the entire route from Fort St. John through Hudson Hope, where settlement is almost continuous, as added to the highway outlet. This mail route, kept open with little help for many years by the settlers, must in all fairness be re-located and re-conditioned in any case. This is also true of the road now passable to Jim Beattie's at Gold Bar. An actual gap to link it with Finlay Forks is thus reduced to 70 miles.

The 65 miles stated as the distance from Palmer's Crossing by Pine Pass to Davie Lake is quite erroneous, and is surely a mis-quotation. Authentic maps give an airline nearly twice this, and a land route at least 165.

The ripened judgment of our older men supports us. Neil Gething, well known both here and through the province, says: "The Pine is only a creek compared with the Peace, and is in the grip of heavy snow to June. Peace River Pass, with its low grade and freedom from deep snow is the cheapest and best route for a highway. The canyon, with its dinosaur and forest fossils, and great coal seams, is one of B. C.'s greatest tourist attractions."

It is deeply felt, that with pressing settlement needs, with the roads which railway building may necessitate in the northwest of the district and towards Moberly Lake, the Peace River Highway should be aligned with our progress as to be least expensive and most valuable through the years. One route only will satisfy this demand, the Peace River Pass. What if some of us should sometime reach the sea to the west instead of south? Then the southern cities will be greater queens when they have a retinue of cities and towns in the north.

Fort St. John, B.C.

Mrs. Louis Pitcher and son, Ronald, and daughter, Ruth, arrived in the city on Saturday from Toronto to take up residence, joining Mr. Pitcher who has been employed at the dry dock here for the past two years.

PLAYERS IN ELKS SHOW

"Queen of Hearts" Caste Chosen and All Are Rehearsing

Jimmy Farquhar will play the light comedy leading part in the coming Elks' show "Queen of Hearts," which will be staged at the Moose Hall on Wednesday, Thursday and Friday, September 17, 18, and 19. Mr. Farquhar will appear as T. Boggs Johns, the jovial junior partner of the Eureka Digestive Pill Co. C. J. McNaughtan, professional show director, will appear opposite him as the crabby old senior partner, George B. Nettleton.

Miss Connie Thorne will play the part of Mrs. George B. Nettleton, a temperamental wife; and Mrs. Ura McNaughtan, the other director will appear as Miss Florence Cole, the "Queen of Hearts."

In the office of the Eureka Digestive Pill Company, are found a variety of interesting characters. There is Miss Nellie Gurvich as Sally Parker, the firm's "Tillie, the Toller" stenographer; Alex Connan as Krome, the old book-keeper who has been with the firm for forty years; Bill Mitchell as Jimmy, the incorrigible office boy; William Plumer as Samuel Applewhite, the newly married president of the Northwestern Drug Corporation; Sam Joy as Tony Toler, the premier pill sales man, who insists that "Eureka, is the little pill that fills the bill."

Fred Stephens has a strong part in that of Thomas J. Vanderhoff, the firm's lawyer, who tries to settle the partners' quarrels; and Miss Jean Robertson is sure to win the audience in the laughable role of Coddles, a romantic English servant girl.

Those who have seen rehearsals of the show are enthusiastic in their praise. And with the 3-act farce comedy there will also be a series of beautiful musical revues that will carry a cast of forty people.

Rehearsals for the musical numbers open at the Elks' Hall tonight at 7.30.

GOLD VALUES ARE FEATURE

Bi-Metallic Property at Stewart Responds Well to Development

STEWART, Sept. 6—Persistent gold values in the main drift on the Bi-Metallic property have been a feature of development work this season, encouraging the owners to prosecute further development. At present the drift has encountered 2 1/2 feet of ore carrying values of \$26 in gold and \$3.60 in silver. This season a new quartz-porphry zone has been found on the Bulldog side, approximately 4 1/2 feet wide, and holds every promise of carrying high gold values.

The Bi-Metallic is situated at the forks of the Marmot river, just above the angle station of the Port-Idaho tramway.

Was Busy Booth During the Fair

McRae Bros. Had Display of Victor and Singer Products

The booth of McRae Bros. Ltd. at the Fair created no small amount of favorable comment. It was tastefully decorated and a splendid display given to the products of those world famous organizations—the Singer Sewing Machine Co. and His Master's Voice. Each visitor was presented with a Singer thimble and plenty of advertising matter. Mr. McRae and assistants were kept busy demonstrating the many virtues of their wares.

Port Clements Boys Get Rough

PORT CLEMENTS, Sept. 8.—Some of the boys at Port Clements who had crooked their right arms a little too often went into one of the local restaurants and started experimenting with ketchup bottles to see what sort of hand grenades they would make. They had started a general bombardment on the kitchen when Constable Martin took things in hand. By the appearance of things shortly afterwards, the boys could not have been long in getting their range on the kitchen.

ISLANDS ARE DRY

Almost Drought Conditions at Some Points With Water Low

SKIDEGATE, Sept. 6.—The weather on the Queen Charlotte Islands continues very hot and dry and at many places water supply is running short. Forest Ranger Bennett of Queen Charlotte City has asked all to co-operate with the Forest Branch by being very careful with fires as everything is dry as tinder now and there are many places where the grass has been scorched brown with the heat.
