Resolution and Monster Petition to be Sent to Ottawa From This City

Public Meeting to Be Held April 15 When Views of Citizens on Project Will Be Heard

At a meeting called last night by the Prince Rupert Retail Merchants' Association, and attended by delegates from the city council, Trades & Labor Council, Chamber of Commerce and Retail Merchants' Association, it was decided, after hearing the views of all present, to appoint a committee to draft a resolution for the endorsement of all public bodies and a monster petition of citizens to be presented at Ottawa, if possible before the budget is brought down, bringing forcibly to the attention of the

Mother of Mrs. Burbank Passes

Mrs. Spencer Page of Victoria Known in Prince Rupert Through Visit Here

Mrs. M. A. Burbank will sail tomorrow night on the Prince George for Victoria to attend the funeral of her mother, the late Mrs. Spencer Page, who passed away on Tuesday night. Deceased was known in Prince Rupert, having visited here two years ago with her daughter. Mrs. Burbank will have the sympathy of many friends in her sad bereavement.

BOYS' BAND ASSOCIATION

Dinner Meeting Held Last Night at Commodore Cafe at Which Much Business Done

At the annual dinner meeting of the Boys' Band Association held in the Commodore Cafe last night, Alderman Theo Collart in the chair, the report for the past year was read by George Johnstone in the absence of the secretary, W. H. Tobey; a constitution and bylaws were adopted and two members were elected to the board for the coming year. Musical numbers were given by the Rainbow Orchestra, made up of members of the band and W. Plummer gave vocal selections. The event was enjoyable and instructive.

The report, most of which has already been published, showed a cash balance in hand of \$942.05. It outlined the steps which were taken leading to the present condition and Chairman Collart gave great praise to Secretary Tobey for the excellent work he had done and also to John Dore, who recently left the city.

W. H. Tobey and W. H. Derry were then re-elected to represent the association another year along with Alderman Collart, representing the city, J. B. Mellish, the Rotary Club, and George Johnston the parents of the members of the band. This was done on motion of W. J. McKinley, seconded by Olof Hanson, the latter of whom spoke of the good work done and the desirability of the present committee carrying on.

Several brief speeches were made, George Johnston congratulating the boys on behalf of the parents. Bandmaster Wilson said it was his fifth year and the band was in better playing condition than ever before. He appreciated the courtesies shown him during the past year. Percy McIntosh on behalf of the boys said they appreciated the privilege of belonging to the band. They derived both pleasure and benefit from it. He thanked all for their generous support.

On motion of Alderman Pullen, seconded by George Bryant, a hearty vote of thanks was given to the committee and bandmaster for the excellent work they had done.

THOMAS SPEAKS ON WHEAT SITUATION

Another Attempt to Be Made on Friday to Establish Five Power Naval Limitation Pact

LONDON, April 2:—There is to be another plenary session of the naval disarmament conference on Friday when it is expected some definite step will be taken toward the formation of a five power pact.

It is said that France has cut down the demands of that country in regard to naval affairs which will be satisfactory to Great Britain.

Premier Macdonald, speaking in the House of Commons yesterday, stated that Great Britain would stand by her obligations incurred through her membership in the League of Nations and at Locarno.

TO FIGHT FOR TITLE

Sharkey and Schmeling Will Meet at Yankee Stadium On June 12

NEW YORK, April 2:—The New York State Athletic Commission yesterday sanctioned a 15-round match between Jack Sharkey and Max Schmeling at the Yankee Stadium on June 12 next, the winner to be recognized in New York State as the world's heavyweight champion. The fighters will divide 50% of the gate event.

The very latest thing in women's clothes is one to be worn at the ...

Lord Privy Seal Tells How Advised Men of Pool to Release Grain

Great Britain Now Compelled By Shipping Conditions to Abandon Project For Building of Coal Ships

LONDON, April 2:—Rt. Hon. James H. Thomas, Lord Privy Seal and minister in charge of unemployment, told the House of Commons yesterday in answer to questions that, when he was negotiating with officials of the Canadian Wheat Pool some weeks ago, the price of wheat was at \$1.47 a bushel. "I advised them to sell so that I could get coal for return cargoes," he said, "but they did not take my advice. Wheat is now \$1.02 a bushel."

The proposal to build five steamers of seven thousand tons each for carriage of coal from Great Britain to Canada had been dropped for the time being in view of changed shipping conditions, Mr. Thomas said. He explained that the fall in freight rates had continued in recent months, accompanied by a substantial increase in the volume of tonnage laid up both in Great Britain and other countries.

Mrs. Elsie Stewart of Kincolith Dead

Well Known Northern Native Woman Died Last Saturday; Funeral on Monday

Mrs. Elsie Stewart, wife of Matthew Stewart of Kincolith and a well known northern woman, died last Saturday, according to word received in the city.

The funeral took place on Monday with Rev. Oliver Thorne, Anglican Church rector at Kincolith, officiating. There was music by Christ Church choir and the congregation, hymns being "Peace, Perfect Peace," "My God, My Father, While I Stray," "Jesus, Lover of My Soul" and "God Be With You 'Till We Meet Again." W. F. Stewart was organist.

Interment was made in the Kincolith Cemetery, the burial procession being headed by the Kincolith Concert Band.

Halibut Bids Low Today and Boats Decline to Sell

Ten cents and five cents being the highest bids offered, halibut boats offering their catches on the local Exchange today refused to sell, two large American schooners leaving for Seattle and the remainder of the boats holding over. The boats were:

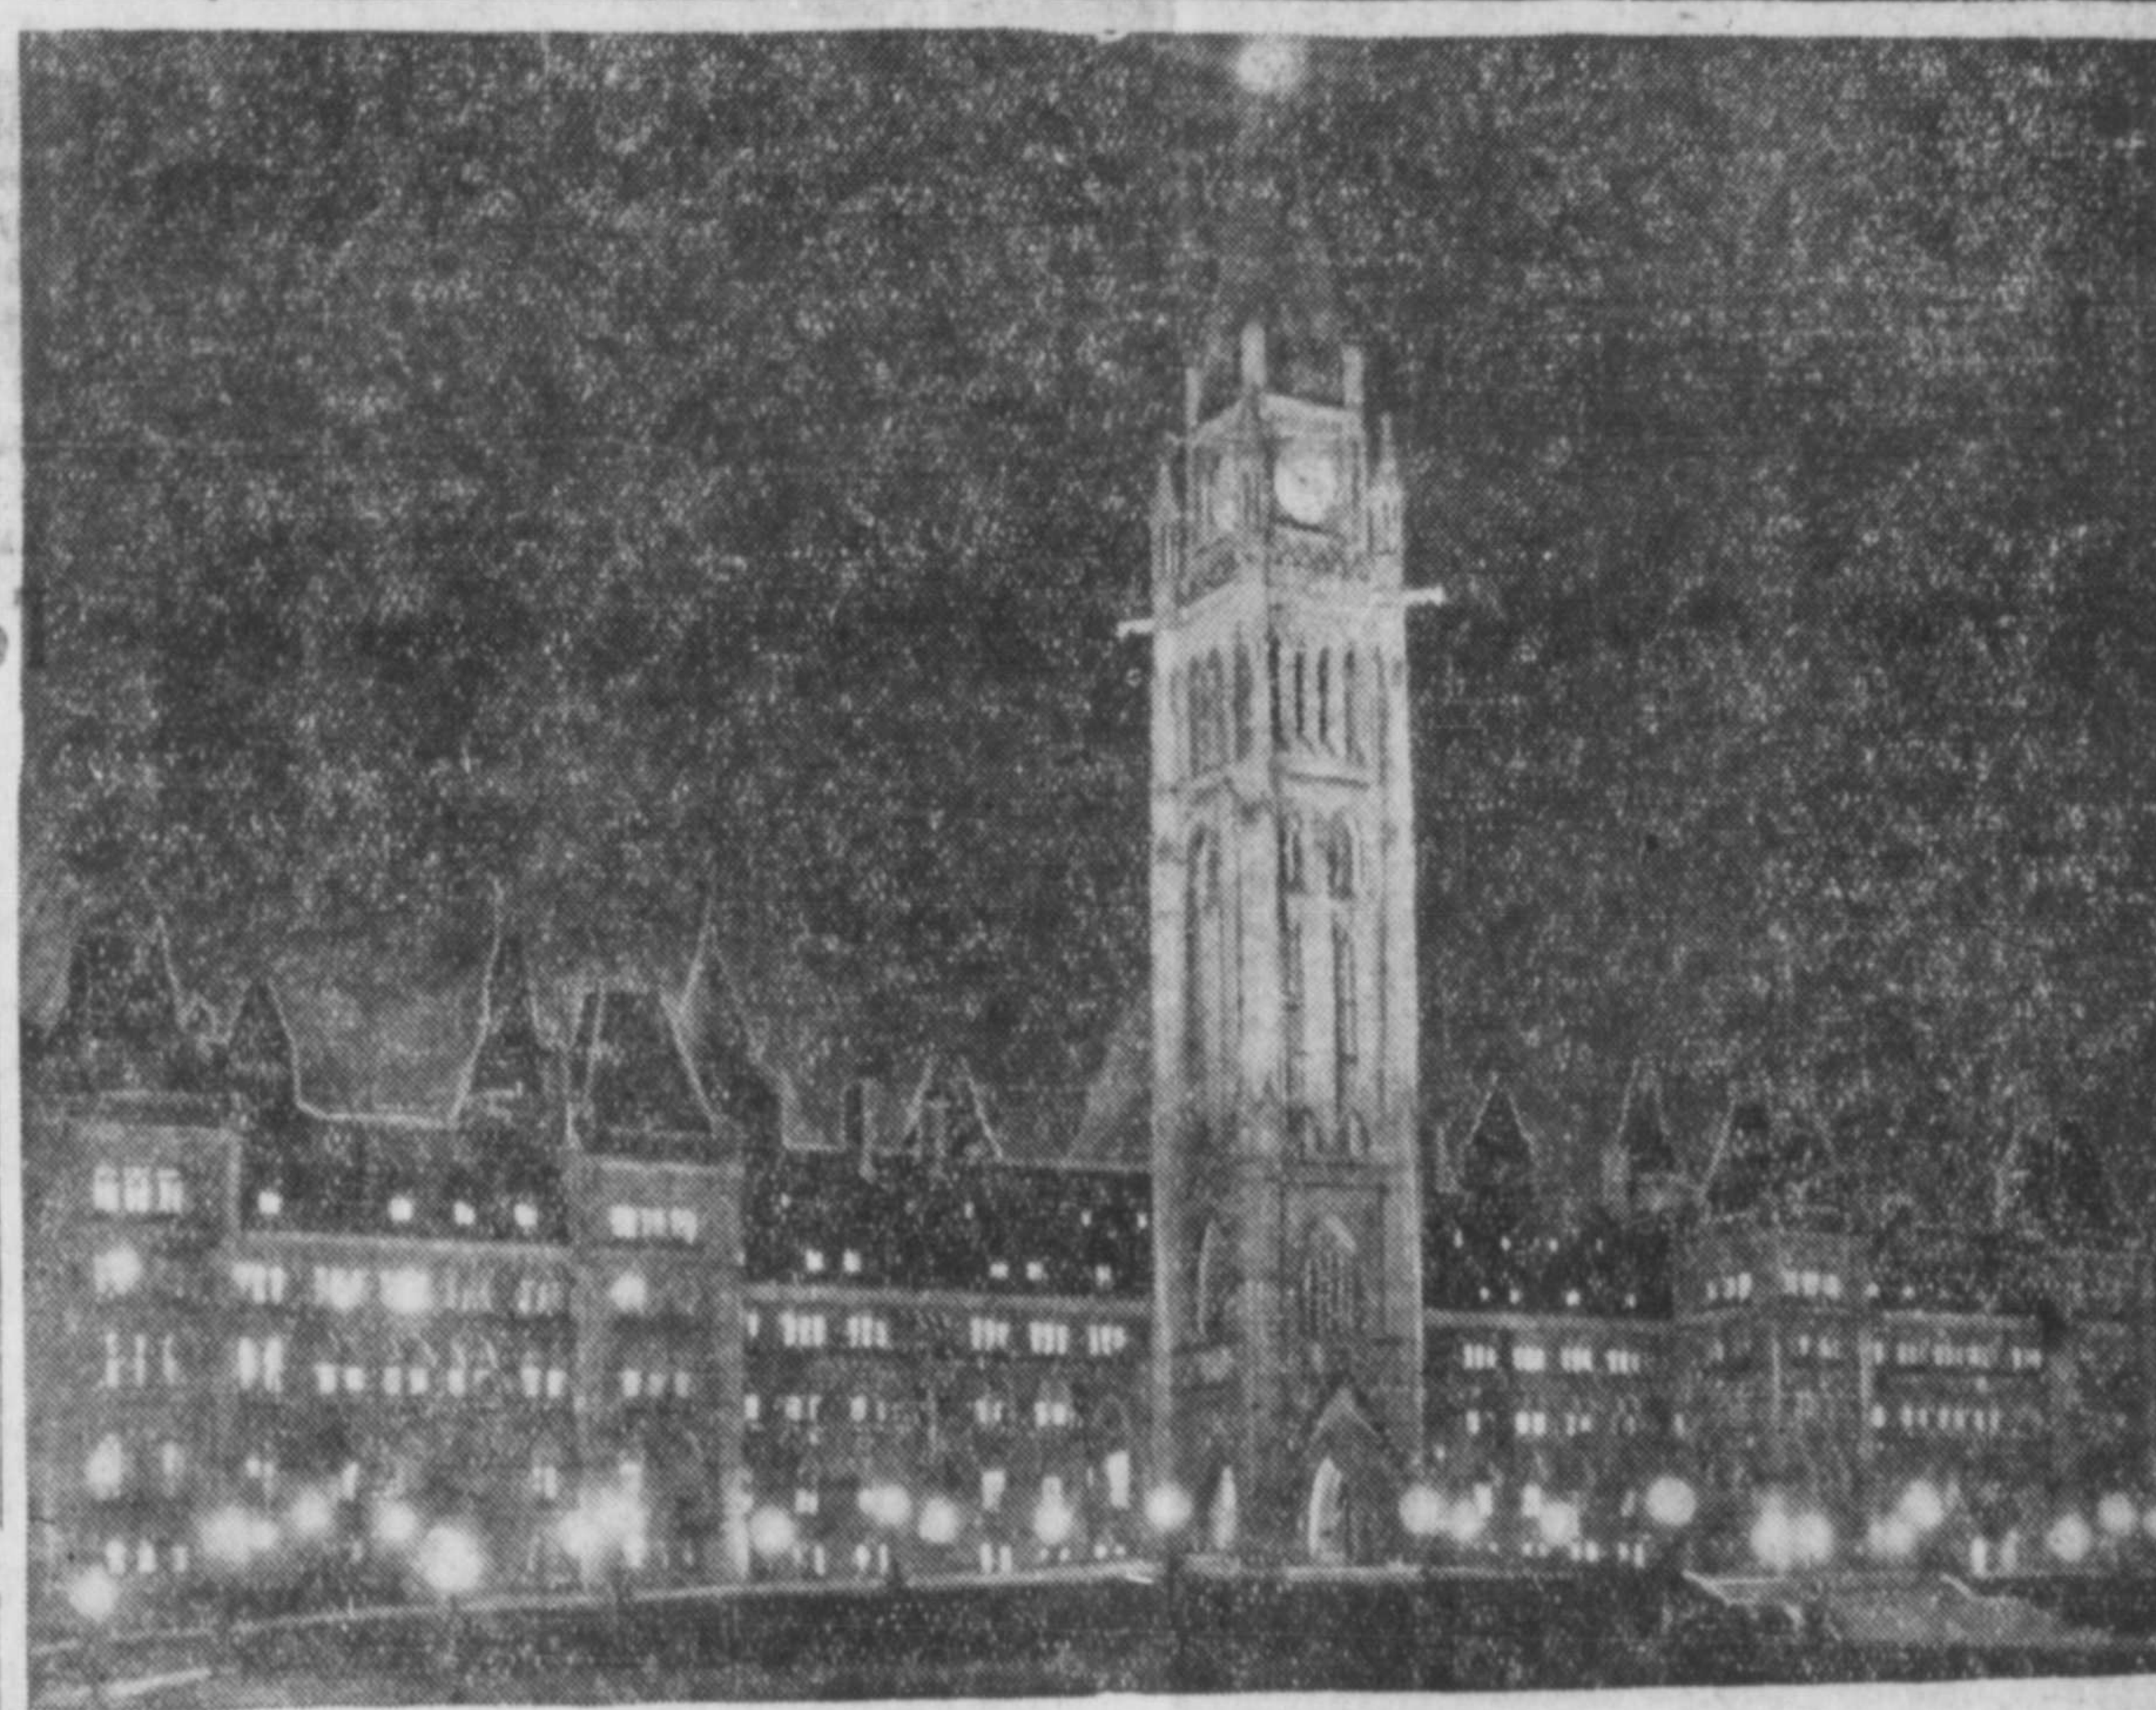

American
 Suñde, 40,000 pounds (left for Seattle); Attu, 45,000 (left for Seattle); Brisk, 28,000, holding over.

Canadian
 Came Spencer, 5,000; Alii, 2,000; Brant, 4,600; Eric Roy, 3,500; A. J. '00; Kaen, 7,000, all holding over.

CHAMBER OF MINES

Establishment of Branch in Prince Rupert Is Advocated

In view of the deep interest that was taken in the mining lectures which were conducted here last week by George E. Winkler for the provincial Department of Mines, the suggestion is being revived in local mining circles that a branch of the British Columbia Chamber of Mines should be established here. It is peculiar enough that in this, the centre for mining as well as the other industries of Northern and Central British Columbia, there is so far no chamber of mines while such centres as Alice Arm, Stewart and Smithers already have them.

The Chamber of Mines for years has been doing good work in connection with advertising and development of the mines of the province. By having one here, Prince Rupert would be showing its interest in the industry and considerable benefit would, no doubt, result for the city.

England Gets Russian Grain

THE HAGUE, April 2:—The Central Committee of the Dutch Farmers' Co-operative Buying Association has decided to boycott all Russian products. Consequently, all Russian ships with grain for Holland have encountered difficulty in disposing of their cargoes. The Soviet government has decided to divert to British ports 30,000 tons of Russian grain bound for Amsterdam and Rotterdam.

Local Service to Be Started at End of Month By Steamer Prince William; Schedules Out

The steamer Prince William, ex-Aktion, will inaugurate her new local service from Prince Rupert to the Queen Charlotte Islands, the Skeena and Naas Rivers and other neighboring points on April 30, according to present plans. The schedule, which is being drawn up for the vessel, calls for her to leave here each Wednesday night at 8 o'clock for all Queen Charlotte Island points, returning here Sunday nights. On Monday mornings at 8 o'clock she will sail for Skeena River points and on Tuesday mornings at the same hour for the Naas River.

The Prince William is now about completed an extensive program of reconditioning at the local dry dock. It is understood that her skipper on the local service will be Capt. William Thomas, at present in command of the Prince John on the Queen Charlotte Island run.

Jack Crawford Is Off to England

Will Come Over With New C.N.R. Steamer Prince Henry

Jack Crawford, popular purser of

the steamer Prince George, will leave Vancouver tomorrow for Birkenhead, England, where he will meet and come out to this coast next month on the new C.N.R. steamer Prince Henry. Arnold Evans has taken over duty as purser on the Prince George following Mr. Crawford's departure.

ATTEMPTED TO SUICIDE

Nina Campbell of Comox Avenue in Hospital Suffering From Effects of Taking Lysol

Nina Campbell, an occupant of the house of Mildred Wallace, 817 Comox Avenue, is alleged to have attempted to take her own life by drinking lysol about 8 o'clock this morning at the house of Muriel Lee, 921 Comox Avenue. After a call had been received at the police station from a woman who excitedly screamed "For God's sake, she's committed suicide," police officers were soon at the house and the woman was immediately taken to the Prince Rupert Hospital where the prompt use of a stomach pump was instrumental in saving her life. She will recover, it was stated this morning.

It is likely that a charge of attempted suicide will be laid against the woman.

FUNERAL NOTICE

The funeral of the late Mrs. Nils Wick will take place tomorrow afternoon at 2 o'clock from the St. Paul's Lutheran Church, corner of Eighth and Ninth Avenues, East.

Billy Townsend, Nigh Beaten In Early Rounds, Keeps On to Humble Flashy Cuban Pugilist

(Special to Daily News)

LOS ANGELES, April 2:—After being outclassed and nigh knocked out in the early rounds, Billy Townsend, youthful Vancouver lightweight, made a brilliant comeback in the bout at the Olympic Auditorium here last night and won from Armand Santiago, flashy Cuban, in the seventh stanza by the technical knockout route. Santiago first went down for the count of four but came up again only to be floored once more for the count of eight when his seconds threw in the towel and Townsend was acclaimed the winner.

Santiago made it hard for the British Columbia boy in the opening rounds. While Townsend was the consistent aggressor he missed a lot and Santiago pummeled him hard. Indeed, in the second round, Townsend went down twice and it looked like a Cuban holiday. Townsend kept bravely on, however, until the fourth when he staged his comeback, battling his way up until the climactic finish.

Lived 44 Years in Vancouver

VANCOUVER, April 2:—Stephen Havelock Ramage, resident of Vancouver for 44 years, died yesterday at the age of 71.

RUSSIA OR BRITAIN?

Is it true that Canada has turned down the proposal to import British coal but has agreed to take a quantity of Russian coal? A Toronto newspaper says it is. The Globe says editorially:

"The logic of the idea entertained by Right Hon. J. H. Thomas that if Britain gave preference to Canadian wheat Canada should give preference to a comparable British export commodity—coal—is so forceful it is little wonder that failure of the plan so far has assumed the proportions of a grievance in the Old Country. Labor members have demanded that Mr. Thomas give an explanation. Newspaper complaints to the effect that Canada is importing large quantities of Russian coal show that the matter has gone much farther than Parliament—so far, in fact, as to call for the attention of the Canadian Parliament.

"There is a fundamental difference, of course, in the attitudes of the two governments toward such questions. The Dominion government is not directly concerned about the marketing of wheat; the British government has made the marketing of coal its business. But if the importing of coal to this country is conducted in a way to arouse antagonism in Britain against Canadian products, it becomes a subject of much importance to Ottawa. Moreover, in view of the wish of the federal government to increase trade with the United Kingdom, a basic point to be kept in mind is that coal is to Britain, largely, what wheat is to Canada.

"The Morning Post's announcement that a contract had been made to bring 2,500,000 tons of Russian coal to the Dominion in the next four years was followed by a somewhat jubilant comment in the Daily Herald, the organ of the British Labor Party, that "the break-up of the great hold-up by Canadian and American wheat pools is near." The Daily Dispatch of Manchester found an excuse to refer again to what it regards as ill-advised expenditures by the Empire Marketing Board by asking if the large sum of money is spent yearly to encourage purchases from the Dominions so that Canada can buy Russian coal. The Montreal Star is authority for the statement that the Russian contract calls for 250,000 tons of anthracite, instead of 2,500,000, but this does not alter the principle involved, nor does it disguise the fact that importations of Russian anthracite are increasing yearly.

"Canada owes nothing to Russia, sentimentally or otherwise, yet for the first nine months of the current fiscal year has imported from there four times as much as was exported, including 107,688 tons of anthracite. In aggregate coal imports this is small. But Britain wants the business, the British coal miner needs and deserves the employment, and Canada, as circumstances seem to indicate, requires the good-will of the British importer."

NEWSPAPERMEN AND THEIR TRUST

In the United States only recently three newspaper reporters were sent to jail because they refused to reveal the names of informants who had given them some facts under a pledge that the source of the information would not be divulged. In South Africa another journalist was sent to jail for eight days under similar circumstances.

In each case the plea was one of professional privilege in refusing to answer.

Members of the fourth estate who write important articles calculated to relieve community ills claim that they should be just as immune as medical men when it comes to refusing to betray sick bed secrets.

It is one of the unwritten laws in journalism that information given in confidence must remain a secret.

It is a practice that no real newspaperman would ignore, and for that reason has become one of the cherished traditions of the profession. A true newspaperman will not break the confidence placed in him.—Nelson News.

BRADY ON DIVORCES

Heard in House of Commons on Proposal For Ontario Court

"This is the first time in three years that I have spoken upon this very important question and tonight I do so because of the great importance of the bill which is before the house," said J. C. Brady, M.P. for Skeena, in speaking in the House of Commons at Ottawa last week on the proposal for an Ontario divorce court. "I have given very careful consideration to the various arguments that have been presented to the house during the last two years, and I find that the question before us tonight is not one involving the principle of divorce. We are not dealing with divorce; we are dealing with only one aspect of the question, namely, whether it is to the benefit of the people of Ontario that the procedure under which divorce is granted shall be taken from the federal parliament and passed over to the legislature of Ontario and Quebec, as the case may be.

"Looking over the record of divorce in Canada and particularly in reference to Ontario and Quebec, I find that in 1774, 1791 and 1848 the various parliaments assumed the right to grant divorce. This is exactly as it is laid down in the various parliaments preceding confederation. I find that in Ontario and Quebec, today there is a moral right to divorce, providing adultery is shown on application to the parliament of Canada, but there is no legal tribunal to which an applicant domiciled in either of those provinces can apply.

"Furthermore it is obvious that the number of divorce applications that are being made to parliament is becoming so great that it is impossible for any member of parliament, however conscientious he may be, to carry out his parliamentary duties and sit on each of these cases so as to give them consideration in a judicial and fair-minded manner. That is conceded to those who wish to take the right of granting divorce from the federal parliament and give it to the legislature of Ontario. The Nickle bill of 1919 set the question forth in these words:

"The interests of the country demand that something be done to facilitate divorce."

"It is evident, therefore, that the purpose of handing over the right to pass upon divorce from the federal parliament to the legislature of Ontario, is to facilitate divorce. "In the Quebec conference of 1885, Solicitor General Langevin used these words:

"We found this power existing in the constitution of the various provinces, and not being able to get rid of it, we wished to banish it from us as far as possible."

"And he refers to the power granted under the English constitution. He found this power of divorce placed in the provinces.

"I believe that we are striking at the very foundations of family life and consequently at the state if we make divorces easy to obtain which I believe will be the case if a divorce court is set up in the province of Ontario. Perhaps there is in the house a different viewpoint from mine, but we are creating a menace to the well-being of Canada if we encourage facilities which will break up the homes of this country and I intend to vote against the bill."

George Little Back From Trip to Fiji

Has Been Spending Four Months in Antipodes in Connection With Hardwood Timber Interests

George Little, Terrace sawmill operator, arrived in the city on the Prince George this morning on his way back to Terrace after a four months' trip to the Fiji Islands on business in connection with his hardwood timber interests there. He arrived at Vancouver on the Aorangi last Friday from the Antipodes.

Mr. Little was met here by his two sons, Dudley and Gordon Little, and his nephew, Tom Olson, who arrived from Terrace on yesterday afternoon's train.

A party of members of the Ketchikan Gyro Club are paying a brief visit to the city today, having arrived this morning on the coast-guard cutter Cygen. They are being informally entertained by local Gyros.

Give YOUR home and family the convenience and health of ELECTRIC REFRIGERATION

RICHES ARE UNEXPLORED

Beneficent Role of Great Waters Described by Maritime Biologist

TORONTO, ONT., April 3—All things come from the sea and without the great waters human life could not continue for a day. This point was strongly brought out at a lecture recently given before the Royal Canadian Society by Prof. A. G. Huntsman, director of the Atlantic Biological Station at St. Andrews, N.B.

The ocean's reservoir of heat keeps the earth's surface at a temperature suitable to life, said the speaker. The ocean is called upon by the moisture-seeking rays of the sun to feed the clouds and the clouds water the crops, provide drink for beast and man, turn the great wheels of power plants and perform the everlasting service of keeping the air moist.

The world has little conception of the riches sheltered in the depth of the sea which Professor Huntsman likened to the inexhaustible purse of Fortunatus—inexhaustible and comparatively unexplored. Man used to regard the ocean as a terror and a "waste"; he feared to drop over its edges, yet today he has brought the waves under his control and uses the broad ocean highways for cheap transportation throughout the world.

The ocean's surface is 70 per cent of the earth's surface and its volume is calculated at 300,000,000 cubic miles. It could cover the entire earth to a depth of more than a mile and a-half, if spread over the globe. The ocean is far from a dead, inert mass. It is living, always in circulation, replenishing its stores and defying exploitation to drain it of its riches.

Gold and Silver

Thousands of tons of gold and silver are scattered throughout the waters, remarked the professor and yet these cannot, so far, be extracted profitably for the minerals are not in the form of nuggets or lodes but are dissolved in the water. Nickel, copper and zinc are also known to be present in the sea. So it is often true that when one scoops up a little seawater in the hand there is gold there but in this case, of course, in such infinitesimal quantity that it could not be measured by any human device.

The sea is the main source of common salt and its weeds particularly, is in iodine, a necessary element to drinking water and an element which can be, and is, extracted. The biological station director gave an account of the fisheries of the Maritime provinces and cited the herring as

What Northern B.C. Power Means to Prince Rupert

A good many people do not yet realize what the development of power by the Northern B. C. Power Corporation means to Prince Rupert. The present power plant at Shawatlans generates very little more than one thousand horsepower and the steam plant at the drydock is used as a reserve.

The new power plant at Falls River is designed to generate 32,000 horsepower of which the first unit of 6,000 is now being constructed and is expected to be completed this year. Other units will be of 6,000, 10,000 and 10,000 horsepower, respectively.

The initial capacity of the pond at Falls River is to be 258,000,000 cubic feet but by raising the dam, the capacity will later be increased to 5,000,000,000 cubic feet.

Water powers under reserve which may be used for power purposes include:

Falls River	32,000 horse power
Thulme River	15,000 " "
Union Bay	10,000 " "
Khtada River	20,000 " "
Brown's River	15,000 " "

This means that for many years to come Prince Rupert will be provided with plenty of power and the huge organization of the Power Corporation of Canada will be using its influence to help build up the district industrially.

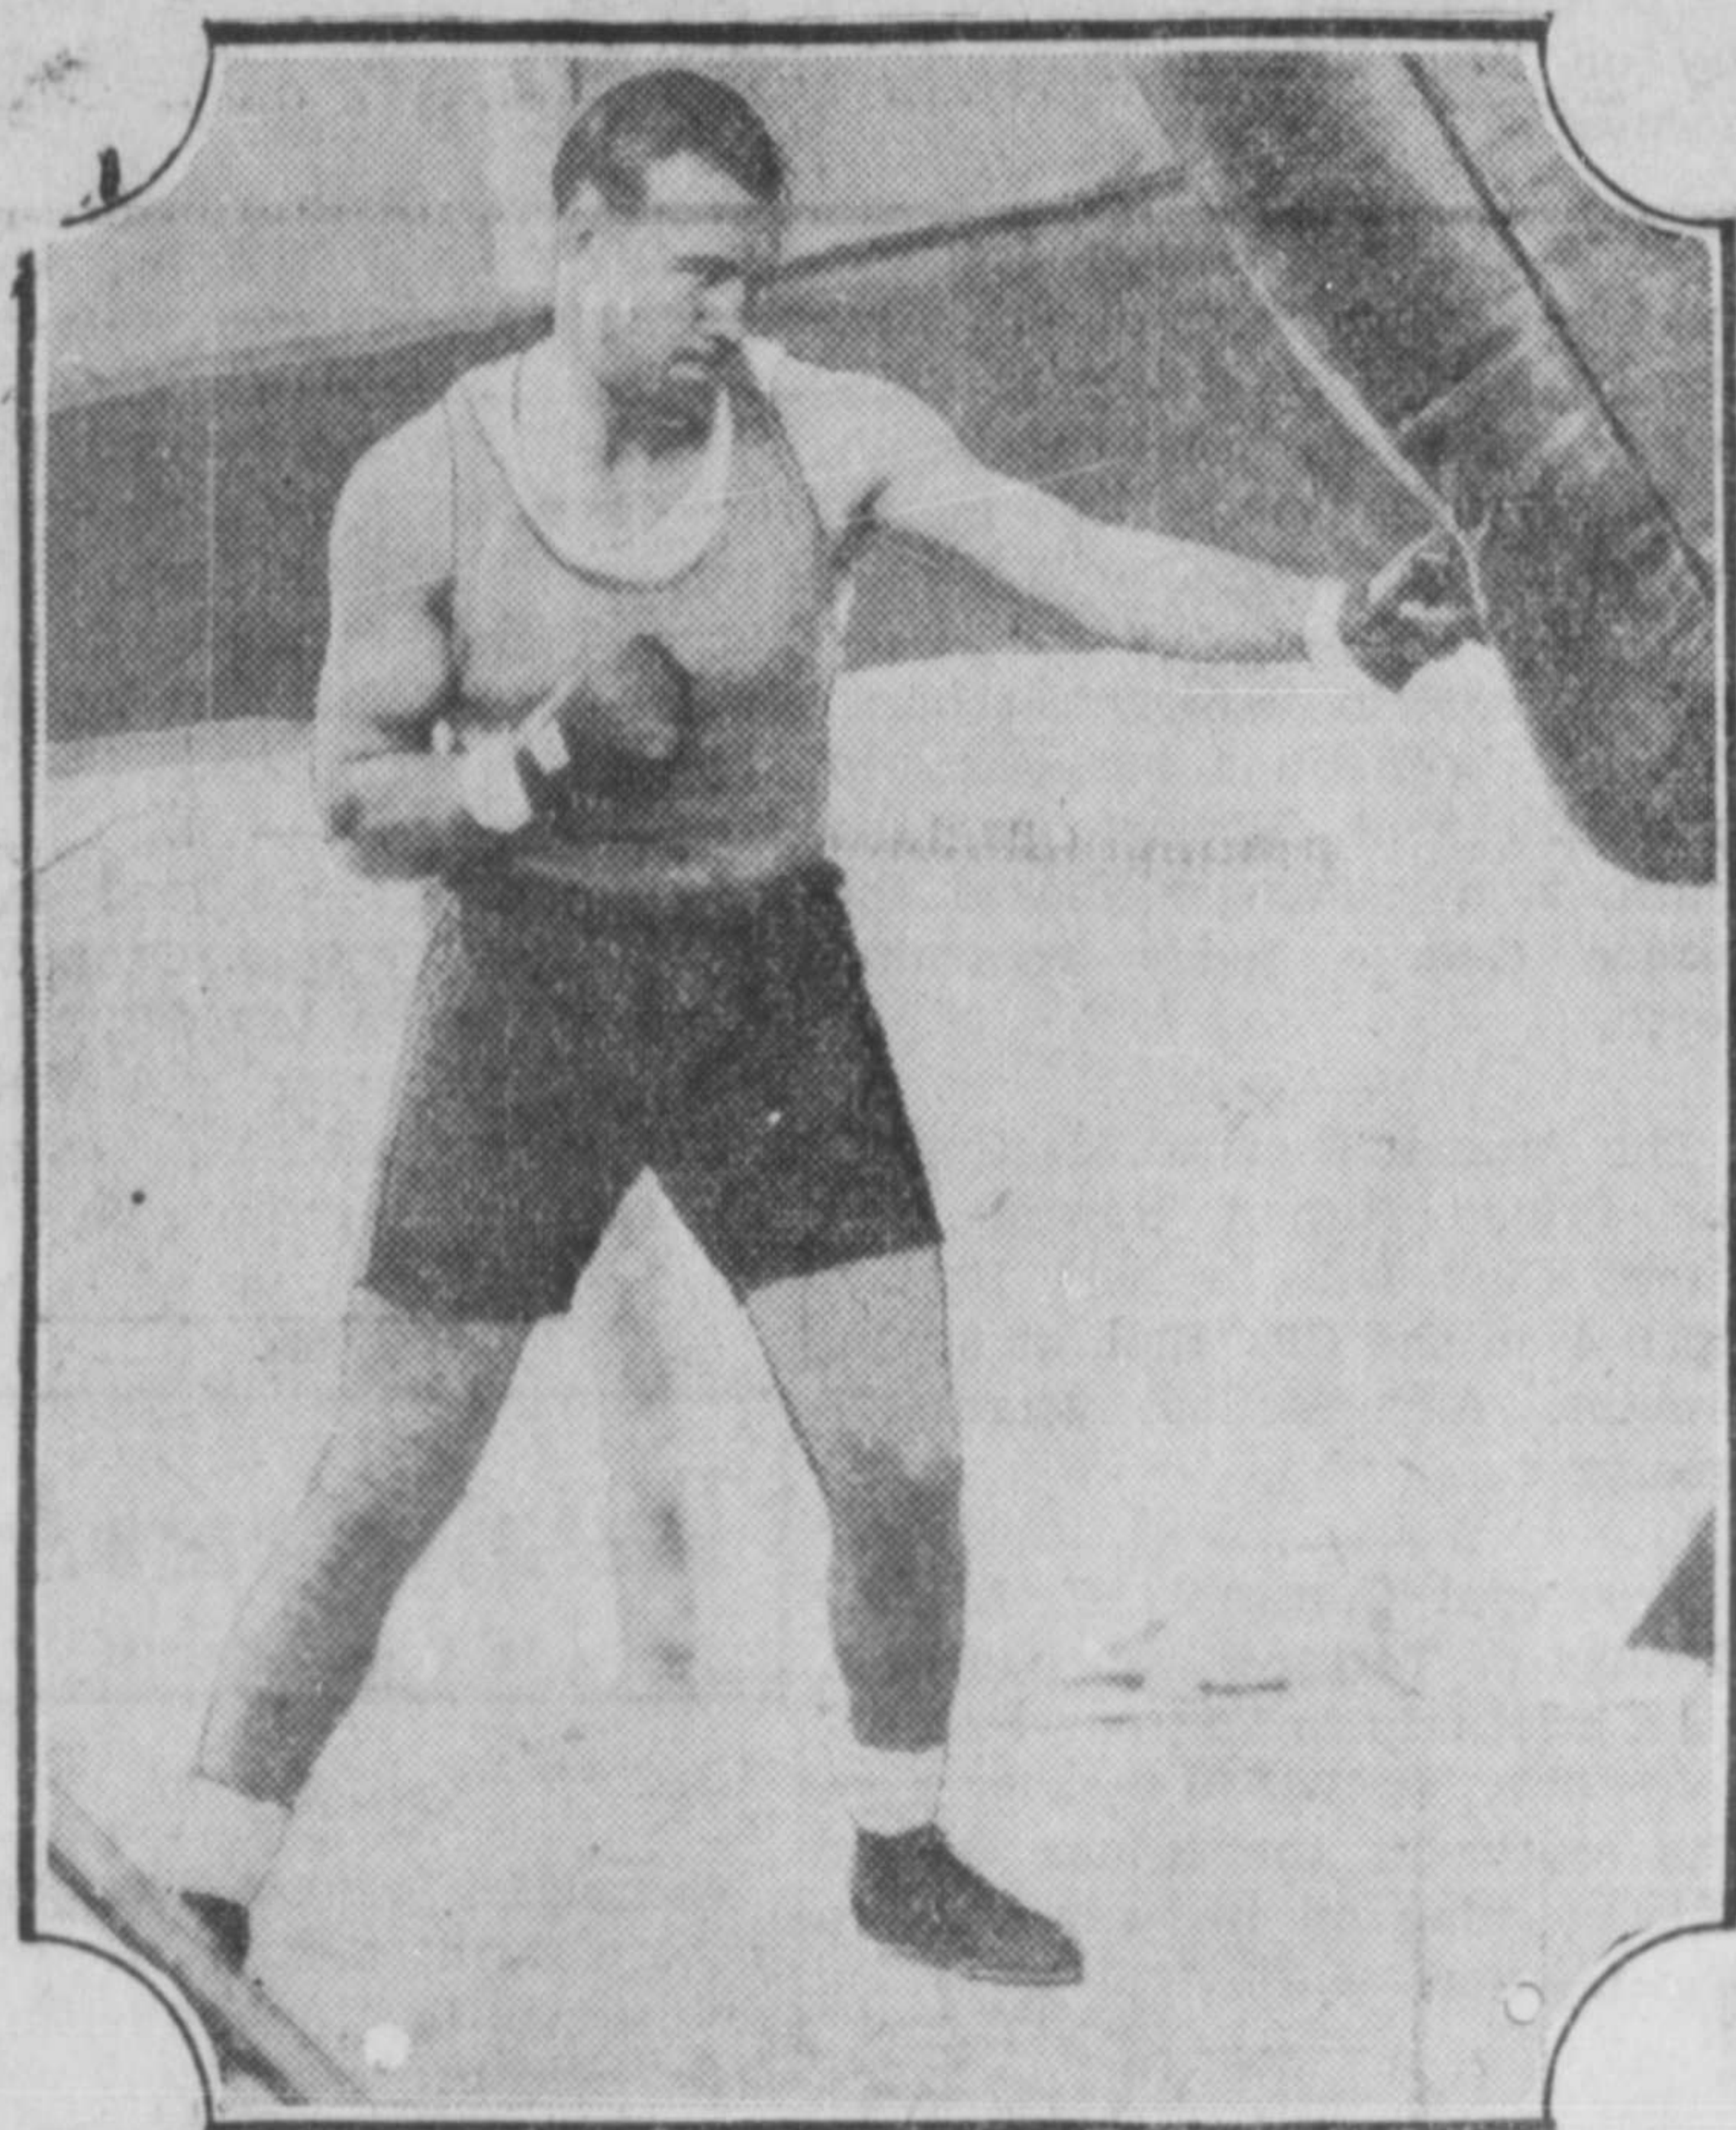

The photograph here shows Col. Chas. Lindbergh (in glider) and Hawley Bowles, San Diego glider builder, who are conducting experiments in motorless flying on the west coast.

an outstanding example of a fish whose numbers can least be limited by man's efforts. On the coast of southern New Brunswick the herring are taken while still very young in enormous quantities yet there seems to be not the slightest dwindling of the supply. Even the throwing open of the spawning grounds to fishermen has been without observable ill effects. The herring is able to use as food a variety of small floating stuff and in certain regions can reproduce its kind with invariable and overwhelming success. All regions of the sea, however, are not equally able to produce and renew large stocks of fish. Oysters, for instance need several years to grow.

MAX SCHEMLING

MADE LONG SKI TRIP

Minneapolis Party Crossed Three Passes in Three-Week Trip

WINNIPEG, April 2.—Arriving over the lines of the Canadian National Railways, A. D. Lindley, R. H. Bennett and R. P. Gale, all of Minneapolis, reached Winnipeg yesterday after spending the past three weeks on a skiing trip through the Maligne Lake country of Jasper National Park, in the Canadian Rocky Mountains.

The trip, although taken as a pleasure jaunt, was not without its adventuresome moments. The party, travelling through mountainous country, crossed three passes, each at an elevation of over ten thousand feet. One of them, an unnamed pass near Harry McLeod Mountain, was crossed in the teeth of a raging blizzard, with the thermometer at that elevation, registering below zero.

In all, the party travelled approximately 250 miles in the park. Starting from a base camp located in the Canadian National Chaillet at Maligne Lake, they visited the Columbia ice fields, the Brazeau country and made side trips of exploration with a view to returning with a larger party next winter.

The members of the party are well known sportsmen of Minneapolis, Mr. Lindley having stroked the world champion Olympic crew which carried off the world's championship in 1924. They are all expert skiers having skied in Norway and Switzerland.

Sport Chat

It is to be hoped that, at the annual meeting of the Prince Rupert Football Association, called for Friday evening of this week, there will be determination to keep the game of soccer on the map here despite difficulties that may face the season's organization work. As officials of the Football Association suggest, it looks as though about the only hope for the successful conduct of the game in Prince Rupert this season may lie in the development of junior players in order to give strength of personnel to senior ranks. Withal, it appears that, if this is done, and the players available are effectively divided between the entering teams, good competition should ensue. It is to be hoped that no serious suggestion will be made of calling off football in the city this year.

With soccer activities launched, baseball should also be in the limelight again soon although it will probably be toward the end of this month before the annual meeting is called. Similar problems to those affecting football organization will, no doubt, face baseball and similar remedies might also be offered—that is, the development of junior talent to fill out the ranks of senior company. It is also highly desirable that baseball as well as football competition should be continued in the city. Without either, there would be a serious gap in local summer athletics. They are about the only forms of healthy outdoor revenue producing sport that can be carried on here. If for the benefit, however, of no others than those participating in the play, it is highly desirable that activities should not be abandoned.

JUST A SLIP

Prisoner—Make it as light as you can, your honor. I was once the means of saving you from injury. Judge—What do you mean? Prisoner—Why, some years ago I threw a brick at your honor's head but I missed.

LADIES PLAY FINE FIGHT BADMINTON IS STAGED

Scores Last Night in Cathedral Club's City Tourney

Ladies' doubles results last night in the Cathedral Badminton Club's city tournament were as follows:

First Round
Mrs. Shadwell and Mrs. Darton drew a bye.
Miss Harrison and Miss Winslow beat Miss Lawrence and Miss Ross, 21-4.
Mrs. Horton and Miss Astoria beat Mrs. Blott and Miss M. Cross, 21-14.
Miss C. Mitchell and Miss F. Cross beat Mrs. Duncan and Mrs. Squires, 21-2.
Miss Ellett and Mrs. Bartlett beat Mrs. Nicholls and Mrs. Evelt, 21-12.
Miss Rogers and Miss Brewerton beat Mrs. Mills and Miss McKenzie, 21-16.
Mrs. McMordie and Miss Thompson beat Miss I. Mitchell and Miss Frizzell, 21-10.
Miss J. Cross and Miss Gilchrist drew a bye.

Second Round
Mrs. Shadwell and Mrs. Darton beat Miss Harrison and Miss Winslow, 21-12.
Miss C. Mitchell and Miss F. Cross beat Mrs. Horton and Miss Astoria, 21-8.
Miss Ellett and Mrs. Bartlett beat Mrs. McMordie and Miss Thompson, 21-10.
Mrs. McMordie and Miss Thompson beat Miss J. Cross and Miss Gilchrist, 21-13.

Semi-Finals
Mrs. Shadwell and Mrs. Darton beat Miss C. Mitchell and Miss F. Cross, 24-20.
Miss Ellett and Mrs. Bartlett beat Mrs. McMordie and Miss Thompson, 21-10.

The semi-finals of Mrs. H. L. Shadwell and Mrs. Shelford Darton vs. Miss Caroline Mitchell and Miss Frances Cross was particularly exciting. The score was 18 to 12 in favor of the latter when Mrs. Darton made a brilliant rally to turn defeat into victory for her side.

Men's doubles will be played on Friday evening and all the finals next Monday.

M'MORDIE EASY WIN

Eliminated Art Easson From Billiard Championships 500 to 325

Col. S. P. McMordie eliminated A. A. Easson from the city individual senior billiard championships last night by the handy margin of 500 to 325. It was McMordie's game all the way and the issue was never in doubt. The colonel, who won the city title last year, was again in championship form.

The time of the game was two hours and ten minutes. McMordie made a high break of 38 and average of six while Easson's high break was 24 and his average, four.

Jack Judge was referee and J. Scott and C. P. Balagno acted as markers.

The semi-finals will be played as follows:

April 3—George Waugh vs. Don Brown.
April 6—C. P. Balagno vs. Col. S. P. McMordie.

Bagshaw Lost Narrow Decision to Death—Chenoski Made Good Showing

With the return of the local lads, Bill Bagshaw and Pete Chenoski on yesterday's boat from Anyox, comes the report that both boys gave a most creditable account of themselves at the smoker staged by the Community League last Friday.

The main event between Bagshaw and Death was a thriller from start to finish and sport followers in Anyox were unanimous in the opinion that it was the greatest fight ever seen there. Both boys were in the pink of condition, evenly matched and battled keenly all the way, and had the fans hoarse at the finish.

Henry Death proved to be a clean fast scrapper, who, though living in Anyox, has had some 15 fights in the south during the past two or three months and fought under the colors of the Cavalry Club of Vancouver.

The fight was fast and furious during the entire six rounds with both boys mixing freely all the way. Death gained any advantage, previously lost in the last round and won the decision by a narrow margin. Great credit was due Bill Bagshaw for holding his much more experienced opponent to such a close finish.

Chenoski Bout

The semi-final three-round go between Pete Chenoski and S. Barclay of Anyox was also a real scrap. Chenoski, at 114, giving way several pounds, gave the boys plenty to talk about and many were wondering what would have happened to Mr. Barclay if the fight had gone another round or two.

In a special wrestling attraction, Charles Karen of Anyox, B.C. amateur lightweight champion, took two falls from Reg Wood, V. A. C., Vancouver.

The Community League staged the smoker in their new gymnasium and their new fight ring, special lighting effects, successful management and treatment accorded local visitors are all deserving of special comment.

A return Bagshaw-Death match either in Prince Rupert or Anyox is anticipated in the near future.

Man in the Moon

The badminton is about over Jake says he does not know whether to go in for tennis or baseball during the summer. He says he has no white flannels for tennis and he'd hate to be seen wearing those baseball pants. I think he should take up rugby and then no one would know what he was wearing once he'd been through a scrimmage.

Do you know why bridge seems a dull game? I can tell you. The main reason is because it is dull and often stupid.

Any man who is proud of his university diploma usually has nothing else of which to be proud.

J. H. J. Crosse (Cambridge), making a great save from hot attack during recent Oxford-Cambridge lacrosse match at Cambridge.

Thirty co-eds of University of Southern California fencing team put finishing touches to their training for participation in Pacific Coast Fencing championships, which take place soon.

IMPORTANT FLAT RACES

Next Event to be Newbury Spring Cup With Manchester Handicap Closing List

The following is a list of the more important races during the British flat-racing season:

- April 12—Newbury Cup.
- April 21—Queen's Prize (Kempton).
- April 25—Craven Stakes (Newmarket).
- April 28—Great Metropolitan (Epsom).
- April 30—City and Suburban (Epsom).
- May 7—Two Thousand Guineas (Newmarket).
- May 9—One Thousand Guineas (Newmarket).
- May 9—Two Year Old Plate (Newmarket).
- May 10—Victoria Cup (Hurst Park).
- May 13—Chester Vase.
- May 14—Chester Cup.
- May 17—Great Jubilee Handicap (Kempton).
- May 21—Newmarket Stakes.
- May 22—Payne Stakes (Newmarket).
- June 4—The Derby.
- June 5—Coronation Cup (Epsom).
- June 6—The Oaks.
- June 13—Manchester Cup.
- June 17—Ascot Stakes.
- June 17—Gold Vase (Ascot).
- June 26—Newbury Summer Cup.
- July 1—Jury Stakes (Newmarket).
- July 3—Princess of Wales Stakes (Newmarket).
- July 18—Eclipse Stakes (Sandown).
- July 19—National Breeders Produce Stakes (Newmarket).
- July 25—Liverpool Summer Cup.
- July 29—Stewards Cup (Goodwood).
- July 30—Goodwood Stakes.
- July 31—Goodwood Cup.
- Aug. 27—Ebor Handicap (York).
- Aug. 28—Gimcrack Stakes (York).
- Sept. 9—Champagne Stakes (Doncaster).

District News VANDERHOOF

At the convention here last week of District "C" Farmers' Institutes, officers for the year were elected as follows: honorary president, Dr. R. C. Bamford; president, Caleb Prout; vice-president, J. Henderson; secretary treasurer, C. C. Kelley; member on advisory board, R. Blackburn; alternate, John H. MacMillan; directors, J. S. Johnson D. McKenzie, E. Hamar and E. Reidermann. The convention approved the present agreement between the provincial government and P. Burns Co. Ltd. regarding the operation of the Vanderhoof creamery.

The Young People's Society held an interesting debate last night on the subject "Resolved that the People of Canada have many Advantages Over Those of the United States." Arguing for the affirmative were Miss Mabel Smedley and R. C. Price, for the negative, Miss Edna Black and R. E. Vick.

REMO

Mr. Barman, C.N.R. tie inspector, was the guest of Mr. and Mrs. A. Y. Wilson on Tuesday and Wednesday last.

The rebuilding of the R.F.A. Hall is progressing nicely, the work being entirely done by volunteer labor.

S. G. Cooper, forest ranger, Terrace, was a visitor in Remo on Monday.

A new floor, which was badly needed, is being laid in the railway freight shed at Remo.

Needless Pain!

People are often too patient with pain. Suffering when there is no need to suffer. Shopping with a head that throbs. Working though they ache all over. And Aspirin would bring them immediate relief!

The best time to take Aspirin is the very moment you first feel the pain. Why postpone relief until the pain has reached its height? Why hesitate to take anything so harmless?

Read the proven directions for checking colds, easing a sore throat; relieving headaches and the pains of neuralgia, neuritis, rheumatism, etc.

You can always count on its quick comfort. But if pain is of frequent recurrence see a doctor as to its cause.

TEACHERS' MEETING

Gathering Last Evening Had Chiefly to Do With Forthcoming Provincial Convention

The regular monthly meeting of the Prince Rupert Teachers' Association was held last evening in the Booth Memorial School with J. S. Wilson in the chair. The evening's deliberations had to do entirely with business affairs. General satisfaction was expressed at the fact that practically all the teachers in the city were members of the Federation. Financially the treasurer's statement showed that the association was in a healthy condition.

W. W. C. O'Neill thanked the members for the honor accorded him by their selection of him as Northern B.C. Geographical representative, to the annual convention to be held in Vancouver from April 21 to April 24. Official delegates to the annual convention from the local association were selected as follows: Miss E. A. Mercer, J. S. Wilson, D. H. Hartness and A. Halleran.

Resolutions to be submitted to the annual convention were then discussed. It was felt that the present reader used by both Grade 5 and Grade 6 was not satisfactory but that each grade should have a separate text book and that the material, particularly in the Grade 5 part, should be revised considerably. The question of giving less frequent reports to the parents, possibly every two months rather than monthly was productive of a lively discussion. The most recent textbook in English and Canadian History also came in for adverse criticism. It was agreed that the compilation of satisfactory textbooks was a very difficult task but many of them seemed to be prepared by university professors and were not suitable for schools with immature pupils.

The May meeting will be largely taken up by reports of those attending the convention.

The March issue of the B. C. Teacher, the official organ of the B. C. Teachers' Federation, contains a report of the address given by Harry Charlesworth to the Women's Canadian Club on his recent visit to Prince Rupert. The article was a reprint from the Prince Rupert Daily News.

Convention Speakers
The teachers of Prince Rupert, and indeed, all interested in education here, are gratified to see that one of the speakers at the modern sub-section of the High School sessions at the convention, is to be Mrs. St. Clair Johnston, of the King Edward High School staff of this city. Mrs. Johnston is taking part in the discussion on "Phonetics in Teaching French."

In the science section of the high school sectional program, Dr. A. H. Hutchinson, University of British Columbia, is to give an address on "Biology as an Optional Science Subject in the High School," and the discussion following this paper will be led by J. R. Mitchell, West Vancouver High School. Mr. Mitchell is well known in Prince Rupert, being the eldest son of J. R. Mitchell, local building contractor, and was at one time on the teaching staff of the city.

The chief speaker at the eleventh annual convention of the British Columbia Teachers' Federation to be held in the Kitsilano High and Junior High School, Vancouver, during Easter week will be Sir John Adams, L.D. Sir John is a noted writer on educational subjects for many journals and for some years has been engaged as special lecturer at Harvard, University of California, University of Southern California and other prominent educational institutions of the United States. A Scotsman by birth and training, he is a recognized world authority on education. Some of his subjects at the convention will be "The Extending Span of Education," "The Death-knell of Class Teaching," "The Solidarity of the Teaching Craft" and "The Educational Engineer."

Circulation Record of Local Library Is Again Broken

Another circulation record was broken in March by the public library, according to a report made at the meeting of the library board last night by Miss Cruikshank, the librarian. The total circulation during the 22 days the library was open to the public was 5,917, included in which was fiction, 3,483; duplicate pay, 220; non-fiction, 671; and juvenilia, 1,543. The average was 268.9 per day.

There were during the month 57 new borrowers but 40 old ones cancelled, leaving a list of 2,928.

Sixteen new books were received by gift and 47 by purchase while 41 had to be discarded. The total now in the collection is approximately 1,156.

Librarian Will Visit the Arctic Down Mackenzie

The library board last night decided to allow Miss Cruikshank leave of absence without pay for one month during July and August in addition to her regular three weeks holidays so that she may take a trip down the Mackenzie River to the Arctic Ocean. She will make arrangements for a substitute for the month, leaving early in July.

The library will be closed for three weeks as usual during the regular holiday period.

Pretty Interior Native Wedding

Miss Olive Lydia Rankin of Kitwanga is Bride of Philip Ryan of Kitwanga

Amid bright spring sunshine, with a number of Union Jacks floating in the breeze, and the Kitwanga Bass Band playing appropriate music, the wedding of Miss Olive Lydia Rankin of Kitwanga and Philip Ryan of Kitwanga, took place in the United Church at Kitwanga last Saturday afternoon at 2 o'clock.

The church was filled to capacity with immediate friends of the bride and groom. Rev. T. H. Wright B.A., of Hazelton United Church, performed the ceremony. The bride looked pretty in a dress of white crepe-de-chine and carried a bouquet of orange blossoms. Miss Flora Howard was bridesmaid, and Bertie Russell assisted the groom. Miss Gertie Johnson acted as flower girl. The musical selections by the Kitwanga Band were of added interest. Jonah Russell, the church organist, played wedding selections.

A feast was given after the ceremony in the Town Hall to which the many friends did ample justice.

Mr. and Mrs. Ryan will make their future home in Kitwanga.

In the Sunday section of the Vancouver Sun this week appears an interesting article describing early shipping on this coast. Illustrations include a picture taken in Prince Rupert Harbor of the old steamer Princess Beatrice which a few years ago was stripped and dismantled for use as a floating cannery.

Rev. McConnell Speaks to Baptist Brotherhood

"Moral Courage" Subject For Presbyterian Minister at Meeting Last Night

The regular meeting of the Baptist Brotherhood was held in the church parlors last night, the president, G. W. Johnstone, in the chair. After a short business session, the chairman introduced Rev. Thomas McConnell who was the speaker of the evening.

Mr. McConnell's subject was "Moral Courage." He illustrated his talk with great historical characters from the Scriptures, and pointed out the fact that the need for moral courage today was as great, if not greater, than in Biblical times.

W. W. Wright moved a hearty vote of thanks to Mr. McConnell for his most enjoyable talk.

Violin selections by M. R. Dafeo, accompanied by C. E. Bletsoe, rounded off the evening program.

Owing to the stormy weather, the attendance was not as large as usual.

E. C. Manning, assistant to the chief forester for British Columbia, will sail by the Princess Norah this afternoon for Victoria after having spent a few days in the city following a trip through the interior on official duties.

SHE THOUGHT:
"I'd love to dance—but I can't stand 'B.O.'"
Yet, to be polite,
SHE SAID:
"Oh, let's not dance; it's so warm in here."

No one liked to dance with him—until he ended "B.O."

(Body Odor)

THE SAME old story. Girls found him agreeable, attentive—they liked his looks, his manners. But they made excuses not to dance with him. And they seldom went out with him twice.

Then one day he found out why. "B.O."—body odor... Today he's a favorite everywhere. Girls enjoy dancing with him now. He knows the easy way to keep perspiration odorless.

"But I couldn't be guilty of body odor!" you say. *Don't be too sure.* Even on cool days, our pores give off a quart of odor-causing waste. We get so used to this ever-present odor that we don't notice it in ourselves. But others do!

So why take chances? Why not do as

millions of particular men and women are doing—wash and bathe with Lifebuoy. Its creamy, abundant lather leaves you feeling gloriously, satisfyingly clean. And never a worry about body odor. For this gentle antiseptic lather purifies pores—destroys every trace of "B.O."

Lifebuoy for lovely complexions

Thousands of women, admired for their fresh, clear complexions give all the credit to Lifebuoy. Its gentle, yet thorough cleansing frees pores of clogged impurities—makes dull, sallow skins bloom with healthy, radiant beauty. Its pleasant, extra-clean scent—that vanishes as you rinse—tells you Lifebuoy purifies. Adopt Lifebuoy today.

Lifebuoy HEALTH SOAP

stops body odor
