ANYOX GREETES LIBERAL SPEAKERS

Pattullo and Pearson Given Fine Reception at Smelter Town Meet

Great Enthusiasm Expressed For Cause of Mackenzie
King Given in Appeal For Re-Election

ANYOX, June 28.—A rousing reception was given T. D. Pattullo, leader of the British Columbia Opposition, and George S. Pearson, M.L.A. for Nanaimo, when they spoke here last night in support of the candidature of Olof Hanson, Liberal candidate for Skeena in the forthcoming federal election. The Recreation Hall, where the meeting was held, was filled to capacity with a large and attentive audience which gave a responsive hearing to each of the speakers. There was much enthusiasm and the speeches

STORM IS TERRIBLE

Death Toll of Eleven in Tempest in
Newfoundland Thursday
Night

ST. JOHN'S, Nfld., June 28.—The toll of a terrific thunderstorm which swept Eastern Newfoundland late Thursday night was placed at 11 lives yesterday.

Five were killed by lightning at St. John's alone. At Lumsden, a fishing settlement, hail stones, weighing as much as 10 pounds, bombarded the community, sinking 30 boats in the harbor and smashing practically every roof and window in the village. Three fishermen in their boats clung to the bottoms until beaten to death by falling ice.

OLD AGE PENSIONS

Premier Points Out Liberals Re-
sponsible For Them—Defends
Trade Treaties

ST. JOHN, N.B., June 28.—Old age pensions, development of trade with the West Indies and the Australian and New Zealand treaties found a prominent place in Premier King's final speech in the Maritime Provinces, here.

Declaring that there had already been misrepresentation of his position on old age pensions, the Premier summarized the government's accomplishments in this regard. It was the Liberal government that had passed old age pensions legislation, he declared, and the Conservative majority in the Senate that had thrown it out. It was the Liberal government which had passed it through Parliament and under which it becomes effective.

Increased prosperity in Canada was the direct cause of New Zealand butter importations, the Premier said. He asserted that Canada had derived great benefit from the Australian treaty and that exports of goods under that agreement made more work for Canadian workmen.

Thomas Favors Opposition Representation at Parley If Dominions Are Favorable

LONDON, June 28.—"If the Dominions agree to the suggestion that Opposition parties as well as governments should be represented at the Imperial Conference, this government would welcome the innovation but it would be absurd to seek to impose such conditions should other parts of the Empire not be agreeable."

In these words Rt. Hon. J. H. Thomas, Secretary of State for the Dominions, replied in the House of Commons to Rt. Hon. L. C. M. S. Amery, Secretary of State for the Dominions in the last Conservative government.

The matter arose during debate on estimates for Dominion offices. The increasing and rationalization of Empire trade formed the chief topic and the discussion was fruitful in ideas.

British Columbian Takes Oath as
Member of Premier King's
Cabinet

VANCOUVER, June 28.—Hon. Ian Mackenzie, late member of the British Columbia legislature, was sworn in yesterday as a member of Premier King's cabinet by E. J. LeMaire, clerk of the privy council, who came here from Ottawa especially for the swearing ceremony.

Last night the newly appointed cabinet minister, who is running as Liberal candidate for Vancouver Centre, made his first public address since his appointment. He declared that the election would be fought on an economic issue. It was a contest which the Liberals could enter sanguine of success as a result of the nine-year record of the government.

Homing Bird Released at Terrace Was Lost, Reaching Alaska Town

Canadian Press Dispatch Received at Daily News Office
Leads Inspector James M. Tupper to
Interesting Information

Inspector James M. Tupper, officer commanding the Royal Canadian Mounted Police here, on being advised this morning of the receipt at the Daily News office of a dispatch from Wrangell, Alaska, announcing that a stray homing pigeon had arrived there, identified the bird as being one of his own which had been released at Terrace on Wednesday by Corp. Cameron of the R.C.M.P. staff here. The bird which alighted at Wrangell yesterday was released with another at Terrace on Wednesday afternoon

at 20 minutes to five. The one bird arrived safely home here at 8:30 the same evening and, after two days had elapsed without any sign or word of their other, Inspector Tupper began to believe that it must have been captured and devoured by hawks.

The lost bird, Inspector Tupper explains, was a young one and, while it had been released at Shames near Terrace the week previous and had come safely home, this was the first occasion on which it had been released with a message. Inspector Tupper believes that it may have become bewildered for this reason and lost its way. In any case, it must have travelled some three or four hundred miles within the two days it took it to reach Wrangell.

Inspector Tupper is a well known pigeon fancier and it was for this reason that the Daily News was prompted to inform him of the finding of the stray bird. He tells of another of his pigeons which released at Kitwanga on Thursday just about the time the westbound train left there and which reached

Prime Minister Takes Direct Issue With Opposition Leader in Matter of Population Exodus and Export of Raw Materials

SHERBROOKE, Quebec, June 28.—Direct issue with Hon. R. B. Bennett, Conservative leader, was taken by Premier King here last night. The Premier denied that the boys and girls of Canada were going to the United States. Instead, he stated, "the tide has changed and our young people are coming back more and more to this side and going less and less to the other. Mr. King also met the complaint of the Conservative leader that Canada was exporting her raw materials by the positive declaration that Canada exports less of her raw materials to the United States than that republic exports to Canada. If the country has to export goods, it must import them also, he said.

"Does Mr. Bennett want us to stop importing cotton and close our cotton factories?" the Premier asked. "Does he want us to cease importing rubber and close our factories which use rubber?"

The meeting was the final one which the Premier will address in Eastern Canada at present.

CAMPAIGN PROGRESS

Some of Candidates Working
Hard and Keen Competition
Likely For First Place

Good progress is being made with the Daily News campaign. Several of the candidates are working well and there is likely to develop keen competition for the four grand prizes which are being donated.

A good many people are subscribing to get a chance on the fine gold Waltham watch being presented by the Daily News to one of those who subscribe during the campaign. Within the next day or two, possibly on Monday, the standing of the candidates will again be published.

The Political Corner

Vol. 1. Saturday, June 28, 1930 No. 16.

That Emigration Bogey

Messrs. Bennett and Stevens still continue their attempts to deceive the electorate upon the question of emigration to the United States. They continue to quote only one set of figures, namely the number of Canadians emigrating to the States. They say nothing about the Canadians returning to Canada from that country. This is deception and amounts to deliberate misrepresentation of the facts.

In the year 1925 the number of Canadians emigrating to the States was 100,895 and this has been steadily decreasing each year until 1929 it was only 64,440. As against this 33,798 Canadians returned in 1929 and 30,560 Americans came to Canada to live so that in the exchange of citizens with the States in that year the net loss was only 82.

The balance of migration between the two countries since the Liberal Government came into power has been steadily changing, so much so that the United States Consul General at Montreal in 1929 made this report with regard to it:

"Canadian emigration has slowed down of its own accord, and the tide appears definitely to have turned. Canada's development will certainly now for a time be more rapid than that of the United States, and the balance of migration will in all likelihood swing strongly in Canada's favor, and remain so for at least two or three decades."

Moreover the Tory speakers fail to inform their hearers that during the years 1881 to 1890, when our population was only half what it is today, under a Conservative regime and the National Policy there was an exodus of 393,304 Canadians to the States. In the years 1911 to 1920 inclusive, when the Tories again were in control the emigration of Canadians to the States amounted to 742,185.

When the electors find out that the Tory leaders are attempting to mislead them, this deceit will prove a boomerang.

CITY TENNIS TOURNAMENT

Semi-Finals Are Expected to Be Played Today

In the city tennis tournament it is expected that nearly all the events will reach the semi-final stage today. Finals in the ladies' doubles and ladies' singles will be played on Sunday afternoon at two and four o'clock respectively if the weather holds fine.

In yesterday's matches there was some brilliant tennis. Mrs. Shadwell took three sets to put out Miss B. Edgecumbe in a hard fought singles. There was also an extremely fast match in the evening with W. Lambie finally defeated S. Horner after losing the first set 6-1. The results of the day were:

- W. Lambie beat S. Horner, 1-6, 6-3, 8-6.
- Col. McMordie beat W. H. Tobey 6-2, 6-1.
- A. Mitchell beat F. Bradshaw 8-6, 6-1.
- Mrs. Shadwell beat Miss Edgecumbe, 6-4, 5-7, 6-3.
- Messrs. Brown and McDonald beat Linzey and Robertson 6-2, 6-3.
- Col. McMordie and Brand beat Col. Nicholls and Gregg, 9-7, 6-3.
- Misses L. Frizzell and V. Smith beat Misses B. Edgecumbe and F. Smith, 6-3, 7-5.
- Mr. and Mrs. Bartlett beat Mr. Currie and Mrs. Ross 8-6, 6-4.
- Mrs. McMordie and Stamford beat Mrs. Shadwell and Col. McMordie 4-6, 6-3, 6-2.

ATHLETICS GO TO TOP

Defeated Canadian Legion by Score of Two to Nil Last Night

By means of a well deserved win last night over the Canadian Legion, the Prince Rupert Athletic Club went to the top in the Stuart Benefit Shield soccer competition. Sammy Currie's men had the situation in full control at all times and the Canadian Legion, which is developing the bad habit of persistently fielding a short team, never had a chance. A good-sized crowd of spectators witnessed the match.

Albert Dickens scored the first goal for the Athletic Club soon after the opening, the Legion being weakened through having only eight men on the field. For the Canadian Legion, Will Mitchell hit the upright but the ball went behind. That was about the closest the Legion ever came to scoring. Spiro Gurvich saved well from Howe.

In the second half, the Athletic Club reiterated its superiority and Nick Chenoski put in the second counter. Charlie Youngman, who played a good game in goal for the Canadian Legion, was given no chance to save this one—or the first, either, for that matter. Field was another who played a good game for the Legion.

J. Currie was referee with C. Barker and C. Smith acting as linesmen. The teams were:

Prince Rupert Athletic Club—S. Gurvich, W. Murray and Stiles; Hill, McKay and G. Mitchell; H. Dickens, Bussanich, A. Dickens, Chenoski and Frizzell.

Canadian Legion—Youngman; D. Jack and J. Currie; Field, Howe and Hadden; Macdonald, Smith, W. Mitchell, Chenoski and Gilker. With the Regiment and Canadian Legion scheduled to meet next Monday evening in the Dominion Day Cup final, there will be no further play in the Stuart Shield series until Friday evening of next week when the Regiment is scheduled to meet the Prince Rupert Athletic Club.

The name of Miss Margaret Fritz was, by inadvertence, omitted from the list of performers at Charles Balagno's piano recital Thursday evening.

Big Sockeye Run Is Expected—New Fishery Patrol Cruisers For This District—Heavy Halibut Landings

The 1930 sockeye fishing season promises to be successful, from the standpoint of large packs, and good runs, it is suggested in a statement issued by J. P. Babcock, assistant to the provincial commissioner of fisheries. Analyzing data on escapes, seeding and spawning the provincial authority discusses prospects on the three great fishing areas of the coastal region—the Fraser and Skeena Rivers and Rivers Inlet. He definitely concludes that there will be fair runs on the Skeena and a large pack on Rivers Inlet. Referring to the Skeena, Mr. Babcock says: "The sockeye runs to the Skeena consist of 4-year-old and 5-year-old fish—hence the run there this year will consist of fish from the spawnings of 1925 and 1926. In 1925 the catch of sockeye produced a pack of 81,146 cases, and the report of Dr. Clemens shows that the 5-year-old fish in that run constituted 47% of the catch. In 1926 the pack was 82,360 cases, and the 4-year-old fish formed 70% of the catch. In both those years the spawning bed reports of the department show that both the Babine and Lakelse were well seeded. There would, therefore, appear, Dr. Clemens reports, to be good reason to expect a fair run to the Skeena in 1930, a pack approximately of 75,000 cases. In his forecast of the sockeye run to Rivers Inlet this year, Dr. Clemens states that the year 1930 belongs to the five-year cycle 1915-1920 and 1925, in which the five-year class has always been large—from 77 to 95%—hence we may look for a very large pack this year. Without taking the brood-year 1926 into account, the expectancy would be a pack of 125,000 cases from the 1925 seeding. In 1926 the pack was small 65,581 cases, and the seeding reported as only fair.

seineboat has been completed at the Nelson yard at Sandspit, Queen Charlotte Islands. A 75 h.p. Atlas Imperial diesel engine has been installed in the craft.

In addition to men from the local fleet, a number of members of the American halibut fishing fleet have left recently for Norway where special national anniversary celebrations are being held this year. Among the American fishermen who have left for the Old Country are K. B. Ustad of the Sundie, Axel Langness of the Aloha, John Jevick and Ma Belle J. and N. B. Hegge of the Republic.

The canneries of the British Columbia Packers Ltd. at Walker Lake and Bella Coola in this district, burned down last winter, have been rebuilt in readiness for operation this season. The Walker Lake plant is a two-line establishment and is being modernized with vacuum sealers and other up-to-date machinery. It has a cold storage plant in connection. At the Bella Coola cannery two tall and one half-flat line are being installed, these also being of most modern type. The B. C. Packers Standard camp, just south on Claxton Cannery on the Skeena River, is also being replaced after having been destroyed by fire a few weeks ago. It consists of a wharf, net houses and cottages for the service of the company's fishermen drifting at this point.

Right past his dusty chestnut tree
The flippers fly pell-mell,
He wishes very earnestly
That they would go to work
They put the smithy on the burner
And likewise on the furnace
So there he sits and sits and sits
And sits and sits and sits!

The executive and membership of the Prince Rupert Rowing & Yacht Club if not the city as a whole, may well feel gratified at the great success attending the first international Seattle-Prince Rupert power cruiser race which concluded here this week. Had it not been for the fact that the large majority of the racing fleet arrived here from one to three hours ahead of the time they were expected on Tuesday all reception arrangements would have gone on without a hitch. As it was, the machinery of receiving the visitors was soon set into effective motion at short notice and, despite the showers, a real welcome was extended our American friends. The interest taken by the local public in the event was well manifested by the large crowds which made a holiday of it in the afternoon to see the boats. The visitors, too, seemed to enjoy themselves and there was mutual satisfaction all around. It is planned to make the Seattle-Prince Rupert race an every two-year event and even from this distance the 1932 sprint will be looked forward to here. Resolve has already been made that this port will be represented in the next race. It was only to be regretted that it was not this year, there not being a single British Columbia entry although it is to be remarked that southern ports such as Vancouver and Victoria also have plenty of boats of the type which might have competed, and were not represented.

Halibut landings at Prince Rupert went over the ten million mark for the season during the week preceding June 27. The total landings for the year up to that date amounted to 10,347,700 pounds of which 3,124,000 pounds was Canadian fish and 7,223,700 pounds American. During the week of June 21-27 inclusive landings totalled 820,000 pounds of which 126,300 pounds was Canadian halibut and 693,700 pounds American.

With the landings rather heavy, prices during the week did not attain a very high level. The top bid for Canadian fish was 12.1c and 7c which the A. J. was paid for 5,000 pounds and the low 10c and 6c which several boats received. The

C. L. Currie, general agent for the Northwestern Railway at Seattle, will sail by the Prince Rupert this evening on his return south after a brief visit in the city.

high bid of the week for American fish was 13c and 6c which the Teddy J. received for 17,000 pounds and the low 10.5c and 6c offered several boats.

Cylinder trouble developed this week on Capt. Jimmy Thomas' fish packer Viner and the offending machinery had to be sent to Vancouver for repairs. Meantime, Skipper Thomas is using the St. Eloi in his work. The Viner is expected to be in commission again within a few days.
