PRINCESS MARY HAD A HECTIC TRIP

Northern Steamer Runs Into Bitter Cold When Steaming Into Skagway

Encountered Five Below Weather in Lynn Canal With Bitter North Wind; Could Not Unload Lumber

Capt. C. C. Saintey, master of the C. P. R. steamer Princess Mary, which was in port last evening southbound from Skagway to Vancouver, reported that the trip had been the worst in his long experience on the Alaska run. The forward part of her hull and other parts still sheathed with ice in some places a foot thick gave evidence in support of the skipper's statement to this effect. Going up Lynn Canal, the Mary ran into five degree below zero weather with a howling north wind blowing down White Pass over Skagway. The seas were heavy and, plunging over the vessel's bows, formed ice as soon as they landed. Pilot house windows were coated with ice a foot thick and a hole had to be chiselled in order that the quartermaster might see. On reaching Skagway, the vessel's booms were frozen solid and freight had to be discharged out the side ports. Heavy timbers on the vessel's forward deck consigned for the White Pass Railway could not be budged and had to be carried back to Vancouver.

Increased Pacific Coast Hockey Lead Last Night by Winning Over Lions

PORTLAND, Feb. 14.—Portland increased its lead over Vancouver in the Pacific Coast Hockey League to three points by defeating the Vancouver Lions one to nil here last night. The Buckaroos are at the top of the league with a total of 33 points against Vancouver's 30.

Would Have Government Take Over All Publicly Supported Hospitals in This Province

VICTORIA, Feb. 14.—That the provincial government take over the administration of all publicly supported hospitals in the province was the substance of a resolution placed before the municipal committee of the legislature yesterday by representatives of the Union of British Columbia Municipalities. The municipalities also asked for a complete overhaul of the province's school taxation by a select committee of the House. Meanwhile, as a temporary expedient, the government was asked to increase by fifty per cent its grants to the municipalities for teachers' salaries and to hand over to the municipalities a share of liquor profits on the 1928 basis which was altered in 1929.

BARGE CASE DISCUSSED

Government Refuses To Disclose Complaints Leading to Dismissal

(Canadian Press)
VICTORIA, Feb. 14.—Without recorded vote, the legislature on Thursday rejected the Opposition's motion for production of all correspondence dealing with the case of John L. Barge, who was dismissed as mining recorder at Queen Charlotte City. T. D. Pattullo and other Liberals made pleas on behalf of the island pioneer.

Alaska Native Bandsmen Were Visitors Here

During the brief stay here last night of the steamer Princess Mary, Indian bandsmen from Alaska, 35 strong, going south on a concert tour under the auspices of the Salvation Army, of which they are members, paraded through city streets to the local Citadel, playing enlivening airs as they went. The natives proved themselves to be real musicians and their unique visit will, no doubt, be appreciated in the south.

HOCKEY IS EXCITING

Senators and Canadiens Play Historic Tie Games; Maroons Swamp Detroit

OTTAWA, Feb. 14.—In one of the most exciting tussels of the season on local ice, the Senators and Montreal Canadiens played a historic tie game in the National Hockey League last night. The work of both goalies featured the game.

At New York the Rangers once more took undisputed hold on second place in the league by defeating the Pittsburgh Pirates for the fifth time this season.

At Montreal the powerful Maroons put an end to the hopes of Detroit for a berth in the league playoffs by scoring three goals in an overtime period of a wild, rough game.

The scores were:
Canadiens 4, Ottawa 4.
Pittsburgh 1, Rangers 4.
Montreal 6, Detroit 3.

LONDON, Feb. 14.—The Japanese delegation, in a statement at the naval disarmament conference yesterday, generally agreed with previous British and American announcements. PROPOSALS ARE UNFAIR

At Least One Cannery Company Is Opposed to The Howe Regulations

VICTORIA, Feb. 14.—Rights of independent fishermen would be completely swept away by Hon. S. L. Howe's fishing proposals, Archie W. Shiels, president of the Skeena River Packing Co., operating Port Edward cannery, on the Skeena River, told the fisheries committee of the legislature yesterday. He protested that the proposed regulations were unfair to the independent canneries in allotment of gear.

P. Marshall, president of the B. C. Protective Fishermen's Association, came to Victoria to protest on behalf of fourteen thousand fishermen he represented.

JUDGE WAS THREATENED

Young Man Given Additional Month's Imprisonment by Judge Howay of New Westminster

NEW WESTMINSTER, Feb. 14.—When County Court Judge F. W. Howay sentenced Adolph Anderson, a young man convicted of theft of provisions at Harrison Mills, to 12 months imprisonment yesterday, Anderson shouted that he should not be sentenced as his mother was sick. He declared "if anything happened to her while he was in jail he would do something to the judge when he came out even if he had to swing for it."

His honor warned Anderson that he would receive an additional term if he continued to talk. Anderson kept on and was given an extra month for contempt of court.

Sentence Will Be Passed Upon Check Artist by Judge Young Next Monday

Appearing before Judge F. McB. Young in County Court yesterday afternoon for speedy trial, Harry L. Taylor, who victimized one local bank and several places with worthless checks, pleaded guilty to two charges of obtaining money by false pretences. Pending the record, if any, of accused being obtained, sentence upon Taylor was reserved by his honor until Monday afternoon next.

Long-Distance Races Furnish Excitement in Ski Tournery at Burns Lake; Vancouverite Wins

BURNS LAKE, Feb. 14.—In the 12-mile club race here yesterday in the Omineca Ski Club's tournament, Axel Sneis of Hollyburn Pacific Club led a strong field of entries for the cross-country run. In his finish, he displayed all the skill of an expert skier, descending the long slope to the finish line with a display of ski skill which called for the applause of the crowd of spectators. He beat Pete Sandnes of Burns Lake, the holder of the Western Canadian championship, by one minute and seven seconds. Conditions were good, with the thermometer at 10 below zero.

A record was established by Sneis that will keep the skiers of the world busy to beat. Almost every ski club in Western Canada sent representatives to the Omineca Ski Club tournament and the demonstration of skill and endurance was witnessed by a great gathering. The record-hung up by Axel Sneis is one hour seven minutes five seconds, with Pete Sandnes, the pride of the Omineca Ski Club, second, in one hour eight minutes twelve seconds. Coming third was Eric Sandstrom (Continued on page two.)

Great Medical Discovery For Benefit of Women Is Made In McGill University Laboratory

MONTREAL, Feb. 14.—What is described by the faculty of medicine as a remarkable discovery which will contribute greatly to the relief of feminine disorders and general health and well-being has been made in the biochemical laboratory of McGill University, it was announced last night. The discoverer of the new drug is Dr. James Collip, who was associated with Dr. Banting in the discovery of insulin. Commenting upon the discovery, Sir Arthur Currie, president of the University, said: "It is a remarkable discovery and should bring relief and comfort to thousands of women throughout the world."

Col. Peck Urges That Watt be Reinstated in Public Service of B.C.

Stinging Rebuke to Minister of Finance From Soldier Member; Liberal Proposal Voted Down

VICTORIA, Feb. 14.—A stinging rebuke to Hon. W. C. Shelly was administered by Col. C. W. Peck, V.C., in the legislature yesterday. "Nobody would stoop to say that Norman Watt would steal \$150 of public money," he asserted. "But the minister of finance did say so," interposed T. D. Pattullo. "I carry no banner for the minister of finance," said Colonel Peck, who is a Conservative member. "The members on this side of the house are associated with me in the determination to see that Norman Watt gets a square deal. Whatever he did, I am convinced, from my acquaintance with him and from the testimonials of friends, that he did not commit an intentional fraud on the public treasury. I want to say on my own responsibility that, whether Watt was misinformed or misguided, he gave magnificent service to this country, as did his wife. He is a man in shattered health. It would be an act of grace for this government to reinstate him in the public service."

Largely on Colonel Peck's assurance that he had originated the suggestion of a departmental enquiry and on his expression of confidence in the bona fides of Premier Tolmie in promising that the commissioner would be just and fair and acceptable to both sides, the house adopted Col. Nelson Spencer's motion for an investigation of Watt's conduct under the Departmental Enquiries Act. "If the premier would assure us that he would appoint a judge our objections would largely disappear," said Capt. Ian Mackenzie from the opposition side.

No such assurance being given, the Liberal members stuck to A. M. Manson's amendment for a royal commission, but the Conservative forces voted it down. Tom Uphill, Labor, voted against the government. Captain Mackenzie's criticism of the Departmental Enquiries Act was that it empowered the minister of finance to name a political investigator to try any issue between himself and the dismissed official. This was unjust and unfair, he contended. The only way the injustice could be avoided, he said, was for Mr. Shelly to resign and let an acting minister appoint the commissioner. "And I say he should resign until this thing is over," declared the member for North Vancouver.

LOCALS WIN BASKETBALL

Last Night's Loop Game Was Best Seen Here This Winter 32-25 SCORE

Maple Leafs Win Girls' Game and Bankers, Intermediates

Displaying the best brand of basketball that they have shown this year, Prince Rupert All-Stars defeated the Y.P.E.A. of Port Simpson 32-25, in the Exhibition Hall last evening before the largest crowd of the season, in the fastest game that has been seen on the local floor for some time. The Port Simpson team played a good combination game and started out well to score two baskets in quick succession before the Rupert boys had a chance to make any attempt to score. After these two baskets, both teams intercepted many passes that might have been converted into points. As the game proceeded, the play became faster with each side taking the occasional shot but failing to score. Rupert scored three times on foul shots, with Dido Gurchich making the first field basket for Rupert after a nice bit of combination work with Ratchford. From this time on Rupert was never headed although Port Simpson tied the score 20-20 during the second half. There was never more than a difference of eight points between the two teams at any time. Paul Brentzen of Port Simpson and Dido Gurchich tied for high scorer with ten points.

During the second half play became a bit rough with the result that Alex Mitchell, A. Wesley and Dido Gurchich were ruled off the floor for four personal fouls. Brentzen and Alexcee were the best on the Simpson team, their shooting being quite accurate and their team play almost perfect. The Rupert team, as a whole, played a very good combination game, and worked hard from the first whistle. The locals intercepted many passes and, undoubtedly, this was the deciding factor for their win, as both teams were very evenly matched.

At half-time the score was 14-18 in Rupert's favor. With five minutes to go during the last half, the score was 22-24 for Rupert. Lambie added two points with a long shot from past centre of the floor. Mitchell, Lambie and Meagher scored in quick succession to finish Rupert's scoring. During this time Brentzen scored a basket and a foul shot to end Simpson's rally. The individual score were:

Port Simpson—

Name	Pts.	Per.
A. Wesley	5	4
W. Knott	0	0
P. Alexcee	5	3
P. Brentzen	10	3
Bryant	1	1
A. Tait	2	3
J. Johnstone	2	2

Prince Rupert—

Name	Pts.	Per.
W. Mitchell	9	3
A. Mitchell	2	4
E. Ratchford	3	3
S. Gurchich	0	0
Dido Gurchich	10	2
W. Lambie	6	2
V. Meagher	2	0

Ladies' Game
The Maple Leafs defeated the Tollers in a one-sided ladies' encounter 15-5. This game started out well with the Maple Leafs scoring 5 points after a few minutes play. The Tollers did not seem to be able to take advantage of the rebound from many shots at the basket and consequently were out pointed. The Maple Leafs played a nice combination occasionally and showed that they could probably give a good account of themselves, while the Tollers are in need of quite a bit of practice. At half time the score was 13-2 in favor of the Maple Leafs.

Intermediate League
The Intermediates game between the Bankers and the C.N.R. proved to be quite interesting with the Bankers winning out 31-22. Both teams played fast basketball but the game was marred with a little rough play that was unnecessary. At half time the score was 15-12 for the Bankers. H. MacDonald was high scorer with 13 points he also turned in a very credible game with nice plays and by intercepting passes.

NO TROUBLE AT ALL NOW

Kellogg's ALL-BRAN Has Benefited This Woman

Millions today are eating Kellogg's ALL-BRAN—guaranteed to relieve both temporary and recurring constipation.

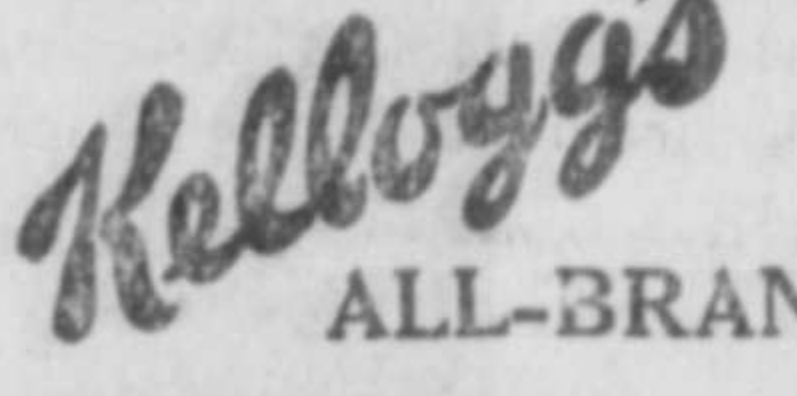

The cause of constipation is the lack of roughage in food. Add sufficient roughage and constipation disappears. Kellogg's ALL-BRAN is nearly all roughage.

Here is a letter from Mrs. H. Gilbert (address on request), which will be interesting to many sufferers:

"I had a very serious operation in October and when I came from the hospital my main trouble was constipation. One day I said to the doctor, 'I am going to eat ALL-BRAN' and since I started I have no trouble whatever. So you see I can't praise it enough and am always telling my friends what it did for me."

You will enjoy the nut-like flavor of this delicious, ready-to-eat cereal. It is rich in iron, and when eaten with milk or fruit juices, adds important vitamins to the diet.

Kellogg's ALL-BRAN is an essential in any reducing diet. It means every-day health to people all over the world. Your grocer has it in the red-and-green package. Served everywhere. Made by Kellogg in London, Ontario.

SEVEN DIALS MYSTERY

By Agatha Christie

INSTALMENT XXXVII.

(Continued)

"Oh, well," said Lord Catherham, "perhaps that was the best way. Thank goodness in the future Lomax won't always be running over as he has been in the habit of doing, worrying me about things. Everything is for the best, they say. Have you seen my jigger anywhere?"

"A mashie shot or two would steady my nerves, I think," said Bundle. "I'll take you on for sixpence, Loraine."

An hour passed very peacefully. The three returned to the house in a harmonious spirit. A note lay on the hall table.

"Mr. Lomax left that for you, my lord," explained Tredwell. "He was much disappointed to find that you had gone out."

Lord Catherham tore it open. He uttered a pained ejaculation and turned upon his daughter. Tredwell had retired.

"Really, Bundle, you might have made yourself clear, I think."

"What do you mean?"

"Well, read this."

Bundle took it and read:

"My Dear Catherham—I am sorry not to have had a word with you. I thought I made it clear that I wanted to see you again after my interview with Eileen. She, dear child, was evidently quite unaware of the feelings I entertained towards her. She was, I am afraid, much startled. I have no wish to hurry her in any way. Her girlish confusion was very charming, and I entertain an even higher regard for her, as I much appreciate her maidenly reserve. I must give her time to become accustomed to the idea. Her very confusion shows that she is not wholly indifferent to me and I have no doubts of my ultimate success.

"Believe me, dear Catherham, your sincere friend,
"GEORGE LOMAX."

"Well," said Bundle. "Well, I'm damned!"

Words failed her. "The man must be mad," said Lord Catherham. "No one could write those things about you, Bundle, unless they were slightly touched in the head. Poor chap, poor chap! But what persistence! I don't wonder he got into the Cabinet. It would serve him right if you did marry him, Bundle."

The telephone rang and Bundle moved forward to answer it. In another minute George and his proposal were forgotten, and she was beckoning eagerly to Loraine. Lord Catherham went off to his own sanctum.

To the Seven Dials Club

"It's Jimmy," said Bundle. "And he's tremendously excited about something."

"Thank goodness I've caught you," said Jimmy's voice. "There's no time to be lost. Loraine's there, too?"

"Yes, she's here."

"Well, look here. I haven't got time to explain everything; in fact, I can't through the telephone. But Bill has been round to see me with the most amazing story you ever heard. If it's true—well, if it's true, it's the biggest scoop of the century. Now, look here, this is what you've got to do. Come up to town at once, both of you. Garage the car somewhere and go straight to the Seven Dials Club. Do you think that when you get there you can get rid of that footman fellow?"

"Alfred? Rather. You leave that to me."

"Good. Get rid of him and watch out for me and Bill. Don't show yourselves at the windows, but when we drive up, let us in at once. See?"

"Yes."

"That's all right then. Oh, Bundle, don't let on that you're going up to town. Make some other excuse. Say you're taking Loraine home. How would that do?"

"Splendidly. I say, Jimmy, I'm thrilled to the core."

"And you might as well make your will before starting."

"Better and better. But I wish I knew what it was all about."

"You will as soon as we meet. I'll

tell you this much. We're going to get ready the hell of a surprise for No. 7!"

Bundle hung up the receiver and turned to Loraine, giving her a rapid resume of the conversation. Loraine rushed upstairs and hurriedly packed her suitcase and Bundle put her head round her father's door. "I'm taking Loraine home, father."

"Why? I had no idea she was going today."

"They want her back," said Bundle vaguely. "Just telephoned. Bye-bye."

"Here, Bundle, wait a minute. When will you be home?"

"Don't know. Expect me when you see me."

With this unceremonious exit Bundle rushed upstairs, put a hat on, slipped into her fur coat and was ready to start. She had already ordered the Hispano to be brought round.

Attorney-General Pooley said in the legislature last week in reply to questions by T. D. Pattullo that Dr. H. S. Trefry had been appointed coroner at Prince George on February 8, 1929, his remuneration being fees allowed under the Coroner's Act. He replaced H. B. Guest, who, the attorney-general said, was retired in the public interest.

PHONE 9—FULTON STREET AND THIRD AVENUE

ADDRESS BY JOHN DORE

Gives Interesting Account of Tele-
graphic Work at Rotary
Luncheon Yesterday

The submarine earthquake of November last broke twelve transatlantic cables and so badly were they injured although seven cable ships have been engaged in the work of reconstruction only seven of the twelve are now in use and several may never be repaired, according to John Dore, district superintendent of the Government Telegraphs, who gave an address on telegraphic communication at the Rotary Club luncheon yesterday afternoon.

Mr. Dore reviewed the whole field of telegraphic work and ventured the opinion that the radio telephone was not likely to replace the wire, at least for many years to come. The very fact that a new speaking cable was being constructed across the Atlantic indicated that wireless competition was not feared.

In opening, Mr. Dore told of the attempt about sixty years ago to string a wire by way of Hazelton and Alaska to Russia. It was built only 30 miles past Hazelton when work stopped and has never been resumed.

Tremendous strides had been made in telegraphic work Mr. Dore said. Today 16 messages are sent over one wire at the same time and over the transatlantic cable 600 words a minute are sent. An average of 52,000 messages a day go by cable across the Atlantic. The radiophones average only 50 calls a day.

Mr. Dore told of the wonderful progress of the telephones in South American countries and then dealt with some of the difficulties encountered. One of the greatest was earth tremors. The greatest of these had been the quake of last November. Usually when a cable breaks the ends are picked up only a few miles apart, but on this occasion they varied from 85 to over 100 miles apart and some of the cables were broken in a number of places.

Experiences in the West Indies proved very interesting. Mr. Dore was there when the Mount Pelee eruption took place. The cable ship Grappler went down there and no trace of her or of her crew was ever seen.

REDUCTION ASSESSMENT

Townsite Co. Given Comprom-
ise Decision by Court of Re-
vision Yesterday

At the adjourned meeting of the civic court of revision held yesterday afternoon in the city council chamber, it was decided to decrease the assessment on three pieces of acreage under the mountain owned by the Grand Trunk Pacific Development Company, a subsidiary of the Canadian National Railway. This is the relief of the old townsite company that originally, in conjunction with the McBride government, placed the townsite of Prince Rupert on the market.

The assessor had decreased the assessment by almost fifteen per cent but the court made the decrease 22½ per cent, just half of the extra decrease asked by the company.

R. R. Nichol, assistant townsite commissioner, agreed to accept a compromise of a 25 per cent reduction but did not state whether or not his company would agree to the 22½ per cent set by the court. Should they not accept it, they have the right of appealing to the Supreme Court of B. C.

The request of the company was discussed at length at the previous meeting and yesterday's session lasted only about half an hour. All the members of the court were present, Mayor Orme presiding.

In answer to questions by T. D. Pattullo, Attorney-General R. H. Pooley said in the legislature last week that three constables—Alexander Moir, A. T. Batchelor and L. R. P. Dickson—had been dismissed from the provincial force in the Prince George district during 1929. Moir having asked for permission to resign, while necessary reorganization caused Batchelor and Dickson to be dismissed. All three were returned soldiers and married men.

Valentine Tea Is Successful

A very successful Valentine tea and sale was held yesterday afternoon by the Ladies' Aid of First Presbyterian Church in the church parlors, which were decorated with red and white hearts and other seasonal adornments for the occasion. Mrs. Sam Massey and Mrs. Berner having been in charge of the arrangement of these decorations.

In the tea room Mrs. James Simpson and Mrs. F. D. Rice were in charge, while Mrs. D. G. Stewart and Mrs. W. J. Nelson poured. Assisting in serving were Mrs. Thomas McMeekin, Mrs. J. R. Morrison, Miss Agnes Mackenzie, Miss Nessie Brown, Mrs. J. H. Carson, Mrs. C. A. Kirkendall and Mrs. W. L. Sandison. The home cooking table was in charge of Mrs. H. M. Foote and Mrs. Berner and Mrs. D. McLeod was cashier.

During the afternoon there was a delightful musical program arranged by Mrs. William Millar. There were vocal solos by Mrs. J. A. Teng and Mrs. Millar, piano solos by Billy Fuller and Miss Muriel Vance, violin solo by Miss Nellie Lawrence and recitations by Miss Adella Thurber. Mrs. C. E. Cullin and Mrs. James Black were accompanists.

Something over \$45 was realized as a result of the affair.

Radiophones Are Being Installed Ashore and Afloat

The Board of Trade has received a notification from the Canadian Marconi Co. that there are about 100 radio telephone stations afloat and ashore using the radio telephone services of the company and one is to be installed now for the Chatham Sound Fishing & Packing Co. at Humpback Bay, Porcher Island. Several canneries already use the service and it is expected that more will install phones in the near future.
