Most Ancient Settlement of The White Man in New World Nearly Razed By Teriffic Hurricane

Nine Hundred Persons Believed Killed or Injured and Desolation Follows In Wake of Terrific Wind Storm

Aristocratic Houses Destroyed, While Poorer Just Disappear

Bridges Wrecked and Roads Washed Away—Lunatic Asylum Is Struck and Maniacs Run Wild Through City Streets

SANTO DOMINGO, Sept. 4.—The city of Santo Domingo, with a population of fifty thousand people, and the most ancient settlement of white men in the New World, was virtually destroyed by a hurricane which swept the eastern end of the Island of Haiti yesterday. It is believed that nine hundred persons were killed or injured. The hurricane lasted for four hours. Houses in the aristocratic quarter were razed while dwellings of the poor simply disappeared on the wings of the wind which is estimated to have reached a velocity of as high as 150 miles an hour.

The communication system of the republic was totally disrupted, cutting off news from other sections. In the neighborhood of the capital, bridges were wrecked and roads washed away. A lunatic asylum was destroyed and those inmates escaping death ran wild through the city before being recaptured.

FLY FROM KETCHIKAN

Visitors For Exhibition and Ball Games Came In On Planes Last Evening

Two Alaska-Washington Airway seaplanes, the Silka and the Wrangell, made speedy trips into town from Ketchikan last evening with visitors from the First City desirous of attending the Fair and baseball games here. In all the planes carried over 12 persons who will return north towards the end of the week.

Those coming over in the planes were Mr. and Mrs. B. P. Young, Mr. and Mrs. Sam Johns, Patricia Crawley, Harriet Tibbits, Harry Golden McCain, Olive Hodgewood, Mr. and Mrs. Frank Wallace, Miss Mable Howe and H. Morrell.

BOAT NOW LOCATED

Salvage Work On Orient in Gulf of Georgia Proceeding

VANCOUVER, Sept. 4.—The Seattle halibut boat Orient has been located in thirty-five feet of water near Sisters Island and work of recovering the vessel and the bodies is now proceeding, according to reports to Pacific Salvage Co. offices. A body found off Nanoose Bay, a good distance south, is believed to be that of Capt. Rudd.

Kitimaat Woman Dies Here Today

Mrs. Grace Wilson Expired This Morning in Hospital at Age of Forty-Five

The death occurred this morning in the Prince Rupert General Hospital of Mrs. Grace Wilson, wife of Patrick Wilson of Kitimaat. The remains will be forwarded tonight by the B. C. Undertakers to Kitimaat where burial will take place. Besides her husband, deceased is survived by one child. She was 45 years of age.

WILL NOT TRY CASES

Judge Young Not Desirous of Taking Election Hearings—Outside Judge to Be Obtained

At the preliminary trial yesterday afternoon of Capt. Neil McLean on a charge of perjury arising out of the recent federal election here, L. W. Patmore, one of the defence counsel, announced that he had got in touch with Judge F. McB. Young of the County Court and that His Honor had intimated that, as he was so familiar with the circumstances and persons involved in these cases, he did not desire to take the County Court hearings after committal.

In view of this, the preliminary trial of Capt. McLean was adjourned until September 10 so that arrangements may be made meantime to bring in an outside judge to handle the cases. It was suggested that the Supreme Court judge taking the fall assizes here on September 17 might come to the city a few days earlier and dispose of the hearings of the four cases. To this end, the attorney-general is now being communicated with.

Capt. McLean has intimated that it is his intention to take speedy trial.

As had been done in the case of Captain McLean, C. F. Davis, chief engineer of the steamer Prince George, was yesterday afternoon remanded until September 10 when he will be committed for trial on a similar charge. The same course was followed in the case of Frank Morris also charged with perjury in connection with the identification of certain members of the crew of steamers who are alleged to have voted on July 28.

The case of G. M. Hunt will be proceeded with this evening. Evidence is largely of the same character as that in the Morris case.

WILL CLOSE BRISTOL BAY

Radical Step to Be Taken By United States Fishery Department In 1935

SEATTLE, Sept. 4.—Closing of salmon fishing in 1935 on the famous Bristol Bay grounds, north of the Alaska Peninsula, was revealed yesterday by Henry O'Malley, federal commissioner of fisheries.

BODY OF CAPTAIN

Remains Found Near Orient Wreck Believed to Be Those of Skipper Sedolph H. Rudd

VANCOUVER, Sept. 4.—A body, which was almost definitely identified as that of Capt. Sedolph H. Rudd, skipper of the ill-fated halibut boat, was recovered yesterday from the Straits of Georgia near where the schooner drifted ashore after being rammed last Monday morning by an American freighter. Salvage work on the 'Orient' is proceeding. It is expected most of the remaining nine bodies will be found inside the death boat where they were drowned as they slept.

BOAT CASES ARE NOW ON

Masters of Four American Trollers Say They Were Forced By Weather Into Lee of Rose Spit

VICTORIA, Sept. 4.—That they were forced to seek shelter in the lee of Rose Spit, Queen Charlotte Islands, last June before being seized by the Canadian fisheries patrol was the contention of the masters of four United States fishing vessels in Admiralty Court in defending themselves from charges of being unlawfully anchored in Canadian waters. The boats are the Sunrise, Tilly M., May and Queen City.

Capt. L. Sandberg, master of the Sunrise, said that boisterous weather had forced him to shelter. The hearings are continuing.

TO BUILD SEWER

A local improvement bylaw providing for the construction of a sewer between First and Second Avenues from Eighth to Ninth Streets was given its introductory readings at last night's council meeting. The new sewer replaces an old temporary line and was petitioned for some time ago by the property owners concerned.

BRAMPTON WINS LACROSSE TITLE

TORONTO, Sept. 4.—Brampton defeated New Westminster four to one in the third and deciding game for the lacrosse championship of Canada, last evening.

TELEPHONE EARNINGS

A report from Sam Massey, the superintendent, presented at the meeting of the city council last night, showed that revenue of the municipal light department in July had totalled with expenditures of \$3,471, leaving a surplus to the

RECORD NUMBER ATTENDED FAIR LAST EVENING

Yesterday was a record for all time in fall fair attendance. Last night alone there were 1162 paid admissions and it is estimated there were 1,000 children present who did not pay and this, with the members of the bands and the concessionaires made up a grand total attendance of 2262. Last year the number who paid on the second day was 802. Yesterday afternoon there was a good attendance, the number paying being 324.

Flood Conditions

FAIRBANKS, Sept. 4.—Waters of the Chena River continued to recede yesterday but flood conditions at Nenana remained acute.

CITY IS CROWDED

Visitors For Fair Here in Larger Numbers Than For Many Years Past

It is years since so many visitors have been in Prince Rupert for the Fair as there are this year, hotel and rooming house keepers unanimously agree. Every hotel of this kind in the city has its rooms and beds filled and emergency shakedown and such like have had to be resorted to to accommodate some. At that, quite a few people have gone from one place to another in search of a room.

The number of natives attending the fair this year is admitted to be larger than for many years and there is also a much larger representation of white visitors from all parts of the district.

This, in spite of hard times which are prevailing in most all parts of the country, speaks a good deal for the prosperity being enjoyed by the people of this district this fall.

Bill For Road Work Is Paid

Canadian National Railways Will Meet Balance on Road Surfacing Work Performed By City

A letter from W. H. Tobey, divisional superintendent, Canadian National Railways, read at last night's meeting of the city council, announced that the management, on Mr. Tobey's recommendation, had authorized the payment to the city of a sum of \$864.22 being a balance in connection with road surfacing and scarifying work that had been done for the Canadian National by the city on the Cow Bay road and Pacific Place. The balance had been in dispute on account of error that had been made by a former engineer in estimating the cost of the work. The railway company took the ground that the account should be paid on moral grounds although there might be no legal tie. Appreciation was expressed by members of the council and the communication, which will be duly acknowledged, was filed.

FORMER LOCAL LADY IS DEAD

Mrs. J. Slade Stevens Passed Away In Victoria Early This Morning

A telegram message received today from Victoria announced the death there early this morning of Mrs. J. Slade Stevens, formerly of Prince Rupert. She was the wife of the former inspector of Dominion taxation here who now holds a similar post in Victoria. Besides her husband, the late Mrs. Stevens is survived by three children. She had been ill for some time.

Mrs. Slade Stevens lived here for several years with her family and made many friends who will deeply regret her passing. Sincere sympathy will also be extended to the bereaved family.

Boats at Sea With Men On Board Saved By Natives' Brave Work

Traders' Boat Was Caught In Cross-Currents and Nearly Swamped—Anchor Line Is Severed By Rifle Shots

POINT BARROW, Sept. 4.—Breaking with sudden fury, a severe Arctic storm swept Point Barrow yesterday. A party of eastern traders was rescued by natives in a power schooner when the traders' boat was caught in cross-currents and nearly swamped while they were seeking safety. Native marksmen saved another boat anchored off shore by cutting the anchor line with rifle fire. The boat then drifted from its mooring and was safely beached.

ALREADY HAVE \$3000 FOR GYMNASIUM

In the course of a conversation last night, Ex-Ald. A. J. Prudhomme, former president of the Native Sons of Canada and head of the Diamond Jubilee of Confederation celebration here three years ago, reminded a representative of the Daily News that, as a result of that celebration, there was still in the bank drawing interest an amount of nearly \$1000 which was earmarked to assist in the establishment of a gymnasium and recreation building here. This would bring the amount already available, without any canvas having been started, up to \$3,000. Mayor Orme having promised to subscribe \$1000 while the Gyro Club has undertaken to provide a similar amount.

VAUDEVILLE IS ENJOYED

Fine Entertainment Staged For Large Crowds Last Night at Exhibition Hall

The band concert and vaudeville program at the Prince Rupert Exhibition last night proved both interesting and enjoyable to an audience which packed the hall.

The vaudeville included comedy wire walking, juggling, balancing stunts by Ken Ross, who proved very clever; remarkable tricks by Qubey's cunning little Pomeranian and Spitz dogs, and jazz selections by Olden the Banjo King. Cynthia's acrobatic dancing numbers had to be dispensed with as she was indisposed. She promises, however, to be on hand tonight.

Selections were also played by both the Greenville and Prince Rupert Boys' Band, a fine reception being given each. Altogether it was one of the best entertainment programs which has been offered here for some time.

The side shows in the midway outside also attracted large crowds and did a great business all evening. The wrestling and boxing challenges, the snake girl and the man without pain were among the features while the merry-go-round piled a fine trade. Others amused themselves with the games of chance.

INTERESTING EXHIBIT SEEN AT THE FAIR

One of the interesting exhibits at the fair this week was that of building material by Albert and McCaffery, one of the features of which was the Gypsum, lime and Alabastine Company's display of Gyproc, the material now being used extensively in building because of the fact that it is fireproof.

Gyproc slabs are joined in a peculiar way, so effective that it is impossible to locate the joint and last night at the fair a plumber's torch was used on it to show that it was perfectly fire proof.

W. W. Wright of Vancouver is here for the week representing the company and he was kept busy explaining the special attributes of his material.

PREMIER ORCHESTRA DANCE IS SUCCESS

Large Crowd In Attendance at Enjoyable Affair Last Night in Moose Hall

One of the enjoyable affairs in connection with this week's Fair festivities was a dance given last night in the Moose Hall by the Premier Orchestra. Fine music was dispensed by the orchestra and all present had a delightful time. Delicious refreshments were served.

TO RELIEVE BLAKEBURN

On suggestion of Mayor C. H. Orme, the city council last night voted a sum of \$100 for the fund to relieve sufferers following the recent Blakeburn coal mine disaster.

A number of the aldermen spoke in sympathy with the move and, although times were hard and the city was none too flush, they thought something should be done. Accordingly, the sum of \$100 was voted on motion of Ald. Macdonald and Ald. Brown.

LOCAL NEWS ITEMS

T. W. McPherson left on this afternoon's train for a business trip to the interior. Mrs. M. A. Dupuis of Haysport arrived in the city on today's train from the Skeena for a brief visit in town.

James Martin, well known Massett merchant, is a visitor in the city. He arrived in town on the Prince Charles this morning from the Islands.

Mr. and Mrs. A. Leveque are sailing tonight on the Prince George for Vancouver enroute to San Francisco where their son, Yves Leveque, resides.

Miss Annie Lipp arrived in the city on today's train from Terrace to enter St. Joseph's convent here. Her trip here marked the first time in her life that she had travelled on a train.

Dr. and Mrs. G. A. Roberts of Queen Charlotte City arrived in the city on the Prince William last night from the Islands and will sail on the Prince George tonight for a trip to Vancouver.

One of the most attractive commercial exhibits at the Exhibition this week is that of the Swift-Canadian Co. Accidentally, it was not mentioned yesterday in the list of other commercial booths.

Mrs. Walter Shaw, who has been visiting in the city for the past few days following her arrival from a trip to the prairies, will sail on the Prince George tonight for her home in the Fraser Valley.

W. H. Sherman, president of the Northern British Columbia Agricultural & Industrial Association, and some of the judges at the Fair this week were among the guests at the weekly luncheon of the Rotary Club in the Commodore Cafe today.

Father E. M. Leray, O.M.I., who conducted monthly services last Sunday in the Roman Catholic Church at Terrace, arrived in the city on today's train from the interior and will proceed Saturday afternoon on the Prince Rupert to his headquarters at Stewart.

The two Atlin girls who came with Father Joseph Allard last Saturday from Atlin on the Princess Louise were Miss Mary Conroy and an Indian girl, Helen Johnson. The former has been admitted to St. Joseph Academy here and the latter to Legal Indian School.

Tony Jakievich, who has been in the employ of the Power Corporation of Canada on the Falls River work, left on yesterday's train for Montreal where on September 12 he will embark aboard the steamer Aurania for a trip to his native home in Ljubljana, Jugo-Slavia.

Having been delayed through awaiting his turn to give evidence at the federal election perjury trials here, Arthur Brooksbank, secretary of the Associated Board of Central British Columbia, was unable to go to Prince George this week to attend the annual convention of that body.

Mrs. J. W. Lang, Miss Patricia Lang, Miss Flora Cavers and Miss Marion Cavers, who have been spending a holiday at Tiell, arrived in the city on the Prince Charles this morning from the Queen Charlotte Islands and will proceed to their homes in Anyox on the next boat north.

C.N.R. steamer Prince Charles, Capt. B. O. Jones, completing her last run on summer schedule, arrived in port at 5 o'clock this morning from Stewart, Anyox and Massett Inlet points and left this morning on a special trip to Lagoon Bay with cannery freight and passengers. At noon Saturday she will sail for Massett Inlet points returning here Sunday afternoon or evening and sailing the same evening for Vancouver via Alert Bay and Englewood. Thereafter the vessel will make weekly trips between here and Vancouver on fall schedule touching northbound at Englewood, Alert Bay, Lagoon Bay, Selwyn Inlet, Cumshewa and Queen Charlotte City and arriving here Saturday morning.

Jack McNulty, who has been spending a week at Telkwa and Smithers, returned to the city on today's train.

John L. Kask of the local staff of the International Fisheries Commission will sail on the ss. Prince George tonight for a trip to Vancouver and Seattle on official business.

Mr. and Mrs. W. C. Sparks of Terrace, after having made the round trip to Stewart, Anyox and Massett Inlet points disembarked here from the Prince Charles this morning enroute back to the interior.

Bylaws in connection with the city's share of payment for the Section 5 main sewer and cost of proposed sidewalks, taking care of intersections, were finally reconsidered and adopted at last night's meeting of the city council.

Harold Straight, southpaw, finished the game, and allowed one safety in the one and two-third innings he was a duty.

Herman Loblick did the hurling for Prince Rupert. He started out well, getting out of a bad hole in the first after two men had got on bases, to strike out two men and the other flired out to Chenoski in the eighth. Although the local boys only made five errors to the visitors' nine, they came at bad times and accounted for five out of the first six runs that were scored.

TRANSMISSION LINE TALKED

City Council Objects to Power Corporation Proceeding With Work Before Approval

After hearing read a large budget or correspondence relative to the matter, the city council last night, on motion of Ald. Rudderham and Brown, passed a resolution whereby the provincial inspector of energy will be called in at once to advise the city with respect to the high tension transmission line now being built through the city streets by the Power Corporation of Canada to its Cow Bay sub-station.

Objection was taken by some of the aldermen who engaged in the discussion at the Power Corporation taking the law in its own hands and building the high tension line through the city without having, as required, the city's consent. Despite efforts made by the city, no complete plan for the line had as yet been presented. The factor of safety in connection with the erection of the line engaged the attention of some of the members of the council. Meantime, it was felt that the work had gone far enough until the city had the opportunity to pass upon it. Calling in the inspector of energy at this time might meet the situation, it was felt, and, accordingly, this was decided.

CONCERT BY BAND

Special Program to Be Given by Greenville Musicians at Exhibition Hall Tonight

The Greenville Band from the Nas River, under the leadership of Fred McKay, will play a special concert program tonight in the Exhibition Hall. It was announced this afternoon by the manager, Johnson Russ.

The selection "Raymond," prepared as a concert piece, will be rendered among a number of other fine selections.

A special attraction will be the singing of bass solos by George Leeson, a 12-year old boy.

With Prof. Owens of Vancouver, Charles McNeill, clarinetist, and Herbert Martin and Joshua McKay, cornetists, will render "Light Cavalry."

NO TRACK MEET

Only one competitor turned up yesterday afternoon so the track meet scheduled in connection with the Fair Week sports was postponed possibly until later in the week. It is the final track meet of the season and in it will be determined the owner of the Hanson Cup for the season.

AIYANSH WINS

A team representing the natives of Aiyansh defeated local lacrosse players by a score of four to nil at the Acropolis Hill grounds yesterday. The visitors were far too good.

A Daily News want-ad will bring results.

Large Crowd of Local Baseball Fans Watches Vancouver Defeat Rupert 11 to 5 in First Match

In the opening baseball game of the three game series between the Vancouver Athletic Club and a local all-star aggregation at Acropolis Hill grounds yesterday afternoon, the boys from the south won out by a score of 11-5. Although the visitors made a large number of errors, due no doubt to the strange ground, they more than made up for them with their hits, making three homers, two triples and one double out of their 12 hits. Earl Lewis, who was on the mound for the winners, turned the locals back hitless for the first five innings. He weakened somewhat in the sixth, however, and allowed one

base on balls and three hits. Harold Straight, southpaw, finished the game, and allowed one safety in the one and two-third innings he was a duty.

Herman Loblick did the hurling for Prince Rupert. He started out well, getting out of a bad hole in the first after two men had got on bases, to strike out two men and the other flired out to Chenoski in the eighth. Although the local boys only made five errors to the visitors' nine, they came at bad times and accounted for five out of the first six runs that were scored.

McKissock was the heavy batter of the day, getting two home runs in four times at bat. Cole also got one home run and a single in three times at bat. Cross, first baseman for the Vacs, collected three singles in five times up. Papke, lead-off

man for the southerners, was the only one on the team who did not connect safely.

For the locals, Lambie did the best hitting, getting two singles in four times up. Loblick made one single and George Howe, pinch-hitting for Farquhar in the sixth, got the other hit for Prince Rupert.

There was no scoring in the first although both teams got two men on bases. In the second Perkins, first man up for Vancouver, drew a walk. He went to second on a sacrifice by Straight, and scored when Farquhar overthrew first on Cole's grounder. McKissock and Papke were both thrown out at first by Wentle.

The visitors added two more in the third. Cross hit to left. Jacobsen was safe on Farquhar's error, Cross going to second. Hall lifted a high fly to Arsenau. Lewis struck out. Perkins poled out a triple to deep centre scoring both runners. Straight went out to Mitchell unassisted.

In the fourth, Cole hit a homer through the left field fence. McKissock struck out. Papke was safe on Mitchell's error. Cross grounded out to Mitchell and Papke went to second. Jacobsen singled, Papke taking third. Hall drove out a two-bagger both runners scoring. Hall stole third and was caught at the plate when he tried to steal home.

Lewis, first man up in the fifth, drove out a three-bagger to deep centre. Perkins and Straight both struck out. Cole singled and then McKissock hit a circuit clout to left. Papke walked and Cross was thrown out at first by Farquhar.

They did not score in the sixth, but got two more in the seventh. Straight singled. Cole sacrificed. McKissock hit his second homer, the ball clearing the left field fence by thirty feet. Papke struck out. Cross singled to centre. He stole second and went to third when Harold missed the throw. Jacobsen ended the inning by striking out. The locals got all their runs in the sixth. Loblick singled. He went to

Near Big League Pitching Today's Baseball Game in Vancouver - Prince Rupert Series

Bill Richardson, who is to pitch for Vancouver this afternoon in the second of the Fair Week baseball series with Prince Rupert, was on the roster of the New York Giants this spring. He was farmed out to the San Antonio Club of the Texas League and had the misfortune to break his finger. This necessitated his return to Vancouver. Bill Lambie will be the hurler for Prince Rupert today.

C.N.R. steamer Prince William, Capt. William Thomas, returned to port at 11.15 last evening from the south end of the Queen Charlotte Islands. As far as the Skeena and Naas Rivers are concerned, the regular schedule of the Prince William has now been discontinued for the season although it is expected that she will make frequent trips to cannery points particularly after the salmon pack begins to move. She will take some of the Fair visitors back to their homes on the Naas River on Sunday, when a round trip will be made there.

Mrs. J. D. Thurber and daughters returned to the city last week after a four-weeks' holiday visit in Vancouver and Victoria.

Douglas Frizzell, who has been spending several days in the Smithers district on business, returned to the city on today's train.

After making a round trip to Alice Arm and Stewart earlier in the week, James Calvin, well known district prospector, is in the city again and plans making a trip down the coast shortly.

Horace Duhamel is another of the outstanding exhibitors in the floral display at the present Prince Rupert Exhibition. He is featuring beautiful dahlias and has one of the six-by-six collection squares. He has obtained a number of first prizes.

A letter from the secretary of the Union of British Columbia Municipalities advised the council last night that the annual meeting of that body would be held in Kelowna on October 8, 9, and 10. Resolutions for presentation to the convention are to be in by Sept. 10. One of the important matters to be taken up at the convention will be the discussion of railway assessments with railway counsel. Mayor C. H. Orme will represent Prince Rupert at the convention.

Miss Virginia Rell, formerly of this city and for the past two or three years residing in Vancouver with her parents, Mr. and Mrs. C. P. Riel, left recently for a trip to New York and the Southern States.

Featured in the magazine section of the last Vancouver Sunday Province is an article on the new Taku River mineral field written by T. E. Arnold, graduate of the University of British Columbia. It reviews mining and prospecting developments to date in that field.

A letter from Senator Gidcon Robertson, Minister of Labor, read at last night's meeting of the city council acknowledged with sincere thanks the courtesy of Mayor C. H. Orme in having made such prompt reply by means of night letter to a query which had been sent out by the minister recently as to unemployment conditions.

FLOAT ROAD DISCUSSED

Agreement For Right-of-way Not Acceptable to Council; Objection Taken to Remarks in Waterfront Whiffs

The city council last night, after some discussion, decided to defer until the return to the city of City Solicitor E. F. Jones the making of decision on an agreement whereby the Canadian National Railways would lease to the municipality a stretch of land necessary for the right-of-way for a road connecting up with the new fishermen's floats east of the dry dock. The chief objection to the agreement, which was said by Mr. Tobey to have been the usual one entered into under such circumstances, is that the city is made liable for any accidents that might happen on railway property in spite of who might be to blame for same. For instance, it was pointed out that, if a drunken or reckless locomotive engineer should have an accident, killing or injuring some one, the city and not the railway would be responsible. This was a responsibility which the mayor and aldermen were not willing to assume without further legal advice. It was suggested that there might be some modification of the agreement as to this point.

Relative to the matter of the road to the fishermen's floats, Ald. Brown, later in the meeting, expressed the opinion that the "Waterfront Whiffs" of the Daily News last Saturday had been unduly factious as far as the city was concerned in commenting on the failure to have this road put in. The delay, it was pointed out, was entirely unavoidable. They had had to wait to have the right-of-way granted and now there was an agreement proposed which involved a responsibility which the city council was loath to assume. Furthermore, no action had yet been obtained in the matter of having the railway commission grant permission for a level crossing. The delay was certainly no fault of the city and the "Waterfront Whiffs" had been slapping up "stuff" which was not warranted.

Ald. Rusdellham and Mayor Orme corroborated Ald. Brown's remarks as to the causes of delay. Ald. Black thought that the government should build the road as far as the city limits and be responsible for it.

Another Stretch of Walk Closed

North Side of Second Avenue From McBride Street to Sixth Avenue in Bad Condition

Closing to traffic on account of dangerous condition of another long stretch of old plank walk in the downtown section was ordered by the city council last night. This time it is the walk on the north side of Second Avenue from McBride Street to Sixth Street. Mayor Orme brought the matter to the attention of the council, stating that the city engineer had informed him that the walk was in a dangerous condition and should be closed forthwith. The bylaw necessary to the closing of the street was ordered prepared on motion of Ald. Linzey.

DOUGLAS LODGE

RAINBOW TROUT are plentiful this season in the Stuart Lake district, they take either fly or spoon. In this wide virgin country there are hundreds of miles of waterways in lake and stream with many pleasant bays and wooded isles, unexplored by white men. THEY WANT WOOD WALK

Petition Received By City Council From Property Owners on South Side of Second

Property owners, in a petition presented to the city council last night, asked for the building under local improvement of a new board walk with cedar underpinning and fir decking on the south side of Second Avenue from First to Third Streets.

J. A. Curtis, who was present, told the council that owners of 19 of the 36 lots concerned had signed the petition and that another owner now wished to sign. Four more of the lots were owned by the government and four by the city. Mr. Curtis spoke skeptically of the proposed asphaltic sidewalk plan advocated by the city engineer. He, for one at least, did not wish to have to pay for an experiment.

City Engineer Good made a defence of the asphaltic sidewalk scheme. It had been successful on bridges and he saw no reason why it should not be a success here on sidewalks elevated off the ground.

After some further discussion, in which Mr. Curtis was assured by the mayor and some of the aldermen that they were only too pleased to provide under local improvement any kind of a sidewalk the property owners wanted, it was moved by Ald. Brown that the petition be received and a bylaw prepared for a sidewalk along the lines suggested.

Fine Flower Show at This Year's Fair Gives Rise to Some Useful Suggestions

In view of the splendid showing made by the flower display at this year's Exhibition, flower fanciers of the city are suggesting that the organization of something in the nature of a horticultural society might be undertaken here to further encourage the culture of flowers and artistic gardening. Such a body would also see that the Flower Show of the annual fair was perpetuated and improved upon and that more adequate prizes were offered.

The feeling is held by a number of flower growers that the prize money offered in the past has not been commensurate with the expenditure both of money and labor involved in the raising of such fine flowers as were shown at this year's Exhibition. Increasing of these prizes would have the effect, they declare, of further beautifying the

Property Owners, With Present Thoroughfare Closed, Ask For New One

After having passed a bylaw confirming the closing of the present dilapidated plank sidewalk on the south side of Third Avenue from McBride Street to the Smith & Mallett Block, the city council last night heard a petition from property owners on that stretch as far east as the Brooksbank Building praying for the laying thereon of an asphaltic sidewalk. The petition, Acting City Clerk Matheson reported, was signed by ten of the thirteen property owners concerned.

The necessary bylaw was ordered prepared on motion of Ald. Brown, seconded by Ald. Rudderham. Ald. Brown thought that the bylaw should be drawn up as soon as possible so the work could be initiated without undue delay.

NEW!

If you think you have heard "big league" radio performance, come in and change your mind. Hear the Golden Voice of this newest Atwater Kent. You'll instantly admit you never heard such tone quality.

Then test the new, perfected Tone Control—bring out the bass tones, bring out the treble, as you please. Four definite tone shadings, to suit your own taste.

Note the new Quick-Vision Dial—how swiftly and easily you read and tune your station, with all stations *always* in full view—equally spaced from end to end of dial. *No crowding anywhere!*

See the new models, graceful in design, rich in matched walnut, beautifully finished—a handsome adjunct to any home.
