OTTAWA, April 24:—A report from Australia that dentally hit by a government + an Australian has been recommended for the next Governor-Generalship of that Commonwealth has revived this morning from the injuries. gossip here as to who will be the next Governor-General of Canada. Lord Willingdon's term expires next year. It has been frequently suggested that the Duke of York may be named his successor and he is likely to be the first choice of most Canadians. In case this is not possible, the question of the appointment of a Canadian would no doubt be given much consideration. The name of Sir Robert Laird Borden, former Prime Minister, has often been mentioned for the post.

The views of the Canadian government will likely be forwarded this year, possibly at the time of the Imperial Conference, to London.

placed this time, writes Bruce Hutchison in the Vancouver Province. His time is his own, and he is the hanniest man between the fortyninth parallel and the Yukon boundary. He will march through the country as before, and no one can complain of it. He will march through the country to uphold the Mackenzie King government, but even his fervent faith in the Mackenzie King government will not occupy him all the time. Somehow, despite all his natural inclinations, he will find opportunity, while saving the government of Mr. King, to destroy that of Dr. Tolmie. But let not Mr. King be alarmed lest Mr. Pattullo devote too much time to Dr. Tolmie and not enough to him. Mr. Pattullo has found already that the Tolmie government is destroying itself so fast that it needs little assistance from him.

Leading Article Scores Ruling Class of United States For Methods

NEW YORK, April 24:-The Hearst chain of newspapers today carry a scathing editorial written by William Randolph Hearst which speaks of the cold-blooded indifference shown by officials at the Columbus penitentiary on the outbreak of the fire which took over 300 lives Monday. It describes the jails of the country as "black holes 10.4c of Calcutta" where young and inexperienced are crowded together with hardened criminals, and he blames part of the trouble on the efforts to enforce prohibition.

> The Hearst papers say that the aim of the authorities seems to be to punish rather than prevent. To remedy this they ask for more conscientious legislators. The ruling classes of America are scored severely and the warning given that if there is not a change there will be a repetition of the Russian catastrophe in this country.

REBUILD

Bella Coola Plant to Be Operated Again By B. C. Packers; Cold Storage at Walker Lake

The B. C. Packers is rebuilding the cannery at Bella Coola which was destroyed by fire last fall and expect to have the new plant in operation during the coming season. The freighter Chilliwack recently landed a big shipment of lumber from Vancouver for use in the reconstruction work.

The cannery at Walker Lake, also belonging to the B. C. Packers, is not being rebuilt following its burning down but on the site is being established a small cold storage plant which will be used in handling fresh fish caught in that neighborhood.

Both Bella Coola and Walker Lake are in the southern portion of District No. 2 of which Prince Rupert is administrative headquar-
