Another Conflict In Europe Is Imminent Says Ex-Ambassador

Suggests That Southern Nation Will Be Aggressor While Northern One, Remembering Last, Fears It

NEW YORK, July 18:-James W. Gerard, ambassador to Germany under the Wilson administration during the Great War, expressed his belief yesterday on his return from France that "a new war is brewing between Italy and France. It is imminent," he said. "It is in the air." Asked if France were the aggressor, he answered, "I should not say. She has too much to remember of the last war. I think France fears it."

Conservative Party Confounded By Liberal Budget and Does Not Know What to Do, Premier Says

SAULT STE. MARIE, July 18:- "For years the Conservative party has tried to spread the idea through Canada that the Liberal party is pro-American," Premier King asserted in speaking here last night. "Especially with respect to me, they have gone up and down the country preaching a doctrine whch they know to be wholly false," he continued. The introduction into Parliament by the Liberal government of a budget which was a great and determined effort to develop trade with the Mother Counotry had, therefore, put the Conser-

Germany Is Under Emergency Dictatorship Pending General Elections

BERLIN, July 18:-Germany's political crisis came to a dramatic climax today with dissolution of the Reichstag necessitating general elections not later than the middle of September. In the meantime, the Breuning cabinet, which defied the Reichstag, will rule under emergency dictatorial powers conferred under Article 48 of the constitution and authorized by President von Hinden-

WOODWORTH STAYING IN

Independent Conservative to Remain in Burrard Field as Protest at Tactics

VANCOUVER, July 18: -"Three or four delegations have come to me asking me to draw out of this campaign," said Charles M. Woodworth, former president of the British Columbia Conservative Association, speaking in regard to his candidature as an Independent Conservative in Burrard riding at the forthcoming federal electionam owt failt

"They say," continued Mr. Woodworth, "that, if I stay in, the party will lose the seat. I say that the only way to beat Wilfrid Hanbury is for Bob Hamilton to withdraw.

"I appeal to my friends to go out and tell the Conservatives of Burrard that they don't have to vote for a candidate nominated by plugging and bossism."

EDITORIAL

AVOID PERSONALITIES

On another page we publish with much reluctance a letter which is written in answer to a statement which emanated from the other side. The Conservative writer suggested that Mr. Hanson was opposed to Union Labor. The writer of the letter suggests that Mr. Brady has shown by employing Orientals that he is opposed to Union Labor.

We do not like this sort of campaigning. We suggest to both sides that it would be much better to discuss the policies of the two parties than matters which are likely to lead to unpleasant personalities. As we have tried to emphasize before, both candidates are excellent men of good character and the question before the electors is which will serve them best if elected.

One candidate supports the Conservative policy and the other the Liberal, and in voting for either the whole policy of the respective parties is endorsed or rejected.

By voting for Olof Hanson we support the Mackenzie King Government or by voting for Mr. Brady we support the Bennett opposition, for it is pretty well conceded that the government will go back. Hw Jnom

So far the campaign has been conducted on a high plane and we suggest that it be kept there. By avoiding petty politics we can keep it on a high plane.

Inspector James M. Tupper, R. C.M.P., returned to the city on today's train from a brief trip to Hazelton on official business.

VANCOUVER, July 18:-Mrs. C. N. Schneidel, age 24, who was attacked in her home on Grant Street on the afternoon of July 8, died last night.

Mrs. Schneidel told the police that two men forced their way into her home and threw something in her face. She lost consciousness and when she recovered that night her two children lay on the floor beside her unconscious. The interior of the home was wrecked.

The plight of his family was discovered by the husband when he returned to the house from his work at night.

Finance Minister Says Canada Has Taken Lead In Empire Co-operation

People Will Decide on Great National Policy on July 28; Trade Relations With Other Countries Cure For Unemployment

NEW WESTMINSTER, July 18:-Speaking here last night, Hon. Charles A. Dunning, minister of finance, declared that, in the May Day budget, Canada had given a great lead to other parts of the Empire in the matter of fostering a spirit of co-operation. He said that the people of Canada on July 28 would not only decide on a great national policy but they would, at the same time, have the opportunity to set the lead for a tremendous British Empire policy. The Liberal object was to bring units of the British Empire closer together in a spirit of co-operation.

Mr. Dunning declared that unemployment could only be improved by application of sound principles to trade relations with other countries.

Organized Labor

The "Empire" scribe says Hanson cannot be favorable to labor when the Liberals of Smithers issue a circular without carrying the Union label. This is the usual Tory deceit. Labor men inform us that the Union Label could not be affixed in Smithers because there are not enough printers there to entitle them to a charter and hence they cannot have a local union. What this has to do with Mr. Hanson we fail

But let us show the electors of this riding how organized labor stands in this contest and we think organized labor knows its friends from its enemies.

Apart from the fact that one organized labor union-The Brotherhood of Locomotive Engineers supporting Mackenzie King-has come out openly for the first time in Canadian history and taken political sides in this election we have the following editorial from the "Labor Statesman" of Vancouver which is the official mouthpiece of organized labor in British Columbia, supported by 62 local unions. The article is headed "Conservatives Dodging Five-Day Week Query" and reads as follows. "Recently we reported how R. B. Bnnett ignored the "communication from the Building Trades Council as to his attitude towards the five-day week as a relief measure for unemployment. In "that instance, the letter was handed to Mr. Bennett by the secretary "of the Building Trades Council six hours before the meeting.

"A similar letter was handed to H. H. Stevens' secretary at 5:30 on "Tuesday, July 1st, by Secretary Page of the Building Trades Council. "Mr. Stevens also ignored the issue, although he has since stated that "he did not receive the letter until two days after the meeting. Either "Mr. Stevens is evading the question or his secretary is a dummy.

"The Liberals are taking a better attitude towards the question. "Premier Mackenzie King has dealt with it from the platform in a "very satisfactory way and so has Ian Mackenzie, hence we must come "to the conclusion that the five-day working week plan is not to the "liking of the Conservative party."

It will be noted in passing that this five-day working plan is only advocated as a remedy to ease the unemployment situation, so that more men may be employed though for shorter hours per week.

Thirty-Five Liberals Will Be Returned In Ontario If Minister of State Is Right

MONTREAL, July 18:-Hon. Fernand Rinfret, Secretary of State, yesterday predicted, after a tour of Ontario, that the Liberals would carry 35 seats in that province at the forthcoming general election.

The Dunning budget, with its seasonal tariff on fruits and vegetables, and the British preferential tariff had been enthusiastically received in Ontario, the minister stated.

Do you Look for a "Bite" in Whisky?

Many cheap and inferior whiskies are noted for their "kick" or "bite." A "bite" is the result of adding raw spirit to the blend. Actually a whisky with "bite" is usually much less mature than a whisky with none.

One reason for the world reputation of "White Horse" Whisky is its complete lack of "bite." The rich, creamy body is acquired after many years in the wood. When deep in its maturity and properly "married" White Horse is bottled—ready for the world's approval. A more mellow, generous and delightful spirit than White Horse is not obtainable.
