PRICE FIVE CENTS

SOLLOWAY AND MILLS COMMITTED

Two Prominent Stock Brokers Sent Up For Higher Court Trial

Expected That Final Hearings of Conspiracy Charges Laid By Alberta Government Will Be Heard in May

CALGARY, March 22:—Isaac W. C. Solloway and Harvey Mills, president and vice-president respectively of the Solloway, Mills Co. Ltd., were committed by Magistrate Sanders in police court here yesterday to stand trial on five criminal charges of conspiracy to defraud the public in connection with their stock brokerage dealings in the province of Alberta. The preliminary trial had been in progress all this week and attracted widespread interest throughout the financial world of the continent. The trial of Solloway and Mills will likely take place in May. Meantime, both men are out on heavy bail bonds.

PATTULLO MAY TURN TO FEDERAL FIELD

PORTS WIN IN HOCKEY

Got 4 to 1 Victory Over Trail in Exciting Overtime Game Last Night

PORT ARTHUR, Ont., March 22:—The Western Canada finals for the Allan Cup came to a thrilling conclusion last night when Port Arthur defeated Trail in overtime by a score of 4 to 1. The British Columbia players held the locals to three goals during the regular duration of the match. Port Arthur won the round 5 to 4, Trail having taken the first game by a 3 to 1 score.

The Late Cardinal Merry Del Val

Here is an interesting portrait of the late Cardinal Merry Del Val, taken 20 years ago when he was the first apostolic delegate to Canada. He died only recently in Rome.

Local Member May Go Into Ottawa Cabinet Vancouver Paper Says

Convention Called For May 31 in Kamloops to Name Permanent Liberal Leader in Provincial Arena

VICTORIA, March 22:—T. D. Pattullo, Liberal leader, announces that a Liberal provincial convention will be held in Kamloops on May 31 for the purpose of naming a permanent party leader.

VANCOUVER, March 22:—A despatch to the Vancouver Province from Victoria says that T. D. Pattullo, at present provincial Liberal leader, may retire from the provincial field to enter the Dominion cabinet and intimate, in that event, that a new leader for the province would be chosen at the forthcoming convention in Kamloops. It mentions George Pearson of Nanaimo as having a good chance for the leadership.

PATTULLO CHARGES

Criticizes Action of Government in Connection With Reinstatement of Timber Licences

VICTORIA, B.C., March 22—Authority has been taken by the provincial government under amendments to the Forest Act to reinstate lapsed timber licences on payment of arrears in taxes which would mean a loss of millions of dollars, T. D. Pattullo, Liberal leader, charged in the legislature yesterday. "In one case I understand, the former owners will have to pay \$300,000 to regain possession of timber," Mr. Pattullo said. "No sane man is going to do that unless he can make something out of it."

TRANSFER COMPLETE

Federal House Confirms Agreement Between Dominion and British Columbia Governments

OTTAWA, March 22:—The House of Commons yesterday approved a resolution confirming the agreement between the Federal and British Columbia governments with respect to the transfer of railway lands and the Peace River Block from the Dominion to the province.

PROSPECTING IS HELD UP

Cold Weather, Shortage of Supplies and Water Seepage Delay Poorman Placer Work

RUBY, Alaska, March 22:—Extreme cold weather, shortage of supplies and water seepage are delaying prospecting in the new Poorman placer district near here, returning miners report.

Young Smithers Man Died on Sunday Last

The death occurred last Sunday in Smithers of Robert Miller Jackson, aged 30. He leaves to mourn his loss a widow and baby daughter, Peggy. His father, G. L. Jackson, as well as other relatives live in Vancouver. The funeral took place yesterday in Vancouver.

WILL NOT PROROGUE BEFORE WEDNESDAY

VICTORIA, March 22:—Prorogation of the legislature before next Wednesday seems unlikely. The House adjourned last night for the week-end and will resume sittings Monday morning.

TITLE IS CHANGED

Col. McMullin Now "Commissioner" Instead of "Superintendent" of Police

VICTORIA, March 22:—The head of the provincial police in British Columbia, now Col. J. H. McMullin, will, in future, be known as commissioner instead of superintendent, according to legislation which has been approved by the House.

PUBLICITY FOR CITY

Article in Electrical News and Engineering of Particular Interest

"The Prince Rupert district, although opened up in 1914 by the construction of the Grand Trunk Pacific Railway, seemed for a time to be overlooked as far as development was concerned but is now starting again with new vigor and enthusiasm and, with bountiful supply of hydro-electric power now made available, development of the port seems assured," says an article in the January issue of "Electrical News and Engineering," which is published in Toronto.

The article is by Dan Anderson, electrical engineer for the Power Corporation of Canada, and it gives Prince Rupert a great deal of favorable publicity and comment, describing the nature and resources of this district with particular reference to power development. The company's construction operations here are described in details.

In addition to being otherwise interesting, the article is illustrated with a large aerial view of the city of Prince Rupert, map of the district, pictures of American Creek at Stewart and Big Falls as well as views on the Skeena and Naas Rivers.

VANCOUVER WHEAT
VANCOUVER, March 22:—Wheat was quoted on the local exchange today at \$1.06 1/4.

DISCUSSION OF TROUBLES RADIO SETS

Telephone System Blamed For Much of the Noise in Local System

At the meeting of the Prince Rupert Radio Association last night, President D. C. McRae presiding, the whole question of local radio interference was discussed at some length. Inspector Felix Batt expressed the opinion that the telephone ringing set was largely the cause of a great deal of it and complained at the lack of co-operation on the part of Superintendent Massey. He also felt that the voltage regulator at the drydock was one of the great causes of annoyance. If these two were properly isolated by chokes they could then follow up the lesser annoyances. Without the telephone trouble stopped it was almost useless trying to look elsewhere. After considerable discussion, it was decided to appoint a committee consisting of Messrs. Rose, Morrison, Batt and the chairman to interview the utilities committee to ask for co-operation.

Other sources of trouble were then discussed including the motor at the Summit Apartments which it was thought caused part of the noise.

The association showed itself very keen on getting interferences removed and many and varied opinions were expressed in regard to them.

For Relief of Soldier Settlers

Provincial Government Seeks to Have Their Burden of Dominion Taxation Lightened

VICTORIA, March 22:—Relief for soldier settlers against Dominion tax charges will be sought by the provincial government following endorsement yesterday by the legislature of a resolution to that effect moved by J. W. Berry, M.L.A. for Delta.

Quesnel Farmer Killed at Anyox

Jim Basoff, Aged 27, Victim of Recent Accident in Granby Shaft

Jim Basoff, rancher of Dragon Lake in the Quesnel district, was killed recently while working for the Granby Co. in the mine at Anyox. He was 27 years of age and a native of Alager in Southwest Russia.

Seizure of Chief Capilano Is Ruled Illegal So Canadian Steamer Resumes Her Voyage

SEATTLE, March 22:—The Canadian-American Shipping Co's freighter Chief Capilano has resumed her voyage from Port Townsend.

The vessel was released yesterday after Federal Judge E. E. Cushman had ruled that, under the Treaty of 1847, the craft was protected and her seizure illegal.

The Chief Capilano had been seized earlier this week in the Straits of Juan de Fuca by the United States coastguard on claims of debt against her owners arising out of the sinking and loss of cargo aboard the steamer Chief Maquilla in the Aleutian Islands in 1923.

New Telephone Switchboard Here About Ready; Will Take Care of 2,000 Subscribers

Installation has just about been completed at a cost of some \$4,300 or so of a new switchboard which will give the local municipal telephone system a capacity to handle well on to two thousand instruments. Some numbers are already in use on the new board, these ranging from "800" to "999." Depending upon classification of main lines and party lines, the new board will be able to take care of probably some three hundred and fifty new subscribers in addition to the 1460 of today, representing about 1670 instruments now in use including extension 'phones, etc.

The new numbers will be listed in the next telephone directory which is expected to be ready for delivery by the end of the month. Many changes are to be taken care of in the new book.

VANCOUVER TOPS HOCKEY LEAGUE

VANCOUVER, March 22:—The regular playing schedule of the Pacific Coast Hockey League ended last night with the Vancouver Lions at the top, having a two-point lead over Portland Buckaroos. In last night's games, Vancouver beat Victoria three to two and Seattle won two to nil over Portland.

LOAN BILL IS PASSED

Manson Critiques Government For Concentrating Road Work In South Part of Province

VICTORIA, March 22:—The second reading of the bill providing for a loan of \$8,000,000 for highway construction throughout the province was passed yesterday.

A. M. Manson, K.C., member for Omineca, declared that the lower mainland was being given the lion's share of highway work to the detriment of more remote districts.

Hon. R. H. Pooley, attorney-general, replied that roads in the northern part of the province were being improved as fast as possible.

MIGHT HAVE BEEN BETTER

A novelist writes: "I never knew what happiness was until I was married."—Boston Transcript.

Union Steamships Summer Service to Start Next Week

The summer schedule of the Union Steamships Ltd. on the north coast comes into effect next Tuesday from Vancouver, the service to be practically the same as was given last year.

The steamer Catala will arrive, as usual, from the south on Sunday afternoons and sail the same evening at 8 o'clock for Anyox, Stewart, the Naas River and other northern points, returning here Tuesday mornings and sailing south at 3:30 Tuesday afternoons instead of 1:30 as at present.

The Cardena, relieved of the Ocean Falls and Bella Coola stops with the Camosun back on that run, will arrive here from the south late Thursday nights or early Friday mornings, instead of Friday evenings as at present, proceed to Port Simpson and Wales Island and return here Friday evenings, sailing south at midnight that night.

Terrace Man Buried Here

Funeral This Afternoon of James Burns Under Salvation Army Auspices

The funeral of the late James Burns whose death occurred on Thursday in the Prince Rupert General Hospital, took place this afternoon from the chapel of the B. C. Undertakers to Fairview Cemetery with Adjutant William Kerr of the Salvation Army officiating. Capt. E. Warren presided at the organ and sang a solo: "Some Day the Silver Cord will Break." Hymns were "Nearer My God to Thee," and "Jesus, Lover of My Soul."

CHALLENGE TO PUBLIC

VICTORIA, March 22:—The two-cent increase in gasoline tax was given its second reading last night by the legislature.

A. M. Manson, M.L.A. for Omineca, described the increase as a challenge to the public to test the tax in the courts.

DUTY NOT SERIOUS

The duty placed on Canadian lumber going into the United States is not a serious matter in that the exemption is so important that it will not hamper business to any serious extent. If that is the end of the legislation to be passed by Congress in regard to lumber, it should prove satisfactory to Canadians. Even that impost was carried in the Senate by one vote only and it is not known whether or not this is final or whether the House of Representatives still has a say in regard to it.

Justice consists in legalizing what we want and then making others obey the law.

RETURNS TO GOVERNMENT

According to press reports more returns will have to be made to the government, this time in regard to the consumption of fuel oil.

The bane of the business man is making returns to the government. It is hard to do business and keep up with all the bookkeeping and correspondence but when is added to this the making of numerous returns to the government, it often means many weary hours of overtime to the employees. They have to make out returns for the sales tax, for the various bureaus at Ottawa, for two income taxes and for other purposes. The result is that the cost of manufacturing is increased by that much. Every time a new form has to be filled, preparations have to be made for filling it and the costs mount up, unless somebody works overtime. Letting the vendor do the bookkeeping was a pleasure to the consumer but when he has to keep the record himself it means more work and worry and the general result is not likely to be as accurate as the old method.

Greatness consists in being great, not in talking about it.

A GREAT NEWSPAPER

Concluding an editorial article entitled "A great Newspaper" the Boston Herald said recently of the Toronto Globe:

"The Globe has been the spokesman of this freedom loving class, has grown with their growth, it has shared their prosperity, has developed from a little sheet to a great modern newspaper, and has never fallen short of the ideal, expressed in the text which still adorns its first page: 'The subject who is truly loyal to the chief magistrate will neither advise nor submit to arbitrary measures.'"

It was a great thing to have a contemporary say. We should like nothing better than to have someone say of us that we had been the spokesman of a freedom loving class.

It's a great thing to relax and laugh long and loud. That's one value of the talkies. They sometimes set the pace.

Digging For Worms

Said the little young red rooster, "Gosh all hemlock! Things are tough. Seems that worms are getting scarcer, and I cannot find enough; 'What's become of all those fat ones is a mystery to me. 'There were thousands through that rainy spell—but now where can they be?"

The old black hen who heard him didn't grumble or complain. She had gone through lots of dry spells, she had lived through floods of rain.

So she flew up on the grindstone, and she gave her claws a whet. As she said, "I've never seen the time there weren't worms to get."

She picked a new and undug spot; the earth was hard and firm. The little rooster jeered, "New ground! That's no place for a worm." The old black hen just spread her feet, she dug both fast and free. "I must go to the worms," she said, "the worms won't come to me."

The rooster vainly spent his day, through habit, by the ways. Where fat round worms had passed in squads back in the rainy days. When nightfall found him supperless, he growled in accents rough, "I'm hungry as a fowl can be. Conditions sure are tough."

He turned then to the old black hen and said, "It's worse with you, 'For you're not only hungry but you must be tired too. 'I rested while I watched for worms, so I feel pretty perk; 'But how are you? Without worms too? And after all that work?"

The old black hen hopped to her perch and dropped her eyes to sleep. And murmured in a drowsy tone, "Young man, hear this and weep; 'I'm full of worms and happy, for I've dined both long and well; 'The worms are there as always—but I had to dig like hell!"—Anon.

BACKS BIG RADIO PLAN

Huge Broadcasting Chain For Canada Finds Favor Here

The Prince Rupert Radio Association last night endorsed the scheme of the Radio Commission for a huge national system of broadcasting with high-powered stations and the government was urged to adopt it. Only two members of the association voted against the project.

President D. C. McRae read the recommendations of the commission showing that it was planned to establish seven high-powered stations and a number of lesser stations in different parts of the Dominion, making a chain from coast to coast. It was also proposed to protect against interference and to tax each radio receiver the sum of three dollars.

Aid. H. F. Pullen explained that the board of trade committee had

endorsed the scheme. After considerable discussion, in the course of which opposition was expressed by Fred Wermig and Fred Riffou and supported by R. T. J. Rose and others the resolution was passed.

Eleven Accidents at Ripple Rock

Minister of Marine Gives Answers to Questions in House

In answer to questions asked by D. B. Plunkett, M.P. for Victoria, Hon. P. J. A. Cardin, minister of marine, stated in the House of Commons at Ottawa recently that 11 accidents to shipping had occurred at or near Ripple Rock in Seymour Narrows since records had been kept by the department. Four of these accidents had been caused by direct contact with Ripple Rock and seven just before or just after reaching the rock. Mr. Cardin also gave figures as to depth of water adjacent to the rock and as to width of fairways nearby.

Brady Speaks On Technical Course

Points Out That B.C. Has Discontinued Grant Since Federal Aid Not Forthcoming

"Since we have lost the federal aid to technical education the government of British Columbia has issued to the various technical schools a statement that they could not continue the grant which had previously been made by the Dominion government, and therefore they were not able to meet the requirements of the technical, domestic science, and manual schools. Consequently those schools are suffering now from the cessation of that aid," J. C. Brady, M.P. for Skeena, stated last week in the House of Commons at Ottawa in the course of a debate on federal aid to technical education.

Get the Ad. reading habit. It pays.

JUST AN OUTBURST

Minister of Interior Comments Upon House of Commons Speech of Local Member

"The hon. member for Skeena (Mr. Brady) waxed eloquent tonight and called upon the people of Canada and high heaven to witness how recreant this government were in their duty, but only two days ago he was calling upon high heaven to witness how recreant we were because we were not building a road into Prince Rupert," stated Hon. Charles Stewart, minister of the interior, in the House of Commons at Ottawa last week. "High heaven witnesses a lot of recreancies of that character, and I have no doubt that if we were to meet his request he would come forward with some other resolution calling upon the government, because it happened to have a surplus, to make a grant to the provincial gov-

Perfect dyeing so easily done

DIAMOND DYES contain highest quality anilines made by buy! That's why they give such bright, new colors to dresses, lingerie.

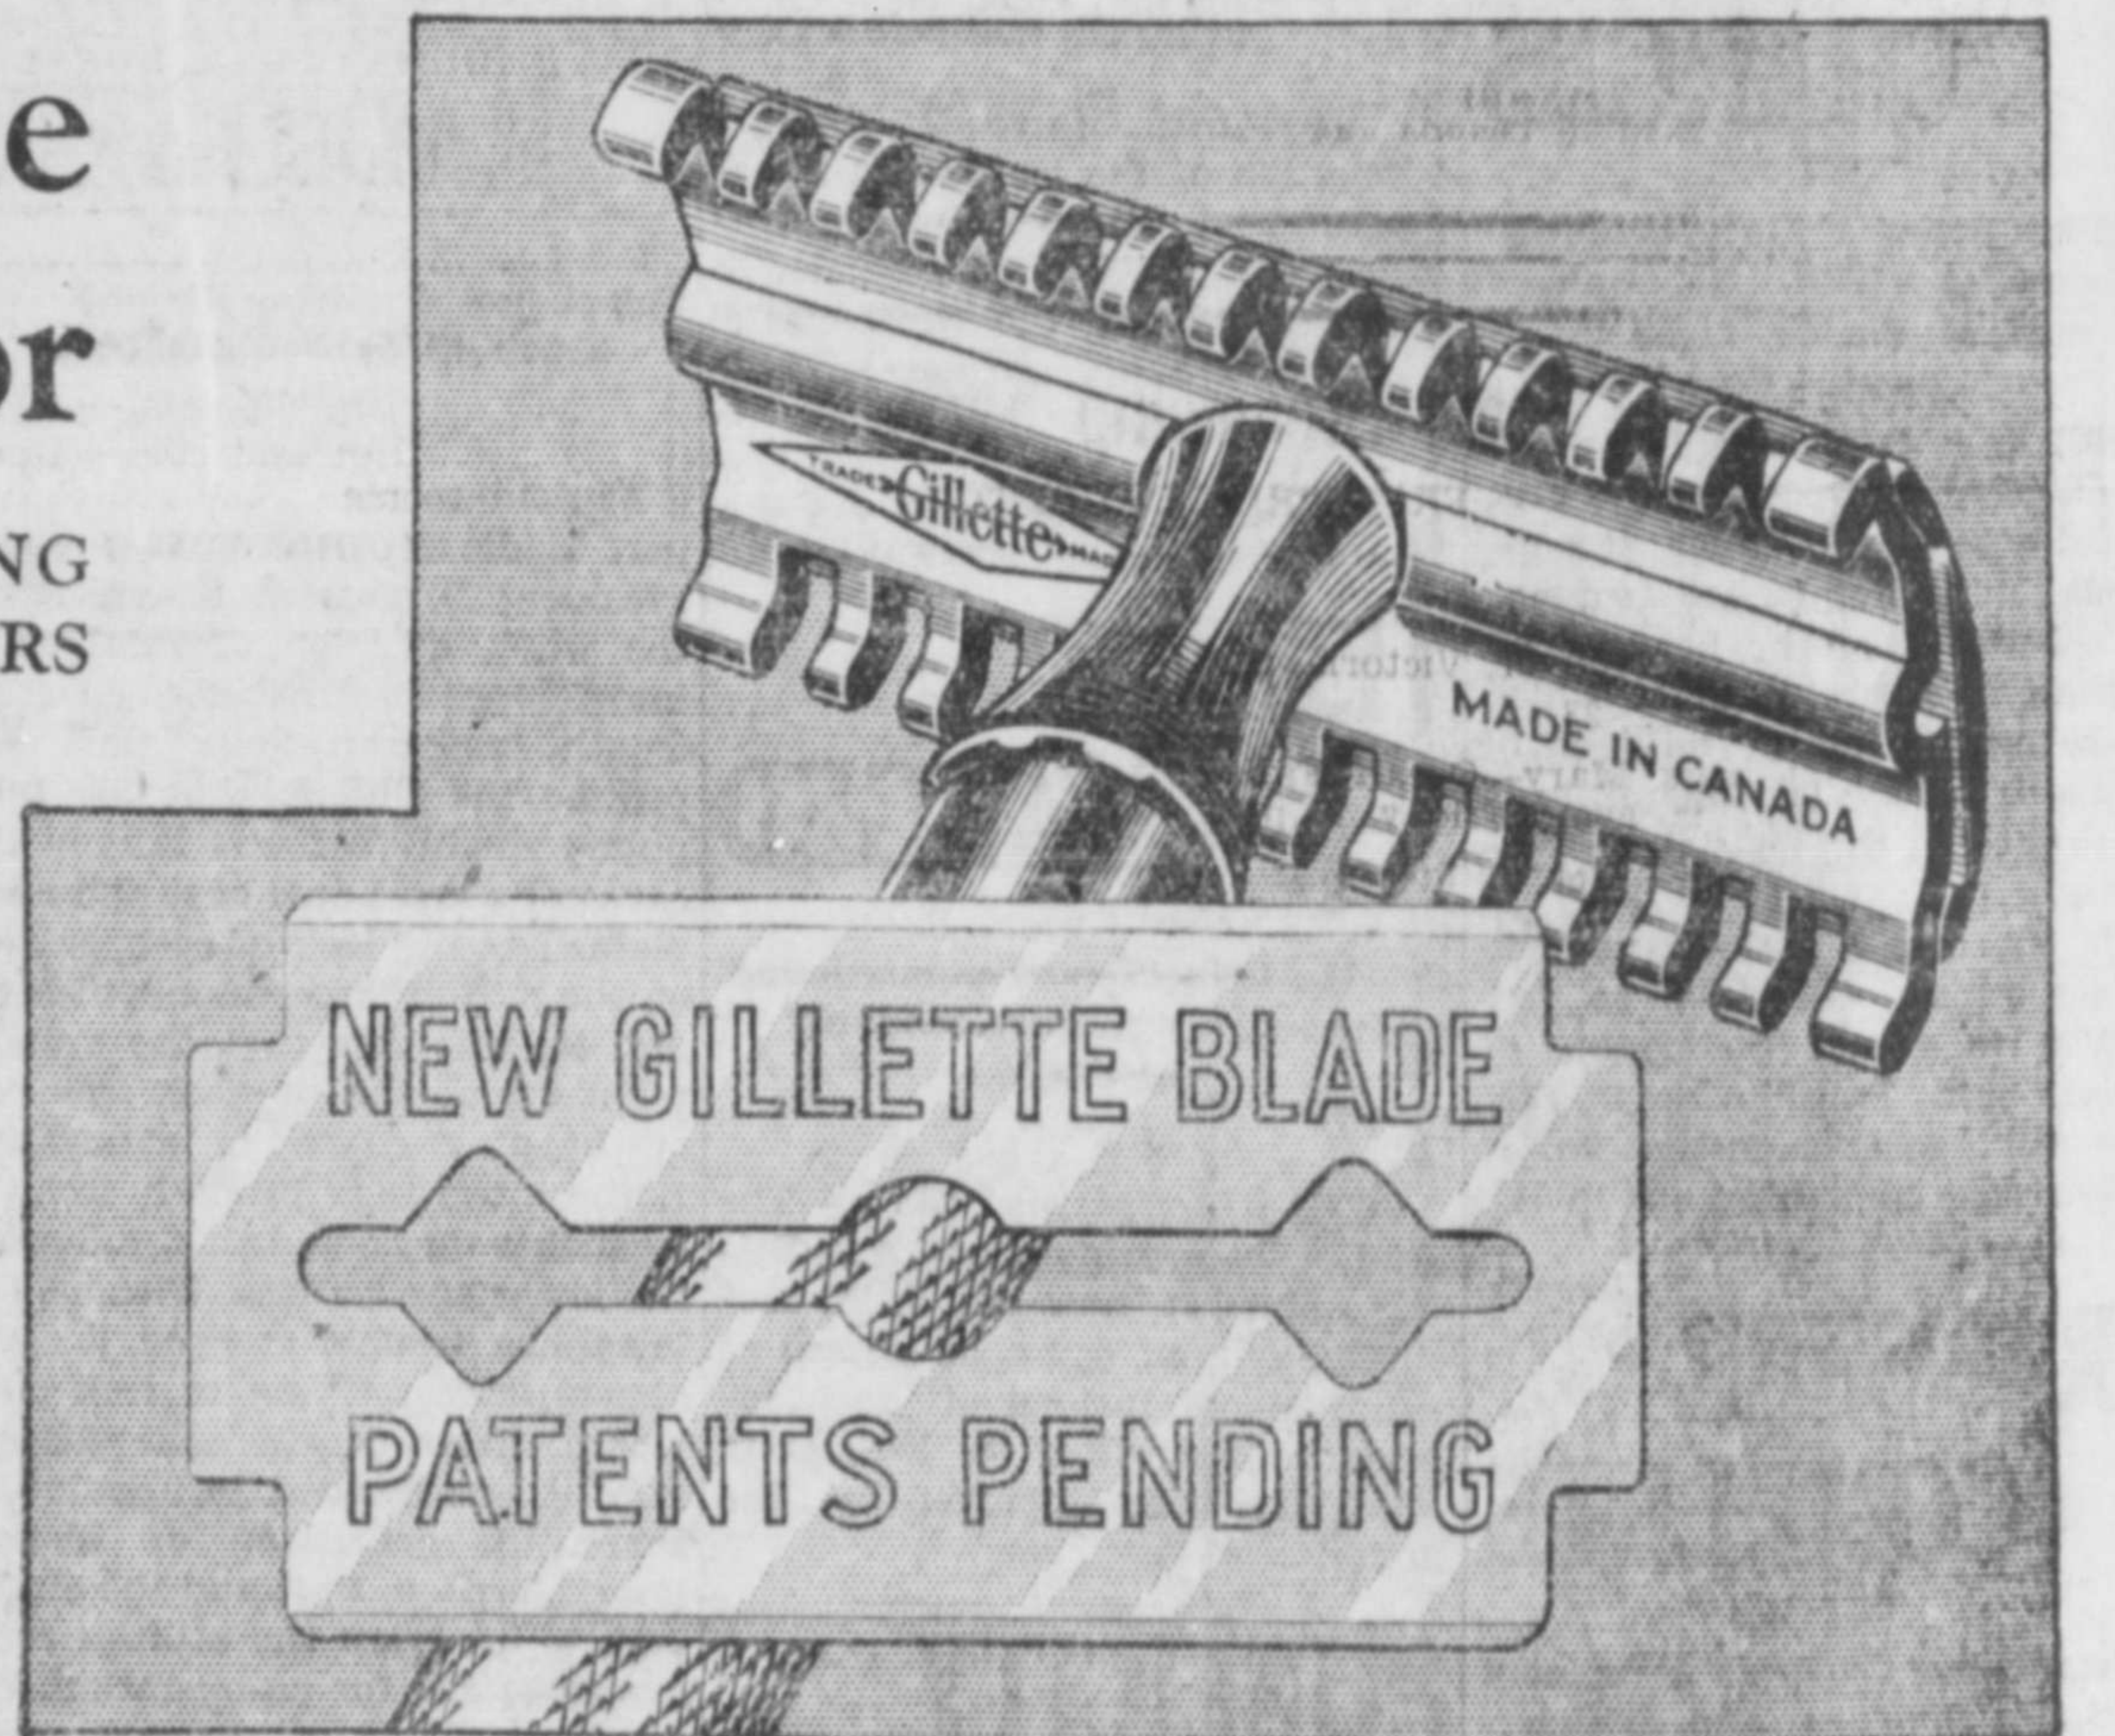

The anilines in Diamond Dyes are them so easy to use. No spotting, streaking. Just clear, even dyes that hold through wear and washing. Diamond Dyes never give that that re-dyed look. They are just at all dealers. When perfect dyeing costs no more—is so easy—experiment with makeshifts!

Diamond Dyes
Highest Quality for 50 Years

Government for some other purpose. "May I say that so far as the duties of the federal and provincial authorities are concerned, if the provinces require more assistance let them come forward and say and I shall be glad to have the subsidies increased. Let them say as they wish with the grants."

A New and Better Shave by Gillette

**A new Blade
A new Razor**
THE GREATEST SHAVING IMPROVEMENT IN 28 YEARS

MILLIONS of well-worn Gillettes are now going to win an honorable discharge. Sure — they're good old razors! And if you have to wait for your dealer to get his supply of the New Gillette Razor, your old Gillette will operate with the new blades.

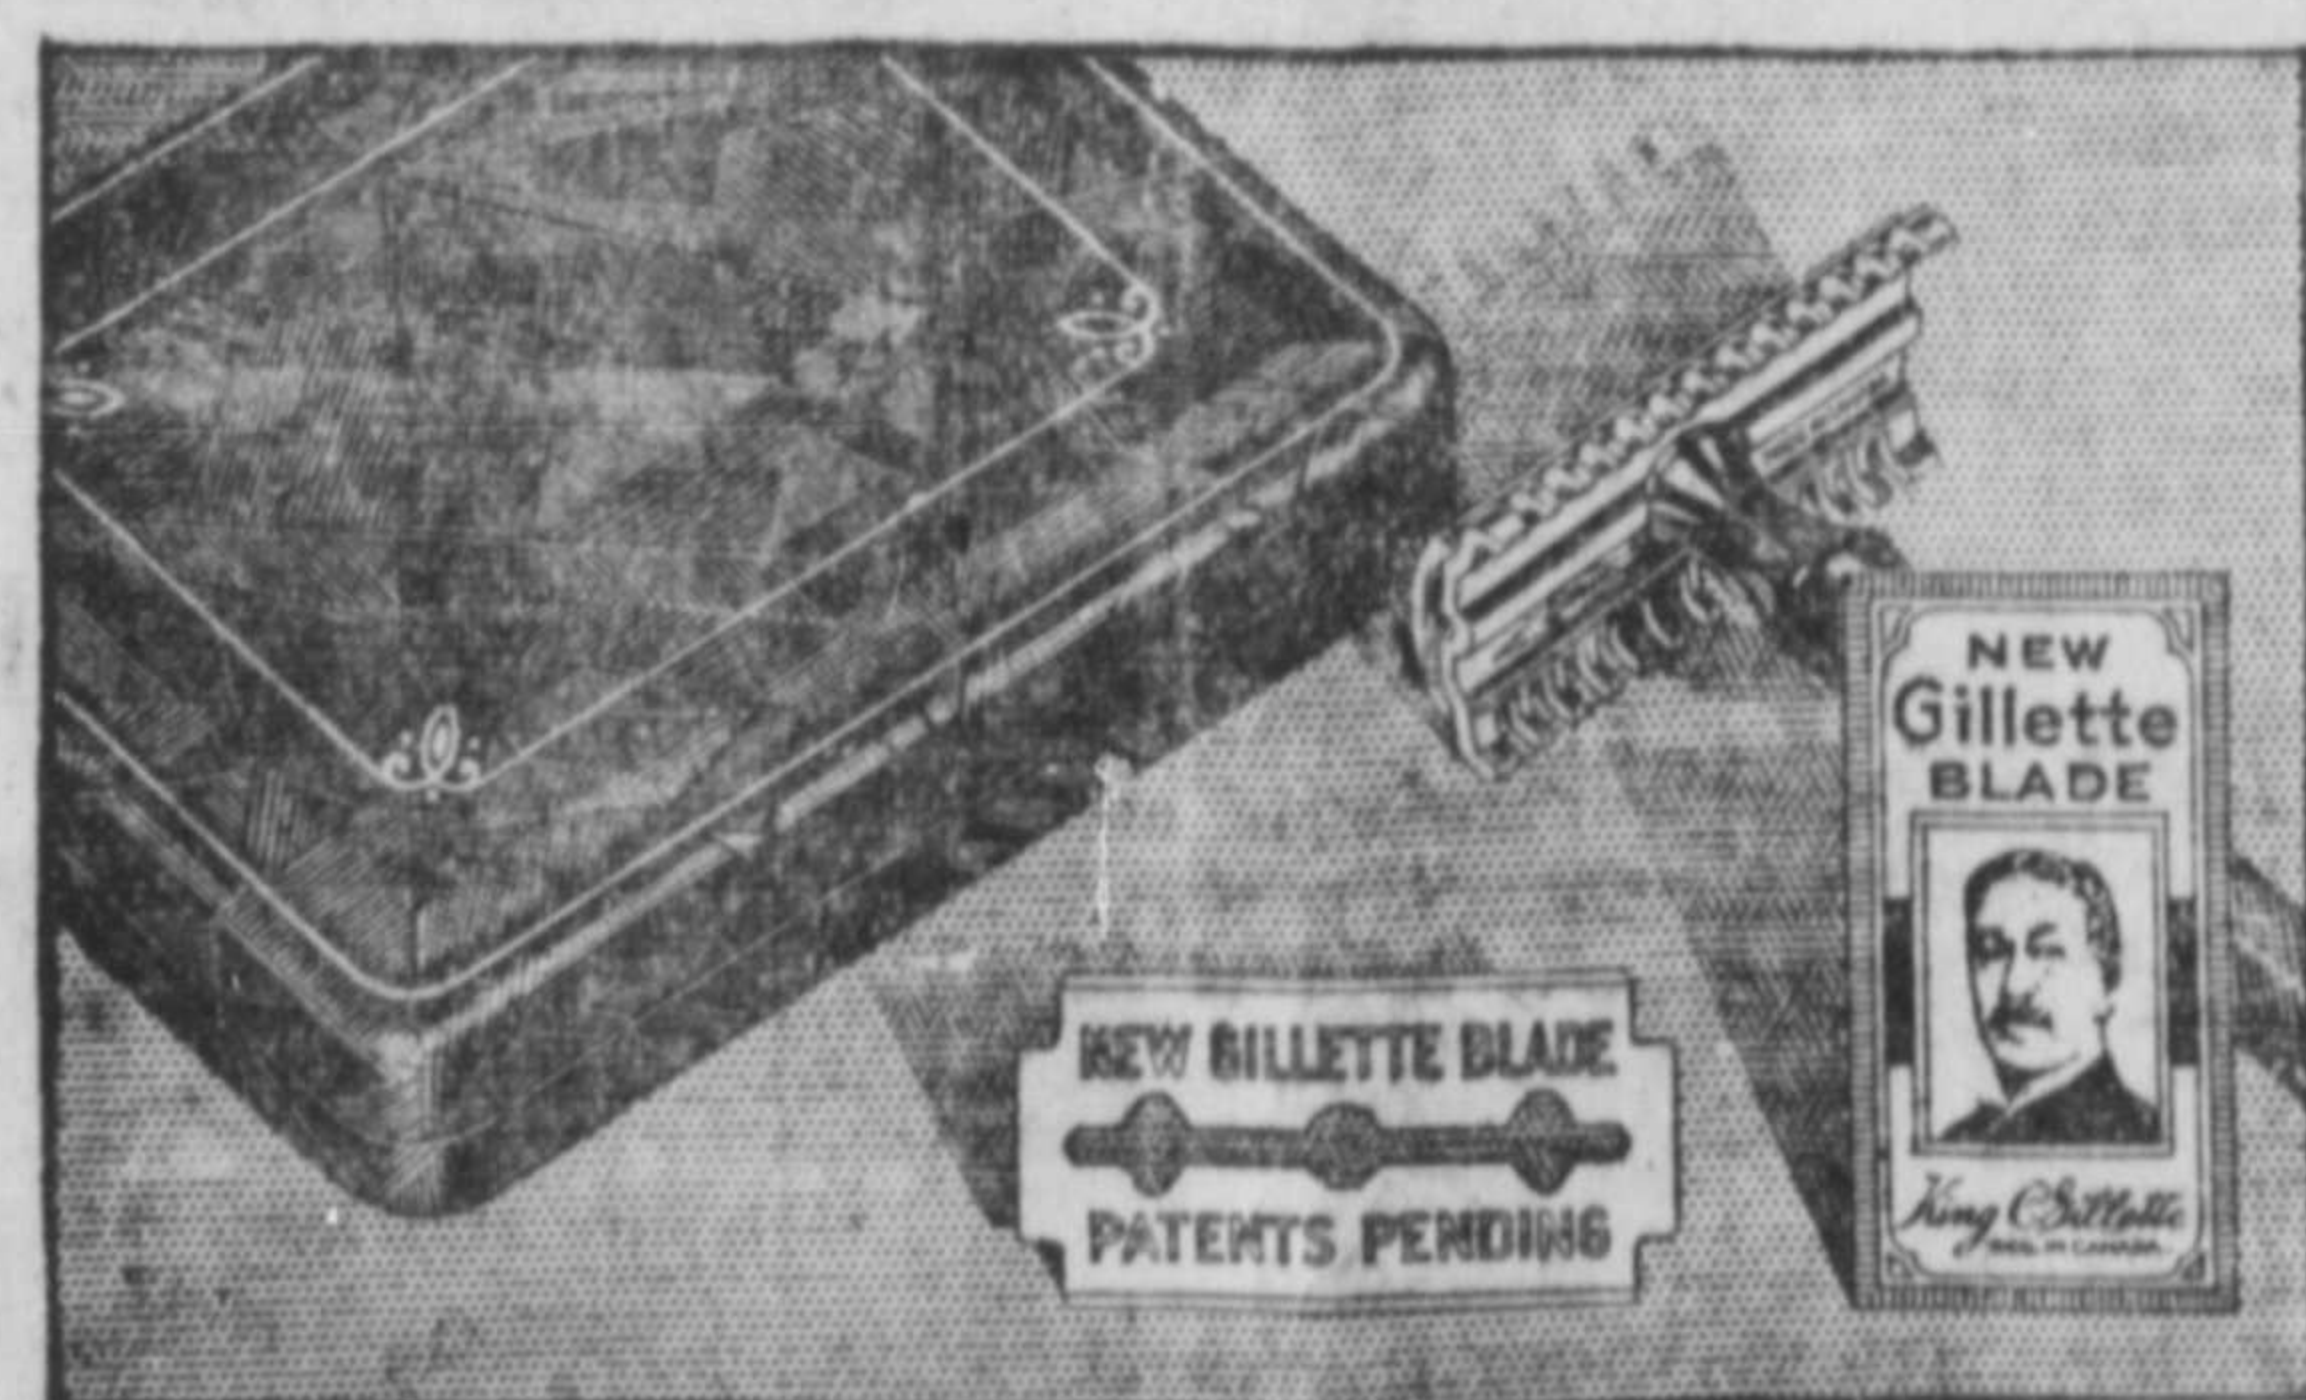

What have we done to the Gillette Razor and the Gillette Blade? Not just one thing, or two things or three. We have made a dozen important changes.

Take "razor pull," for example. Our laboratories examined tens of thousands of used razors; our engineers talked to twenty-seven thousand hard-to-satisfy shavers.

What did they find? A razor "pulls" because its working parts have been dropped and dented on floor or wash basin.

Perhaps the dent is microscopic. Just the same it makes a difference. When you handle a Gillette, you are dealing with a fine precision tool. Even the smallest dent can throw it out of alignment. Hence "pull." Now look at the corners of the new razor. See those heavy lugs? You can't dent those corners by any ordinary accident. But suppose, by some terrific abuse, you should dent them. Never mind. The ends of the blade have been cut out. The blade is no longer held at the corners. Therefore, a dented razor-corner can't possibly affect the smoothness of your shave.

Another thing. The new blades are processed to resist rust. Think what that means in convenience and time saving. No more do you have to take the razor apart to wipe the blade. No more cut towels.

THE NEW GILLETTE RAZOR, gold-plated, in beautiful case, complete with New Gillette Blade. Price \$1.00
Other De Luxe models at \$5.00 to \$75.00

Just loosen. Turn guard at right angles. Then re-tighten. Hold under hot running water for rinsing. Shake well. Lay on the shelf.

The old posts are gone. How many a good edge was lost by bumping against those posts. Now the razor blade turns at right angles for rinsing. No taking apart for cleaning.

Notice the new guard teeth . . . longer . . . turned back farther. They glide over the skin like velvet. You hardly feel the razor slide over your face.

See the ends of the blade . . . square . . . not round. Much easier to handle with slippery fingers. And, being almost flush with the cap, the blade shaves much better around the difficult corners of the mouth, ears, and nose. The famous guard channel beneath the blade edge allows the blade to meet the beard full and clear, yet with perfect safety. This has hitherto been an exclusive feature of high priced Gillettes selling at \$5.00 to \$75.00. Now you have it in the \$1.00 model.

See your dealer today. Tomorrow he may be sold out . . . an inconvenient delay for you. Give your face this good news now!

GILLETTE SAFETY RAZOR CO. OF CANADA, LIMITED, MONTREAL.

QUICK FACTS

1. New Blade can be used in your old Gillette
2. New processed steel; new blade resists rust
3. Cut-out corners of blade prevent "razor pull"
4. To clean, turn guard at right angles . . . then re-tighten . . . rinse . . . shake dry
5. New shape guard channel gives full shaving clearance
6. New shape guard teeth meet skin smoothly, naturally
7. No projecting posts to dull blade edges
8. Reinforced razor corners prevent damage if dropped
9. Square blade ends safer to handle
10. Shaves easier around mouth, nose, ears
11. New blades same price as old
12. New razor, gold-plated, with one new blade, in case, \$1.00

\$1.00

for ten and 50c for five

Charles M. Adam, Stewart automobile dealer, who has been on a two-months trip to his native home in Scotland, arrived in the city from the south on the Prince Charles this morning. He will stop over here until tomorrow evening when he will proceed to Stewart on the Camosun.

R. G. Cunningham, who has been spending the winter in California, returned to the city on the Cardena last night from the south and is registered at the Savoy Hotel. While in San Francisco, Mr. Cunningham sustained a bad fall on the street while boarding a street car but has now practically recovered from the injuries thus sustained.

Eight elk from Wainwright National Park, which arrived here on Thursday afternoon from the prairies, will be transferred about 9 o'clock this evening from the special baggage car in which they arrived to the steamer Prince John on which they will be taken to Queen Charlotte City for liberation. D. W. Davidson of Wainwright National Park staff, who came here with the elk, will accompany his charges to the Islands and proceed through to Vancouver on the Prince John. Game Warden Ed. Martin will also go over with the animals and return to the city next week.

FINED \$300
Oscar Hanson, Second Avenue, was found guilty by Magistrate McClymont in city police court this morning on a charge of keeping liquor for sale and was fined \$300, with option of three months' imprisonment. He paid the fine. City Solicitor E. F. Jones prosecuted and Milton Gonzales acted as defence counsel.

For any BABY
We can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy, and give it promptly. Relief will follow very promptly; if it doesn't, you should call a physician. All through babyhood, Castoria should be a mother's standby; and a wise mother does not change to stronger medicines as the child grows older. Castoria is readily obtained at any drugstore, and the genuine easily identified by the Chas. H. Fletcher signature that appears on every wrapper.

Eye Strain is Nerve Strain

You may feel unduly tired after a shopping tour or a moving picture show or as the result of reading or sewing.

It is possible that you may need glasses but the chances are about 100 to 1 that your nervous system is run down and that the greatest benefit will result from the use of Dr. Chase's Nerve Food.

Eye strain is a frequent cause of nervous trouble. It often brings on nervous headache. Sleeplessness results and feelings of fatigue and depression.

There is nothing which so quickly restores an exhausted condition of the nervous system as Dr. Chase's Nerve Food. This has been proven in so many thousands of cases that it is now recognized as the standard and most effective treatment for this condition. Put it to the test and your friends will soon tell you how well you are looking.

Dr. Chase's Nerve Food

Moose Women Card Party and Dance Successful

Ladies of the Mooseheart Legion had a very successful bridge and whist party and dance last night in the Moose Hall, about 150 persons being in attendance.

There were 16 tables of whist and 10 tables of bridge, prize-winners being:

Whist—Ladies' first, Mrs. James Sturgeon; second, Mrs. A. R. Hunter; men's first, Dick Long; second, Pete Wingham.

Bridge—Ladies' first, Mrs. Angelo Astoria; second, Mrs. E. A. Morgan; men's first, H. Armstrong; second, R. Lahiffe.

After cards, delicious refreshments were served and dancing followed until 2 a.m. with music by the Premier Orchestra.

The committee in charge consisted of Mrs. H. Skattebol, convener, Mrs. O. Stegavig, Mrs. R. Giske and Mrs. A. G. Bartlett. Mrs. F. M. Crosby and Mrs. P. J. Ryan presided at the door.

Gillis Royer was master of ceremonies for the whist tables and dance while W. B. McCallum was in charge of the bridge tables.

SCALE OF CHARGES

- Marriage and Engagement announcements \$2.
- Birth Notices 50c.
- Funeral Notices \$1.
- Funeral Flowers 10c per name.
- Cards of Thanks, \$2.

MOTHERS now learn value of MAGNESIA

Because it is so helpful in keeping babies and children healthy and happy, every mother should know about Phillips Milk of Magnesia.

This harmless, almost tasteless preparation is most effective in relieving those symptoms of babies and children generally caused by souring food in the little digestive tract, such as sour-bolching, frequent vomiting, feverishness, colic. As a mild laxative, it acts gently, but certainly, to open the little bowels in constipation, colds, children's diseases.

A teaspoonful of Phillips Milk of Magnesia does the work of half a pint of lime water in neutralizing cow's milk for infant feeding, and preventing hard curds. Its many uses for mother and child are fully explained in the interesting book "Useful Information." It will be sent you, FREE. Write The Chase, H. Phillips Chemical Co., Windsor, Ont.

In buying, be sure to get genuine Phillips Milk of Magnesia. Doctors have prescribed it for over 50 years.

Rupert East Young People Entertained

The Young People's Society of Rupert East United Church staged an interesting entertainment last night, the feature of the program being the exhibition by T. H. Johnson of moving pictures which he took on a recent trip abroad. The audience, which well nigh filled the hall, watched these pictures with rapt interest, being transported from Prince Rupert across the Rocky Mountains and on to the continent to the Atlantic, and on to the British Isles and by airplane from Croydon to Paris and Rome and back again.

There were selections by an orchestra led by the Bussanich brothers and vocal solos by Miss Eastman which were much enjoyed. Miss Elizabeth McLeod made an efficient chairman for the evening.

District News PRINCE GEORGE

The Prince George branch of the Canadian Legion has elected officers for the year as follows: president, W. H. Crocker; first vice-president, William Bexon; second vice-president, David Ross; executive, W. C. Ferry, F. C. Saunders, Dr. R. W. Alward, Dr. H. S. Trefry, Charles Gow and J. O. Wilson; sergeant at arms, F. Moffatt.

Levi Graham, manager of the Strand Theatre, returned to town at the end of last week from an extended trip to southern cities in the course of which he made arrangements for the installation of talkies in the local house.

The Prince George band is asking the city council this year for a grant of only \$100.

At a luncheon of the board of trade this week, delegates to the recent semi-annual convention at Terrace of the Associated Boards of Trade of Central British Columbia presented their reports on the gathering. The report was presented on behalf of the delegates by Dr. R. W. Alward, president of the board.

During the past week weather here was rather unseasonably cold. The minimum reading was three below zero.

The board of school trustees here is considering the advisability of resuming the commercial course in the local high school.

A company of three prospectors consisting of Harry Ewing, W. F. Paquette and Ralph Meisner have left for the Manson Creek district. They expect to be away for several months.

Players' Club and Big Four Were Winners of City Hoop Championships Last Evening

Before the largest number of fans that has witnessed a basketball game this year, the Players' Club defeated Three-Two Taxi 30-26 last evening, to win the city senior basketball championship by a total point score of 56-52 in a two-game series. Big Four defeated the High School 40-26 to win the intermediate city championship by a total point score of 70-62. The games were fast and rough, and the winners displayed real championship form to defeat their opponents. The many spectators were well pleased with the games that were played, and they were very enthusiastic throughout the evening.

The Players' Club started out fast and showed excellent form to take a lead of 12-0 during the first 10 minutes of the game. Mitchell opened the scoring for the Players' Club with Ratchford making Three Two Taxi's first basket. Tom Kelsey was the first scorer of the evening and showed wonderful accuracy to score 14 points. At half time the score was 20-8 for the Players' Club.

During the second half Three Two Taxi staged an almost successful rally. They scored consistently to make the score 24-18 when the Players' Club called time out. When play resumed the Players' Club strengthened their lead to 29-18. Three Two Taxi called time out. With five minutes to play Three Two started another rally and had the Players' Club playing desperately to hold their fast diminishing lead. With only one minute to play, the Dramatists called time out with the score 29-26. For the remaining minute the Players' Club played a defensive game and their lead was added to when Mitchell scored on Ratchford's foul for the final play of the game, the Players' Club winning 30-26.

The individual scores were: Players Club—V. Meaghers, 5; T. Kelsey, 14; Doug Frizzell; R. Irvine, 2; E. Smith, 2; A. Mitchell, 7; total, 30.

Three Two Taxi—E. Ratchford, 8; E. Dingwell, 2; D. Gurvich, 6; B. Wendle; B. Stalker; S. Gurvich, 4; D. Stalker, 6; total, 26.

Intermediate Fast The intermediate game was the fastest game of the evening with both teams playing a good brand of basketball. Big Four started out with a vengeance to overcome the Collegiates' lead of six points that they had obtained in the first game. In this they were successful as they obtained a lead of 14-2 during the early part of the game. The play became exceedingly fast and both teams started to show the pace that they were holding. The High School started a rally that was brought to a close with the half time whistle but they had reduced Big Four's lead to 22-11.

The second half was equally as fast as the first period, with each team striving to hold the other scoring. Many long shots were missed by narrow margins. The play became slightly rough with Big Four having an advantage in weight which they were able to use to keep the Collegians from scoring effectively. With only 10 minutes left the score was 18-26. Big Four started a scoring spree and was successful in making the score 40-26 before the final whistle.

The individual scores were: Big Four—J. McNulty, 10; E. Smith, 8; A. Cross, 8; B. Stalker, 6; D. Stalker, 8; total 40.

High School—D. Morrison, 5; W. Johnstone, 4; S. Styles, 6; R. Irvine, 4; Smithwaite, 4; K. Nakamoto, 3; total, 26.

The Maple Leafs defeated the Trollers in a very one-sided 15-2 girls' exhibition game.

W. Plommer refereed the senior and ladies' games and W. Mitchell refereed the intermediates. Olof Hanson was scorekeeper; J. Smith, timekeeper, and W. Lambie was at the door.

GROTTO IS WINNER

Took City Billiard Championship Last Night by Winning Final Session Handily Over Elks

Grotto defeated Elks by a score of 1191 to 1110 in the final session last night of the city team championship billiard tournament, winning the season's honors by an aggregate score on the two sessions of 2320 to 2212. The high break for the finals was 43 which was run last night by Don Brown. Individual scores were as follows:

W. J. Nelson (Grotto), 250; A. A. Easson (Elks), 244.

Don Brown, 225; C. P. Balagno, 250.

George Waugh, 250; Fred Stephens, 186.

James Andrews, 250; William Mitchell, 180.

J. Hillman, 216; A. Donald, 250.

Sport Chat

Backgammon is providing a new thrill for Dr. Alexander Alekhine, the world's chess champion. With Tartakover, another famous master, he daily swirls the dice box and moves the men from point to point in the playroom of the Cercle de Palais Royal in Paris, where for years nothing faster than chess has been played.

Women with bare legs on tennis courts are quite common in England nowadays, but the appearance of competitors in the women's squash racquets championship at Queen's Club wearing shorts and no stockings, caused a gasp of astonishment. On the opening day of the games two women started play in this attire, and since then several others have played in short skirts without stockings. The standard of women's squash play is said by experts to have greatly improved of late.

Here is shown fair exhibitor at the Crufts Dog Show at Islington England, with her two prize entries, Toby of Westerton and Ivan of Westerton

Many Moose and Deer Taken Last Season in N. B.

FREDERICTON, N.B., March 22:—More than 800 moose and over 9,000 deer were killed by hunters in New Brunswick woods in the 1923 open season, bringing up the total of moose killed in this province in 10 years to 11,548 while 48,549 deer have been killed during the same period.

These figures are included in statistical information contained in the report of the Chief Game Warden, Major H. H. Ritchie, contained in the sixty-ninth annual report of the New Brunswick Department of Lands and Mines tabled in the legislature today by Hon. Charles D. Richards, minister of lands and mines. Compared with the figures for 1921 these returns show an outstanding increase in the number of deer killed—from 1,880 in 1921 to 9,065 in 1923—while the number of moose killed last year was 864 as compared with 1,016 in 1921.

The biggest spread of antlers reported during the 1923 season was that of a moose shot on the watershed of the Tobique and Southwest Miramichi Rivers by William Sweet, of Glassville. These antlers spread 60 inches and gave New Brunswick the record moose head for Canada for the fourth consecutive year.

The Chief Game Warden urges the following three means for conserving the provinces supply of big game:

Strict observance of 10-point law. Shorter hunting season.

More game refuges in localities where seed stock of moose are at present.

LEARNING THE CORNET Practice makes some people perfect—and drives their neighbors almost mad.—Kamloops Sentinel.

NOT IN SAXOPHONES It is a fundamental rule of health that we should breathe deeply.—Lethbridge Herald.

Needless Pain!

Nowadays, people take Aspirin for many little aches and pains, and as often as they encounter any pain.

Why not? It is a proven antidote for pain. It works!

And Aspirin tablets are absolutely harmless. You have the medical profession's word for that; they do not depress the heart.

So, don't let a cold "run its course." Don't wait for a headache to "wear off." Or regard neuralgia, neuritis, or even rheumatism as something you must endure. Only a physician can cope with the cause of such pain, but you can always turn to an Aspirin tablet for relief.

Aspirin is always available, and it never fails to help. Familiarize yourself with its many uses, and avoid a lot of needless suffering.

St. Helena Isle Has Sensation

Caretaker of Napoleon's Last Exile Place Slept in Great Man's Bed

ST. HELENA March 22—After more than a hundred years this little island, the final exile of the great Napoleon, has had another sensation.

The caretaker installed by the French Government at the "Longwood Museum" in the dairy farm that was the emperor's domicile for seven years, had been found abusing his position by sleeping in the bed and bathing in the bathtub of Napoleon.

He was summarily replaced by an invalided French veteran.

Fashion and Common-sense demand a Topcoat

Going without a topcoat is like going without a hat. You may be able to stand it, but you look "unfinished."

A very spruce topcoat is the Fashion-Craft model illustrated—it is distinctive in pattern, style and cut, yet possessing that loose and easy fit so much preferred.

The weight is light and just right for the changeable days of Spring and Fall.

Prices from \$25.00 up

WATERFRONT WHIFFS

First Major Casualty This Season in Halibut Fleet; New Boats Are Leaving; Week's Arrivals

The well known Prince Rupert halibut boat Bingo, owned and skippered by Capt. Charles Lowe, struck a rock while engaged in fishing near Dogfish Bay on the west coast of Banks Island on Sunday night and soon sank in water which completely submerged her, the crew having just enough time to take to a lifeboat and quit the vessel, of which chances of salvage seem more or less problematical although the Pacific Salvage Co.'s power tug Pachena, Capt. Charles Larkin, was despatched to the scene with a view to making an attempt to raise her. Capt. Lowe and the two members of his crew were brought into Prince Rupert by the Kitkatla native seineboat Canadian Girl by which they were picked up soon after taking to the lifeboat. They lost all the belongings they had on the boat. The Bingo is a vessel of 37 feet in length and is equipped with a 15 h.p. Vivian gas engine. The boat, while several years old, was in excellent shape.

Under construction at the Suga boat shop in Cow Bay is a 28-foot gillnetter for stock. The Suga yard reports that it is now booked up until the middle of June with quite a program of repair work on various vessels including quite a number which are employed in the salmon fishery.

The halibut boat M. A. B., Capt. Lessmussen, after having made one trip already this season to the fishing grounds, has been in the Suga yard this week for a general repair and overhaul job.

Having been built during the past winter at Digby Island, a new trolling boat for Skipper Joe Hanson, well known shrimp, is now at the Suga yard for completion of her upperworks including cabin, etc. The boat, which is named Digby, is to be fitted with a 15 h.p. Vivian engine. It is understood that Capt. Hanson is to turn over his former boat, Fox, to his son.

The Star Welding & Machine Works has about completed a big engine overhaul job on Capt. Merrill Sollow's halibut boat Relief which will be ready within the next few days to depart for her maiden trip of the season to the fishing grounds. Clutch and main bearings of the vessel have been given particular attention.

Herb Ristow, who is logging in the vicinity of Swanson Bay, is in port with his diesel powered boat which is undergoing crankshaft and other repairs at the hands of the Star Welding & Machine Works.

Engine Overhaul
Charlie Miller's trolling boat is another vessel which has been undergoing overhaul of engine recently at the Star Welding & Machine Works.

Angus McIvor has bought a new 15 h.p. Vivian engine for his boat Kiki which is usually used during the summer in fisheries patrol service.

Whether or not Prince Rupert will be represented next June in the yacht race from Seattle to Prince Rupert is, as yet, uncertain. That the port should be represented, since it is being honored with being made the terminus of the 1930 race which will, undoubtedly, give a lot of favorable publicity to the place, seems to be the opinion of most everybody, but who can be induced to enter is the question. There are several local boats which should be able to make the trip quite nicely, notable among these being Dr. W. T. Kergin's Full Moon. While Dr. Kergin has been giving the matter consideration, it is understood that he feels that he can hardly spare the time for the trip. If he is unable, it is to be hoped that at least one other boat may be induced to enter—and win.

Two more new Prince Rupert halibut boats are about to get away on their maiden voyages to the fishing grounds.

Olof Andreasson's new 50-footer Gony, which was built during the winter at the McLean yard, has had a 29 h.p. Rap engine installed by the Pacific Machine Works and, after being duly outfitted, should get away in a day or so.

In two or three weeks George Cook's new 52-foot boat, built by Y. Suehiro and given the nomenclature of "Teenie Milly," will depart. In this boat there is now be-

ing installed a 48 h.p. Gardner semi-diesel motor.
Johnny Clausen was the recent purchaser of a 15 h.p. Vivian gasoline engine for installation in his fish packer Elmer C.

Pacific Salvage Co.'s big power tug Salvage Princess, Capt. Frank Tyler, left last Sunday afternoon for Skidegate Inlet where she has been used this week in connection with the removal of the J. R. Morgan Logging Co.'s camp from Queen Charlotte City to Cumshewa. The Princess is expected back within the next few days.

Repairs to the hull of the Georgia River Gold Mining Co.'s power cruiser Georgia River, which went ashore some time ago in Portland Canal and was badly damaged, has been completed at the floats of the Pacific Salvage Co. here. It is likely that the Georgia River will not be taken back to Portland Canal until the season's operations commence at the mine after which she is named.

Japanese vs. Russians
Canada some years ago took steps to discourage Japanese fishermen in British Columbia waters by reducing the number of licenses in force and refusing Japanese the privilege of securing new ones, and now Soviet Russia has adopted strong measures against Japanese fishermen on the Siberian and Kamchatka coasts. Japanese fisheries interests are somewhat alarmed by the activity of the Russians on the Kamchatka fishing grounds and the reported intention of the Soviets to obtain control over a large proportion of the available fishing zones. It is reported that the Russians plan to take over more than fifty per cent of the salmon fishing zones on Kamchatka. Last year they held approximately forty per cent. Every year the authorities at Kamchatka hold an auction at which bids are offered for the fishing zones. The Soviet in the past restricted the activity of private Russian operators with the result that Japan has been able to obtain most of the territory. The Soviet has apparently changed its policy, however, and has authorized the Russian operators to go ahead and secure as many licenses as they desire. In order to further favor the Russians the license for Japanese fishermen

has been increased. The Russians are said to be very much offended by the strict measures enforced by Japan in its territory towards the Russian fishermen and competition among representatives on the two nations in rival territory is becoming increasingly bitter.

So many of the local boats having been in with their catches the week previous, Canadian halibut landings at Prince Rupert during the past week, Saturday to Friday inclusive, were light at a total of 115,000 pounds, while American landings, amounting to a total of 478,500 pounds, showed an increase over the week preceding. Toward the end of the week, prices showed an encouraging improvement after having stood at a rather low level since the opening of the season. Up to yesterday, a total of 1,344,000 pounds of halibut had been landed at Prince Rupert since the opening of the season, 441,900 pounds of this being Canadian fish and 902,100 pounds American.

The high price for Canadian fish during the week was 14.4c and 6c which the Prosperity A. was paid for 10,000 pounds and the low, 8c and 5c which the Cape Beale received for 27,000 pounds. The top American price of the week was 16.8c and 6c given the Zenith for 9,000 pounds and the low, 8.8c and 5c which several boats were paid.

WORK BEGUN ON BUILDING

Third Avenue Addition to Accommodate Increase in Business

An addition is being built to the back of the McKenzie Furniture store, Third Avenue to accommodate the increasing business of that firm.

The new building is being erected by Mitchell & Currie at a cost of approximately \$2,000. It is two storeys in height and will add a good deal to the possibilities of the premises. Work has already commenced.

PRINCE GEORGE, B.C.

C. N. R. steamer Prince Charles, Capt. E. Mabbs, arrived in port at 11:15 this morning from Vancouver and Ocean Falls en route to Stewart. The Charles has for the last three weeks been relieving the steamer Prince Rupert which is expected to return to service next month.

Capt. Arthur Slater, well known here as skipper of C. P. R. boats during the summer on the Alaska run, is back in harness again after a six months' holiday for the benefit of his health. He is at present in command of the steamer Princess Louise on the Vancouver-Victoria-Seattle run.

BUILDING BRITISH COLUMBIA'S PAYROLLS

LUMBERING

GASOLINE has eliminated the water shortage hazard from logging and lumbering operations—it provides power at all times, under almost all conditions. The importance of this fact may be gauged when it is considered the lumber industries payroll in British Columbia totals \$50,000,000, employing over 41,000 workers. Home Petroleum products supply a large percentage of the motor fuel and lubricants used by the lumbering industry in this province.

British Columbia's prosperity, payrolls and progress, depend on her industries. Support them!
