## COAST HALIBUT FISHERY MENACED

### INTERESTING POLITICAL CHANGES BEING MOOTED IN EAST

#### Capt. Jacob Engdal, President of American Boat Owners, Is Fearful of Foreign Threat

"To have an industry that includes 3000 men and some \$4,000,000 in invested capital knocked in the head by closing restrictions in order that foreigners may profit is not my idea of fair play," declared Captain Jacob Engdal, president of the Fishing Vessel Owners Association just before he left Ketchikan for the fishing banks last week.

Captain Engdal is owner and skipper of the halibut Eagle, one of the long line halibut boats, and he is interested in several other halibut vessels. He has been fishing halibut in Alaskan waters for the past 30 years.

#### SMELTERS EARNINGS FALL OFF

Gross Profits For First Six Months of This Year Barely Half of Those Last Year

MONTREAL, Aug. 19.—A sharp decline was shown in the earnings of the Consolidated Mining & Smelting Co. during the six months ending June 30 as compared with the same period last year. The drop is attributed entirely to the depreciation in metal prices. The gross profits were \$3,596,089 contrasted with \$7,433,331 in the corresponding period of 1929.

The directors favored the continuation of the usual dividends and bonuses unless, of course, metal prices should become demoralized, something that is not likely to develop.

#### Concrete Walk Payment Sought

City Council Hears That Government Has Not Yet Paid For Work Around Old Court House Square

Ald. G. W. Rudderham inquired at last night's council meeting as to whether the provincial government had yet paid for the concrete sidewalk which was built two or three years ago around the old government square and was told by Mayor Orme that, owing to evident misunderstandings, the account had not yet been paid. Mayor Orme recalled that this was one of the matters he had taken up in the course of a visit to Victoria at the first of the year on city business. He had been informed at that time by the deputy minister of public works that the account had been O.K.'d and a check would soon be issued. When it came to issuing the check, however, the auditor general had refused to sign it since the sum was not provided for in the estimates. The mayor had no doubt that the payment would be made at the earliest possible moment.

The account in question amounts to about \$5,000.

#### AIMEE HAS GONE BLIND

Noted Evangelist Is Fighting at Los Angeles to Regain Her Sight

LOS ANGELES, Aug. 19.—Aimee Semple McPherson, evangelist, was reported today by her private secretary, Emma Schaeffer, to have gone blind. She said that she had spent the night with Mrs. McPherson at her Malibu Beach cottage where, she said, the evangelist was fighting to regain her sight.

There is a hearing to be held in Seattle August 20 by the international fisheries commission on how to conserve halibut, and Captain Engdal will have a few things to say at that meeting.

#### Time and Money Spent

"Here is the situation at the present time," he continued. "I, along with other halibut vessel owners, have invested every cent in boat and equipment. We graduated from the smaller boats to larger ones costing from \$30,000 to \$40,000 each. We spent a great deal of time and money in exploring and developing new fishing banks.

"Now, what is the situation we are facing as the result of our experience and enterprise and investment?"

"Just this—fishing banks are closed to us which are open to foreigners. Japanese, Norwegians and Russians are allowed to fish the year round and some of them exploit banks which we have discovered while our hands are tied by a closed season. There are no restrictions for halibut men who may fish all the year around on the Atlantic seaboard. There are no restrictions for Japanese vessels that may fish in waters off the Alaska coast on banks which we have discovered. There are no restrictions for 10,000-ton Norwegian vessels, with 25 power dozes each, which are fishing in Greenland waters, and which may come to near-Alaskan waters.

**Alaska Singled Out**  
"The only restrictions there are have been imposed on American halibut fishermen in what is known (continued on page 5)

#### NOTICE TO MARINERS REGARDING THE PLACING AND CHANGING OF BUOYS

A notice to mariners which has just been issued announces that, effective today, the gas buoy at Alford Reefs at the entrance of Metlakatla Bay will be discontinued and a red steel conical buoy established in ten fathoms of water on the northeast side of the reefs and that the Tugwell reef black spar buoy will be discontinued and a black steel cylindrical gas buoy showing an occulting white light established in ten fathoms of water on the southeast edge of the reef. It is also announced that the black wooden spar buoy maintained off Alexander Point near Port Simpson will be discontinued.

#### Wool Plant at Toronto Burns

Half Million Dollars Damage Done at Weston in Conflagration Early Today

TORONTO, Aug. 19.—Damage estimated at \$500,000 was caused by fire which destroyed the buildings and stock of the Canadian Co-operative Wool Growers near Weston early today.

#### A Pensioner Chats With Young Bloods

Richard Campbell, Chelsea pensioner, with 23-years service in the Landers, chats with a couple of young bloods.

#### TEN BODIES ARE FOUND

Rescue Workers Are Continuing Operations In Ill-Fated Blakeburn Mine

COALMONT, Aug. 19.—Ten more bodies were discovered in the ill-fated Blakeburn mine last night. Rescue workers returning to the pithead just before midnight announced that the bodies were located on No. 1 slope. Rescuers had penetrated a distance of over 4,000 feet.

No attempt was made at identification and, with cave-ins partially blocking the main passage, it will probably be several days before the bodies can be brought out.

After damp is claimed to have caused the deaths.

#### CHURCHMAN IS INJURED

Cardinal Rouleau Broke Shoulder In Automobile Accident at St. Henri

QUEBEC, Aug. 19.—Physicians reported that His Eminence, Cardinal Rouleau, was resting comfortably after an automobile accident at St. Henri in which he suffered a fractured shoulder.

The Cardinal is 65 years of age and, apart from a heart malady, possesses a robust constitution.

#### NATIVE OF VICTORIA

British Columbia Distinguishes Himself in Rescuing Passengers of Steamer Tahiti

VICTORIA, Aug. 19.—The master of the steamer Ventura, which rescue 317 persons in the passengers and crew of the liner Tahiti which sank near Suva, is Capt. William R. Meyer, a native son of Victoria. He lived here for 20 years and, after finishing school in Toronto, served on all the earlier Canadian Pacific Express liners. He has been master of the Ventura for the last six years.

#### EXPIRES IN BUNKHOUSE

John Steele, Old Timer of District, Succumbed Yesterday at Galloway Rapids Road Camp

Having complained of not feeling well after breakfast, John Steele, well known in this district as a prospector and miner, was found dead yesterday morning about 11 o'clock in his bunk in the road camp near Galloway Rapids. The police were notified and the coroner visited the scene, determining that death had been due to natural causes.

The late Mr. Steele, who had been employed in the road work here for about three months, was 55 years of age and a native of St. Peter Bay, Prince Edward Island. He went in to the Yukon in 1906 and, since coming out of that country, had lived at Stewart, Anyox and other northern points engaged in prospecting. He was unmarried. A sister, Mrs. Fleming, lives in Vancouver and there is another sister in Prince Edward Island.

The B. C. Undertakers are in charge of funeral arrangements. It is possible that the body may be shipped east for burial.

#### NOW READY FOR PEACE

Mahatma Gandhi Still Seeks Dominion Status For India

LONDON, Aug. 19.—Reports from India that Mahatma Gandhi, Nationalist leader, had offered peace in a letter to the viceroy if Lord Irwin and the British government will pledge Dominion status for India at the forthcoming round table conference aroused deep interest today in official quarters.

#### VANCOUVER WHEAT

VANCOUVER, Aug. 19.—Wheat was quoted at 88½¢ on the local exchange today.

#### MORE TAX NOW PAID

Arrears in British Columbia Almost Cut in Half During Last Nine Years

VICTORIA, Aug. 19.—Tax arrears in British Columbia have been cut from \$6,964,135 in 1921 to \$4,771,981 last year, according to the annual report of Robert Baird, inspector of municipalities.

According to the report, taxes levied by British Columbia cities, districts and villages during 1929 amounted to \$18,382,232 and, including revenue from all sources, receipts amounted to \$38,228,779.

Taxes levied by the City of Prince Rupert during 1929 amounted to \$318,134.

#### AUSTRALIA COMING UP

Fought Way to Within Two Points of England in Cricket Test Match Today

LONDON, Aug. 19.—After several halts due to rain and bad light, Australia fought her way to within two runs of England with a first innings total of 405 in the fifth cricket test match at Kennington Oval today. Australia had still seven wickets in hand and was, therefore, in a very strong position.

#### The Weather

Eighth Cabin—Part cloudy, calm.

The total acreage now planted in rubber throughout the world is estimated at approximately 7,000,000 acres.

#### Premier Bennett May Recommend Return of Gov. Baron Byng

Special Despatch From Ottawa to Mail and Empire Suggests That Premier Tolmie May Be Lieutenant Governor

TORONTO, Aug. 19.—A despatch to the Toronto Mail and Empire from Ottawa predicts that Premier Bennett will suggest Baron Byng of Vimy's return to Canada as Governor General on the retirement of Lord Willingdon a year from now. The special despatch also suggests that Premier S. F. Tolmie may retire from the Prime Ministership of British Columbia to succeed Hon. R. Randolph Bruce on the expiration of his term as Lieutenant Governor of British Columbia.

The despatch further states that, if Hon. H. H. Stevens meets the wishes of Vancouver business men, Brigadier General Harold McDonald will be the chairman of the new Vancouver Harbor Commission.

#### FISH SALES

Summary

American—172,500 pounds, 8c. and 4c to 12.3c and 5c.

Canadian—24,700 pounds, 10.2c and 4c to 10.3c and 5c.

#### American

Kanaga, 30,000, Cod Storage, 9.3c and 4c.

Majestic, 49,000, Pacific, 9c and 4c.

Tordenskjold, 35,000, Booth, 8c and 4c.

Bolinda, 13,000, Atlin, 12.2c and 5c.

Zarembo, 7,000, Booth, 12.2c and 5c.

Alki, 4,500, Cold Storage, 12.3c and 5c.

#### Canadian

Atlin, 8,000, Cold Storage, 10.2c and 4c.

Gony, 11,500, Atlin, 10.2c. and 5c.

Margalice, 5,200, Booth, 10.3c and 4c.

#### (Monday's Seattle Prices)

Western-Lituya, 24,000, 14.3½c and 8c.

Local—54,000, 17½c and 9c.

#### BAD FIRES IN TIMBER

Situation Has Been Worse This Year Than Since 1922—Alleviating Rains at Week-End

The forest fire situation in the central interior portion of the province has been more serious this midsummer than since 1922 and much damage has been done to standing timber. Rains at the end of last week somewhat alleviated the situation although fires are still burning. Just previous to that some of the fires had become so strong that it was impossible to have men face them and all that could be done was to endeavor to hold the conflagrations.

One of the most seriously affected fire areas has been the region between Priestly and Endako stations on the Canadian National Railways where large fires have been burning both north and south of the track. One of these large fires has been burning since early in July while another was started last week, presumably being caused by lightning.

E. E. Gregg, assistant district forester, who arrived from there yesterday, went out again to the Priestly-Endako district on today's train.

#### NO NAME FOR HOTEL AS YET

"Chateau Thornton" Title Suggested Is Acknowledged By Head of Railway Company

A letter from Sir Henry Thornton, president of the Canadian National Railways, acknowledging a suggestion that the new hotel to be built here by the Canadian National Railways be named "Chateau Thornton" but stating that no consideration had yet been given to the matter of naming the proposed local hostelry, was received at last night's meeting of the city council. It was pointed out that three hotels now under construction for the company were to be named "Canadian National" and it was possible that the local hotel might be similarly named. However, consideration would be given to the suggestion that had been made by the council.

**THE DAILY NEWS**  
 PRINCE RUPERT - BRITISH COLUMBIA

Published Every Afternoon, Except Sunday, by Prince Rupert Daily News, Limited, Third Avenue  
 H. F. PULLEN - Managing-Editor

DAILY EDITION Tuesday, August 19, 1930

**PRINCE RUPERT WELL OFF**

Due to a great extent to the large work that is being carried out by the Power Corporation of Canada in hydro-electric development, Prince Rupert has found itself from a business and employment standpoint this year in a very satisfactory position. It is few if any places on the continent, or, possibly for that matter in the world, that can boast today, as Prince Rupert can, of no unemployment or so little that it is imperceptible. And for this happy state of affairs, Prince Rupert may well consider itself fortunately blessed in these days of universal hard times.

With the new tourist hotel construction promised and a highly successful salmon fishing season coming to a close while most other of the port's industries have been working at a normal basis and give promise of continuing to do so, the outlook is for a fairly, if not an exceptionally, prosperous winter. That is something that few cities in the world are looking forward to this year. Again Prince Rupert may consider itself more fortunately situated.

While Prince Rupert's ultimate prosperity may be linked up and dependent on the prosperity of the rest of the country and the world, it is a happy fact that, comparatively speaking, conditions should be so satisfactory as they are here today. It will mean that, when there is general prosperity again, this city will be in stride to go forward to even greater development and business. Meanwhile, we may all consider ourselves very well off.

**TRADE WITH NEW ZEALAND**

Premier Forbes of New Zealand has said that, if Canada discontinues buying butter from that Dominion, New Zealand will be compelled to take steps to shut out Canadian motor cars and other manufactured products from that market. Perhaps, many people are not cognizant of what this may mean. It is authoritatively stated that the value of Canadian manufactured products, the chief of which are automobiles, exported to New Zealand under the present agreement amounts to well over four times the value of the butter which Canada has been importing from New Zealand. Canada, in such a case then, would be by far the most serious loser if the present trade arrangements between the two Dominions should be dropped. The suggestion that it would be worth while for Canada to continue using New Zealand butter, therefore, seems to be a sound enough one particularly since it has been shown that, despite the New Zealand importations, Canada's dairying industry has actually increased in value and production during the past few years.

In disturbing the New Zealand or any other trade agreements, there are many things to be considered and, despite any statements that may have been made in the heat of the election campaign, it is to be expected that the government will move slowly and cautiously in any steps it may take to revise or abrogate the treaties.

**GIFTS FROM THE GODS**

British Columbia's salmon pack establishes new records. This year's pack to date, of nearly a million cases, is ahead of even the peak year, 1926.

Salmon wealth is new wealth. It is wealth that comes to this coast without productive effort. Silvery hordes that swarm to the shores of British Columbia furnish newly created riches.

They form the one resource that can be developed without depletion of future supply, that can be grown without cost, that are immune from the vagaries of the weather outside a cataclysm. Being food, they are in the basic department of human wants.

Salmon are the annual bequest of the sea, verily gifts from the gods.

**COUNT OF ELECTION**

Official Majority For Olof Hanson Over J. C. Brady Was 1024

Following the official count which was conducted yesterday, E. H. Mortimer, returning officer for Skeena in the recent federal election, announced that Olof Hanson, Liberal, was the successful candidate with a majority of 1024 over James C. Brady, his Conservative opponent and member of the last Parliament. The vote tallied: Brady, 4327; Hanson, 5351.

Following are the results

	Brady	Hanson
Alyanish	21	1
Alice Arm	45	51

**District News**  
**NEW HAZELTON**

Frank Martin and Douglas Lay returned to Hazelton on Sunday night after a trip into the Driftwood River towards the head of Blackwater Lake where Martin is conducting work on a promising copper property.

Miss Jean Burns and Miss Gladys Taylor were hostesses Monday night in honor of the birthday of Mrs. C. H. Sawie. Prizes at bridge were won by R. S. Sargent and Mrs. James MacKay.

Mitchell Newman of New Hazelton will teach at the Premier Mine School after the start of the coming term.

En route from Alaska to Seattle, Pilot C. L. Scott, with a Gorst Air Transport plane, and Miss Myrtle Smith as passenger arrived at Mission Point last Saturday night, continuing their southward flight the next day after resting for the night.

**ALICE ARM**

D. E. Kerr of Duncan, Vancouver Island, Grand Master of the Masonic Lodge in British Columbia, paid a visit to Alice Arm and Anyox last Thursday. Mr. Kerr was accompanied by W. F. Eve of Anyox, district deputy Grand Master; M. M. Stephens, Prince Rupert,

and William Gibb, Chris Kane and D. M. Campbell of Anyox.

Master Jimmy Dean of Anyox is spending a holiday here visiting with Mr. and Mrs. J. Graham.

A successful sale of work and home cooking was held Saturday afternoon by the Women's Auxiliary of St. Michael's Church, Alice Arm. Proceeds are being applied to the building fund of the new Alice Arm church.

**STEWART**

Miss Joan Mellor won the ladies' singles tennis championship of Stewart by defeating Miss Muriel Crawford, last year's champion, in the final by a score of 6-2, 3-6, 6-3.

The annual dance of the Stewart Tennis Club was held last Saturday evening in the Stewart Theatre. The affair was largely attended and, as usual, a great success socially.

The village commissioners have purchased from the Stewart Land Co. the building at present used as a fire hall. The price is \$750 payable at the rate of \$50 per month.

J. A. Anderson, road superintendent for Atlin district, passed through here last week enroute to Anyox after a trip to the Atlin, Telegraph Creek and Taku sections. He stated that everywhere he went things seemed quite active with ever widening prospects for increased development.

**NOT WANTED IN ENGLAND**

Former Resident of Prince Rupert Finds Himself a Man Without a Country

A Grimsby, England, newspaper has the following which will prove of great interest to many in Prince Rupert:

Some time ago there arrived in Grimsby, from Germany, a man named Alexander Eckoff, who had been deported and arrived here in such a state of penury that for a month he was the guest of the Grimsby ratepayers at the Scartho Road Institution. At the end of that time the Public Assistance Committee have been making inquiries with a view to recovering the cost of his maintenance. The latest letter, received from the Home Office, by the committee, stated that Mr. Eckoff left the country within a few days of leaving Grimsby.

Councillor Roberts said he understood the man had some valuable possessions, and wanted to know if any of these had been realised to recover the amount spent on him.

**TERRACE**

Mr. and Mrs. Abernethy and little daughter, Bobby, of Parksville, motored from Vancouver through the Fraser Canyon to Ashcroft then up the Cariboo via Prince George to Smithers where they left their car coming by train to Terrace to visit Mr. and Mrs. McNeill. They arrived Sunday morning.

There was no definite answer on this point, but Councillor Bloom said the man himself put the matter plainly—he did not want to come to England, and did not see why he should pay when he got here.

Councillor Roberts: I agree he did not know he was coming to England until he got here.

The Chairman (Councillor Omond) said he did not see that they could do much in this case, but there was a principle involved. This man wanted to get to Russia but Russia would not have him, and Germany would not have him, so they dumped him into the ever-open door, England. He had naturalisation papers issued by the Canadian Government, which had long expired, and the reason he was sent to England seemed to be that he had a British certificate issued by the Consul General, in Berlin, which described him as British subject by naturalisation. A few inquiries before that certificate was issued would have saved a lot of trouble. If this sort of thing went on then any undesirable could come here.

The Town Clerk said the main idea of the Committee seemed to be to insure that more care should be exercised in the issue of these certificates, and he suggested that a letter be written to the Home Office, asking upon what evidence the naturalisation certificate was issued by the British Consul General at Berlin.

The suggestion was adopted.

**PRINCE RUPERT EXHIBITION**  
 September 2, 3, 4, 5, 1930  
 OFFICIAL OPENING, TUESDAY, SEPT. 2nd, at 7.30 p.m.

**REDUCED RAILWAY FARES**  
 Fare and One-Third From PRINCE GEORGE to PRINCE RUPERT Good Going Aug. 30 to Sept. 5, Final Return Limit Sept. 8

**EXHIBITS**  
 It is expected that they will surpass anything yet shown, and will come from all parts of the country east, to Prince George, and the Queen Charlotte Islands.

**INDOOR ATTRACTIONS FROM WEST COAST THEATRES**

**ADOLPHE & CYNTHIA**—In a clever juggling and acrobatic dance act, wire walking and sliding stunts. Adolphe juggles with clubs, balls, sticks and hoops, and gives his audience a real thrill. Cynthia, young and pretty, in acrobatic and classical dance numbers.

**QUBY'S DOG ACT**—These dogs are beautifully costumed and do all the tricks known to this form of entertainment. They come to us through FANCHON & MARCO, Seattle, and are recommended as an outstanding act. Fun for the children and grown folks.

**KEN ROSS**—An acrobat of outstanding ability. He also comes to us through Fanchon & Marco, who recommend him very highly. His act is called "EDUCATED HANDS."

**BASEBALL - VANCOUVER VAC'S VS. PRINCE RUPERT**

The Prince Rupert Baseball Association have secured the famous VAC'S of the Vancouver Athletic Club, who are now leading the Vancouver Senior League, for a series of three games. This team is one of the best in British Columbia. Come and see how the local boys stack up against such a team.

**Indian Sports - Baseball - Football**  
 These games are for the Championship of Northern B. C. The boys are keen sportsmen and will provide a high standard of play.

**TWO BANDS AT FAIR**  
 Greenville Concert Band and Prince Rupert Boys' Band will be in attendance.

**CANADIAN UNITED SHOWS**  
 With their Merry-Go-Round, Sideshow, Jungle Girl, Boxers and Wrestlers and other attractions, will be in attendance.

**GRAND BALL - FRIDAY NIGHT, SEPTEMBER 5th, 1930**  
 EXHIBITION BUILDING—This dance needs no boosting as it is the OUTSTANDING EVENT of the year.

Gill Woods will work out tomorrow night at 8 p.m. at Empress Social Club. Public cordially invited. 193

Moose—Please attend a meeting tomorrow night at 8 o'clock. House committee meets.

Among guests registered recently at Jasper Park Lodge, Canadian National Rockies, were Mr. and Mrs. W. L. Sandison of Prince Rupert.

Bert Smith, assistant manager of the Premier Gold Mining Co., who has been on a trip to Vancouver, was a passenger aboard the ss. Prince Charles last evening returning north.

Miss Annie Roodie, school teacher at Old Massett, was a passenger aboard the Prince Charles last evening on her way back to the Queen Charlotte Islands after having spent the summer vacation in Vancouver.

Capt. McKay, master of the C.N.R. steamer Prince Charles, whose leg was infected from an insect bite recently on the Queen Charlotte Islands, had to leave his ship at Vancouver last Saturday to enter hospital. Capt. O. B. Jones, regularly chief officer, is in command of the Prince Charles on its present voyage north.

### Rheumatism 23 Yrs Discovers Way to Banish all Pain

Nothing Helped Till She Took "FRUIT-A-TIVES"

"Had rheumatism for 23 years. Hospitals couldn't help me. Was in bed when I took 'Fruit-a-tives.' They have done wonders. Can do my work and no more pain."—Mrs. A. N. Field, Wynyard, Sask.

Just one of thousands who say rheumatism, neuralgia, neuritis fly away quick with "Fruit-a-tives." Chronic constipation and liver troubles end overnight. Bad stomach, biliousness, indigestion, heartburn, gas vanish like magic. Kidney and bladder ills, pain in back go in hurry. Nerves quiet, sound sleep at once.

Ten of nature's greatest remedies combined in handy little tablet. Marvellous discovery of famous Canadian doctor. Speedy results.

Get "Fruit-a-tives" from druggist today. Sleep fine, wake up great.

Baseball tonight at 6.45. S.O.C. vs. Elks.

Basketball Wednesday, August 20, Edmonton Grads vs. Prince Rupert, Big Four vs. All Stars at 8 p.m. in Exhibition Hall. Adults \$1.00. Children 50c.

Miss M. Wilson of Remo and Miss J. McKay of Hazelton arrived in the city on the Prince Charles yesterday afternoon from Vancouver and proceeded to the interior by train.

A bylaw amending Main Sewer No. 1, bylaw providing for certain formal changes in the original measure was finally reconsidered and adopted at last night's meeting of the city council.

Accounts for the two weeks ending August 15, totalling \$222,070.80 were passed for payment at last night's meeting of the city council. The total amount included repayment of certain sums which had been borrowed from the bank.

A bylaw providing that the city shall pay certain proportions of local improvement costs in connection with the construction of cement sidewalks at street intersections was introduced at last night's meeting of the city council and given its initial readings.

The city council last night passed a resolution providing for the appointment of a special court of revision to consider assessments on certain local improvement by-laws. The date of the sitting of the court and its personnel will be announced later.

On motion of Ald. Rudderham and Ald. Black, the city council last night complied with a request from the Prince Rupert Trades & Labor Council asking for the exclusive use of the Acropolis Hill Grounds on September in connection with the annual Labor Day celebration.

Ald. James Black mentioned at last night's meeting of the city council that the plank roadway at the end of Sixth Avenue toward Seal Cove was in very bad shape and already cars had gone through the road there. At the suggestion of Ald. Macdonald, the matter was referred to the city engineer and Board of Works for attention.

The report of Fire Chief D. H. McDonald for the month of July, presented at last night's city council meeting, stated that there had been four alarms during that month with loss of \$7 covered by insurance. Expenses of the department for the month had amounted to \$1,222.90. The usual inspections had been made of equipment which was found to be in good order.

A letter from Adjutant William Kerr, local commandant of the Salvation Army, inviting the mayor to preside and the aldermen to be on the platform next Sunday at a public lecture to be given by Commissioner Hoggard of Winnipeg and also expressing the hope that local citizens in large numbers would avail themselves of the opportunity to hear this distinguished speaker, was read at last night's meeting of the city council. The communication will be suitably acknowledged and as many members of the council as possible will attend the meeting. Commissioner Hoggard will be here in connection with the holding of the annual district congress of the Army, the first time that the gathering has taken place here.

Dinnerware, china, crockery, glassware. Heilbronner's Store.

Boxing—Bagshaw vs. Woods, 10 rounds, Exhibition Building, Friday, August 22. 195

Mr. and Mrs. A. Stone, who have been on a trip to Vancouver, returned to the city on the Prince Charles yesterday afternoon.

A resolution conveying lots 23 and 24, Block 21, Section 5, to Jas. Krikevsky was passed at last night's meeting of the city council.

Rabbi M. Pastinsky of Vancouver arrived in the city on the Prince Charles yesterday afternoon from the south, being here on ecclesiastical duties.

John Robinson appeared before Magistrate McClymont in city police court this afternoon and was fined \$20.00 for assaulting Mike Gurvich.

Mr. and Mrs. F. E. Gigot and two children of Anyox, who have been on a trip to Vancouver, were passengers aboard the ss. Prince Charles last evening returning to the smelter town.

Mrs. Robert Blance and daughter, Miss Marjorie Blance, who have been spending the summer vacation at Victoria, returned to the city on the Prince Charles last evening from the south.

Kitty Green and George Brown, Indians, for drunkenness, were each fined \$15, with option of fourteen days' imprisonment, by Magistrate McClymont in city police court this morning.

Motorship liner Northland, Capt. Len Williams, arrived in port at 10.30 this morning from Ketchikan and after discharging 8,450 cases of Alaskan canned salmon for transshipment East over the Canadian National Railways, will sail for Seattle.

Bill Rust-D'Eye arrived in the city on yesterday's train from Terrace enroute to his home in Eastern Canada via Vancouver. He has been spending his summer holidays with his uncle and aunt, Mr. and Mrs. R. L. McIntosh, at "The Crossways," Kalum.

G. H. Kohl, locating engineer for the Power Corporation of Canada, who has been spending the past three weeks here and in the Stewart district, will sail on the Prince Henry tomorrow morning for Vancouver whence he will proceed next month to his headquarters in Montreal.

### Canada and Great Britain Divided Honors Yesterday At British Empire Games

HAMILTON, Aug. 19.—Swimming competitions last night topped off a full day's program of the British Empire Games that included the Canadian canoe championships, Empire lawn bowling and Empire high diving. Canada's women swimming stars bowed to those from England in both women's events but men representatives of the Dominion annexed for Canada the other two events on the night card. England's relay team accounted for the women's 400 yard team event while Joyce Cooper won the 100 yard backstroke. Munro Bourne of Montreal won the men's 100 yard free style while Jack Aubin of Toronto captured the 200 yards breast stroke event.

In the afternoon Alf Phillips of Toronto won the Empire high diving event for men and Pearl Stoneham of Montreal won the women's title.

Lawn bowling events, which are not yet finished, found Canada and England occupying leading positions as a result of the singles, doubles and rink competitions.

Canoeists of Lachine, Quebec, swept to victory in Canadian title events for paddlers.

### GILL WOODS UNDEFEATED

Vancouver Scrapper Has Yet to Lose His First Fight

This boy Gill Woods, who meets Billy Bagshaw in the 10-round main event at the Exhibition Building on Friday evening, is apparently some "sweet" fighter, as reports from Vancouver indicate he has yet to lose his first start, having a number of clean-cut victories to his credit as well as several sensational "draws" against such boys as George Ainsworth, Charlie McKinnon, Billy Townsend's sparring partner, Harry Marshall (three times) former lightweight champion of B.C., and others.

Woods will reach the city on tomorrow's boat and will work out at the Empress gym. at 8 o'clock the same evening so that local fans may "look him over."

Probably the largest alligator farm in the world is located at St. Augustine, Fla., where 6000 alligators of all sizes are housed.

### SPORT CHAT

The final practice of the local girls' basketball team, in preparation for the match tomorrow evening with the Edmonton Commercial Grads took place last night. The local girls are now in the pink of form and are looking forward to the contest with considerable hope of being able to make a good showing. The local team consists of Julia Walters, captain, Sue Boddie, Evelyn March, Cath Irvine, Margaret Gilchrist, Phyllis Harvey and Ella Steen.

A team of girls from Vancouver is in Hamilton for the Empire Games. These include Lillian Palmer, who made a world's record at the Dominion Day sports in Vancouver; Mary Frizzell, who is senior high school champion, Frankie Davis, who competes in the discus and baseball throwing events and the high jump, and Jean Thomson, who is a brilliant all-round athlete, who may place in either the sprints or the broad jump.

In a recent women's international meet between England and Germany, England recorded wins in the 100 metres, 200 metres, 800 metres, the 400 metres relay, the high and long jump. Germany was very easy the winner in field events, the javelin and discus-throwing and the putting the shot.

### Billy Townsend Decisions Glick

TORONTO, Aug. 19.—Billy Townsend of Vancouver took a decision from Joe Glick of Brooklyn in a 10 round bout here last night.

### HOME RUNS WERE MADE

Gehrig Boosts His Total to 35 While Hack Wilson Poles Out Forty-Second

NEW YORK, Aug. 19.—The Yankees fell on the White Sox for 16 hits and an easy victory in the American League yesterday. Lou Gehrig hit his thirty-fifth home run of the season.

Philadelphia Athletics put on an eighth inning rally after Cochrane had hit a home run to defeat St. Louis Browns.

Washington Senators took the final game of a series from Detroit Tigers.

In the National League, Chicago Cubs added another game to their lead over Brooklyn Robins in the pennant race and half a game over the New York Giants by walloping Philadelphia. Hack Wilson hit his forty-second homer of the season.

Pittsburg Pirates nosed out a victory over Brooklyn in the ninth.

Yesterday's scores:

- National League  
Brooklyn 3, Pittsburg 4.  
Philadelphia 3, Chicago 17.
- American League  
Detroit 6, Washington 11.  
St. Louis 4, Philadelphia 6.  
Chicago 4, New York 11.  
Cleveland-Boston, rain.

### YACHTSMAN GOT WHALE

New Sort of Sport Enjoyed on the Queen Charlotte Islands By American Visitor

An American yachtsman, who called here recently, was successful in bagging a whale off Cape St. James at the south end of the Queen Charlotte Islands. The boat was fitted up with a whaling gun on the stern and the party went on the whaling expedition for sport.

After the whale had been harpooned, the Consolidated Whaling Corporation was notified and the big mammal was towed into the whaling station at Rose Harbor.

### Anox Scouts Enjoying Camp

Boys From Smelter Town Having Outing at Kalum Lake

TERRACE, Aug. 19.—The Anox Boy Scouts are camping at Kalum Lake, under the leadership of Scoutmaster Gale. All are delighted with the beauties of the scenery and sparkling little lake.

### Twenty Years Ago In Prince Rupert

August 19, 1910  
The Tsimpsan Light & Power Co. has sent R. Brutinel of Edmonton to Prince Rupert to commence operations on an electric light and gas plant here. Several million dollars will be spent in the city within a few years. By the end of November, gas fuel will be available.

The city is assuming gala attire to welcome Sir Wilfrid Laurier, Premier of Canada, who will arrive tomorrow from Vancouver aboard the steamer Prince George. The Prime Minister will spend several days here and great plans have been made for an ambitious reception which will be tendered him. Merchants and business men will close their places part of tomorrow afternoon.

W. S. Sargent has returned to Hazelton with news of the discovery of a vein of galena ore on Rocher de Boule Mountain seven or eight miles south of town and three or four miles from the railway line. He says that the ledge is from three to eight feet wide and a thousand feet in length.

Daily News "Want Ads" bring quick results.

### LOCAL ITEMS

F. D. Mathers of the B. C. Packers sailed last night on the Prince William for a trip to South Bay on company business.

Mrs. D. E. Murphy and daughter, Miss Marie Murphy, will sail on the Prince Henry tomorrow morning for a trip to Vancouver.

Thomas Trotter returned to the city on the Prince Charles yesterday afternoon from a brief business trip to Vancouver.

Miss Margaret Johansen arrived from Stavanger, Norway, on Saturday, and is staying with Mrs. C. Jensen, 321 Eighth Avenue West.

Mrs. E. J. Armstrong, who has been visiting at Langara Light, Queen Charlotte Islands, will sail this afternoon by the Catala on her return to Vancouver.

F. S. Walton, C.N.R. roadmaster here, and Mrs. Walton and child will sail on the Prince Henry tomorrow morning for a vacation trip to Vancouver and Victoria.

Union steamer Catala, Capt. A. E. Dickson, returned to port at 2.45 this afternoon from Anox. Stewart and other northern points and will sail at 3.30 for Vancouver and waypoints.

C. L. Monroe, Government agent, and G. Marshall of Victoria sailed last night on the Prince William for Queen Charlotte City. They will return to the city on the Prince Charles Thursday morning.

Union freighter Chilkoot, Capt. W. W. Mounce, arrived in port at 11 o'clock last night from the south and, after a brief stay here, sailed for Wales Island whence she will sail on her return to Vancouver.

F. H. Cameron sailed last night on the Princess Charles to make the round trip to Stewart, Anox, and Masset Inlet points. He will be accompanied home by Mrs. Cameron and family who have been visiting at Anox.

Mrs. L. M. Fuller and family will sail on the Prince Henry tomorrow morning for Victoria where they will take up future residence. Mrs. Fuller has lived here for many years and her departure from the city will be regretted by a host of friends. She has been particularly active in the work of the Ladies of the Royal Purple.

J. H. Meagher, pioneer halibut fisherman of this city and formerly local agent for the Deep Sea Fishermen's Union, and Mrs. Meagher will sail on the Prince Henry tomorrow morning for Vancouver enroute to San Pedro, California, where they plan on taking up future residence. Their departure from Prince Rupert will be regretted by many friends. Their son, Kenneth Meagher, is already in San Pedro.

## Grains of Wheat and Rice Shot from Huge Guns

To make them twice as delicious . . . twice as digestible

How exploding 125 million food cells makes Puffed Wheat and Puffed Rice as nourishing as hot cooked cereals.

HAVE you tasted this utterly different kind of cereal . . . Puffed Wheat and Puffed Rice . . . the crispest, crunchiest cereal on the market today?

Puffed Wheat and Puffed Rice are different because they're made differently. Choice full-flavored grains of wheat and rice are sealed in huge bronze guns. Then revolved in fiery ovens. This expands the natural moisture in the millions of tiny food cells. Then the guns are fired. Causing 125 million explosions in every grain.

Every tiny food cell is blasted open. The grains are made as completely digestible as though they had been cooked for hours. Hence Puffed Wheat and Puffed Rice are virtually as nourishing as hot cooked cereals.

These grains "shot from guns" become 8 times normal size. They have all the buttery crispness of fresh toast. They taste like sweet new nut-meats. Never before was rich grain nourishment made so delectably good to eat. Order Puffed Wheat and Puffed Rice from your grocer today. The Quaker Oats Company.

QUAKER PUFFED WHEAT AND PUFFED RICE

### News of the Mines AROUND PRINCE RUPERT

Esperanza Property Will Resume Operations Under New Management In Near Future

The Esperanza mine at Alice Arm, which has been inactive lately owing to the low price of silver, is expected to resume operations shortly under new management. Negotiations are being conducted by the Esperanza Co. with Seattle interests for the transfer of the property and, if these are successful and the property comes under new ownership, further development of the mine will be undertaken. Harry B. Bowyer recently examined the property on behalf of the Seattle interests and it is probable that a deal will be concluded some time this summer or in early fall. Development work would then, it is understood, be carried on on a much larger scale than in the past. This year's work on the property has disclosed a nice vein of high grade silver ore which is said to have been traced on the surface for a distance of 800 feet varying in width from one to five feet. Samples taken across the vein are reported to have given assay returns of 700 ounces in silver and 44 gold per ton. Should the deal now being negotiated fail to transpire, the Esperanza Co. plans to continue No. 9 tunnel until the ore body, which contains good gold values, has been encountered at depth. The Esperanza, which has been operated for many years, has already shipped a considerable quantity of high grade silver ore but, owing to the limited amount of development work done, its ore reserves are unknown.

CAPT. JACOB ENGDAL, PRESIDENT OF AMERICAN BOAT OWNERS, IS FEARFUL OF FOREIGN THREAT.

(Continued from page one)

Alaskan waters. Moreover, we are asked to foster and breed fish under conservation rules so that these foreigners may profit at our expense.

"Now, mind you, I am all for conservation of the halibut banks. Regulations are necessary in order to perpetuate the halibut. But why should the Alaska fishermen be made the goats?"

"Until an international treaty can be arranged with Japan and Russia and other countries I am in opposition to having a closed season as is proposed for conserving halibut, but an all year open season west of Cape St. Elias. This would give employment to the bigger boats the year around. They would have winter fishing when the prices are the best and the fish can be shipped to the market in the best of conditions.

"For instance, this season the halibut boats so far have made little more than expenses. It will cost them almost as much to lay their boats up during the winter as to keep them in commission, owing to insurance, depreciation and care.

"On the other hand, a longer closed season will mean that our initiative and enterprise in investing our savings in large and modern halibut boats is penalized. We shall have to throw the big boats into the discard and go back to small boats again.

"If this is done it will mean that the small boats cannot fish out of Ketchikan and Seattle and Prince Rupert, but must all move to the westward. You can figure out yourself what that will mean to Ketchikan, Juneau, Petersburg and other more southerly ports. Besides, if the season were open the year around most of us would move our families to Ketchikan. At the present time, it is hardly worth while to do so.

"To help conserve the halibut I would recommend the closing of breeding and nursery grounds at Cape Addington, Massett, certain parts of Hecate Straits and the Gulf of Cook Inlet.

"After this is done, then allow us to fish in open competition with the Japanese and others in international waters. As I have said, Alaskan fishermen, at their own expense and without the aid of light-houses or other help, have risked their boats and prospected for halibut banks which are now inviting foreigners to come in and exploit while the season may be closed against us.

"To conserve and breed fish in Alaskan waters for foreigners to catch while our hands are tied is not my idea of conservation. We should at least be given an even break with them. You probably know that most of the halibut now is caught in international waters. We fish sometimes 150 miles offshore. But we cannot fish in these international waters during the closed season as we are not allowed to market our product in the United States.

"Japanese Threat  
"Don't make any mistake about the Japanese threat not being real. You may hear that they have not yet begun to fish halibut off the coast of Alaska. But they were off the coast this summer fishing and they will soon be there in force. Furthermore, there is nothing to prevent the 10,000-ton Norwegian vessels now fishing in Greenland waters from invading Bering Sea and the North Pacific. Those vessels carry their own cold storage plants.

"Therefore, it simmers down to this proposition—are the American fishermen of the North Pacific to be handicapped by their own government from fishing in international waters while the whole world is invited to fish there and even catch fish which are conserved and bred in Alaskan waters?"

**Question Is Vital**  
"This is something," concluded Captain Engdal, "that is of interest not only to fishermen, but of vital interest to every resident of Alaskan and North Pacific towns. It was not the American practice in the past to penalize enterprise and industry. "If 30 years' experience in the industry and all the money I have invested in boats are to be scrapped by a few restrictive regulations my work will have been in vain. I don't believe that once business men and others are aroused to the true condition that such an un-American policy will be allowed to prevail."

## BRINGING UP FATHER

MAKE YOUR WANTS KNOWN THROUGH DAILY NEWS WANT AD. COLUMNS

## DAILY ROUGHAGE IS AN ESSENTIAL IN ANY DIET

Kellogg's ALL-BRAN Is Effective Relief for Constipation. Also Adds Iron to the Blood

Do you suffer from constipation? Are you one of those who have tried one "vest pocket cure" after another and still have no sense of permanent relief? If so, this is big news to you! Kellogg's ALL-BRAN is natural, effective relief for both temporary and recurring constipation. It is the original—and today is included in the diets of millions of people who formerly suffered from constipation.

When roughage is missing from food, constipation is the consequence. The soft foods we eat today seldom include enough roughage. The simple necessity, then, is to see to it that sufficient roughage is included in our food.

Kellogg's ALL-BRAN is the bulk that your system requires.

In addition, it is rich in iron. Scientific research proves that nearly all this iron is absorbed by the system, building red blood and bringing the glorious color of health to the complexion.

Kellogg's ALL-BRAN is positively guaranteed. Your money will be returned if you are not satisfied. Be sure to include it in reducing diets as a preventive for both constipation and anemia.

There are so many ways you can eat Kellogg's ALL-BRAN and enjoy it. In any form, it is appetizing. It is delicious with milk or cream. Sprinkle it over cereals and soups and notice the added flavor. Many people soak it in fruit juices. Excellent in cooked foods. Your grocer has Kellogg's ALL-BRAN in the red-and-green package. It is served in hotels, restaurants and dining-cars. Ask for it! Made by Kellogg in London, Ontario.

"Improved in Texture and Taste."

## MAYOR TO GO SOUTH

Will Attend Annual Meeting Next Month of Union of B. C. Municipalities

On motion of Ald. Macdonald, seconded by Ald. Black, the city council last night decided that Mayor C. H. Orme should be a delegate to the annual convention of the Union of British Columbia Municipalities which will be held next month in the south.

Various aldermen, in the course of discussion, expressed themselves as being strongly in favor of being represented at the convention in view of the number of questions of importance to this city which would be coming up. The subject was introduced by Ald. S. D. Macdonald.

## GIRL GUIDES AT TERRACE

Are Having a Busy and Happy Time—Presentation Made

TERRACE, Aug. 19.—The Girl Guides of Prince Rupert arrived last Friday to take up camp on the Atwood farm across the river from town. Captain N. Rogers is in command and the girls are enjoying a happy outing.

On Saturday evening Tawny Owl Motte presented to Captain Rogers, on behalf of the Guides, a large souvenir key to the Guide camp, as a token of their appreciation.

Sunday evening there was a parade to the United Church for service.

On Monday two patrols with Brown Owls Norrington and Motte, made a trip to Lakelse with Mr. Bishop. The other two patrols expect to go soon and a picnic is to be arranged for the remainder of the girls.

## TO CLOSE SIDEWALK

City Council Forced to Take This Step on South Side of Third Avenue East of McBride

The existing plank sidewalk on the south side of Third Avenue from the Smith Block down to McBride Street is to be closed on account of it being in a very dangerous condition and, unless property owners concerned who have already turned down two new sidewalk plans petition to have a new walk built under the local improvement plan, no effort will be made by the council to keep the existing walk in repair meantime. The view was expressed by Mayor C. H. Orme, Ald. W. M. Brown, chairman of the board of works, and others that the council had done everything in its power to have a new sidewalk built here and, as the property owners had opposed all plans that had been brought forward, there was no other alternative but to close the existing walk. Ald. S. D. Macdonald made a plea for protection for merchants who were occupying rented premises and whose businesses might be affected by such action as was proposed. Ald. Macdonald was instrumental in having the council decide to give the property owners concerned two weeks' time in which to enter a petition for a new walk instead of closing down the walk immediately as was proposed. The motion covering the matter also included a clause providing for the putting in of a cinder or some such sort of walk along the gutter should it be found necessary to close the present board walk.

The matter was brought up in connection with the reading of a report from the city engineer stating that the wooden walk was in a dangerous condition and should be closed. Cost of temporary repairs, Mr. Good estimated at \$1,000 with the possibility that further repairs would probably be needed in about nine months' time.

Ald. Pillsbury moved that the walk be closed, this motion being seconded by Ald. Brown. At this point, Ald. Macdonald declared that business people occupying rented premises were entitled to some measure of protection. The same condition applied to all remaining board sidewalks in Section One, Ald. Pillsbury replied.

Ald. Brown said that if Ald. Macdonald or any citizen had any suggestion to offer to the board of works as to how the situation could be met, it would be heartily welcomed. The board of works, having already submitted two local improvement plans which had not found favor with the property owners, was unable to do anything more. It was up to the property owners and not to the city to protect the occupants of rented premises, Ald. Brown felt.

Ald. Linzey thought that the first matter to be considered was the safety of the citizens and he thought it was the duty of the council to close dangerous walks.

Ald. Black agreed with the view that it was up to the property owners and not the city to provide the walk.

Ald. Rudderham thought it was up to the property owners. He made the proposal for a cinder walk along the gutter should the present walk be closed.

Mayor Orme thought that the only way to bring the matter to a head was to close the sidewalk.

After further discussion, it was decided to give the property owners two weeks' chance to petition for the new sidewalk before closing the present one and, if it became necessary finally to close the walk, to put in a cinder path along the gutter.

## Overall Bridge Party Terrace

Ladies Who Came Otherwise Garbed Thrown in Lake

TERRACE, Aug. 19.—Mrs. McKenny and Mrs. E. T. Kenney entertained at a bridge party where overall were the order of the day. The penalty of other dress was a duck in the lake. Prize winners were first, Mrs. D. D. Munro; second, Mrs. G. Keith, consolation, Miss Kerr.

P. W. Baldwin, local auditor for the Canadian National Railways at Vancouver, accompanied by his wife, mother and three daughters, arrived in the city from the south on the Prince Charles yesterday afternoon and immediately embarked by the Prince Rupert to return south.

## ARE WEDDED IN TORONTO

Miss Georgina Hunter and Miss Anne Castell Brides at Recent Quiet Ceremony

A quiet double wedding of much interest in Prince Rupert took place at 10 o'clock on the morning of Saturday, August 2, in Toronto, Rev. Dr. George Little of Westminster Presbyterian Church officiating, when Miss Georgina Iris Hunter, daughter of Mr. and Mrs. D. McD. Hunter of Prince Rupert, became the bride of Russell McIlraith of Cobourg, Ont., and Miss Anne Castell, daughter of Mr. and Mrs. E. C. Castell of Evelyn, was united in marriage to John Spiers of Toronto. Miss Hunter chose for her wedding costume brown flowered chiffon with French lace hat and brown kid shoes and brown hosiery. She had a corsage bouquet of sunburst roses and lilies-of-the-valley.

Miss Castell was married in a flowered chiffon dress with lace hat. She wore beige shoes and had a corsage bouquet of sweet peas with maidenhair fern.

There were present at the ceremony only the contracting couples and they witnessed each other's nuptials.

After the ceremony, Mr. and Mrs. McIlraith and Mr. and Mrs. Spiers dined to Cobourg, Ont., where a wedding luncheon was served in the Blue Bird Inn. Following the luncheon, the couples continued their tour to Picton, Ont., district.

Mr. and Mrs. McIlraith will reside in Cobourg, Ont., where the groom is engaged in the woollen knitting business. The bride lived in Prince Rupert since early girlhood with her family. She attended the local schools and graduated as a nurse from the Prince Rupert General Hospital three years ago. The groom was a member of the dry dock staff here several years ago.

Mr. and Mrs. Spiers will reside in Toronto where the groom follows the occupation of a traveler. Miss Castell was also a graduate from the Prince Rupert General Hospital nurses' training school.

Chilled Soft Drinks That Warm the Heart

BY EDWINA NOLAN  
Director of Home Service, General Electric Refrigeration Department  
HOT summer days and evenings bring the urge for cooling, refreshing drinks and there are many that are literally loaded down with minerals and vitamins, so much so that you might believe them little short of a doctor's prescription. Yet they can be made easily in the home and they add so much to a bridge party, tea party or an ordinary meal.  
Bowls of electric-refrigerator fruit punches and tall pitchers of carbonated soft drinks, with the merry tinkle of ice cubes, help to drive away thoughts of sultry weather. The mixed fruit drink is enticing, but it should be allowed to ripen, which process takes about an hour or more. All ingredients, except the effervescent water and ice, should be mixed and placed in the refrigerator until the different fruits are assimilated. Instead of half a dozen distinctive flavors, the ingredients blend into a single surprisingly delicious flavor. Any beverage is successful that includes the juices of some of the tart fruits, such as lemons, sour oranges, rhubarb or elder from tart apples. Mint always adds much in flavor and gives the drink a cool appearance.  
Cold punches and drinks lose their zest if they have too much sugar. And a bit of salt will improve the flavor. Drinks will shake or well beaten just before serving have a better taste and a greater appeal to the eye. The best foundation for many fruit punches is lemonade or grape juice or a combination of both.  
Milk, next to water, is the most important beverage and milk may be changed from the commonplace into a delicate novelty with chocolate syrup, caramel or fruit syrups, with a bit of strong coffee, a few drops of vanilla or other extract, or with ginger ale or root beer.  
For a special milk drink, there may be added a beaten egg white, a cherry and the top powdered with chopped nuts. A milk shake taken on a company air if a sprig of mint is put into each glass. Sometimes grated orange rind may be added. Such drinks, though, must be served cold.
