## SECOND NARROWS BRIDGE AGAIN HIT

## BRITAIN IS DISAPPOINTED AT BENNETT'S TARIFF CHANGES

### Log Carrier Crashes Into Span Today and Large Damage Done

Will Cost \$250,000 to Make Repairs and Traffic May Be Interrupted For Three Months—New Steel Will Have to Be Fabricated

VANCOUVER, Sept. 19.—Damage estimated at \$250,000 was caused to the Second Narrows bridge joining Vancouver and North Vancouver this morning when the log carrier Pacific Gatherer, in tow of the Pacific Coyle Navigation Co.'s tug Lorne, crashed into the three hundred foot north span. The accident happened shortly after 9 o'clock and, two hours later when the Pacific Gatherer was released, the span collapsed and dropped into deep water. Bridge officials state that new steel will have to be fabricated before repairs can be made and this may cause interruption to traffic for three months. Meantime, the ferry boats across the harbor will once again get all the business between the city and the North Shore. The bridge has been knocked down many times before by shipping.

### SENATE IS IN FAVOR

Federal Government's Unemployment Relief Bill is Ratified

OTTAWA, Sept. 19.—Without division, the Senate yesterday ratified the government's bill to establish a fund of \$20,000,000 for unemployment.

### WAS KNOWN WELL HERE

Andrew Brownlie, Formerly With G. T. P. Engineering Department, Dies in South

VICTORIA, Sept. 19.—Andrew L. Brownlie, for many years in the engineering department of the British Columbia Coast Steamship Service and subsequently of the Grand Trunk Pacific Steamships, died in Los Angeles on Monday last. The body will be brought here for burial.

The late Mr. Brownlie was very well known in Prince Rupert. He was at one time chief engineer on board the steamers Prince Rupert and Prince George and later became superintendent engineer for the company. He left the service of the Grand Trunk Pacific Coast Steamship Co. about the time it was taken over by the Canadian National Railways.

### TRAIN TIMES ARE CHANGED

Hours of Arrival and Departure Here Will Be Same as Those of Last Winter

Under the thrice-a-week train service which will be resumed for the winter on the local line of the Canadian National Railways starting September 28, trains will leave for the east at 11:30 Monday, Wednesday and Saturdays mornings and arrive here from the east at 3:30 Sunday, Tuesday and Thursday afternoons. The schedule will be identically the same as that of last winter.

### AMENDMENT BY PROGS

Prairie Farmers and Others Not Satisfied With Bennett Tariff Proposals

OTTAWA, Sept. 19.—Representing various Progressive groups in the House of Commons, E. J. Garland, United Farmer member for Bow River, Alta., yesterday moved an amendment to the Liberal amendment on tariff proposals. The sub-amendment states in part: "The proposals of the government do not constitute a permanent or general cure for unemployment. In particular, they will not enable us to secure markets for our agricultural products. In general, this House is further of the opinion that the solution of our problems can only be found by the adoption of co-operative principles in production and distribution and by the public control of credit."

### WOULD RESTORE PROSPERITY IN GREAT BRITAIN

LONDON, Sept. 19.—A group of the greatest figures in British industry and finance have determined to establish a national council of industry "to restore the prosperity of the country if humanly possible." The group includes Sir William Morris, automobile manufacturer, Lord Melchett, Sir Hugo Hirst and Sir Cunliffe Owen.

### HAVE LEFT FOR HERE

Mr. Justice W. A. Macdonald and Party on Way to City to Conduct Watt Investigation

VANCOUVER, Sept. 19.—Mr. Justice W. A. Macdonald left here on the steamer Princess Louise last night for Prince Rupert where he will conduct an enquiry into the case of Norman A. Watt who was dismissed as government agent there. His Lordship is being accompanied north by W. H. Allen, clerk of the Supreme Court registry, and George Johnson, court stenographer.

### MURDERER NOT FOUND

Provincial Police Officers Continue Search For Killer of Houston Farmer

Reporting that no arrests had yet been made although a number of clues were being followed up, Inspector William Spiller, divisional officer commanding, provincial police, returned to the city on today's train from Houston where, after a trip into the Peace River country, he stopped off to investigate the circumstances of the murder of Charles Yock, well known and popular rancher of that district. Yock's body was found under a heap of sprouted potatoes in a small cellar under his cabin with several injuries on the head. In the same hole was found a bloodstained placard. The discovery was made on September 15 and Yock was last seen alive on September 7. After a coroner's jury had been formed and the body viewed, the inquest was adjourned until October 8 and the remains interred. Meantime provincial police officers under Sergeant W. J. Service of Prince George are making a thorough investigation.

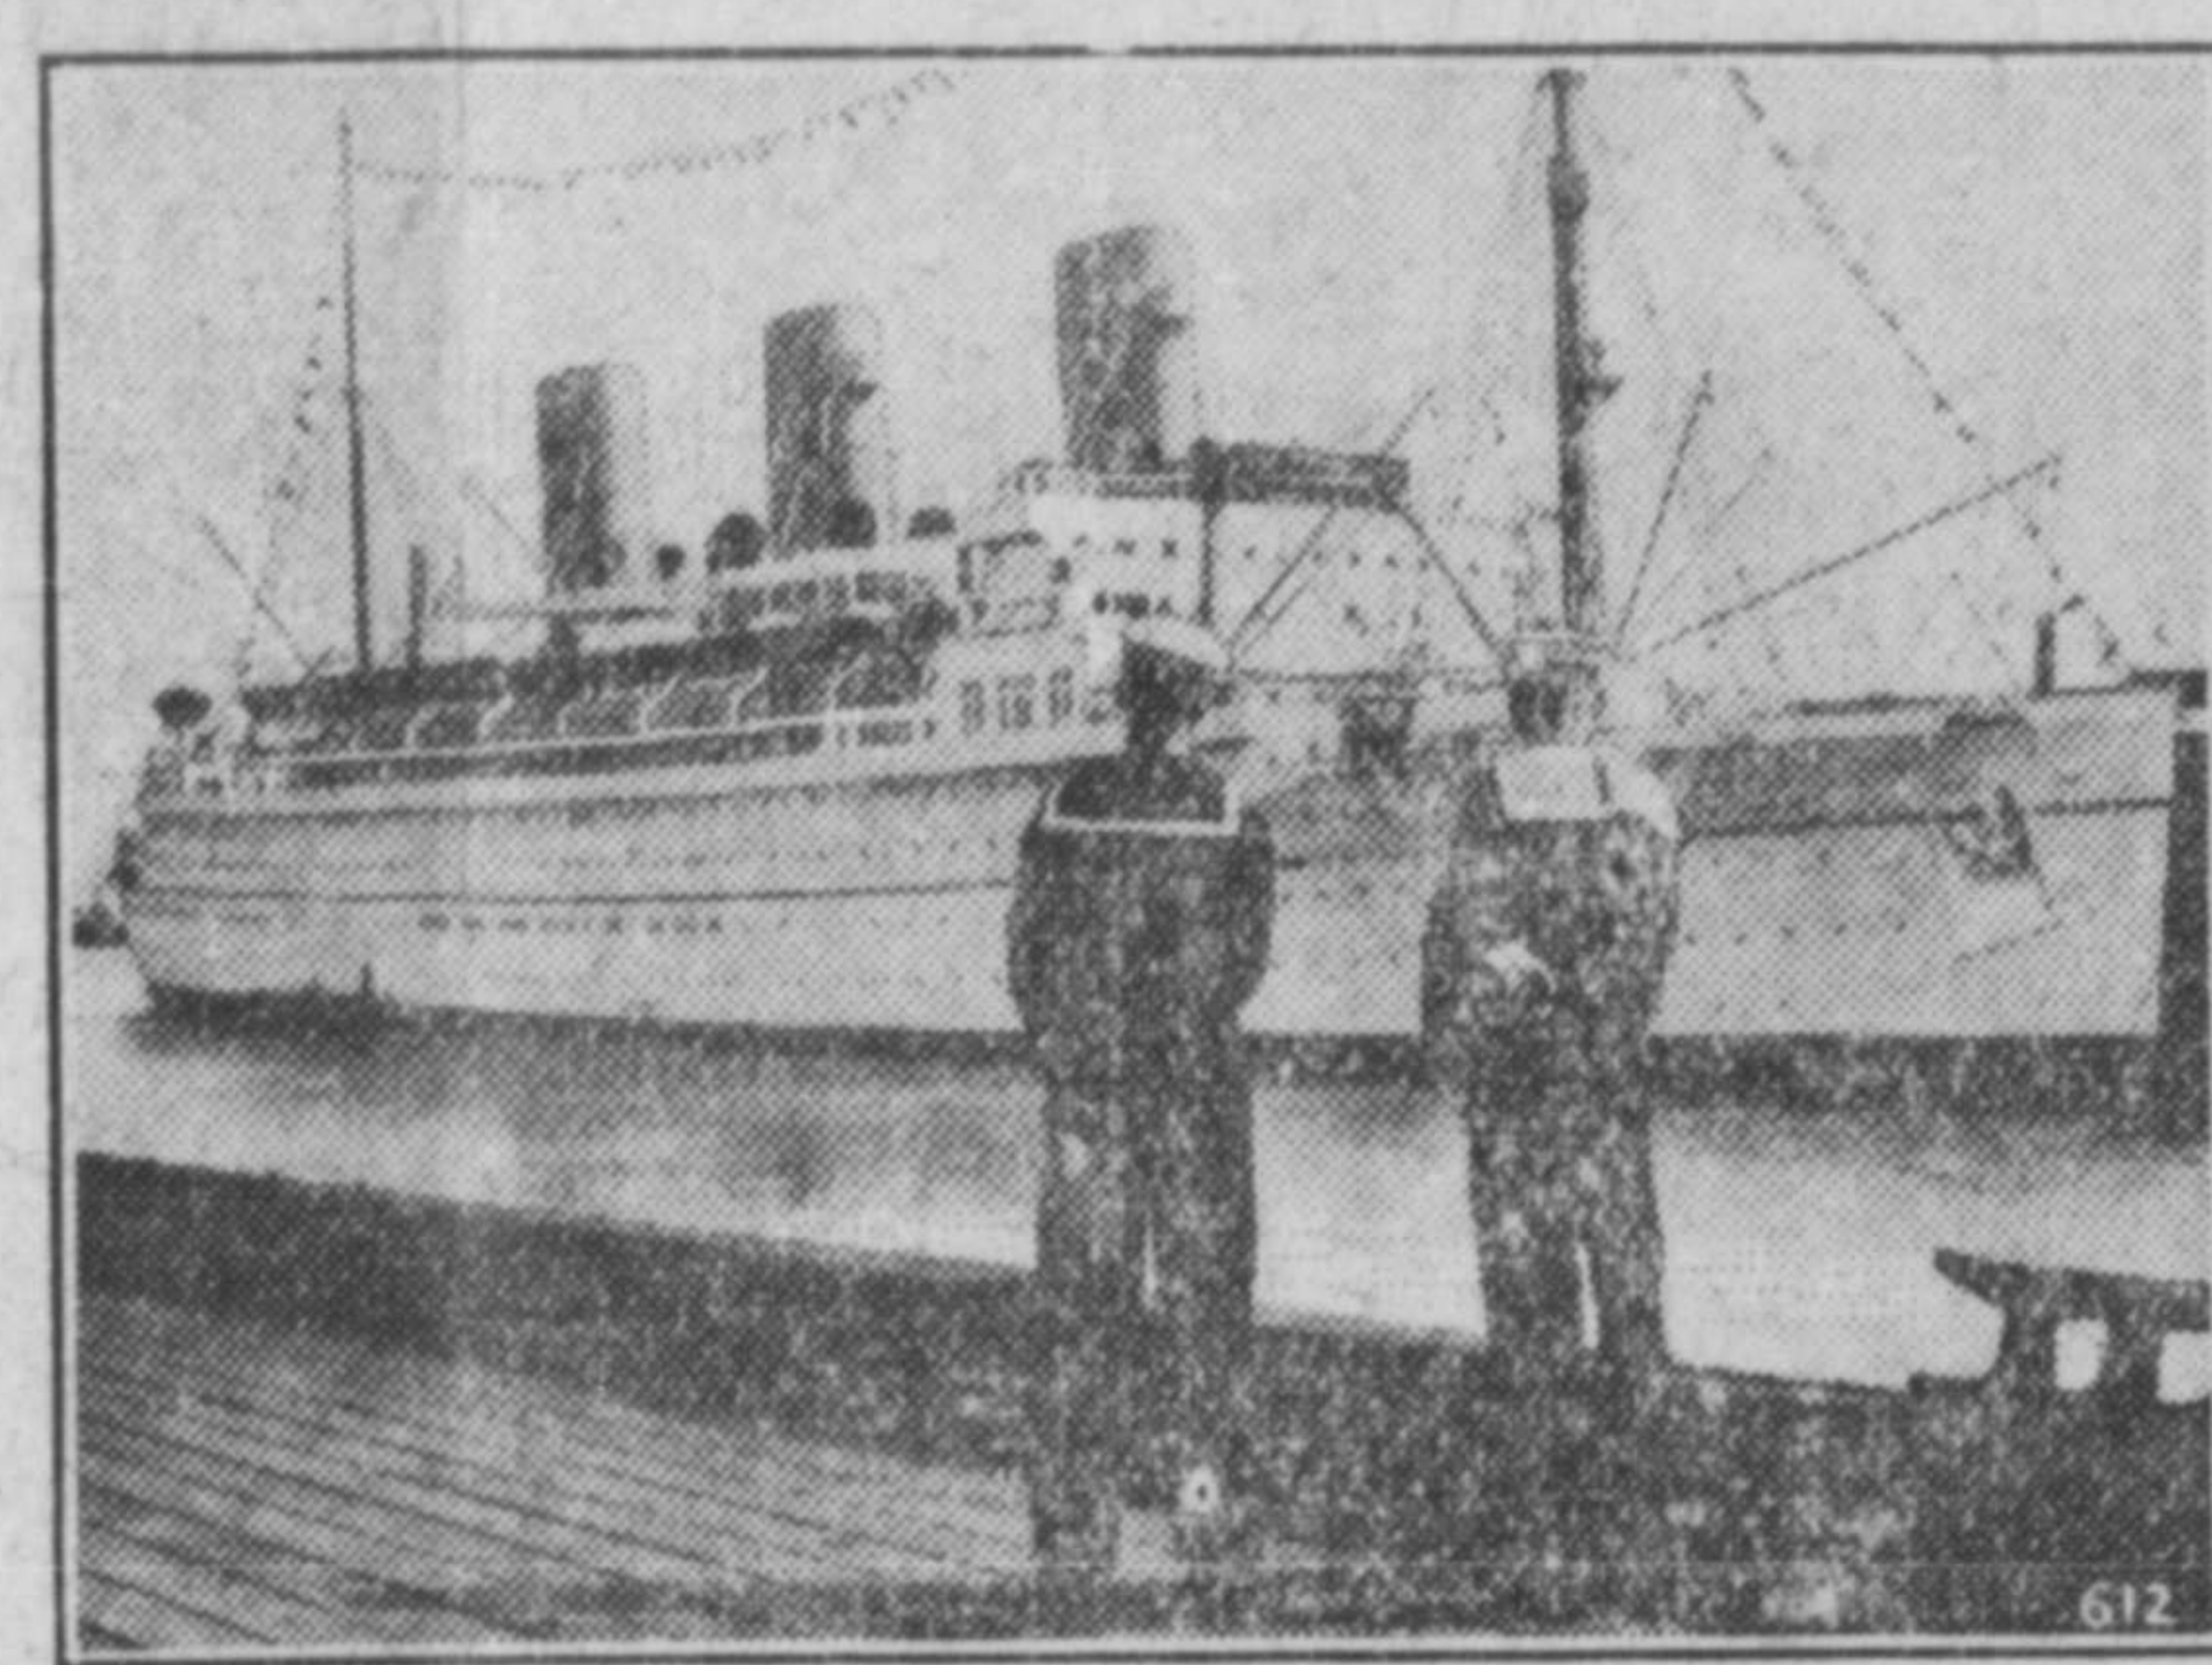

### CHILD IS DROWNED

The body was brought to the city this morning aboard the steamer Cardina of Marguerite Amstutz, four and a half year old daughter of Mr. and Mrs. Joseph Amstutz of Swanson Bay who lost her life by drowning yesterday at Swanson Bay when she fell off a float on which her parents live. This afternoon burial of the child took place from the chapel of Hayner Bros., undertakers, to Fairview Cemetery, with Rev. Father Charles Webb O.M.I. officiating. On arrival of the body here, accompanied by the father, an enquiry was held by Coroner C. L. Monroe, it being established that the circumstances of the fatality had been entirely accidental.

### Explosion of Dynamite Near City of Everett

EVERETT, Wash., Sept. 19.—An explosion of dynamite at Mucklefield, about three miles from here, wrecked a number of houses and scattered debris over the whole neighborhood. Even here some pieces of wood dropped. One woman is dead and several people are in the hospital.

### The Navy Looks Her Over

Expert criticism of the Canadian Pacific's new 26,000-ton liner, "Empress of Japan", is depicted in the above picture, which shows two British blue jackets gazing at the graceful trans-Pacific greyhound, lying at her berth in Vancouver, B.C. The new White Empress, which broke all records on her first voyage, by steaming from Yokohama to Vancouver in 8 days, 6 hours and 27 minutes, will make Honolulu a regular port-of-call on her voyages to the Orient.

### FISHERMEN THREATEN

Angered at Government Being Forced By Cannery to Close Down Fraser River Fishing

NEW WESTMINSTER, Sept. 19.—A British Columbia fishermen's co-operative association to handle the canning and sale of the bulk of the salmon catch may be the outcome of what was described as action of the Canadian cannery in forcing the government's hand to close down Fraser River fishing on Saturday, according to the opinion of Richard Marshall, president of the British Columbia Fishermen's Protective Association. Marshall and other officials of the association state that they have suffered severe losses as a result of the recent trend of events. They take issue with the statement of the cannery that the fish are now not fit to eat.

### BUILDING PROGRESS

Main Superstructure of Liquor Store Now Up—Completion Expected in Two Months

The cement superstructure of the new government liquor store at the corner of Third Avenue and Second Street has now been completed and the falsework has been taken down. A coat of stucco is now to be applied over the entire outside of the building and, as soon as the material arrives, plastering of the inside will proceed. It is expected that the building, which is being erected by E. H. Shockley of Vancouver, will be completed and ready for occupancy within two months' time.

### HEARS FROM INDUSTRIAL RY. AGENTS

T. A. Hooker Meets Chamber of Commerce

The council of the Chamber of Commerce yesterday afternoon met T. A. Hooker, industrial agent for the C.N.R. in London; W. T. Shute, special representative of the same department at Montreal, and W. H. M. Johnston, industrial agent for the railway at Vancouver. Mr. Hooker outlined the scope of the work being done by his department. While the railway welcomed the United States capitalists who came to the country and started industries, they were anxious to interest British capital more than was done today. The chief difficulty was one of distance. While American firms could operate subsidiaries on this side of the line quite easily and keep up a constant supervision this was almost impossible from London. In fact the businesses that had been successful in Canada were those that were operated under Canadian management with a local board of directors. Mr. Hooker said he hoped to co-operate with the business people throughout the country and he had been visiting every section getting information. Prince Rupert was an important point in British Columbia and they had been here a couple of days. Mr. Shute and Mr. Johnston also spoke briefly after which President Tinker assured them that members of the local chamber of commerce would be ready to co-operate with them at any time and was glad to have had them in the city investigating conditions.

### Premier Forbes of New Zealand Comments Frankly at Ottawa on Canadian Tariff on His Butter

OTTAWA, Sept. 19.—An eight cent per pound duty on New Zealand butter would be prohibitive as far as exportation of that commodity to Canada was concerned, Premier G. W. Forbes stated in an interview here. He hoped that an agreement might be made whereby some adjustment might be achieved but, "considering that the duty was put on just as we landed in Ottawa, the situation doesn't look any too hopeful," he said. However, he stood prepared to discuss things. The policy of New Zealand, Premier Forbes continued, was to encourage trade with those nations that traded with New Zealand. If such nations said they did not value New Zealand's business, then that Dominion would have to look elsewhere, notably to the United Kingdom.

### Old Country Anxious About Canada Action Regarding Preference

Everything in Window Is Lovely But Shop Prices Will Be Higher, Forecasts Star—Slaps Credulity of Premier Regarding Manufacturers' Promises

LONDON, Sept. 19.—The new Canadian tariff proposals are being scanned with the keenest anxiety here. It is admitted that markets for British goods will be considerably affected by what is considered "drastic legislation." "If the world could live on protectionist promises," says the Star, Liberal, "Canada would now be in a very happy position." Proceeding to recite Premier Bennett's statement of promise from the manufacturers that in a few weeks the tariff would give employment to 25,000 people without involving an increase of prices to the consumer, the paper says: "Everything in the window seems lovely but, unfortunately, everything in the shop is going to be dearer if the history of economic and some well known facts about human nature are not entirely wrong." The Star adds: "At the moment when Canada is hoping to ship us more of her cattle we might have expected her to be a little more considerate of the sentiment of Empire Free Trade but, when it comes to tariffs, Canada is like every other tariff-ridden country."

### MUST TAKE JURY TRIAL

Election Cases May Be Set Forward to Spring Assizes Six Months Hence

Word has been received, locally from Attorney General Pooley that he wishes the local election perjury cases tried before a jury rather than before a judge. Ordinarily, defendants in most criminal cases have the right of election to say whether they would prefer to be tried before a jury at the next assizes or to take speedy trial before a county court judge. In this case speedy trial before a judge was asked and, when Judge Young refused to take the case for personal reasons, local lawyers asked that the Assize judge be appointed to take it. This was not done but now that the Assizes are over the attorney general says the cases should be tried by a jury. The last spring assizes were dated for May 12 and that is probably about the time the next will be held here, unless a special assize is called, but that seems hardly likely for such comparatively unimportant cases.

### Bromley Afraid Of the Typhoons

TOKIO, Sept. 19.—The typhoon season being on confirmed Lieut. Harold Bromley in his decision to forego the attempt to fly the Pacific from Japan to Tacoma this year. He will store the plane in Yokohama before leaving for the United States.

### FINED \$300

For supplying liquor to Indians, Andrew Sorenson was fined \$300, with option of three months' imprisonment, by Magistrate McClymont in city police court this morning. Sergeant G. J. Duncan conducted the prosecution and A. M. Manson, K.C., acted on behalf of Sorenson.

### HOP PICKERS WAGES ARE INCREASED AS RESULT OF TARIFF

NEW WESTMINSTER, Sept. 19.—Wages of between 2,500 and 3,000 Fraser Valley hop pickers have been increased sixteen per cent as a first result of the new federal tariff.

**Hospital Surplus In August Large**

Collections Exceeded Expenditures By \$824.79—Recommendations Finance Committee Adopted

During the month of August hospital collections totalled \$5,950.05 while disbursements amounted to \$5,125.26, leaving a surplus on the months operations of \$824.79. It was reported at the regular monthly meeting of the hospital board last evening by G. P. Tinker, chairman of the finance committee. There had been 1743 hospital days at a cost per day of \$2.94.

Recommendations from the committee that Miss Olsen be paid \$125 per month while acting as lady superintendent in the absence of Miss Harrison, that a bonus of \$20 be paid the janitor for extra work such as kalsomining that he had done around the premises and that Miss Harrison be voted \$75 travelling expenses in connection with her recent attendance at the convention of the British Columbia Hospitals Association were adopted.

President J. H. Thompson referred to the low cost per hospital day of \$2.94. Mr. Birch, managing secretary, explained that this had been partially due to the fact that fuel consumption had been at a minimum during the month.

Mr. Birch reported that there had been a slight reduction in the price of alcohol.

**ELKS SHOW WAS FUNNY**

Large Audience Rocked With Laughter at Clever Kiddies Who Took Part

The audience at the Elks show, "Queen of Hearts," at the Moose Hall last night was delighted with the entertainment and especially with the acting of the wee kiddies. They won the hearts of everyone. People laughed and rocked until their sides ached and then laughed some more.

The whole show was entertaining without a jarring note. The actors carried out their parts well and the singers were above the average. Last night it was generally acclaimed the best musical play that had been put on here. The hall was crowded.

The play is being staged at the same place for the last time tonight.

**CARDINALS WIN AGAIN**

Defeat Brooklyn in Third Straight Game—Athletics at Last Clinch American League Flag

BROOKLYN, Sept. 10.—St. Louis Cardinals took a lead of two full games over the Brooklyn Robins yesterday in the National League race, by winning the third and final game of a crucial series. A home run by Jim Bottomley, with one on base, in the fourth inning was the deciding factor of the thrilling contest.

Chicago Cubs slipped still further back by losing another decision to the New York Giants.

In the American League, Philadelphia Athletics at last clinched the pennant by defeating the White Sox at Chicago in a wild battle while Washington Senators were losing to Cleveland Indians in a tight game. The Athletics used four pitchers to win the game while the Sox used five.

Yesterday's scores:  
National League  
St. Louis 4, Brooklyn 3.  
Chicago 2, New York 6.  
Pittsburg 6, Philadelphia 5.  
American League  
Philadelphia 14, Chicago 10.

**JACK BERG IS WINNER**

Decisioned Joe Glick in Ten Round Bout Last Night in New York

NEW YORK, Sept. 10.—Jack (Kid) Berg, English lightweight, outpointed Joe Glick of Williamsburg in a ten round bout here last night.

**SPORT CHAT**

St. Louis Cardinals increased their National League lead to a full game over the Brooklyn Robins by winning the second game of a crucial series on Wednesday from the Robins crew. Andy High's double in the ninth with two on bases drove in the winning runs. It was the second time in succession that High went in as a pinch-hitter and won the game for the Cardinals. At Boston, Wally Berger of the Braves hit three homers as Boston divided honors in a double-header with Cincinnati Reds. In the American League, Chicago White Sox delayed the formal winning of the pennant by the Philadelphia Athletics through winning behind Faber's good pitching.

The big yacht race is over and considerable disappointment is expressed at the poor showing made by the challenger, Shamrock V, against the American defender, Enterprise. It was about the easiest win that the United States ever had in the event and it is to be imagined that Sir Thomas Lipton, who has spent so many years and so many dollars in the endeavor to wrest the coveted trophy from America, will be feeling very disappointed about this latest attempt. Be it said for him, however, that Sir Tom would rather lose a hundred straight races than ever be donated one. In view of his advancing years and his failing health, it will probably be the last time that Sir Thomas builds a challenger for the cup.

**Leif Erikson Ladies Meet**

Enjoyable Gathering Last Night at Home of Mrs. Bendickson, Seventh Avenue West

The Lief Erikson Ladies' Club held its regular monthly meeting last evening at the home of Mrs. Bendickson, Seventh Avenue West. It was a most enjoyable gathering, the program including songs and readings and the playing of a delightful question game. The proceedings closed after delicious refreshments had been served by the hostess.

**Laboratory Not To Open Here**

Miss A. Johnson Is Unable to Come as Technician So Hospital Board Gives Up Project

The Prince Rupert General Hospital is not to have a laboratory technician after all. Miss A. Johnson, who had been in communication with the board for some time with a view to getting the position and who received the appointment definitely a short time ago, will not be able to come here, it was announced at last night's meeting of the board.

Dr. J. P. Cade regretted that there was not to be a laboratory technician. It was unlikely, however, that the board would be able to engage another technician for less than \$150 a month and he hardly supposed that the board could afford that.

Miss Johnson would have come here for \$75 a month because her parents live in the city.

**Talks About Making Wills Rotary Lunch**

An unusually instructive and interesting address was given before the Rotary Club at its luncheon yesterday on the subject of "Wills," by A. M. Manson K.C., former attorney general, who gave a touch of romance to what is usually a rather dry subject. He impressed his audience with the desirability of making wills and having them properly drawn, giving reasons and quoting specific instances to illustrate his points.

At the conclusion Mr. Manson was thanked by President Johnston for his very educative address.

**Ford Windshield Resists Blow of Iron Horseshoe**

A HORSESHOE may be lucky for some people, but for Mrs. E. Holtman, of St. Louis, Mo., it might have been very unlucky had it not been for the shatterless glass in the windshield of her Ford sedan. Mrs. Holtman was driving along a concrete suburban highway when suddenly the horseshoe struck the windshield and lodged snugly in the shatterless glass. It was a lucky break for Mrs. Holtman and the two adults and three children who accompanied her, for not one of them was hurt. The car continued for 165 miles with the proverbial lucky shoe still embedded in the windshield.

## TERRACE

Miss Mary Wilson, who has been visiting her parents at Remo and with friends in Terrace during the past three weeks, left for Vancouver on Sunday last to resume her duties in the Government Office in that city.

Little Miss Patricia Clark, daughter of Mrs. Clark of the Tourist Hotel, left for Prince Rupert Monday last where she will attend school.

Mrs. Annie Ross, well known pioneer of this district, is leaving here on Sunday for Seattle where she will spend the winter.

Mrs. William Oliver will leave here via Prince Rupert on Sunday for Vancouver where she intends spending a month visiting relatives.

Miss Annie Cousins, who has been a resident of Terrace for 13 years, intends leaving here on Sunday next for her old home in Harrison, Ont., where she will reside permanently in future. Miss Cousins is a highly respected citizen of Terrace and her departure is sincerely regretted by her many friends who join in wishing her many years of health and happiness.

Mr. and Mrs. R. G. Johnston of Victoria are guests at the Terrace Hotel.

The Women's Institute held a farewell party on Tuesday last in honor of Mrs. Annie Ross, at which she was presented with a pocket book and a beautiful bouquet of flowers on the eve of her departure for the south. Mrs. Mills, who is president-elect of the institute, made the presentation. Mrs. Ross is immediate past-president.

Mr. and Mrs. Everett Thomas, a recently married couple left here on Thursday for Trail where they intend to reside in future. The best wishes of the whole community went with this young couple.

Mr. and Mrs. Broadbent of Topley have leased the residence of Frank Ross south of town.

Mr. and Mrs. Westman, who have been residents of Terrace during the past two years, are leaving shortly for the east.

R. Blance of Prince Rupert, who, with Mrs. Blance has been a guest at the Terrace Hotel, is rapidly recovering from his recent illness and as a consequence has become a great booster for the climate of Terrace.

### DOUGLAS LODGE

RAINBOW TROUT are plentiful this season in the Stuart Lake district, they take either fly or spoon. In this wide virgin country there are hundreds of miles of waterways in lake and stream with many pleasant bays and wooded sides, unexplored by white men. Now that really good accommodation is provided and modern camping equipment is obtainable, many are taking fishing trips.

Another important attraction there is a ride or hike to the top of Mount Pope, from which a wonderful picture is seen—100 miles of lake and woods in every direction.

### GIRL GUIDES TEA SUCCESS

Large Attendance at Enjoyable Afternoon in Cathedral Hall

A very successful tea and sale of home cooking was held yesterday afternoon in St. Andrew's Cathedral Hall by the three local companies of Girl Guides in aid of camp funds. Many ladies called during the afternoon to lend their patronage to the affair.

Mrs. J. B. Gibson acted as hostess and received the guests. Girl Guides waited on the tea tables and Guides were in charge of the kitchen. Miss Betty Capstick was cashier.

The home cooking table was in charge of Mrs. J. A. Teng and Mrs. H. L. Landry while the candy sale was conducted by Mrs. M. M. Lamb and Mrs. A. Macdonald.

During the afternoon there was a delightful musical program which included piano solos by Misses Phedelia Stengal, Maxine Heilbroner, Jean McLean, Ethel Moorehouse, Edith Wilkinson, Grace Wilkinson and Maureen Kirkpatrick; dances by Misses Grace Watkinson and Freda Mussallem, and vocal solos by Mrs. J. A. Teng and Miss Lillian Broxford. Mrs. C. E. Cullin and Mrs. T. S. Black acted as piano accompanists.

### "Skinny" Sick Father Gains 15 Lbs. in 3 Weeks, New Pep

ANSELMO, ALTA.—Mr. E. Kother says: "I was so run-down, weak, nervous, couldn't work. Then tried Ironized Yeast. Gained 15 lbs. in 3 weeks. Regained my health."

"Skinny," weak, nervous people amazed at gains of 5 to 15 lbs. in 3 weeks. Ugly hollows, bony limbs fill out. Blemished skin clears. New pep first day. Constipation, indigestion, "nerves" go overnight. Avoids danger of serious ills.

Ironized Yeast is two great tonics in one. Weight-building brewer's yeast plus strengthening, blood-enriching iron. Many times more effective than unmedicated yeast. Results in half the time.

Don't be "skinny," weak, nervous. Take these pleasant little tablets. No yeasty taste; no gas. If not delighted with quick gains, manufacturer refunds money. Get Ironized Yeast from druggist today. Feel great tomorrow. New pounds quick.

### Unemployment of Nurses Serious

Communication to Hospital Board Asks for Reduction of Number of Students in Training

At last night's meeting of the hospital board a letter was read from the Canadian Nurses' Association announcing that, at the recent convention of that organization in Regina, it had been decided to request all hospitals in Canada operating nurses' training schools, to reduce the number of students admitted in view of the serious unemployment of nurses now general throughout the Dominion.

Ald. Brown thought there was little the board could do on the matter just now as all arrangements had already been made for next year's class of students. The letter was accordingly filed.

### Twenty Years Ago

In Prince Rupert

September 19, 1910  
George W. Morrow appeared before the city council and urged that while provision was being made to supply the city with light, the matter of power supply be also considered. There were many businesses in the city that could take power were it available, he said.

Mitchell Albert, manager of the Westholme Lumber Co., announces that it is hoped to complete construction of the new government wharf here by October 10.

Dan Olsen, well known Kitselas prospector, is in town. He is working on the Avon group where he reports that he has a fifty foot ledge containing gold, silver and copper.

ISOLATION HOSPITAL  
In answer to a question by G. V. Wilkinson at last night's meeting of the hospital board, H. W. Birch, managing secretary of the hospital, stated that nothing further had transpired in the matter of negotiations between the hospital board and city council regarding isolation hospital operation. There had been some difficulty in getting the committees together. Ald. Brown pointed out that it was getting a little late in the year to expect the city to undertake any new expenditures.

### BE ON TIME!

If you are late for work it won't do nowadays, to say you didn't know what time it was.

It's your duty to know the time all the time.

And that makes a good watch necessary.

We have good watches from \$9.50 to \$75.00 depending on how accurate you need them.

### LOCAL ITEMS

Miss Muriel Collison sailed last night on the Prince George for a trip to Vancouver and elsewhere in the south.

Alex Clapperton of the Government Wharf staff left on today's train for Prince George where he will spend a two weeks' vacation visiting with his son and daughter-in-law, Mr. and Jack Clapperton.

G. W. Taylor, general manager of the W. H. Malkin Co., who has been paying one of his periodical visits of inspection to the local business, will sail by the Cardena tonight on his return to Vancouver.

Adjutant William Kerr, local commandant of the Salvation Army, has received a licence qualifying him to perform the marriage ceremony. Issuance of the licence will be announced this week in the B.C. Gazette.

L. J. Marren, proprietor of the Auditorium, sailed last night on the Prince George for Vancouver. He is taking the trip south to purchase equipment for a miniature golf course he intends installing in the Auditorium.

Union steamer Cardena, Capt. Andrew Johnstone, arrived in port at 3:10 this morning from Vancouver and waypoints and sailed at 4:30 for Wales Island and Port Simpson whence she will return here southbound this evening.

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held last evening in the hospital. Those present were James H. Thompson, president; Ald. W. M. Brown, Robert Gordon, G. V. Wilkinson, R. E. Benson, Ald. S. D. Macdonald, Dr. J. P. Cade and G. P. Tinker, directors; and H. W. Birch, managing secretary.

Col. Fred M. West, Capt. L. A. Austin and Lieut. R. E. Fulton of Los Angeles, who have been attending a rifle meet at Camp Perry, Ohio, arrived in the city by train yesterday from the east and sailed last night on the Prince George for Vancouver enroute to California. These United States Army officers have been here before and they are strong boosters for the railway route.

W. A. Clemens, director of the Departure Bay Biological Station and Prof. A. H. Hutchinson of the University of British Columbia will sail by the Cardena tonight on their return south after having attended a meeting here of the Pacific Coast sub-executive of the Biological Board of Canada. Dr. F. Finn, who attended the same meeting, sailed last night by the Prince George on his return to Vancouver.

A telegram read at last night's meeting of the hospital board announced that Dr. Ney, chief medical officer of the Workmen's Compensation Board, would arrive here next Sunday from Vancouver and had notified a number of local workmen to meet him at the hospital. The board decided to wire for further information as to whether E. S. H. Winn, chairman or any other members of the board would be here and what nature of cases Dr. Ney intended dealing with while here.

H. W. Birch, managing secretary inquired of Dr. J. P. Cade at last night's meeting of the hospital board if it would improve the health of members of the nursing staff if a quartz lamp, costing some \$400 were purchased. Dr. Cade said that there might be certain benefits from such equipment but he was not ready to say off hand if one was necessary. A number of the nurses on the staff were under par in health but that might be due to overwork while the institution was understaffed. It was decided to leave the matter of the quartz lamp in the hands of the house committee for investigation and report.
