## "B.O." cheated Evelyn out of popularity...

until she discovered that perspiration need never offend

PEVElyn should have been the hit of any party. But she wasn't! Why? Everybody knew-except Evelyn.

Luckily though, Evelyn's new sisterin-law was very frank. There's no "B. O."-no body odor - marring Evelyn's attractiveness now. She was told the easy way to keep perspiration odorless.

What a giveaway "B. O." is! Treacherous! Always betraying, but never warning the offender.

Don't be deceived. We can't tell when we are guilty because our sense of smell becomes deadened to an everpresent odor. But even when we don't seem to perspire, the pores give off as much as a quart of odor-causing waste daily.

Play safe—bathe with Lifebuoy. Its mild, antiseptic lather purifies pores deeply - prevents embarrassing odor. Even removes the smell of cigarettes from the fingers.

Skins, too, stay smooth, clearer with Lifebuoy. Health is safeguarded-it removes germs. You'll love Lifebuoy's pleasant extra-clean scent, which tells you it purifies, yet quickly vanishes as you rinse. Adopt Lifebuoy today.

## INQUEST IS HELD

Coroner's Jury Asks For Further Information to Determine If Dead Man Was Actually Larry Ward

After hearing evidence yesterday afternoon relating to the tragedy at Falls River on March 26 when four men were drowned from a sinking flat-bottomed skiff, the coroner's jury investigating the death of a person whose body was found floating in the entrance of the harbor Sunday afternoon and who is believed to have been Larry Ward, one of that unfortunate quartet, adjourned its session until this afternoon in the hope that in the interim a more definite identity may be established. Presumption that the body is that of Ward is based on the fact that the clothes it bore were similar to those that were Hazelion Supply wern by Ward who, like the corpse. Hazelion Supply had a gold tooth on the upper jaw.

The inquest opened at 3 o'clock yesterday afternoon and, after the body had been viewed, hearing of evidence commenced. The inquest is being conducted by Coroner C. L. Monroe and Inspector William Spiller is acting for the provincial police with L. W. Patmore holding watching brief for the Power Corporation of Canada, employer of the four men who lost their lives at Falls River. Constable J. H. Smith is taking a stenographic record of the evidence.

Witnesses heard yesterday were John William Eastwood of Digby Island, who discovered the body floating in the water; Constable Robert Gibson, who took the remains in charge after the discovery had been reported to the police; Gus Gustafson and Anders Anderson, who were in and escaped from Army the death boat at Falls River by swimming ashore; George Laroque, a witness of the fatality from the shore, and George Hurst, Power Corporation foreman, who was also ton to the Conference are Mrs. Wilan eye-witness of the drownings. liam Grant and John Newick. ### Boat Overloaded

Gustafson and Anderson attributed the sinking of the skiff, which resulted in the drowning of the four men, to the fact that the fragile craft was overloaded, six men in all being in it. Anderson testified that the men were in turn rowing and paddling across the stream. The waves of the stream were coming over the side of the ted Church here and Rev. T.

Ward had viewed the remains but F. G. Pyle returned to the city would go no further than to state of the body, they had an idea that it was Ward but were not prepared to positively identify the body. There seemed to be little hope of any more definite identification.

Mr. Patmore pointed out that the members of the jury could hardly be asked to determine the identity of the body when close friends of Ward were unable to do so. No evidence had been adduced, in fact, to show whether the body was that

### Hearing Adjourned

Joseph Brown, foreman, announced that the jury had decided that it was advisable to have the body examined by a doctor to ascertain whether it was that of man or woman and to find, if possible, any further marks thereon that might lead to identification.

The inquest was then adjourned until 2 o'clock this afternoon. The jury consisted of S. E. Parker, John McRae, Joseph Brown, J. A. Smith, G. M. Hunt and Frank Dibb.

## SUFFER FROM CONSTIPATION?

Countless remedies are advertised for constipation. Many relieve for the moment but they are habit forming and must be continued. Others contain calomel and dangerous mineral drugs, which remain in the system, settle in the joints and cause aches and pains. Some are harsh purgatives which cramp and gripe and leave a depressed after effect. Avoid lubricating oils which only
