**AGAINST EXPENDITURES**

Victoria ratepayers made a dead set last week against any increase in capital expenditures by turning down three bylaws. The vote was so decisive that it is probable no attempt will be made to introduce another for some time to come. One of the bylaws was for the purchase of a landing field for the purpose of establishing the city as an airport. The other two were for repaving streets.

The action of the ratepayers in Victoria reflects pretty well the attitude of taxpayers in other cities, who feel that the mill rates are already as high as they can stand. One of the editorial writers in the Victoria Colonist, commenting on this, says:

"There was a deeper significance in the vote on the money bylaws than merely the crushing defeat of the measures—and that significance is capable of more than a local application. There was a note of warning which should be carefully considered by politicians at large as well as by our municipal politicians. The significance of the vote was that the people who pay taxes will submit to no further increases of taxation. And the ratepayers of Victoria, in recording their votes, registered the views of thoughtful people in all parts of Canada. For many years the tendency has been in the direction of higher and still higher rates of taxation."

In the Victoria bylaws the vote was ten to one against the airport scheme and four to one against each of the paving schemes.

We believe today that the only expenditures that are made by municipalities should be those that will give the largest possible amount of labor for the expenditures involved.

**OPPOSITION LEADER IS CRITICAL OF VICTORIA GOV'T ON MANY SCORES**

(continued from page 1)

public affairs in hand. Instead, the new government had engaged in an orgy of gross partizanship which it had later attempted to cover up with an enormous program of road building.

**The Alaska Highway**

Mr. Pattullo declared that he was not opposed to the Alaska highway project. First things, however, should come first and "it's a long way to Terrace yet." His opponent in the last election, Mr. Pattullo recalled, had declared that, at the rate of progress of construction under the Liberal Government, it would be 100 years before Terrace was reached. Even under the Conservatives, it still looked as if it would be 100 years. Mr. Pattullo questioned if Premier Tolmie realized the magnitude of the Alaska highway project. "I suggest that it is a red herring drawn across the trail to cover up their orgy of partizanship," the speaker said. "It is just a government of bluff, bluster and four-flushing. There is much ballyhoo and they always seem to do the wrong thing."

**Horse Race Tipster**

In spite of what had been said, Mr. Pattullo asked if agriculture were more prosperous today in this province than it was in 1928. The speaker criticized the appointment of Hon. T. G. Coventry, who had given up his seat in Saanich for Premier Tolmie, as markets commissioner in England. He did not think Mr. Coventry was either competent or qualified to fill the office. Now he had become an official tipster on horse races at the expense of the province of British Columbia. "The government is conducting a burlesque of ineptitude and incompetence."

Turning to the financial situation, Mr. Pattullo denied absolutely that the one per cent income tax had been necessary because of debts left by the Liberals. The fact was that the Liberal Government had reduced taxes. The speaker charged that the Conservative Government had increased expenditures from \$22,000,000 per year in the last year of Liberal regime to over \$28,000,000 this year. Mr. Pattullo further charged that Minister of Finance Jones, in his budget this year, had padded his estimates of revenue and underestimated expenditures in order to convince the public that he had balanced his budget. Despite all Mr. Jones' protestations, Mr. Pattullo declared that "there had never been a more misleading budget than this last one."

**Ignorant Minister**

Mr. Pattullo then told of an incident where he had inquired from Mr. Bruhn, the minister of public works, in regard to an estimate of \$6,000 that had been presented to cover care of government grounds whereas, in the two years immediately previous, \$19,000 and \$22,000 had been required. Mr. Bruhn had replied that it was his business. "Only ignorance could have prompted such an answer but such is the ignorance of the government which would cover its ignorance with insolence."

Mr. Pattullo criticized the reorganization of the Liquor Control Board. They had paid Mr. Davidson, a perfectly efficient official, \$25,000 to get out and had then formed a board of rabid Conservatives at a cost of \$30,000 per year. What was there so extraordinary about the booze business than they had to pay all that, Mr. Pattullo inquired.

**Liquor Affairs**

The government was today paying \$580 a month more for liquor store premises than in 1928 and had 32 more employees, all this, in addition to a more expensive board, and less business was being done. This was one place where the money of the people was disappearing. There were 192 more persons in the civil service today than three years ago. That was where more money was going. The utterly useless position of keeper of the executive council chamber had been created in order to give a man in Premier Tolmie's riding a job. When inquiry had been made, it was explained that this new man would usher in delegations and run messages. "When we were in power, the ministers did not mind ushering in their own delegations and, if there was a message to be run, we could push a button and get a clerk. The position of colonization commissioner with a salary of \$5,000 had been created at a time when immigration had practically ceased, and a great friend of the minister of

finance had received the appointment. The former head of the Land Settlement Board had been removed and, although it was claimed the board had been abolished, the expenditure had been actually increased through appointment of a new man and assistants all with high salaries. More road machinery had been purchased in three years than in the whole 12 years of Liberal administration. They had a mass of machinery much of which was useless including snow plows for the roads on Vancouver Island. With such conditions of unemployment that existed, they continued their extravagant tactics. They had gone far beyond the available means and had landed now in a financial morass.

**One Per Cent Tax**

"In my opinion," Mr. Pattullo declared, "the one per cent tax is solely and totally due to the extravagance of this government and their orgy of expenditure. Moreover, they are taxing people who should not be taxed at all."

Another objection Mr. Pattullo had to this administration was that it persistently and constantly worked in secret. No reports of commissions were ever made public and it was impossible to obtain information. The speaker stated that he had inquired of the minister of finance how much had been received during the first two months of the new one per cent tax. The minister would not give the information. In several cases, Mr. Pattullo charged that the Premier had given answers which "were not in keeping with the truth."

**Unemployment**

In 1928, Mr. Pattullo recalled, the Liberal Government had been attacked upon the score of unemployment. The Conservatives had said that, if they were returned to office, there would be no unemployment. Now it arose before them as a Frankenstein monster. Much changed was the cry of Mr. McKenzie, the minister of labor, who now declared that unemployment was a national, rather than a provincial matter.

Despite this, Mr. Pattullo declared that he did not blame the provincial government for all the unemployment. It was caused by world conditions over which this province had no control. "But we have got to take alleviative measures. We must let no person in our Dominion go hungry."

There was something wrong with the credit system of the world today, Mr. Pattullo declared, in disgressing from provincial affairs. Why could not the money of the world be put in the possession of the people? Why was it that no business could be done although some people wanted to sell and others wanted to buy? Mr. Pattullo hoped there would be no decrease in wages. If there were, a 20-year fight would have been lost. It seemed a matter of fact from experience that there was usually more prosperity when wages and commodity prices were both high.

**Deplores Tariff**

Mr. Pattullo deplored tariff measures that had been adopted by Premier Bennett. As a result of these, there was actually more unemployment rather than less.

Turning to the educational situation, Mr. Pattullo charged Minister of Education Hinciniffe with believing that higher education should be confined to the few. That was the whole attitude of this government. Even the member for North Okanagan had said that farm boys should not go to college. Here, even, it was the policy of the government to keep the people in ignorance. Unemployment could not be solved until the people learned to speak and think internationally. Education and the creation of goodwill were needed as well as tolerance. "I would carry educational advantages to every citizen of British Columbia," declared the speaker.

**The Party System**

Mr. Pattullo thought it would be unwise to change from the present two-party system. No matter what change there might be, there would always be the "ins" and the "outs." There would still be human frailties and weaknesses as well as the risk of putting into power inexperienced and incompetent administrators. There was a decided difference between Liberal thought and that of the Conservative party as represented by the Tolmie Government. This administration, Mr. Pattullo

charged, was not trying to benefit the province or the Conservative party. "It is only working for a clique that is at present in control of the province."

**Social Legislation**

Mr. Pattullo thought that it was the duty of the government to take care of the social and domestic life of the people as far as possible. The old Liberal Government had worked along this line. The Tolmie Government, however, was opposed to paternal legislation. Here was a line of cleavage between the two administrations. Liberals had proposed legislation whereby rates charged by public utility concerns would be no greater than was consistent with the money actually and prudently expended. The Conservatives had voted this down. The Liberals would have had telephone rates similarly regulated but the Conservatives had voted this down too. All this was indicative of the difference in the viewpoints of the Tolmie and the Liberal administrations.

Mr. Pattullo criticized the action of the government in granting an exclusive franchise for the use of the highways on Vancouver Island to the Vancouver Island Coach Lines, a subsidiary of the C. P. R. This exclusive franchise had been

granted for five years with right of renewal for another five years. The speaker felt that the government should be fair to both railways. Each should be given equal opportunities. This exclusive franchise, he thought, was wrong.

**Business and People**

While he believed in doing all he could to encourage business and business people, proper protection should be given the mass of the people and the perspective should never overlook their welfare. Mr. Pattullo felt, "I believe," concluded the speaker, "that the Liberal party is in a better position than any other—Conservative, Third Party, Labor or Independent—to give sound administration for the people in general. Within two years, we must have an election. I hope and trust that throughout the province we will have most outstanding men in every community representing the Liberal party and its principles. Then I will be confident that we will be returned to power and that British Columbia will once again have a common-sense government."

**As Premier Soon**

Before closing the meeting, Mr. Patmore predicted that it would not be long before Mr. Pattullo was

If financial difficulties tempt you to forfeit any of your Life Insurance, first get the expert advice of the company or companies in which you are insured. They can probably suggest a plan to help you maintain the protection of Life Insurance for yourself and loved ones.

Perhaps you intend to allow your Life Insurance to lapse now and take out new insurance later. If so, remember these three facts:

**First**—New Life Insurance is certain to cost you much more.

**Second**—You may discover too late that you are uninsurable.

**Third**—The moment you let a Life Insurance policy lapse you deprive your wife and children of the protection they need.

### Keep Free From Fat-Feel Younger

Unlike most salts, Kruschen isn't simply a laxative—if that's all you want any kind of salt with any kind of a label will do—but is that all you want?

When you take Kruschen Salts you not only stimulate your bowels, liver and kidneys to function naturally and perfectly, but you supply every internal organ, gland, nerve and fibre in the body with nature's own revitalizing and rejuvenating minerals.

Get a bottle of Kruschen Salts at any drug store—take one-half teaspoon in a glass of hot water every morning before breakfast—cut down on sweets and fat forming foods and get some moderate regular exercise—in just a few days indolence changes to activity and life grows brighter.

A Virginia woman writes: "I just started on my second bottle of Kruschen Salts and have been losing flesh right along—you have fathomed the secret of flesh reduction."

AROUND PRINCE RUPERT  
Taking Placer Machinery Into Manson Creek Country—Dr. George Manson at Stewart—Attracted to Rainbok Creek

Word has been received at Vanderhoof from George W. Otterson that the Pomeroy interests will establish a large dredge on Manson Creek and will put their machinery in during the coming winter. The machinery will weigh about 250 tons and the dredge will have a digging capacity of 4000 cubic yards per day. The hauling will help out the farmers and the laborers and will attract a good deal of attention to the Manson Creek country. Mr. Otterson and associates have taken an option on a group of mining properties in Eastern Oregon which they acquired for \$90,000.

Dr. George Hanson of the federal Geological Survey is spending the summer with a party in the Salmon River district of the Portland Canal. Dr. Hanson has spent the past five summers engaged in such survey work in the Alice Arm field.

Capt. R. D. Adams M.C., a veteran of placer and lode mining camps in most parts of the world since he went into the Klondyke in 1897, will accompany Rainbow Creek and adjacent parts of the Nation River country this summer. Capt. Adams is expected in Prince George this week from Vancouver. At Summit Lake, he will meet his brother, Jack Adams, veteran guide and river packer, and they will go into Rainbow Creek by outdoor motor boat up the Crooked River to the Nation. Capt. Adams has recently returned to British Columbia after spending two years in Mexico. Two lengthy prospecting trips into the Peace River and his long experience in the Yukon have convinced Capt. Adams that Northern British Columbia and the Yukon, in fact the whole north of Canada, offer the most promising mineral field in the world.

## Ketchikan and Prince Rupert Divided Baseball Series in Big Celebration at Ketchikan

Reporting having had a most enjoyable outing, the Eagles' Ketchikan excursion party returned to the city last night at 11:30 on the steamer Prince John after a two-day trip to "The First City of Alaska." Good weather favored the visit to Ketchikan and a fine reception was tendered by the Alaskans to their Canadian visitors. The Independence Day celebration program at Ketchikan included two baseball games between Prince Rupert and Ketchikan, the first of which Prince Rupert won 10 to 7, with Bill Lambie pitching, while Ketchikan took the second 4 to 6 with Nick Chenoski pitching for Prince Rupert. There were also field and water sports and on Saturday night the Ketchikan people staged a large dance in honor of their Canadian guests.

On Saturday night, several of the local people spoke and performed for the first time over a radio broadcasting station when they were guests of Station KGBU. Angelo Astori, secretary of the local Eagles' Lodge, gave a brief talk over the air while James Sturgeon played a bagpipe solo.

Leaving here at 10 o'clock Friday night with the excursionists, the Prince John reached Ketchikan at 8 o'clock Saturday morning. Departure from Ketchikan was made at 2 o'clock yesterday afternoon and the ship was back in port at 11:30 last night.

Reep pitched both games for Ketchikan. The Prince Rupert players put up a fine game behind Bill Lambie. Alex Mitchell, Prince Rupert's catcher, split his finger in the first game and was replaced at backstop by Jack Nelson. Prince Rupert was credited with 11 hits and Ketchikan with 12.

Nick Chenoski pitched a good game in the second encounter but was not accorded the support that had been given Lambie the day before. However, it also was a good tight game.

Crowds of close to one thousand fans saw both games. The baseball team returned to the city on the Prince George this morning.

## LINDBORG CASE IS UP

Sum of \$21,000 Ordered to Be Paid Back to Estate

VICTORIA, July 6.—W. J. deB. Farris, K.C., representing the estate of Hiram Stevenson of Vancouver, was successful in his position before Mr. Justice Fisher in the Supreme Court here, to the application of F. D. Pratt, counsel for the estate of Dan Lindberg, of Big Missouri mine fame, to have \$21,000, remaining in court since the Harris trial, paid back to the estate from which it was garnished.

The original action was started by P. J. Sminnot, who garnished and had paid into court \$100,000 of the \$300,000 Lindberg and three associates received for the Big Missouri mine from the Consolidated Mining & Smelting Co. William Harris, of Port Angeles, after an action which went to the Supreme Court of Canada was finally awarded \$50,000 as his share as a partner. Dan Lindberg and the other partners, Hiram Stevenson, Dan Proudfoot and Andrew Lindberg are now all dead and present actions are being carried on by their estates.

Mr. Pratt said the Lindberg estate was valued at \$160,000, and was thus good for the money at any time there was another action. Mr. Farris argued the best place for the money to be held pending further actions among the various parties to its division, was in the court. On the postponement order, Mr. Farris agreed to issue a writ on behalf of the Stevenson estate and get another action started within two months.

## RIO BONITA BACK HERE

Yacht Returns to Let Off Mr. and Mrs. Graham of Texas, Later Being Ill

Coming in to let off Mr. and Mrs. George P. ## PADLOCK RESORTS

United States Dry Official to Close Down Some of Notorious Reno Places

SAN FRANCISCO, July 6.—Uncle Sam will rivet a liquor padlock and post a vacant sign on at least some of Reno's famous gambling resorts, Prohibition Administrator William G. Walker said at the end of the week. He is surveying the results of the offensive taken by his agents against the reputed speakeasy forces Tuesday. The Rex Club, the National, the fight headquarters at Lawton Springs and several more of the biggest haunts of the gaming gentry may become abandoned in short order because they carried a side line of booze, Walker said.

## BUSH FIRE NEAR HERE

Timber Abiase Near Transmission Line on East Side of Estcall River

A forest fire has been sweeping through timber on the east side of the Estcall River. It started last Friday when a tree fell over the Northern B. C. Power Co.'s transmission line and was still burning last evening. Up to then, it had not covered a very wide area and no property was in danger.

Crews sent out by the power company and the Forest Branch are now engaged in fighting the fire.

There was some interruption in electric light service in the city last night owing to trees falling from the fire over the transmission line.

Take The DAILY NEWS with you When Going on Summer Holidays

Nearly everybody likes to keep in touch with Prince Rupert when away for their holidays. The best way to do this is to order the paper sent during that time. If it is only for two weeks, the News is a welcome visitor and the mails during the summer months are carried almost daily to most points.

Recently a number of Scandinavians have given up the local fishing for the summer and gone on an extended visit to their former homes. In almost every case they order the Daily News sent them while they are away. Several subscribed for a year, others for shorter periods.

No time is too short for us to look after our patrons.

Famous Russian Chorus and Dancers Receive Many Gold Medals

Recent announcements made by the Gyro Club of the appearance here of the world famous Royal Russian Chorus at the Moose Hall on July 9 and 17 have created keen interest in local music circles and the success of their concert seems to be assured, as the advance seat sale has started very briskly at George Arsenau's Store, 3rd Avenue.

The Royal Russian Chorus has the distinction of probably having sung before, and been received by, more royalty, than any other musical organization in the world. On two occasions under the personal direction of Prince Dmitry Slaviansky, the original founder of the choir, they sang before the Pope in Rome and at St. Peter's Cathedral. On their first European tour they were given over 50 medals, decorations and diplomas.

In Spain, they received the Order of Chivalry from the king and the silver medal of honor from the Ateneo Musical and Art Society of Madrid. King Edward, of England, bestowed upon them the British Medal of music and invited them to sing at Windsor Castle.

**U.S. Presidential Medal.**

On their first American tour, some years ago, the President invited them to sing at White House in Washington, and bestowed upon them the first, and possibly only, presidential medal ever given to a musical organization.

Their most recent royal honors were bestowed upon them in Japan two years ago at the coronation ceremony in Kyoto, where they were invited by the Japanese Government as a special foreign entertainment feature of the enthronement festivities, and Princess Slaviansky, the present conductor, was given an Imperial medal. The Imperial Conservatory of Music, Tokyo, also honored her by making her an Honorary Member of their faculty, the first foreign woman to have ever received this honor.

This magnificent group of singers and dancers, with balalaika instruments, will appear here on Friday, July 9, 8:15 p.m., in the Moose Hall, under the local management of the Gyro Club. Tickets are on sale at George Arsenau's Store, at popular prices.

**Induction of New Pastor at Ocean Falls Last Week**

OCEAN FALLS, July 6.—On Friday evening last the induction of Rev. H. Feir, late of Oliver, as pastor of the Ocean Falls United Church took place. Rev. W. H. Gibson of Bella Bella, chairman of the Presbytery of Prince Rupert, presided and the address to the new minister was given by Rev. Peter Kelly of Bella Coola and to the congregation by Rev. R. C. Scott, captain of the mission boat Thomas Crosby. There was a program of music and reception by the congregation.

**'God' Subject In Science Church For Yesterday**

The subject of the lesson sermon in all Christian Science churches and societies on Sunday was "God."

Among the Bible texts included in the lesson-sermon was the following from Psalms 73:1: "Truly God is good to Israel, even to such as are of a clean heart."

The lesson sermon also included the reading of citations from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "God is Love. Can we ask Him to be more? God is intelligence. Can we inform the infinite Mind of anything He does not already comprehend? Do we expect to change perfection? Shall we plead for more at the open fount, which is pouring forth more than we accept? The unspoken desire does bring us nearer the source of all existence and blessedness."

**Orange Ladies And Juveniles Church Parade**

The Ladies' Orange Benevolent Association and Juvenile Orange Association had their annual church parade last evening from the Metropole Hall to St. Andrew's Anglican Cathedral. Mrs. M. Rollis is in the chair of the L.O.B.A. at the present time. The parade was in charge of Mrs. S. V. Cox. There were about twenty members of the L.O.B.A. and some fourteen of the J.O.A.

Dean Gibson gave an appropriate address, alluding to subjects of interest to the order. Hymns appropriate to the occasion were sung.

**Another Paper Passes Away at Ketchikan Alaska**

On Saturday there passed through the city southbound three members of the mechanical staff of the Ketchikan Tribune, leaving for a new field of activity, the paper in Alaska's "first city" having failed.

The Tribune was a good paper while it lasted but its life extended for only about three months and those who know anything about the game wondered it struggled on so long. The plant was taken over by the Ketchikan-Alaska Chronicle.

Father O'Connor, Who Ministered to Martyred Mayor, On Way To Ireland

JASPER PARK, July 6.—Father Dominic O'Connor, who was chaplain to Terrence MacSwiney, Lord Mayor of Cork, during his historic 74-day hunger strike in Brixton Prison, London, in 1920, was at Jasper Park Lodge at the week-end en route home to Ireland, for the first time since he left his native land to minister to the spiritual needs of the martyred lord mayor. Father O'Connor attended MacSwiney during the entire period of his fasting and was with him when he died.

Father O'Connor served in the Great War as chaplain to the 30th Brigade, which included various Irish Regiments stationed in the Struma Valley, Greece, during the years 1916 and 1917. Following the war, he was appointed chaplain to Thomas MacCortain, Lord Mayor of Cork, who was later assassinated.

Father Dominic has been for 10 years a missionary in the Baker City Diocese in Oregon and has recently been pastor at Bend, Ore. He is returning home to Ireland to attend the election of the superiors of the Capuchin Order which will be held in Dublin in August. He traveled by Canadian National Railways directly from Jasper to the east and will sail from New York on July 11.

J. E. Jack sailed Saturday evening on the Prince Rupert for a trip to Vancouver.
