U.S. Department of Justice After Reds

Submits to Senate Drastic Bill to Suppress Radical Societies Following Shooting of Soldiers at Centralia.

WASHINGTON, Nov. 19.—A drastic bill has been submitted by the Department of Justice to the Senate Judiciary Committee containing measures to suppress the various Red societies and orders. The action of the Government was forced by the Centralia shooting and by the revelations

which have followed it, showing that the movement is widespread. The cold-blooded killing of four returned soldiers which was planned beforehand and the refusal of some Red organizations to condemn their deed, has shown the administration that vigorous action is necessary.

LAUNCH AILEEN ON THE ROCKS

Drifted Away in the Gale Last Night and is Badly Injured.

IMPERIEUSE WAS SAFE ON THE BEACH

M. M. Stephens' fine launch Aileen went adrift early this morning in the gale and is pretty badly injured. At present she is under water on the rocks near McNicholl Creek, but as soon as the tide drops an effort will be made to patch up the hull sufficiently to float off with the rising tide and tow to this side.

The Imperieuse that was moored alongside the Aileen also drifted across the harbor, but was on the beach uninjured and has been hoisted and anchored safely.

The float got away and is near the mouth of McNicholl Creek.

ESCAPED PRISONER LOCATED LAST NIGHT

Mah Kee Gets Another Month for Escaping From Lawful Custody.

Mah Kee, the Chinaman who broke jail yesterday morning, was brought back to the station last night at 11 o'clock. The officers were busy on his trail all day yesterday and finally he was located last night by Constable Bailey. He had been hiding in town ever since he escaped.

This morning Mah Kee appeared before Magistrate McMordeie charged with escaping from lawful custody and another month was added to the nine months he is to serve at Okalla farm for issuing bad checks.

LOCAL SHIPYARDS FAVOR SOLDIERS

At a meeting of the Great War Veterans' Association held last night the secretary reported that he had seen the manager of the local shipyards in regard to the report that labor was being imported from the States for the local plant. The manager had told him that this report was untrue and that he favored the employment of returned men where possible.

Wires going down on account of this morning's windstorm put many houses and business places in darkness early this morning. The Prince Rupert Hotel and Gavigan's Table Supply as well as the other places in the west end were using candles. The power circuits were off until noon over the entire city.

E. G. Manning, the new chief of the Forestry Department in succession to R. E. Allen, arrived in the city yesterday and is registered at the Hotel Prince Rupert.

CHINESE TRIAL TAKES 3 HOURS

Seven Orientals Charged With Infractions of the Drug Act Await Decision.

The seven Chinamen charged with smoking opium and being inmates of an opium joint, again appeared before Magistrate McMordeie in the police court this morning. All the evidence was heard and a lot of cross-examination was done, L. W. Patmore appearing for the Chinese. The magistrate reserved his decision till tomorrow morning. The trial took three and a half hours, concluding at 1:30.

I. O. D. E. NURSERY OPENED YESTERDAY

Received Its First Babies Last Night—Great Improvement.

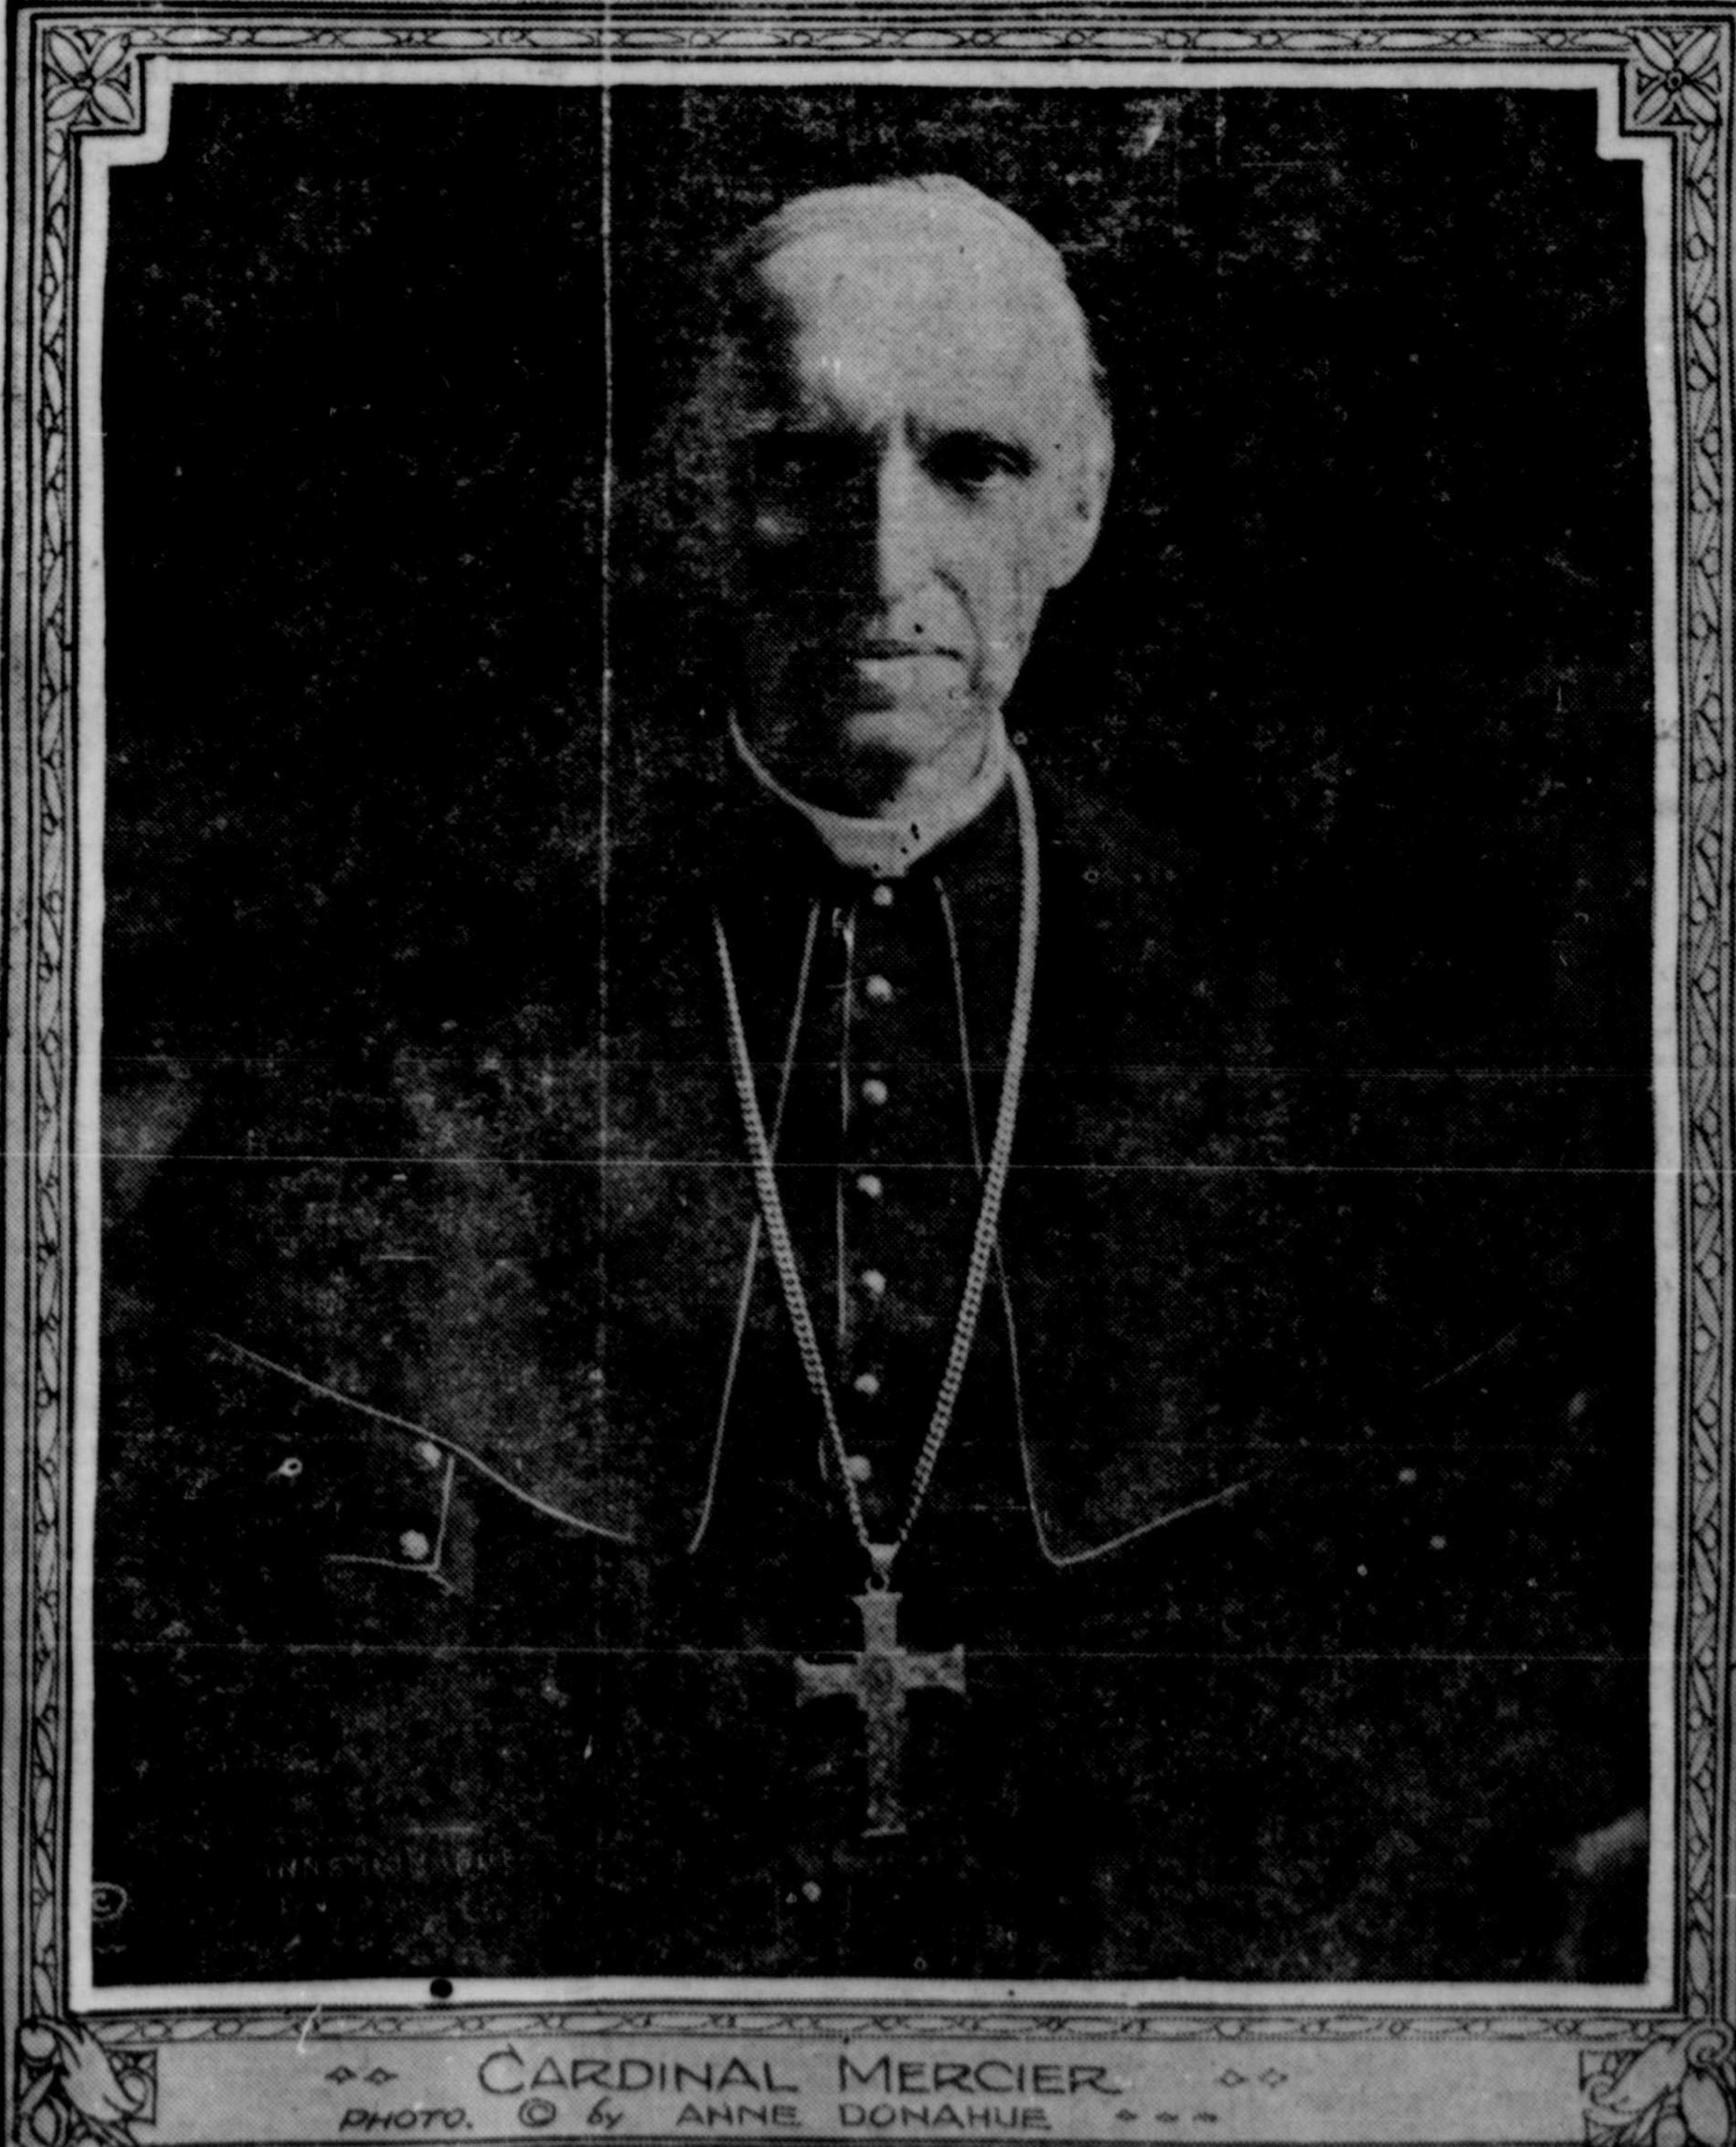

The new nursery in the General Hospital, which has been provided by the Municipal Chapter, I. O. D. E., received its finishing touches yesterday afternoon and the first quota of babies were put in last night at midnight. This nursery, which was formerly the Masonic Ward in the old wing, has been fully equipped, painted and curtained by the Daughters of the Empire and can accommodate eight babies. It has cost several hundred dollars but is a vast improvement over the old nursery in the institution.

GERMAN GENERAL DEFENDS SUB. WAR

Says That it Was Necessary for German Military and Economic Operation.

(Special via G. T. P. Telegraphs.) BERLIN, Nov. 19.—General von Hindenburg, in a recent address, defending the German policy of sea fighting said: "The unrestricted submarine campaign of warfare was absolutely necessary to prevent German soldiers from being killed by American-made munitions and German women and children from being starved by the British blockade."

MAY BE MANY CANDIDATES FOR MAYOR

Nothing Definite Announced Yet But Possibility of at Least Four in the Field.

Who will be the candidates for the mayoralty this year? That is a question that is being asked by many, but no one seems able to answer; it satisfactorily. Mayor McClymont, it is assumed, will be in the field again, although he has not said as much. It is also expected that there will be a labor candidate. George Rudderham has been mentioned and also Fred Shaw.

Other names seriously mentioned are George Nickerson and M. P. McCaffery. Both of these are busy men but it is possible one of them may be induced to accept the nomination. It is understood that pressure is being brought to bear to get one of them in the field, but everything is uncertain. George Frizzell's name has been canvassed and so have several others. Alderman Kirkpatrick is also mentioned in certain quarters.

(Special via G. T. P. Telegraphs.) BERLIN, Nov. 19.—General von Hindenburg, in a recent address, defending the German policy of sea fighting said: "The unrestricted submarine campaign of warfare was absolutely necessary to prevent German soldiers from being killed by American-made munitions and German women and children from being starved by the British blockade."

Attempt to Murder Admiral Kolchak

Hand Grenade Thrown at him Killed Six Soldier Guards Instead; Narrow Escape for Ex-leader.

(Special by G. T. P. Telegraphs.)

LONDON, Nov. 19.—An attempt to assassinate Admiral Kolchak is reported. A hand grenade was thrown at him, killing six soldier guards.

Kolchak had a narrow escape for his life. He showed no sign of agitation but was solicitous for

the men who had been injured from the impact.

Admiral Kolchak has naturally become more or less unpopular since his armies have been defeated by the Bolsheviks. Many who trusted in his leadership to save the country are now bitter at him.

MILK AT EDMONTON UP TO 16C A QUART

New Scale Just Gone into Effect Gives Sixteen and Half Quarts for \$1.

(Special via G. T. P. Telegraphs.)

Edmonton, Nov. 20.—A new scale of milk prices has just gone into effect here. The rate now charged by all the milkmen is 16 cents a quart or six and a half quarts for a dollar. A single pint costs nine cents. The increase in price has been made necessary by the increased cost of production and by the scarcity of the product during the extreme weather at this time of year.

SOUTHWEST WIND OF 42 MILES' VELOCITY

Last Night's Gale was General and Telegraphic Lines are Down.

This morning's southwest wind blew at an average velocity of 42 miles an hour but reached peaks much higher. The wind, it is reported, was general for some miles up river with the result that telegraphic communication out of the city has been cut off for the time being.

ASK FOR STEER GET OLD COW

This is What Happens to Many Says Speaker at Livestock Convention.

(Special via G. T. P. Telegraphs.)

VICTORIA, Nov. 20.—"There is a good deal of old cow beef put on the market today," said W. H. English at the livestock convention. "A woman takes home select steer meat which is from select steer's mother or grandmother but is based on select steer price."

The farmers spoke of the value of education, not only of the farmer and butcher but also of the purchaser, who in many cases knew nothing of how to judge meat or what cuts to buy.

ONTARIO HOUSING SCHEME SUCCESS

Houses Built Already Number 1,500 and 4,000 to be Erected Next Year.

(Special via G. T. P. Telegraphs.)

TORONTO, Nov. 20.—By the end of November some 1,500 houses will have been completed by Ontario municipalities that have taken advantage of the provincial government's housing scheme. With the approach of winter, it is interesting to note that although conditions in the building trades have been anything but satisfactory, the Ontario Housing Commission has been able to get a good start on its way to a solution of the housing problem of the various Ontario municipalities. Plans for next spring are already under way and it is anticipated that 4,000 homes will be built in Ontario under Government loans in 1920.

VALHALLA WINS IN WHIST TOURNAMENT

In last night's whist games the Valhalla was victorious over the Sons of England by a score of 5-4. By the same score the Oddfellows defeated the Sons of Canada. Both games and especially the last one were very close. In the Oddfellows versus Sons of Canada, the scores in the deciding games were 14-14 and 13-13 but the Oddfellows got the odd points in each case.

Harry Large's red Ford met with trouble in last night's gale when the canvas top was torn to pieces and ripped off by the wind getting under it.

LIFE IMPRISONMENT FOR IWERADOWSKY

Prisoner Escapes Gallows After Being Convicted of Murder.

(Special via G. T. P. Telegraphs.)

EDMONTON, Nov. 19.—Frank Iweradowsky, convicted of the murder at Grand Prairie and sentenced to death last August, will not expiate on the gallows. His sentence has been commuted to life imprisonment.

The trial took place at Grand Prairie last August for the murder of a man named Winniechuck. It aroused unusual interest on account of it being the first case in Canada in which the police had secured a conviction without producing the body of the victim.

MANY MEN TRAINING WHO WERE SOLDIERS

(Special via G. T. P. Telegraphs.)

OTTAWA, Nov. 19.—A total of 20,458 ex-members of the expeditionary forces are undergoing training in the schools and industries in Canada. Of this number 10,724 are in the schools. To date the undergraduates number 7,983. Men eligible for re-training must apply before February 1 next.

BOAT SOLD

Capt. A. J. Anderson of Ketchikan has sold his gas boat Hilda to Hans and Ole Hanson. Capt. and Mrs. Anderson and family will leave within a week for Richmond Beach, Washington, and expect to be away for four months, but will return in the spring with a new boat.

ROYAL ENGLISH FAMILY DURING CELEBRATIONS

KING GEORGE and ROYAL FAMILY ARRIVING at CADOGAN PIER, CHELSEA in STATE BARGE. Drawn by F. Matania for the Sphere by New York Herald.

Matania, the famous London Sphere artist, was one of thousands who witnessed this royal scene on Peace Day in Great Britain. The royal party went on board the state barge, glowing with crimson and gold, at the Custom House and disembarked at Cadogan Pier, Chelsea. Matania shows the moment when the royal barge is coming alongside the pier, near which a pavilion had been erected, and from which the King watched the passing of the rest of the procession. The banks of the river and the bridges were lined with dense crowds of people, who cheered loudly as the royal barge came slowly up, rowed by oarsmen in the picturesque garb of the King's Watermen. With King George were Queen Mary, Queen Alexandra, the Prince of Wales and other members of the royal family. A salute of twenty-one guns was fired as the King and Queen disembarked at Chelsea.

LAND REGISTRY ACT (Sections 36 and 134.)

Re Application No. 11318-J. File 6259.

TAKE NOTICE that application has been made to register Attilio Dominato of Prince Rupert, B. C., P. O. Box 20, as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcels or tract of land and premises situate, lying, and being in the city of Prince Rupert, more particularly known and described as Lot twenty (20), Block thirty-seven (37), Section Five (5), Map 923.

You are required to contest the claim of the tax purchaser within 35 days from the date of the application of this notice (which may be effected by publication in the Daily News, Prince Rupert, B. C.) and your attention is called to section 36 of the "Land Registry Act" with amendments and to the following extract therefrom:—

"and in default of a caveat or certificate of his pendency being filed before the expiration of the notice of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Attilio Dominato.

AND WHEREAS on investigating the title it appears that prior to the 9th day of October, 1918, (the date on which the said lands were sold for overdue taxes), you were the owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Attilio Dominato, unless you take and prosecute the proper proceedings to establish your claim, if any, and to prevent such registration being effected on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 24th day of October, A. D. 1919.

H. F. MACLEOD,
 District Registrar of Titles.

NIGHT'S STORM CAUSES DAMAGE

Was Worst Wind Experienced in City Since 1909—Many Windows Broken.

Last night's furious windstorm caused considerable damage in various sections of the city, especially down town. In the outlying sections some small shacks suffered and advertising signs were blown down. Shingles were blown off roofs and some sidewalks were picked up bodily and carried away. The small house on First Ave. near the Besner Apartments, formerly occupied by Capt. Mager and family, was blown down. It had been bought by Chief Vickers and was pretty well dismantled, so the wind finished the job. Also a shack on Eighth Ave. W. went over.

The damage is more evident in the down town sections where many plate glass windows suffered. Several awnings and signs were carried away, striking the windows in falling and shattering them. Among those losing plate glass windows were the Mussallem Grocery Co., where the awning was ripped to pieces and blown down, the rods striking the window. Kenny Wood's automobile sign went down and broke his big window. J. Killas, B. C. Cafe, Kirkpatrick & Harper, Army and Navy Club, Two Girls' Bar, Singer Shop, I. W. W. Hall and the Japanese Mission all lost plate glass windows. The sidewalk on Second Avenue was torn up at two places, at the corner of Eighth Street and between Second and Third Streets. The iron roof on the Exchange Block was lifted and, rolling backwards and forwards, made quite a thunder-like commotion this morning.

Although the harbor was very rough there does not appear to have been much damage done at the waterfront. Captain Swanson, in his gasoline boat "Regal" was cruising about the harbor this morning and the big launch was fairly bouncing. At the G. T. P. yards the roofs were lifted off some of the cars. The storm today was undoubtedly one of the wildest ever experienced in the city and reminded old-timers of the fall of 1909 when so many buildings were bowled over in the furious storms of that year.

Two-color window cards take the eye quickly. See them at the News Job Department.

PROVIDE FOR DEFECTIVE AND THE CRIMINAL

Policy to be Adopted by Provincial Government Regarding Unfortunates.

NEW HOMES TO BE BUILT AT ESSONDALE

VICTORIA, Nov. 20.—Definite co-ordination of departmental policy in the matter of corrective and curative establishments for British Columbia's boys is now announced by the Oliver Government. For some time past the care of the mentally defective and the incorrigible boy has engaged the attention of the responsible departments. As a result of their collaboration the Hon. J. D. McLean, Minister of Education and Provincial Secretary, and the Hon. J. W. deB. Farris, Attorney General and Minister of Labor, have reached a decision to erect an institution for the exclusive care of the mentally defective boys on government property at Essondale. Its design will follow the unit plan with accommodation for 150 children, while provision for their segregation into classes adapted to the mental capacity of each will be included. Likewise, in view of the unsatisfactory state of the present buildings now doing duty as the Boys' Industrial School at Point Grey a new institution on the cottage home system will transfer the care of the incorrigible boys to Essondale.

The result of the joint policy of the two departments will be the complete isolation of the mentally defective and the consequent removal of all disadvantages attendant upon indiscriminate and often unwitting housing together of both the normal subject and his less fortunate brother, as well as the avoidance of expensive dual management. For it must be understood that, although the two institutions will be distinct and separate individual units, by their concentration at Essondale it will be practicable to utilize the same medical staff, the same farm staff and the same supervisory machinery for both institutions. In brief, the new arrangement is fully expected to yield higher efficiency and tend to greater economy, while, judged solely from the financial standpoint, the necessity for progressive preventive measures is best understood when it is realized that this province pays annually \$600,000 for the care of its insane population.

It is proposed that one of the units shall be set apart from the rest for the use of the mentally sound but incorrigible boys at present housed in the Industrial School at Point Grey. Arrangements will be of such a nature, however, as to prohibit association between the incorrigible and the mentally defective, the latter being placed in his proper grade in the new institution. It should be noted, too, that for the time being the new institution will concern itself with male subnormals, only as the Government considers the female problem well provided for by the Girl's Industrial School at Vancouver.

One of the later developments of the plan is the attachment of a competent medical man to one of the hospitals of the Province through whose hands would pass all mentally deficient suspects, juvenile and adult.

Many Neglected Cases.
In explanation of this new program both Ministers remind the people of the Province that for many years in British Columbia there has been a well defined sentiment in favor of a policy that would lend itself to the more intelligent care and education of the mentally defective child. It is a well known fact, moreover, that there are probably several hundreds of these children in British Columbia to day, who are exposed to the consequences attendant upon indifference to their condition. Thus it is contended by the Oliver Government that these unfortunates can be cared for and rescued from useless lives; for the melancholy fact remains that it is very largely from the ranks of such children that the inmates of jails, asylums and refuge home for unmarried mothers are recruited.
Appreciating the seriousness of this situation from the economic as well as from the essentially financial standpoint, Dr. Maclean invited Dr. Clarke, professor of

mental hygiene at Toronto University, to visit the province, investigate the mental condition of inmates in the various institutes, and report his findings. This Dr. Clarke did during the summer months and his conclusions were of such an enlightening, if startling, character that immediate action was decided upon.

Isolating the Defective.
Under the system which is now to be replaced children of all types are indiscriminately congregated without any special regard for their mental condition. It is a state of affairs, of course, very largely imposed by the somewhat tardy evolution of mental hygiene as far as this province is concerned, hindered, it is true, by the more or less widespread indifference of the State to its unfortunates.

Nor is the mental defective a subject to be treated by any special standard of education. Many are extremely slow at school. Text book tutelage means nothing to them. On the other hand many of them can be taught to do useful mechanical work. Moreover, until a few months ago no institution in this province possessed facilities to care for the imbecile. An attempt was made at the mental hospital at Essondale to segregate the unfortunate youngster from the insane adult. Lack of accommodation, however, prevented any material progress. During last summer a cottage capable of accommodating seventy-five children was erected and at the present

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$3.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 1/2 acre, before receiving Crown Grant.

Where pre-emptor in occupation not less than 2 1/2 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$200 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 1/2 acre cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provides statutory improvements, roads and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homestead, residential and improvement conditions.

For grazing and industrial purposes areas exceeding 40 acres may be leased by one person or company. Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 25, 1918. Taxes are remitted for five years. Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions. Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 21, 1920.

SUB-PURCHASERS OF CROWN LANDS.
Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.
Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commission. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

WEAK CHESTED PEOPLE

and elderly people particularly, who are so subject to ailments of the breathing tubes and lungs, are frequently difficult to prescribe for owing to their frail constitutions. For all such people Peps are the safest remedy for coughs, colds, bronchitis, asthma, etc., as Peps contain absolutely no harmful drugs. Mrs. David Patriquin of Mattatall Lake, N.S., writes: "I have just been cured of a very bad cough by the use of Peps. As I am seventy-five years of age I consider this cure all the more remarkable." For very young people, too, Peps are just as good. All dealers 50c.

SAANICH DEALS WITH HOUSING

Company Being Formed to Carry On Contracting Business Employing Soldiers.

VICTORIA, Nov. 20.—Tonight a meeting is to be held at St. Mark's Hall, Saanich, for the purpose of completing the organization of a company to build houses and undertake a general wood-working business for returned soldiers and of developing the municipality.

When Saanich municipality went into the soldiers' housing scheme the work of constructing houses was undertaken by a company of returned men in charge of Major Spurgin. It has been such a success that it has been decided to form a limited liability company in the municipality, the capital of which will be subscribed by the citizens, to continue the house building and also to undertake woodworking including a sash and door factory. At the last meeting a committee was appointed to draw up bylaws which will be submitted to night. Reeve Jones is interesting himself in the scheme.

BRITISH MUSEUM SPECIMENS TAKEN TO SAFE STORAGE

How the treasures of the British Museum were protected during the recent epidemic of air raids is related in the report dealing with the Museum for the year ending 1918, issued as a White Paper. When it became known that air raids were likely to take place in greater force and with heavier bombs, the most important among the portable objects in the department of antiquities (including the frieze of the Parthenon, the best of the Greek vases and bronzes, the chief Assyrian bas-reliefs, the Rosetta Stone and the finest objects of mediaeval art), together with practically the whole collection of coins and medals, were transferred to a station on the newly completed Postal Tube Railway, some 50 feet below the surface of Holborn. Fifteen van-loads of the most precious literary and artistic treasures were transferred to the National Library of Wales at Aberystwyth, and a small selection of exceptionally valuable printed books was housed by C. W. Dyson Perrins in the strong room of his house near Malvern. Other articles were placed in the strong rooms in the basement of the Museum, and the sculptures which were too heavy for removal to the Tube were protected by sandbags. Much of the glass and china which could not be removed was protected against the risk of concussion by being stored in packing cases. As soon as the armistice was signed, the restoration of the Museum was at once taken in hand, and the return of the collections from Aberystwyth, Malvern, and the Tube station began in December. As a protection against air raids the study collection of small mammals was sent to the Royal Albert Memorial Museum,

Exeter; the Sloane Herbarium and a number of type specimens and original drawings of plants of historical value, as well as a number of meteorites, were, by the kindness of Lord Rothschild, housed in his museum at Tring. Since the cessation of hostilities all the specimens removed have been safely returned without loss or mishap.

"Scotty" Dennis is leaving on the Prince George tonight for San Francisco where he will spend three months taking a special course as a linotype operator. "Scotty" is not certain whether he will return here or not but says that he will probably not be able to resist the call of the North when he gets done with his course in California. "Scotty" is a real pioneer of this city having been a resident for ten years with the exception of over three years he spent overseas. Since returning from overseas he has been a valued employee of the Daily News.

Gene Byrnes Says:—"Ain't It the Truth?"

THE reason that Fire Insurance Companies insure your property so cheaply is because they have a great number of properties insured in a great many localities in many different cities. Thus their risks are subject to the law of averages. The individual who carries his own risk (in other words does not have his property insured) cannot possibly so diversify and scatter his risks as to bring the law of averages to apply to his property. Therefore the insurance companies can carry your risk cheaper than you can. **H. G. HELGERSON, LTD.**, are writing insurance carefully and in thoroughly reputable companies. Phone 96 and we will be glad to quote you the rate on your risk.

HEALTH OFFICIALS WARN THE PUBLIC
In View of Existence of 'Flu They Advise Prompt Treatment of Every Case of Cold.

When the 'flu epidemic swept the country last year it was generally agreed by medical men that there would be a recurrence of the attack this winter. So far it has not swept with the violence of last year but there is hardly any large community in which it is not present to some degree.

In view of the ever present danger of the disease breaking out health authorities are everywhere advising the public to observe extraordinary precautions. One of their first advices is to treat all cases of colds as dangerous, the conditions in such cases being similar to those in the first stages of 'flu.

For the treatment of colds there is no preparation equal to Grip Fix, which may be secured at any drug store. It is not a patent medicine but a treatment which would be approved by your family physician. The drugs it contains are stated on every box and cover just the drugs needed in such cases. Grip Fix is not a new preparation as it has been in use for many years, doing wonderful work during last year's 'flu epidemic. It comes in convenient capsule form and when buying it be sure to get Reid's Grip Fix as there is nothing just as good. It sells for 35 cents per box and is worth its price over and over when a cold appears. On sale at all druggists.

"Rexall Remedies"
A name that all America has learnt to know and rely upon

"Rexall Remedies" are successful because of the high standard of quality that is rigidly maintained in compounding formulas based on proven principles. Confidence has been established because of the conservative claims made.

"Rexall" does not in any sense stand for "Cure-all." Instead there is a nature-aiding preparation for every human ill. "Rexall Remedies" do not contain harmful stimulants or habit forming drugs.

"Rexall Remedies" are sold in this city by
