PEACE RIVER RAILWAY AUTHORIZED

Parliament, in the session just ended, authorized construction of the Peace River Railway, declares a Vancouver Sun editorial.

Complete and absolute power to do this work was vested by Act of Parliament in the hands of Premier Bennett and his Cabinet.

Bill 142, introduced by the Minister of Finance (Rt. Hon. R. B. Bennett), provides as follows:

"The Governor-in-Council may provide for the CONSTRUCTION, extension or improvement of public works, buildings, undertakings, RAILWAYS, highways, subways, bridges and canals, etc.

"And, for the purposes aforesaid, may expend such moneys from the Consolidated Revenue Fund as may be required."

This bill, introduced on July 30, was finally passed by both houses on August 1 and was given royal assent at the prorogation of Parliament on August 3. It is the law of Canada today.

WHAT WILL PREMIER DO?

WHAT IS PREMIER BENNETT GOING TO DO ABOUT IT?

Only one thing can stop the building of the Peace River Railway in the face of that legislation: viz., Premier Bennett's determination not to build it. No such determination is in honor open to Premier Bennett. In his keynote speech at Winnipeg on June 9, 1930, opening the election campaign which put him into office, he uttered this solemn pledge:

"We pledge ourselves to the improvement of the whole scheme of Canadian transportation, northward by completion of the Hudson Bay route; TO THE PACIFIC SLOPE BY A PEACE RIVER OUTLET."

That was the policy on which he was elected. Parliament, when it unanimously adopted Bill 142, was well aware of that policy. Both parties were pledged to Peace River action. Almost the last words uttered in the 1930 session of the House of Commons were Premier King's announcement that if the railways did not speedily select a route he would do so for them. Mr. Bennett immediately underwrote that pledge.

So the Peace River Railway situation today is this:

Premier Bennett, his party and his government, are under solemn pledge to build the Pacific Coast Outlet. There can be no opposition, since the Liberal party is equally pledged.

Parliament has unanimously given Premier Bennett and his government the money and the authority to go ahead with construction right away.

Premier Bennett has the reputation of being a solo performer. Parliaments, cabinets and similar institutions annoy and hamper him.

SUBSERVIENT TO PREMIER

Well, Parliament has gone home. The cabinet is completely subservient to the Prime Minister's will. Mr. Bennett has a blank cheque in his pocket. He has himself assured the country that great construction projects are immediately necessary to cope with unemployment. All the arguments that have ever been uttered by himself and others as to the need for a Pacific Coast Outlet for Peace River's 22,000,000 fertile acres still apply.

The whole issue is up to one man—Premier R. B. Bennett. He has the reputation of being a man of honor.

Failure to get Peace River Railway construction under way before March 31, 1932, the date on which the authority vested in his Bill 142 expires, will blast that reputation forever.

What is Premier Bennett going to do about it?

HOW JOBS ARE SAVED

Cutting of Immigration Has Beneficial Effect in United States

WASHINGTON, August 12.—With final figures for the fiscal year issued here it was learned immigration restrictions by the State and Labor Departments had saved American workers approximately 180,000 jobs in the 12 months ending June 30.

At the same time the nation closed an epoch of immigration expansion and sent out 10,237 more aliens in the year than it received. This is the first year in the long history of the American republic that such a condition has appeared, and brings to an end, for all time, it is believed here an era that has seen successive incoming waves of Irish, Scandinavian, German and Mediterranean immigration.

The sudden and dramatic change has occurred in the past 12 months and already has had important economic repercussions, notably the decision of the big Atlantic steamship companies, announced yesterday, to reduce fares, due in part to the falling off in immigrant travel.

The estimate that the restriction on immigration admittances had saved jobs is made from a comparison of the number of aliens admitted last year with those departing this year. In the 1930 fiscal year there was a net gain of 173,789 aliens, following arrival of 446,214 and departure of 272,425.

Departations during the past year also set a new high record for all time at 18,142, as against 16,631 in the previous fiscal year. The year just closed included also for the first time aliens deported voluntarily under a provision of the Immigration Act by which indigent aliens, in the United States less than three years, may be sent home at government expense. Nearly 1000 of such departures are believed to have taken place.

Cutting Out Aliens

Figures given out at the Labor Department also contrast two years' record of aliens in the so-called "immigrant class." This class includes arriving aliens who intend to remain permanently in the country, as against admittances of "non-immigrant aliens" who are assumed to be on a temporary visit. Immigrant aliens admitted this year were 97,139 as against 241,700 last year.

In the same way "emigrant aliens" assumed to be leaving the country permanently were listed as 62,351 for this year, as against 50,661 last year. The net loss at the end of this year in this category was accordingly 34,788.

Records of the immigrant bureau show a total increase of 7,882,567 aliens in the 23 years 1908-1930. There were 16,061,139 aliens admitted and 8,178,593 departures. In that period the largest net increase at the end of a year was 817,619 in 1910. The year 1914, before the war showed almost as high—769,276. The next year 1915, showed a drop to 50,000. In 1918 the balance at the end of the year was only 18,565.

Death of Winnipeg Woman Regretted By Ex-Service Men

WINNIPEG, Aug. 12.—In the death recently of Mrs. R. D. Waugh, many soldiers' widows and ex-service men will remember with affection her devoted and untiring service during the war. For over five years she labored day and night, summer and winter, in the leadership of the comparatively small but enthusiastic band of women, who met all trains conveying soldiers to the war, and also all trains bringing back the survivors, and entertaining them on behalf of the city.

The task of officially meeting, sending off and welcoming home the boys was extremely exacting, but it was done so thoroughly well that the thanks of the federal, provincial and civic governments were accorded to Mrs. Waugh, as well as the Great War Veterans' organizations. Hundreds of widows and mothers were visited and comforted when news of casualties were published. She was chiefly instrumental in the promotion and organization of the first women's curling club in Manitoba, and was the first president of the club.

BUSY TIME IN LONDON

Mrs. G. Howard Ferguson Finds Much to Occupy Her

TORONTO, Aug. 12.—A highly interesting description of the activities which have occupied Mrs. Howard Ferguson, wife of Canada's high commissioner to London, since they went to London last winter, is furnished in an interview given by Mrs. Ferguson on her return for a holiday to Helen V. Walker of the Mail and Empire. Outstanding among the activities of Mrs. Ferguson, and in addition to the strenuous social and court life in London, has been her success in organizing Canadian women living in England. Almost immediately upon her arrival in England Mrs. Ferguson was appointed liaison officer of the Women's Institute. While this group was conceived originally as a service or organization, it has served to bring Canadian women in England together socially.

Contrary to general opinion, Mrs. Ferguson said, from her experience, court life and social functions at Buckingham Palace are less arduous than the ordinary demands on a woman in public life. She pointed out that women in general, preparing for presentation at court stood in fear of being made ridiculous by a wrong move. "There is but one thing one needs to know before presentation to court," Mrs. Ferguson went on to say. "The proper curtsy is essential. The other formalities become simple through the direction that is given on every hand after admittance to the palace."

In their official capacity, Mr. and Mrs. Ferguson entertained only twice during their residence at Canada House. Their first large reception upon arrival in London was in honor of Lord and Lady Bessborough before they sailed for Canada. On Dominion Day through the efforts of Mrs. Ferguson to reach every Canadian living in England, they received several hundred guests at Canada House. The majority of these guests were former Canadians many of whom had been out of touch with their countrymen and isolated for years.

Receives at Tea

Although they have entertained but twice formally during their residence in London, Mrs. Ferguson stated she had made it her custom to receive at tea several times a week in her temporary apartment overlooking Hyde Park. Prominent Canadian women have often assisted her in pouring at these affairs.

Very enthusiastically Mrs. Ferguson described the beauty of the State ball, the first in many years, which took place at Buckingham Palace. She declared it to be the first time she had ever seen the uniforms of the men outshine the brilliance of the court evening gowns of the women. She was also keenly enthusiastic over the success of the all-Canadian concert given in London during July. She modestly admitted her efforts in behalf of the venture and described it as being a tremendous success.

"I have been in public life for years," Mrs. Ferguson said, "and yet I have always made a particular point of keeping a personal touch in my relations with the public by always attending to my own correspondence. My one regret will be that when I return to London I shall have to have a secretary. This will be a genuine grief as I fear I shall lose the personal touch I have enjoyed so much."

"Asked how she intended to spend her two months in Toronto, she replied that she intended dividing the time between her home in Toronto, the farm, and fishing. She is an energetic, enthusiastic fisherman. Mr. and Mrs. Ferguson agreed there were no fish to compare with Canadian fish, and they intended to make the most of their opportunity while here, catching them."

GIRLS WANTED

To enter Contest for America's Most Beautiful Girl

The winner will be chosen during fair week in Prince Rupert and will get a free trip to Los Angeles and back and be entertained lavishly while there.

Entrants must sell 50 tickets to the Big Coronation Ball, the last day of the fair. Nothing else to do but look pretty. It's the chance of a lifetime.

The fair board at its recent meeting decided to enter a candidate in the International Beautequest at Los Angeles in connection with the celebration of the one hundred and fiftieth anniversary of the founding of the city, when the most beautiful girl in America will be chosen.

The local candidate will be chosen at the time of the fall fair and immediately after her selection she will have to leave for the south to get there in time for the big California event. Her expenses going and coming will be paid by the Fair Board but while there she will be the guest of the Ocean Park Businessmen's Association, who are sponsoring the event. The attraction for the candidate is set forth in the following letter from the south.

"Your candidate will be met at the railway station, dock or airport by a committee representing the Ocean Park Businessmen's Association.

"She will be the guest of screen stars at various functions.

"She will be entertained by a reigning star of the screen at her home.

"She will be included in all parties listed as part of the program of the International Beautequest and La Fiesta de Los Angeles.

"She will occupy a position of honor in all gatherings including pageants, parades, spectacles, receptions and, in fact, all events planned for the International Beautequest and Los Angeles' great reception."

Candidates must be between the ages of 16 and 30, unmarried and of good character and the one going from Prince Rupert will be chosen in the following manner:

She or her sponsors must sell 50 tickets at \$1 each for the big coronation ball to be staged on the last day of the fair in the exhibition building. For the one selling the most tickets a prize of \$50 will be awarded.

She may enter without sponsors if she wishes but she must sell the tickets.

The candidates must attend the Exhibition every evening while it is in progress here. On the first night one selection will be made by competent judges. On the second night a second candidate will be chosen by another set of judges and on the third night a third candidate will be chosen by a third set of judges.

These three candidates will attend the coronation ball accompanied by the other candidates and at 9 o'clock, the final selection will be made. Two hours later the coronation will take place here and the following day the winner will be required to leave and travel as rapidly as possible by steamship, airplane and rail to Los Angeles.

Candidates from points around Prince Rupert may enter, such as Anxox, Ocean Falls, Smithers, Terrace, Stewart, Hazelton or other points and they will be required to sell 25 tickets to the coronation ball in order to qualify.

Candidates either in the city or out may be sponsored by organizations who may help them in disposing of tickets or otherwise in connection with the event.

Candidates or their sponsors should notify Secretary Vance of the Fair Association at as early a date as possible and as soon as the tickets are ready may commence disposing of them.

HEART BALM SUITS LESS

Notable Falling Off in London in Breach of Promise Cases

LONDON, Aug. 12.—Less and less do breach of promise cases appear on the law lists. They promise soon to be a novelty. When only five such cases were set down for one London session, lawyers remarked at the falling off of this lucrative business, and that now it had reached the lowest level since the war. The decline of this class of action has been especially marked in the last two or three years. This, despite the fact that announcements of broken engagements have become more frequent. Last year alone over 90 announcements of cancelled marriages in the upper ranks of English society were published in the press.

Now for the reasons for the falling off, as given by lawyers: (1) Shorter engagements. (2) Entry of women into business. (3) The fall in scale of breach damages awarded.

"Back in the 'nineties," says one authority, "damages exceeding \$5,000 were frequently awarded for breach of promise. But not so today. Recently many successful plaintiffs have received less than \$250. One reason why the damages in the past were heavy, was that engagements were much longer and plaintiffs could show that they had waited, five, seven and even 10 years. The modern girl is in a different position. Engagements are fulfilled or broken off within a few months."

A woman has her say, too: "Under the terms of the law a man is as much at liberty to sue for breach of promise as is a woman. Yet you rarely read of men taking such action. That implies that men have a better sense of their dignity than women. The whole procedure is most undignified, and I cannot understand any woman taking part in it. I imagine the law was passed in the days when a broken engagement meant degradation to a woman. Women nowadays are capable of looking after themselves."

MERCHANTS WIN GAME

Mobley Cup Soccer Competition is Now Tied Up

Poor Match

Ragged Play and Too Much Talking Last Night

After the interruption of local games owing to the visit of H. M. S. Dragon, Mobley Cup league football was resumed last evening with the Merchants beating the Regiment two goals to one, to tie up the leadership in the competition.

The Regiment had the hill in its favor but the opening exchanges were all in favor of the Merchants. S. Dickens and H. Dickens combined neatly on the wing but Kelsey cleared. Amor and Hill were nearly through but Wingham cleared and then Smith saved well. He also cleared a corner kick well. Regiment was awarded a penalty kick when H. Dickens handled in the penalty area but Wilson made a hash of the kick, shooting straight at Vink who cleared. Merchants again took up the attack and A. Dickens shot wide. Smith stopped a good drive from S. Dickens but the Regiment defence was playing a strong game with Kelsey and Smith outstanding. Norrington got away and, from his perfect centre, Wilson scored a neat goal to give the Regiment the lead. A cross from Amor went clear across the goal but no further score was recorded at half-time.

The second half found the Merchants attacking and Smith pulled off a brilliant save under the bar from Amor's great shot. DeJong was checking well and the Regiment attacked by Douglas cleared. Beck crossed a ball right across the goal mouth but no one was there to either clear it or touch it in. Redpath blocked a hard drive and Clarke headed away a dangerous shot. Smith again saved well and threw clear. Following a corner Amor scored to put the teams level. Play was ragged with some of the players "crabbing" far too much and the game suffered. Kelsey got a cramp and went outside left with Norrington going back. Soon after Kelsey made a fine run but Douglas spoiled him. Lyons had a try but it went wide. The Merchants were still doing the greater part of the pressing and Norrington was un-

lucky enough to head a shot past his own goalie to give the Merchants the lead, which they maintained to the end.

Merchants—Vink; Currie, Douglas; Mitchell, A. Dickens, McKay; Amor, Hill, Beck, H. Dickens, S. Dickens.

Regiment—T. Smith; Kelsey, Wingham; Clarke, DeJong, Redpath; Walters, Lyons, Wilson, Colussi, Norrington.

Referee, C. L. Youngman; linesmen, A. Clapperton, T. Bussanich.

Poor Match

The match was a poor one to watch. The refereeing was slack and with minor infractions going unchecked tempers got frayed and there was far too much talking. The Regiment had several of its regular players away. Laidler and Watson are on the injured list, and Edgecumbe, Thurber and Fong are out of town. Laidler was not missed as Ted Smith kept a splendid goal and was unlucky to have the second shot turned past him as he had it covered till Norrington deflected it. Kelsey turned in a rare game at back and Wingham was little behind him. DeJong had extra work to do and did it well. Redpath and Clarke were hard working substitutes who never gave up. The forwards did not combine well though the movement of Norrington and Wilson that gave them the goal, could not be improved on. Colussi and Lyons played very hard but Walters was not as good as usual.

Vink was not severely tested. Douglas and Currie were a steady pair of defenders with Currie trying an occasional shot at goal. Dickens was a good spoiler but his shooting was off. McKay gave Walters little scope and Mitchell played his usual game. The Dickens brothers showed nice footwork at times but none of the forwards did much shooting. Hill tried hard and Amor found Smith equal to most of his shots. Beck at centre was not strong.

SPORT NOTES

The arc lights blazed away and the picture machines whirred as 35-year old Benny Leonard officially returned to the ring wars in New York a few days ago. The scene was a midtown gymnasium and the setting was perfect. Steamrolled up by a report the former lightweight king would put on the gloves with his new stablemate, Mickey Walker, the faithful packed the house at so much a head. Mickey

did not show but the crowd got its full quota of entertainment.

Benny's act consisted of two fast rounds with Jackie Phillips, who holds the Canadian welter title, and two more with one Jimmie Martin, an amateur flyweight. Leonard did not look bad, yet he didn't look so good. He looked a great deal like a 35-year old former champion attempting a comeback.

OLD PILOT UNDER FIRE

Movement to Remove Manager of Brooklyn Robins Continues

BROOKLYN, Aug. 12:—Uncle Wilbert Robinson, 67-year old pilot of the Brooklyn Robins, is virtually "on the spot" as his National League team opens its final stand of the season at home before the onslaughts of western clubs.

All this season there has been a growing movement for the removal of Robinson and this has become intensified during the past two or three weeks during which time the team has virtually collapsed after having enjoyed rosy mid-season pennant prospects.

Robinson is charged with using poor judgment in connection with the selection of pitchers, allowing valuable players to be lost to other teams and on various other counts.

Robinson has been in professional baseball for fifty years and since 1915 has been pilot of the Brooklyn club.

RESTORE ARMADA

National Movement for Rejuvenation of Portugal's Fleet

LISBON, Aug. 12:—Portugal's "armada," once mistress of the seas, today is a mere shadow of past glories. A national wave of reaction has set in against its poor showing.

The government therefore plans for the restoration, in a modest way, of what is known as the "armada." While economies have been made in the appropriations of the war and air departments, those of the navy, on the contrary, show an increase of \$10,000,000.

SOCCERISTS CHALLENGED

Baseballers, Not Satisfied With Dragon Exhibitions, Challenge Footballers

Not satisfied with the brand of soccer that was offered in competition last week with H. M. S. Dragon, the Prince Rupert Baseball Association is offering to give a few lessons in the pigskin game to the Prince Rupert Football Association and, accordingly, the baseballers are issuing a challenge to the footballers for a game of soccer to be played at any time and place suitable to the football men. If the footballers are not able then to give a better account of themselves during the forthcoming Fair Week series it will, at least, be no fault of the baseballers who, incidentally, are so willing to help things along that they are considering offering their services both as footballers and baseballers during the week.

Anyway here is the soccer team that the baseballers will ask the footballers to try over on their piano:

Lambie; Skinner and Styles; G. Mitchell, Howe and V. Menzie; N. Chenoski, W. Mitchell, Farquhar, A. Mitchell and Frizzell.

STATION WINNER

Biologists Lost in Softball League Game Last Night

In the C. N. R. A. Softball League fixture last night the Station defeated the Biological Station 6-3.

The Station got away to a good start and collected three runs in the first three innings but in the last of the third the Biological fellows settled down and tied the score, making three runs. Then in the first of the fifth inning the Station again got going and brought in three more men. They managed to hold out their opponents entirely until the end of the game, making the final score 6-3.

Batteries were Styles and Geddes for the Station, and Brocklesby and Smith for the Biological Station.

League standing to date is as follows:

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Take The DAILY NEWS with you When Going on Summer Holidays

Nearly everybody likes to keep in touch with Prince Rupert when away for their holidays. The best way to do this is to order the paper sent during that time. If it is only for two weeks, the News is a welcome visitor and the mails during the summer months are carried almost daily to most points.

Recently a number of Scandinavians have given up the local fishing for the summer and gone on an extended visit to their former homes. In almost every case they order the Daily News sent them while they are away. Several subscribed for a year, others for shorter periods.

No time is too short for us to look after our patrons.

GYRO CLUB LUNCHEON

Prepare For Fair Work—To Sponsor Beatequest Candidate—Barrett Delegate to Vancouver

C. A. Kirkendall, who has been appointed secretary of the joint committee of the Gyro and Rotary Clubs having charge of the concessions at the Prince Rupert Exhibition this month, reported to the Gyro Club, at its luncheon yesterday, that arrangements for the outside midway attractions were well advanced. A number of the devices had already been settled upon although the committee was still open for suggestions. In order to make a success of the undertaking, which was to be quite a large one, Mr. Kirkendall referred to the necessity of all members of both the clubs turning in and working when they are called upon for assistance. James L. Lee of the Rotary Club is chairman of the joint committee.

The Gyro Club also decided to sponsor a candidate in the Beatequest contest which is being staged in connection with the Fair to select a local delegate to go to the main contest in Los Angeles. A committee consisting of W. H. Tobey, N. L. Freeman and Dr. L. W. Kergin was named to select a candidate on behalf of the Gyro Club and make the necessary arrangements for according her the necessary support.

A committee consisting of Dr. L. W. Kergin, W. H. Tobey, L. W. Waugh and W. M. Watts was named to take charge of the forthcoming Gyro picnic. It is planned to have a clam bake and corn feed at Pillsbury Cove, members of the club to supply the necessary boats.

The club named H. D. Barrett as its delegate to the district convention to be held later this month in Vancouver. Alternates are L. W. Waugh, William Mitchell and W. H. Tobey in order mentioned.

William Mitchell, chairman of the committee which had charge of the recent entertainments by the Royal Russian Chorus, reported that the sum of \$52.60 had been cleared for the club as a result of the presentations.

The club decided to send an invitation to Ed. Kagy of Cleveland, international secretary, to visit the city while on the coast this month in connection with the district convention.

William Ramsay of Roblin, Man., was a guest at the luncheon which was presided over by C. C. Mills, the president.

"What time shall I meet you?"

A day's work finished. But they are still fresh and bright. They will tell you that the way to keep fresh is to keep your mouth refreshed. The pure, cool flavor of WRIGLEY'S refreshes the mouth as nothing else can.

Nova Scotia Girls On English Stage

MONTREAL, August 12—Canada has a particular interest in the career of Molly Mooney, rising young star in English light opera, who is now visiting her homeland. Miss Mooney, who was born at Stellarton, N.S., went with her parents to Port Arthur, Ont., as a child, and there she began her music studies and won a scholarship which first took her to London.

In Port Arthur, after leaving school, she was employed in the offices of the Canadian National Railways. She studied music with Wilfred Coulson, F.R.C.O., and was soprano soloist with the famous Port Arthur Women's Choir and in the St. Paul's Presbyterian Church choir. In 1928, she won the Royal Academy and Royal College Associated Board scholarship, which took her to the Royal College to study under the distinguished teacher, Dr. Arnold Smith, F.R.C.M. A year later, Miss Mooney won the Lillian Eldee scholarship and began making public appearances in the British capital in concert and oratorio. Now she has won a scholarship offered by the Lyric Theatre, Hammersmith, which carries with it special study for the stage and the leading role in one of Nigel Playfair's light operas.

Miss Mooney will be heard in recital in her home city under the auspices of the Port Arthur Women's Choir. She will return to London in September.

TROLLER IS SALVAGED

Jack Hazelton and Eddie Falley Came to Assistance of Ryan Brothers in Shawatlans Passage

Swung round by the rushing tiderips in Shawatlans Rapids yesterday afternoon about three o'clock, the trolling boat of Eddie and Bob Ryan of Metlakatla piled up on a rock but, with the assistance of Jack Hazelton and Eddie Falley in their gill-netter, after an all-night job, the stranded boat was finally salvaged early this morning and towed to a nearby beach where she was beached.

It was about at the half of a falling tide when the Ryan boat went on the rock. About two or three hours later at 6 p.m. Hazelton and Falley came along and hope to lend assistance. After the two brothers had been taken off the stranded boat, the latter craft was then made fast by use of lines and held during low water. At the high tide about midnight, later, the stranded boat filled but, after she came free, she was towed ashore in a submerged condition and beached.

The hull of the Ryan boat sustained little if any damage although the interior and machinery suffered because of the submerging.

ITINERANT GETS FOURTEEN DAYS' IMPRISONMENT

For being in possession of property stolen from the Canadian National Railways, Findlay Macdonald was sentenced to 14 days' imprisonment by Magistrate McClymont in city police court yesterday afternoon. The property in question consisted of a number of paint brushes stamped "C. N. R." and alleged to have been taken from a work car in the yards. Macdonald is said to be an itinerant.
