Rt. Hon. Winston Churchill Faces Long Period in Hospital as Result of Accident

NEW YORK, Dec. 15:-Facing the prospect of having to spend five weeks in hospital for treatment of injuries sustained Sunday night when he was knocked down by an automobile, Rt. Hon. Winston Churchill, British statesman, will probably have to cancel the greater part of a lecture tour of the United States on which he was about to embark when the accident occurred.

Mr. Churchill was struck by an automobile when he attempted to cross Fifth Avenue against the traffic signals. He admits that he was solely to blame himself for the accident. The police, agreeing with this view, have released the driver of the car which struck Mr. Churchill.

Ketchikan Paper Discusses Bone of Contention Between American and Canadian Fishermen

In a recent issue, the Ketchikan Chronicle says:

"A matter of considerable importance to the halibut fishing interests of Alaska will be voted upon by referendum by the Deep Sea Fishermen's Union December 29 along with the election of officers. It is whether the Canadian fishermen shall separate from the American fishermen, the Canadians to form their own union.

"The same subject is before the Fishing Vessel Owners' Association which is composed of owners of boats engaged in fishing. So far as is known here the vessel owners have taken no official action on the subject yet, but it is believed the general committee representing various interests appointed at the meeting of the association in Seattle will also consider this phase among many other subjects to be considered.

"The Canadian fishermen belonging to the union and to the association are practically a unit in declaring that the American duty must be equalized so that Canadian boats would be paid the same price for fish as paid American boats in Canadian ports. What Better Work Than to Bring Happiness to Needy at Christmas?

Some people like to search out for themselves some family or families that are in need and see that they are cared for. Members of churches sometimes like to care for their own people. Outside of this there are always a large number, often the worst cases, who have no one to look after them. These are searched out by the Salvation Army and made happy at the Christmas season. What better work could be done?

The West contributes this delightful

Sometimes it's difficult to think up new ideas for varying daily menus. Here's one that offers pleasing variety and combines healthful qualities as well. It was prepared by Miss Gertrude Dutton; Western Canada's best known cookery expert, conductor of the Better Cookery Section in the Winnipeg Western Home Monthly.

VEGETABLE DINNER Scalloped Potatoes Creamed Corn-Diced Beets Cabbage au Gratin Hot Tea Biscuits* Apple Pie with Cheese Chase & Sanborn's Tea or Coffee

Miss Dutton says: "I recommend Magic Baking Powder because I know from experience that its uniform leavening quality gives dependable baking results. Most baked dishes look and taste better when Magic Baking Powder is used."

Look for this mark on every tin: It is a guarantee that Magic Baking Powder does not contain alum or any harmful ingredient. Try Miss Dutton's Favorite Recipe for TEA BISCUITS*

1 tablespoon lard 2 cups flour 4 teaspoons Magic 34 cup cold milk, or half milk and half Baking Powder 1/2 teaspoon salt 1 tablespoon butter

Sift flour, baking powder and salt. Cut in the chilled shortening. Now add the chilled liquid to make soft dough. Toss dough on to a floured board and do not handle more than is necessary. Pat out with the hand or roll out lightly. Cut out with a floured biscuit cutter. Bake on a buttered sheet in a hot oven, 450° F., 12 to 15 minutes.

This recipe and dozens of other equally delightful baking suggestions are included in the New Magic Cook Book. If you bake at home, a copy will be sent you. Write to Standard Brands Limited, Fraser Ave. and Liberty St., Toronto, Ont. Buy Made-in-Canada Goods.

on Landscape and Disgrace to Province
