Political Sensation Sprung by President In Backing Hollister

Is First Time Since His Regime Started That Chief Executive Has Lent Support to Anti-Prohibitionist

WASHINGTON, D.C., Aug. 7.—One of the most important political developments of late in the United States occurred yesterday when President Hoover announced his active support of John Hollister, Republican anti-prohibitionist, who is seeking election to Congress in the seat of the late Speaker Nicholas Longworth. It is the first occasion since he assumed the presidency on which Mr. Hoover has espoused the cause of an anti-prohibitionist.

Hollister is pledged, if elected to immediately move for repeal of the Eighteenth amendment.

Further Details of Important Resolutions Which Were Passed By Meeting

BURNS LAKE, August 7.—The convention of the Associated Boards of Central British Columbia this year was noted for its unanimity of opinion. There was no opposition to any of the ten resolutions passed, a resume of which has already been published. The resolution committee consisted of W. L. Armstrong of Prince George, Mr. Irwin of Fort Fraser. (Continued on Page 2)

SENATOR IS DEAD

Liberals and Conservatives Now On Even Footing in Red Chamber

Late Hon. E. M. Farrell Prominent in Nova Scotia Affairs

OTTAWA, Aug. 7.—Senator Edward Matthew Farrell of Queens Nova Scotia, died in hospital here yesterday from the effects of a stroke which he suffered on Sunday.

Deceased's Career The late Senator Farrell was born in Liverpool, Nova Scotia March 31, 1854, of Irish parentage. He was educated in the common schools of his native town. Senator Farrell entered public life on August 15, 1896, when he was elected by acclamation to the Nova Scotia House of Assembly to fill the vacancy caused by the death of a sitting member and was re-elected in the general elections of 1897, 1910 and 1906. Before resigning to run for the Legislature, he was chief deputy sheriff for Queen's County from 1883 to 1896.

Senator Farrell was elected Speaker of the Nova Scotia Assembly in 1905 and was reelected in 1907. He was summoned to the Senate on January 10, 1910. He was a Liberal in politics and a Roman Catholic in religious belief. Following the death of Senator Farrell, Conservatives and Liberals now have each forty-seven members in the Senate with two vacancies.

Cariboo Member Not Expecting Immediate Action on Question Of Peace River Railway Outlet

Announces That Experimental Farm Site Will Be Chosen This Year—Interesting Address Following Return From Ottawa

BURNS LAKE, Aug. 7.—In an address to the Associated Boards of Trade of Central British Columbia Thursday evening, J. A. Fraser, M.P. for Cariboo, who had just arrived direct from Ottawa, stated that the federal government had no intention of shirking its duties in respect to unemployment relief, but that it also had the taxpayers

to consider. The government had authentic information that many unemployed men when offered employment had evaded taking it. They were now authorized by Parliament to deal with these people and would do so. He urged the boards of trade to co-operate with the government officials in seeing that the money was not mis-spent.

Mr. Fraser announced that an experimental farm site would be chosen this year in Central British Columbia. He also said he did not think any action would be taken this year in connection with the western railway outlet to the Peace River, owing to the disagreement of the railway heads in regard to the route and their refusal to undertake construction of the line. His opinion was that the line would be built to connect with the Canadian National but at what point he was not prepared to say. The government had not yet had time to give it consideration. "It was proposed to (Continued on page three)

BURNS LAKE IS IMPORTANT DISTRIBUTING CENTRE FOR WHOLE OF LAKES DISTRICT

Town Shows Signs of Progress in New Buildings Now Being Erected Including a Large District Hospital

(By H. F. Pullen)

One place on the line between Prince Rupert and Prince George that is bound to make progress is Burns Lake. It is the distributing point for the Lakes country to the south and the almost completed road to Babine Lake northward gives them access to the largest lake in British Columbia. This strategic location should mean a great deal. Already the post office at Burns Lake distributes mail to 11 sub-offices to the south but the north is so far undeveloped.

Burns Lake is a picturesque little town on the shore of the lake of the same name and surrounded by half a hundred other lakes of various dimensions. It has approximately three hundred inhabitants most of whom are optimists. Some of them have staked their all in the place and are prepared to stay with it to the end. And they could not well have chosen a more beautiful spot and one more likely to reward their endeavors. Being on the trans-Canada highway they have a great many transient visitors and the three oil stations cater to this and to local trade.

Light and power is provided by a diesel plant owned by Andy Ruddy, garage man and former hotel keeper.

The young people are served by a three-roomed superior school, the trustee board consisting of A. R. Brown, H. D. MacNeil and Miss D. M. Gerow. About seventy pupils attend.

A feature of Burns Lake is that considerable new building is in progress. A new hospital costing in the neighborhood of \$25,000 is nearing completion. It is operated by the Women's Missionary Society of the United Church with Miss McNair, matron in charge. As soon as it is completed the staff will be transferred from the present cottage hospital on the hill.

Three churches cater to the religious instincts of the people. The Anglican Church in charge of Rev. C. A. Hinchliffe and the United Church with Rev. E. S. Fleming in charge are centres from which their respective incumbents work over a large field. The Catholic Church is under Father Godfrey O.M.I. of Smithers who visits it at regular intervals.

The incorporated village is administered by a commission of three with John McKenna, acting chairman, P. Brunell and A. R. Brown. They raise a tax of ten mills on the dollar for local purposes but the residents complain that they have to pay 15.4 mills for school purposes to the school district, which they consider rather high.

Excellent Roads One thing that strikes a visitor is the excellent roads of the district. These are in charge of a superintendent, Robert Reid of Vanderhoof, but complaint is made of the lack of expenditures in the district this season in spite of the fact that money for the purpose was voted by the Legislature.

An industry that has possibilities of development with the opening of the road to the Babine is the J. H. Fisheries managed by J. H. Johnson, an expert fish man. The firm ships white fish in considerable quantities, 50,000 pounds having already been sent out of the district at 5c a pound and it is announced that this year the price will be four cents.

The next move is to ship char (Continued on Page Four)

NAUTILUS PROCEEDS

Submarine Off Norway Coast on Route to North Pole

NEW YORK, Aug. 7.—A radio message received yesterday from Sir Hubert Wilkins announced that the submarine Nautilus was plowing north along the Norwegian coast toward Tromsø, which will be the second to the last port at which the undersea craft will call before darting under the ice for its dash to the North Pole.

Wilkins reported that all on board the Nautilus were in the best of health and spirits.

### HOPEFUL FOR PRINCE RUPERT

It was a very cheering interview from George H. Kohl, supervising engineer of the Power Corporation of Canada, which the Daily News was able to publish one day this week. While some Prince Rupert people were beginning to wonder, after half a year, just what benefit might be brought here by the new power development, Mr. Kohl comes and tells us, and he is a responsible official of his company, that his confidence in Prince Rupert's future is just as strong as it ever was and that there is reason to hope for development here within the next year that might surprise even the most optimistic.

Mr. Kohl, attached to his company's headquarters staff in Montreal, the business and financial hub of Canada, no doubt has some good cause to speak voluntarily in this way. He probably knows of possible developments that have not even been rumored here as yet. Meanwhile, he merely suggests to people of Prince Rupert to "carry on" through the present depression and keep up their confidence that the future is going to be a great deal better for Prince Rupert than the past may have been.

### AMY JOHNSON SCORES AGAIN

Amy Johnson has distinguished herself again with her fine, record-breaking flight from London to Tokyo. It was her greatest achievement in the air to date. This young English girl is becoming more and more famous and, no matter how much more notable her future accomplishments may be, her name is now assured of going down in the proud annals of aviation history.

Prince Rupert takes double interest in the exploits of Miss Johnson since her uncle, T. H. Johnson, is one of the city's most prominent citizens. Local people are hoping that, because of this connection, "Johnny," as she is familiarly known, may some day soon, in the course of her flying adventures, pay a visit here so that she may be accorded Prince Rupert welcome and honor.

Meanwhile, it is a pleasure to congratulate Amy's uncle and also her aunt, Mrs. Dixon, who is incidentally a visitor in Prince Rupert from England just now, on their niece's latest conquest of time and distance.

### QUESTION OF DOUKHOBORS

The announcement by Peter Veregin, the British Columbia Doukhobor leader, that twenty thousand more of his people are coming to settle in Western Canada caused no little surprise. Now the government itself has said that the migration is illegal so it appears that it may not come about.

There was no doubt, before the authorities permitted of the movement, the proposal would receive most full and careful consideration. There is some question in the minds of many as to the advisability of bringing in even the most desirable of immigrants under conditions as they exist today.

## BANQUET TO DELEGATES

Burns Lake Entertains Visitors to Board of Trade Convention

BURNS LAKE, August 7.—The Omineca Hotel Cafe at Burns Lake was the scene Wednesday evening of a banquet given by the Burns Lake Board of Trade to the delegates to the convention of the associated boards of trade of Central British Columbia. Sidney Godwin, editor of the Burns Lake Observer, presided and on one side of him was A. M. Ruddy, vice president of the associated boards, and on the other George Ogston of Vanderhoof, one of the moving spirits of the organization.

A number of speakers took part including two of the Prince Rupert delegates. The general theme was the advancement of the interests of central and northern British Columbia.

In reply to a toast to the old timers, J. D. Carlson of Vanderhoof told of the improvements that had taken place since he came to the country ahead of the railway.

George Nickerson of Prince Rupert spoke of the Great Coast Terminal what it might have been and his faith in what it would be. He felt that the city had everything that thing that should make for a great city.

H. W. Smale of Fort Fraser spoke on farming and agreed that the north was the best part of British Columbia. He was enthusiastic over the associated boards and the work it was doing.

Robert Reid, road superintendent with headquarters at Vanderhoof, urged the need of better roads and the desirability of continuing the agitation until they were secured.

J. W. Day of Vanderhoof spoke of the value of the great north country. He had seen more gold this year come out of the north than ever before in its history and he looked for the time when it would produce more than the south.

W. L. Armstrong of Prince George, in telling about his city, said the very life-blood of the place was its arteries of communication. The road eastward now was constructed as far as Alex Lake and the work was still going on. He hoped it would not be long before they were through to Jasper.

William Bunting of Fort Fraser urged that they advertise the land in which they lived. It was a magnificent country, a vast empire in size but the population was small.

### Toast to Press

In reply to a toast to the press H. F. Pullen of Prince Rupert said the newspaper reflected the spirit of the town. If they let their newspaper die because of lack of support, the town would suffer. He said he believed in Burns Lake. He saw a great future for the place as the centre of a very large district including the lake country to the south. It was a picturesque place and was bound to become an important town. He suggested the elimination of politics except at election time.

George Ogston of Vanderhoof urged the younger generations to carry on where the older people off, setting a still higher standard.

A. M. Ruddy, said he was a great believer in his own town and district and he expected others to be the same. He spoke of the value of the associated boards and mentioned that Smithers was the chief mover in its formation.

C. R. McLeod, president of the Burns Lake board thanked the visiting guests for coming.

After the banquet all adjourned for a dance in the Community Hall which was kept up until a late hour.

## Dr. David Starr Jordan Able to Visit University

SAN FRANCISCO, Aug. 7.—For the first time since his serious illness of several months, Dr. David Starr Jordan, president-emeritus of Stanford University, was able to visit the campus of the university yesterday. He was taken there in a wheel chair.

Happy thought. Business men keep contracts. And since they make the wars, why not let them make the peace treaties?

### UNANIMITY OF OPINION

(Continued from Page One)

George Ogston of Vanderhoof, S. Godwin of Burns Lake, G. W. Nickerson of Prince Rupert and S. Phillips of Smithers.

Vice-president A. M. Ruddy of Burns Lake who presided, welcomed the delegates and addresses of welcome were also given by A. R. Brown, representing the village council and President McLeod of the Board of Trade.

While the committee was considering the resolutions, several brief speeches were made. J. W. H. Day of Vanderhoof spoke of the great need of graveling roads. H. F. Pullen mentioned the community of interest between the various sections of Central B.C., particularly the value of Prince Rupert as a market for the interior producers. Mr. Bunting of Fort Fraser mentioned the unselfish work done by the various boards of trade, all working to make living conditions better throughout the district.

In discussing the resolutions, a number of interesting points were brought out. S. Phillip of Smithers suggested that farmers should be encouraged to keep their stock until Christmas instead of selling them off when they came off the grass. The cattle would then be in better condition and would command higher prices.

The need of more tie cutting and of the settlers getting the benefit there from instead of contractors was discussed. The resolution bearing on the subject was sent back for redrafting and was then passed.

The straightening and graveling of the main highway both for the benefit of tourists and the settlers was discussed for some time. A number of special sections of highway were mentioned as having been neglected in the past. These were used by everyone and should be kept in good condition. It was the general opinion slippery roads kept tourists away. All were agreed that the highway should be built through to Prince Rupert on the one end and to Jasper on the other.

### Reverted Lands

Considerable discussion took place in regard to the selling of reverted lands by the Provincial Government. Today these lands were graded according to their supposed value, irrespective of the distance from the railway. It was pointed out that many tracts which would be worth five dollars an acre near a railway station would not be worth a dollar if 20 or more miles away. They should be graded accordingly and settlers given an opportunity of acquiring them at their actual value and not at a minimum of two and a-half dollars an acre as at present.

A game reserve for the lakes country to the south of Burns Lake, beyond the farming area was stressed by the convention. At present there was one settler in the country but game was becoming scarce owing to intensive trapping. It was suggested that this should be set aside as a perpetual sanctuary where game might breed undisturbed and stock the rest of the country.

## GIRLS WANTED

To enter Contest for America's Most Beautiful Girl

The winner will be chosen during fair week in Prince Rupert and will get a free trip to Los Angeles and back and be entertained lavishly while there.

Entrants must sell 50 tickets to the Big Coronation Ball, the last day of the fair. Nothing else to do but look pretty. It's the chance of a lifetime.

The fair board at its recent meeting decided to enter a candidate in the International Beautequest at Los Angeles in connection with the celebration of the one hundred and fiftieth anniversary of the founding of the city, when the most beautiful girl in America will be chosen.

The local candidate will be chosen at the time of the fall fair and immediately after her selection she will have to leave for the south to get there in time for the big California event. Her expenses going and coming will be paid by the Fair Board but while there she will be the guest of the Ocean Park Businessmen's Association, who are sponsoring the event. The attraction for the candidate is set forth in the following letter from the south.

"Your candidate will be met at the railway station, dock or airport by a committee representing the Ocean Park Businessmen's Association.

"She will be the guest of screen stars at various functions.

"She will be entertained by a reigning star of the screen at her home.

"She will be included in all parties listed as part of the program of the International Beautequest and La Fiesta de Los Angeles.

"She will occupy a position of honor in all gatherings including pageants, parades, spectacles, receptions and, in fact, all events planned for the International Beautequest and Los Angeles' great reception."

Candidates must be between the ages of 16 and 30, unmarried and of good character and the one going from Prince Rupert will be chosen in the following manner:

She or her sponsors must sell 50 tickets at \$1 each for the big coronation ball to be staged on the last day of the fair in the exhibition building. For the one selling the most tickets a prize of \$50 will be awarded.

She may enter without sponsors if she wishes but she must sell the tickets.

The candidates must attend the Exhibition every evening while it is in progress here. On the first night one selection will be made by competent judges. On the second night a second candidate will be chosen by another set of judges and on the third night a third candidate will be chosen by a third set of judges.

These three candidates will attend the coronation ball accompanied by the other candidates and at 9 o'clock, the final selection will be made. Two hours later the coronation will take place here and the following day the winner will be required to leave and travel as rapidly as possible by steamship, airplane and rail to Los Angeles.

Candidates from points around Prince Rupert may enter, such as Anyox, Ocean Falls, Smithers, Terrace, Stewart, Hazelton or other points and they will be required to sell 25 tickets to the coronation ball in order to qualify.

Candidates either in the city or out may be sponsored by organizations who may help them in disposing of tickets or otherwise in connection with the event.

Candidates or their sponsors should notify Secretary Vance of the Fair Association at as early a date as possible and as soon as the tickets are ready may commence disposing of them.

## MELEE AT HAZELTON

Chinaman Fined \$5 as Result of Affair

As a result of a melee recently with three Indians in his restaurant at Hazelton, Sing Lee was recently fined \$5 by Stipendiary Magistrate G. V. Storkey at Hazelton on a charge of assault occasioning actual bodily injury to Julian Holland, one of the Indians.

According to particulars which have reached provincial police divisional headquarters here, a party of Indians named Julian Holland, Patrick Mitchell and John Morris entered Sing Lee's restaurant at Hazelton and ordered up a meal. Sing Lee's story was that the trio of natives immediately devoured three-quarters of the contents of a bottle of H. P. sauce and then demanded more. Sing Lee refused to give it to them whereupon Holland started to chase the Chinaman about the place. The latter, according to his own story, picked up a hoe and administered cuts and injuries upon Holland which necessitated his receiving treatment at the Hazelton Hospital from Dr. Wrinch. Meantime, however, Holland knocked Sing Lee down with a brush.

Soon after the affair, Sing Lee was arrested by the police and charged with the foregoing results.

### BALL GAME TAKEN BY HOTELMEN

Old Empress Defeat Sons of Canada For Third Straight Time to Take Lead Again

### Homer By Arseneau

Double Play Helps Nelson Out of Hole in Last Inning Probably Saved Game

For the fifth time in succession, and for the third time in the second half of the season, Old Empress romped home with a win over Sons of Canada by a score of 8-5 in last evening's baseball game on Acropolis Hill. In fact, the team has won every game it has played the Canucks since it changed ownership in the early summer and took its present name instead of Millionaires. Another good sized crowd witnessed the contest which was featured by good fielding, only one miscue being chalked up against the Sons while the winners made three.

Jack Nelson pitched a fine game for the Hotelmen, although he had one bad inning when he allowed five hits and four runs to score. Outside of that he was never in much danger, his opponents only making one other hit. Styles started for the losers and was touched for nine hits and eight runs in five innings, including Arseneau's home run through the right field fence in the fifth. Lambie finished the game and allowed but one hit in the two remaining innings.

Old Empress scored four runs in the opening stanza. Kenny walked and stole second. Nelson singled to centre but Kenny held his base. Arseneau flied out to Styles. Wendle singled to left and Kenny scored. Nelson going to third and Wendle to second on the throw-in. Hibbard struck out. Eldridge singled and both runners scored, and he took second on the play at the plate. Menzie hit to centre and Eldridge scored when the fielders got tangled up in getting the ball. Redman flied out to Johnson.

The Canucks evened the score in the third. Johnson singled to left. Bury singled to right. Eddie Smith laid down a bunt and beat in out, filling the bags. Moran flied out to Hibbard and Johnson scored. Comadina singled Bury and Smith scoring. He stole second and scored on Lambie's single. Styles fouled out to Nelson and Frizzell struck out.

Old Empress did the rest of their scoring in the fifth. Nelson flied out to Bury. Arseneau hit his homer to right field. Wendle singled and stole second. Hibbard singled, Wendle stopping at third. Wendle scored as Eldridge singled Hibbard stopping at third and Eldridge going to second on the throw-in. Menzie flied out to Johnson. Redman singled to centre, Hibbard and Eldridge scoring, and he was trapped between first and second.

Sons got their last tally in the fifth too. Moran flied out to Kenny. Comadina struck out. Lambie hit an easy one to Nelson who fumbled and then threw wild to first. Styles rounded one out to right field and Lambie scored, but Styles was caught at the plate.

They threatened in the last inning but a double play saved what might have been an embarrassing situation for the Hotelmen.

Wendle led the stickers with three hits in four times up, while Eldridge made two hits in four attempts.

As a result of the win, Old Empress are once more in the lead for second half honors, a half game in front of Elks.

### BIG SIX STANDING

Bill Harold's lead in the Big Six standing was increased following last night's game between the Sons of Canada and Old Empress, as Hibbard dropped to 355 with only one hit in four times at bat. Johnny Comadina collected one safety in three times up but is now in second place with 364, seven points behind the leader. George Arseneau who made 11 hits in 35 times up for a mark of 314 before last night's game should have been in the standing in place of Moran with a mark of 309. Eldridge came back into the standing, displacing Arseneau, when he made two safeties in four attempts to raise his mark to 316. Following is the standing:

Beat the heat WITH A TREAT

TOMORROW, beat the heat. Start at breakfast with a bowl of crisp Kellogg's Corn Flakes and cool milk or cream. It's a delicious flavor treat. And here's the logic of it:

Kellogg's Corn Flakes are so light and easy to digest, they furnish energy without heating up the body. They help you feel cool.

Kellogg's are great for warm-weather lunches too. Delicious with fruits or honey. Fine for the children's supper. Ideal for a late snack. Always crisp and appetizing. Try them tomorrow and see if you don't feel fitter and fresher and cooler.

## Kellogg's CORN FLAKES

You'll prefer the wonder flavor and crispness of Kellogg's Corn Flakes, the world's most popular ready-to-eat cereal. Flakes of crunchy corn. Always oven-fresh in the waxtite red-and-green package. Sold by all grocers. Served by restaurants, hotels, cafeterias. Made by Kellogg in London, Ontario.

years in the Burns Lake district. Burns Lake is well served by a number of good stores and by the Royal Bank. A new store has just been completed for H. J. Jewell, who is now moving in. It has a large frontage and is a great improvement to the town.

Other smaller buildings are going up, indicating that the place is enjoying a fair degree of prosperity. The people of the town enjoy most of the recreation facilities of larger places. There is a large ball park, for the summer, and in winter the skating rink and toboggan slides provide plenty of outlet for the activities of the younger people.

One of the institutions of the place that is worthy of every support is the weekly newspaper edited and published by Sidney Godwin. It has a large circulation in the district but should have a larger advertising patronage. It is excellent edited and printed.

Burns Lake is undoubtedly a town with a future.

At the telegraphed request of F. E. Bush of this city, radio station KJR of Seattle last night played "When the Little Red Boat Gets the Blues for You" for "and V." of Prince Rupert.

# Off for Vacation

Take The DAILY NEWS with you When Going on Summer Holidays

Nearly everybody likes to keep in touch with Prince Rupert when away for their holidays. The best way to do this is to order the paper sent during that time. If it is only for two weeks, the News is a welcome visitor and the mails during the summer months are carried almost daily to most points.

Recently a number of Scandinavians have given up the local fishing for the summer and gone on an extended visit to their former homes. In almost every case they order the Daily News sent them while they are away. Several subscribed for a year, others for shorter periods.

No time is too short for us to look after our patrons.

"When you're on the go all day long, the food you eat for lunch must be chosen with care. Don't eat heavy foods that make you warm and slow you down in mid-afternoon. Eat nourishing foods—of course—but don't overload. I usually order Shredded Wheat with berries or other fresh fruits for lunch. There are enough combinations with Shredded Wheat to give you variety. Try it for lunch today."

New Operations Being Laid Out at  
Alice Arm By Seattle Men

ALICE ARM, Aug. 7.—Harry Bowyer of Seattle, manager of the Esperanza Mines, has arrived in the camp, in connection with the laying out of new operations at the property.

Mr. Bowyer brought in with him a compressor and diesel engine with the necessary equipment to start the driving of a main working tunnel at the mine. This tunnel when completed, will tap the stopes already opened up by hand drilling on the higher levels. For the immediate present it is probable that the main operations will be confined to the driving of the main haulage or working tunnel and the driving of raises to connect with the upper workings.

Mr. Bowyer is accompanied by J. McGowan who will be in charge of operations.

In Prince Rupert

August 7, 1911

There is only one police officer to be found on the Queen Charlotte Islands and he does not reside among the many Indians but in one of the white settlements.

Two Indians, Felix Brown and Dick Lattie, had a narrow escape from drowning early this morning when their launch, Sandman, in which they were asleep, swamped at its mooring after having gone aground while tied at the wharf of the Rupert Marine Ironworks.

The Liberals of Comox-Alberni federal riding have called a nominating convention for August 19 to name a candidate for the general election this fall. Strong delegations will go from Prince Rupert, Stewart, Hazelton, Kitseias and the Queen Charlotte Islands. The name of Duncan Ross is prominently mentioned in connection with the selection of a candidate.

**CONCERT  
IS FINE**

The grand concert staged last night by the concert party of H. M. S. Dragon by permission of Captain E. J. Spooner, D.S.O., R.N., drew a capacity audience to the Moose Hall and all present felt that they had been amply rewarded by the excellence of the entertainment which was presented. While the program was largely in lighter vein, many of those taking part showed fine talent and several of the numbers virtually brought down the house.

Among the more outstanding numbers were cutlass exhibition by Stanbury; novelty quartette, "Four Italianos," by Farr, Cooper, Osborne and Taylor; sketch, "Motoring," by a number of the entertainers; saxophone solo, "La Cinquantime," by Able Seaman Hall; solo, "Oh Man River," by Taylor; illuminated club swinging by Stanbury, and novelty song "The King's Horses" by Taylor and Chorus, and female impersonations by Able Seaman Cooper.

The president of the concert party is Capt. H. McC. Slater, Royal Marines, and vice-president, Lieut. Caldwell, R. N. The stage manager was Leading Seaman Grey, stage and effects were in charge of Leading Seaman Crouch and dresses was Able Seaman Dorrington.

Opening, intermission and closing music was furnished by the ship's orchestra. Members of the ship's company acted as ushers.

The program in full was as follows:

- Opening Chorus, Concert Party.
- Song, A. B. Chapman.
- Cutlass, Stanbury, P.T.I.
- Song, A. B. Taylor.
- Song and Chorus, A. B. Chapman, Sheppard, Cooper and McIntosh.
- Duet, S. P. O. Osborne and Cooper.
- Hornpipe, Skinner, Wigley, Richards and Perfect.
- Song, "Four Italianos," Farr, Cooper, Osborne and Taylor.
- Interval—Ten minutes
- Sketch, "Motoring".
- Saxophone Solo, Hall, A.B. Sketch, Chapman and Taylor.
- Song, Cooper.
- Song, Taylor.
- Duet, Chapman and Cooper.
- Song, Osborne.
- Illuminated Club Swinging, Stanbury, P.T.I.
- Song, "The King's Horses," Taylor and Chorus.
- Closing Chorus, Company.
- God Save the King.

Officer in Charge of H. M. S. Dragon  
Together With B. C. Military  
Head Heard By Rotarians

Members of the Prince Rupert Rotary Club at luncheon yesterday, with the president, G. H. Munro, in the chair, heard an address of great interest by Capt. E. J. Spooner, D. S. O. of H. M. S. Dragon, who spoke about the British Navy with particular reference to the West Indies division. Brigadier General J. Sutherland Brown, C. M. G., D. S. O., general officer commanding, military district No. 11, was also heard briefly on militia affairs.

Guests at the luncheon, besides Capt. Spooner and Brig. Gen. Brown were: Commander C. A. Kershaw, Engineer Commander W. J. Cole, Instructor Lieutenant Commander W. J. Baxter, Lieut. H. F. Powell, Lieut. C. H. Pollock and Sub. Lieut. R. C. J. Dreyer, all of H. M. S. Dragon; Lieut. Walter Hume and Paymaster Lieut. P. M. Ray of the local unit of the Royal Canadian Naval Volunteer Reserve; Lieut. Robert Blance of the Sea Cadets, Dr. J. H. Carson and Dr. Fred Kergin.

Canada's Government Would Honor  
Men Who Died on Early  
Norwegian Expedition

OTTAWA, August 7.—The federal government is seeking to locate the graves of several Norwegians who in 1660 died in the course of an expedition to Hudson Bay. Forty men made the trip and several died while the remainder returned to Norway. If the graves can be located, a monument will be erected. Already some traces have been found.

Fort Nelson was named after the leader of the Norse expedition.
