## UNEMPLOYMENT WORK ON LARGE SCALE NEAR TERRACE

### Camp Accommodating 35 Men Is Being Opened; Larger One Planned

Hot Springs Road Is Receiving Immediate Attention—Extensive Activity on Highway East of Usk Is Contemplated

TERRACE, Aug. 13.—District Engineer W. K. Gwyer and General Road Foreman J. A. Macdonald were at Terrace this week making preparations for the opening of camps under the unemployment relief scheme. A tent camp will be opened immediately on the Hot Springs Road to accommodate 35 men, and preparations are being made for a camp large enough for 200 men on the Skeena Highway to the east of Usk.

Surveys are being made for a new bridge connecting Braun's Island with the north shore of the Skeena. This will replace the one carried away by drift during the high water earlier in the season.

An appropriation has been obtained to commence the road between Terrace and Usk on the north side of the Skeena. This will link up a number of old established settlements along the C. N. R.

At present these people have to use the railway right of way to get from place to place, and are greatly hampered in their farming and business activities.

The first section of this road will be constructed near Copper City station, giving the people proper access to that station and to the ferry.

### AL BARNES POOR MAN

Famous Circus Owner Left Estate of Only \$5,000—Will Probated

NEW YORK, Aug. 13.—The will of Al. G. Barnes, circus owner, was filed for probate yesterday by the widow. Far from being the millionaire that was supposed, Barnes had an estate of but \$5,000.

### TRIAL IS STILL ON

Captain of United States Coast-guard Cutter Comments Upon Charges Against Officers

SEATTLE, Aug. 13.—In connection with the trial by court martial here of two lieutenants and one warrant officer of the coastguard cutter Tallahassee on charges of "neglect of duty," Capt. Eugene Blake, Jr., of San Francisco stated that "the men are not charged with smuggling or with corruption of any sort in relation to the liquor traffic. In fact we of the coastguard consider it to be purely a matter of internal interest."

Capt. Blake did admit, however, that the charges were of a serious nature.

The hearing is being held in private and the names of the officers have not been revealed.

### BROKER IS CHARGED

Allegation of Conspiracy to Defraud Laid Against Dai Thomas of Vancouver

VANCOUVER, Aug. 13.—Dai Thomas, well known city broker, appeared in city police court here today on a charge of conspiracy to defraud and was remanded until August 20.

### EXTRA SESSION OF CONGRESS COMING

WASHINGTON, D.C., Aug. 13.—Feeling is growing in political circles here that President Hoover may after all call a special session of congress. Two pressing matters are the necessity to ratify the war debt moratorium and the unemployment prospects for the coming winter.

### Entrants in Los Angeles "Perfect Back" Contest

Dr. C. H. Wood examines the backs of girls entered in the National Progressive Chiropractors' Association's perfect back contest being held at Los Angeles recently.

## Indian Nationalist Congress Decides Not To Participate In London Round Table Meet

Definitely Reject Invitation of Great Britain to Conference—Mahatma Gandhi's Son Announces That His Father Is Not Going

BOMBAY, India, Aug. 13.—The Indian Nationalist Congress decided definitely today not to participate in the proposed second round table conference on Indian affairs in London. The conference, held under the auspices of the British government, was to have been a sequel to another such conference held several months ago. The plan was to

### QUESTION AVIATORS

Problematical What Japanese May Do With Pangborn and Herndon

TOKYO, Aug. 13.—It is expected that questioning of Clyde Pangborn and Hugh Herndon by Japanese authorities in connection with their passing over and photographing Japanese fortifications while flying here from Khabarovsk, Siberia, last week will be completed today. Herndon was subjected to no less than 11 hours of straight questioning yesterday.

Japanese authorities are inquiring what effect punishment of Pangborn and Herndon might have upon Japanese-United States relations. Meantime, some American citizens are inclined to criticize the United States embassy here for its inactivity on behalf of the two American flyers.

It is quite uncertain as to what extent the punishment of Pangborn and Herndon may be.

### ANOTHER FLYER IS COMING THIS WAY

KAGOSHIMA, Japan, Aug. 13.—C. C. Chichester, New Zealand flyer, attempting to blaze an air trail from Australia to England via the Aleutian Islands and Canada, arrived here today from Shanghai.

### FLYER TO BE HERE

German World Aviator to Make Stop at Prince Rupert

SEATTLE, Aug. 13.—D. G. Fisher, division manager for the Shell Oil Co., indicated yesterday that Capt. Wolfgang von Gronau, German aviator, now at Reykjavik, Iceland, is making a round-the-world flight.

Fisher stated that his company was shipping oil and gasoline supplies to the Aleutian Islands and Prince Rupert for refuelling stops.

### Vancouver Wheat

VANCOUVER, August 13.—Wheat was quoted at 53 1/2c. on the local Exchange today.

### Prince Rupert Is Only Place In North to Enter Beatequest Fair Board Hears; Contest Starts Soon

A communication read at last night's meeting of the Fair Board from headquarters of the International Beatequest in Los Angeles congratulated Prince Rupert on being the first and only point so far north to enter the contest. The opinion was expressed that this circumstance would put Prince Rupert in a position of considerable advantage so far as the contest is concerned. The local competition will soon be under way. Tickets will be issued on Saturday by which time it is hoped as many registrations as possible will be in.

The board was advised through the Prince Rupert Floral Society that an International Test Gardens' exhibit of gladiola novelties from Vancouver was to be shown at the local exhibition. This, it is expected, will prove an outstanding attraction and spectacle for flower lovers. There was an exhibit of its kind at the Winnipeg exhibition last year and it is said to have been the most talked-of thing in the whole show there.

An offer was received on behalf of Andrew Brown and Mrs. Samuels of Massett to give exhibitions of native carving and basket weaving but the board could not accept the offer since the program for such things as this has already been completely filled up.

It was decided to wire the Department of Agriculture to ascertain if it will not be possible to have at least two government judges here for the fair. The department had advised that the judges would be cut from three to one this year in the interests of economy.

An offer from the Empress Manufacturing Co. of Vancouver to give special prizes for cakes baked with that company's baking powder was accepted.

Miss Wadea Mussallem was awarded the confectionery and hot dog concession within the building.

It was announced at the meeting that arrangements had been made with Canadian National Steamships to run the steamer Prince Charles on a special excursion to Stewart and Anyox to bring in the Anyox football team and visitors from both points for the fair. The steamer will arrive here from the north on the morning of Wednesday, September 2, the second day of the fair.

### FRAUD CASE WITHDRAWN

Prosecution of Solloway and Mills as Far as British Columbia is Concerned, Ends

VANCOUVER, Aug. 13.—Finis was written to the prosecution of Isaac W. C. Solloway and Harvey Mills under the Securities Frauds Act of British Columbia today when five charges of conspiracy to defraud were withdrawn in city police court here.

### IS SHOT FATALLY

Cafe Owner of Raymond, Wash., Mortally Injured—Arrest Is Made

RAYMOND, Wash., Aug. 13.—George John, cafe proprietor of this place, was shot four times and mortally wounded yesterday during an altercation with a customer over the charge for a meal. A chase for several blocks after the shooting resulted in the arrest of a man giving the name of J. F. Stone who is being charged with the shooting.

### COOLIDGE IS SILENT

Has Nothing to Say About Stand On Beer

NEW YORK, Aug. 13.—The tight-lipped former president, Calvin Coolidge, arriving here yesterday from Northampton, Mass., to attend a meeting of the New York Life Assurance Co., would not be drawn out on the subject of his stand in connection with legalizing of sale of beer and light wines in the United States.

It has been commonly reported that Mr. Coolidge had expressed favor for legalizing the sale of four per cent beer but he refused to commit himself when interviewed by reporters on his arrival in the city.

### DEFENCE IS PROCEEDING

Prosecution Rests Against David Clark—Accused on Stand

LOS ANGELES, Aug. 13.—The prosecution rested its case yesterday against David Clark, young attorney, who is charged with the murder of Herbert Spencer, newspaper editor.

The defence is now proceeding with Clark taking the stand to tell his story for the first time. It is expected the defence will be quite brief.

### THE FEDERAL BY-ELECTIONS

While the government still maintains its former margin of strength and the Liberals have actually lost a seat as a result of the federal by-elections this week, the Conservative party can hardly derive a great deal of satisfaction out of the outcome of those contests.

The inclination of good old Quebec to get on the band wagon can undoubtedly be seen in the Three Rivers-St. Maurice result where a Conservative displaced a Liberal, even though it may have been by the very narrowest of majorities. Under ordinary circumstances a government might be expected to have the odds in its favor in a by-election such as this. The result was close enough to justify the assumption that it might have been different had the government been Liberal instead of Conservative.

Possibly the result in East Hamilton, Ont., was more significant. Here a Laborite captured the seat from the Conservative column by a sweeping majority, giving Conservative Ontario its first Labor member of the House of Commons. The government prestige did not hold here as it might have been expected to. Political observers may have some justification in seeing in the result of the East Hamilton contest a censure upon the government for its unemployment policy or lack of such.

In any case, the two by-elections were interesting enough and will no doubt have given much source for speculation in circles political.

### POPULATION GROWTH

During the World War the population increase of England and Wales dropped from 350,000 a year to 180,000. During the last 10 years it recovered sufficiently to maintain an average of 210,000 a year. Of the total gain for the decade nearly one-half was accounted for by Greater London.

The British Isles have duplicated the experience of the United States in these particulars. Both are rapidly replacing the lost man power sacrificed in the war and in both the urban population has grown much faster than the rural population.

Neither the United States nor England has increased in population as rapidly since the war as before the war. Restricted immigration and the depression explain the lower rate of increase on this side of the Atlantic, and industrial demoralization and unemployment have kept England's population down.

### HOPING FOR AGREEMENT

To the people of Peace River the statement regarding the outlet to the Pacific that the minister of railways made on Wednesday must prove very disappointing, said the Edmonton Journal in a recent editorial. They have had promises held out to them for so long a period that their patience is exhausted. It cannot be denied, as the minister said, that "it is far better to have the two railways agree upon one specific route than to take chances in undertaking the construction of a road which has not been decided upon by agreement—one railway engineer taking one view and another suggesting something different." But there was reason to hope that, after all the surveys and negotiations which have been conducted, an agreement in that respect would now have been reached and it is disconcerting to be informed that the two companies have been unable to come to this.

The government intends to appoint a board of engineers, of which it will select one member and the companies the other two, for the purpose of determining which is the best route to take. The minister himself proposes to visit Peace River this summer and make a personal investigation. When he has to deal with a problem of such importance, it is natural that he should seek first hand knowledge of the territory that the outlet will serve and he can hardly fail to return without being impressed by the claims for its construction that have been persistently put forward for many years. From the body of experts that is to be constituted it is not too much to look for an early and satisfactory decision. A wealth of material has already been assembled on which to base their findings. When these are available the government will be expected to take prompt action in accordance with the pledges that were given before it came into office.

### LETTER BOX

#### MOSQUITOES ABSENT

Editor, Daily News:—  
An item appears in your issue of August 10 in the Terrace column, which casts an undesired slur upon a resort that is as popular with Prince Rupert people as with ourselves. This news item speaks of legions of mosquitoes at Lakelse Lake welcoming the visitors there, and we protest very strongly against it, because it is not true. On the contrary, the familiar little pest has been conspicuous by its absence and we have had the pleasure of seeing various Prince Rupert organizations enjoying the camping. First we had your Sea Cadets, then the Girl Guides, and the Boy Scouts, and we are under the impression that none of these young people were at all anxious to go back to home and duty. In fact, to make a long story a short one, the lake has been, and still is, perfectly beautiful and an ideal camping ground and there has been a great increase in the number of summer camps established by the Terrace residents. It seems such a pity to give your readers a wrong idea of Lakelse Lake and we think the item referred to much have emanated from some correspondent who was temporarily suffering from a bad liver.

W. SHERWOOD, Secretary,  
Terrace & District Board of Trade.

A letter from the B. C. Hospital's Association, read at last night's hospital board meeting announced that the forthcoming convention in Victoria would consist entirely of a round table discussion of hospital questions instead of the usual program of papers. Miss Jean Harrison, R.N., lady superintendent, will represent the local hospital at the convention.

### READY FOR CUP RACE

Fastest of Seaplanes and Best of High Speed Pilots Almost Ready For Great Test On Sept. 12

LONDON, Aug. 13.—Entry on the final stages of preparation for the international Schneider Trophy contest—the world's greatest speed event—was marked by the arrival recently at Calshot air station, headquarters of the competing teams, of the first British racing seaplane specially built this year to defend the trophy against the challenges of France and Italy.

The contest will take place Sept. 12, when once again over the Solent and Spithead the fastest vehicles the world has ever seen will dispute possession of the most coveted aviation trophy. Within a month the French and the Italian teams will be practising for the race in their new seaplanes, and the air above Southampton Water will resound with the roar of mighty engines as the beautiful craft sweep by.

The new British machine is a supermarine S6 monoplane similar in general appearance to the craft which won the Trophy at an average speed of 328.63 miles an hour in 1929 but driven by a Rolls-Royce motor developing considerably greater power than the 1,900 h.p. in the 1929 engine and incorporating certain design improvements. It is slightly larger than the 1929 machines because of the need to carry a bigger load of fuel for the more powerful engine, and provides increased radiator cooling service. A sister craft is in an advanced stage of construction and, these two seaplanes will both fly in the race, the third member of the team being rebuilt 1929 Supermarine monoplane.

The Speed Men  
The British high-speed pilots,

under the leadership of Squadron Leader A. H. Orlebar, holder of the world's speed record of 357.7 m.p.h., are flying regularly in seaplanes built for the 1929 event, including the beautiful bronze Gloster monoplane built around a Napier racing power unit. The S5 monoplane which was victorious at Venice in 1927 and Gloster biplanes are also in almost daily use. Five men are in training—Flight Lieutenants G. H. Stainforth, J. N. Boothman and F. W. Long, and flying officers G. L. Brinton and L. S. Snaith; from them will be selected later on the three men who will fly for Britain on September 12.

One only among them, Flight Lieutenant Stainforth, was a mem-

ber of the High Speed Section in 1929, when persistent and baffling carburation trouble kept him and the machine he had chosen to fly out of the race. Stainforth was considered by many experts to be very nearly the best of the magnificent unit under Orlebar's command in 1929; to supreme skill and daring he added the invaluable attribute of a cast-iron physique which rendered him practically immune from the "blacking out" effects of turning at extremely high speed.

From Dezenzano, in Italy, there come reports that newly designed seaplanes, possessing novel features in arrangement of engines and airscrews, are expected to attain speeds in the neighborhood of 490

miles an hour. France is more reticent, but it is known that her new engines have been running on a test for some time. Should teams representing both challenging nations come to the starting line we shall undoubtedly see the most terrific contest in the history of mechanical racing, with competing craft accelerating on the "straights" of the triangular course to velocities of nearly seven miles a minute.

Dr. H. O. Johnsen, who has been spending the past couple of weeks at Port Clements and elsewhere on the Queen Charlotte Islands, returned to the city on the Prince Charles this morning.

## MEETING OF SCHOOL BOARD

(Continued from page one)

elementary schools shall consist of 40 pupils to each teacher, it may become necessary that some pupils will have to be transferred from the school they now attend to make up the necessary quota to another school. This will only be between Booth Memorial and Borden Street Schools. Under the new Act, the provincial government, which pays a proportion of every teacher's salary, can refuse to pay that proportion if more teachers are employed than the number of pupils attending require. The department of education has explained the Act thoroughly and states that it is a common sense act, and that, if the board can show reasons why an extra teacher is employed, the department will allow the retention of that teacher, and will pay their share of that teacher. As Booth Memorial School is the largest school here, and has more divisions, the transfer will have to be from Borden Street to Booth School.

The secretary reported that all positions vacant on the staff were now filled. Miss Edith E. Lucas, Doctor of the University of Paris, will be the new French teacher and Miss Marjorie C. Dimock will teach Latin and English, both being new additions to the High School staff. Miss Mary Sim, now fully recovered in health, will return to Borden Street School. Miss H. O. Wright, late of Fulton Street addition, will go to Seal Cove School, where Miss Margaret Palmer will be principal in place of Miss O. E. MacArthur, resigned. Fulton Street addition will not be used this year.

## Pensions Advocate Is Speaker Before Local War Veterans

E. S. Keeling of Vancouver, soldiers' pensions advocate, gave an address before local war veterans at a meeting last night under the auspices of the local branch of the Canadian Legion. Mr. Keeling's visit here is in preparation for a pensions tribunal which will be held in Prince Rupert before long. In his address he dealt at some length and with considerable detail on pensions matters. After his address, Mr. Keeling answered a number of questions which were put to him.

The meeting was presided over by Harry Thrupp, president of the Canadian Legion, and about sixty veterans were in attendance.

Mr. Keeling will be here until Saturday when he will proceed to the interior.

## LOCAL ITEMS

S. D. Johnston returned to the city on this afternoon's train from a brief business trip to Usk.

### Steamer Princess Alice Due This Afternoon in Course of Special Northern Cruise

Making a special 12-day cruise to various points of interest along the British Columbia and Alaska coast, C. P. R. steamer Princess Alice, Capt. S. K. Gray, is due in port at 4 o'clock this afternoon from the south with more than two hundred passengers on board. The vessel, which has made only on call so far on her voyage, namely at Ocean Falls, will remain here until 11 o'clock tonight when she will sail for Ketchikan and other Alaska points.

C. E. Brooks, general superintendent of motive power, Canadian National Railways, Winnipeg, arrived in the city on this afternoon's train in the course of an inspection tour of the western division and sailed on the steamer Prince Charles for Vancouver.

**KLIM MAKES IT SO EASY TO HAVE FRESH MILK**

When you are away from home—enjoying the pleasures of the outdoors—is when you most need and appreciate an abundance of nature's greatest food, MILK. And KLIM makes it so easy for you to have it. No matter where you go, you can take KLIM along. It requires no ice. The changes of weather and the jolting of travel have no effect on it. For KLIM is in powder form. When you replace the water, you have rich, full-cream milk, with all the delightful flavor, all the healthful goodness of milk fresh from the dairy. KLIM takes up very little room and adds very little weight to your outfit. Once you have tried it, you'd never go away without it. Send us 10c for a trial tin.

**BIG STORM AT TERRACE**

TERRACE, Aug. 13.—A thunderstorm of unusual intensity visited the district late on Sunday night. It was accompanied by hail and a light fall of rain.

In some parts the lightning seemed continuous. Bert Michaud says he was driving home from Remo at the time and for a distance of a mile he could not tell the headlights of his car were burning. In his part the lightning was a series of flashes of flame, of the sheet variety, keeping the countryside lighted up. He also says it was unusual in that different colored flashes were seen, green, purple and other colored lights being noted.

At Lakelse Lake the storm was accompanied by high winds. Fears

were felt by some of trees falling near their camps, while campers had to get out in the middle of the night and secure their boats that were dragging their anchors.

The storm seems to have brought to an end the period of intense heat. The weather since has been cloudy and cooler.

**Isolation Hospital Still Hanging Fire**

The much deferred problem of isolation hospital operation came up again at last night's hospital board meeting for discussion. Inquiry was made as to what progress, if any, had been made in negotiations between the board and city council representatives. When it was reported that nothing had been done, the board decided to ask that the conference be held before the next regular monthly meeting of the board so that a report may be made at that time.

**Newsboys Win Softball Game**

Outclassed Borden Street to Win Eleven to Three

Newsboys took the Borden Street team into camp by a score of 11-3 in the Junior Softball League last evening.

The Borden Street boys played good ball but were outclassed by the Newsboys' strong hitting. Woods pitched good ball and walked but two men. Antonello played a good game behind the bat. Yager also played a good game on first base.

Comadina and Dungate starred for the losers.

Batteries were:  
Newsboys—Woods and Eddie Annesly.

Borden—Comedina and Postula.

**FOOTBALL CHALLENGE**

Editor, Daily News:

In regard to the recent challenge of the base-ball players to the football association to a game of soccer I am of the opinion that the Football Association should accept this challenge and put these would be football players in their place as they have become cocky and think that they are the best athletes in the city, in all-round sport.

I have had the opportunity of watching a few games of baseball and will admit that the players can certainly boot the ball at times. But a baseball is not a football. Hoping that we may have the pleasure of seeing the footballers administer a good lesson to the baseballers and teach them to remain in their place and thanking you for the space, Mr. Editor, I remain,

Harry C. Willis and His Entertainers Making Presentation at Moose Hall

Although there was not a very large audience in attendance, the vaudeville show presented in the Moose Hall last night by H. C. Willis and J. J. Duffy's troupe known as "The Roamers" went over well and proved very enjoyable for all present.

Among the outstanding numbers were opening chorus in a medley of popular songs, Jack Duffy and the Pierce sisters in a triple dancing act with burlesque comedy and music, the Three Pierce Sisters in harmony songs and Harry C. Willis and Peg in versatile novelties including songs, jokes and ventriloquism.

SEATTLE, Aug. 13.—A new town for the State of Washington is about to be established on Puget Sound 12 miles northeast of Olympia, the state capital, in connection with the location there of a \$1,500,000 powder plant. Work on the first unit of the new plant is to start at once.

**GIRLS WANTED**  
To enter Contest for America's Most Beautiful Girl

The winner will be chosen during fair week in Prince Rupert and will get a free trip to Los Angeles and back and be entertained lavishly while there.

Entrants must sell 50 tickets to the Big Coronation Ball, the last day of the fair. Nothing else to do but look pretty. It's the chance of a lifetime.

The fair board at its recent meeting decided to enter a candidate in the International Beautequest at Los Angeles in connection with the celebration of the one hundred and fiftieth anniversary of the founding of the city, when the most beautiful girl in America will be chosen.

The local candidate will be chosen at the time of the fall fair and immediately after her selection she will have to leave for the south to get there in time for the big California event. Her expenses going and coming will be paid by the Fair Board but while there she will be the guest of the Ocean Park Businessmen's Association, who are sponsoring the event. The attraction for the candidate is set forth in the following letter from the south.

"Your candidate will be met at the railway station, dock or airport by a committee representing the Ocean Park Businessmen's Association.

"She will be the guest of screen stars at various functions.

"She will be entertained by a reigning star of the screen at her home.

"She will be included in all parties listed as part of the program of the International Beautequest and La Fiesta de Los Angeles.

"She will occupy a position of honor in all gatherings including pageants, parades, spectacles, receptions and, in fact, all events planned for the International Beautequest and Los Angeles' great reception."

Candidates must be between the ages of 16 and 30, unmarried and of good character and the one going from Prince Rupert will be chosen in the following manner:

She or her sponsors must sell 50 tickets at \$1 each for the big coronation ball to be staged on the last day of the fair in the exhibition building. For the one selling the most tickets a prize of \$50 will be awarded.

She may enter without sponsors if she wishes but she must sell the tickets.

The candidates must attend the Exhibition every evening while it is in progress here. On the first night one selection will be made by competent judges. On the second night a second candidate will be chosen by another set of judges and on the third night a third candidate will be chosen by a third set of judges.

These three candidates will attend the coronation ball accompanied by the other candidates and at 9 o'clock, the final selection will be made. Two hours later the coronation will take place here and the following day the winner will be required to leave and travel as rapidly as possible by steamship, airplane and rail to Los Angeles.

Candidates from points around Prince Rupert may enter, such as Anyox, Ocean Falls, Smithers, Terrace, Stewart, Hazelton or other points and they will be required to sell 25 tickets to the coronation ball in order to qualify.

Candidates either in the city or out may be sponsored by organizations who may help them in disposing of tickets or otherwise in connection with the event.

Candidates or their sponsors should notify Secretary Vance of the Fair Association at as early a date as possible and as soon as the tickets are ready may commence disposing of them.

You can pay more but you cannot find a purer, clearer gin than ... **\$1.50** Rep. Pint

### Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

**SHOW IS MUSICAL**

"Children of Dreams" Presents Fine Entertainment

Current attraction at the Capitol Theatre is a fine musical romance by Oscar Hammerstein II and Sigmond Romberg who have created many successful musical plays including "Desert Song," "Blossom Time," "The Student Prince," "New Moon," "Nina Rosa," "Rose Marie," "Show Boat," and "Sunny."

The love story is that of a girl who has lived the life of a gypsy—wandering through California with her parents from orchard to orchard, in the time of apple harvesting. One evening in the fire-lit camp of the fruit-pickers, when gay strings are twanging and young and old are dancing two young ne'er-do-wells come in their house-on-wheels. Molly renews her affair with Tom—while her friend Gertie, is recaptured by Gus.

Molly sings in camp one night and is overheard by a rich youth who urges his mother to send her abroad to study. It is only when Molly's drunken father is robbed of the fruit-pickers' payroll—and she is forced to accept money from her benefactress—to pay her father's loss—that she consents to go abroad. She succeeds—becomes a success in opera—tires of it.

It is a beautiful story—in idyllic settings of orchards in bloom and at apple-picking time—in New York, and Italy—beautiful songs and a musical setting of glamorous and haunting beauty.

The cast is well chosen. The lovers are played by Margaret Shilling and Paul Gregory, Broadway stage favorites. Gus is cleverly portrayed by nimble-footed Tom Patricola, while Molly's tiny and volatile friend Gertie is done by Marion Byron. The huge and tipping father of Molly is played by Hubert Standing, while the wise family doctor gives Charles Winger another chance for a notable characterization.

**Hospital Reports Surplus For July**

Prince Rupert General Hospital collections for the month of July totalled \$5,027.70 while disbursements amounted to \$4,728.34, leaving a surplus of \$299.36. Frank Dibb, chairman of the finance committee, reported to the hospital board at its meeting last evening. There were a total of 1576 hospital days in the month at cost per hospital day of \$3.

**ENJOY THIS WAY TO PREVENT CONSTIPATION**

THE most frequent cause of illness and poor health is constipation. Its poisons cause headaches, backaches, dizziness, lack of pep—and often lead to serious disease.

Kellogg's ALL-BRAN—a delicious ready-to-eat cereal, protects against constipation. Two tablespoons, eaten daily, will prevent and relieve both temporary and recurring constipation. In stubborn cases, eat it three times a day.

Isn't this far more pleasant—and far more healthful—than taking habit-forming pills and drugs?

ALL-BRAN also provides iron, which brings a healthy glow to complexions. Many delicious recipes on the package. Made by Kellogg in London, Ont.

**TREATMENT PROTESTED**

Local Hospital Board Does Not Like Way W. C. B. Handles Accounts

The vexed question of treatment by the Workmen's Compensation Board of accounts from the Prince Rupert General Hospital was again brought up at last night's hospital board meeting and, after some discussion, the board decided to communicate with Workmen's Compensation Board authorities expressing general dissatisfaction with the way in which local accounts were handled.

The matter came up with the reading of communications from the Workmen's Compensation Board in regard to two cases in one of which the compensation board allowed only \$32.50 on a \$100 account while in the other only \$17.50 of \$47.10 was allowed.

This was just on a par, members of the board declared, with the way in which practically all W. C. B. accounts were handled. When the local attending physician ordered treatment as being necessary, it was felt that it seemed hardly the proper thing for a doctor in Vancouver to rule that it had not been necessary. Something must be wrong somewhere. On motion of G. V. Wilkinson and Robert Gordon, it was decided to send a protest to the Workmen's Compensation Board.

**Necessary Repairs At Hospital Done**

W. M. Brown, chairman of the house committee, reported to the hospital board, at its meeting last night, that considerable necessary repairs around the building had been completed during the past month, fire escapes, roof, flashing, gutters, etc. having received attention. The board decided to have floors painted in some of the private wards to enhance their durability.

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held in the hospital last night. Those present were: W. M. Brown, who presided in the absence of President G. P. Tinker; G. V. Wilkinson, Robert Gordon, Frank Dibb, Aid. G. W. Rudderham, and R. E. Benson directors; and H. W. Biren, managing secretary.

**PILOT IN AIR TALK**

Frank Dorbrandt Heard in Interesting Interview From Station KOMO Last Night

A highly interesting radio interview was heard last night from station KOMO of Seattle with Frank Dorbrandt, noted Alaska flyer. Pilot Dorbrandt told of some experiences in the air in the north including the tragic flight in the winter of 1929 of Carl Ben Eielson from Teller, Alaska, to the Siberian coast. Among other pilots to whom Dorbrandt paid tribute were Ansel Eckmann, Bob Ellis and Gene Meyring, all of whom are well known here.

Pilot Dorbrandt, it will be remembered, was among the rescue flyers last fall for the late Capt. E. J. A. Burke and party.

**Cannot Afford to Take Insurance**

Hospital Takes No Action On Public Liability Coverage

The hospital board took the view last night that under present financial conditions it was not justified in incurring the expense that would be involved in embarking upon a scheme of public liability insurance.

S. D. Johnston Co. Ltd. had a plan before the board to insure the hospital against liability in case of personal injury or death arising out of malpractice, neglect, etc. in the institution. The premium would be \$3 per year per bed and the insurance company would pay up to \$5,000 in claims on any individual patient or claims aggregating \$15,000 in any single year.

In the case of the local hospital with its 75 beds, the total annual premium would be \$225 and the board felt it was not justified in incurring such an expenditure under existing conditions.

G. P. Tinker, who had the misfortune a few weeks ago to break his knee cap, is doing satisfactorily at the Prince Rupert General Hospital where he is still a patient. He is now able to go out for drives and get about with the use of crutches.
