Pimples On Face Humiliated Her

Miss Frances Lodge, R. R. No. 8, Dunnville, Ont., writes:—"I used to feel very humiliated whenever I would go to town, on account of the breaking out of pimples on my face, caused from impure blood. Now all that has vanished and I have not been bothered since I took part of a bottle of your wonderful medicine Burdock Blood Bitters."

INCREASE TAXATION

It is semi-officially announced that there will be increases in taxation this year. This is very greatly to be regretted because already the burden of taxation is heavy and just now people can ill afford any addition to that burden. However, the bills have to be paid and the people have to pay them. The budget must be balanced, whether it be in the state, the business or the home or trouble will soon be brewing.

ORIENTAL PROBLEM

Practically every legislature that has been elected in British Columbia has taken a shot at the Oriental problem but so far little if any change has been made by legislative action.

Many years ago slavers brought Negroes to the southern part of what is now the United States and since that time there have been racial difficulties in that part of the country. The effort to provide the cheapest kind of labor provided a thorn in the flesh that will persist throughout the ages.

In Prince Rupert railway builders and others imported cheap labor from the Orient in order to increase their profits. For years most of the manual work and also domestic work in many homes was done by Orientals but, chiefly through the influence of labor organizations, the importation of the cheap labor was stopped.

Today many people claim to be suffering from Oriental competition. This is the direct result of the sin of our fathers who brought them here to flood the labor market and secure larger profits. They are now settled in the country and cannot be removed any more than can the Negroes be moved from the southern states. They are Canadian citizens in everything but the right to vote. If they had the right to vote the agitation against them would at once cease because all politicians would be looking for their support.

It may be remarked here that the very people who objected to Oriental competition in the labor market are the ones that today take advantage of the opportunity to deal with them, now that they are in business. At one time the Oriental problem was a labor problem. Now it is a business problem. Eventually it will solve itself.

OMINECA AND MANSON

Just as Pooley was to be banished from the Legislature a few years ago by doing away with his seat, so Manson is to be eliminated by abolishing his seat. We prophesy that one effort will be just as successful as the other. The former Attorney General is too good a man to be left without a political home. He could have the nomination in a number of ridings in the province and doubtless after the next election will be found, either resuming his position as first lieutenant to the leader of the opposition or holding one of the most important portfolios in a new administration. At any rate he will be there.

OPPORTUNITY FOR PEOPLE OF SECTIONS 6, 7 AND 8 TO SHARE IN BENEFITS OF CASH BUYING

The popular response given by the householders of Prince Rupert to the Economy Cash & Carry Store on Third Avenue, the first in Prince Rupert which we opened just 18 months ago, has convinced us of the need of another Cash & Carry store. This, combined with the fact that we are satisfied that the householders do appreciate the very material savings effected by purchasing their pantry supplies on the cash and carry principle, has prompted us to change our Fifth Avenue store to Economy Cash & Carry No. 2. Alterations to be effected will make the new Cash & Carry store convenient and handy, where you will receive the same courteous attention we have always endeavored to render our customers.

The reductions in operating cost effected by the change will make it possible for us to offer our customers the best of food products at prices much lower than formerly.

We appreciate the support given us in the past and solicit a continuation of your patronage under our progressive policy of lower prices.

The meat department will be conducted as usual under the management of W. M. Jones, who is well and favorably known to a large circle of satisfied customers.

Orders amounting to \$3.00 or more will be delivered free. For orders less than \$3.00 the small charge of 10 cents will be made.

Miss Margaret Mackenzie Became Bride of Capt. Hobart Molson at Quiet Ceremony

VICTORIA, Feb. 26.—Miss Margaret Mackenzie, niece of Hon. R. Randolph Bruce, lieutenant governor, and chatelaine at Government House for the past year or so, was quietly married at Christ Church Cathedral at noon today to Capt. W. Hobart Molson of Victoria, formerly of Montreal.

Mrs. William Kerr and son, Billy, who have been visiting for a month at Wrangell, returned to the city from the north on the Princess Norah yesterday afternoon. Mrs. Kerr is the wife of Commandant William Kerr of the Salvation Army.

Millionaire father of the bride (showing the presents): "This next room is the toast-rack room—Humorist, London.

Man in the Moon

Jake says he saw a dollar last week and he's been chasing it ever since.

Sing a song of two bits,
 Worth about a shilling,
 Once was sneered at for a tip
 With words both curt and chilling.

But today that little coin
 Seems about a dollar
 Anyone who loses it
 Sets up quite a holler.

"I understand your wife is quite ill."
 "Yes, she had a slight cold; tried to cure herself by reading a daily health hint and is suffering from a typographical error."

An inquirer asking Rastus about his native village:—
 "Rastus, how many people live in this town?"
 "Bout 4 000 people, suh."
 "How long you lived here, Rastus?"
 "Bout 40 years, suh."
 "How many people when you came here?"
 "Bout 4 000 people, suh."
 "You mean to tell me there were 4 000 people 40 years ago and only 4 000 now? Hasn't the population grown? Have no people moved in; no babies been born?"
 "Yes, suh, yes suh—babies been born, but you see it is this way: Every time a baby is born, some one leaves town."

"And what, my man, is your vocation?" said the condescending matinee idol to one of the backstage staff.
 "I'm a Baptist," replied the scene shifter.
 "No, no, my good fellow," protested the actor. "That is your belief, I want to know your vocation. For example, I am an actor. That's my vocation."
 "No," retorted the scene-shifter, "that's your belief."

Vancouver Island Bus Service Not First Monopoly

"It is not the first time that this sort of thing has been done since the present government took office," said A. M. Manson, M. L. A. for Omineca, in speaking in the Legislature last week on the Vancouver Island bus franchise monopoly. Hon. H. H. Stevens got valuable privileges at Stewart, and turned them over to the C. P. R., he alleged. He also claimed that the West Kootenay Power and Light Company, when it wanted to extend its operating territory, had been checked by a condition of exclusive franchises in the Rossland district.

Captain Speaker At Rotary Today

Capt. Miller, master of the Canadian National Steamships ocean freighter Canadian Ranger, which is tied up at the local dry dock for the winter, was the speaker today at the weekly luncheon of the Rotary Club in the Commodore Cafe. He told his listeners some very interesting things about New Guinea which, when Australia is classed as a continent, can be called the largest island in the world. The program for today's luncheon was in charge of G. E. Gulick, S. D. Johnston, the president, was in the chair.

ISLAND COAL IS GOOD COAL

WHEN BLACKBERRIES ARE RED-THEY'RE GREEN

All you've got to do is to look at a blackberry to see if it's "ripe". Of course, all coal is black, but there are certain grades which are immature or "unripe".

Coal is graded as "good," "bad" or "indifferent" according to its age. The older the coal, the better it is for heating purposes. The "youngest" coal suitable for fuel is known as "lignite". It is so young that it retains the texture of the wood from which it was formed.

True, lignite is a fast, free-burning fuel, yet its average heat content is approximately one-third less than that of bituminous coal, which is more aged, and contains less moisture and a much higher percentage of combustible matter.

Nanaimo-Wellington and Comox Coals are among the highest grades of bituminous coals in the world, because of their high average heat value.

The consumer's best value is Island Coal, because, in addition to its heat content, it costs less than the imported varieties.

Remember, all coal looks alike . . . it's all black . . . but you'll get 30% more heat per dollar from Island Coal.

Second Troop of Boy Scouts Gave Party Last Night

The Boy Scouts of St. Andrew's (Second) Troop entertained the Scouts from the First and Third Troops last night at the Armory. The evening was spent in group games and contests. One of the main events of the evening was a "Yo-yo" contest, which ended in a draw between Scouts B. Cross and Santerbane, and was won by Cross on a toss-up. Delicious refreshments were served, to which the boys all did full justice, and the gathering broke up about ten o'clock with the singing of "God Save the King."

They were living in a Fool's Paradise

JACK was earning \$75 a week. They had a fine apartment, lots of friends. Life was one continuous party. Then Jack took sick. First an appendix; then, as he was getting over that, "flu" set in and pneumonia developed. Jack was laid up for 15 weeks. Of course, he hadn't a penny saved, so his friends and his wife's parents had to come to their financial assistance.

But that wasn't all. If Jack had died he would have had to be buried at somebody else's expense. Why? Because he and his wife were both living for today and spent every penny that he earned.

His illness taught him a lesson. He now owns \$20,000 of Confederation Life Insurance. It only costs him \$12.50 a week—but it insures a life competence to Mary.

If you are married and are earning \$75 a week, or more, you should own at least \$20,000 of life insurance. If you are not carrying this amount, let us assist you to get it.

MOTOR ROAD PEACE NEED

So Says Hon. Frank Oliver in Article in Vancouver Paper

Construction of a motor road as a means of hastening development of that great fertile farming region of British Columbia adjacent to Fort St. John in the Peace River Block, is advocated by Hon. Frank Oliver, says the Vancouver Sun.

Hon. Mr. Oliver, who is a former Railway Commissioner and who visited this region last August, emphasizes that here is the last great prairie empire of Canada, virtually inaccessible owing to delay in extension of railway facilities.

Already there is considerable settlement, he shows, but indicates clearly that progress cannot be made until adequate transportation facilities are provided.

In order that the business of the territory should be directed to its coast outlet, he favors construction of a motor highway from Hansard east of Prince George through the Monkman Pass.

Billiards Postponed; Interest Is Waning

Deferred Billiard League games of George Waugh (Grotto) vs. G. P. Tinker (Canadian Legion) and James Andrews vs. Charlie Baptie in the fixture from last Tuesday night were further postponed from last night. There has been a lot of postponement of Billiard League games of late and the effect is to somewhat slacken up interest in the activities of the league.

Country Readers of "The Daily News"

To the readers of the Daily News who live out of town, we suggest that the classified columns of the paper provide an excellent medium for the disposal of articles they may have for sale or exchange.

Last season a lady at Smithers did a large business in selling fresh eggs direct from the farm by advertising in this paper.

Chickens, implements, household goods, boats, fishing gear, guns, cordwood, furs and dozens of other articles may be disposed of. The charge is two cents a word but six times goes for the price of four.

Many people get good results. Why not you?

BRINGING UP FATHER

By George McManus

There are seven reasons why

GUINNESS IS GOOD FOR YOU

4 FOR THE BLOOD. Guinness is good for the blood. It contains valuable phosphates which enrich the blood, and it also clears the blood by keeping the system in good working order. For these reasons Guinness is good for the complexion, and is also specially recommended by Doctors for those suffering from Anaemia or Boils.

Guinness is a delicious beverage, preserving the natural virtues of the barley, barley malt, hops and yeast from which it is brewed.

Guinness should not be served COLD.

BEES ARE SUBJECT

Gyro Club Hears Talk by George Wilkinson—Vocal and 'Cello Soloists Much Enjoyed

Members of the Gyro Club heard many interesting facts about the life history of bees from George V. Wilkinson, former local bee fancier, who was the speaker at the regular open luncheon of the club yesterday. After describing in some detail the nature of bees and their work, Mr. Wilkinson expressed the opinion that bees could not be kept commercially here. The weather here was usually so open in winter that the bees went out from their hives and would consume their winter store of honey before the winter was half over. The wind here was also harmful to bees. It was so strong at times that the bees would be blown away and could not get back to their hives.

In addition to Mr. Wilkinson's address, the program at the luncheon included three vocal solos by James Wightman Smith of San Francisco, these proving a real treat to all present. William Beaumont also played two violinello solos which were also much appreciated. Chas. P. Balagno was piano accompanist. The luncheon raffle was won by M. A. Burbank.

President Mills tendered the congratulations of the club to Sam Jabour who became the father of a daughter recently.

The club decided to hold a special luncheon on Wednesday of next week to hear Dale L. Pitt, general manager of the Premier Gold Mining Co., give an address on the silver situation.

There were quite a number of guests including, besides the speaker and artists, Edward Lipsett of Vancouver, A. A. Connon, L. F. Smith, Dr. R. G. Large (Port Simpson), G. A. Woodland, George Mitchell and Olof Hanson M.P.

President C. C. Mills was in the chair.

THIS YEAR NOT WORST

City Had to Expend More in 1922 On Account of Unemployment

Bad though it may seem, the unemployment situation in Prince Rupert this year has been exceeded in the past. In the winter of 1922, the city paid over \$19,000 to provide work and other forms of relief for the unemployed. The cash outlay for taking care of unemployment here this winter has not yet reached that sum and is not expected to, it is stated by Mayor C. H. Orme.

Alaskan Flag Very Effective

Mrs. Kerr, wife of Adjutant Kerr of the Salvation Army, brought back from Alaska this week, a little silk flag recently adopted as the flag of Alaska. It was designed by a native boy from Yakutat named Benson and the design won first prize against all comers. It showed the seven principal stars in the constellation Ursa Major or the Great Bear, sometimes known as the Dipper, and also the North Star, Polaris, on a blue ground with a golden fringe representing the golden north. The design is very effective.

Times Are Bad In Old Country

Sid Webb Thinks Labor Government Has Not Justified Itself and Change Coming Soon

Sid Webb, formerly on the staff of the Daily News, writes from London, England:

"I cannot say that things are very lively over here. The Labor Government is a sorry affair; have done nothing to justify themselves since they have been in office. The unemployment figures are getting bigger every week, the country is being bled by the dole system, which is a pernicious system, to say the least.

"There is a terrible shortage of money in the spending power of the man in the street and retail business is hit badly as a consequence. Commodities, mostly foreign, are very cheap, but what's the use if people have not the money to buy them with?"

"The Conservatives are naturally hanging on to their capital awaiting a change of Government which I do not think is far distant."
