PHILADELPHIA, April 28-Mat-thew Wohl, vice-president of the Fourteen Halibut Boats Sold Today To Old Local Fish Companies

The United Pacific Fisheries was not on the market toabout modification of the Eighth day for halibut but all the local fish sold to the old Prince Rupert buyers. Fourteen boats disposed of their catches, five of which were American, and nine Canadian, the American boats getting about two cents more than Canadian, the difference of the U.S. duty.

Word received from Ketchikan was that 17,000 pounds sold yesterday to the United Pacific on promises to pay. The New England Fishing Company bought 52,000 pounds at 3c and 5c for freezing and 45,000 pounds were put into cold storage

by the fishermen.

ONTARIONS WIN FIRST

Varsity Loses First of Dominion Hoop Play-offs By Narrow Margin of 18 to 17

VANCOUVER, April 28:-In the first game of the Dominion senior men's basketball championships here last night, St. Catherine's Grads defeated University of British Columbia by a score of 18 to 17. It was a close and exciting game which was featured by great checking by either side.

The final game will be played tomorrow night. Total points will deide the issue.

FORGET THE BLUES

Prince Rupert people now have no cause to be pessimistic. Conditions are improving. The fishing business is back to normal and very soon the city will feel the benefit. Industries dependent on the fishing industry will also be reacting and we shall see better times ahead. Work is commencing on the highway in a small way, building is improving and the number of unemployed has been cut down. It is now some weeks since relief has been given out except in a few isolated cases.

It must not be assumed from this that Prince Rupert is a place for people looking for work. There are more men here now than can be provided for and it does not seem likely that at any time this summer there will be more jobs offering than men to take them. All we suggest is that people throw off that pessmistic attitude and get down to the realization that Prince Rupert is really a city with a future.

SALT LAKES PARK

Salt Lakes Park is being improved by the provincial government, following in this respect in the footsteps of the former government. It now remans for the city to reorganize the swimming club and do their part at the swimming pool. This is desirable if the young people are to have the full advantage of this splendid resort.

Owing to the highway construction and the diversion of traffic in that direction by auto traffic, interest in Salt Lakes Park has dropped off very much of late years, but now there seems to be a return to the desire for swimming and the Salt Lakes will undoubtedly be a centre of attraction.

Tennis Courts May Be Ready At End of Week

On a recent morning a number of the young men of the Prince Rupert tennis club turned out and painted the new courts which are now practically finished and which it is expected may be ready

The new courts, three in number, have been built by J. Nelson. contractor of this city. They are on city property, the city council having given special permission to the tennis club to rebuild and ncrease the number of courts They are a great improvement over the old courts and will be a great boon to the young people of the

SEATTLE, April 28:-All but

SUPPORT HOME INDUSTRIES

Insofar as possible it is always good policy to support home industries. We suggest that people buy home produced lumber, use Queen Charlotte Island shingles, order from the grocer Queen Charlotte Island clams, eat local caught fresh salmon or halibut or the canned product from Two Weeks For the neighborhood. For local people to buy Japanese canned goods when there are better qualities packed right at home seems unreasonable and not good business.

Labelling

You can depend on "Perfection". It is the one Scots Whisky that is actually distilled, blended, aged-in-the-... BOTTLED ... in Scotland. Famed for high quality since 1807. Imported in 261/2 oz. and 40 oz. bottles only. Sealed with the convenient measuring cap

local improvement by. through at las eeting of the city council sidewalk construction in lowntown business section. among them being the following: Concrete sidewalk, east sid Seventh Street, Second to Third Avenue, initiative bylaw, finally reconsidered and adopted.

Concrete sidewalk, north side o Second Avenue, Seventh to Eighth Streets, construction bylaw, finally reconsidered and adopted. Asphaltic sidewalk, 10 feet wide west side of Sixth Street, Fraser Street to 60 feet from Third Avenue

Yesterday tenders were advertised, for the erection of a new Masonic Temple. Last week tenders were asked for the completion of the Fisheries Experimental Station. A few houses are being built in different parts of the city. Considerable repair work and painting is going on, all helping to bring about a better condition in the local building trades.

With the settlement of the fisheries question there will be a hopeful outlook all round and people will be more disposed to proceed with building plans. Those who last week were feeling blue and disposed to be pessimistic are today looking forward much more hopefully to improved conditions in the city.

There is still talk of a pulpmill being built here before long and other work is in the offing. In the meantime, there are more than enough workers to handle everything that is offering and it will be some time beintersection, construction bylaw, infore all are employed.

average summer home makes it a source of danger and anxiety.

Minimize the fire hazard by lining inside walls and ceilings with inexpensive Gyproc Wallboard that does not burn.

This building material is made from gypsum rock into sheets 4 to 10 feet long, 4 feet wide and 3/8 of an inch thick. It nails and cuts as easily as lumber and with minimum waste.

Find out from your dealer how inexpensive Gyproc is; how easy to erect. Ask him for full information about its application or request a direction sheet from him.

Besides being fire-resistant, Gyproc has structural strength and insulation value. It is also draught and vermin-proof.

By panelling, you can save the expense of decoration, yet Gyproc is an excellent base for Alabastine, Gyptex or wallpaper.

Send for the free booklet, "Building and Remodelling with GYPROC" 371W GYPSUM, LIME and ALABASTINE, CANADA, LIMITED Vancouver B. C.
