FINANCE MINISTER DENIES CHARGE

PREMIER RETURNS TO CANADA WITH HEALTH IMPROVED

British Economic Union Is Urged By Bennett On Return From Other Side

Day of Centralized Empire is Past, Canadian Prime Minister Declares—Was Heartened to See Way in Which Mother Country Was Meeting Its Problems

HALIFAX, Dec. 12:—"The day of the centralized Empire is past. We no longer live in a political Empire. We must see to it that our ability and our resources are thrown into the enterprise of building and strengthening an economic union," declared Premier Richard B. Bennett today on his return from a holiday trip to England and the Continent.

The Premier, who is in much better health than when he left, declared that he had returned home even better in spirit after witnessing the manner in which the Mother Country was meeting its problems with courage and confidence of a solution.

VISITED ISLANDS

Olof Hanson M. P. Goes to Queen Charlottes to Meet Constituents and Learn Their Needs

Olof Hanson, M. P. for Skeena, returned to the city last night on board the seineboat Jedway after an absence of eight days paying a visit to his constituents on the Queen Charlotte Islands and learning their needs. Accompanying Mr. Hanson was a party which consisted of W. O. Fulton, A. J. Prudhomme and Peter Lorenzen.

Mr. Hanson was given a splendid reception at all points and at Massett the native band was out to join in the welcome to the member. A reception was later held, tea being served and a few speeches made.

From Tlell Mr. Hanson and party proceeded to Port Clements, Tlell, Skidegate and Queen Charlotte City, also visiting other points.

Members of the party were also enabled to do some hunting and they brought some ducks and geese back with them to bear witness to their skill as marksmen.

POOL MOVES MUCH GRAIN

Million and Quarter Bushels Exported From Vancouver in Single Week

Last week the Alberta Wheat Pool elevators in Vancouver shipped more than 1,250,000 bushels of grain to the Orient and Continent. It is believed this shipping activity will continue steadily at Vancouver. The two Pool elevators at the southern port are now fairly full but the export movement is taking care of the inward flow.

The Pool now has more than 750,000 bushels in storage in the Prince Rupert elevator and the house will soon be filled to its capacity of 1,250,000 bushels. There seems to be no immediate prospect however, of export shipments being made.

Seventeen carloads daily of grain are being moved by the Pool into the Victoria elevator via Port Mann and Canadian National car ferry.

FEELING BETTER

Premier Bennett home after vacation which has resulted in improved health and spirits.

OUTPUT IS INCREASED

Production of Power Corporation This October Eleven Percent Ahead of Last Year

MONTREAL, Dec. 12:—Total output of power by various companies in which Power Corporation of Canada is interested in October this year showed an increase of 11% over the same month last year and 11.6% over the output of September this year. In October this year production totalled 159,919,519 kilowatt hours as against 43,171,787 in the preceding month and 143,846,106 in October last year. Among the units which showed substantial increases were Winnipeg Electric, Canada Northern and Southern Canada. Details of the output for this October were as follows:

Table with columns: Location, Kilowatt Hours, Southern Canada (14,422,880), Canadian Northern (36,465,080), East Kootenay (5,957,800), British Columbia Power (42,067,099), Northern B. C. Power (767,660), Winnipeg Electric (16,659,500), Manitoba Power (35,088,000), Northwestern Power (8,591,500)

Tomorrow's Tides

Table with columns: Time, Height (ft.), Sunday, December 13, 1931, High (4:16 a.m. 19.6 ft., 15:44 p.m. 20:1 ft., 10:02 a.m. 8:8 ft., 22:31 p.m. 3:9 ft.), Low

VANCOUVER WHEAT VANCOURER, Dec. 12:—Wheat was quoted at 61 1/4c on the local exchange today.

MAYOR IS ENDORSED

Trades and Labor Council Discusses Municipal Political Situation

Nominations Made

Rudderham and Black Aldermanic Candidates—Other Matters

Discussing municipal affairs at its meeting Thursday night, the Prince Rupert Trades and Labor Council, by unanimous vote, expressed confidence in the administration of Mayor Cyril H. Orme as chief magistrate of the city. Ald. James Black and Ald. G. W. Rudderham, whose terms are about to expire, were renominated as candidates for the city council. No definite action was taken in the matter of school board candidates as some delegates have yet to be approached with a view to placing them in nomination.

One of the more important resolutions passed by the meeting was one calling upon the Dominion government to implement a pledge that every man in Canada was entitled to a job and should have it. Immediate reopening of the unemployment relief camps was urged.

A reply from Hon. R. H. Pooley attorney general, to a letter sent by the council in regard to policing activity at the unemployment camp was read. The president was empowered to have the matter satisfactorily adjusted.

A communication was read from a single lady resident complaining at being unable to get a position owing to preference being given to married women. The council will endeavor to obtain the co-operation of merchants and others in connection with such matters for the time being at least.

A letter from the Prince Rupert Unemployed Association was read and ordered filed.

A communication from the Independent Workers of the World advocating a six-hour working day was filed.

The council discussed at some length the report of Dr. R. G. Large, medical inspector of schools, on the prevalence of malnutrition among school children. It was decided to suggest that a conference of city council, school board, hospital board and medical association representatives be held with a view to effecting some remedy for the situation.

The resolution which has been approved by the Northern B. C. Fishermen's Association and other bodies urging abolition of the attachment system of Japanese salmon fishing licences was endorsed. Credentials of D. Borland and W. Wilson as delegates from the Canadian Legion were received and the delegates welcomed and seated.

There was a large attendance and the meeting lasted until nearly midnight. Ald. S. D. Macdonald, president, was in the chair.

Master Mark Good Celebrates Seventh Birthday at Party

Mark Good, son of Mr. and Mrs. F. N. Good, is celebrating his seventh birthday this afternoon with a party for his young friends at his home, 209 Ninth Avenue East.

Those present are Allen and Hugh Burbank, Douglas Payne, John Carson, Eric Orme, John Nicholls and John and Peter Good.

Customs Made Big Haul

Here is the Raritan Sun which was seized by customs men near Brooklyn and found to have a \$350,000 cargo of liquors. The \$750,000 boat is owned by a Philadelphia oil company.

ADVERTISE SEA FISH

Fisheries Association Asks Dominion Government For Help In \$150,000 Campaign

MONTREAL, Dec. 12:—Assistance of the Dominion government in conducting a coast-to-coast newspaper advertising campaign designed to increase the consumption of deepsea fish in Canada is being sought, A. H. Brittain, president of the Canadian Fisheries Association, states. Efforts are being made, Mr. Brittain said, to obtain a fund for such publicity purposes of \$150,000.

BRITISHERS LOSE LIVES

Seventeen Seamen on German Boat Drowned When Craft Founders Off Norway Coast

OSLO, Nor., Dec. 11:—Seventeen British seamen, members of the crew of the German-owned trawler Venus, which foundered off the Norwegian coast, are reported to have been drowned.

WEATHER REPORT

Dead Tree Point—Cloudy, calm; barometer, 29.78; temperature, 30; sea smooth.

Langara Island—Cloudy, light westerly wind; heavy swell. Triple Island—Overcast, light southeast wind, light swell.

NEW PREMIER IS CALLED IN JAPAN

TOKIO, Japan, Dec. 12:—Tsuoyoshi Inukai, president of the Seikuyal Party was instructed by Emperor Hirohito today to form a new cabinet in succession to the administration of Premier Wakatsuki which resigned yesterday.

Reid Does Not Know What He Is Talking About States Jones

Charge That He Was Responsible For Cutting Relief Program is Denied By Provincial Minister

VICTORIA, Dec. 12:—Denial that he had been responsible for the cut in British Columbia's unemployment relief program as charged by Tom Reid, M. P. for New Westminster, in speaking at Golden in the Columbia by-election campaign, was made today by Hon. J. W. Jones, provincial minister of finance.

Mr. Reid obviously does not know what he is talking about, said Mr. Jones.

LEAD IS GREATER

Lenz and Jacoby Favored With Good Cards and Increase Lead Over Culbertsons

NEW YORK, Dec. 12:—Sidney S. Lenz and his partner, Oswald Jacoby, took advantage of great cards to run away from Mr. and Mrs. Ely Culbertson in the fourth session of the contract bridge marathon last night. Lenz and Jacoby took seven of the session's twelve rubbers and accumulated 3,835 points net for a grand net total of 5560.

OFFICERS ARE NAMED

W. H. Tobey is Again President of Canadian National Recreation Association Here

The Canadian National Recreation Association this week held its annual general meeting and election of officers and committees, the following being chosen:

- President, W. H. Tobey. Vice-President, J. Frew. Treasurer, T. C. Wilding. Secretary, A. E. Wood. Executive—J. W. McAuley, R. E. James and W. Cruikshank together with the chairmen of the following committees: Chairman entertainment, W. Reid. Chairman softball, H. Skattebol. Chairman tennis, H. Thrupp. Chairman badminton, J. A. Teng. Chairman horseshoes, T. Annesley. Chairman rifle club, B. E. Valde. Chairman basketball, J. Campbell. Chairman yachting, T. Fortune. Chairman track and field, P. McIntosh. Chairman membership, A. R. Nichols. Chairman bowling, F. S. Walton. Chairman cribbage, E. Diekman. Chairman publicity, H. Forrest. Dudoward. Treasurer—Mrs. (Dr) Perry. Superintendent Mission Band—Miss Deacon. Third Vice-President—Mrs. M. Ross. Recording Secretary—Mrs. F. Freeman. Corresponding Secretary—Mrs. C. B. Flewin. Christian Stewardship—Mrs. Ethel Musgrave. Strangers Secretary—Mrs. E. F.

Gifts Are Coming in Now For Salvation Army Fund Xmas Dinners and Hampers

Money and goods are beginning to come in better for the Salvation Army Christmas dinner and hamper fund. In spite of this, much is needed if the well-to-do people are to do their duty toward those less favored.

A special plea is made for the children at this season. To allow these youngsters to be without their usual Christmas festivities would mar the whole season for others.

Table with columns: Name, Amount, Previously acknowledged \$16.00, Anonymous 2.00, Dr. Maguire 5.00, Williams, Manson, Brown and Harvey 15.00, Sunrise Grocery, cash 5.00 (and 2 sacks potatoes, 5 sacks turnips and 1 box apples), Edward Lipsett Co. 2 large baskets of assorted vegetables.

Nerves A Complete Wreck Sat Up Half The Night

Mrs. John Rose, Bark Lake, Ont., writes:—"I was troubled so much with my nerves I was a complete wreck. I could not do my work, and would have to sit up half the night on account of not being able to sleep. One day a friend recommended Milburn's Heart and Nerve Pills. I used one box and got relief, and by the time I had taken six boxes I was as well as ever."

TOLMIE'S CLUB

Premier Tolmie seems to be holding a club over the heads of the two big railways but the club is a feather-weight affair that will have little effect. He says that if the two big railways do not take over the P. G. E. and build into the Peace River he will sell it to some other interests that will build.

The thing for Dr. Tolmie to do is sell, if he has anything like a reasonable offer. But that is the difficulty. In order to sweeten the P. G. E. plum there must go with it a few million dollars worth of lands, a few million dollars worth of timber and a few million dollars worth of mineral rights. Also it is suggested that even with that sweetening the proposed purchasers will assume only a proportion of the interest payments on the P. G. E. debt. If this is the case, it would be better for the province to retain its own railway and await the report of the railway commission in regard to the Peace outlet.

If it is necessary to part with the most valuable part of the public domain in order to rid the province of the P. G. E. incubus, it is no wonder that Premier Tolmie has hesitated for two years before daring to place such a proposal before the people. If it is just a club that the Premier is wielding, we are inclined to think the railway heads will spend little time dodging it.

EITHER TRUE OR NOT TRUE

Most people today believe in a theory of evolution. Even out and out evolutionists do not agree on any exact theory. Others there are who see in evolution a danger to their theological beliefs so they declare that it cannot be true.

At the Rotary Club this week Dean Gibson showed how the theory of evolution was contrary to the Biblical account of creation but on the contrary was in accord with it.

Possibly others, when they get rid of their prejudices will find that their beliefs are not violated. In any event, if the world has evolved, which seems to be the natural method, judging from everything we see around us, all the opposition of millions of people will not change it. Either it is true or it is not. Some will believe it and others like old Oom Paul Kruger, president of the Transvaal, who up to the time of his death, declared that the world was flat, will continue in their blindness, refusing to read the history of creation as seen all around and preferring to think that God is a great human giant, who with his massive fingers, fashioned everything and today sits on an uncomfortable golden throne in heaven wearing a golden crown while his admirers stand around and shout his praises, each wearing a lesser golden crown.

Carried away by the beautiful figurative language of the East, people of the Occident are inclined to take literally what was meant figuratively. What would be true to an Oriental might at the same time be a mass of lies to an unimaginative Anglo-Saxon.

But today the attitude of the average man is changing to one of tolerance. He realizes that what he learned as a youth in regard to electricity, light, heat, gas, metals or even the action of foods may not be right. So in theology his conception will have to change, for the world is ever changing. Possibly God does not change, but the conception of God must of necessity change as the race develops. The Christian conception is different from that of the ancient Jews, and the 1931 conception is different from that of the average person two thousand years ago.

In Prince Rupert there are all sorts of people with one hundred different theological beliefs, mostly inherited from their forefathers. They live together in religious harmony, each agreeing to allow the other to believe as he wishes. Wives and husbands often differ in their religious conceptions. This is a great step in development. It is one of the marks of evolutionary progress.

A SATURDAY SERMON

Perils and Privileges of Speech

"If Any Stumbleth Not in Word the Same is a Perfect Man."—James 3:2

It is a well known fact that Martin Luther had very grave doubts about the Epistle of James. He claimed that it did not contain the Gospel. Yet as one studies the epistle an answer to the complaint immediately suggests itself in the words of the text. James was not engaged in any controversy at this time, but he was very seriously concerned

with the sad state of affairs which existed. How could he speak of the Gospel when he saw Christians slandering one another? How could this superstructure, this Gospel of Love and faith be built, when the very foundations of human character—justice, mercy and truth had not been laid?

With his keen practical insight he was impressed with the careless attitude which Christians had regarding their speech. He realizes clearly how powerful an influence the tongue can be, in spite of its comparative insignificance in size. He realizes to what heights the tongue can raise men's thoughts through the power of a passionate speech. He realizes too, how quickly a man's character is revealed as he speaks.

And so he is determined to stress the importance of the tongue.

Great Endowment

And today we cannot but agree but that James is right. The power of speech is a great endowment. It is one of the essential distinctions between us and the mere animals. Only man of all the dwellers upon the earth can speak. The tongue is thus an endowment of the highest importance. Since this is the case it follows that we have incurred great responsibility in the matter of our speaking. We are to be held accountable for every endowment which we possess and the endowment of speech is no exception.

Many people exercise very little influence upon their fellows other than that which is exerted by the tongue. We ourselves are thinking and feeling, but our influence upon others is largely by powers of speech.

Since such a responsibility is attached to the tongue should we not be desirous of learning to discipline this small but important organ.

James does not tell us that the tongue is incapable of being bridled or being tamed. He illustrates as follows: Animals that require the bridle are naturally wayward and impulsive, disposed to rush out and along without any guidance. The bridle tames and directs. It controls and points out the way.

Watchfulness Needed

Thus it is that we are so ready of speech, and without watchfulness are so sadly under the influence of unhappy impulses that it is among the most difficult of our attainments to avoid sinning with the tongue.

There is much truth and beauty in the declaration of James that he who has learned to effectively control the speech of the tongue has

control of the whole body. If a man bridle that unruly member, he will find no other which is not brought into subjection.

And how is it to be bridled? (a) By right thinking. Words are the utterances of thoughts.

(b) By careful watching. There is always much gained when we know our danger.

(c) By prayer. Prayer, which is an habitual attitude of fellowship and communion with God, will have much to do towards right thinking and careful watching.

A Dollar goes a long way

A dollar goes a long long way, where to spend it, and perhaps this is why so many Canadian dollars are going just as far as they can—right out to Victoria, B.C., this winter. This is so because many Canadians who formerly "went South" for the winter months have discovered that there are attractions right at home which compare favorably with anything that is offered south of the international frontier and at a value of one hundred cents in the dollar. People are watching their money and their own homelands these days. It is fashionable to spend the winter in one's own land. Over in England, "it's being done", for the cream of fashionable society, headed by H. R. H. the Duke of Connaught, has decided that money spent at home is a patriotic

and practical gesture in these days when everyone is hoping that the turn in the depression has come and it behooves the nation to conserve its pennies in every possible manner. Here in Canada, the new domestic loan has just been successfully financed; the wheat situation and other things are heralded as harbingers of better things and Mr. and Mrs. Canadian are investigating the family prospects for the winter of 1931-32. The result is that they find that one perfectly good Canadian dollar remains so in Canada, whereas it gets clipped of some 15 perfectly good cents elsewhere. The answer is simple. The picture shows the beautiful inner harbor of Victoria, B.C., as viewed from the provincial Parliament Buildings, with the Canadian Pacific Railway's palatial Empress Hotel on the right; and, below, a golfer, playing the 14th at the Oak Bay course. Both scenes might have been taken "down South".

and, below, a golfer, playing the 14th at the Oak Bay course. Both scenes might have been taken "down South".

The nations have renounced war.

Let us also renounce the instruments of war.

The above men and women, irrespective of party, STAND FOR WORLD DISARMAMENT BY INTERNATIONAL AGREEMENT.

They are convinced: that competition in armaments is leading all countries to ruin without bringing them security, and that this policy of competition renders further wars inevitable; that wars in future will be wars of indiscriminate destruction of human life; that so long as measures of disarmament are delayed, the Governments' assurances of peaceful policy will be valueless.

THIS "POLYGLOT PETITION FOR WORLD DISARMAMENT"

is now being circulated in many countries throughout the world and is to be presented to the International Disarmament Conference.

Not this country alone, but every other country, should begin at once to destroy those armaments by which peace is rendered impossible. R. B. Bennett.

We have a trust towards the Old World to mould and strengthen world opinion that the cause of disarmament may be augmented. This is a high mission for a young land. W. L. Mackenzie King.

Canada owes it to herself to give wholeheartedly to the cause of disarmament and all peace endeavours the vigorous and energetic co-operation of its youth. She has a glorious future. War alone can check her mighty progress. International jealousies are the sole cause of war from which she seeks to abstain. Ernest Lapointe

Let us not forget that vast armaments are not only oppressive but dangerous. War has been renounced. Why has there not been a like renunciation of armaments? Sir Robert Borden.

Return this petition with signatures to: The General Secretary, League of Nations Society in Canada, Ottawa.

Man in the Moon

In England they are saying that Dick Bennett of Canada and Stan Bruce of Australia are the two best dressed men in the Empire, not excepting King Teddy. That's another slap at Prince Rupert. Our member did not even receive honorable mention.

Here's a puzzler taken from the Winnipeg Free Press:

BASKETBALL LAST NIGHT

Intermediate Game Was Feature of Evening's Program

Merchants Win

C.N.R. Defeated Panthers in Senior League Match

Senior League—C. N. R., 36; Panthers, 32.

Intermediate League—Tuxis, 29; Merchants, 30.

Ladies' League—Cardinals, 9; Amazons, 15.

Junior League—Japanese Students, 10; League of Nations, 9.

Last night the basketball entertainment revealed that the "spice" of the program is to be found in the Intermediate division. Tuxis and Merchants put on a fast, clean, thrilling game from which the Merchants emerged with a hard-won 30-29 victory. It was just about a perfect game to watch, with a score that indicates how evenly the teams were matched. The Senior game was of the type that does nothing to raise the standard of plays nor did it reveal the quality of competition that is most desired. Twenty-five personals were dished out by Referee Skinner which is nearly an average of a foul every two minutes. In short, the game was fast and rough but with too much "running interference." It was too bad, because the last time C.N.R. and Panthers clashed they treated the fans to one of the finest exhibitions ever seen in this city. And last night, though the 36-32 score indicates close play, the customers went home realizing that, as basketball, it wasn't "so hot."

The Intermediate game opened with fast play and fine combination by each team. Currie scored for Merchants after a hot bombardment of the Tuxis hoop. Tuxis weakened and E. Dingwell sank two more. Thurber, who played a stellar game all through, registered for Tuxis. But it was a great night for the Merchants and they proceeded to pile up a substantial lead. Towards the end of the first half, led by Thurber and that wizard Nakamoto, Tuxis rallied and finished the half with a 15-13 lead. Excellent basketball was again the feature of the second half and both teams were working like slaves. Nakamoto held the Tuxis boys together and fed Morrison some nice passes to score. The whole Merchant team was functioning beautifully with Comadina outstanding and scoring ten points for his team. Their combination was a treat and with four minutes to go, they held a 26-23 lead. It was anybody's game. With a minute to go Currie and Dingwell scored rapidly. Then Nakamoto threw one in to bring the score to 30-29 for Merchants as the whistle blew. It was just about perfect basketball fare all through.

Tuxis—Nakamoto 2; J. Morrison 11; R. Morrison 2; Thurber 10; Smith 4. Total 39.

Merchants—E. Dingwell 9; F. Dinwell 2; Pierce Currie 5; Comadina 14; McNulty—Total 30.

Referee—Bill Mitchell.

Senior Game

The Senior game started fast with C.N.R. on the aggressive exhibiting their well-known combination. The Panthers rallied, though, and Cross scored on a rebound. Finally, Morrison sank a

International Hockey Captains

Anne Townsend, left, captain of all-American hockey team and Mary Morrison, captain of all-Scotland team, meet just before their respective teams take to the field at Merion Cricket Club, Haverford, Pa.

long one. The game was marred by rough play and a little incidental "dirt," (and no apologies.) With six minutes, Lambie had gathered unto himself three personals, which is rather fast work. However, this same Lambie was the "generalissimo" of the C.N.R. forces and the trainmen soon had a 12-5 lead in spite of the strenuous milling. Ten minutes from the start, eleven fouls had been awarded and the trainmen owned seven of them. Naturally, combination disappeared and individual play, or whatever you might call it in this instance, was in the ascendant. Mitchell and Macdonald got sensational and with the help of Cross gave their team a lead of 18-15 at half time.

In the second spasm, the boys repeated their fouls and decided to let "bygones be bygones." The play was fast and clean (for a while!). The whole C.N.R. was scoring in this half and a rally brought them eight goodly points. Then the Panthers clawed in with a couple of baskets and a personal throw. Friend Lambie was soon banished with a full consignment of personals, and the play was about even. But the boys just couldn't be nice and rough play again became the vogue. The outstanding play came from Styles who indulged in his own particular specialty of spearing several rebounds. Mitchell and Stalker were sent to the showers with the full quota of fouls and the game came to a desultory close, 36-32 for the C.N.R.

The Teams

C.N.R.—Smith 10; Lambie 3; Styles 9; Stalker 3; Morrison 6.—Total 36.

Panthers—Macdonald 4; Cross 5; Irvine 6; Mitchell 7; McKisey 10.—Total 32.

Referee—R. B. Skinner.

Ladies' Game

The Ladies' game between the Amazons and the Cardinals resulted, as was expected, in another easy victory for the Amazons. There is no doubt that this team is too strong. The Cardinals played exceptionally well but could not measure up to the play of Susie Boddie and her squad. Things looked rather hopeless for the Cardinals when the first half ended 8-0 for the Amazons.

Then, in the third quarter, the Cardinals surprised the spectators for they developed a real fast brand of basketball. Play became as fast as in many of the Junior games. As a result of this sudden lash, the Cardinals worked all their plays into Lillian Lowe who shot with great accuracy. She distinguished herself by scoring all eight points, thereby equalizing the score.

However, this period of fast play was of little consequence for the Cardinals were exhausted and the Amazons were able to have their own way and soon took a permanent lead. Final time found the score 15-9 in their favor.

Cardinals—Lillian Lowe (8), Cath Irvine (1), V. Krikevsky, P. Stone, E. Rivett; total, 9.

Amazons—Susie Boddie (7), E. Morris (6), C. Morgan, D. Pritchard (2), Jean Ritchie; total, 15.

Referee, Bill Mitchell.

Junior Game

The Junior affair of the evening was a keenly contested and interesting match. The Japanese Students won their first victory of the

season by defeating the first place League of Nations by a score 10-9.

Both teams played the same style of game—that of a hard checking defensive nature. During the first half, the Japanese had bad luck with their shooting. Their shots were well taken but the ball just would not go in. However, toward the end of the half, they put on a sudden dash of speed, and, led by Kishimoto, they were able to tie the score 6-6 to end the first half.

On resuming play, the Japanese seemed greatly fatigued and the League of Nations again took the lead temporarily. For a period of ten minutes the League of Nations maintained a lead of one point. Then, with less than 30 seconds to full time, Antonelli unnecessarily fouled Obata who was about to shoot. Two penalty shots were allowed which Obata converted into two points, thereby winning the game for the Japanese Students by one point.

Kishimoto was high scorer with six points.

Japanese Students—Suehiro, Kishimoto (6), Obata (2), Nakamoto, Kanaya (2), Condo; total, 10.

League of Nations—Antonelli (1), Yaeger (4), Gillis (2), Dominato (2), Hill, Allen; total, 9.

Referee, Dan Morrison.

JUNIOR BILLIARDS

December 14—Hawks vs. League of Nations.

December 17—Jewelers vs. Empress.

Empress Won In Billiards

Junior League Match Concluded Last Night With Aggregate Score of 933 to 918

George Howe (Empress) defeated Frank Aldridge (League of Nations) by a score of 20 to 183 in the outstanding match from Thursday night's Junior Billiard League fixture and the Empress, as a result, ran out winner of the match 933 to 918.

The league standing to date is as follows:

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.
Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.
Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Fisheries of British Columbia and District No. 2 Important Factor—Boats Keeping Busy—Important Meetings to Be Held

The important part that the province of British Columbia and fishing district No. 2, of which Prince Rupert is the centre, play in the fishing industry of Canada is shown in 1930 Dominion fisheries statistics which have just come to hand. Particularly in the halibut and salmon fisheries is the great relative importance of British Columbia and District No. 2 in comparison with the rest of the Dominion shown.

The statistics show that 28,260,500 pounds of halibut was caught and landed in Canada of which 25,479,600 pounds was landed in British Columbia and 2,780,900 pounds in District No. 2. The total value of the halibut was \$2,739,413 of which \$2,402,574 was in British Columbia and \$2,279,101 in District No. 2.

For all of Canada, 236,069,500 pounds of salmon was caught and landed for a total value of \$9,038,984. In British Columbia 229,621,300 pounds was caught and landed to a total value of \$8,178,115 while of this 143,877,600 pounds was caught and landed in District No. 2, the value being \$4,020,633.

Persons employed in the fisheries of Canada totalled 79,558 of which number 19,347 were in British Columbia. Incidentally, this province was the largest in Canada for the number of people employed in the industry. Nova Scotia coming second with about 200 less.

Wages paid in the canning and curing industry of Canada amounted to \$1,023,609 of which total British Columbia had the large proportion of \$943,740. Salaries paid in the canning and curing industry of Canada totalled \$918,952 of which \$590,241 was paid in British Columbia.

Incidentally, Canada exported \$31,869,350 of fish and fish products in 1930 or ten times more than the \$3,446,601 value of fish and fish products imported by the Dominion.

Various matters of importance are expected to be discussed at a meeting tonight of the Prince Rupert branch of the Deep Sea Fishermen's Union. Principal among these it is expected will be the proposal from Seattle that the annual close season be changed so as to be in future from November 1 to January 15 with an extra month some time during the fishing season and the question of affiliation of halibut fishermen with the Northern British Columbia Fishermen's Association. It is expected that the local fishermen will probably favor the proposal to start the close season on November 1 in view of the fact that November weather normally is so unfavorable as to usually cause suspension of fishing operations anyway. Another meeting of interest will be that of the Canadian Halibut Vessel Owners' Association tomorrow when among the matters to be discussed will be the status of the Northern B. C. Fishermen's Association as an organization of the halibut fishermen.

Not all the boats of the halibut fleet are idle this winter. Wood cutting is a popular occupation for some of them, among the boats out on this work being the R. W. White Hope and Clipper II. There is nothing much else to do so the boys feel they might as well turn in and help to reinforce the old winter fuel pile at a minimum cost.

The ship chandlery store of F. E. Hunt Ltd. has curtailed its opening hours for the winter months. Business, such as there is, is carried on in the morning while in the afternoons a daily half-holiday is being taken during the slack close season period.

Apparently some cleavage has developed over the attempt of the Northern British Columbia Fishermen's Association to enroll the Prince Rupert halibut fishermen under its banner as an autonomous branch of the association. The statement of the Deep Sea Fishermen's Union following last Saturday night's meeting of the Northern B. C. Fishermen's Association when joining up of halibut fishermen came under discussion suggests that the move is not altogether welcomed in D. S. F. U. quarters where it is claimed none of the halibut fishermen who voted in favor of joining with the N. B. F. A. are members in good standing. Further

developments will be watched with considerable interest.

Prince Rupert's new fishermen's floats on the waterfront just east of the dry dock are being put to full use. By actual count last Sunday there were no less than sixty vessels moored there. Mooring space was beginning to be at a premium, boats being tied up three deep at some points. The old fishermen's floats at Cow Bay are also in full use, a good many trollers being moored there.

SHOW WAS SUCCESS

High School Entertainment Has Big Second Night—Appreciation Voiced

The entirely delightful musical show "Lady of the Terrace" was presented for the second time in the Moose Hall by the students of King Edward High School last night. The audience was larger than on the first night and was very appreciative. In all it was one of the most charming entertainments of its kind that has been held here in some time. Miss M. Delaney acted as piano accompanist for the operetta.

In a brief address before the first curtain, Principal D. H. Hartness thanked all who had assisted in staging the entertainment, the Moose Lodge for donating the hall for the first evening, the Premier Orchestra for donating its services, Miss Nan Craig and her small dancers, the parents and all others.

NEW RECORD PLAYS FOR 30 MINUTES

While the history of recorded music stands as one of the most brilliant chapters science has written during the present century, it is doubtful if any advance has been as revolutionary as the newly developed long playing records, known as "Program Transcriptions." These new discs, produced by the Victor Company, contain upwards of 30 minutes of music on one double-sided record; and their introduction is expected to have a tremendous influence on the trend of entertainment and music in the home.

To give a playing time approximately four times as long as that presented by the ordinary record, no increase in size has been necessary. Almost entirely responsible for the lengthened playing time is the fact that the new discs are recorded and reproduced at 33 1/3 revolutions per minute, this in contrast to the regular speed of 78. The use of a new material provides a semi-flexible and lighter record which will not break when dropped, at the same time practically eliminating surface noise.

With the introduction of program transcriptions, the scope of recorded music becomes much broader. When one side of a disc may contain from 15 to 17 minutes of continuous music, or upwards of half an hour for the two sides, the increased possibilities are readily seen. An entire symphony may now be obtained on one record, as well as a suite of dinner or concert music, or an act from an opera. Already program transcriptions have reached into every field of music and entertainment.

In conjunction with the introduction of the new long playing records, Victor also announces two new radio-record combinations designed to reproduce the new discs. These instruments are of course equipped to provide the finest reproduction of music from broadcasts and from record of the regular type.
