ANOTHER CENSURE VOTE ON GOVERNMENT IN VICTORIA

Canadian National To Prince Rupert Better Peace River Outlet Than P. G. E. Wrinch Suggests

Member For Skeena Moves in Legislature For Return of Report of Joint Survey Parties Which Investigated Northern B. C. Resources

VICTORIA, Feb. 19.—Dr. H. C. Wrinch in the legislature yesterday moved for a return of the report of the joint survey parties which investigated the natural resources of Northern British Columbia. The motion was not acted upon in the absence of the Premier who is off to Olympia to greet the Alaska highway boosters. Dr. Wrinch urged that the members should have all information possible about these resources, the Pacific Great Eastern, the subsidy lands and the Peace River Block in order to form opinions upon the two not necessarily identical questions of completion of the Pacific Great Eastern and the provision of a coast outlet for the Peace River.

While provincial finances might benefit if the two problems were handled as one, he was not convinced that the Pacific Great Eastern Railway afforded a better outlet for the Peace River country than did the Canadian National to Prince Rupert.

Brokers Are Questioned

Corporations in Auburn Auto Co. Stock Excites Curiosity of New York Stock Exchange

NEW YORK, Feb. 19.—It was reported in Wall Street brokerage circles today that the New York Stock Exchange has sent questionnaires to some brokers and interrogated others regarding market quotations in Auburn Automobile Co. stock.

BRITISH UNEMPLOYMENT INSURANCE BILL PASSED

LONDON, Feb. 19.—The MacDonald government last night obtained the passage of its unemployment insurance bill on second reading. The division was 279 votes to 218.

Young Portland Nurse Had Violent Quarrel With Man Before She Became Missing

VICTORIA, Feb. 19.—That Ruth Reinhard engaged in a violent quarrel with an unknown man in her stateroom within an hour of her disappearance and threatened if she were not left alone, to jump overboard was revealed at the concluding session yesterday of the federal government marine inquiry investigating the mysterious loss of the 21-year old Portland nurse from the steamer Princess Louise between Ketchikan and Vancouver in North Pacific waters on the night of October 5 last.

PAYMENTS WILL BE CONTINUED

OTTAWA, Feb. 19.—Relief payments to pensioners will be continued by the Dominion government at the same rate as heretofore, Premier R. B. Bennett announced last night.

The government had announced a reduction in the payments but evidently had a change of heart in view of emphatic protests by returned men of the country.

TOLMIE IN WASHINGTON

B.C. Premier and Party Visiting Olympia to Meet Boosters for Alaska-Yukon Road

SEATTLE, Feb. 19.—Premier S. F. Tolmie of British Columbia and thirteen other British Columbia notables arrived here last night enroute to Olympia where they will meet boosters for international Pacific-Alaska-Yukon Highway.

Mayor Edwards of Seattle and party welcomed the visitors at breakfast this morning after which they left for Tacoma and Olympia. Among the members of the party is Lieutenant-Governor R. Randolph Bruce.

LIQUOR IN COLLEGES

WASHINGTON, D.C., Feb. 19.—Drinking is becoming a more and more common practice among pupils generally of universities, colleges and even high schools in the United States, opponents of the continuation of prohibition in this country assert. Trafficking with students in liquor is becoming increasingly general and profitable, it is declared. Once in a while a case comes to the fore and then public opinion is aroused.

MONARCHY WINS OUT

Revolution on One Hand and Dictatorship on Other Are Avoided in Spain

MADRID, Spain, Feb. 19.—After four days of political turmoil and uncertainty, Spain yesterday had a new monarchist cabinet, avoiding revolution on the one hand and dictatorship on the other.

Admiral Juan Aznar, oldest ranking officer in the Spanish Navy and generally regarded as neutral in politics, succeeded in forming a cabinet composed entirely of extreme Right Monarchists.

B. C. BONDS ARE SOLD

VICTORIA, Feb. 19.—British Columbia five year bonds to the amount of \$5,000,000 with interest at 4 1/4% have been sold at 98.40, costing the province 4.61. The syndicate purchasing the bonds, which are to pay for roads, bridges and buildings out of 1930 loan bills, is composed of Dillon Reid of New York, the Canadian Bank of Commerce, the Royal Bank of Canada, A. E. Ames & Co., the Dominion Securities and Wood, Gundy & Co. of Toronto.

FLYING TO VANCOUVER

Blizzard Yesterday Prevented Van Der Byl and Joerss Leaving Atlin

On account of a blinding blizzard, Pilots R. I. Van Der Byl and W. A. Joerss were unable to take off from Atlin yesterday for Vancouver in the plane of the late Capt. E. J. A. Burke, which they recently salvaged on the upper Liard River where it had been set down last October by Capt. Burke in a forced landing, the pilot later starving to death when he and his party became lost. The Government Telegraphs stated today that, weather permitting, Van Der Byl and Joerss would make another attempt today to hop off for the south.

The salvage plane, belonging to the Air Land Manufacturing Co., will be flown via Telegraph Creek and Hazelton to Vancouver where it will be given a complete overhaul before being recommissioned in commercial service.

The Squatters' Right

One of the most unusual cases of its kind in American history is being presented by H. B. Jackson (above), associate squatter with William O. Murrell, Atlanta, Ga., attorney, shown lounging in front of tent pitched on old city hall site which is claimed by squatters' rights.

Revocability of Right-Of-Way Licence Found By Highest Tribunal

Canadian Pacific May Have to Move Its Telegraph Lines From Old Intercolonial Railway Now Canadian National in Maritimes

OTTAWA, Feb. 19.—The finding of the Privy Council in London today that the licence is revokable whereby the Canadian Pacific Telegraph lines used the right-of-way of the Intercolonial, now the Canadian National Railway, for its poles from St. John east through New Brunswick and Nova Scotia may have a far reaching effect. The judgment seems to indicate that the Canadian National can force the Canadian Pacific, if it chooses to do so, to remove its telegraph lines from the right-of-way but cannot charge the company. For many years the Canadian Pacific has made use of the right-of-way.

Britain Leads Way in Cutting Down Naval Armaments But Not Being Followed by All Others

LONDON, Feb. 19.—Contending that Britain has led the way in reduction of armaments and her example has not been completely followed by other powers, the Navy League of Great Britain has issued a pamphlet over the signature of Lloyd George, president, pointing out the concrete reductions in British naval strength that have been effected.

Including the naval forces of the dominions it is shown that the number of fighting vessels has been reduced from 1,906 at the Armistice to 426 as of October, 1930. Tonnage in this period was reduced from 3,191,893 to 1,491,120. The number of cruisers was cut from 128 to 54.

In 1930 the personnel of the British Navy was reduced to 97,050, compared with 114,600 for the United States and 80,000 for Japan, it is shown.

The naval estimates for 1930-31 amounted to \$280,000,000 compared with \$382,424,661 for the United States and roughly \$131,000,000 for Japan.

Liberal Island Member Criticizes Granting of Exclusive Road Rights

L. A. Hanna, M.L.A. For Alberni, Takes Brunt of Legislature Debate—Walkem Suggests Permanent Unemployment Machinery

VICTORIA, Feb. 19.—The creation by the federal government of permanent machinery to meet unemployment, which he described as a continuing problem, was suggested by George A. Walkem, Conservative member for Vancouver, in the course of the debate on the reply to the Speech from the Throne yesterday. L. A. Hanna, Liberal of Alberni, carried the brunt of the debate and, at the end of his address, moved an amendment censuring the government for granting an exclusive franchise for the operation of public vehicles on the highways of the province.

Speaker C. F. Davie expressed doubt as to the constitutionality of the amendment and reserved his decision on the point.

DEAN OF CANNERS IS DEAD

Henry Bell-Irving Passes Away in Vancouver at Age of Seventy-Five Years

PIONEER OF PROVINCE Started Out as Civil Engineer But Became Great Industrial Leader

VANCOUVER, Feb. 19.—Henry O. Bell-Irving, aged 75 dean of the salmon canning business in British Columbia and resident of Vancouver for more than forty years, died this morning after a lengthy illness.

Born in Scotland, the late Mr. Bell-Irving qualified as a civil engineer in Germany and then came to Canada. In 1882 he joined the staff of the Canadian Pacific Railway and remained in the service of that company until the line was completed through the Rocky Mountains to the Pacific Coast.

After a few years spent in the business of a civil engineer and architect in Vancouver, Mr. Bell-Irving, together with R. H. Patterson, started a merchandising business and in 1889 the company had the distinction of bringing the first full cargo of general merchandise by sailing vessel from the United Kingdom. The same vessel carried back the first full cargo of canned salmon shipped from British Columbia. Later Mr. Bell-Irving became interested in the canning industry. He was head of the A.B.C. Packing Co.

The late Mr. Bell-Irving entered the Anglo-British Columbia Packing Co. first through acting as its agent, then becoming manager. He was president of the Vancouver Board of Trade from 1895 to 1897 and in 1903 was delegate to the Congress of Chambers of Commerce of the Empire in London. He was ex-president of the local St. Andrew's Society, the Caledonian Society and the Vancouver Pipers' Society. He was married in 1885 and there were two sons and four daughters. Mr. Bell-Irving's recreations were golfing, hunting and yachting.

The late Mr. Bell-Irving was well known in Prince Rupert. He used to pay frequent visits to the city and district in connection with his interests hereabouts but in recent years had not come so often. His company's canneries in this district include North Pacific and Skeena Commercial on the Skeena River and Arrandale at the mouth of the Naas River.

NANAIMO TRAGEDY

One Child Burned to Death and Two Others Injured When Fire Destroys Home

NANAIMO, Feb. 19.—Rose Emery eight-year old daughter of Mr. and Mrs. Robert Emery, was burned to death in a fire which destroyed the Emery home near here last night. Her brother Robert Emery, jr., aged 14, was taken to hospital suffering from burns about the neck, arms and shoulders and is in a serious condition. Another brother, William Emery, is suffering from slight burns and a deep gash on his foot received when he kicked out a window pane and escaped from the burning building. Robert Emery, the father of the children, a miner, was not at home. The mother had been in hospital for a week.

TO UNITE VETERANS

Need of One Great Organization of Returned Soldiers is Felt

OTTAWA, Feb. 19.—Another movement is on foot to unite all returned soldiers' organizations in Canada into one great body. It is felt that thus the matters of ex-service could be better handled and more effectively placed before the authorities when necessary. The recent cut by the federal government in relief payments to ex-service men is one thing that effective work could be done on if there were more unity among the returned men.

ONLY ONE HALIBUT BOAT HAS CLEARED SO FAR FOR BANKS

While it is reported that a number of boats, both Canadian and American, are signing up independently to go to the halibut grounds for fishing operations, the Tahoma, an American boat, was the only one that up to this morning had formally cleared for deep-sea.

CANADA AND RUSSIA

What is to be the attitude of Canada toward the Russian exports produced by forced labor or by labor paid for with money which has no value outside of Russia? The matter will have to be considered carefully in order to protect Canadian workmen. Already action in this direction has been taken by United States. The following is from a letter sent out from British Columbia House in London:

"The people of Russia are being compelled or persuaded by propaganda to give the greatest output for the barest minimum of existence in order that imports of manufactures may be kept down and credits for machinery created abroad. Russia pays for her produce by merely turning a printing press, she does not need gold. As she will have no dividends to pay on capital when her factories are in full swing, she will have no difficulty in dumping into any market, and will swamp the world with cheap goods with which other industrial nations cannot hope to compete. Unless this evil of forced labor is met, and met now, by concerted international action it is quite patent that something more than mere economic competition is threatened. That is only a means to an end. The Soviet Government, like the Communist International, is merely an instrument of the Communist Party, whose leaders have never disguised the fact that their ultimate object is a world revolution; and it is the conviction that they are helping to bring about this revolution which inspires their followers to endure the privations imposed by the five years plan.

"What is the nature of these privations? At the present moment there are in Northern Russia seven prison camps containing a total of over 600,000 prisoners. During the winter of 1929-30 they suffered 72,000 'casualties.' Every prisoner engaged in forest work has to fell and strip 35 timber logs a day, plus a further nine logs under the 'Socialistic Efficiency Competition' and an additional 25 per cent to show his patriotic fervour! For this he receives a normal ration of one kilogramme (2 1-5 lbs.) of black bread a day with a plate of soup, generally made of rotten fish. Meat, old horse flesh, is given only twice a week. All this takes no account of the conditions regulating what in Russia is called voluntary work but which in other countries—Liberia, for instance—would be called sheer slavery."

GOLD RUSH IN ALBERTA

Provincial Police take Charge and Watch Developments in New Livingstone Range Area

LETHBRIDGE, Feb. 19.—"Still going in" is the word from Nanton and Stavely, jumping off places for the Livingstone range gold rush.

Spirits of Alberta's prospectors are not dampened by the report that assays of ore from the find show only traces of gold and no platinum. E. Overand of Stavely who got in on the "ground floor," staking one of the first claims in the potential El Dorado, is as hopeful as ever. Further samples of ore have been sent to assay offices at Vancouver and Denver.

Indications that many would go in caused the Alberta provincial police to send in a detail composed of Inspector Scott of "D" detachment here and Corp. Frewin of Nanton. Beautiful weather prevails throughout southern Alberta, the mercury standing around 60 in the middle of the day nights are cool, especially in the foothill country. Police however, fear that tragedy may overtake the goldseekers in the hills should the weather suddenly turn cold, and all parties going in are warned to protect themselves with plenty of bedding and food.

Nanton and Stavely are reaping a harvest from the rush. By a coincidence the hotel at Stavely is named the "Yukon."

Trace of Gold

A trace of gold was found in the samples from the Livingstone range country, submitted to the Sullivan concentrator at Chapman Camp, B.C. for assay by E. Overand and Charles Fitzsimmons of Stavely, Alberta. It was their find that started the present rush to the scene of the strike.

In a letter C. T. Oughtred, superintendent of concentration for the Consolidated Mining & Smelting Company of Canada at Chapman Camp, states that while the mine is not operating a customs assay office, the prospectors' sample was run for gold and returns indicated a trace of the metal. No mention of platinum was made when the samples were submitted.

Mr. Oughtred makes no estimate of what the ore will run per ton.

THE TROUBLE WITH P. G. E.

Spineless Treatment Governments Have Given it is Cause, Vancouver Financial Paper Says

The tragedy of the P.G.E. Railway has been the ridicule and the spinelessness with which successive governments and opposition at Victoria have treated it. Had a provincial government, says the Financial News, of Vancouver, taken the P.G.E. in hand without further ado and arranged for its completion to Peace River, the future of the road would now be assured and the financial position of the province of British Columbia in 1931 would almost certainly make more cheerful reading.

Twenty Years Ago

The indignation of Stewart citizens at the refusal of the provincial government to grant them incorporation continues. They find it hard to reconcile Premier McBride's refusal with a promise along this line which he had made last November.

Illumination was turned into Prince Rupert streets and houses last night for the first time from the new steam plant of the city at Cow Bay.

Under the auspices of the Prince Rupert branch of the International Longshoremen's Union, an enjoyable social was held last night in the Industrial Hall. W. E. Dennison, president, was in the chair. There were speeches by G. B. Casey and W. H. Montgomery.

SPIRITUAL WELL BEING

Roger W. Babson Says Such Wealth is of Economic Value

Recently I suggested that later the nations would recognize the economic value of accumulating spiritual wealth but that they are not now in the mood to do so, writes Roger W. Babson.

Such a time may, however, be much nearer than I had thought. Apparently people today are not only tired out physically, but are discouraged. They lack that faith which is essential to personal or national progress. Accompanying this lack of faith is a disrespect for law, order and experience. Children are self-sufficient of their parents; and parents are self-sufficient of their God. In fact, faith, to be effective, must be backed up by righteousness. Faith cannot be bought or quickly obtained when in trouble—like medicine. Faith must be acquired slowly, before it is needed—like education. Faith comes through patient devotion, right living and service to others.

A great mass of wage workers, executives and young business people have never before witnessed a severe business depression. Ever since Germany declared war in 1914—with the exception of a very short readjustment period after the war ended—there has been a constant demand for labor.

In view of the steady work and easy profits which the above described condition made possible, this new generation has felt sufficient in itself. Sabbath schools and churches have been neglected, family prayers have been given up, and Sunday has been made a common holiday. Hence, unlike previous generations, a large percentage of the people now unemployed or losing money in business, have no faith upon which to fall back. When employed or making money, they did nothing to store up spiritual reserves and hence have none to draw upon, now that employment and profits have vanished. As a result, great masses of people are discouraged and know not where to turn. The material wealth upon which they solely depended has gone. They have no spiritual wealth upon which to draw and they are tired out physically.

What is true of individuals is also true of nations.

People should understand that before prosperity can return there must be a renewed interest in the spiritual life by both individuals and nations. Nations should realize that the world has always possessed raw materials and labor; but has been prosperous only when the people have been actuated by a religious faith to use these resources for advancement and service. This is the law of life and now is the time when it should be taught in churches, schools, and colleges. Think it over.

TERRACE

Mrs. Will Robinson went up to Hazelton on Saturday to see her daughter, Doris, who recently underwent an operation in the hospital there.

The recent heavy rains have had the effect of washing out a considerable quantity of the filling put into position on the new water line near the reservoir. A portion of new main has been laid bare, but no serious damage has resulted. The main work carried out in enlarging and bracing the reservoir last fall stood the test well. No interference with the excellent supply has been occasioned.

New Peace River Church is Opened

POUCE COUPE, Feb. 19.—The first Presbyterian Church to be established in this district, the Melville Presbyterian Church, Riverside, was recently opened, Rev. E. A. Wright officiating at the dedication ceremonies. The rustic log structure, beautifully finished inside, was crowded for the occasion by people from all over the district.

Miss H. MacDonald, resident deaconess, has done much toward the success attained in establishing the church.

M'CLARNIN GOES EAST

Looked Up Seattle Friends Yesterday While on His Way to New York

SEATTLE, Feb. 19.—En route to California where he will do some training before proceeding to New York with a view to capturing the welterweight crown, Jimmy McLarnin, smiling Vancouver Irishman, who is considered one of the most promising boxers of the day, paid a visit to Seattle yesterday and was welcomed by many admiring friends.

McLarnin has been offered a match with the winner of the forthcoming Billy Petrolle-King Tut bout and he intends to take it on. He will then engage in a come-one come-all campaign.

Jimmy reported that his hand, broken in a fight a few weeks ago with Billy Petrolle, who gave him the worst beating of his career, had been restored to its complete normal strength and that he had gained another five pounds in weight which makes him all the more formidable as aspirant for the welter crown.

McLarnin denied reports that he was about to retire from the ring. "I hope to be boxing for a few more years at least," the universally popular Canadian boy said.

TENNIS STAR INTERVIEWED

Bill Johnson Calls Tilden and Helen Wills Moody Greatest Man and Woman Players

William (Little Bill) Johnson, famous United States tennis player, was heard here in a radio interview last night. His interviewer was Grantland Rice, famous sports writer.

Johnson commented upon the debut last night as a professional player in Madison Square Garden of William (Big Bill) Tilden, against the star Czechoslovakian player. Johnson declared that Bill Tilden, between 1920 and 1925, was the greatest player he (Johnson) had ever faced. Johnson said that Helen Wills Moody, owing to her youth and strength, was by far the greatest contemporary woman tennis player. She could drive almost as fast as any man including Bill Tilden.

SPORT CHAT

Cheaper betting is becoming popular at New Zealand race meets and marked success has attended the innovation of the five shilling totalizator. Clubs which have adopted this lower limit for bets have prospered much more than those that have clung to the higher limits, with the result that a further extension of the five shilling idea is probable. At the Takapuna Jockey Club's spring meet, which is one of the most important horse racing events of the season, the five shilling booths were crowded all afternoon, despite the fact that a great many more of them were provided than those for higher bets.

The Grand National, to be run on March 27, has constantly grown in importance and popularity since the first race in 1839. Hundreds of thousands of persons saw the 1930 race. The winners since 1910 have been:

- Glenside 1911
- Jerry M 1912
- Covertcoat 1913
- Sunloch 1914
- Ally Sloper 1915
- Vermouth 1916
- Ballymacad 1917
- Poethlyn 1918
- Poethlyn 1919
- Troytown 1920

Lord Rochdale Would Retire

Believes That Younger Man Should Be Chairman of British Olympic Committee

LONDON, Feb. 19.—Lord Rochdale, who is now 65 years of age, is asking to be relieved as chairman of the British Olympic committee. Rochdale believes that a man nearer the age of the contestants than himself should occupy the post.

ROUGHNESS IN HOCKEY

Eskimos Gloat After Buckaroos and Lions Make Eighteen Penalties in One Game

SEATTLE, Feb. 19.—"How come?" the Seattle Eskimos have been asking since that Pacific Coast Hockey League game in Vancouver on Monday night when the Vancouver Lions and Portland Buckaroos, without even a period of overtime managed to pile up eighteen penalties. That is a lot of penalties, say the Eskimos, and they assert that they are not going to worry much more about allegations of themselves being rough. The Lions and Buckaroos have been clamoring in loud voices all this winter about the supposed roughness of the Eskimos.

BOX BILL IS PASSED

Measure to Control Pugilism in Washington Goes Up to Governor

OLYMPIA, Wash., Feb. 19.—The American Legion Boxing Bill, designed to control boxing and wrestling in the State of Washington, needs but the signature of Governor Roland H. Hartley to make it law. That the governor will sign the measure is assured.

The bill yesterday passed the state legislature by a vote of 52 to 45 and then went to the state senate which approved it 24 to 17.

The new statute authorizes the appointment by the governor of a state boxing commission of three members. The operation of the commission will be financed by the assessment of five per cent on the proceeds of all boxing and wrestling bouts in the state, three and a half per cent to go to relief of war veterans in the state.

ORIENTAL MARKETS

Crusade Should be Made by Railways, Says Saskatchewan Member

REGINA, Feb. 19.—Railways, vitally concerned in the economic stability of the Canadian west, should promote a trade crusade to the Orient, according to S. Whittaker, Conservative member of the Saskatchewan Legislature. Mr. Whittaker declared that he was ready to contribute half his member's indemnity, \$1,000, and also pay his own expenses to the Orient if his plan were accepted.

The sole object of the Oriental journey would be to find a market for Canadian wheat, according to the Conservative member. Mr. Whittaker's plan suggests that the provincial and federal governments, the railways and the individual members of the mission should bear the expenses equally.

The Conservative stalwart has submitted his plan to Premier J. T. M. Anderson, it is understood.

PRESIDENT IS FLAYED

Senator Wagner Charges That Hoover Deliberately Misconstrued Wickersham Report

WASHINGTON, D.C., Feb. 19.—Charging that President Hoover had deliberately misconstrued the report of the Wickersham commission on its investigation into the liquor laws of the United States and their effectiveness and enforcement, Senator Wagner moved for the repeal of the Eighteenth Amendment.

Senator Wagner flayed the president for "evading the findings of his own commission." If it had been necessary to do that, the case for continuation of prohibition could not be a very strong one, the senator contended.

Senator Wagner's action is construed as being a last desperate effort to swing the Democratic party into the wet column for the 1932 presidential election.

VETERANS ARRIVED

Twenty-Seven Seattle Ex-Service Men "Beat Their Way" Across Continent

WASHINGTON, Feb. 19.—Twenty-seven ex-service men from Seattle, who came all the way across the continent without a dollar between them, have just arrived in the Capitol to see if Congress will not do something about their war pension bonuses. Led by Robert Taylor, the pilgrims covered the 3,000-mile journey in 20 days. They had rather arduous experiences, especially around Chicago where the weather was very cold as they passed through, but they reported having received fine treatment all the way. They covered most of the way in box cars and train crews treated them sympathetically.

Country Readers of "The Daily News"

To the readers of the Daily News who live out of town, we suggest that the classified columns of the paper provide an excellent medium for the disposal of articles they may have for sale or exchange.

Last season a lady at Smithers did a large business in selling fresh eggs direct from the farm by advertising in this paper.

Chickens, implements, household goods, boats, fishing gear, guns, cordwood, furs and dozens of other articles may be disposed of. The charge is two cents a word but six times goes for the price of four.

Many people get good results. Why not you?

Skin Covered With Eczema-- Now Clear and Healthy

Marvellous Healing by Well Known Remedy

There is nothing so simple in its origin and afterwards so difficult to get rid of as skin disease. On the first sign of irritation, roughness, or eruption, anoint the place with Zam-Buk. This herbal ointment will speedily banish all trouble.

When the skin is already aflame with eczema, or poisoned or ulcerated, Zam-Buk is the one external application powerful enough to get to the root of the disease. It quickly replaces unhealthy tissue by new clear skin. You will be astounded at the quick soothing and healing of Zam-Buk.

MEDICAL TREATMENT BRINGS NO RELIEF

"My daughter's face and neck were covered with a mass of sores, which our doctor diagnosed as eczema. He prescribed treatment which we tried for two months without relief. The

poor child's face had to be swathed in bandages and she was confined to the house. I was about to call in a skin specialist, when I heard how Zam-Buk had healed many sufferers from this dread disease, so I purchased a box of ointment and tablet of soap. After a few days treatment there was a great improvement; day by day the sores disappeared and within a month my daughter's face was entirely cleared of any sign of the terrible disease, without a single scar. I can't say too much of the wonderful healing power of Zam-Buk."—Mrs. H. A., Toronto, Ont.

IF YOU have a sore inflamed or blotchy skin, or suffer from salt rheum, scalp troubles, poisoned wounds, or piles, you will find Zam-Buk quickly soothing and healing. It is also a marvellous first-aid for cuts, burns, etc. Zam-Buk Ointment 50c. box, Zam-Buk Medicinal Soap 25c. cake.

Dr. J. H. Carson Addresses Parent-Teachers on Medical Inspection of School Pupils

The address by Dr. J. H. Carson on "Medical Inspection of School Pupils from the Point of View of the Parent and Teacher," drew a large attendance to Borden Street School last evening to the regular monthly meeting of the Prince Rupert Parent Teachers' Association.

Dr. Carson spoke on the history of school medical inspections, pointing out the rapid growth of this movement as a result of the recognition of its importance by parents generally and the pressure of this opinion on school boards. The expense was an initial obstacle but school boards were at the mercy of the ratepayers in this respect and, in go-ahead communities where the supreme value of health was recognized, the school boards were assured of the backing of the parents.

In Prince Rupert this year the work was being done by all five doctors. Dr. Carson took up the health card and pointed out the various features of the inspection. Slips were sent to the parents telling them in what respects the children should consult the family doctor. The weights were checked, the eyes tested, ears tested, tonsils examined and a superficial examination made of the heart and lungs. This was of necessity somewhat perfunctory as it was not possible to give a complete examination under existing arrangements. No examination of the abdomen, bowels or kidneys was provided for. The value of the examination was indeed very great in spite of these limitations but the full value could not be realized unless the results were followed up.

There was vital need of a school nurse. In the large cities each school had a nurse and the recommendations of the doctor were followed up by the nurse who was able to see the children frequently and consult with the parents with a view to finding out possible ways of making and keeping the children up to normal. The expense was the usual argument against the engagement of a whole-time nurse. Experience had proved that, where communities had once engaged a nurse, there never was any later criticism of the cost. It was a good investment. In this regard a strong campaign by such an organization as the Parent-Teachers' Association could be of much value in impressing upon citizens in general the need for such an outlay. Dr. Carson also hinted that a new pair of scales would be needed. The present pair had been lent to the doctors and were not entirely reliable.

The assistance of teachers was also asked for in regard to filling up the spaces on the medical health cards showing their opinions on the

state of the pupils' conduct, cleanliness, efficiency and effort.

Vote of Thanks

On motion of W. W. C. O'Neill, seconded by D. H. Hartness, a very hearty vote of thanks was accorded the speaker.

Mr. O'Neill pointed out the high level to which the importance and value of these school medical inspections had been raised as a result of Dr. Carson's own efforts when he first took over the appointment and his subsequent success in convincing people generally.

Mr. Hartness was glad to hear of the emphasis laid on the follow-up of the inspections. This was the real factor in making the movement a success.

J. S. Wilson supported the motion, claiming that parents themselves were to blame in persisting in supporting the out-of-date attitude that schools were only for the purpose of imparting knowledge. That was part of their function in the community but after all health was of the greatest importance.

In the absence of the president through illness, Mrs. S. V. Cox presided. Pianoforte solos were rendered by Miss Jean McLean and Miss S. A. Mills accompanied by the singing of "O Canada," and the "National Anthem." A committee under Mrs. E. B. Baker was responsible for refreshments that were served at the conclusion of the business meeting.

Arrangements were also made in the appointment of conveners for the Easter candy sales at the various schools. Mrs. Cox, Mrs. W. Brown and Mrs. Stamp-Vincent were appointed, the convener for Seal Cove to be appointed later.

WATT CASE DISCUSSED

Vancouver Star Commends Both Government and Opposition For Reinstatement of Agent

The Opposition in the provincial legislature is to be congratulated on the success that has attended its strenuous efforts to obtain justice for Norman Watt, who, it will be recalled, was summarily discharged from his government position at Prince Rupert by the Hon. W. C. Shelly very soon after that gentleman became minister of finance.

The government, too, is to be commended for the celerity with which it has accepted and acted on the finding of Mr. Justice W. A. Macdonald that the allegations against Mr. Watt, as a consequence of which he had lost his position, were totally unfounded.

Thus ends, happily, one of the most unpleasant incidents in the history of the present administration. It was a flagrant example of partisan judgment. Unfortunately there is only too much reason to suppose that others besides Mr. Watt have been evicted from their offices on grounds that were investigated, would prove just as untenable, though less serious in their nature, as those on which he was sent about his business.—Vancouver Star.
