Government Sets Exemptions In Per Cent Taxation Scheme; Employers to Collect Impost

VICTORIA, March 26:—Amendments to the Taxation Act and the Special Revenue Tax Act were given first readings in the Legislature yesterday. Under the latter tax one per cent of all wages would apply from April 1. Married persons earning \$25 weekly and under will not be taxed. Single persons, earning up to \$15 weekly are exempted. The impost will be collected on a weekly basis through employers.

The companies tax is to be increased from two to two and a quater per cent on gross earnings.

Sir Henry Thornton Tells Quebec Canadian Club Bright Story of Progress-First Class System Now

QUEBEC, March 26:-Notwithstanding lower revenues in 1930 due to world conditions and general depression, notwithstanding a greater mileage requiring maintenance, a lower scale of rates and a higher scale of wages, net earnings of the Canadian National Railways last year were three times greater than those of 1922, Sir Henry Thornton told the Quebec Canadian

Club yesterday. This was due, the railway president said, to a sense of IS LAID TO responsibility to the public which owned the system and to the efficiency with which its operations were carried on.

The operating figures he gave, which excluded eastern lines, showed that gross revenues in 1922 were \$223,627,371 in the first year as compared with \$221,770,445 in 1930. The gross was, therefore about \$2,-000,000 less. Expenses, however, were \$17,000.000 less in 1930 than in 1922—\$195,259,507 as compared with \$212,906,671. Net earnings in 1930 were \$26,510,938 as compared with \$10,720,700 in 1922, an improvement of \$16,000,000.

In the meantime a first class railway system was being constructed out of the chaos of a number of old dilapidated unconnected lines and the Canadian National system emerged as a transcontinental railway fully equipped for its great task to serve the public with intelligence bearers were Arthur Caravan, John and efficiency as well as integrity.

INVESTING MONEY

There are different methods of investing money, some had his doubts as to the ability of of which are good and others not so good. Many people the box office clerk. In an atspeculate and think they are investing, but there is a vast difference.

People who wish peace of mind in connection with their not succeed. The wager was investments buy government, municipal or other very high grade bonds. Those who wish to get a "kick" out of their investments buy high grade stocks such as C. P. R., Bell Telephone or similar securities. Those who take a long shot by buying oils, mining stocks, new flotations or stocks that are peddled about the country are not investing. They are speculating. Sometimes they make a lot of money and which he characterized "as letharsometimes they lose everything.

Taken as a general rule it is wise never to buy from a high pressure salesman, never to buy a stock that is hawked around the country and never take a tip from a friend in regard to a "good thing," Buy standard stocks that are handled on the stock exchange and consult either your banker or a reliable stock broker. Seldom will either lead you astray.

Any young man starting out in life who makes up his mind to buy a bond every time he gets \$100 and who never sells in order to speculate on the easy money proposals that come his way, is bound to be rich before he reaches middle age. Most people are poor because they did not know what to do with their excess earnings.

COMMON MOTORING FAULTS

The biggest accident insurance company in the United States has made an analysis of traffic accidents in that country, says an exchange.

Of more than 560,000 accidents in 1930, the insurance officials found, 68 per cent were caused by drivers who were guilty of one of these faults-refusing to give the right of way to the car that should have it; exceeding the first long films produced, "The speed limit, and driving on the wrong sides of the road.

These, it may be said, are the three cardinal sins of the bad driver. Probably the proportion in Canada is Similar. It is worth noting that none of these major causes of accidents has to do with driving skill. In other words, thoughtlessness is the cause of the greater proportion of automobile accidents.

Accidents would be negligible if ordinary respect for civilized amenties were observed.

Robert Edeson, Famous Actor Started Career in Novel Way

A wager with a producer enabled Robert Edeson, who died this week .50 in Hollywood, to jump from the box office to the stage to begin 3.00 his career as a character actor in legitimate productions on the

Some years later, while still playing minor parts, a bit of ini-1.40 tiative on his part was the means of startng him on the road to 25 stardom.

Mr. Edeson's first connection with the theatre was as box office clerk in the Park Theatre. Brooklyn, in 1886. The next year when all was in readiness for the initia: performance of "Fascination." an actor in a minor part became ill, threatening postponement of the production.

Seeking out Colonel Sinn. the director Young Edeson volunteered to play the part, but the colonel tempt to put off the persistent! young man, the producer suggested a bet of \$100 that Edeson could promptly accepted and Edeson did so well that Colonel Sinn was glad to pay him the \$100 for his first appearance as an actor.

Thereafter, Mr. Edeson became regular member of the company The young actor was in a cast, gic and showed it."

"I tried to pep them up," he related some years after, speaking of the incident. "Imagine my surprise a few hours after a performance when I received a message from Chas. Frohman, even then a well known producer, offering me ·\$160 a week. I was getting \$25. I did not know it at the time. but learned later that Frohman was sitting in the front row at the performance where I tried to pep up the company. He told me he liked the way I tried to spur the cast on.'

After joining Frohman, Mr. Edeson made rapid progress in his profession and soon attained the ambition of all actors and actresses-stardom. He appeared in many notable successes in the first two decades of the twentieth century and then turned to motion pictures, in which he played important roles. He was in one of the Girl I Left Behind Me," and later appeared with William S. Hart in "On the Night Stage."

Mr. Edeson was born at New Orleans, June 3, 1868. His father was George R. Edeson, a widely known comedian and stage manager of his day. The family moved to Brookyln, where Robert attended public schools until he became a box office clerk.

He married four times. His first vife was Ellen Burg, an actress hom he married in 1904. She died two years later. The actor's seconmarriage, to Georgia Porter, daughter of a Boston novelist, in 1908, ended in divorce in 1917, as did his third to Mary Newcomb. an actress. They were divorced in 1924. Country Readers of "The Daily News"

To the readers of the Daily News who live out of town, we suggest that the classified columns of the paper provide an excellent medium for the disposal of articles they may have for sale or exchange.

Last season a lady at Smithers did a large business in selling fresh eggs direct from the farm by advertising in this paper.

Chickens, implements, household goods, boats, fishing gear, guns, cordwood, furs and dozens of other articles may be disposed of. The charge is two cents a word but six times goes for the price of four.

Many people get good results.
