PEACE RIVER CROPS LOOK WONDERFUL, SAYS LOCAL MAN

Alberta Has Abundant Moisture and Harvest Expected to be Large

D. B. McDougall of This City Had Long Motor Tour—Boosts Claims of Prince Rupert Outlet to Impatient Businessmen and Farmers of North

The grain crop is looking wonderful in the Peace River country and, in fact, throughout Alberta, according to D. B. McDougall of this city, who is back in Prince Rupert after a motor tour through Southern British Columbia, Alberta, Washington and Idaho. There has been plenty of moisture in the province of Alberta and, indeed, Mr. McDougall, while on his trip, ran into numerous rainstorms and showers. In fact, the party with which he was driving decided, on account of a veritable cloudburst, to turn back south after having reached Blue Sky, a settlement about fifty miles beyond Peace River Crossing in the Alberta section. The excellence of the Canadian crop is in striking contrast to that in the districts both east and west of Spokane, Wash., where excessive heat has virtually burned the fields up.

PASSES IN VANCOUVER

Mrs. Molly Smith, Former Local High School Teacher, Dies Suddenly in Southern City

Mrs. Molly Smith, aged 29, who, as Miss Molly Jackson, was a teacher in the local High School some three or four years ago, died suddenly at noon last Thursday in her home in Vancouver. News of her death was received here with deep regret by many local friends for deceased became very popular during her stay in Prince Rupert.

A graduate of arts '25 of the University of British Columbia, the late Mrs. Smith was born in Ottawa but her home had been in Vancouver for twenty years. She was the wife of Henry Bertram Smith, president of the Alumni Association of the University of British Columbia and well known teacher of Kitsilano High School in Vancouver. Besides her husband deceased is survived by three sisters.

The funeral is taking place today in Vancouver.

Year's Domicile To Qualify As City Charges

Mayor Orme reported to the city council last night that, having seen in the press that Vancouver as a city was registering for relief only those persons domiciled in the city for a year or more, he had wired the provincial secretary asking that the same principle should apply for Prince Rupert. The council approved this action on the part of the mayor.

OTTAWA HEARS OF VANCOUVER RIOTS

VICTORIA, Aug. 4:—The open clash with constituted authority in Vancouver by unemployed marchers on Saturday and Sunday has been brought to the attention of the federal department of justice by the provincial government. Special notice has been taken that the majority of those arrested were of foreign birth.

Claxton Fisherman Dies In Hospital

William Murray Passed Away Yesterday Afternoon—Had Been Patient For Three Weeks

The death occurred yesterday afternoon in the Prince Rupert General Hospital, where he had been a patient for three weeks. William Murray, fisherman of Claxton, deceased was of Scottish birth and was 59 years of age. No other personal particulars regarding him are known.

Funeral arrangements are in the hands of the B. C. Undertakers. Not so much the first cost as the accessories dent the pocketbook.

GOOD CROP IN ALBERTA

Best Wheat Yield in Three Years in Prospect, Says Edmonton Journal Report

The best wheat crop in three years is in prospect for Central Alberta, according to the third monthly crop report of the Edmonton Journal. Good crops of coarse grains and fodder are also likely.

All the area north of Olds, Three Hills and Big Valley, including the Peace River, with a few exceptions where rains came late for early-sown wheat, shares in this prospect.

NO ACTION ON RELIEF

City Council Lays Over Resolution From Prince Rupert Unemployed Association

In view of subsequent developments, the city council last night took no action on a resolution offered by the Unemployed Association of Prince Rupert for endorsement asking for the establishment by the government of a system of direct relief with a minimum of \$5.50 for single men on the basis of 50c per day for meals and \$2 a week for rent.

Ald. Macdonald moved that action in connection with this resolution be deferred in view of the fact that the unemployed had since passed a resolution asking the government to establish a minimum wage of 40c per hour on relief work with additional allowances for married men with children. The motion was seconded by Ald. Linzey and carried.

CONFIDENT OF RUPERT

Power Corporation Official Believes There Will Be Industrial Development Here Soon

G. H. Kohl, supervising engineer for the Power Corporation of Canada, who is spending several days in the city on an annual inspection tour of his company's local interests, says that, despite the present depression, he still has unbounded confidence in the future of Prince Rupert. Within the next five years, there may be industrial developments that will far exceed the fondest expectations of even the most optimistic citizens. Development here has been slow but he thinks it will be sure nevertheless. Adequate power development has put the city in a position of advantage that it never before enjoyed.

Mr. Kohl, who has been here since last Saturday, will sail on the Prince Charles Saturday afternoon for Vancouver en route back to his headquarters in Montreal.

Hot, Dry Weather Hastens Maturity of Grain; Some Damage Caused By Burning

WINNIPEG, Aug. 4:—The extremely hot, dry weather of the past week has hastened the maturity of grain. Stubble-in land is showing damage by burning. The ravages of the heat were increased by high winds in many districts, causing harvest to be earlier than anticipated. Grasshoppers are doing a vast amount of damage in the southern sections of Manitoba and Saskatchewan, necessitating many crops being cut before they are ready for the binder, according to the weekly crop report of the department of agriculture, Canadian National Railways.

In Manitoba, wheat cutting has commenced in the southern areas and the sample will be fair quality. Coarse grains are suffering due to the continued hot dry weather, although the dry spell at time of writing has been broken. Binders are humming in many fields, although grain is being done in an endeavor to save at least a part of the crop from the attacks of grasshoppers. Cutting will be general in Manitoba during the first week of August, but too rapid ripening has materially decreased the final outrun. Hay harvesting is in full swing in the Swan River Valley and the make is of good volume and quality. All areas in southern Saskatchewan are suffering for want of moisture and dry winds have dried up the soil resulting in early sown grains ripening fast and being very patchy. The feed situation is still acute. Mowers are being generally used for harvesting as the shortness of straw makes binder cutting impossible.

Along the Rosetown, Conquest, Beechy, Elrose, White Bear subdivisions come similar reports of hot, dry weather accompanied by dry winds. Rain is particularly needed, otherwise the average yield per acre will be greatly reduced. All subdivisions of the Prince Albert division report crops showing improvement as weather conditions have been ideal due to recent rains and warm weather. Wheat is ripening fast and coarse grains are commencing to turn, and moisture is sufficient to ensure adequate filling of late grains.

In Alberta along the Drumheller, Stettler, Oyen, Three Hills subdivisions the vagaries of the weather man have been predominant as some districts have had continuous abnormal heat which has had a deteriorating effect on crops while others have had heavy rains. Straw is short and the yield in many districts will be light. Along the Camrose, Kingman, Vegreville, Alliance, Blackfoot subdivisions, all grains are progressing favorably as weather has been warm with intermittent showers. Cutting will start in about two weeks, and these districts anticipate heavy yields.

In the Peace River grain is ripening fast and in good condition in most places except in the Dawson Creek area where more moisture is required for normal filling.

Cattle values on western stock yards showed a further decline with the greatest slump apparent on grass fed cattle. Therefore, feeders should keep back their grasser cattle for further finishing. The hog market has moved to slightly lower levels, while the lamb market has shown a material drop.

DRAGON IN AFTERNOON

British Light Cruiser Due at 4:30 P.M. Wednesday in Course of Coast Cruise

H. M. S. Dragon of the American West Indies Squadron of the Royal Navy is due in Prince Rupert harbor at 4:30 tomorrow afternoon for a stay of five days in course of a coast cruise. The Dragon is coming here from Vancouver and will leave on Monday morning next for Port Simpson and Ketchikan.

It is expected that the Dragon will moor, as usual, alongside the Canadian National dock off the headquarters of the Royal Canadian Naval Volunteer Reserve.

TO ASSIST TAXPAYERS

Suggestions Made to City Council By Ald. James Black

Ald. James Black suggested at last night's council meeting that, in order to encourage the hurrying up of payment of local improvement taxes, first, the time of the bonds might be extended or, second, property owners might be given the opportunity in cases of such heavy work as the Section Five sewer to make monthly instead of annual payments.

The suggestions were dropped when City Solicitor Jones gave the opinion that they were hardly within the spirit of the Municipal Act.

UNEMPLOYED PATIENT

It is a matter for favorable comment that unemployed of Prince Rupert during the crisis that is now being felt have exhibited, possibly, a good deal more patience and a good deal more common sense than the workless in some other centres may have done. Fortunately enough, there has been nothing whatever in the way of disorders and, even at the mass meetings of unemployed, radical and seditious talk, which often is provoked under such circumstances and in such times as these, has been conspicuous by its absence.

The unemployed of Prince Rupert, as a matter of fact, have shown a distinct inclination to do the fair and reasonable thing in dealing with the authorities during the present crisis. Possibly, it is because of this that the unemployed of this city have won such general sympathy. Among all classes and interests of the city, there seems to be a real desire to do all possible to assist in relieving the emergency.

Happily, the unemployed through their own actions, have not done things in Prince Rupert, such as might have been done elsewhere, to provoke the authorities but, on the other hand, have acted in such a way as to command the assistance and co-operation of all citizens insofar as it may be in their power to help.

PILING UP GOODWILL

At Ottawa and in other places there has been criticism, in recent days, of the ruinous competition on this coast between the steamships of the rival railway companies, and both the Prime Minister and the leader of the opposition have expressed the hope that the competition and the loss may be abated, says the Vancouver Province editorially. There has been, however, no criticism of another steamship organization on the Pacific Coast—the Union Steamship Company—which, through good weather and foul and through prosperous times and bad, goes quietly on with its work, and asks no help from government or party in the paying of its bills and the meeting of its obligations.

The summer season is the Union's harvest time. If one should visit the wharf at the foot of Carrall Street on a Saturday afternoon or a Sunday morning or evening, at any time during July or August, he would think, from the number of people milling about and the number of motor cars parked nearby, that the company was doing a tremendous business.

The Union is the good angel of the week-ender. Its steamships serve all the camps, big and little, landing passengers at wharves and floats and even putting them off in boats in the open water—running miles, not infrequently, to serve a couple of passengers or drop a few packages of supplies. From early morning to late at night, the Union crews are at work, busy, courteous, obliging, efficient. But the steamship company doesn't serve holiday-makers alone. It has a work-a-day clientele as well. Along the coast and on the various islands are scores of little settlements, ranchers, loggers, fishermen, cannerymen and the like, whose only connection with the outside world is furnished by the periodical steamship. These are permanent residents on the inlets and islands and sounds, and their needs have to be consulted, and His Majesty's mail must be carried to them. Sometimes the weather is stormy, sometimes the fogs are dense. It makes no difference. The Union ships put out and come in as though the weather were of the best. In good times, there is probably some profit in serving the numerous up-coast settlements. In hard times, there can't be much. But the steamships keep plying, the members of the crews run errands and carry messages for their friends in far places, and the management hopes for brighter times and better business. The company is no fly-by-night concern. It knows it is here to stay, that its fortunes are tied up with the future of British Columbia, and that every little thing it can do to help British Columbia along in these troublous times will be bread cast upon the waters. It may not be making much money—we don't know whether it is or not—but it is piling up a tremendous reserve of goodwill.

GIRLS WANTED

To enter Contest for America's Most Beautiful Girl

The winner will be chosen during fair week in Prince Rupert and will get a free trip to Los Angeles and back and be entertained lavishly while there.

Entrants must sell 50 tickets to the Big Coronation Ball, the last day of the fair. Nothing else to do but look pretty. It's the chance of a lifetime.

The fair board at its recent meeting decided to enter a candidate in the International Beautequest at Los Angeles in connection with the celebration of the one hundred and fiftieth anniversary of the founding of the city, when the most beautiful girl in America will be chosen.

The local candidate will be chosen at the time of the fall fair and immediately after her selection she will have to leave for the south to get there in time for the big California event. Her expenses going and coming will be paid by the Fair Board but while there she will be the guest of the Ocean Park Businessmen's Association, who are sponsoring the event. The attraction for the candidate is set forth in the following letter from the south.

"Your candidate will be met at the railway station, dock or airport by a committee representing the Ocean Park Businessmen's Association.

"She will be the guest of screen stars at various functions.

"She will be entertained by a reigning star of the screen at her home.

"She will be included in all parties listed as part of the program of the International Beautequest and La Fiesta de Los Angeles.

"She will occupy a position of honor in all gatherings including pageants, parades, spectacles, receptions and, in fact, all events planned for the International Beautequest and Los Angeles' great reception."

Candidates must be between the ages of 16 and 30, unmarried and of good character and the one going from Prince Rupert will be chosen in the following manner:

She or her sponsors must sell 50 tickets at \$1 each for the big coronation ball to be staged on the last day of the fair in the exhibition building. For the one selling the most tickets a prize of \$50 will be awarded.

She may enter without sponsors if she wishes but she must sell the tickets.

The candidates must attend the Exhibition every evening while it is in progress here. On the first night one selection will be made by competent judges. On the second night a second candidate will be chosen by another set of judges and on the third night a third candidate will be chosen by a third set of judges.

These three candidates will attend the coronation ball accompanied by the other candidates and at 9 o'clock, the final selection will be made. Two hours later the coronation will take place here and the following day the winner will be required to leave and travel as rapidly as possible by steamship, airplane and rail to Los Angeles.

Candidates from points around Prince Rupert may enter, such as Anyox, Ocean Falls, Smithers, Terrace, Stewart, Hazelton or other points and they will be required to sell 25 tickets to the coronation ball in order to qualify.

Candidates either in the city or out may be sponsored by organizations who may help them in disposing of tickets or otherwise in connection with the event.

Candidates or their sponsors should notify Secretary Vance of the Fair Association at as early a date as possible and as soon as the tickets are ready may commence disposing of them.

Mrs. W. J. Wakefield and family arrived in the city on the Catala this morning from Stewart to pay a holiday visit here with Mrs. Wakefield's parents, Ex-Ald. and Mrs. R. F. Perry, Second Avenue.

Owing to so many of the city clergy being away from town at this time, the regular monthly meeting of the Prince Rupert Ministerial Association, scheduled for yesterday, was not held. The next regular meeting of the Association will be in September.

Harry Scott returned at the first of the week after a motor trip which he planned would extend as far south as Tia Juana, Mexico, but which actually terminated in southern British Columbia where Harry tired of travelling solo. He then turned northward again and returned to the city by way of Hazelton.

A lengthy memorandum on the subject of unemployment, prepared by Reeve W. A. Pritchard of Burnaby and approved by the council of that municipality came before the local city council last night and was laid on the table for two weeks so that the aldermen may have opportunity of perusing the document in detail.

H. F. MacLeod, land and court registrar, who has been a patient in the Prince Rupert General Hospital for over two months following a serious operation, is now making rapid recovery and will soon be sufficiently well again to be discharged from the institution. He will go to Lakelse Lake to complete his recuperation before resuming his duties.

ORANGE OF AUSTRALIA

British Fruit Is Expected to Replace American Soon on Retail Market

Australian oranges of the navel variety are being offered now in local retail stores but only in large sizes. A large shipment of the Valencia type is expected to arrive in Vancouver very soon. On its arrival, it is expected there will be an increased supply of the British orange at the expense of the California product.

Field tomatoes are now in but the quality is, as yet, not all that might be desired. The plum season is now at its height with many varieties in. The season for Okanagan apricots may now be said to be over although there may be a few more crates yet.

There are few changes in the prices of staple lines for the August retail market report.

Quietly Wed Last Evening

Miss Annie Elizabeth Smith Becomes Bride of Lewis Ameron Wide

Ahm Cottage, the residence of Canon W. F. Rushbrook, was the scene of a quiet but pretty wedding last evening when Miss Annie Elizabeth Smith, second daughter of Mr. and Mrs. Henry Smith of this city, became the bride of Lewis Ameron Wide, eldest son of C. E. Wide of Cardiff, Wales. Only relatives and immediate friends of the contracting couple were present at the ceremony.

The bride was attended by Mrs. Louis Carlyle while the groom was supported by his brother, Jack Wide. The bride is one of the real pioneers of Prince Rupert, having been born here nearly twenty years ago. A large circle of friends will wish happiness and prosperity to the couple who will reside in Prince Rupert.

Mr. and Mrs. G. S. Anderson, who have been visiting here with Mr. Anderson's parents, Mr. and Mrs. William Anderson, sailed by the Catala this afternoon on their return to Vancouver. Mr. Anderson was formerly a member of the Bank of Montreal staff here.

BEATEN BY MT. ROBSON

Daring English Woman Unable To Scale Jasper Park Peak

JASPER PARK, August 4—Rugged Mount Robson, loftiest peak in the Canadian Rockies, threatens to withstand the challenge of even the most experienced Alpinists for the season of 1911. The latest attempt to climb the grim pile was abandoned yesterday when Miss Kate Gardner of Warrington, England, returned here from her camp at the timber line following ten days hair raising combat with the treacheries of ice and snow.

Miss Gardner, who comes of a famous English climbing family, has gained a wealth of Alpine experience both in this country and in New Zealand. She has many first ascents to her credit and had hoped this year to add Robson to her list of conquests. Ice and snow conditions, however, were so bad that she was unwilling to risk the lives of her two Swiss guides, Hans and Heinle Fuhrer of Jasper Park Lodge, in further attempts.

The party first attempted the ascent over the unclimbed northwest ridge where Newman D. Waff, East Orange, N.J., lost his life last year. They attained an altitude of more than 12,000 feet before they were forced to turn back by the imminent danger of avalanches. They established a new camp and tried the route up the southwest face twice but were halted by crumbling ice on a treacherous ice fall.

Since her arrival at Jasper Park Lodge Miss Gardner has climbed Bastion and Resplendent peaks. She has determined to return another year to attempt the ascent of Robson.

SPORT CHAT

Westminster Royals retaining their Dominion soccer championship, before the eastern contenders, Toronto Scottish, the B.C. titleholders should be well enough satisfied with their showing this season. With their ranks riddled by suspensions, the Royals weren't conceded much chance to advance far after leaving their own province, but instead they brushed aside the best opposition.

They won their first game easily in Winnipeg and then had enough left to stave off seeming disaster in the second. As constituted at present, the Royals admittedly are not the soccer force they were earlier in the season, but they're the west's best, and having taken the east's standard bearers, it is under the circumstances, a performance of more than ordinary merit.

Boys' Band Again Practising After Month's Vacation

After a month's suspension, the Prince Rupert Boys' Band last night resumed semi-weekly practices under the direction of Bandmaster Thomas Wilson. Although there was a fairly good muster last night, there are still quite a few of the boys out of town on holidays.

STATION WINNER

Eleven Innings Needed to Decide Softball Victory

Last night, in the postponed softball game between the Station and the Biological Station, the former team managed to win out by a score of 5-4.

Both teams were playing excellent ball and the score was even in the last of the ninth, making extra play necessary and, in the eleventh inning, the Station connected with the needed run which won them the game.

Batteries were Brocklesby and Black for the Biological Station; Styles and Gees for the Station.

Kid Chocolate, Cuban flash, declared winner and new junior lightweight champion, after scoring a technical knockout over Benny Bass, defending titleholder, in Philadelphia bout.

MERCHANTS WON GAME

Defeated Canadian Legion By Odd Goal in Soccer Last Night

Exciting Contest

Single Corner Was Made in Second Half of Contest

Last evening's football game in the Mobley Cup competition resulted in a win for the Merchants over the Legion by one goal to nil. There was a good attendance at the game and the winning goal was not scored till 15 minutes from full time.

Merchants began with ten men and the Legion were soon attacking. Menzies cleared and A. Dickens headed away a dangerous shot from Hadden, Williams, Webster and D. Smith all had tries but the shots were cleared. Smith saved from S. Dickens who later missed a good chance from McKay's clever pass. Menzies ran out to kick the ball clear and then Amor lost after a nice bout of passing. W. Murray headed just over and Hadden also went close. Hardy stopped Murray and then Menzies did well to turn Hadden's shot over the bar. Woodside failed at a good opening and halftime arrived with neither team having scored.

The Merchants now had the hill in their favor but the Legion were the first to attack and Davies headed clear. Currie dropped a high one that went just wide and then Smith caught McKay's weak shot. H. Dickens made an opening but Sid lost it. Douglas cleared with difficulty. Webster showed clever football and Bussanich carried on with a fine pass to Woodside but Douglas again cleared. Webster shot finely for Menzies to bring off an equally fine save. The Merchants made some dangerous attacks that tried out Jack and Skinner and Beck was just wide. Woodside was clear through but Menzies brought the fans to their feet with a splendid one-handed save from close in. From a free outside the penalty area A. Dickens drove into the net but the referee disallowed the score and gave a goal kick. Then when the Merchants inside forwards got through from Amor's centre, S. Dickens beat Smith to give his team the lead. Woodside and A. Dickens were sent off following a toss-up.

Menzies again saved well from Webster and from Hadden though the latter should have beaten him. Full time came with the Merchants holding their one-goal lead.

Merchants — Menzies; Douglas, Currie; A. Hardy, A. Dickens, Alen Davies Jr.; Amor, Beck, McKay, H. Dickens, S. Dickens.

Legion — J. Smith; Skinner, Jack; W. Murray, Webster, Williams; Woodside, Bussanich, Hadden, D. Smith, W. Murray.

Referee, J. Thompson; linesmen, J. Kelly, P. Doherty.

Comments on Play
The Merchants owed a lot to Menzies for their win. He kept his best goal of the season and had more to do than his vis-a-vis Smith. The forward play on both side was weak and the defences while not seeming very reliable had not much to stop. Currie and Douglas were equal to most of the attacks. Davies turned in quite a good game as his first appearance in senior football and Hardy also played hard if rather crudely at times. A. Dickens played hard too but dribbled too much. He seemed to be rather the victim in being sent off but a referee cannot allow players to ignore the ball in their desire to meet an opponent. Beck, a new forward, was as clever and as progressive as any but there was little constructive forward play.

Smith was not severely tested. Jack was good but was lucky not to have a goal against his team. Webster showed all the marks of a finished player. Though obviously not in good condition he kept the ball low, headed well, opened out the game and gave Menzies a couple of fine drives to stop. As an ex-referee he should not question the referee's decisions however. Williams was the neatest half on the field and played clever, clean football all through. W. Murray played hard. The forwards were weak. D. Smith was good and Bussanich also showed good touches. Hadden got a bad knock with the ball. W. Murray at outside left played steadily.

Free Kick Discussed
There was considerable discussion over the free kick awarded against Jack from which A. Dickens drove direct into goal only to have a goal kick awarded. The legality can be settled by consulting a rule book. It would simplify matters if the following rule were observed, at a free kick: If the referee gives two "toots" on the whistle a goal may be scored direct while if he gives only one "toot" the ball must touch another player first before a goal may be scored. If the football association made this a rule to be followed by all their referees, possible sources of argument and friction would be removed and both players and spectators would then know what the result of the kick could be.

Joe Hallerhan, aged 33, a deck-hand on the steamer Vado, fell overboard from the vessel while it lay at its dock here last night and was drowned. The body was found floating on the harbor close by the ship this morning.

A small blacksmith near the corner of Second Avenue and Seventh Street was virtually demolished this morning when a spark from the anvil fell into a box of detonators and dynamite. Charlie Lundstrom, the blacksmith, and his helper miraculously escaped with their lives. The Central Hotel was badly shaken and the home of Mr. and Mrs. J. C. Melennan nearby was badly wrecked. There was also damage to windows in other buildings nearby.

Cleveland's Musical Company will open an engagement in the Empress Theatre here this week.

WHO'S WHO

(By Gee)

J. A. Grenier

IN his position as honorary vice-president of the Quebec Committee of the World's Grain Exhibition and Conference, J. A. Grenier, Deputy Minister of Agriculture for Quebec Province, is taking a keen interest in this world-wide coming event.

Mr. Grenier was born at Plessisville, and following his early education studied law at Laval University. When he was twenty-five years of age he was called to the bar and for some few years practiced law.

In 1912 he entered the civil service of his native Province as assistant secretary in the office of the Ministry of Agriculture. Later he became secretary to the Minister and in 1915 he was appointed Deputy Minister, being only twenty-eight years of age at that time.

Mr. Grenier is a member of the Agricultural Council of Quebec, a director of the Dairy Society, and his many services to agriculture have been recognized on several occasions. He has been decorated with the Order of Commander of Agricultural Merit and the Order of the Leopold.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Take The DAILY NEWS with you When Going on Summer Holidays

Nearly everybody likes to keep in touch with Prince Rupert when away for their holidays. The best way to do this is to order the paper sent during that time. If it is only for two weeks, the News is a welcome visitor and the mails during the summer months are carried almost daily to most points.

Recently a number of Scandinavians have given up the local fishing for the summer and gone on an extended visit to their former homes. In almost every case they order the Daily News sent them while they are away. Several subscribed for a year, others for shorter periods.

No time is too short for us to look after our patrons.

Hemorrhoids

Or piles are quickly relieved by Dr. Chase's Ointment

It is a serious matter to have piles and one person in four has them at one time or another. The annoyance and distress is great. It is difficult to obtain lasting relief. So much so that a surgical operation may be considered necessary. That is unless your physician is familiar with Dr. Chase's Ointment for many doctors recommend this treatment to their patients.

For nearly half a century Dr. Chase's Ointment has been the never failing relief for itching, bleeding and protruding piles. It is now very generally known by the medical profession, and the public generally, as the standard treatment for this torturing ailment.

Ask your friends about Dr. Chase's Ointment for "users are boosters" in this case. Relief comes quickly and you can obtain the ointment at any drug store.

ORDER FOR PIPE MADE

Prince Rupert Wins Out on Sales Tax Clause With Bids Equal

Albert & McCaffery and Prince Rupert Supply Co. each tendered \$1571 to the city council last night on an order of vitrified sewer pipe, but the order went to the latter firm which specified that its tender included sales tax while the former did not mention the matter of sales tax. Suggestions were made to split the order, assuming that the tender of Albert & McCaffery included sales tax, and to take a ballot but it was finally decided, on suggestion of the mayor, to stand on the tenders as presented and a motion by Ald. McCutcheon and Rudderham to give the order to the Prince Rupert Supply Co. was carried.

Discussion Of Street Access

City Council Unable to Give R. S. Woods Immediate Relief

R. S. Woods appeared before the city council to make inquiries as to what the prospects might be for him to get a street outlet on Summit Avenue for his residence without having to use access over private property for which he was now required to pay rental. The council could give no undertaking, on account of financial circumstances, in the matter of opening up Summit Avenue and Mr. Woods was informed that the city was not obliged to contribute for the rental Mr. Woods has to pay for his present street access over private property.

Pillsbury Is Acting Mayor

To Officiate During Absence of Mayor C. H. Orme

The city council last night named Ald. J. H. Pillsbury to be acting mayor during the absence of Mayor C. H. Orme who is leaving tomorrow and will be away about a week. Ald. Theo. Collart, who has usually been acting mayor agreed to a suggestion by other aldermen that it might be just as well to rotate the honors of acting mayor around a bit.

The city council last night adopted a report from the finance committee recommending the sale to E. Cavenale of lot 18, block 25, section 7 for \$80.

FREE SOUL FINE FILM

Excellent Dramatic Role for Ever Popular Norma Shearer

Delightful Norma Shearer ascends to new dramatic heights in the splendid picture "A Free Soul," the current offering at the Capitol Theatre which opened before large audiences last night. The story is one of much interest which continues until the final fade-out. Thrills, too, are not lacking in the tale.

Clark Gable, who made such a notable impression a few weeks ago in "Dance, Pools, Dance," again plays a villain role in "A Free Soul." The hero is Leslie Howard while character parts are splendidly portrayed by Lionel Barrymore and James Gleason.

In many ways, "A Free Soul" is a really notable picture.

Prince Rupert Is Recognized

Few People Realize it is Nearer Orient, Says C.N.R. Writer

The nearest Canadian port to the Orient is Prince Rupert but many people are unaware, as Art Brown writes in the Canadian National Railways Magazine for August that the city was virtually hewed out of the side of a mountain. Prince Rupert is the terminus of the Canadian National Railways in Northern British Columbia and has the largest cold-storage plant for fish on the continent.

Telephone Dep't Surplus In June

Revenue Exceeded Expenditure By \$894.26, According to Superintendent's Report

Revenue of the city telephone department for the month of June totalled \$3855.30, and expenditures, \$2961.04, leaving a surplus on the month's operations of \$894.26, the report of Sam Massey, superintendent of the department for that month, presented to the city council last night, showed.
