HALIBUT DISCUSSED IN PARLIAMENT

SCATHING DENUNCIATION OF BEAUHARNOIS IN REPORT

Minister of Fisheries Opposes Drastic Action To Keep Out U.S. Boats But Prefers a Conference

Underwent Serious Operation

Olof Hanson and A. W. Neill Favor Closing Port or Imposing Dues Equal to Amount of U. S. Duty

OTTAWA, July 29:—The several questions relating to fishing pending between Canada and United States are under consideration, Hon. E. N. Rhodes, minister of fisheries, told the House yesterday.

The conditions in the halibut industry are acute, Olof Hanson, Liberal member for Skeena, said. He recommended the closing of the port of Prince Rupert to United States fishing vessels.

A. W. Neill, Independent member for Alberni, said if the port of Prince Rupert could not be closed, he suggested imposing port dues of two cents a pound equalizing the United States duty. "That is the sort of language they understand," he said, making the point that if Canada took drastic regulation action, the United States might modify its tariff or its fishing regulations against Canada.

"It does seem an injustice," Mr. Rhodes said, "and I have given serious thought to the question of prohibiting port facilities to United States vessels but have considered it unfair to prohibit Prince Rupert facilities in the middle of a fishing season."

Mr. Rhodes said he did not believe Canada should take any drastic action. He would prefer ironing out the difficulties around a conference table.

Right Hon. David Lloyd George, former Prime Minister of Britain and leader of a Liberal group in the British Parliament, who is in hospital in a critical condition.

CITY WATER VERY PURE

Analysts Say It Is Entirely Satisfactory For Domestic or Industrial Purposes

An official analysis of the water in Woodworth and Shawatlans Lakes made for the city by G. S. Eldridge & Co. of Vancouver proved very satisfactory, the analysts stating that the water was exceptionally pure. There was a slight amount of vegetable matter in it causing a slight brown color but this gave no chemical reaction and is declared by them to be entirely satisfactory for domestic or commercial use.

HEAT WAVE CALIFORNIA

Number of Deaths Reported From Several States Result of Prostration

SAN FRANCISCO, July 29:—A heat wave in this and adjoining states to the eastward and northward is driving the mercury sky-high in the thermometers. In some of the interior valleys it is so hot that outdoor work has practically ceased except mornings and evenings.

Many deaths have been reported from heat prostration in California and western central states.

DEATH TOLL HIGH

PITTSBURG, July 29—The death toll from the recent fire at the Poor Sisters Home now number 42

Bumper Crop In Peace District

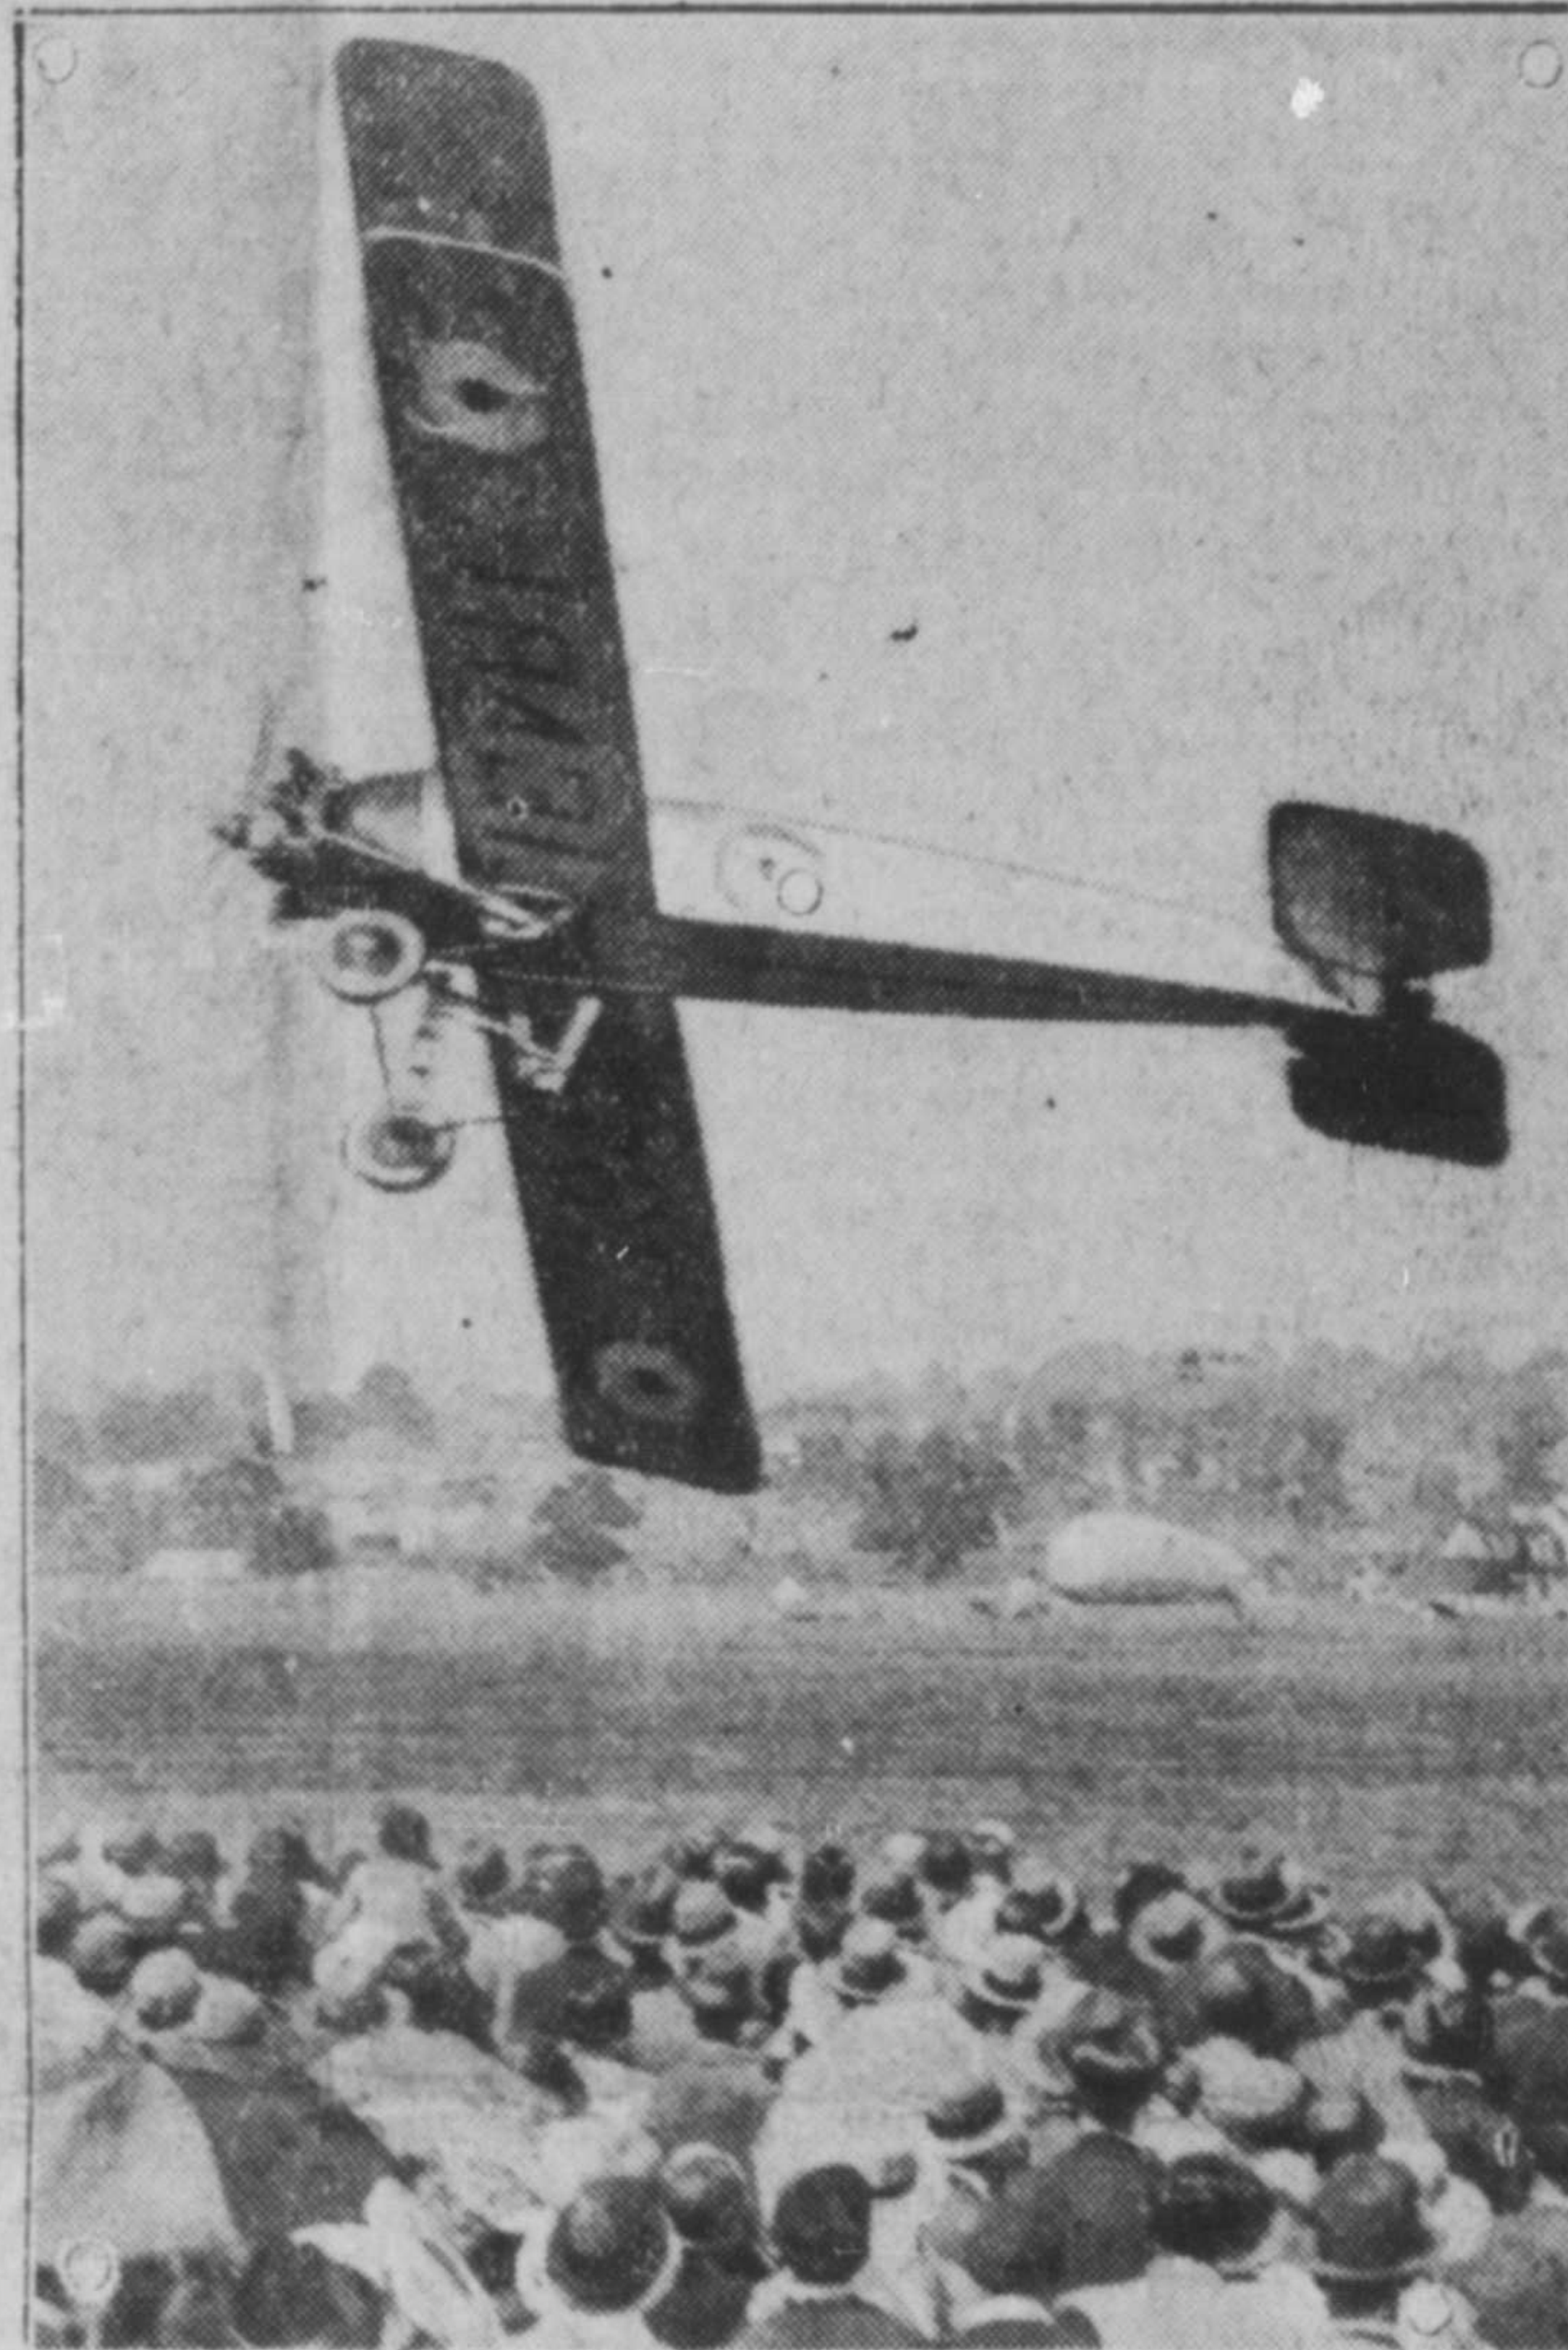

Hay as Well as Grain Will Be There In Abundance This Season

PEACE RIVER, July 29:—Very hot weather has featured the past week, says the Peace River Record. Monday the thermometer reached a maximum of 98 degrees. While warm weather is required to mature the grain fields, old Sol has done his stuff with entire abandon. Fortunately a westerly breeze and cool nights have prevailed and under ordinary conditions the heat would have had the effect of burning the grain, but with sufficient moisture in the ground to withstand the abnormal heat it is not believed very much of the grain will in any way be affected. On the contrary the yellowing fields are reported from various districts as being quite ready for the turning process. The crop of wild hay leaves nothing to be desired and indications point to an abundance of this product being put up for winter use. Owing to the scarcity in many parts of the province this hay should find a ready market with the advent of cold weather. This is more than ever necessary on account of the number of farmers who have, during the past spring and summer, increased their livestock holdings, horses for their farm work and cattle for meat and cream products. This looks like a year when Peace River will sell herself to the balance of the west and substantiate the claims of the past for reliability.

Zeppelin Called On Ice Breaker

BERLIN, July 29:—Word has been received from the Graf Zeppelin that she landed near the Soviet ice breaker in the Arctic, exchanged mails and proceeded towards the Pole.

Manoeuvring Thrills Crowds

This pilot is doing some thrilling manoeuvring right over the heads of the crowd that attended the recent royal air pageant at Hendon, England

OPERATION ON LLOYD GEORGE

Former Premier of England's Condition Satisfactory, It Is Announced

LONDON, July 29:—Right Hon. David Lloyd George, former premier and now leader of the Liberals in the House of Commons, underwent a serious operation today for Haematuria, a kidney ailment. The cause of the Haematuria was completely removed and a statement issued by the doctors says that his condition is satisfactory.

Is Exactly Like Beauharnois Deal Says Newspaper

Every Person Who Contributes to Party Funds Is Doing Same in Smaller Way

The Financial Post of Toronto, commenting on the Beauharnois exposures says in part:

"Enormous sums have been paid into party campaign funds by those who were seeking governmental approval of their development plans. There is nothing new in this practice. The body politic is the sum total of the people and enterprises of the country. Every individual and every business is constantly influenced by the action the government takes. Governments are the product of elections and elections as well as interelection party discipline cost money. The money is contributed by individuals and by business enterprises. Every man who pays his annual membership dues in the local party organization in the hope that his party will acquire or retain power and thus pass the laws, impose the taxes and grant the favors that are in accord with his views is doing in a small way exactly what Beauharnois did in a big way. Again we find no dividing line sharply drawn between right and wrong. But the contributions revealed in the present case have been unconscionably large. They also were too definitely linked with specific requests under consideration and likely to be under consideration by the political leaders of the country.

"When campaign contributions become large enough and are just timely enough they run close to the line of corruption. The important factor in this instance is what the public thinks of the particular contributions made. The public's opinion is not a party one.

Alaska Gold Mine Has Best Month In Its History

JUNEAU, Alaska, July 29:—The Juneau Alaska mine here had the best month in its history in June, according to a report just issued. The demand for gold is having a stimulating effect on gold properties.

Wilkins Left For Voyage to N. Pole

LONDON, July 29:—Sir George Wilkins left yesterday in the Nautilus for Spitzbergen en route north on his proposed under-ice voyage.

URGE CARE INVESTING

Dale Pitt in Address to Gyro Urged That Common Sense be Used Buying Mining Stocks

At the Gyro luncheon yesterday Dale Pitt, manager of Premier Mine, dealt in more or less general terms with the mining industry in an address. He strongly urged that speculators should be more careful when buying mining stocks, examining into the stage of development of the mines, the capitalization, management and other factors that were likely to influence future dividends. He suggested it would be better to be content with small returns on the investment rather than to expect to make millions.

Mr. Pitt spoke appreciatively of the work done by the prospector and showed how many industries were wholly or largely dependent on the mining industry.

Sees Future For Fish Bi-Products

Visitor to Ketchikan Says Returns Will Eventually Exceed That From Edible Fish

KETCHIKAN, July 29:—J. W. Kenny, who is interested in the scheme for making caviar out of salmon eggs, made the statement here yesterday that he expected within a few years more money would be made out of the bi-products of the fishing industry than from the edible fish. The future of the industry lay in that direction, he thought.

Lindberghs Are Still Linger

WASHINGTON, July 29:—Colonel and Mrs. Lindbergh flew to the Morrow home in the State of Maine to say good-bye to Mrs. Lindbergh's people before setting out on their long flight.

The Colonel says if the ice pack does not allow gasoline supplies to arrive at Point Barrow, he will probably go by way of Fairbanks, Alaska.

Germany Warned Not to Play Game

LONDON, July 29:—Germany is being told that if she expects to receive the help of the nations she will have to refrain from playing the hard luck game and that any naval construction carried on just now will greatly weaken her case.

No Stamp Needed Checks Under \$5

OTTAWA, July 29:—A change has been made in the law in connection with the stamping of checks. Those for five dollars or less will not need stamps after this.

New Bishop For Saskatchewan

SASKATOON, July 29:—Rev. William Thompson Hallam, rector of the Church of the Ascension at Hamilton, Ont., has been appointed Anglican Bishop of Saskatchewan in succession to Bishop Lloyd.

Committee of Investigation Says Money Contributed For Campaign Purposes Should All Be Returned

Senators, President of Company, Treasurer and Promoter All Arraigned in Document Presented to Parliament

OTTAWA, July 29:—Action by Parliament of Canada to procure the development of the Beauharnois project as best to serve the people of the Dominion is urged in the report of the select committee of the House tabled last night. Such action should not prejudice the rights of the Province of Quebec.

The report was unanimous. Condemnation of the part played by Senator Andrew Haydon of Ottawa, Senator W. L. McDougald of Montreal and criticism of Senator Donat Raymond of Montreal is made in the report.

The report finds that R. A. C. Henry, vice-president of Beauharnois, does not commend himself as a fit and proper person to continue in the management of the company; that both Henry and H. B. Griffith, secretary treasurer, were involved in the misuse of the company's funds for campaign purposes; that from the beginning R. O. Sweezy, promoter of the project, appreciated that he had to associate with him men who could exert influence in political circles at Ottawa and Quebec; that campaign contributions by Sweezy were shamelessly, wastefully and needlessly made for the expressed purpose of obtaining favorable consideration of the company's proposals by the government; that Sweezy with Griffith was the instrument by which approximately \$300,000 of the company's money was misused, as he alleges, for campaign funds; that the funds improperly taken from the company for campaign purposes should be returned to the company.

DAILY EDITION  Wednesday, July 29, 1931

UNEMPLOYMENT CAMPS

While doubtless there will be some objections to the apportionment in the announced policy of the government in regard to unemployment camps, it is satisfactory to know that the period of drift has passed and that something definite is being done. Details can be dealt with later when full particulars in regard to the plan are received.

Little objection can be taken to the scheme for single men but for married men undoubtedly it will be slim pickings if there is a large family. The men will be much better off than if they were given the dole and they will be doing something for the benefit of the whole community.

The payments are not to be looked upon as wages. The payments are simply subsistence allowance, carrying the men over until they can secure other employment.

Registrations are being made at the office of the city treasurer where forms have been provided for the purpose, these having been forwarded from Victoria.

DAYS OF MUCH ADVENTURE

In the olden days knights went out to defend the honor of women, to fight for what they believed to be right, at any rate to fight, if they could only get the chance.

Later the young bloods took to navigating the undiscovered seas and searching for new countries, new peoples and gold. It was the age of discovery.

Today when a young man feels the need of excitement, of adventure, or giving vent to his daring instinct, he becomes air-minded and tries to beat some records. No part of the world has any terrors for him. No flight is too long if he can only carry sufficient fuel to get him across.

Gradually we are becoming accustomed to these daring deeds of the air, but they fascinate all the same, and there is always something more to do than has been done by any other person. There are plenty of records to be broken.

This summer seems to have broken the record for long flights. It is a poor day if someone is not out after notoriety by this route. Occasionally a flyer drops and disappears but another springs up immediately to carry on the work. At the present rate of progress it is impossible to prophesy to what extent flying will have developed in the next ten years.

Peggy Prentice, in an old-time costume, is making friends with one of Sir Edward Stern's horses at recent international horse show in England

ACHES

There's scarcely an ache or pain that Aspirin will not relieve promptly. It can't remove the cause, but it will relieve the pain! Headaches. Backaches. Neuritis and neuralgia. Yes, and even rheumatism. Read proven directions for many important uses. Genuine Aspirin can't depress the heart. Look for the Bayer cross:

LEGION HAS FINE BAND

Made Great Impression When They Visited Stewart Recently

The Prince Rupert Legion of the Loyal Order of Moose have lately organized a band which was seen and greatly admired a short time ago when they paraded through Prince Rupert on their way to the waterfront to embark for Stewart with the members of the Moose Legion. The turnout was one of the best seen in Rupert for some time as both the band and the men of the Moose Legion who paraded were dressed in the white pants and purple tabs of the Legion.

At Stewart the Prince Rupert men made quite a sensation and it was admitted on all sides that the Moose Legion was the best section in the grand Parade. Incidentally, the Moose Float was awarded first prize for the best exhibit in the parade. The band gave quite a number of renditions at Stewart both in the centre of the town and at the ball games at Hyder and Stewart. There is not the slightest doubt that the Moose Legionaires and their band will be welcomed when they return to Stewart.

This is a good form of publicity for Rupert and should be continued and possibly extended to other parts of this coast.

Man in the Moon

There possibly was never a time in the history of mankind when employment was as much esteemed as it is today.

What I want today is a job
With pay to keep me happy.
Now give me a job sir, today
A job will make me quite happy.

The last time we were in Portland we were walking down the street with a lumberman friend of ours. Our watch had stopped and we asked the lumberman what time it was. Instead of answering he walked across the street and looked into a pawnshop window. When he came back we asked him what he went over there for.

"You wanted to know what time it was and I went over there to see," he replied.

"Yeah," says we, "but why don't you look at your watch?"

The lumberman looked at us sadly. "I did," he said.

Farmer: "No, I wouldn't think o' chargin' ye for the cider. That'd be bootleggin'-an' praise the Lord, I ain't come t' that yet. The peck o' potatoes 'll be five dollars."

A certain New York restaurant man may be given credit for a rather novel window display. This man didn't have much money for advertising, so he bought the biggest fish bowl he could get hold of, filled it with water, and put it into the window with the sign:

"Filled with invisible goldfish from the Argentine."

It took 17 policemen to handle the crowd.

Mother: "Now, Willie, I want you to go in and get acquainted with the new nurse, and be sure to kiss her nicely."

Willie: "And get slapped like Papa did?"

Teacher—Quote a Scripture verse. Pupil—Judas went out into the garden and hanged himself.

Teacher—Fine! Quote another. Pupil—Go ye and do likewise.

Trousseau Tea at Home of Mrs. Dibb Given for Daughter

Mrs. Frank Dibb entertained at her home on Graham Avenue Tuesday afternoon and evening with a "trousseau" tea in honor of her daughter, Winnifred, a popular bride-elect whose wedding takes place in Philadelphia in August.

The table decorations were carried out in a color scheme of cream, pink and mauve. The table was laid with a Madeira cloth centred with a silver basket of pink and cream roses, embedded in tulle, and pink, cream and mauve candles in silver sconces. The dining room was in charge of Mrs. W. D. Vance.

Presiding at the urns were Mrs. Robert Gordon, Mrs. W. T. Kergin, Mrs. L. W. Kergin and Mrs. Frank Allan. The ices were cut by Miss Jean Harrison and Miss Bertha Eford of Vancouver, a guest of the bride-to-be. During the afternoon Mrs. Frank Allan sang very beautifully.

Assisting in serving the guests were Miss Edith Kergin, Miss Olive Gordon, Miss C. McDermid, Miss Muriel Vance, Miss Joyce Edgecumbe, Mrs. J. J. Little, Mrs. A. R. Phillips and Mrs. J. L. Lee

Real Estate Board Says Victoria Is Making Growth

VICTORIA, July 29.—An indication of the substantial growth of Greater Victoria during the past 12 months is given in the report of the rental survey committee of the Victoria Real Estate Board, presented at the regular meeting of the board yesterday.

The report shows there are only 199 vacant dwellings in Victoria City, Oak Bay, Esquimalt and close-in Saanich. This is an increase of 31 over last December, but as there were 114 houses being built at the time the survey was made and which must now be occupied, it means that there is an actual increase of 83 in the number of dwellings now occupied, as compared with December, 1930.

Free Dance For Sailors From British Cruiser

In connection with the visit to the city of H. M. S. Dragon at the end of next week, the city council decided that it could not undertake the work of entertaining on this occasion but they will co-operate with the Moose in putting on a dance on Friday, July 7, at which all sailors from the ship will be admitted free of charge.

It is understood that there will be about 450 men aboard the big cruiser but only part of them are allowed to land at one time.

RECIPES

SALAD DRESSINGS

Now that salads are the order of the day, really good recipes for salad dressings will be welcomed. A salad is often made or marred by the piquancy of the dressing used, so that tested recipes are very desirable. Since some prefer an uncooked dressing and others a cooked dressing, two recipes, both of which will please, are given here:

Salad Dressing Uncooked

Two eggs beaten until light; ½ teaspoon salt; ½ teaspoon mustard; ½ can Eagle Brand Condensed Milk; ½ cup vinegar. Beat the first four ingredients vigorously for a few minutes, add the vinegar, stir well and set aside for a few hours to thicken. Excellent for fruit or vegetable salad. Will keep for weeks. For Russian dressing add Chili sauce to taste.

Salad Dressing Cooked

One-half tablespoon salt; 1 teaspoon mustard; 1 tablespoon flour; 1 tablespoon butter; ½ cup Eagle Brand Condensed Milk; ½ cup water; ¼ cup vinegar; 1 egg. Mix dry ingredients, add slightly beaten egg, butter, milk, water and vinegar. Cook until thickened. Strain and cool. Whipped Borden's St. Charles Evaporated Milk or Cream may be added before serving if desired. Yield, 1 cupful.

PRICE OF WHEAT

VANCOUVER, July 29.—Wheat was quoted here this morning at 53½c.

Protect your Life Insurance
and it will protect you and yours

IF financial difficulties tempt you to forfeit any of your Life Insurance, first get the expert advice of the company or companies in which you are insured. They can probably suggest a plan to help you maintain the protection of Life Insurance for yourself and loved ones.

Perhaps you intend to allow your Life Insurance to lapse now and take out new insurance later. If so, remember these three facts:

First—New Life Insurance is certain to cost you much more.

Second—You may discover too late that you are uninsurable.

Third—The moment you let a Life Insurance policy lapse you deprive your wife and children of the protection they need.

Better play safe. Wise counsel from an authorized Life Insurance representative may save you money and prevent future hardship.

Life Insurance Service

One of a series of messages sponsored by Canadian and British Life Insurance Companies operating in Canada.

Delightful after the game

PLAYERS find that after badminton, hockey, curling, bowling and other athletic sports, Ovaltine helps them to relax, quickly re-builds their depleted strength and enables them to obtain the utmost benefit from their exercise.

Prepared by an exclusive process, from fresh eggs, creamy milk and ripe barley malt, one cup of Ovaltine contains the equivalent food value of three eggs or twelve cups of beef tea. Spectators also find that a cup of Ovaltine at home after the game works wonders in restoring spent nervous energy. Everybody enjoys the natural delicious flavour of Ovaltine.

W. R. Tonkin, well known mining man, was a passenger aboard the Catala yesterday afternoon returning to Seattle after a visit to his mining interests in the Stewart district.

Mr. and Mrs. George Sellars of Anyox were passengers aboard the Catala yesterday afternoon going for a holiday trip to Vancouver. Mr. Sellars, formerly of this city, identified with the staff of the Granby store at Anyox.

B. J. Mellish, president of the Chamber of Commerce, returned this morning from a visit to Dawson and Atlin. While away he inspected the branch banks of the Bank of Montreal in those districts. He says it was a very enjoyable holiday.

Mrs. J. Haan and her daughter Miss Jean Haan of Queen Charlotte City, who were in the city for the wedding of Miss Annie Haan to Constable Martin, will be visiting with friends in the city until Monday when they will return home.

A DINING-ROOM TRAGEDY!

Tables spread with delicious food... most of it soft, highly refined—lacking in the "bulk" and iron your body must have to keep well and strong.

This is the dining-room tragedy that occurs daily in millions of homes. No wonder most people suffer from constipation. No wonder headaches, backaches, and dull days are frequent!

Just add one delicious food to your table—and you will help correct all this suffering. Add Kellogg's ALL-BRAN in some form every day.

ALL-BRAN adds the necessary "bulk" or "roughage"—and iron—that is so often lacking in our diet today. This bulk is needed to prevent constipation—to sweep the system clean of poisonous wastes—to exercise the intestines and keep them healthy.

ALL-BRAN is delicious as a cereal with milk or cream. Sprinkle over other cereals or use in cooking.

Two tablespoonfuls daily are guaranteed to relieve both temporary and recurring constipation. In severe cases with each meal. At your grocer's—in the red-and-green package. Made by Kellogg in London, Ontario.

KETCHIKAN WILL PLAY FOOTBALL

Team Preparing to Meet Eleven From H. M. S. Dragon When She Visits That City

KETCHIKAN, July 29.—Ketchikan is marking the expected arrival at that city of H. M. S. Dragon by forming a soccer club with a view to giving the visiting team a game when they arrive.

When a survey was made it was found that there were living in Ketchikan a number of former football players, some of whom had been quite prominent in the game in England or other places. These men and other younger recruits have been practising almost every evening with the result that they expect to have a very creditable team ready to face the British sailors when they arrive.

Ladies' Sprints Are Close

These fair runners are certainly putting all they have into it as they hit finishing tape in ladies' 100 yards final at the National Workers of England Sports Association at Crystal Palace, London

SOFTBALL IN RUPERT EAST

New League Formed and First Game Results in Victory For Seal Cove

A new softball league has been formed in the city with three teams entered, the Seal Cove, the 5 G. T. and the Sandspit. It is to be known as the Rupert East Softball League.

In the first game Seal Cove beat 5 G. T. by a score of 17 to 16, the batteries for Seal Cove being Burl and Woodhouse and for 5 G. T. Bell. The umpires were J. Verick and A. Headstrom. Teams and scorers for each side were:

Seal Cove—Bunn 4, Burl 1, McLean 2, Reynold 8, Dan 2, Woodhouse 2, Elliot 1, Ferguson 1, McLean 2.

5 G. T.—Batt 3, Bell 3, Menzie 3, Gury 1, Brown, White, Silvers 1, Bartlett 2, Christenson 3.

Latest for Tennis

Trousers for wear in tennis matches is latest fad among the ladies

SPORT CHAT

Tommy Loughran, the heavy-weight fighter, who is also something of a writer, seems to make light of the championship of Max Schmeling. He says he intends to win the championship, probably by the way of Sharkey, Carnera and Behmeling. He sees Schmeling as a bulldog who can take a lot of punishment but not a good boxer, he thinks. He says: "I admire Max for the amazing manner in which he can take punishment and the way he can hit. But he is slow and he is not a smart fighter. How could he be with the little experience he has had."

Tommy says Jack Sharkey is a great fighter, possibly the greatest heavyweight in the ring today.

0 0 0

Surely something could be done about fixing up the hut at the Acropolis Hill used as a dressing room by players of the various teams. Already this season players have come back to the hut after a game to find that their pockets have been rifled and money and other contents taken.

0 0 0

Last evening Bye of the Legion team and Doherty of the Regiment team found their pockets had been rifled while they had been playing. Several young boys are under suspicion as their conduct in the past has caused officials to clear them from the hut. In this case it was more than usual importance as Pete Doherty's fireman's papers were stolen.

0 0 0

This is the night when the softball players, who have lately taken to baseball, will trip to lower the colors of the Prince Rupert baseball players at Acropolis Hill. There are some fans who seem to be backing the C.N.R. boys. They declare that a person who can play softball can easily turn to baseball and make as good a showing as some of the local players have displayed at a number of their games.

The secret of keeping fresh

The great secret of feeling fresh is to keep the mouth fresh. The cool flavor of WRIGLEYS refreshes the mouth. It removes all trace of eating, or smoking, sweetens breath.

Round House Wins at Softball

Beats Navy by Score of Five to Two

In the C.N.R. League softball game last night between the R.C.N.V.R. and the Roundhouse the latter team managed to take their opponents into camp by a score of 5-2.

Both teams were playing sharp ball but the Roundhouse had the edge and managed to come out on top.

Batteries were Boulter and Skelton for the Roundhouse, Pitcher and Peterson for the R.C.N.V.R.

Tonight the C.N.R. team will play the city a game of baseball on the Acropolis Hill and on Saturday night will play them a game of softball on the C.N.R. grounds. Both games should be interesting. The next league softball game will be on Friday night between the Roundhouse and the Biological Station.

BASEBALL TEAM

The regular baseball players who are to meet the softball men tonight are planning to take the challengers down a peg, according to one or two of the prominent players. Their team will be: E. Smith, Lambie, Chenoski, Moran, Eddie Smith, Wendle, R. Stalker, W. Mitchell and D. Stalker.

REGIMENT IS WINNER

Beat Canadian Legion at Football Two Goals to One

After a week's idleness due to unsettled weather, football was resumed last evening when the Regiment beat the Legion two goals to one in a regular Mobley Cup fixture.

The Legion lost the toss and the Regiment played down hill beginning with only ten men. With the sun and the hill in their favor the Regiment had the better of the opening exchanges but their forwards got few opportunities to shoot. Skinner and Jack covered Smith well and Williams and Hadden prevented much shooting. Colussi shot wide and Edgcombe was too high. Ellison and Bye got away but Watson cleared. DeJong made headway but finished weakly. Wingham made a lucky clearance from Ellison and Laidler ran out and kicked clear. From Norrington's corner the Regiment claimed the ball was over the line before Hadden cleared but the referee disallowed the claim. Norrington also got the ball in the net but it struck his hand and the goal was properly disallowed. Murray beat the defence but his centre was cleared and at the other end Wilson headed past. Woodside shot wide from a good position. Smith did splendidly to clear a shot from Watson but at half time no score had been registered.

Second Half

The second half began with a Legion attack but the Regiment soon had the ball at the other end. Colussi was fouled inside the penalty area but shot over from the free kick. Wilson also shot wide from a free. Ellison got through but Wingham saved and then Watson stopped Murray. Walters got away and his centre was just too fast for Norrington to catch. Lyons drove a hard one just over and at the other end Laidler fielded a hot one. Jack was sent off the field for discussing the referee's decision and the Legion were left with ten men. For a time they took up the offensive and Williams had hard luck with a terrific drive that hit the bar and went over. Walters got away and from his perfect cross Norrington gave his

team the lead. A few minutes later the same player got through and beat Smith again. The Legion attacked and Murray scored though the Regiment claimed he put the ball through with his hand. Full time found the Regiment winning by two goals to one.

Legion—Smith; Skinner, Jack; Bussanich, Williams, Hadden; W. Murray, Gilker, Ellison, Bye, Woodside.

Regiment — Laidler; Watson, Wingham; Edgcombe, DeJong, Doherty; Walters, Lyons, Wilson, Colussi, Norrington.

Referee, E. Webster; linesmen, C. Barker, A. Hardy. The Legion were without some of their regular players but two very capable substitutes were found in Williams at centre half and Ellison at centre forward. Bye also turned in a good game for his first appearance of the season. The Regiment were short of Thurber and Pete Doherty came on later to do his best for his old team.

Laidler was not severely tested and was unfortunate in having a goal counted against him that was obviously handled into the net. Watson was safe in defence and gave Smith his severest shot of the game. Wingham turned in a good game at back his tackling being clever. DeJong tried to force the game and was tricky but for a time in the second half was lax. Edgcombe tackled well but dribbles too much. Doherty played hard. Norrington got both goals and was worth another. His speed and persistence are valuable assets. Colussi was clever and Wilson distributed the play. Lyons played hard but keeps the play too close. Walters made good use of his speed and centred well.

Smith kept a fine goal. Jack played his usual clever and safe game. It is to be regretted that his difference of opinion with the referee had such results as it is doubtful if the Regiment would have won. Skinner played his usual wholehearted game. Williams made a good impression at centre half and Hadden played quiet and effective football. Bussanich seems to have found his position at halfback. Ellison kept his wings moving and Bye showed good ball control. Gilker improved as the game went on and W. Murray was hard to stop. Woodside played hard and towards the end came back into the halfback line.

There was a good sized crowd of spectators but the game was below the usual standard. The Regiment recorded their first win over the Legion this season but the absence of Jack made a difference.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letters should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Off for Vacation

Take The DAILY NEWS with you When Going on Summer Holidays

Nearly everybody likes to keep in touch with Prince Rupert when away for their holidays. The best way to do this is to order the paper sent during that time. If it is only for two weeks, the News is a welcome visitor and the mails during the summer months are carried almost daily to most points.

Recently a number of Scandinavians have given up the local fishing for the summer and gone on an extended visit to their former homes. In almost every case they order the Daily News sent them while they are away. Several subscribed for a year, others for shorter periods.

No time is too short for us to look after our patrons.

A DARK DEED

MIDNIGHT . . . and you feel distressingly empty. So hie away to the dark fastness of the kitchen and raid the refrigerator. Cheese sandwiches . . . cold cuts of meat . . . and, to top off the repast in royal fashion, The Champagne of Ginger Ales—Canada Dry.

It delights you always to find this fine old ginger ale frosting on the ice, for it is the pleasantest ginger ale of all to drink just before you turn in. Bubbles wink like stars in its frosted gold depths . . . its aroma refreshes you. As you sip it, enjoying its wonderful flavour, it rounds out the day and helps send you off to bed thoroughly satisfied and ready for sleep.

Canada Dry now comes in two sizes—the familiar 12-ounce bottle and the new five-glass magnum. Keep a few emerald bottles of Canada Dry always cooling in the refrigerator. You'll have enough on hand for every occasion if you buy the convenient cartons of six or twelve bottles.

FLIN FLON MINE PAYS

Is Able to Continue Operations in Spite of Low Prices of Minerals

WINNIPEG, July 29.—R. H. Channing Jr., president of the Hudson Bay Mining and Smelting Co., states that the company will continue to operate its plant at Flin Flon, Man., up to present 3,000 ton schedule, in spite of the low price level of copper and zinc.

Mr. Channing is further reported to have said that the company was able to operate at the current level of the metal market, and that it was not anticipated that prices would go sufficiently lower to change the company's plans.

Approximately 1,000 men are employed at the Flin Flon plant, a large proportion of these being skilled workmen, many of whom are supporting families. It is estimated, there are somewhere between 4,000 and 5,000 people dependant on the operations of the company. Wage levels are reported as being maintained, notwithstanding the low metal prices.

On the basis of January and February production and estimates for March, approximately 250,000 tons of ore was handled by the Flin Flon plant during the first quarter of the current year. Out of this the company received approximately \$4.90 per ton, after deducting freight, refining and selling charges. Operating costs for the period were about \$3.60, leaving an operating profit of about \$1.30 per ton. Approximately 90 cents per ton was spent for construction, changes to plant, experimental work and transportation of equipment from Island Falls, leaving a net surplus of 40c a ton. Gold values were stated to have been good, the ore running considerably higher in gold than was anticipated from experimental work.

BED GOES TO MUSEUM

Said To Be Largest in World For It Is Eleven Feet Square and Beautifully Carved

LONDON, July 29.—The "Great Bed of Ware," famous in English literature, has been acquired for the nation through a grant from the National Art Collection Fund, and will go to the Victoria and Albert Museum.

The bed is of Elizabethan workmanship and is 11 feet square. It is richly carved with foliage, terminal figures and geometrical ornament in the full style of the English Renaissance. It still retains traces of the original painted decoration, while the back is inlaid with representations of classical buildings in various colored woods, an dits dimensions far exceed those of any other known bedstead. For many years the bed was in the Crown Inn, at Ware, whence it was removed in 1764 to the Saracen's Head in the same town. During the last half century it has been in a building in the grounds of Rye House, Hoddendon, famous for the plot against Charles II., and the Duke of York.

District News TERRACE

Stewart McLeod has gone on an extended visit to his grandparents in Ontario. He may even decide on locating in the east.

W. O. Fulton was in on Saturday and went out to Lakelse Lake to his summer residence.

Mrs. Noonan of Telkwa is at present visiting with her parents in the Kalum Valley.

Miss Jean McLeod has returned from her studies in Victoria for the vacation. Mrs. McLeod went to Victoria to meet her.

H. L. Franks is extending his hay barn on the Bench. The hay crop this year is above the average and most of it has been well won.

Arthur Carr and Mrs. Carr are proceeding to Vancouver by road for a vacation. The car was shipped to Hazelton at the week-end.

Jean Dover has returned from a lengthy visit in the east.

Great Actress Sees Changes In Theatres

No Need For Passionate Diction Today Is View Mrs. Patrick Campbell Expresses

LONDON, July 29.—"We don't get enough opportunities these days to see Mrs. Patrick Campbell act," says Quex in "The Diary of a Man About Town," in the News-Chronicle. "Though she is now returned from 16 months in the United States no new part has yet been found for her to take hold of a palpitating stage situation or exploit an emotion or reveal the intricacies of femininity in her own dominating fashion.

"In the United States they have come to know the great actress as a lecturer. Here her friends in one particular are more favorably placed. They can hear her talk. It is hard to describe her powers of conversation. Better to say simply that when she talks one has glimpses of passion, pathos, and swift, brilliant, sometimes mordant wit.

"I listened to her recently. A great man of the world, a traveller, a man of letters, was with us. He had said something about the pretty walkabouts of the modern stage, of the lack of heights and depths in many of the plays today. 'Still,' said Mrs. Patrick Campbell, 'plays reflect the spirit of an age. No one is heroically tragic today. There is no need for passionate diction. I doubt if there are many passionate youthful love marriages.

"The craving today,' she went on, 'is for excitement, and that is an entirely different thing from passion. A young girl marries. She has no capacity for tranquil joys. She expects her husband somehow to provide her with change and variety—a restless, will-o'-the-wisp pursuit that is all running about, and yields no fundamental satisfaction.'

"Her voice became softer. 'I have a beautiful memory of my own simple early days of marriage,' she said. 'I married when I was 17. My husband was 19.'"

Bring your best Prince Rupert

The Fair Board is anxious to encourage residents in the districts around Prince Rupert to bring their best to the

FALL FAIR

Which will be held the
FIRST WEEK IN SEPTEMBER

Local residents believe that they can grow flowers better than any place within two hundred miles. Can they? The Fair Board would like to have the districts pit their horticultural skill against the Prince Rupert Flower Society and see if they cannot wrest away some of the prizes, especially that for the best floral display.

A cordial invitation is extended to all to compete. Further information can be obtained from

Secretary W. D. Vance
 or from
The Daily News, Prince Rupert, B.C.
