STEPS TAKEN TO RESTORE BUSINESS THORNTON MAKES IMPORTANT SPEECH IN VANCOUVER

Congressional Leaders Agree Upon Proposals Offered By President

Would Create Private Credit Agency to Handle Securities Banks Will Not—Would Liberalize Regulations Providing for Loans

WASHINGTON, D.C., Oct. 7.—In a White House conference with congressional chiefs last night at which there was general agreement, President Herbert Hoover proposed the following: First, creation of a \$500,000,000 private credit agency to handle credits not acceptable to the reserve banks; second, liquidation of some of the frozen assets of insolvent banks; third, appointment of regional bankers' committees to aid generally in credit expansion, and, fourth, liberalization of the rules to permit reserve banks to handle a wider variety of securities.

TRANSFER ILLEGAL

Two Men Fined \$50 Each Today For Wrongful Use of Liquor Permits

Bert Johnson, for allowing another person to use his liquor permit, which is in contravention of the Government Liquor Act, was fined \$50, with option of 30 days' imprisonment, by Magistrate McClymont in city police court this morning. Bert Johnson was similarly fined for using the permit.

HOUSE IS DISSOLVED

King George Signs Order-in-Council Ending Life of This Parliament

LONDON, Oct. 7.—King George today signed the order-in-council dissolving Parliament. Nominations will be received on October 16 and the election will take place October 27.

MARTIN HITS SENSATIONALLY AGAIN AS CARDINALS GO INTO ASCENDANCY IN WORLD SERIES

Rookie Centrefielder Responsible for Three Hits Today Including Home Run—Bill Hallahan Pitched Steady Game

SHIBE PARK, Oct. 7.—Driving Waite Hoyt and Rube Walberg out of the Athletics' pitching stand and giving Carl Rommel a bad ninth inning, the St. Louis Cardinals, led by their sensational batting rookie centrefielder, "Pepper" Martin, who clouted out a home run in the sixth with one on board and exceeded his remarkable hitting feats of the first four games, scored a stirring victory over Philadelphia in the fifth game of the world series today by a score of 5 to 1. Martin was once again the whole show in today's game. In all, he blasted out three hits to tie the world series record of twelve hits in one series. Wild Bill Hallahan gave the Cardinals steady pitching in this crucial game and they are starting home for the last games with the odd victory tucked away. They have only to win one more victory and the world's baseball crown is theirs. On the other hand, the Athletics will

SASKATCHEWAN COAL STRIKE IS SETTLED

ESTEVAN, Sask., Oct. 7.—After a strike which had lasted for weeks and in the course of which serious disorders arose, striking coal miners and operators signed a truce here last night. Work will be resumed tomorrow morning.

WASHINGTON, D.C., Oct. 7.—Plans for the restoring of public confidence in the economic system of the United States were discussed yesterday at a conference between leading bankers of the country and President Hoover. One result of the conference was seen in a notable upspring in the security markets yesterday.

GOV'T IS FAVORED

Betting in England Is for Large Majority for National Administration

LONDON, Oct. 7.—Early betting on the British general election toward the end of this month favors a majority of from 140 to 145 for the national government over the Labor opposition. A lot will depend upon how the women vote. Of 29,000,000 voters in the country the majority are women, who number 15,000,000.

LONDON, Oct. 7.—King George today signed the order-in-council dissolving Parliament. Nominations will be received on October 16 and the election will take place October 27.

PASSING OF CHURCHMAN

Most Rev. David Williams, Metropolitan of Ontario, Found Dead in Bed

Gifted Orator

Outstanding Figure in Religious and National Life of Canada

TORONTO, Oct. 7.—Word of the death of Most Rev. David Williams, Archbishop of Huron and Metropolitan of Ontario, at his home in London, Ontario, was received here today. He was found dead in bed.

A gifted orator and a man of great organizing ability, the Most Rev. David Williams, M.A., D.D., LL.D., D.C.L., was an outstanding figure in the religious and national life of Canada for many years. In addition to being a distinguished scholar and cleric, Archbishop Williams had remarkable business judgment and from the standpoint of organization his diocese was said to be something of a model in the Anglican Church.

Archbishop Williams was a man of strong convictions and outspoken views. Years before the inauguration of the government liquor control policy in Ontario he came into the limelight by declaring prohibition to be inconsistent and advocating the repeal of the Ontario Temperance Act.

Born at Sillan near Lampeter, Wales, on March 14, 1859, David Williams was educated at St. Davids College, Lampeter, where he took his B.A. degree. He also attended Oxford. He was ordained into the ministry by the Bishop of Bangor, Wales, in 1885 and was for two years curate in the parish of Pfestning, Wales. In 1887 he came to Canada and became a professor at Huron College and a special

JUDGMENT RESTORED

Mrs. Elizabeth Overn Wins Case in Supreme Court of Canada Over Trading Post

OTTAWA, Oct. 7.—By decision of the Supreme Court of Canada yesterday, Mrs. Elizabeth Overn has had restored to her a judgment against Wilson & Wilson, law firm of Prince George, for \$497 with interest and against Sheriff E. S. Peters of Prince George and the Hudson Bay Co. for \$11,000 with interest.

The case arose out of the seizure some years ago by Sheriff Peters on behalf of the Hudson Bay Co. of a trading post north of Prince George owned by Mrs. Overn.

The chief justice spoke strongly in connection with the case taking Judge Robertson to task.

City of Vancouver Puts in Here for Fuel Because This Port Is Closer to the Orient

The strategic position of Prince Rupert in relation to the Orient was possibly never before more emphatically illustrated than it was today with the arrival in port early this afternoon of the Vancouver freighter City of Vancouver which, while bound from the Orient to Vancouver, ran short of fuel so had to put in here to replenish her tanks.

The City of Vancouver is a 5,000 ton ship and it is her first visit to this port. She was built in Vancouver during the war and for a while was operated by her builders, the Coughlan interests. A former master of the vessel is Capt. J. R. Elfert, now harbor master and port warden here. Alec S. Monroe, well known chief engineer of Canadian National ships, was at one time her chief engineer.

The steamer is taking on fuel at the plant of the Imperial Oil Co. and will proceed from here to Vancouver.

OLD CASE FINISHED

Forty-Nine Year Old Action in Connection With Seizure of Ship Concluded Today

VICTORIA, Oct. 7.—Litigation extending over a period of 39 years was concluded in the Exchequer Court of Canada here when Mr. Justice A. K. MacLean approved of an order to pay out of court the sum of \$59,000 to claimants over the seizure by the United States of the steamer Coquilham in North Pacific waters in 1892 for alleged infringement of the American customs regulations.

LABOR MEET IN SESSION

VANCOUVER, Oct. 7.—Committees at the annual convention here of the American Federation of Labor were engaged throughout yesterday in preparing of resolutions which will be dealt with by the convention today.

Among the resolutions are one calling for a prosperity loan and another for imposition of heavier taxation upon the wealthy.

Moyle and Allen Arrive Safely at Tacoma After Ocean Flight; Passed Over This City Tuesday

TACOMA, Oct. 7.—Don Moyle and Cecil Allen concluded their hectic flight from Japan by arriving here today from Skagway. They hopped off nearly a month ago from Japan in the plane "City of Tacoma" with the intention of making a non-stop flight across the Pacific ocean. In this they failed and finally landed here after having made several stops en route. On the first hop they were missing for over a week.

In view of the fact that Moyle and Allen reached Tacoma yesterday from Skagway, it is now believed that a plane which passed over Prince Rupert yesterday morning was theirs. The plane passed here in the fog yesterday morning about 11 o'clock but it was so thick that it could not be seen and identified. The machine was flying in a southerly direction and, judging from the sound of the motor, was quite low.

Canada Will Work Way Through Difficulties, Railway Chief Says

Banks of Canada Are in Thoroughly Sound Shape—Urges Commission to Investigate Country's Transportation Problems.

VANCOUVER, Oct. 7.—That the chartered banks are in a thoroughly sound position and that the country as a whole will successfully work its way through its difficulties were the keynotes of an important speech made here yesterday by Sir Henry Thornton, chairman and president, Canadian National Railways, who also referred in a striking manner to the necessity of a royal commission to enquire into the transportation problems of the Dominion.

DEATH SAID VERY NEAR

Thomas A. Edison Has But Few Days to Live at Most, His Physician Admits

WEST ORANGE, N.J., Oct. 7.—Death of Thomas A. Edison, great inventor, is just a matter of days removed, it was admitted last night by Dr. Howe, personal physician to the famous scientist.

Polson is gradually spreading through Mr. Edison's system and he has to be carried whenever he moves. He is becoming fast affected both mentally and physically.

RECEPTION WAS GREAT

Wenatchee Begins to Recover Following Arrival of Pangborn and Herndon

WENATCHEE, Wash., Oct. 7.—This small city, which has been much in the limelight since Monday morning when Clyde Pangborn and Hugh Herndon jr. completed their 4800-mile non-stop flight across the Pacific Ocean here, is beginning to return to normal after extending the intrepid flyers a welcome the enthusiasm of which could not have been exceeded by even New York.

Likewise the two aviators are beginning to feel themselves after their arduous trip. They will remain here for about a week while their plane is receiving repairs for damage done when it was brought down without landing gear. Then they will start on what will probably prove to be a tour of the country.

VANCOUVER WHEAT VANCOUVER, Oct. 7.—Wheat was quoted at 51 3/4c on the local exchange today.

TO BUILD TRAIL FROM LAKE TO KITIMAAT TERRACE, Oct. 7.—Sid Cooper has been instructed to take a party of men to open out a fire protection trail from Lakelse Lake to Kitimaat, a distance of twelve to fifteen miles. Possibly it may be the forerunner of the highway which will ultimately connect Terrace with Kitimaat.

BRITISH ELECTIONS.

The long expected and much talked of British elections are at last officially announced and the lineup is an interesting one. Looking at it here from Canada it seems to us as if MacDonald and his national government with a national policy of protection will win the day.

We have prophesied before that protection would likely win out in Britain whenever the issue is presented, but the lineup is decidedly different from what was expected. While the despatches do not say so, it seems altogether probable that a large section of labor will vote for protection for British industries in view of the terrible slump that has taken place during the period of practically free competitive trade on the part of Britain with the markets of all the world almost closed against her.

The Liberal party has become almost extinct in that country and the present situation seems to make for its total disappearance as an active political force. In its present divided condition with part supporting the National government and the other part the Labor opposition, there should be little left when the votes are counted. It had outlived its usefulness.

There is a strong difference of opinion as to which is the more interesting newspaper event, the British elections or the world series of baseball games. Many have not yet read about the British elections, yet they know the ball players personally. Others never read the ball games but take a deep personal interest in the British situation.

FATE OF POLITICAL PARTY.

A political party is useful only as long as it can serve the country. In itself it is nothing. While it stands for some definite principle and can command the support of a considerable section of the community it is a power.

When a political party exists only for the spoils of war or only because of the influence of its leaders it is doomed to self-destruction. It has to stand for something definite and that something must be in line with the tendency of the time or it cannot succeed.

A REMARKABLE FLIGHT.

People are still talking of the remarkable flight of Pangborn and Herndon from Japan to United States, the first two men to cross the Pacific by the air route without a stop. They have made history.

While much greater flights will be made as the art of aviation develops, there will be very few as thrilling as that little-heralded crossing of the world's biggest ocean by the two young Americans.

MEN WILL SOON BE WORKING.

Plans are now on foot for providing work for all men who are registered as unemployed and who have no other means of subsistence. The city has a large program in hand and the Provincial Government is preparing to establish their camps on the highway. The only ones left out in the cold seem to be the fishermen who own boats and yet who have not made enough money during the summer to keep them through the winter. They are in bad plight and should receive consideration. If they sell their boats this winter they will not be able to fish next year.

There's one thing cannot be taken away from Prince Rupert, and that is the strategic position of the port, five hundred miles nearer to the Orient than the next nearest port. Steamers going to Vancouver have to pass Prince Rupert's front door when coming in from Oriental ports. This is well illustrated by the arrival today of the steamer City of Vancouver, which had not enough fuel to reach Vancouver so is here for supplies.

PALESTINE
PROGRESS

Rabbi Z. L. Zlotnik Tells of Recent Developments in Jewish National Homeland

MONTREAL, Oct. 7.—Marvels of human ingenuity and modern scientific achievement are to be witnessed everywhere in Palestine as it exists today said Rabbi Z. L. Zlotnik, executive director of the Zionist Organization of Canada in reviewing conditions in the Jewish national homeland as seen by him on a comprehensive survey tour prior to returning to Montreal recently.

Stupendous undertakings are in the embryo, involving millions of dollars in investments. The Dead Sea area is now the scene of feverish activity with long lines of industrial and chemical plants strewn along its shores. A British-Jewish corporation with unlimited financial backing is engaged in digging reservoirs and building factories for the purpose of extracting valuable minerals from its depths. It is estimated that millions of dollars worth of chemical fertilizers will be reclaimed by certain inaugurated processes.

Harnessing the Jordan River through the gigantic engineering feat of Routenberg and the resultant electrification of Palestine are now accomplished facts. The importance of this achievement cannot be overemphasized, Rabbi Zlotnik said, for the entire territory is devoid of coal. Establishment of colonies in districts heretofore regarded uninhabitable in the eastern section of Palestine near the Jordan River and on the coast of the Mediterranean to the west of the country, is another evidence of the versatility and enterprise of the Jewish colonist.

The harbor of Haifa is becoming one of the most important and vital spots in the Near East, Rabbi Zlotnik maintained, for preliminary work has been successfully carried on for the piping of oil from the rich Mosul fields through the entire territory of Palestine. Millions of pounds are to be spent in this undertaking which will mean a great deal, not only to the country, but also to the British Empire of which it is an integral part.

MORMON
TEMPLE

Church is Seeking More Converts in England

LONDON, Oct. 7.—An imposing Mormon tabernacle is to be built shortly on a site in London's West End at a cost of about \$400,000. When it is completed the headquarters of the European mission of the Mormon church will be moved from Liverpool to London, and copies of Mormon literature including the "millennial star" will be distributed from it.

Bishop James H. Wallis, who has recently arrived here from Salt Lake City on a two-year visit to superintend the work, believes that the temple will attract a larger following to the church than it has been possible hitherto to reach.

He stated that there were between 6,000 and 7,000 followers of the church in the British Isles, of whom 700 live in London. Until now meetings have been held every Sabbath in hired halls, and new adherents have been gained principally by personal solicitation.

There are 800 Mormon missionaries in Europe, of whom 200 live in the British Isles and 15 in London.

HIGH WAGE
IS WANTED

Seattle Aldermen Not Satisfied With Allowance on Relief Work

SEATTLE, Oct. 6.—Protesting at the proposed allowance on municipal unemployment relief work here as being wrong in principle, Councillors Otto A. Case and David Levine moved in the city council yesterday for a flat rate of \$4.50 per day for all such work.

W. H. Galbraith of Port Essington was an overnight visitor in town, having arrived from the Skeena River on yesterday afternoon's train.

Her Father Dies

Mrs. Charles A. Lindbergh, daughter of late Senator Dwight W. Morrow.

District News
TERRACE

The new butcher shop on Lakelse Avenue opened by the Farmers' Institute commenced business at the week-end.

A second trial in connection with the ransacking of B. Syme's shack is to be heard this week.

The Farmers' Institute got in another carload of feed stuffs at the week-end.

Rev. Canon W. McKim, rector

designate of Terrace, has been delayed in coming to Terrace for a few weeks for dental reasons.

Quite a number of Prince Rupert Masons visited Terrace for a Masonic function on Saturday night. Many of them toured the district early on Sunday before returning by train to the coast.

Word has been received from Rev. E. A. McCarthy, late Anglican rector, that he and Mrs. McCarthy have been made very welcome at Atlin. They enjoyed the journey to Atlin very much and found the people very genial and helpful.

Bishop Rix will occupy the pulpit at the Anglican Church here on Sunday next.

CANADA WILL WORK WAY THROUGH DIFFICULTIES, RAILWAY CHIEF SAYS

(continued from page 1)

strength of Canadian banks and their ability to weather such a storm as we are at present encountering.

"Being, among other things, a bank director, I know something about the banks of Canada and, idle and malicious gossip to the contrary notwithstanding, I state emphatically: all of the banks of Canada are sound, solvent and in a position to meet fully their obligations. Their fundamental soundness is one of the bright spots of our Canadian situation.

"With increasing effort Canada's two large railway systems, the victims of common adversity, have been drawing closer and closer together in that co-operative effort which, while preserving a reasonable service to the public, has for its object the elimination of waste and the promotion of real economy. Substantial progress has been made along these lines, but in order that the effort may reach its maximum and that a transportation policy be determined which will as effectively as possible govern our actions for the future, it has been suggested that a commission be appointed composed of men of experience and high character, and in whom, because of these qualities the public can repose confidence who shall examine our transportation situation and propose a solution which will once and for all find a remedy to preserve solvency, conserve resources, afford ample transportation facilities to the public and adequately protect the interests of that large body of workmen who have so freely in decades past given to both the Canadian Pacific and

Canadian National Railways a devoted and loyal service.

Victim of Circumstances

"There is a certain feeling that the distress felt by our Canadian railways is more or less peculiar to this country. Briefly, it is interesting to observe that an important and reputable American authority makes the definite statement that, of the sixty-seven class 1 railways of the United States, twenty-five will fail to earn their fixed charges this year, so that, insofar as the financial position of the Canadian National Railways is concerned and its effect upon the finances of the Dominion, we are the victims of circumstances wholly beyond our control, circumstances which we all know to be world-wide. Certain it is, however, that the importance of the problem to both the investor and the people of Canada demands an examination by the best brains that can be brought to bear, if serious results are to be avoided. In the meantime the public of Canada may be assured that, whatever the difficulties of our transportation situation may be, the Canadian Pacific and the Canadian National Railways are working together with amiability and intelligence to maintain a fully adequate standard of transportation, having due regard to the circumstances of the times."

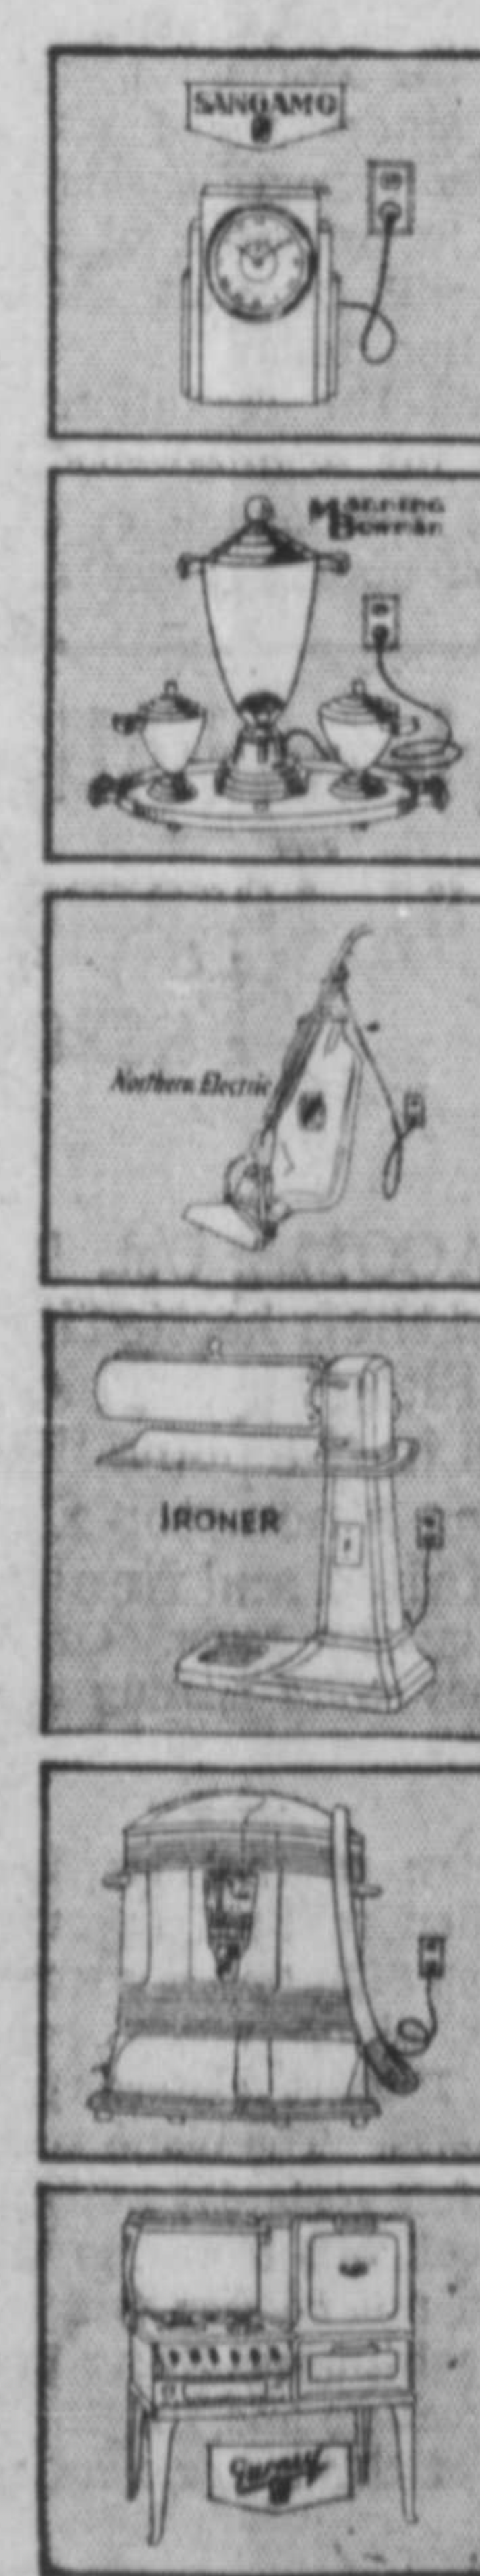

SCALE OF CHARGES
The following is the scale of charges made for reading notices:
Marriage and Engagement announcements \$2

Mr. and Mrs. B. J. Mellish and daughters will sail on the Prince Rupert tomorrow night for Vancouver where they will take up future residence. Mr. Mellish having been transferred to the management of one of the large city branches of the Canadian Bank of Commerce in the southern city.

LITTLE GIRLS HELPED TO EXTINGUISH BLAZE

The fire department had a call at 8:10 last evening to the home of Mr. and Mrs. R. C. Gilker, 413 Green Street, where fire had broken out in the woodshed. The firemen were called by two little girls who had the presence of mind themselves to throw water on the flames before the department arrived. Had it not been for this there might have been a serious blaze. As it was very little damage was done.

FOOTBALL BANQUET

Season's Trophies Presented at Gathering Last Night

At the annual banquet last night in the Commodore Cafe of the Prince Rupert Football Association...

Gilhuly Cup, Merchants, received by Sam Currie, captain.

Dominion Day Cup, Canadian Legion, received by Dave Jack, captain.

Mobley Cup, Regiment, received by Mark Watson.

Stuart Benefit Shield, Canadian Legion, received by Dave Jack.

Bert Morgan, president of the Prince Rupert Football Association, presided over the gathering...

During the banquet, splendid music was furnished by a five-piece orchestra led by Mark Watson.

It was decided at the banquet that the annual meeting of the Prince Rupert Football Association will be held this year on October 20...

OVATION ACCORDED

"Pepper" Martin Cheered to Echo By Philadelphia Fans

PHILADELPHIA, Oct. 7.—Thirty thousand Philadelphia baseball fans yesterday gave "Pepper" Martin, the St. Louis Cardinal...

Martin has made at least two hits in each of the four games so far played—a batting performance never exceeded in the fall diamond classic.

Crib and Whist Entries May Be Made This Week

An executive meeting of the Prince Rupert Cribbage and Whist Leagues was held last night to make further preparations for the season's activities.

The Weather

Langara Island—Overcast, moderate southwest wind; sea choppy. Dead Tree Point—Cloudy, light southwest wind; barometer, 30.46; temperature, 56; light swell.

SOFTBALL NOW TIED

Dido Stinech's Team Beat Bill Vance's Yesterday

Dido Stinech's team won an easy victory over Bill Vance's team in the High School Softball League on Tuesday. It was a one-sided affair, the final score being 17-5.

For Stinech, those hitting two-baggers were: Stinech 3; Emmelman, Marshall 3; Wilson. Church was also a heavy hitter, and also Bussanich.

Welle and Stinech were valuable in the field. For Vance: Palmer and Santurbane were the hitters and Edgcombe was notable in the field.

Teams: Stinech: Church c; Obachira ss; Stinech p; Wilson lf; Marshall 2nd; Emmelman cf; Bussanich 1st; Kirkendale rf; Welle 2nd; Fisher rf. Vance: Unger p; Santurbane lf; Palmer 3rd; Walters 1st; Ronald Wilson rf; Vance c; Nakamoto ss; Allen 2nd; Edgcombe cf.

First inning, Bill Vance's team to bat. Battery for Stinech's team, Stinech and Church. Stinech strikes out Unger. Santurbane singles past shortstop. Palmer hits to left field and Santurbane takes third. He scores on an overthrow to 2nd and Palmer gets to third. Walters hits a Texas-leaguer to left field, scoring Palmer. Wilson hits past Stinech and Walters scores on overthrow to home. Vance walks. Allen singles to Bussanich and Wilson and Vance score on another overthrow. Nakamoto singles but is called for leaving base too soon. Dido Stinech's team to bat. Battery for Vance's team, Unger and Vance. Church hits past second. Ubachira hits safe past third. Unger walks Stinech. With bags full Leslie Wilson hits a fly to left field and Ubachira is caught on second in a double play, Santurbane to Allen. Marshall singles and Church's scores. Emmelman walks. With three on bags Bussanich hits past shortstop, scoring Marshall. Kirkendale singles but Welle out on first.

Second inning: Vance to bat. Santurbane filed out to Kirkendale in left field. Palmer singles. Walters and Wilson thrown out on first. Stinech to bat. Church and Obachira get safeties and advance on overthrow. Stinech hits a two-bagger, scoring Church and Obachira. Leslie Wilson singles. Marshall filed out to left field. Emmelman hits a two-bagger to centre field and Leslie Wilson and Stinech score. Bussanich filed out to centre field. Kirkendale strikes out.

Third inning: Vance's team to bat. Vance thrown out on first. Nakamoto filed out to Kirkendale in left field, and Allen filed out to Welle on second. Stinech's team to bat. Welle singles to left field. Church hits past Unger. Obachira filed out to Unger. Stinech hits another two-bagger to left field and Church and Welle score. Wilson singles and Stinech and Wilson score on Marshall's two-bagger. Emmelman thrown out on first. Marshall scores on Bussanich's hit and Kirkendale draws a safety. Welle hits to Vance forcing Kirkendale on second.

Fourth inning, Vance's team to bat. Edgcombe filed out to Welle on second. Unger filed out to Welle. Santurbane singles to left field and Palmer hits past second but Walters is thrown out on first. Stinech's team to bat. Church single to centre field, Obachira walks. Stinech walks, filling bags. Leslie Wilson hits a two-bagger, scoring Church and Obachira. Stinech steals home. Marshall hits a two-bagger to left field. Emmelman filed out to Edgcombe. Fisher

Canada's Record Casting
The heaviest iron casting of record ever made in Canada, was recently turned out at the Dominion Steel and Coal Corporation's foundry in Sydney, N.S. Finished weight—120,000 lbs. Time required for preparing mould—12 days. Actual pouring of metal required only 12 minutes but 7 days were required to cool the great casting before stripping.

The RECORD SPEAKS for ITSELF

This mighty iron casting constitutes a record in the history of Canada's iron foundries and is a tribute to the development of this great country—while Turret's record of popularity stands unchallenged in the cigarette world due to their quality and mildness.

After all, nothing can replace good honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred".

12 for 15c.
20 for 25c.
—and in flat tins of fifty and one hundred

FIGURES IN SPORT

Glenn S. Warner, Football Coach

Glenn Scobey Warner, when he left Cornell University in 1894 with his bachelor of law degree in his inside pocket, had an ambition to be an oratorical lawyer but, within a few months this 23-year-old son of a Texas rancher was embarked upon a career that was to win him fame as one of the greatest football coaches in the history of the game in the United States.

Warner started his coaching career in his senior year at Cornell when he was captain and guard of the college team. From this beginning the Warner style of play grew into one of the great American football systems and his fundamentals and trick plays are now used wherever the college game is played.

ability to many colleges and universities, his most lasting fame was written into the records of the Carlisle Indian team with which he played the quintuple role of football, baseball, basketball and track coach as well as athletic director. In 1907 the Carlisle football team played Pennsylvania, Princeton, Harvard, Minnesota and Chicago on successive Saturdays and defeated all but Princeton. James Thorpe, reputed to be one of the greatest athletes of all time, owed his success to the track and football training received from Warner at Carlisle. "Chief Bender," former baseball pitcher with the Philadelphia Athletics, was another of Warner's proteges.

In 1914 Warner's reputation was such that he was besieged with offers. He has since been with University of Pittsburgh and Stanford University, and has done much for the football squads of both.

Warner was born at Springville, New York, April 5, 1871. The family moved to a ranch near Wichita Falls, Kansas, when he was a youth.

strikes out and Wilson scores on Bussanich's single. Marshall scores. Fifth inning, Vance's team to bat. Palmer filed out to Marshall on third. Vance thrown out on first. Nakamoto fouled out to Church.

Won Lost Pts.

SPORT CHAT

No official announcement has yet been made in connection with the proposal that the Prince Rupert Basketball Association take a lease for the coming winter on a suitable building and stage league basketball twice a week and evening indoor baseball on two other evenings each week. Indeed, the annual meeting of the Prince Rupert Basketball Association has not yet been called so it could hardly be expected that anything definite should yet materialize.

Those who interested themselves in sports in Prince Rupert in the early days, about twenty years ago, recall that indoor baseball was played here at that time with both success and enthusiasm. There seems to be no reason why it should not be done again and, indeed, it has been advocated more than once in the past in these columns. If indoor baseball could flourish before basketball was ever thought of, it ought to go well jointly in the way that is suggested.

It is quite reasonable to suppose that, if a suitable hall could be obtained elsewhere than at the Fair Building, there might be larger gate receipts. One of the difficulties in the past has been that fans were loath to climb the Acropolis Hill and sit in a cold drafty building on wintry evenings. Thus there have not been enough receipts to finance the games, and not sufficient spectators to make for enthusiasm. The lease of building would also make available adequate practice time.

MARTIN HITS SENSATIONALLY AGAIN AS CARDINALS GO INTO ASCENDANCY IN SERIES

(Continued from page one)

have to win two if they are to retain their title. Although Martin was brilliant in batting, Hallahan, aided by splendid support in the field, had little difficulty in taming the Mackmen.

Waite Hoyt, who started for the Athletics, was chased to the showers in the sixth when Rube Walberg took up the burden. He was relieved by Rommel in the ninth for a pinch-hitter.

The Mackmen, turned back by Hallahan until the seventh, scored their only tally on three hits. In the eighth and ninth they also threatened, but the wanted hit was not forthcoming.

S. Louis started in the first by scoring once when Adams singled and High ran for him. Frank Frisch singled and High made third, scoring on Martin's long fly. In the sixth Frisch slashed out a double and Martin's long four base hit into the right field stands counted for two more runs. In the seventh Watkins singled, stole second and scored on Martin's single. In the ninth the Cardinals added their fifth tally.

Batteries: St. Louis—Hallahan and Wilson Philadelphia—Hoyt and Cochran.

Schooner Wizard Was Forced Back; Sold Catch Today

Yesterday the halibut schooner Wizard was offered 7c and 3c at the local exchange, but the skipper calculated that by the time he had paid exchange on the Canadian money the price was rather low, especially as the other American boats were getting as high as 9c and 10c. Accordingly he refused the bid and left for Seattle. Just off Lawyer Island the boat's engine began to give trouble and it became necessary to return to port for repairs, so the fish was sold this morning on the exchange, fetching half a cent a pound less than yesterday's offer.

PASSING OF CHURCHMAN

(Continued from Page One)

preacher at St. Paul's Cathedral, London, Ont. Five years later he was called to become rector of St. James Church, Stratford, Ont., and in 1903 was appointed Archdeacon of Perth.

He was consecrated Lord Bishop of Huron in 1905 and from that time forward his personality was outstanding in the episcopate of the Church of England in Canada. His interest and activity extended over a wide field.

In 1922 Bishop Williams was decorated by the Chinese government in recognition of famine relief carried on by the Missionary Society of the Church of England in Canada, of which he was chairman. In 1888 he married Miss Albert E. Brewell of London, Ont. There are two sons and two daughters.

Gushful Admirer: "He sings in a manner that is heavenly." Miss Frankness: "I shouldn't say it is exactly heavenly, but I will at least admit that it is unearthly."

Dissatisfaction That Library Is Not Relief Work

Some dissatisfaction was expressed with the aldermen who are members of the library board at the meeting of the board last night because they had not used their influence to secure the erection of a new library building in the unemployment relief program. It was pointed out that there would be a number of mechanics idle during the winter and these would need some help to tide them over a difficult period. It was countered that the mechanics earned good money during the summer and would be expected to provide when work was plentiful for the lean winter months.

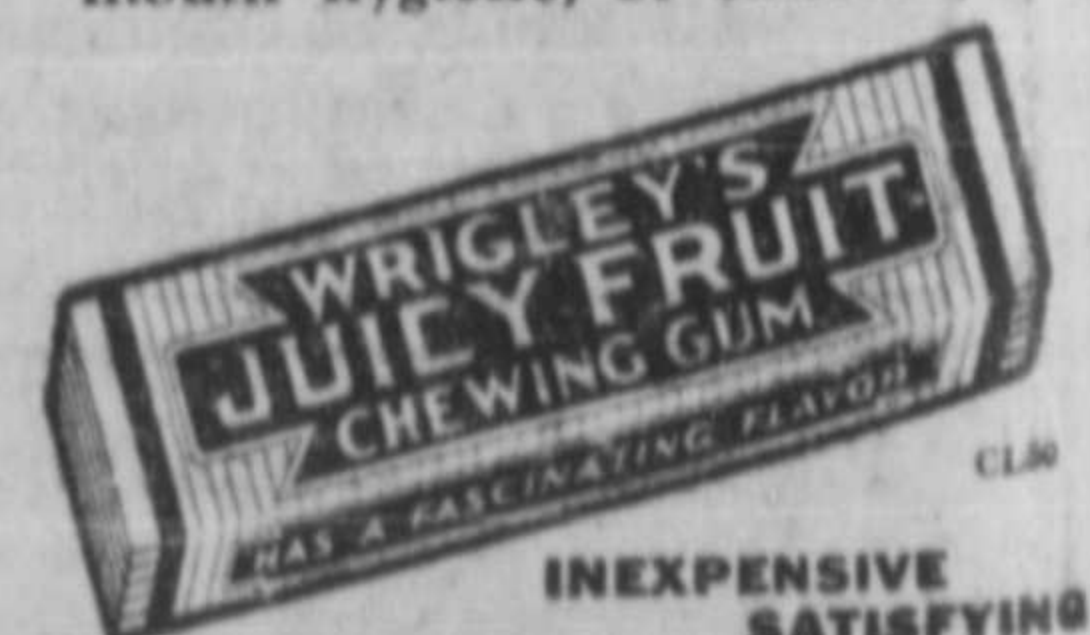

A special department has been created at federal district headquarters in Mexico City for the purpose of protecting foreigners, especially foreign tourists in Mexico, and at the same time making easier the apprehension of foreign criminals.

IMPORTANT NOTICE

Manufacturers Advertisers and Advertising Agents

Look at the Map of British Columbia shown herewith and note that Prince Rupert is the centre of the largest trading area of any city in the Dominion of Canada.

Map of British Columbia.

The Daily News Prince Rupert

is the only daily newspaper attempting to cover this huge area, and the people in it look to that paper for information in regard to possible markets. The nearest Canadian daily newspapers to Prince Rupert are:

- Vancouver, distant 500 miles
- Edmonton, distant 955 miles
- No papers published north or west

The industries in the district include— Halibut Fishing (largest in the world) Salmon Fishing (largest in B. C.) Lumbering, Logging and Mining. Paper Manufacturing.

New Industries are being planned for the district, announcement of which will be made in the near future. A new Hydro-Electric Power Plant has been installed and is now in operation.

No advertising campaign is complete without including

The Daily News

Of Prince Rupert, B. C.

The only A.B.C. paper north of Vancouver and west of Edmonton.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

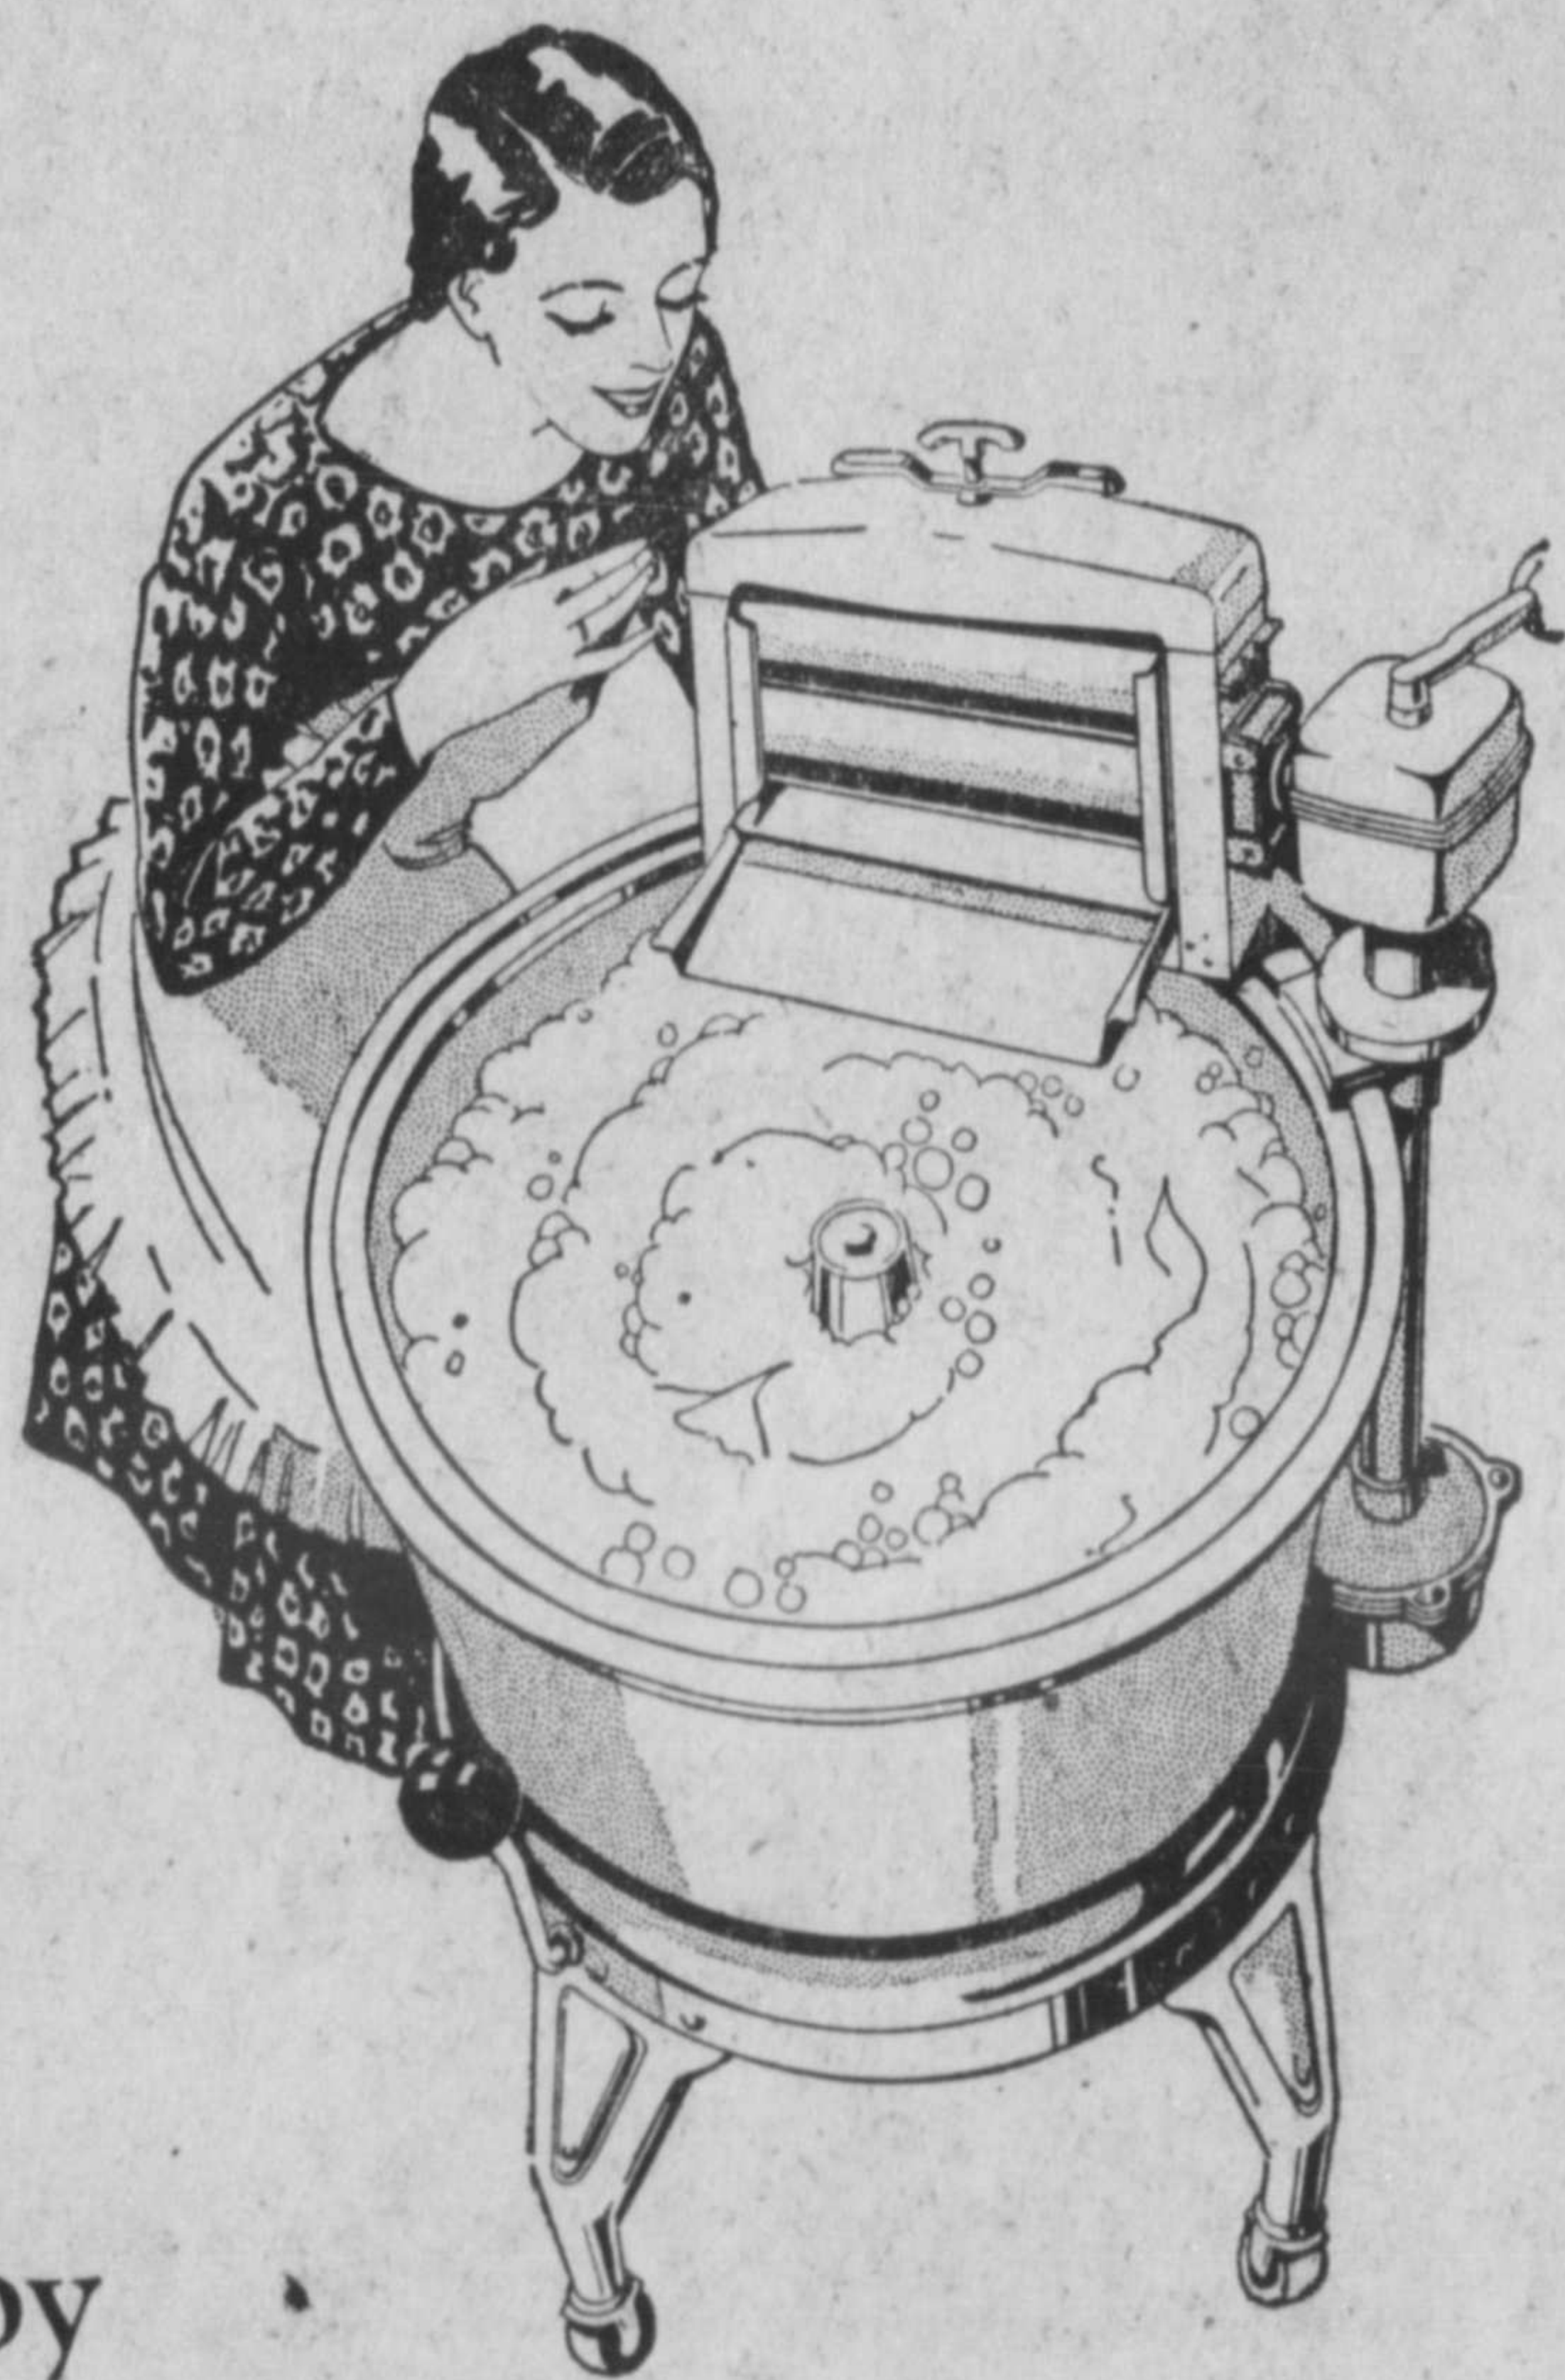

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Father of Former Local Dentist Is Dead in Victoria

The death occurred at Royal Jubilee Hospital in Victoria last Wednesday night of Leonard Tait, sportsman, formerly of this city. Deceased, who was 78 years of age, had lived in Victoria since 1893.

The late Mr. Tait is survived by six sons and three daughters, one of the sons being Dr. E. S. Tait, dentist, who for a number of years practised his profession in Prince Rupert.

Made from the fresh Milk of B.C. Cows

NO WONDER that Borden's St. Charles Milk is so good—every drop comes from selected herds of cows pastured in the famous Fraser Valley, and every tin you buy helps to support a B.C. industry.

You can use Borden's St. Charles Milk whenever a recipe calls for milk, and you will find that it adds a new delicious flavor to your cooking, and a welcome richness to coffee.

FAREWELLED AT TERRACE

Large Gathering in Honor of Mrs Lanfear and Miss French

TERRACE, Oct. 7.—The United Church at Terrace was the scene of a crowded gathering on Monday evening when a farewell meeting was held to say goodbye to Mrs. Lanfear and Miss French and Miss Margaret Lanfear who are leaving at the week-end for England where they propose to reside in future.

Rev. H. T. Allen occupied the chair and welcomed the large number of friends who had assembled for the occasion.

J. K. Gordon expressed the regret of the old timers that Mrs. Lanfear and Miss French were leaving. He remembered meeting them on their arrival in Terrace in 1915 and with others doubted whether they could succeed in farming where many men had failed. But they kept right on and mastered the business until their ranch was now known far and wide.

They had also rendered great service locally in social and church matters and their loss would be very much felt.

Capt. Colthurst also expressed his appreciation of the work done by the departing friends and ventured the thought that they would pine for the big open spaces in the years to come and might even come back again.

Mrs. Dover read a letter conveying the best wishes of the community to the departing friends.

Mrs. Lanfear briefly responded and said she was much surprised at the number of friends who had come to give them a kindly farewell. She recounted some of the difficulties which she and Miss French had had to surmount and expressed great appreciation of the kindly assistance rendered them at all times.

Songs were sung by C. Fint and Rev. H. T. Allen and recitations were given by T. J. Kirkpatrick and A. Attree. Miss Jane Young presided at the organ. Refreshments followed, the kitchen being attended by Mrs. Ross, Mrs. Carr, Mrs. Dover and Mrs. McConnell.

WILSON IS RE-ELECTED

Is Again President of Local Teachers' Federation

The annual meeting of the Prince Rupert Teachers' Federation was held in the Booth Memorial School last evening.

Before proceeding to the election of officers for the ensuing year, the retiring president, J. S. Wilson, reviewed the splendid achievement of the Federation during the past year. He also pointed out that, as the coming year would probably be a memorable one due to the necessity of dealing with the many adjustments to be made in the profession, there was need for even greater co-operation than before among the teachers themselves. In no other profession, perhaps, was the necessity for a recognition of "loyalties" so imperative. He stressed loyalty to one's school, to the staff, to the school board, to the department, and to the Federation. Concluding his remarks with an appreciation of the support rendered him by the executive and other members, he then threw open the meeting for the election of officers for the 1931-1932 term. The following group comprises the officers for the coming year's activities:

- President, J. S. Wilson.
- Vice-president, Miss E. M. Mercer.
- Secretary-treasurer, A. Halloran.
- Executive, Eric Gee, Miss Shiell, Miss L. Halliwell, D. H. Hartness, and H. Gilliland.
- Geographic representative, J. S. Wilson.
- Press correspondent, J. W. Plommer.

Following the election of officers several minor details were discussed and the meeting adjourned for refreshments and a social half hour.

Attendance at the meeting included almost full representation of all the city schools. This seemed to indicate that the local Teachers' Federation would once again achieve one hundred per cent membership.

C. N. R. steamer Prince Rupert, Capt. D. Donald, arrived in port on time at 10:30 this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox and Stewart whence she will return here tomorrow evening southbound.

1932 Atwater Kent Radio Soon To Be Displayed

Golden Value Models
Finest Ever Produced

The new Atwater Kent golden value models, which will be fully announced directly will be distinguished by new low prices for this famous line of radios and will embody many new features and refinements.

Exhaustive experiments and tests were conducted before the new models were considered perfect enough to go into production.

The new advanced superheterodyne circuit will be included in all the 1932 models which will give them a knife-like selectivity that shuts out the unwanted station as if it were silent. Quick-vision dial, finger-tip action station selector and automatic volume control are other valuable features of the new Atwater Kent models.

Cabinets of pleasing symmetry, emphasized by exceptional beauty of design, are finished in genuine No-Mar, and are manufactured by Malcolm & Hill, well-known makers of No-Mar furniture.

Atwater Kent golden value models include two small 'compact' powerful little sets that offer big radio performance in space-saving form. There are also four Console models and a new radio-phonograph combination. The complete range thus offers B.C. buyers a wide selection to meet all tastes and purses.

The new Atwater Kent radio sets will be on display at the showrooms of prominent dealers throughout the province shortly.

Discriminating prospective purchasers are awaiting the appearance of this new line before buying.

Safe Robber Caught Through Milk Bottle

Finger Print Identifies Him

A series of safe robberies in a number of factories had baffled the police for months. The robbers were experts. They never left a trace. They were adepts in avoiding patrolmen, and burglar alarms.

Then they made a slip—they always do. One night the safe in a suburban factory was blown open and \$4,700 in cash and securities stolen. There were no clues. No finger prints were found on the safe.

However, a stenographer noticed that a bottle of milk on an outside platform was minus its cream. A finger print expert "dusted" the bottle and sure enough—a set of five finger prints showed up. One of the robbers had helped himself. At police headquarters the finger prints speedily established his identity. He was soon behind bars awaiting trial.

Your Finger Prints on Food Dangerous to You

This crook knew his finger prints were dangerous to him. He avoided touching anything with bare fingers—until one time he forgot and the penalty for him was arrest and imprisonment. Your finger prints will not send you to prison because you do not commit crimes but they are dangerous to you if you forget that they may be laden with disease germs.

Germes are all about us. We cannot escape them. You clasp hands with people. You touch things that other hands have touched—a door knob, a telephone. Those other hands may have checked a cough or a sneeze and become charged with germs.

How to be Safe

The germs your hands have picked up will get on foods you eat—a candy, a fruit, a biscuit and so into your system, to cause you illness. Colds and flu are most commonly spread this way. Life Extension Institute says germs of 27 diseases may be communicated through the hands.

What can we do to be safe? Wash many times a day and always before a meal with the right soap. No ordinary soap will do. It should be Lifebuoy. It contains a germicide. Laboratory tests have proved that it kills deadly disease germs where other soaps fail.

A Beauty Soap Too

Blended from two wonderful palm oils, Lifebuoy is a beauty soap as well as a germicide. It is a true aid to skin health and to complexion beauty. You too will want to enjoy Lifebuoy every day. Millions do, the world over.

There is no perfume in this luxurious and protective soap—just a safety scent you will learn to like. It vanishes after use. A bath with Lifebuoy's rich, penetrating lather will keep you safe for many hours against body odour.

Children particularly need Lifebuoy's germ-protection. The Lifebuoy bath guards them against infection which may be present in scratches and bruises.

Keep Lifebuoy handy for the family to use. It pays. Get a supply from your dealer today.
