LIFE IN ORIENT

Remarkable Book on Chinese Customs Published

LONDON, Aug. 29.—The ghastly end of a woman bandit leader in China (she was sliced to pieces) is told in a remarkable book just published which gives vivid glimpses of life in the most romantic civil service in the world—the Chinese Maritime Customs.

Some of the foreigners in the customs services married Chinese women. The author points out that white women married to Chinese did not fare so pleasantly. "There were a number of white women married to Chinese round about Canton, and these poor, misguided women could often be seen standing up to their thighs in the muddy rice-fields working like veritable slaves— which, of course, they were."

Some of the Chinese wives of white men appeared to be well able to control their husbands. One Chinese woman horsewhipped her English husband if he came home drunk. Another married to a French man, made her husband buy her a new umbrella every time they quarrelled.

NO BONDS ON MARKET

Prince Rupert Credit Good and Issue This Fall to Cover Local Work Should Sell

There are no Prince Rupert bonds now on the market. The credit of the city is good and there should be no difficulty in marketing the \$100,000 issue proposed for this fall to clear up the local improvement and other work done this summer.

According to Mr. McDermid, the present satisfactory condition of the market for Prince Rupert bonds is due to the action of the city in disposing of the power plant and placing most of the proceeds in the sinking fund to provide for the bonds as they become due.

DAILY EDITION

DOES NORTHERN B.C. EXIST?

Judging from some of the Vancouver newspapers, Northern and Central British Columbia does not exist. There is no such place. One newspaper tells of the proposed trans-Canada highways and suggests three, all of which lead to Vancouver. The highway from Jasper to Prince Rupert is not mentioned.

One of the southern highways already exists but it is proposed to have it brought up to speedy motor transport standards. The second is the official highway with a break between Revelstoke and Golden which is to be connected by the federal government. The third route runs up the North Thompson River to connect with Jasper and Edmonton. Work on this route is to be pushed ahead.

The Vancouver newspapers do considerable business throughout Northern and Central British Columbia. They are keen after that business but they hardly give the people of that part of the country a fair show in return. No slight such as the one mentioned should be passed up without a protest.

EVERYTHING UP TO STANDARD

These are days when people are keen to see that all their neighbors do their duty. The milkmen have been investigated and found to be doing wonderfully well. Milk was awy above standard and higher than in most cities. Next came bread. People wondered if they were getting full weight in their loaf. The local loaves were tested and were found to be full weight with a little on the side of the customer. This is all very satisfactory. Apparently we are getting what we pay for.

EXPORT OF TIMBER

If some local timber can be sold to the Japanese and the provincial government will permit its export, a number of men may be employed in the woods in this neighborhood and the unemployment relief list be cut down considerably. In addition there will be money coming in which otherwise we could not secure.

As soon as something definite is heard from the Japanese, the matter will doubtless be taken up with the government and it is difficult to conceive that they will turn it down. These are unusual times with unusual conditions and unusual lines of conduct are necessary.

BEAUTEQUEST BRIEFS

ELKS, RETAIL MERCHANTS, GYROS ALL CONFIDENT

Commenting upon the reported interview given by Captain Armour about the Rotary Candidate, Fred Stevens says Paul launched their ship with a bit of a splash alright but his crew were without slickers and consequently they are ALL WET. Now, says Fred, the Antlered Herd noted for its fleetness, are speeding along by leaps and bounds and leading the race in the sale of tickets on behalf of their candidate, intending to horn their way through to the finish—and believe it or not ELKDOM will be to the fore. On behalf of the Elks' Beautyquest Committee, Fred issues an invitation to all and sundry to appear at the ball game to be staged on Sunday, August 29 in support of their candidate, and suggests that this includes all committee and supporters sponsoring candidates, even to the Old Mariner who should drop anchor and rotate inland to the Ball Park to really see how tickets should be sold. The fifty smacks—Well the

Fair Board to save time can just hand it over to the Elks' candidate. "We never lose."

John Buiger, heading the Retail Merchants, whose candidate, already officially recognized in the contest is going strong, has this to say: "Handicapped by a number of their members being busy with anniversary, closing-out and bargain sales at the beginning of the contest they were a little slow in starting, but at the finish watch the Merchants. Dealing with the public gives us the edge over the other sponsors when it comes to salesmanship. We cater to the public and you know with them its quality every time, and when it comes to picking a winner—we'll just leave it to me," said John, as he sauntered down the street to sell a few more tickets.

Charlie Mills says his Gyros are doing great team work, and, being gymnastically inclined will turn hand springs over all others. Now this Armour fellow running around tooting his whistle is surely stuck in a fog bank. Our boys know this and are salvaging all the best bets where ticket selling is concerned. Why the only thing bothering the Gyros, remarks Charlie, is where the other fellows will be placed with their candidates when the parade starts to give our winning Gyro candidate a send off at the boat. Now the sale of tickets; well

don't worry we'll put it over in a big way, and, as for Cap. Armour its just too bad, for in the parade its the rumble seat for him.

Mrs. W. J. Wakefield and children, R. F. Perry, Second Avenue, will sail by the Catala tomorrow evening for the past few weeks with Mrs. Wakefield's parents, Mr. and Mrs. in Stewart.

TEAM IS CHOSEN

Executive of Football Association Names Players For Anyox Series

The executive of the Prince Rupert Football Association, at a meeting last night, named the following team to uphold Prince Rupert's honors in the soccer series against Anyox in connection with the exhibition next week:

Goal, Ted Smith.
Right back, M. Watson; left back, D. Jack.

Right half, J. McKay; centre half, E. Webster; left half, S. Currie, captain.

Outside right, George Hill; inside right, Charles Baptie; centre forward, A. E. Dickens; inside left, J. K. Murray, outside left, C. J. Norrington.

H. Douglas was named manager of the Prince Rupert team and J. Johnson referee for Prince Rupert.

Prince Rupert is down two games with 10 to 4 points against the local players as a result of the opening two games of the series in Anyox this week. Prince Rupert, however, will be able to field a stronger team next week and the locals are confident, despite the handicap, of retrieving their fortunes.

J. S. Wilson, manager of the team which visited Anyox, presented a report to the association on the series there.

SPORT NOTES

Brother Bills are looking anxiously at the clouds this afternoon wondering if the Weather Man is going to be kind and let them get in that much-heralded baseball conflict tomorrow afternoon between Married and Single men. There is so much enthusiasm that this game ought to be awfully good—maybe the baseball classic of the year, who knows? Miss Vivian Hickey, fair Beautique candidate of the Elks, will pitch the first ball. We were just wondering whether she confer her favor upon the married or the single men.

Brick Skinner will go in the box to demonstrate his speed for the Single Men. Alex Mitchell will be their burly receiver. For the Benedicts, Fred Stephens has sworn to sling 'em pretty. Reuben Scherk, who, like the rest of married men, is, no doubt, used to having things thrown at him, will be the Married Men's backstop and he will have at least the advantage of knowing about when and where the missile is coming from. All fans present will be expected to purchase an attractive score card which can be kept as a souvenir of an affair which promises to be, indeed, long remembered in sporting annals of Prince Rupert.

JACK GOES OVER BIG

Bowed Over Vancouver Opponents on Exhibition Card Last Night

VANCOUVER, Aug. 29:—Before an excited crowd of 5,000 fans here last night, Jack Dempsey, former world's heavyweight boxing champion, during a four-round exhibition, knocked out big Frank Sawyer of Vancouver less than two minutes after the start of their bout, then floored Tiny Lamar, husky Tacoman, in the second round and pounded Del Wolfe of Bellingham for two rounds.

HAZELTON CONFIDENT

Coach Wickwire Says Ball Team Has Been Victorious Everywhere and Fans Bringing Money

HAZELTON, Aug. 29:—Not since the balmy days of construction in '11, '13 and '14 has Northern B. C. evinced so much interest in baseball. In the good old days the spotlight of the diamond pastime in this northland was focussed upon Hazelton and her stalwart warriors season after season went forth and did battle with all and sundry—with much ill effect upon the said all and sundry. They were credited with victory in every section of the Grand Trunk, from Prince George to Prince Rupert. And now, twenty years later, there seems to be a reincarnation of the battlers of old, and Hazelton appears to be once again coming into its own in the world of baseball. Already the maroon and white ball-tossers have defeated every team as far east as Prince George, and mindful of the saying, "go west, young man, go west," they have cast furtive glances at Prince Rupert with the view to reproducing the wonderful record of their illustrious predecessors of the past generation.

Whether they will be successful or not is the issue to be decided in a three-game series between Hazelton and an all-star Prince Rupert team which will take place at the Prince Rupert Exhibition.

Stern Competition

Mindful of the sternness of the competition to be met in the coast metropolis, Coach Wickwire of Hazelton has built up a smooth working outfit. Further than this, he has put his creation to stringent tests. The team has played as many as six games in a single week, every one in a different place and under varying conditions. On top of this most of the travelling was done by car at night. The result speaks for itself. Hazelton has remained undefeated in its last 14 starts. Many belittle this record by saying that the opposing teams have been weak. This is not true because the brand of baseball played in every town is fairly consistent and it is much faster than it is ever given credit for.

Whatever the outcome of the series might be, Prince Rupert may rest assured that when Hazelton goes into action they will see a team imbued with more than its share of that do or die spirit. More than that, they are crowd pleasers, and the characteristic hustle of the Skeena River boys is that something which sends the fans away satisfied. They even have their own clown along with them, and providing he is in the right mood he certainly will make the crowd that way.

They say that anything can happen, and no doubt it frequently does. The breaks have a lot to do in deciding which way a ball game goes, but providing they get their fair share, Hazelton has a good chance to come out on top in the Rupert fracas. Anyway, there will be plenty of Hazelton fans and Hazelton money down there to say so.

SPARTAN MEETING

Track Competition Planned for Today—Presentation to President

The Spartan Athletic Club held a meeting last night in the Top H. rooms with the president J. W. Plommer, in the chair once more, after an absence of nearly two months. Plans were completed for the track meet which is to be held this afternoon, weather permitting. On the choice of this will depend the choosing of the medley relay team to compete against the C.N.R. Athletic Association on Labor Day.

The president gave his impressions of the High School athletes whom he had seen during his visit in the south and told of conversations which he had had with Duncan McNaughton, the high jump star, and other well-known athletes. He declared that he believed that some of the local boys could make just as good a showing as the Vancouver High School stars if given a really good track and similar advantages with regard to coaching.

Before adjournment of the meeting Phil Edgcombe, on behalf of the members of the club presented to Mr. Plommer a wedding gift of a handsome brass tea stand, in appreciation of his many services to the club and in doing so expressed the wish that the future would bring him and Mrs. Plommer much happiness. The president, taken by surprise, voiced his sincere thanks to the club for the gift.

Meet Postponed

It was announced this afternoon that the meet, scheduled for this evening, had been postponed, on account of rainy weather, and would be held Monday if conditions permit.

District Game Warden T. Van Dyk, with headquarters at Prince George, arrived here on this afternoon's train from Prince George to meet Game Commissioner A. Bryan Williams, who is due here Monday morning on the Princess Louise from Victoria and whom he will accompany on a tour of the interior, leaving next Thursday morning.

M. Valentin returned to the city on this afternoon's train from Vanderhoof where he has been on business in connection with his creamery operations at that point.

Mrs. Carl Johnson and son and daughter, who have been spending the summer at North Bulkley with relatives, returned to the city from the interior on this afternoon's train. While away they had a very enjoyable motor trip to Armstrong, Kamloops and other southern interior points.

Mrs. D. E. Murphy and daughter Miss Marie Murphy, returned to the city on this afternoon's train after a brief visit at Smithers. Miss Murphy is here from her nurses' training duties at St. Joseph's Hospital, Victoria, to spend a vacation with her parents, Conductor and Mrs. Murphy.

PIPE TESTED by an ARTIST

"I smoke a pipe, and in my pipe I smoke Turret, the real pipe tobacco. I like it, and I'll tell you why! It has a flavour and aroma that I like; it is cool smoking, and it burns a long time. These are the qualities I want in a pipe tobacco.

My hand goes to my pocket for my pipe after breakfast; again after lunch; then, in the evening and in between these very special times,—a few other pipefuls as well. I'm a rather heavy smoker—but with Turret pipe tobacco it really makes no difference because there's no bite, no matter how much I smoke."
