## POOL INTENDS TO CONTINUE OPERATION OF ELEVATOR

### Grain Official Hopes Prince Rupert House Will Be More Active

All Will Depend on Conditions Existing in Trade—Plant Has Handled Fifteen Million Bushels in Last Five Years

That the Alberta Wheat Pool has no intention of relinquishing its existing lease on the local Dominion government elevator was the statement of R. D. Purdy of Calgary, general manager of the Pool, in the course of an interview this morning. Mr. Purdy would not commit himself as to what extent the local house might be used in the shipping of grain this year but, nevertheless, expressed the probability that it would be more extensive than in the past two years. All would depend, as it had done in the past, on existing conditions in the trade.

"Our visit in Prince Rupert at this time is in connection with certain details of our grain handling operation at the Rupert terminal and also our intention of completing shipments of our present grain stocks in store during the next 30 days," said Mr. Purdy. "Since my arrival in Prince Rupert, I have been advised as to certain rumors being in circulation that our organization intends to relinquish our interest in the local terminal as soon as shipments of present stocks have been completed. We appreciate the fact that our handling of grain through Rupert over the past two seasons has, no doubt, been disappointing to the people of Prince Rupert but we are of the opinion that our organization is quite capable of utilizing the port of Prince Rupert in the handling of grain over a period of years as any other grain handling organization. On such basis we have no intention of relinquishing our existing lease in connection with Rupert terminal as now in effect with the Dominion government which does not expire until August 33.

### FORTY-ONE ARE DEAD

More Particulars Received of Disastrous Train Fire in Egypt Yesterday

CAIRO, April 30.—Forty-one persons, and not 61 as at first announced, were killed yesterday when the Cairo-Alexandria express train caught fire. The engineer did not notice that his train was on fire but kept driving it at full speed. Many lost their lives while struggling to escape through the coach windows of the fast moving train.

### WAGE CUT BY C.P.R.

Continued Operating Losses Make This Course Necessary, Says Beatty

MONTREAL, April 30.—Owing to marked operating losses of the line all round, both in passenger and freight departments, President E. W. Beatty, K.C., of the Canadian Pacific Railway announced yesterday that there would have to be a cut of ten per cent. in the salaries of all officials and employees of the supervising staffs.

In addition, effective May 1, it has been arranged that, throughout the general offices of the railway company, employees will lay off three days a month without pay. The dividend policy of the company will be considered at the next meeting of the board of directors, it was announced by President Beatty.

### NEW ISSUE OF BONDS

\$250,000,000 Conversion Issue Being Planned, Bennett Announces

OTTAWA, April 30.—Premier R. B. Bennett announced today that the government was preparing plans for a new long term conversion issue for the conversion of part of all issues maturing between now and 1934.

It is understood that the loan will be for approximately \$250,000,000 at 4½% interest.

### Premier Bennett Makes Guarded Announcement In House of Commons

Legislation Can Only be Submitted After Careful Inquiry and Fullest Information Has Been Obtained

OTTAWA, April 30.—The government hopes to submit to Parliament at the earliest possible moment legislation providing for some form of unemployment insurance, Premier R. B. Bennett stated in the House of Commons yesterday. At the same time, the Prime Minister made it clear that such legislation could be submitted only after careful inquiry and the gathering of the fullest information.

### Seattle Plans Great Reception For Seiji Yoshihara, Japanese Aviator, on His Goodwill Flight

SEATTLE, April 30.—A great civic welcome is already being planned for the Japanese Tokyo to San Francisco flyer, Seiji Yoshihara, who is expected to arrive here next month in the course of his flight. Plans for the reception are primarily in the hands of the Japanese Society of Seattle which is asking the co-operation of the city in addition to public and aeronautical bodies of the community.

While the program has not yet been definitely decided upon owing to the uncertainty as to when Yoshihara will arrive and how long he will remain, plans are being made for a public luncheon or dinner in honor of the flyer as well as other form of entertainment. May 13 was tentatively set for the date of Yoshihara's arrival but it is not expected he will arrive by that date.

One of Yoshihara's local countrymen left here yesterday to make arrangements along the British Columbia and Alaska coasts for refuelling the plane of the long distance flyer.

### Vancouver Wheat

VANCOUVER, April 30.—Wheat was quoted on the local exchange today at 59½c.

### STOCKS ADVANCE

NEW YORK, April 30.—The stock market ended a month of declining prices with one of the sharpest advances of the year today as bear traders found themselves pinched and bid actively to cover their short sales. There were numerous gains of \$4 or more and Auburn Motors shot up nearly \$30.

### LOSE LIVES IN CRASH

Two Young Men Killed on Plunging From Height of 8,000 Feet at Brandon

BRANDON, April 30.—William Inak, aged 21, owner of the plane and the son of Col. and Mrs. F. J. Clark of Brandon, and William Britten, aged 27, the pilot of Wawanesa, were instantly killed when a plane crashed from a height of 8,000 feet near the local airrome last night.

### TWO GRAIN BOATS IN

Haxby Arrives This Afternoon and Troutpool Sails For Old Land With Full Cargo

The third steamer to load within the last week or so at the local elevator, the Ropner Line steamer Haxby, arrived in the harbor shortly after 1 o'clock this afternoon and at once took up her berth at the Alberta Wheat Pool's elevator where she will start tomorrow morning to load a full cargo of grain for the United Kingdom or Continent.

The Ropner Line steamer Troutpool, having completed the loading of a full cargo of grain for the United Kingdom or Continent, will sail at 4 or 5 o'clock this afternoon.

Capt. C. W. Wearmouth handled both ships as pilot, bringing the Haxby in and taking the Troutpool out. It was the first time in the last few years that two grain boats had been in the harbor at the same time.

There is no definite word of a fourth which, it is expected, will be coming here before long to load another full cargo.

### Ten Cases For Assizes Here

Five Criminal Hearings, Four Divorce Petitions and One Damage Action Coming Up

In addition to the five criminal cases which were enumerated yesterday, there will be five civil actions at the spring session of the Supreme Court Assizes to be held here next week. Four of the civil cases will be divorce petitions while the fifth will be a damage action in which Carl Halvarson is suing Joe Brown and William White for injuries sustained by his young son a few years ago when he was run down by a taxi car.

Mr. Justice W. A. Macdonald will be the presiding judge at the Assize session here, it is understood. His Lordship, together with other court officials including A. M. Johnston K.C., crown prosecutor for the murder cases, will arrive here on Saturday or Sunday from Vancouver.

**Snagboat May Not Operate This Season**

It is reported here that, in order to curtail expenses, the new snagboat Essington, built at the local dry dock recently, may not be placed in operation at all this summer on the Skeena or Naas Rivers. If the government takes this course, it will be the first season in many years that a snagboat has not been operated on these rivers. Any such proposal will meet with criticism since this necessary work will not be carried out on the rivers and failure to operate the boat will remove employment for several men.

I promised you Bargains. Well, here they are! Space only allows me to list a very few of the thousands I am offering in this wonderful sale. I have started out to completely Reorganize and Modernize the business of Montreal Importers. To do this I have moved it to a new and better location. I have rearranged the entire stock and then have gone through the establishment and marked the price of every article right down to bedrock! Some of these goods are actually priced at 25% less than cost! Former selling prices and cost marks have been disregarded. I have cut everything down to below present-day values, and feel certain that at the price quoted each and every item is an actual Bargain Value. This is all new and saleable merchandise. But the stock is overloaded in nearly all lines, while some few lines are short and broken. Therefore I am going to **SELL** every item!

And when I say "Sell," I mean **SELL!!** I have just come from Vancouver, where the greatest sales in the history of that city are now under way, and can truthfully assure you that, at the prices I have marked these goods, they make those southern sales look like Pikers! Remember, I am in absolute charge. I **MAKE THE PRICES!** I do not ask you to take my word, when I say I am offering you the Greatest Bargains you have ever seen! All I ask is that you read these prices, come into the store, shop around, see the "Value-plus" prices, plainly marked on every article. If you will do this, I am certain you will convince yourself that this is truly a sale from which history will be dated!

## LETTER BOX

### PROSPERITY

Editor, Daily News:—

I note per your editorial remarks that the business element of this city has regained its normalcy, and that we shall in the near future be like Alexander the Great, looking for new worlds to conquer. I trust sincerely that you have read the horscope right, for contrary to some suggested opinions, I desire nothing better than prosperity, if it is mutually dispensed.

At the risk of offense by continued repetition, I would say that this city will not climb to Pisgah's heights, unless the proposed prosperity has its origin in the workers, and then the business element in its turn will benefit accordingly. It appears to me to be foolish to erect any superstructure, without laying a sure foundation.

I presume that because the old established fish buyers of this city are in the saddle once more, it is considered in certain quarters, that the promised land lies just around the corner, and considerable propaganda has been engineered to bring this about. I desire to remark, however, on a matter which is brought to my notice as secretary of the Northern B. C. Salmon Fishermen's Association, by members of that organization, who unfortunately are compelled to view the immediate horizon, and discern clouds that are blissfully invisible to you.

Salmon which brought eighteen cents per pound on the fishing grounds in former years bring only nine cents per pound at the present

## cereal in soups? Yes!

JUST sprinkle in some Kellogg's Rice Krispies next time you have soup. Adds the flavor of toasted rice. Delicious!

Rice Krispies are the "different" cereal. So crisp they crackle in milk or cream. Wonderful for breakfast, lunch or supper. Order a red-and-green package. At grocers. Made by Kellogg in London, Ontario.

time, and for the consumer's information, who purchases the Friday dinner, let it be known that the fishermen on the fishing grounds get this nine cents per pound for the best grade of red spring salmon, while the consumer pays in the retail stores of this city 25 cents per pound, regardless of the grade, providing it is red in color. (I have at the moment of writing verified this retail price per telephone.)

One hundred and seventy-five per cent is rather a large spread between producer and consumer, and yet you cheerfully advise the public to patronize home industries.

To add to this already heavy burden of the fisherman, I might add that the old established buyer, who we are all glad to welcome once more, is milking the fisherman drier than ever, by charging three cents more for gasoline than it can be bought for, by the consumer in Prince Rupert. The cost of conveyance of gasoline to the fishing grounds has in past years, never been more than two cents per gallon, and has more frequently been one and one-half, and one cent.

It is thus evident that the proverbial fly still contaminates the ointment and that the potential prosperity may be only a veneer, and not the genuine article.

SECRETARY,  
N.B.C. Salmon Fishermen's Ass'n.

Clever cartoons having as their subject the recent marketing situation here have been drawn by J. Freedstad, a local fisherman, and presented to the Daily News. Considerable talent is shown in the drawing.

## Ranger Company Is Being Formed

Senior Organization in Connection With Girl Guides Movement Being Organized

An enthusiastic meeting was held in the I. O. D. E. Hall last night to extend the Girl Guides movement in this city by the organization of a Ranger Company under the auspices of the Imperial Order, Daughters of the Empire.

This branch of the Girl Guides corresponds with the Rover branch of the Boy Scouts and is intended for all young women over the age of sixteen. Its chief objects are, recreation and public service for which the Guide training prepares its members. However, one does not need to have been a Guide in order to become a Ranger.

Members of the I. O. D. E. Girl Guides Association present at last night's meeting were Mrs. John Manson, regent of Municipal Chapter, Mrs. H. L. Landry, Mrs. J. A. Teng and Mrs. C. J. Norrington.

Charles Boeking, president and general manager of the Granby Consolidated Mining, Smelting & Power Co., after a visit to Anyox, will be a passenger aboard the Prince George this evening bound from the smelter town to Vancouver.
